Table of Contents**PROXY STATEMENT****Introduction**

The enclosed proxy is solicited by the Board of Directors of Weyco Group, Inc. for exercise at the annual meeting of shareholders to be held at the offices of the Company, 333 West Estabrook Boulevard, Glendale, Wisconsin 53212, at 10:00 A. M. (Central Daylight Time) on Tuesday, April 26, 2005, or any adjournment thereof.

On January 31, 2005, the Company's Board of Directors approved a 2-for-1 split of the Company's Common Stock and Class B Common Stock, without a change in par value of either class. The stock split will be distributed April 1, 2005 to shareholders of record on February 16, 2005. All share and per share amounts in this Proxy Statement have been adjusted to reflect the 2-for-1 split.

Any shareholder delivering the form of proxy has the power to revoke it at any time prior to the time of the annual meeting by filing with the Secretary of the Company an instrument of revocation or a duly executed proxy bearing a later date or by attendance at the meeting and electing to vote in person by giving notice of such election to the Secretary of the Company. Proxies properly signed and returned will be voted as specified thereon. The proxy statements and the proxies are being mailed to shareholders on approximately March 25, 2005.

The Company has two classes of common stock entitled to vote at the meeting: Common Stock with one vote per share and Class B Common Stock with ten votes per share. As of February 16, 2005, the record date for determination of the common shareholders entitled to notice of and to vote at the meeting or any adjournment thereof, there were outstanding 8,911,930 shares of Common Stock and 2,600,620 shares of Class B Common Stock.

Table of Contents**Election of Directors**

A majority of the votes entitled to be cast by outstanding shares of Common Stock and Class B Common Stock (considered together as a single voting group), represented in person or by proxy, will constitute a quorum at the annual meeting.

Directors are elected by a plurality of the votes cast by the holders of the Company's Common Stock and Class B Common Stock (voting together as a single voting group) at a meeting at which a quorum is present. Plurality means that the individuals who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker nonvote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a larger number of votes. Votes against a candidate are not given legal effect and are not counted as votes cast in an election of directors. Votes will be tabulated by an inspector at the meeting.

The persons who are nominated as directors and for whom the proxies will be voted and all continuing Directors are listed below. If any of the nominees should decline or be unable to act as a Director, which eventuality is not foreseen, the proxies will be voted with discretionary authority for a substitute nominee designated by the Board of Directors. There are no family relationships between any of the Company's directors and executive officers, except that Thomas W. Florsheim, Jr. and John W. Florsheim are brothers and their father is Thomas W. Florsheim.

Composition of the Board of Directors

The Board of Directors currently has six members. The Articles of Incorporation and Bylaws of the Company provide that there shall be seven directors. On January 31, 2005, Virgis Colbert resigned as a Director of the Company. To comply with Nasdaq regulations the Board of Directors intends to appoint a replacement director to fill his remaining term (through 2006) before the Annual Meeting of Shareholders on April 26, 2005. The number of directors may be increased or decreased from time to time by amending the applicable provision of the Bylaws, but no decrease shall have the effect of shortening the term of an incumbent director.

Meetings

The Board of Directors held four meetings during 2004. During the period in 2004 in which they served, all members of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which they served. The Company's policy is that its Directors attend annual meetings of the shareholders. All Board members then in office attended the annual meeting of Weyco shareholders held on April 27, 2004, except Virgis Colbert. In accordance with rules of the Nasdaq Stock Market, beginning in 2004 and at least once each year, Weyco's independent directors had and will have regularly scheduled meetings at which only independent directors are present.

Director Independence

Each year the Board reviews the relationships that each director has with the Company. Only those directors who the Board affirmatively determines have no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and who do not have any of the categorical relationships that preclude a determination of independence under the Nasdaq listing standards, are considered to be independent directors. In accordance with the applicable Nasdaq rules, the Board has determined that the following directors qualify as independent directors: Robert Feitler, Leonard J. Goldstein, and Frederick P. Stratton, Jr. The Board concluded that none of these directors possessed the categorical relationships set forth in the Nasdaq standards that preclude a determination of independence, and that none of them have any other relationship that the Board believes would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. Members of the Audit Committee comprise only directors who have been determined to be independent. Because of their relationships with Weyco, Messrs. Thomas W. Florsheim, Thomas W. Florsheim, Jr. and John Florsheim have not been deemed to be independent directors.

Shareholder Communications with the Board

Shareholders wishing to communicate with the Board of Directors or with a particular Board member should address communications to the Board or to a particular Board member, c/o Secretary, Weyco Group, Inc., 333 West Estabrook Boulevard, Glendale, Wisconsin 53212. All communications addressed to the Board or to a particular Director or Committee will be relayed to that addressee. From time to time, the Board may change the process through which shareholders communicate with the Board or its members. Please refer to the Company's website at www.weycogroup.com for changes in this process.

Shareholder Recommendation or Nomination of Director Candidates

The principal functions of the Corporate Governance and Compensation Committee are: (1) to assist the Board by identifying individuals qualified to become members of the Board and its Committees, and recommend to the Board the director nominees for the next annual meeting of shareholders; (2) to recommend to the Board the corporate governance guidelines applicable to the Company, including changes to those guidelines as appropriate from time to time; (3) to lead the Board in its periodic reviews of the Board's performance; (4) to establish, subject to approval of the full Board, compensation arrangements for the Company's executive officers; (5) to administer the Company's

stock option and other compensation plans, and approve the granting of stock options to officers and other key employees of the Company and its subsidiaries; and (6) to communicate to shareholders regarding these policies and activities as required by the SEC and other regulatory bodies. In carrying out its responsibilities regarding director nominations, the

Table of Contents

Corporate Governance and Compensation Committee has set guidelines and criteria to determine eligibility for nominees to the Board of Directors of Weyco Group, Inc., as follows:

The Committee will review each candidate's qualifications in light of the needs of the Board and the Company, considering the current mix of director attributes and other pertinent factors (specific qualities and skills required will vary depending on the Company's specific needs at any point in time).

There will be no differences in the manner in which the Committee evaluates candidates recommended by shareholders and candidates identified from other sources.

Any nominee should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others.

Any nominee should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director.

Any nominee should possess substantial and significant experience which would be of value to Weyco Group in the performance of the duties of a director.

Any nominee should have sufficient time available to devote to the affairs of Weyco Group in order to carry out the responsibilities of a director.

To recommend a candidate, shareholders should write to the Corporate Governance & Compensation Committee, Weyco Group, Inc., P. O. Box 1188, Milwaukee, WI 53201, via certified mail. Such information should include the candidate's name and address, a brief biographical description and statement of qualifications of the candidate and the candidate's signed consent to be named in the proxy statement and to serve as a director if elected.

To be considered by the Committee for nomination and inclusion in the Company's proxy statement, the Committee must receive shareholder recommendations for directors no later than October 15 of the year prior to the Annual Meeting of Shareholders.

From time to time, the Board may change the process through which shareholders may recommend director candidates to the Corporate Governance and Compensation Committee. The Company has not received any shareholder recommendations for director candidates with regard to the election of directors covered by this Proxy Statement or otherwise.

EXECUTIVE COMMITTEE

The Executive Committee is empowered to exercise the authority of the Board of Directors in the management of the business and affairs of the Company between meetings of the Board, except for declaring dividends, filling vacancies in the Board of Directors or committees thereof, amending the Articles of Incorporation, adopting, amending or repealing Bylaws and certain other matters. No meetings were held in 2004.

CORPORATE GOVERNANCE

The Company is committed to conducting its business with the highest standards of business ethics and in accordance with all applicable laws, rules and regulations, including the rules of the Securities and Exchange Commission and of The Nasdaq Stock Market on which its common stock is traded. In addition to Nasdaq rules and applicable governmental laws and regulations, the framework for the Company's corporate governance is provided by: (a) the Company's Articles of Incorporation and Bylaws; (b) the charters of its board committees; and (c) the Company's Code of Business Ethics.

The Corporate Governance and Compensation Committee establishes compensation arrangements for senior management and administers the granting of stock options to officers and other key employees of the Company and its subsidiaries. Four meetings were held in 2004. The charter of the Corporate Governance and Compensation

Committee is attached to this proxy statement as Appendix A.

Code of Business Ethics

The Company's Code of Business Ethics sets forth ethical obligations for all employees, officers and directors, including those that apply specifically to directors and executive officers, such as accounting and financial reporting matters. Any waiver of the Code of Business Ethics requires approval of the Board of Directors or of a committee of the Board. A copy of the Company's Code of Business Ethics is available, free of charge, in print to any shareholder upon request to Secretary, Weyco Group, Inc., 333 West Estabrook Boulevard, Glendale, Wisconsin 53212. If any substantive amendment is made to the Code, the nature of the amendment

will be discussed on the Company's website or in a current report on Form 8-K. In addition, if a waiver from the Code is granted to an executive officer or director, the nature of the waiver will be disclosed in a current report on Form 8-K.

Report of Corporate Governance and Compensation Committee on Executive Compensation

On January 31, 2005, the Corporate Governance and Compensation Committee met to establish executive officers salaries for 2005 (effective January 1, 2005). The CEO's salary was set at \$482,000 and the COO's salary was set at \$414,500. Neither one of these executive officers received stock options in 2004.

The Committee also approved a bonus to the CEO & COO of \$150,000 each and bonuses totaling \$250,000 to the other executive officers.

No stock options were granted in 2004 to any executive officer of the Company.

This report is submitted by the members of the Corporate Governance and Compensation Committee.

AUDIT COMMITTEE

The Audit Committee of the Board of Directors is responsible for providing independent oversight of the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function and the annual independent audit of the Company's financial statements. The Board of Directors adopted and approved a formal written charter for the Audit Committee in 2000 and amended that charter in March 2004. A copy of the current charter of the Audit Committee is attached as Appendix B to this Proxy Statement. The Board of Directors has determined that each of the members of the Audit Committee (Frederick P. Stratton, Jr., Robert Feitler and Leonard Goldstein) is independent, as defined in the current listing standards of The Nasdaq Stock Market and the SEC rules relating to audit committees. This means that, except in their roles as members of the Board of Directors and its committees, they are not affiliates of the Company, they receive no consulting, advisory or other compensatory fees directly or indirectly from the Company, they have no other relationships with the Company that may interfere with the exercise of their independence from management and the Company, and they have not participated in the preparation of the financial statements of Weyco or any of its current subsidiaries at any time during the past three years. In addition, the Board of Directors has determined that each Audit Committee member satisfies the financial literacy requirements of The Nasdaq Stock Market and that Robert Feitler and Frederick P. Stratton, Jr. qualify as audit committee financial experts within the meaning of applicable rules of the Securities and Exchange Commission.

Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the Company's audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee reviewed with the independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61.

In addition, the Committee has discussed with the independent registered public accounting firm their independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, Standard No. 1, and considered the compatibility of non-audit services with the independent registered public accounting firm's independence.

The Committee discussed with the Company's independent registered public accounting firm the overall scope and plan for their audit. The Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held three meetings during 2004.

Table of Contents**Pre-Approval Policy**

Consistent with the rules of the Securities and Exchange Commission regarding the independent registered public accounting firm's independence, the Audit Committee has responsibility for appointing, setting compensation for, and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the following provision is included in the Audit Committee's charter: The Audit Committee shall ... approve in advance the audit and permitted non-audit services to be provided by, and the fees to be paid to, the independent auditor, subject to the de minimus exceptions to pre-approval permitted by the rules of the SEC and Nasdaq for non-audit services. No fees were paid to the independent registered public accounting firm pursuant to the de minimus exception to the foregoing pre-approval policy.

Report of Audit Committee

In connection with its function to oversee and monitor the financial reporting process of the Company, the Audit Committee has done the following (among other things):

reviewed and discussed the audited financial statements for the year ended December 31, 2004 with the Company's management;

discussed with Deloitte & Touche LLP, the Company's independent registered public accounting firm, those matters required to be discussed by SAS 61, as amended (Codification of Statements on Auditing Standards, AU §380); and

received the written disclosure and the letter from Deloitte & Touche LLP required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committee) and has discussed with Deloitte & Touche LLP, its independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2004.

Audit and Non-Audit Fees

The Audit Committee also reviewed the fees and scope of services provided to the Company by Deloitte & Touche LLP, independent registered public accounting firm, for the years ended December 31, 2004 and December 31, 2003, as reflected in the following table.

	2004	2003
Audit Fees(a)	\$ 192,148	\$ 115,100
Audit-Related Fees(b)	\$ 12,000	\$ 14,400
Tax Fees(c)	\$ 9,445	\$ 31,278
All Other Fees	0	0
Total	\$ 213,593	\$ 160,778

- (a) Audit fees consisted of fees for professional services performed by Deloitte & Touche LLP for the audit of the Company's financial statements and review of financial statements included in the Company's Form 10-Q filings, and services that are normally provided in connection with statutory or regulatory filings or engagements. These fees also include Deloitte & Touche LLP's audit of the Company's internal controls and management's assessment thereon in accordance with Section 404 of the Sarbanes Oxley Act of 2002.
- (b) Audit-related fees consisted of the audit of certain employee benefit plans.
- (c) Tax fees consisted of fees for professional services performed by Deloitte & Touche LLP with respect to tax compliance, tax advice, and tax planning.

The Audit Committee considered the compatibility of the provision of the foregoing permitted non-audit services by Deloitte & Touche LLP with the maintenance of Deloitte & Touche LLP independence and concluded that such services were at all times compatible with maintaining that firm's independence.

Notes:

- (1) Value is calculated based on the difference between the option exercise price and the closing market price of the Common Stock on the date of exercise multiplied by the number of shares to which the exercise relates.
- (2) The fair market value of the Company's Common Stock at December 31, 2004 was \$21.88 (average of high (\$22.20) and low (\$21.57) trade). Value was calculated on the basis of the difference between the option exercise price and \$21.88 multiplied by the number of shares of Common Stock underlying the option. As discussed earlier, all share and per share amounts in this proxy statement have been adjusted to reflect the 2-for-1 stock split effective February 16, 2005. The fair market value of \$21.88 was also adjusted to reflect the 2-for-1 split.

Pension Plans

The Company maintains a defined benefit pension plan for various employees of the Company, including salaried employees. The Company also maintains an unfunded excess benefits plan so that participants in the defined benefit pension plan may receive pension benefits which they would otherwise be prevented from receiving as a result of certain limitations of the Internal Revenue Code.

Table of Contents

The following table shows estimated annual benefits payable at normal retirement under the general plan formula to persons whose normal retirement age is 65 in specified earnings and years-of-service classifications. Amounts in excess of \$118,800 or based on income in excess of \$205,000 are payable pursuant to the excess benefits plan.

The plans provide for normal retirement at age 65 and provide for reduced benefits for early retirement beginning at age 55. Pension benefits are payable as a straight life annuity and are calculated under a formula which is integrated with Social Security, although the amounts determined under the formula are not reduced by Social Security benefits or other offsets. The normal retirement benefit is based on (i) the highest average earnings for any 5 consecutive years during the 10 calendar years ending with the year of retirement, (ii) length of service up to 25 years and (iii) the highest average covered compensation for Social Security purposes. Earnings covered by the plan are generally defined as wages for purposes of federal income tax withholding and therefore include the value realized upon the exercise of non-qualified stock options and other minor items in addition to those included in the above Summary Compensation Table as Salary. Years of credited service under the plans for the individuals described in the above Summary Compensation Table are as follows: James Gorman 25; Peter Grossman 25; Thomas Florsheim, Jr. 23; John W. Florsheim 11; John Wittkowske 11.

The foregoing describes the general formula under the defined benefit plan and related excess benefits plan as revised in 1997. Those salaried employees who were covered in the plans on January 1, 1989 are provided with the higher of the benefits described above or a minimum benefit based on a prior formula through the defined benefit plan, the unfunded excess benefits plan described above and an unfunded deferred compensation plan. The normal retirement benefit under the prior formula is based on the highest average earnings for any 5 consecutive years during the 10 calendar years preceding retirement and length of service up to 25 years. Minimum benefit amounts are not subject to any deduction for Social Security benefits. Earnings covered by this formula are the same as those shown in the above Summary Compensation Table as Salary.

The following table shows estimated annual benefits payable under the prior formula upon normal retirement to persons in specified earnings and years-of-service classifications. Amounts in excess of \$118,800 or based on income in excess of \$205,000 are payable pursuant to the excess benefits plan and the deferred compensation plan.

Compensation of Directors

Directors of the Company who are not also employees of the Company or subsidiaries receive a quarterly retainer of \$1,875. In addition, they receive \$1,000 for each Board or Committee meeting attended, except that for each additional meeting attended on the same day the compensation is \$500.

On December 28, 2000, Chairman of the Board, Thomas W. Florsheim, entered into a consulting agreement with the Company under which he would act as advisor to the Company in connection with the Company's acquisition and sales of products and materials. In accordance with this agreement, Thomas W. Florsheim was paid \$14,400 in 2004.

Employment and Deferred Compensation Agreements and Related Party Transactions

The Company has entered into employment contracts with Thomas W. Florsheim, Jr. and John W. Florsheim whereby, for services to be rendered, their employment will be continued until December 31, 2007, at salary levels to be determined and reviewed periodically. These contracts provide, among other things, that a lump sum amount equal to slightly less than three times his base amount compensation (as defined in Section 280G of the Internal Revenue Code) will be paid to Thomas W. Florsheim, Jr. and John W. Florsheim, respectively, as severance pay, in the event the Company terminates his employment without cause or he terminates his employment following a change in control of more than 15% of the shares of the Company, the replacement of two or more directors by persons not nominated by the Board of Directors, any enlargement of the size of the Board of Directors if the change was not supported by the existing Board of Directors, a merger, consolidation or transfer of assets of the Company, or a substantial change in his responsibilities. In the event Thomas W. Florsheim, Jr. or John W. Florsheim is prevented from performing his duties by reason of permanent disability, his normal salary will be discontinued and a disability salary of \$344,250 per annum for Thomas W. Florsheim, Jr. and \$284,625 per annum for John Florsheim will be paid until December 31, 2007. Also, in the event Thomas W. Florsheim, Jr. or John W. Florsheim dies prior to the termination of his employment under the contract, a death benefit equal to his salary at the annual rate being paid to him at the date of death will be paid to a designated beneficiary for a three-year period. As of January 1, 2005, Thomas W. Florsheim's, Jr. annual salary is \$482,000 and John W. Florsheim's annual salary is \$414,500.

The Company entered into deferred compensation agreements with both Thomas W. Florsheim and Robert Feitler under which each of them, or their designated beneficiaries in the event of their death, would be entitled to a deferred compensation benefit of \$180,000 per year for twenty years upon reaching age 65 while employed by the Company, payable commencing upon retirement from employment by the Company or at death.

On December 1, 1995, the Board of Directors, with Mr. Florsheim and Mr. Feitler abstaining, approved the amendment of the deferred compensation agreements between the Company and Mr. Florsheim and Mr. Feitler. The amended agreements accelerate the payments which would have been made under the previous agreements, under certain circumstances. During 2004, Mr. Feitler's entire balance of \$1,471,183 was paid, and in February 2005 the Company paid Mr. Florsheim his remaining balance of \$1,592,414.

The Company has change of control agreements with two executives, John Wittkowske and Peter Grossman. These contracts provide that a lump sum equal to slightly less than three times his base amount of compensation (as defined in Section 280G of the Internal Revenue Code), calculated with respect to the 3 taxable year period ending before the date the change of control occurs, will be paid as severance pay in the event of a change of control. The change of control agreements define a change of control as an event in which:

- (1) more than 25% of the voting power of the outstanding stock of the Company is directly or indirectly controlled by a person or group of persons other than the members of the family of Thomas W. Florsheim and their descendents or trusts;
- (2) the Company consolidates or merges with another corporation or entity which is not a wholly owned subsidiary of the Company unless such consolidation or merger is approved by the Board of Directors when the majority of the Directors are persons who have been nominated by the Board of Directors or the Florsheims;
- (3) all or substantially all of the operating assets of the Company have been sold;

(4) the majority of the existing members of the Board of Directors have been replaced by persons not nominated by the Board of Directors or the Florsheims; or

(5) Section 2 of Article III of the Company's Bylaws is amended to enlarge the number of directors of the Company if the change was not supported by the existing Board of Directors or the Florsheims.

The Company previously had a change of control agreement with Jim Gorman, an executive officer of the Company, who retired February 28, 2005.

PROPOSED 2005 EQUITY INCENTIVE PLAN

On November 1, 2004, the Board of Directors of the Company adopted the Weyco Group, Inc. 2005 Equity Incentive Plan (the "2005 Plan"), subject to approval of the shareholders at the 2005 annual meeting. All amounts in the description below and in the copy of the 2005 Plan that is attached as Appendix C have been adjusted to reflect the 2-for-1 split of the Common Stock effective February 16, 2005.

The purposes of the 2005 Plan are to provide a means to attract and retain talented personnel and to provide to participating directors, officers and other salaried employees long-term incentives for high levels of performance and for successful efforts to improve the financial performance of the corporation. The 2005 Plan permits the grant of stock options to purchase common stock of the Company, restricted stock, restricted stock units and performance shares. For purposes of the 2005 Plan, "restricted stock" means shares of Common Stock which are subject to restrictions established by the Committee described below. A "restricted stock unit" means an award granted to an individual to issue shares of Common Stock in the future if specific conditions established by the Committee are satisfied. In the case of an award of performance shares, the Committee sets performance goals in its discretion which, depending on the extent to which they are met over the performance period, will determine the number of performance shares ultimately paid out to the grantee in the form of shares of Common Stock which have a fair market value equal to the value of the earned performance shares. The aggregate awards under the 2005 Plan are limited to a maximum of 1,000,000 shares of Common

Table of Contents

Stock in the aggregate, subject to appropriate adjustments in the event the Company, among other things, declares a stock dividend, stock split, or similar change affecting the Common Stock. For example, if performance shares are issued with respect to 400,000 shares of Common Stock, then only 600,000 shares will remain available for the purpose of making other awards under the 2005 Plan. No individual may receive grants covering, in the aggregate, more than 90,000 shares in any calendar year, including options, grants of restricted stock, restricted stock units and performance shares. A copy of the 2005 Plan is annexed hereto as Appendix C. The following description of the 2005 Plan is qualified in its entirety by reference to the complete text set forth in Appendix C.

Vote Required for Plan

The 2005 Plan is being submitted to the shareholders for approval in order to satisfy applicable SEC, NASDAQ and Internal Revenue Code requirements. Shareholder approval enables the Company to take tax deductions for awards paid to an executive officer of the Company whose annual compensation exceeds \$1 million. Holders of Common Stock are entitled to one vote per share with respect to the approval of the 2005 Plan, and holders of Class B Common Stock are entitled to ten votes per share. The affirmative vote of the holders of shares representing a majority of the voting power of shares of Common stock and Class B Common stock (voting together as a single class) represented at the annual meeting, in person or by proxy, is required for approval of the 2005 Plan. Broker nonvotes will have no effect with respect to the approval of the 2005 Plan, but any abstention will have the same effect as a no vote. The 2005 Plan will not become effective if it is not approved by shareholders.

The Board of Directors Recommends a Vote FOR Approval of the 2005 Plan.

Principal Features of the Equity Incentive Plan

The 2005 Plan will be administered by a committee (the Committee) designated by the Company's Board of Directors and constituted to permit the Plan to comply with applicable provisions of Rule 16b-3 under the Securities Exchange Act of 1934 (or any successor rule) and Section 162(m) of the Code. It is intended that at all times the Committee will be comprised solely of Directors who are both: (i) Non-Employee Directors, as defined in Rule 16b-3; and (ii) Outside Directors, as defined in Treas. Reg. 1.162-27. The Committee will initially be the Corporate Governance and Compensation Committee of the Board.

Options may be incentive stock options (ISOs) or non-qualified stock options (NSOs); provided, however, that incentive stock options will only be granted to individuals who are employed by the Company or a parent or a subsidiary corporation of the Company. The exercise price for any option will not be less than one hundred percent of the fair market value of the shares on the date of grant, provided that employees owning more than 10% of the voting power of all classes of Company stock are ineligible to receive ISOs unless the exercise price is at least 110% of the Fair Market Value on the date the option is granted and the option expires no later than five years after it is granted. The exercise price may be paid in cash or (if approved by the Committee) in shares of Common Stock beneficially owned for at least 6 months at the time of exercise by the optionee or the optionee's spouse or both. The Fair Market Value on the date of an option grant of shares with respect to which ISOs are first exercisable during any calendar year will not exceed \$100,000.

Each option granted under the 2005 Plan will be evidenced by a stock option agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Each stock option agreement will state the period or periods of time within which an option may be exercised, as determined by the Committee. No option may be exercised more than ten years from the date of grant. Unless otherwise specified by the Committee, no option granted under the 2005 Plan will be transferable or assignable except by last will and testament or the laws of descent and distribution. During the optionee's lifetime, options will be exercisable only by the optionee or by the optionee's guardian or personal representative.

Shares of restricted stock or restricted stock units may be issued either alone or in addition to other awards granted under the 2005 Plan. The Committee determines the individuals to whom and the times at which grants of restricted stock or restricted stock units will be made, the number of shares to be awarded, the time or times within which such awards may be subject to forfeiture or the conditions upon which shares of Common Stock may be granted, and any other terms and conditions of the awards. Such grants may be conditioned upon the attainment of specified performance goals or other criteria determined by the Committee, and the provisions of restricted stock awards and restricted stock unit awards need not be the same with respect to each recipient. The specified performance goals are

based on the attainment of goals relating to one or more of the following business criteria measured on an absolute basis or in terms of growth or reduction: net income (pre-tax or after-tax and with adjustments as stipulated), earnings per share, return on equity, return on capital employed, return on assets, return on tangible book value, operating income, earnings before depreciation, interest, taxes

Table of Contents

and amortization (EBDITA), loss ratio, expense ratio, increase in stock price, total shareholder return, economic value added, and operating cash flow.

Shares of restricted stock will be subject to the terms and conditions set forth in Section 14 of the 2005 Plan. Until the applicable restrictions lapse, a grantee will not be permitted to transfer or encumber shares of restricted stock, but will have all of the rights of a shareholder, including the right to vote the shares and the right to receive dividends with respect thereto. A grantee of an award of restricted stock units, by contrast, will not be deemed the holder of any shares of Common Stock covered by the award, and will not have any rights as a shareholder with respect thereto, until the underlying shares of Common Stock are issued to him or her. Unless otherwise provided in the applicable Restricted Stock Agreement, all shares still subject to restriction will be forfeited upon termination of a grantee's employment for any reason unless the Committee determines to waive such restrictions in the event of hardship or other special circumstances of a grantee whose employment is terminated (other than for cause).

Awards of performance shares may also be made under the 2005 Plan to directors, officers and salaried employees at any time and from time to time. Each performance share has an initial value equal to the fair market value of a share of Common Stock on the date of grant. The Committee is authorized to set performance goals in its discretion which, depending on the extent to which they are met during a specified performance period, will determine the number of performance shares that will be paid out to grantees. After the applicable performance period has ended, the grantee is entitled to receive a payout based on the number of performance shares earned over the performance period, to be determined as a function of the extent to which the corresponding performance goals have been achieved. The payout is required to be made in a single lump sum within 45 days following the close of the performance period, in the form of shares of Common Stock which have an aggregate fair market value equal to the value of the earned performance shares at the close of the performance period. Performance shares may not be sold, pledged or transferred, other than by will or by the laws of descent and distribution, and may be exercised during the grantee's lifetime only by the grantee or the grantee's legal representative.

If the Company is dissolved or liquidated, or in the event of a merger or consolidation in which the Company is not the surviving corporation or a sale or exchange of substantially all of the assets of the Company for cash or securities of another corporation, all awards will be deemed fully vested, exercised and or payable, as the case may be, and in lieu of any other transfer of shares, cash or other property, grantees will receive an amount of cash equal to the amount which would otherwise have been attained as a result of such deemed vesting, exercise and/or payment event. In the event of a change of control as defined in the plan, all awards will become immediately vested and in the case of options exercisable and in the case of restricted stock units and performance shares payable upon the later of the date the change in control occurs or six months after the date the respective award was granted.

Awards may be granted under the 2005 Plan at any time prior to the tenth anniversary of the date that the 2005 plan is approved by the Company's shareholders. On that date, the 2005 Plan will expire, except as to awards then outstanding, which will remain in effect until the options have been exercised, the restrictions on restricted stock have lapsed or the awards have expired or have been forfeited. No awards are expected to be granted pursuant to the 2005 Plan before the 2005 Annual Meeting of Shareholders, and no allocations have been made to any person or group of persons. The 2005 Plan may be terminated at any time by the Board of Directors except with respect to any awards then outstanding. The Board of Directors may amend the 2005 Plan from time to time, but no such amendment may impair without the grantee's consent any previously granted award or deprive any grantee of any shares of stock acquired through the 2005 Plan, or be made without shareholder approval where such approval would be required as a condition of compliance with Rule 16b-3 under the Securities Exchange Act of 1934.

Certain Federal Income Tax Consequences of the 2005 Plan

The following is a brief summary of the Company's understanding of the principal income tax consequences under the Internal Revenue Code (the Code) of grants or awards made under the 2005 Plan based upon the applicable provisions of the Code in effect on the date hereof.

Nonqualified Stock Options.

An optionee will not recognize taxable income at the time an NSO is granted. Upon exercise of the NSO, an optionee will recognize compensation income in an amount equal to the difference between the exercise price and

the fair market value of the shares on the date of exercise. The amount of such difference will be a deductible expense to the Company for tax purposes. On a subsequent sale or exchange of shares acquired pursuant to the exercise of an NSO, the optionee will recognize a taxable gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of such shares. The tax

Table of Contents

basis will, in general, be the amount paid for the shares plus the amount treated as compensation income at the time the shares were acquired pursuant to the exercise of the option.

When the NSO exercise price is paid in Delivered Stock, the exercise is treated as: (a) a tax-free exchange of the shares of Delivered Stock (without recognition of any taxable gain with respect thereto) for a like number of new shares (with such new shares having the same basis and holding period as the old); and (b) an issuance of a number of additional shares having a fair market value equal to the spread between the exercise price and the fair market value of the shares for which the NSO is exercised. The optionee's basis in the additional shares will equal the amount of compensation income recognized upon exercise of the NSO and the holding period for such shares will begin on the day the optionee acquires them. This mode of payment does not affect the ordinary income tax liability incurred upon exercise of the NSO described above.

Incentive Stock Options.

An optionee will not recognize taxable income at the time an ISO is granted. Further, an optionee will not recognize taxable income upon exercise of an ISO if the optionee complies with two separate holding periods: shares acquired upon exercise of an ISO must be held for at least two years after the date of grant and for at least one year after the date of exercise. However, the difference between the exercise price and the fair market value of the stock at the date of exercise will constitute an item includible in alternative minimum taxable income, and thereby may subject the optionee to the alternative minimum tax. When the shares of stock received pursuant to the exercise of an ISO are sold or otherwise disposed of in a taxable transaction, the optionee will recognize a capital gain or loss, measured by the difference between the exercise price and the amount realized.

Ordinarily, an employer granting ISOs will not be allowed any business expense deduction with respect to stock issued upon exercise of an ISO. However, if all of the requirements for an ISO are met except for the holding period rules set forth above, the optionee will be required, at the time of the disposition of the stock, to treat the lesser of the gain realized or the difference between the exercise price and the fair market value of the stock at the date of exercise as ordinary income and the excess, if any, as long-term or short-term capital gain, depending upon the holding period of the shares. (If the amount realized upon such disposition is less than the exercise price, the loss will be treated as long-term or short-term capital loss, depending upon the holding period of the shares.) The Company will be allowed a corresponding business expense deduction to the extent of the amount of the optionee's ordinary income.

Restricted Stock.

A grantee receiving a restricted stock award will generally recognize ordinary income in an amount equal to the fair market value of the stock at the time the stock is no longer subject to forfeiture. While the restrictions are in effect, the grantee will recognize compensation income equal to the amount of any dividends received and the Company will be allowed a deduction for that amount. A grantee may elect, under Section 83(b) of the Code, within 30 days of the stock grant to recognize taxable ordinary income on the date of grant equal to the excess of the fair market value of the shares (determined without regard to the restrictions) on such date over the amount, if any, paid for such shares. The Company will generally be entitled to a deduction equal to the amount that is taxable as ordinary income to the grantee in the year that such income is taxable.

The holding period to determine whether the grantee has long-term or short-term capital gain or loss on a subsequent sale of the stock generally begins when the restriction period expires and the tax basis for such shares will generally be based on the fair market value of the shares on such date. However, if the grantee has made an election under Section 83(b), the holding period will commence on the date of grant and the tax basis will be equal to the fair market value of shares on such date (determined without regard to the restrictions).

Table of Contents

Restricted Stock Units and Performance Shares.

An individual who has been granted restricted stock units or performance shares will not recognize taxable income until the applicable award cycle expires and the individual is in receipt of the stock distributed in payment of the award, at which time such individual will realize compensation income equal to the full fair market value of the shares delivered. The Company is generally entitled to an income tax deduction for any compensation income taxed to the grantee.

A copy of the 2005 Incentive Equity Plan is attached hereto as Appendix C and should be read in its entirety by the shareholders.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE FOR ADOPTION OF THIS PROPOSAL.

Independent Registered Public Accounting Firm

It is expected that Deloitte & Touche LLP, the Company's independent registered public accounting firm for 2004, will be selected for 2005 by the Board of Directors immediately following the annual meeting of shareholders. A representative of Deloitte & Touche LLP is expected to be present at the annual meeting of shareholders with the opportunity to make a statement if so desired and such representative is expected to be available to respond to appropriate questions.

Method of Proxy Solicitation

The entire cost of solicitation of proxies will be borne by the Company. The officers of the Company may solicit proxies from some of the larger shareholders, which solicitation may be made by mail, telephone, or personal interviews; these officers will not receive additional compensation for soliciting such proxies. Request will also be made of brokerage houses and other custodians, nominees and fiduciaries to forward, at the expense of the Company, soliciting material to the beneficial owners of shares held of record by such persons.

Other Matters

The Company has not been informed and is not aware that any other matters will be brought before the meeting. However, proxies will be voted with discretionary authority with respect to any other matters that properly may be presented to the meeting.

Shareholder Proposals

Shareholder proposals must be received by the Company no later than November 24, 2005, in order to be considered for inclusion in next year's annual meeting proxy statement. In addition, a proposal submitted outside of Rule 14a-8 will be considered untimely, and the Company may use discretionary voting authority for any proposal that may be raised at next year's annual meeting unless the proponent notifies us of the proposal not later than February 9, 2006.

The members of the Committee shall be appointed from time to time by, and shall serve at the discretion of, the Board of Directors. 4.4 *Decisions Binding.* All determinations and decisions made by the Committee pursuant to the provisions of the Plan and all related orders or resolutions of the Board of Directors shall be final, conclusive, and binding on all persons, including the Corporation, its stockholders, employees, Plan participants, and their estates and beneficiaries.

5. Option Participation.

Options may be granted to directors, officers and salaried employees of the Corporation and any of its Subsidiaries; provided, however that a maximum of 1,000,000 shares of Common Stock may be issued pursuant to the exercise of Incentive Stock Options. In selecting the individuals to whom Options shall be granted, as well as in determining the number of Options granted, the Committee shall take into consideration such factors as it deems relevant to accomplish the purposes of the Plan. A Grantee may, if he is otherwise eligible, be granted an additional Option or Options if the Committee shall so determine.

6. Granting of Options.

The officers of the Corporation are authorized and directed, upon receipt of notice from the Committee of the granting of an Option, (or other Award), to sign and deliver on behalf of the Corporation, by mail or otherwise, to the Grantee an Option (or other Award) upon the terms and conditions specified under the Plan and in the form of the Award Agreement. The Award Agreement shall be dated and signed by an officer of the Corporation as of the date of approval of the granting of an Option (or other Award) by the Committee. 7. Option Price.

The purchase price of the Common Stock covered by each Option shall be not less than the Fair Market Value of such Stock on the Grant Date. Such price shall be subject to adjustment as provided in Article 17 hereof.

8. *Option Designation.*

At the time of the grant of each Option, the Committee shall designate the Option as (a) an Incentive Stock Option or (b) a Non-Qualified Stock Option, as described in Sections (a) and (b) below, respectively.

(a) *Incentive Stock Options:* Any Option designated as an Incentive Stock Option shall comply with the requirements of Section 422 of the Code, including the requirement that incentive stock options may only be granted to individuals who are employed by the Corporation, a parent or a subsidiary corporation of the Corporation. If an Option is so designated, the Fair Market Value (determined as of the Grant Date) of the shares of Stock with respect to which that and any other Incentive Stock Option first becomes exercisable during any calendar year under this Plan or any other stock option plan of the Corporation or its affiliates shall not exceed \$100,000; provided, however, that the time or times of exercise of an Incentive Stock Option may be accelerated pursuant to Article 11, 12 or 17 hereof, and, in the event of such acceleration, such Incentive Stock Option shall be treated as a Non-Qualified Option to the extent that the aggregate Fair Market Value (determined as of the Grant Date) of the shares of stock with respect to which such Option first becomes exercisable in the calendar year (including Options under this Plan and any other Plan of the Corporation or its affiliates) exceeds \$100,000, the extent of such excess to be determined by the Committee taking into account the order in which the Options were granted, or such other factors as may be consistent with the requirements of Section 422 of the Code and rules promulgated thereunder. Furthermore, no Incentive Stock Option shall be granted to any individual who, immediately before the Option is granted, directly or indirectly owns (within the meaning of Section 425(d) of the Code, as amended) shares representing more than 10% of the total combined voting power of all classes of stock of the Corporation or its subsidiaries, unless, at the time the option is granted, and in accordance with the provisions of Section 422, the option price is 110% of the Fair Market Value of shares of Stock subject to the Option and the Option must be exercised within 5 years of the Grant Date.

(b) *Non-Qualified Stock Options:* All Options not subject to or in conformance with the additional restrictions required to satisfy Section 422 shall be designated Non-Qualified Stock Options.

9. *Non-transferability of Options.*

Any Option granted hereunder shall, by its terms, be non-transferable by a Grantee other than by will or the laws of descent and shall be exercisable during the Grantee's lifetime solely by the Grantee or the Grantee's duly appointed guardian or personal representative. Notwithstanding the foregoing, the Committee may permit a Grantee to transfer a Non-Qualified Stock Option to a family member or a trust or partnership for the benefit of a family member, in accordance with rules established by the Committee.

10. *Substituted Options.*

In the event the Committee cancels any Option granted under this Plan, and a new Option is substituted therefore, the Grant Date of the canceled Option (except to the extent inconsistent with the restrictions described in Article 8(a), if applicable) shall be the date used to determine the earliest date for exercising the new substituted Option under Article 11 hereunder so that the Grantee may exercise the substituted Option at the same time as if the Grantee had held the substituted Option since the Grant Date of the canceled Option.

11. *Exercise and Term of Option.*

The Committee shall have the power to set the time or times within which each Option shall be exercisable, and to accelerate the time or times of exercise, provided that no Option granted under this Plan may be exercised prior to shareholder approval of the Plan. No Option may be exercised if in the opinion of counsel for the Corporation the issuance or sale of Stock or payment of cash by the Corporation, as appropriate, pursuant to such exercise shall be unlawful for any reason, nor after the expiration of 10 years from the Grant Date. In no event shall the Corporation be required to issue fractional shares upon the exercise of an Option. Although the Corporation intends to exert its best efforts so that the Stock purchasable upon the exercise of an Option, when it first comes exercisable, will be registered under, or exempt from the registration requirements of, the federal Securities Act of 1933 (the Act) and any applicable state securities laws, if the exercise of an Option would otherwise result in the violation by the Corporation of any provision of the Act or of any state securities law, the Company may require that such exercise be deferred until the Corporation has taken appropriate action to avoid any such violation.

12. *Effect of Termination of Employment, Disability or Death.*

Unless otherwise provided herein or in a specific Option Agreement which may provide longer or shorter periods of exercisability, no Option shall be exercisable after the expiration of the earliest of

(i) in the case of an Incentive Stock Option:

- (1) 10 years from the date the option is granted, or five years from the date the option is granted to an individual owning (after the application of the family and other attribution rules of

- (2) three months after the date the Grantee ceases to perform services for the Corporation or its Subsidiaries, if such cessation is for any reason other than death, Disability, or cause,
 - (3) one year after the date the Grantee ceases to perform services for the Corporation or its Subsidiaries, if such cessation is by reason of death or Disability, or
 - (4) the date the Grantee ceases to perform services for the Corporation or its Subsidiaries, if such cessation is for cause, as determined by the Board or the Committee in its sole discretion;
 - (5)
- (ii) in the case of a Nonqualified Stock Option:
- (1) 10 years from the date of grant,
 - (2) ninety days after the date the Grantee ceases to perform services for the Corporation or its Subsidiaries, if such cessation is for any reason other than death, Disability or cause,
 - (3) one year after the date the Grantee ceases to perform services for the Corporation or its Subsidiaries, if such cessation is by reason of death or Disability, or
 - (4) the date the Grantee ceases to perform services for the Corporation or its Subsidiaries, if such cessation is for cause, as determined by the Board or the Committee in its sole discretion;

provided, that, unless otherwise provided in a specific grant agreement or determined by the Committee, an Option shall only be exercisable for the periods above following the date an optionee ceases to perform services to the extent the option was exercisable on the date of such cessation. For purposes of this Article, termination shall be deemed to have been for cause if such termination shall have been for misconduct or negligence by Grantee in the performance of his duties. Notwithstanding the foregoing, no Option shall be exercisable after the date of expiration of its term. In the event of Grantee's death, the person or persons to whom the Option is transferred by will or the laws of descent and distribution shall be the person or persons who may exercise the Option to the extent the Grantee was entitled to do so.

13. Method of Exercise.

To the extent that the right to purchase shares pursuant to an Option has accrued hereunder, such Option may be exercised from time to time by written notice to the Corporation stating the number of shares being purchased and accompanied by the payment in full of the Option price for such shares. Such payment shall be made in cash or, with the approval of the Committee, by delivery of outstanding shares of the Common Stock which the Grantee, the Grantee's spouse or both have beneficially owned for at least six months prior to the time of exercise, or in combinations thereof. If shares of Common Stock are used in part or full payment for the shares to be acquired upon exercise of the Option, such shares shall be valued for the purpose of such exchange as of the date of exercise of the Option at the Fair Market Value of the shares.

14. Restricted Stock Awards.

The Committee may, in its discretion, grant Restricted Stock to directors, officers and salaried employees of the Corporation and any of its subsidiaries. Restricted Stock Awards may consist of shares issued subject to forfeiture if specified conditions are not satisfied (Restricted Stock Shares) or agreements to issue shares of Common Stock in the future if specified conditions are satisfied (Restricted Stock Units). The Committee may condition the grant of Restricted Stock upon the attainment of Performance Goals so that the grant qualifies as performance-based compensation within the meaning of Section 162(m) of the Code. The Committee may also condition the grant of Restricted Stock Awards upon such other conditions, restrictions and contingencies as the Committee may determine. The provisions of Restricted Stock Awards need not be the same with respect to each recipient. Restricted Stock

Awards shall be subject to the following terms and conditions:

- (a) Each Restricted Stock Award shall be confirmed by, and be subject to the terms of, an Award Agreement identifying the restrictions applicable to the Award.
- (b) Until the applicable restrictions lapse or the conditions are satisfied, the Grantee shall not be permitted to sell, assign, transfer, pledge or otherwise encumber the Restricted Stock Award.

- (c) Except to the extent otherwise provided in the applicable Award Agreement and (d) below, the portion of the Restricted Stock Award still subject to restriction shall be forfeited by the Grantee upon termination of the Grantee's service for any reason.
 - (d) In the event of hardship or other special circumstances of a Grantee whose service is terminated (other than for cause), the Committee may waive in whole or in part any or all remaining restrictions with respect to such Grantee's Restricted Stock Award.
 - (e) If and when the applicable restrictions lapse on Restricted Stock, unlegended certificates for such shares shall be delivered to the Grantee.
 - (f) A Grantee receiving an Award of Restricted Stock shall have all of the rights of a shareholder of the Corporation, including the right to vote the shares and the right to receive any cash dividends. Unless otherwise determined by the Committee, cash dividends shall be paid in cash and dividends payable in stock shall be paid in the form of additional Restricted Stock Shares.
 - (g) A Grantee receiving an Award of Restricted Stock Units shall not be deemed the holder of any shares covered by the Award, or have any rights as a shareholder with respect thereto, until such shares are issued to him/her.
15. *Withholding.*
- (a) The Corporation shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy Federal, state, and local taxes (including the Grantee's FICA obligation) required by law to be withheld with respect to any taxable event arising or as a result of this Plan.
 - (b) With respect to withholding required upon the exercise of Options, upon the lapse of restrictions on Restricted Stock or upon any other taxable event hereunder, Grantees may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Corporation withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. Notwithstanding the foregoing, in the case of a Grantee subject to the reporting requirements of Section 16(a) of the 1934 Act, no such election shall be effective unless made in compliance with any applicable requirements of Rule 16b-3.
16. *Performance Shares.*
- 16.1 *Grant of Performance Shares.* Subject to the terms of the Plan, Performance Shares may be granted to directors, officers and salaried employees at any time and from time to time, as shall be determined by the Committee.
- 16.2 *Value of Performance Shares.* Each Performance Share shall have an initial value equal to the Fair Market Value of a share of Common Stock on the date of grant. The Committee shall set Performance Goals in its discretion which, depending on the extent to which they are met, will determine the number of Performance Shares that will be paid out to Grantees. The time period during which the Performance Goals must be met shall be called a Performance Period.
- 16.3 *Earning of Performance Shares.* After the applicable Performance Period has ended, the Grantee shall be entitled to receive payout on the number of Performance Shares earned by the Grantee over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Goals have been achieved.
- 16.4 *Form and Timing of Payment of Performance Shares.* Payment of earned Performance Shares shall be made in a single lump sum, within forty-five (45) calendar days following the close of the applicable Performance Period, in the form of shares of Common Stock, which have an aggregate Fair Market Value equal to the value of the earned Performance Shares at the close of the applicable Performance Period.
- 16.5 *Non-transferability.* Performance Shares may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. or consolidation of the Corporation with or into another corporation or corporations in which the Corporation is not the surviving corporation, the adoption of any plan for the dissolution of the Corporation, or the sale or exchange of all or substantially all the assets of the Corporation for cash or for shares of stock or other securities of another corporation, all Awards shall be deemed fully vested, exercised and/or payable, as the case may be, and, in lieu of any other transfer of cash or property hereunder with respect to Options, Performance Shares and Restricted Stock Units, cash equal to the amount, if any, which would otherwise have been attained as a result of such deemed vesting, exercise and/or payment event shall be paid to the Grantee.

Notwithstanding anything to the contrary, in the event a Change in Control should occur, all Awards granted hereunder to a Grantee shall become immediately vested and, in the case of Options, exercisable and, in the case of Restricted Stock Units and Performance Shares, payable upon the later of the date of the Change in Control or six months after the date the respective Award was granted.

18. No Employment or Retention Agreement Intended.

Neither the establishment of, nor the awarding of Awards under this Plan shall be construed to create a contract of employment or service between any Grantee and the Corporation or its subsidiaries; nor does it give any Grantee the right to continued service in any capacity with the Corporation or its subsidiaries or limit in any way the right of the Corporation or its subsidiaries to discharge any Grantee at any time and without notice, with or without cause, or to any benefits not specifically provided by this Plan, or in any manner modify the Corporation's right to establish, modify, amend or terminate any profit sharing or retirement plans. Transfer of an employee from the Corporation to a Subsidiary or from a Subsidiary to the Corporation or another Subsidiary shall not be a termination of employment or an interruption of continuous employment for the purposes of the Plan.

19. Shareholder Rights.

Grantee shall not, by reason of any Options, Restricted Stock Units or Performance Shares granted hereunder, have any right of a shareholder of the Corporation with respect to the shares covered by his Options, Restricted Stock Units or Performance Shares until shares of Stock have been issued to him.

20. Controlling Law.

The law of the State of Wisconsin, except its law with respect to choice of law, shall be controlling in all matters relating to the Plan.

21. Indemnification.

In addition to such other rights of indemnification as they may have, the members of the Committee and other Corporation employees administering the Plan and the Board members shall be indemnified by the Corporation against the reasonable expenses, including attorneys' fees actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Award granted thereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Corporation) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such member acted in bad faith in the performance of his duties; provided that within 20 days after institution of any such action, suit or proceeding, the member shall in writing offer the Corporation the opportunity, at its own expense, to handle and defend the same.

22. Use of Proceeds.

The proceeds from the sale of shares of Common Stock pursuant to Options granted under the Plan shall constitute general funds of the Corporation.

23. Amendment of the Plan.

The Board may from time to time amend, modify, suspend or terminate the Plan; provided, however, that no such action shall be made without shareholder approval where such change would be required in order to comply with Rule 16b-3 or the Code.

24. Effective Date of Plan.

The Plan shall become effective on the date approved by the shareholders of the Corporation (the Effective Date).

25. Termination of the Plan.

The Plan shall terminate ten years following the Effective Date, and no Awards shall be granted after such date under the Plan; provided, however, that the Plan shall terminate at such earlier time as the Board may determine. Any such termination, either partially or wholly, shall not affect any Awards then outstanding under the Plan.
