PROXY STATEMENT

YOUR VOTE IS VERY IMPORTANT PLEASE SEND IN YOUR PROXY AS SOON AS POSSIBLE SO THAT YOUR SHARES CAN BE VOTED AT THE MEETING IN ACCORDANCE WITH YOUR INSTRUCTIONS, WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING OF SHAREHOLDERS IN PERSON. THIS PROXY STATEMENT DESCRIBES THE MATTERS TO BE VOTED ON AND CONTAINS SPECIFIC INSTRUCTIONS TO FACILITATE YOUR VOTING.

Your Board of Directors is soliciting proxies for a Special Meeting of Shareholders of Synergy Technologies Corporation to be held on February 18, 2002. We are distributing this Proxy Statement to shareholders on or about January 10, 2001.

SOME QUESTIONS AND ANSWERS

WHAT AM I BEING ASKED TO VOTE ON?

You are being asked to vote on:

- (1) Ratification of an amendment to our Articles of Incorporation to increase the number of shares of common stock we are authorized to issue to 100,000,000 shares.
- (2) The adoption and ratification of the 2002 Stock Option Plan; and
- (3) Your grant of a proxy will also confer on the holders of the proxy authority to vote in their best judgment on any other matters that may properly come before the meeting.

HOW DOES THE BOARD OF DIRECTORS RECOMMEND THAT I VOTE ON THE PROPOSALS?

The Board recommends a vote FOR the amendments to the Articles of Incorporation to increase the number of shares of common that we are authorized to issue; and FOR ratification of the 2002 Stock Option Plan.

WHO IS ENTITLED TO VOTE?

You are entitled to vote if you were the owner of shares of our common stock at

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

the close of business on December 28, 2001, the record date for voting. This includes (1) shares held on that date directly by you as the shareholder of record and (2) shares held on that date for your account as beneficial owner by a broker, bank or other nominee.

WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

4

If the shares are registered directly in your name on the records maintained by our transfer agent, American Stock Transfer & Trust Company, you are the shareholder of record of those shares and we are sending the proxy materials directly to you. As the shareholder of record, you are entitled to vote these shares in person at the meeting or to designate a proxy to vote for you. We have enclosed a proxy card to permit you to instruct the proxy holder on how to vote your shares. If your shares are held in a brokerage account or by a bank or other nominee, those shares are registered on the records maintained by the transfer agent in the name of the broker, bank or other nominee. The broker, bank or other nominee shares held like that are frequently referred to as being held in "street name." If your shares are held in street name, the broker, bank or other nominee is the holder of record and will get the proxy materials from us in sufficient quantities to pass on a set to you. You, as the beneficial owner, have the right to direct the broker, bank or other nominee on how to vote and you are invited to attend the meeting if you want to. Nevertheless, if you do attend, you will be entitled to vote only if the record holder of these shares appoints you as its proxy. Your broker, bank or other nominee has enclosed a voting instruction card so that you can give instructions on how to vote your shares.

HOW DO I VOTE?

Shareholders may vote their shares at the Special Meeting either in person or by proxy. Since many shareholders may be unable to attend the meeting in person, we send to all shareholders of record cards that permit them to designate proxies to represent them at the meeting and to direct the designated proxies on how to vote. Brokers, banks and nominees also send cards to beneficial owners to permit them to provide instructions as to how they wish their shares to be voted.

HOW DO I VOTE BY MAIL?

Shareholders of record who wish to vote by mail should complete the enclosed proxy card to indicate their voting instructions and then sign, date and mail the proxy card in the postage-paid envelope provided. Beneficial owners may direct their vote by mail by completing, signing and returning the voting instruction card provided by their broker, bank or nominee.

HOW DO I VOTE AT THE SPECIAL MEETING?

We will pass out ballot papers to any shareholder of record who wants to vote in person at the Special Meeting rather than by proxy. If you hold your shares through a broker, bank or nominee, you must obtain a proxy from that institution to enable you to vote in person at the meeting.

WHOM AM I DESIGNATING AS MY PROXY?

You will be designating Marc Cernovitch, our Vice President, and Kelly Warrack, our Secretary/Treasurer, as proxies to vote your shares in accordance with your instructions. Alternatively, a shareholder has the right to appoint a person to

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

attend and act for him on his behalf at the Meeting other than the persons named in the enclosed Instrument of Proxy. To exercise this right a shareholder shall strike out the names of the persons named in the Instrument

5

of Proxy and insert the name of his nominee in the blank space provided, or complete another Instrument of Proxy. The completed Instrument of Proxy should be deposited with its registrar and transfer agent, American Stock Transfer & Trust Company, at 59 Maiden Lane, New York, NY 10038, fax to (718) 921-8145, or with the offices of the Company at 335 25th Street SE, Calgary, Alberta T2A 7H8, fax to (403) 290-1257, at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays and holidays.

HOW WILL MY PROXY VOTE MY SHARE?

The designated proxies will vote according to your instructions as indicated on the proxy card. If you sign your proxy card but do not indicate voting instructions on one or more of the business matters listed, the proxies will vote all uninstructed shares in accordance with the recommendations of the Board.

MAY I REVOKE MY PROXY?

You may revoke or amend your proxy, in addition to revocation in any other manner permitted by law, in any one of the following ways:

(1) By attending the Special Shareholders Meeting in person, revoking your proxy at that time and either voting the shares yourself or appointing a new person to act as your proxy; or

(2) By signing a Proxy bearing a later date and forwarding it to the company at the address of its principal offices located at 335 25th Street SE, Calgary, Alberta T2A 7H8, Canada. Any such new proxy must be postmarked no later than February 6, 2002 and must be received by the Company by February 12, 2002; or

(3) By sending a letter to the company at its principal offices located at 335 25th Street SE, Calgary, Alberta T2A 7H8, Canada signed by each of the registered shareholders indicating the shareholder's intention to revoke or amend the proxy. If you intend to amend the proxy, please advise us as to the exact amendments you wish to make. Letters intended to revoke or amend a proxy must be postmarked no later than February 6, 2002 and must be received by the Company by February 12, 2002.

HOW MANY SHARES CAN VOTE?

As of the record date, we had issued and outstanding 33,835,843 shares of common stock. The holders of these shares are each entitled to one vote for each share held.

HOW MANY SHARES NEED TO BE REPRESENTED FOR THE MEETING TO CONDUCT BUSINESS?

The meeting can conduct business only if the holders of a majority of the shares outstanding on the record date are present at the meeting in person or by proxy. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares present and entitled to be voted. Broker non-votes,

however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Generally, a broker will not vote shares that it holds for a beneficial owner for or against a particular proposal if (1) the broker has not received voting instructions from the beneficial owner and (2) under the rules applicable to the broker it is not allowed to vote on the particular proposal without voting instructions.

HOW MANY VOTES ARE NEEDED FOR MATTERS TO BE ADOPTED AT THE MEETING?

The matters to be voted on will be declared adopted if they receive the affirmative vote of a majority of the shares present or represented at the meeting.

IS CUMULATIVE VOTING ALLOWED IN THE ELECTION OF DIRECTORS?

No. Each share is entitled to one vote in the election of directors as on every other matter.

WHO WILL COUNT THE VOTES?

Your Corporate Secretary or an inspector appointed specifically for the Meeting will count the votes unless a shareholder present at the meeting requests count by inspectors of election, in which event the Chairman of the meeting will appoint two inspectors, who may but need not be shareholders, to effect the count.

WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

The Chairman will announce the results of the meeting. In addition, we will publish them on our web site - www.synergytechnologies.com - and in our annual report on Form 10-KSB for the 2001 fiscal year that we expect to file with the SEC by March 31, 2002.

WHO WILL BEAR THE COST OF SOLICITING VOTES FOR THE MEETING?

The Company will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to mailing these proxy materials, our directors and officers, who will not receive any additional compensation for their soliciting activities, may seek to contact shareholders by telephone or other electronic means. We will also reimburse brokers, and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred by them in forwarding proxy materials to shareholders.

MAY I PROPOSE ACTIONS FOR CONSIDERATION AT FUTURE SHAREHOLDER MEETINGS, INCLUDING DIRECTOR NOMINATIONS?

You may submit proposals for consideration at future shareholder meetings, including director nominations.

PROPOSALS:

In order for a shareholder proposal to be considered for inclusion in the proxy

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

statement for our next year's Annual Meeting, our Corporate Secretary must receive the written proposal by no later than March 31, 2002. Any such proposal will need to comply with SEC regulations regarding the inclusion or shareholder proposals in company-sponsored proxy materials. You may also move the adoption of proposed resolutions from the floor at the Annual Meeting, but then you should not expect proxies to vote in favor of it.

NOMINATIONS OF DIRECTOR CANDIDATES:

You may suggest director candidates for consideration by our Board. Any such suggestion should be addressed to our Corporate Secretary. You may also make a director nomination from the floor at the Annual Meeting, but then you should not expect proxies to be voted in favor of your nominee.

COMMON STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

At December 21, 2001, there were 33,835,843 shares of common stock outstanding.

The following table tells you, as of December 21, 2001, about:

- o Each beneficial owner of more than 5% of our common stock;
- o Beneficial ownership of shares of our common stock by each of our current directors and officers; and beneficial ownership of shares of our common stock by all of our directors and officers as a group.

For the purpose of this table, the beneficial ownership of a person includes shares as to which that person has sole or shared voting or investment power as well as shares that the person has the right to acquire within 60 days (such as upon conversion of convertible securities or exercise of warrants or options) from December 21, 2001. For the purpose of calculating the ownership percentages, we have considered to be outstanding both the total number of shares actually outstanding on December 21, 2001 and the total number of shares that the named people then had the right to acquire within 60 days.

ITEM OF BUSINESS NO. 1
 PROPOSAL TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION
 TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK OF THE COMPANY
 AND A CLASS OF PREFERRED STOCK

Your Board of Directors has adopted a resolution to amend our Articles of Incorporation, subject to the approval of the shareholders, to increase the number of shares of common stock the company is authorized to issue from 50,000,000 shares to 100,000,000 shares of common stock

As of December 21, 2001, there were 33,835,843 outstanding shares of Common Stock and 16,164,157 shares of common stock remain authorized for issuance. As of the date of this Proxy Statement, we are obligated to issue 9,492,380 additional shares of common stock pursuant to the terms of certain agreements to which we are party.

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

Your Board of Directors has no specific plans at this time to issue any additional shares of common stock, however, one can foresee some situations in which it might become advantageous to do so. For example:

12

- o We may wish to raise additional capital for our operations through the sale of common stock. Since the inception of our technology development operations in 1999, we have been able to fund our operations by selling shares of common stock. Our current capital reserves will permit us to continue operating through the third quarter of 2002. Thereafter, assuming we are not generating revenues from business activities in an amount sufficient to support our operations, we will have to fund further operations through the sale of capital stock, .
- o We may wish to compensate officers and consultants by issuing them shares of common stock, a practice in which we have engaged in the past. As the shareholders are aware from reading our financial reports, because we have so far generated only limited revenues, we have been required to pay for some of our expenses, such as compensation of officers and consultants, in shares of our common stock. We may continue the practice of paying officers and consultants in shares of common stock and, therefore, would be required to maintain a sufficient number of authorized but unissued shares for such purpose.
- o We may be required or find it advantageous to issue shares of common stock in connection with transactions that may be beneficial to us, including an acquisition of technology.

Approval of the amendment to the Articles of Incorporation to increase the number of shares of common stock authorized to issue is important to our company because the relatively small remaining number of authorized shares of common stock that we currently are permitted to issue (6,671,777 shares), will impair our ability to enter into transactions that may be beneficial to us, including raising capital through the sale of equity; whereas, after the amendment we will be able to issue 56,671,777 additional shares of common stock..

Accordingly, an amendment to the Articles of Incorporation that increases the total number of shares available for issuance would afford the corporation flexibility in several key areas.

It is for these reasons that your Board of Directors believes that it is a good idea to amend our Articles of Incorporation as described herein and have some authorized but unissued common shares available.

The additional shares of common stock to be authorized for issuance upon the adoption of the amendment would possess rights identical to the currently authorized common stock. The holders of common stock are entitled to one vote for each share held of record on all matters to be voted on by the stockholders. All voting is on a non-cumulative basis. The holders of common stock do not have any preemptive rights, conversion rights, or applicable redemption or sinking fund provisions. The amendment to authorize the issuance of additional shares of common stock will not have any effect on the par value of the common stock.

If the shareholders approve the recommended amendment to our Articles

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

of Incorporation, it would have the effect of authorizing the Board of Directors to issue the

13

additionally authorized shares without further action by the shareholders, except as may be required in a specific case by applicable law or the regulations of any exchange on which our outstanding shares are listed. The issuance of additional shares of common stock could reduce existing shareholders' percentage ownership and voting power in Synergy and, depending on the transaction in which the shares are issued, could affect the per share book value or other per share financial measures. The availability of additional shares of common stock could discourage, or make more difficult, efforts to obtain control of the company.

If approved by the shareholders, the amendment of the Articles of Incorporation will become effective upon the filing of Articles of Amendment with the Department of Corporations of the State of Nevada.

YOUR BOARD URGES A VOTE FOR THE AMENDMENT OF THE ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK THE COMPANY IS AUTHORIZED TO ISSUE FROM 50,000,000 SHARES TO 100,000,000 SHARES.

VOTE REQUIRED

To be approved and go into effect, the amendment of the Articles of Incorporation to increase the authorized capital stock of Synergy Technologies Corporation requires the affirmative vote of A MAJORITY OF THE NUMBER OF SHARES ISSUED AND OUTSTANDING ON THE RECORD DATE.

ITEM OF BUSINESS NO. 2 ADOPTION OF 2002 STOCK OPTION PLAN

By resolution dated December 14, 2002, the Board of Directors adopted the 2002 Stock Option Plan to take effect on January 1, 2002, subject to the approval of the stockholders.

Description of 2002 Stock Option Plan.

The following is a brief summary of the 2002 Stock Option Plan (the "Plan"), which the Board of Directors believes to be desirable to attract and retain executive and other key employees of outstanding ability; options under the Plan may also be granted to directors, advisors and consultants. We have attached a copy of the Plan as Appendix A to this proxy statement.

The 2002 Stock Option Plan authorizes the issuance of statutory and non-statutory options to purchase up to 10,000,000 shares of our common stock.

The Plan is administered by the Board, which may empower a committee to administer the Plan. The Board is generally empowered to interpret the Plan, prescribe rules and regulations relating thereto, determine the terms of the option agreements, amend them with the consent of the optionee, determine the individuals to whom options are to be granted, and determine the

14

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

number of shares subject to each option and the exercise price thereof. The per share exercise price for options granted under the Plan is determined by the Board, provided that the exercise price of incentive stock options will not be less than 100% of the fair market value of a share of the common stock on the date the option is granted (110% of fair market value on the date of grant of an incentive stock option if the optionee owns more than 10% of our common stock). Upon exercise of an option, the optionee may pay the purchase price with previously acquired securities of the Company.

Options will be exercisable for a term determined by the Board, which will not be greater than ten years from the date of grant and five years in the case of incentive stock options except that an Incentive Stock Option granted to the beneficial owner of more than 10% of the outstanding shares of our common stock shall expire, to the extent that it has not theretofore been exercised, at the close of business five (5) years from the date of grant. Options may be exercised only while the original grantee has a relationship with us which confers eligibility to be granted options or within three months after termination of such relationship with us, or up to one year after death or total and permanent disability. In the event of the termination of such relationship between the original grantee and us for cause, as defined in the Plan, all options granted to that original optionee terminate immediately. In the event of certain basic changes in the Company, including a reorganization, merger or consolidation of the Company, or the purchase of shares pursuant to a tender offer for shares of our common stock, in the discretion of the Board or administering committee, each option may become fully and immediately exercisable. Incentive stock options are not transferable other than by will or the laws of descent and distribution. Non-qualified stock options may be transferred to the optionee's spouse or lineal descendants, subject to certain restrictions. Options may be exercised during the holder's lifetime only by the holder, his or her guardian or legal representative.

Options granted pursuant to the Plan may be designated as incentive stock options ("ISO"), with the attendant tax benefits provided under Sections 421 and 422 of the Internal Revenue Code of 1986. Accordingly, the Plan provides that the aggregate fair market value determined at the time an ISO is granted of the common stock subject to incentive stock options exercisable for the first time by an employee during any calendar year under all our plans may not exceed \$100,000. The Board may modify, suspend or terminate the Plan; provided, that certain material modifications affecting the Plan must be approved by the shareholders, and any change in the Plan that may adversely affect an optionee's rights under an option previously granted under the Plan requires the consent of the optionee.

Federal Income Tax Information

The following is a general summary as of the date of this proxy statement of the federal income tax consequences to the Company and Participants under the 2001 Stock Option Plan. Federal tax laws may change and the federal, state and local tax consequences for any Participant will depend upon his or her individual circumstances. Each Participant has been and is encouraged to seek the advice of a qualified tax advisor regarding the tax consequences of participation in the 2002 Stock Option Plan.

Edgar Filing: SYNERGY TECHNOLOGIES CORP - Form PRES14A

Incentive Stock Options. A Participant will recognize no income upon grant of an incentive stock option and incur no tax on its exercise (unless the Participant is subject to the alternative minimum tax as described below). If the Participant holds shares acquired upon exercise of an incentive stock option for more than one year after the date the option was exercised and for more than two years after the date the option was granted, the Participant generally will realize capital gain or loss (rather than ordinary income or loss) upon disposition of the shares. This gain or loss will be equal to the difference between the amount realized upon disposition and the amount paid for the shares.

If the Participant disposes of shares acquired upon exercise of an incentive stock option prior to the expiration of either required holding period (a "disqualifying disposition"), the gain realized upon disposition, up to the difference between the fair market value of the shares on the date of exercise (or, if less, the amount realized on a sale of the shares) and the option exercise price, will be treated as ordinary income. Any additional gain will be capital gain, taxed at a rate that depends upon the amount of time the shares were held by the Participant.

Alternative Minimum Tax. The difference between the fair market value of the shares acquired upon exercise of an incentive stock option on the date of exercise and the exercise price is an adjustment to income for purposes of alternative minimum tax. Upon a sale of shares that is not a disqualifying disposition, alternative minimum taxable income is reduced in the year of sale by the excess of the fair market value of the shares acquired upon exercise of an incentive stock option at exercise over the amount paid for the shares.

Nonqualified Stock Options. A Participant will not recognize any taxable income at the time a nonqualified stock option is granted. However, upon exercise of a nonqualified stock option, the Participant must include in income as compensation an amount equal to the difference between the fair market value of the shares on the date of exercise and the participant's exercise price. The included amount must be treated as ordinary income by the Participant and may be subject to withholding by the Company. Upon resale of the shares by the Participant, any subsequent appreciation or depreciation in the value of the shares will be treated as capital gain or loss.

Maximum Tax Rates. The maximum federal tax rate applicable to ordinary income is 39.6%. Long-term capital gain is taxed at a maximum federal rate of 20%. To receive long-term capital gain treatment, the stock must be held for more than one year.

Tax Treatment of the Company. The Company generally will be entitled to a deduction in connection with the exercise of a nonqualified stock option by a Participant or the receipt of restricted stock or stock bonuses by a Participant to the extent that the Participant recognizes ordinary income, provided that the Company timely reports the income to the Internal Revenue Service. The Company will be entitled to a deduction in connection with the disposition of shares acquired upon exercise of an incentive stock option only to the extent that the Participant recognizes ordinary income on a disqualifying disposition of the shares.
