REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees of the

Crescent Real Estate Equities, Ltd. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Crescent Real Estate Equities, Ltd. 401(k) Plan as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Crescent Real Estate Equities, Ltd. 401(k) Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. Description of the Plan continued

Participant Accounts

Each participant account is credited with the participant s contributions and allocations of (a) the Company s contributions and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

Forfeited Accounts

Forfeiture balances are held in a forfeiture account for twelve months, after which forfeiture balances attributed to the Company s matching contributions can be applied to pay expenses under the Plan. Forfeitures not used to pay expenses shall be applied to reduce future Company contributions. Forfeitures during the years ended December 31, 2006 and 2005, were \$34,675 and \$43,073, respectively. Forfeitures used to pay plan expenses for the years ended December 31, 2006 and 2005, were \$264 and \$4,596, respectively. Company forfeitures used to reduce Company contributions for the years ended December 31, 2006 and 2005, were \$38,064 and \$18,746, respectively.

Vesting

The participant s voluntary contributions to the Plan plus actual earnings or losses thereon are fully vested at all times. The participant s share of the Company s matching contributions and earnings or losses thereon vest in accordance with the following schedule:

| Number of | |
|--------------------|------------|
| Completed Years of | Vesting |
| Service | Percentage |
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |

1. Description of the Plan continued

Participant Loans

Participants may borrow from their fund accounts, a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are available to all participants. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years or a reasonable period of time greater than five years for the purchase of a principal residence. The loans are secured by the balance in the participant s account and bear interest at the prime rate listed in the *Wall Street Journal* plus 2%. The interest rate must be one that a bank or other professional lender would charge for making a loan in a similar circumstance. The interest rates at December 31, 2006 and 2005 were 10.25% and 9.00%, respectively. Principal and interest have a defined repayment period, which provides for payments to be made not less frequently than quarterly.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant or designated beneficiary is entitled to receive in a lump sum the value of the participant s vested interest in his or her account as defined by the Plan. Payment shall be made as soon as practicable following the participant s normal retirement date, disability, termination of employment or death, as the case may be.

Payment of benefits to participants with balances less than \$5,000 will be made in a lump-sum distribution. As of December 31, 2006 and 2005, there were no unpaid benefit payment requests.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Table of Contents

CRESCENT REAL ESTATE EQUITIES, LTD. 401(K) PLAN NOTES TO FINANCIAL STATEMENTS (continued)

2. Summary of Significant Accounting Policies continued Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in investment contracts through a collective trust. As required by the FSP, the Statement of net assets available for benefits reflect the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan s investments are stated at fair value as of the end of the Plan year. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The Company shares are valued using quoted prices. Participant loans are valued at cost, which approximates fair value.

The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan s investments are generally subject to market or credit risks customarily associated with debt and equity investments.

Certain funds in which the Plan invests utilize various investment strategies including the use of derivative investments. Derivatives are used to hedge against currency and interest rate fluctuations. Derivative investments underlying the funds are stated at fair market value. The Plan s exposure is limited to the fund(s) utilizing such derivative investments.

Contributions

Contributions from the participants and the Company are accrued in the period in which they are deducted in accordance with salary deferral agreements and become obligations of the Company, as determined by the Plans Administrator.

2. Summary of Significant Accounting Policies continued

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. To the extent possible, Plan administrative costs are paid by any available forfeitures. Any remaining expenses will be paid by the Company (See Note 6). These administrative expenses are not reflected in the accompanying financial statements. Under the terms of the Plan, the Plan is not responsible for reimbursing the Company for any fees paid by the Company.
