PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON THURSDAY, JUNE 14, 2007**

Introduction

This Proxy Statement is being furnished in connection with the solicitation of proxies on behalf of the Board of Directors of LHC Group, Inc. (the Company or LHC Group) from holders of the Company's common stock, \$0.01 par value (Common Stock). These proxies will be voted for the purposes set forth herein at the 2007 annual meeting of stockholders of the Company (the Annual Meeting) to be held at 10:00 a.m. (Central Time) on Thursday, June 14, 2007, at the offices of the Company, 420 West Pinhook Road., Suite A, Lafayette, Louisiana 70503, and at any adjournments or postponements thereof.

Voting Procedures

Only holders of record of shares of Common Stock outstanding as of the close of business on April 19, 2007 (the Record Date) are entitled to notice of and to vote on each matter submitted to a vote at the Annual Meeting and any adjournment(s) or postponement(s) thereof. Each share of Common Stock is entitled to one vote on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes for directors. As of the close of business on the Record Date, the Company had approximately 17,995,491 shares of Common Stock outstanding and entitled to vote. The Notice of Annual Meeting, this Proxy Statement, and the proxy are being first mailed to stockholders on or about April 27, 2007.

Stockholders may cast their votes in several different ways. When voting for director nominees, they may (1) vote for all the nominees, (2) withhold authority to vote for all nominees, or (3) withhold authority to vote for one or more nominees but vote for the other nominees. With respect to other proposals, stockholders may vote for or against the proposal, or they may abstain from voting on the proposal. If stockholders hold their shares through a broker or nominee and have not given their broker or nominee instructions about how to vote on a particular matter for which the broker or nominee does not otherwise have discretionary voting power, their shares will be considered broker or nominee non-votes with respect to that matter.

Stockholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning the enclosed proxy card, but *not* by more than one method. If you vote by Internet or telephone, you do not need to return your proxy card. If you vote by more than one method, only the last vote that is submitted will be counted and each previous vote will be disregarded. If your shares are held in street name through a broker, bank or other holder of record, you will receive instructions from the registered holder that you must follow in order for your shares to be voted for you by that record holder. Please refer to the instructions provided with the enclosed proxy card for information on the voting methods available to you.

Quorum, Abstentions and Broker Non-Votes

Edgar Filing: LHC Group, Inc - Form DEF 14A

In accordance with Delaware law (under which the Company is organized), and the Company's Bylaws, the presence, in person or by proxy, of the holders of a majority of the voting power of the outstanding shares

Table of Contents

of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum, which is required before any action can be taken at the Annual Meeting. Abstentions, votes withheld and broker or nominee non-votes, and shares represented by proxies reflecting abstentions, votes withheld or broker or nominee non-votes, will all be counted as votes that are present and entitled to vote for the purpose of determining the presence of a quorum. If less than a majority of the outstanding shares entitled to vote are represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting to another date, time or place.

Abstentions and votes withheld, and shares represented by proxies reflecting abstentions or votes withheld, will be considered as shares present and entitled to vote at the Annual Meeting and will be counted as votes cast at the Annual Meeting for purposes of determining the outcome of any matter submitted to the stockholders for a vote, but will not be counted as votes for or against any matter subject to the abstention or the votes withheld. Broker or nominee non-votes, and shares represented by proxies reflecting broker or nominee non-votes, will be considered as not present and not entitled to vote on that subject matter and therefore will not be considered by the inspectors of election when counting votes cast on the matter (even though those shares are considered entitled to vote for quorum purposes and may be entitled to vote on other matters). Computershare Trust Company, N.A., our independent transfer agent and registrar, will count the votes.

If a quorum is present at the Annual Meeting, the following stockholder votes will be required for approval of the proposals to be submitted at the Annual Meeting:

The nominees for director shall be elected by a plurality of the votes of the shares present, in person or by proxy, at the Annual Meeting. Abstentions, votes withheld, and broker or nominee non-votes, and shares represented by proxies reflecting abstentions, votes withheld, or broker or nominee non-votes, will not affect the outcome of director elections.

Other proposals shall be approved by a majority of the shares present, in person or by proxy, and entitled to vote at the Annual Meeting. Abstentions and votes withheld, and shares represented by proxies reflecting abstentions or votes withheld, will have the same effect as a negative vote, but broker or nominee non-votes, and shares represented by proxies reflecting broker or nominee non-votes, will not have the effect as a vote against any other proposal.

Expenses

The Company will bear the cost of solicitation, including the preparation, assembly, printing and mailing of the proxy materials. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

Revocability

Any stockholder returning the accompanying proxy card may revoke that proxy at any time prior to its exercise by (a) giving written notice to the Company of such revocation, (b) voting in person at the meeting, or (c) executing and delivering to the Company a proxy card bearing a later date.

PROPOSALS FOR STOCKHOLDER ACTION

**PROPOSAL #1
ELECTION OF DIRECTORS**

The Company's Board of Directors (the Board) is composed of three classes, designated Class I, Class II, and Class III. The term of the Class II directors expires at the 2007 Annual Meeting. The current Class II directors are John L. Indest, Ronald T. Nixon, and W.J. Billy Tauzin. The Board is currently composed of seven outside, non-employee directors and two employee directors. The Nominating and Corporate Governance Committee conducted an evaluation of each person listed below under the caption Class II Nominees to evaluate the performance of each existing director prior to recommending to the Board his nomination for an additional term as a director. Upon the recommendation of the Nominating and Corporate Governance Committee, which consists entirely of independent directors, the Board nominated Messrs. Indest, Nixon and Tauzin for election as Class II directors to serve until the Annual Meeting of Stockholders in 2010 or until their successors have been elected and qualified.

The term of the Class III directors will expire at the 2008 annual meeting of the stockholders of the Company and the term of the Class I directors will expire at the 2009 annual meeting of the stockholders of the Company. Each succeeding term of a director in Class I, Class II, or Class III shall be for three (3) years and until his or her successor is elected. The current Class III Directors are Keith G. Myers, Ted W. Hoyt, and George A. Lewis, and the current Class I Directors are Nancy G. Brinker, John B. Breaux, and Dan S. Wilford.

The Certificate of Incorporation of the Company (the Certificate of Incorporation) presently provides that the number of directors shall be fixed from time to time by the Board pursuant to a resolution adopted by a majority of the Board. At each annual meeting of stockholders, or special meeting in lieu thereof, after the initial classification of the board of directors, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election, or special meeting held in lieu thereof. The number of directors may be changed only by resolution of the Board. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one third of the directors. The Company's Bylaws further provide that newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board resulting from death, resignation, retirement, disqualification, removal from office or other cause shall, unless otherwise provided by law or by resolution of the Board, be filled only by a majority vote of the directors then in office, though less than a quorum, and directors so chosen shall hold office until their successor is elected and qualified.

Each nominee for election at the Annual Meeting has consented to be a candidate and to be so named in this Proxy Statement and to serve, if elected. If any nominee becomes unable or unwilling to serve, although not anticipated, the persons named as proxies will have the discretionary authority to vote for a substitute. Directors will be elected by a plurality of the votes cast by the shares of Common Stock represented in person or by proxy at the Annual Meeting. Therefore, the three nominees for election as Class II directors who receive the greatest number of votes cast at the Annual Meeting will be elected to the Board as Class II directors. Unless otherwise specified, the accompanying proxy will be voted FOR John L. Indest, Ronald T. Nixon, and W.J. Billy Tauzin as Class II directors.

PROPOSAL #2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The independent accounting firm of Ernst & Young LLP (E&Y) has served as the Company s independent auditors since June 11, 2001. The Company s Audit Committee has selected E&Y to conduct the annual audit of the financial statements of the Company for its fiscal year ending December 31, 2007. E&Y has no financial interest, direct or indirect, in the Company and does not have any connection with the Company except in its professional capacity as an independent auditor. The ratification by the stockholders of the selection of E&Y as independent auditors is not required by law or by the Bylaws of the Company. The Board, consistent with the practice of many publicly held corporations, is nevertheless submitting this selection to its stockholders. If this selection is not ratified at the Annual Meeting, the Audit Committee intends to reconsider its selection of independent auditors for the fiscal year ending December 31, 2007. Even if the selection is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interest of the Company and its stockholders. Representatives of E&Y will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF E&Y AS THE COMPANY S INDEPENDENT AUDITORS.

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Company's Audit Committee approves all fees to be paid for audit and audit related services, tax and all other fees of the Company's independent auditor prior to engagement for those services.

The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by our independent registered public accounting firm. The Audit Committee has adopted a pre-approval policy requiring it to pre-approve all audit (including audit related) services and permitted non-audit services provided by the independent registered public accounting firm in order to assure that the provision of such services does not impair the firm's independence. The Audit Committee pre-approved all fiscal year 2006 services by Ernst & Young LLP.

The policy sets forth specified audit, audit-related, tax and other permissible non-audit services, if any, for which pre-approval is provided up to a maximum fee amount set annually by the Audit Committee. Pre-approval is generally provided for up to one year, and any proposed services exceeding these fee levels must be specifically pre-approved by the Audit Committee. Any services not specifically identified in the policy must receive specific pre-approval. The independent registered public accounting firm and management report periodically to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval. The Audit Committee may also pre-approve particular services on a case-by-case basis and may delegate specific pre-approval authority to one or more members pursuant to a resolution adopted by the unanimous approval of the Audit Committee, provided that the member reports any pre-approved services at the next regularly scheduled Audit Committee meeting.

The members of the Audit Committee are Messrs. Lewis, Hoyt and Nixon, with Mr. Lewis serving as chair. The Board has determined that Mr. Lewis is an audit committee financial expert, as defined by rules adopted by the Securities and Exchange Commission, or SEC. A description of Mr. Lewis' qualifications with regard to his status as an audit committee financial expert can be found in the biographical information set forth under Proposal #1 in this Proxy Statement. The Audit Committee was established in accordance with

Stockholder Proposals

To be timely, a stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Company not less than sixty (60) or more than ninety (90) days prior to the first anniversary (the "Anniversary") of the date on which the Company first mailed its proxy materials for the preceding year's annual meeting of stockholders; provided, however, that if no proxy materials were mailed by the Company in connection with the preceding year's annual meeting, or if the date of the annual meeting is advanced more than thirty (30) days prior to or delayed by more than thirty (30) days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the later of (a) the 90th day prior to such annual meeting or (b) the 10th day following the day on which public announcement of the date of such meeting is first made.

proxy to holders of, in the case of a proposal, at least the percentage of the Company's voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of the Company's voting shares to elect such nominee or nominees.

All written communications received in such manner from stockholders of the Company shall be forwarded promptly to the member(s) of the Board to whom the communication is directed or, if the communication is not directed to any particular member(s) of the Board, the communication shall be forwarded to all members of the Board.

Meetings

During the Company's fiscal year ended December 31, 2006 (Fiscal 2006), the Board held five meetings and took additional action, from time to time, by unanimous written consent. The Compensation Committee met twice and took additional action by unanimous written consent. The Audit Committee held nine meetings and the Nominating and Governance Committee held one meeting, and both took additional action by unanimous written consent. During fiscal 2006, each incumbent director attended 90% or more of the aggregate number of meetings held by the Board and its committees on which he or she served. The Board has established a policy encouraging all members of the Board to attend each annual meeting of the stockholders of the Company, particularly with respect to those directors who are up for election at any such annual meeting.

Non-Management Executive Sessions

The Board has adopted a policy relating to non-management executive sessions. Under this policy, periodically, and no less frequently than semi-annually, the Board will meet in executive sessions in which management directors and other members of management do not participate. The non-management members of the Board held four executive sessions during fiscal 2006.

Code of Business Conduct and Ethics

In compliance with requirements of both the SEC and Nasdaq Global Market, or Nasdaq, the Company has a Code of Business Conduct and Ethics applicable to all of its directors, officers and employees. The Code of Business Conduct and Ethics can be found on the Company's website at www.LHCGroup.com.

The Board has reviewed the independence of each of the Company's directors in light of the definition of independent director as that term is defined in the Nasdaq listing standards. As a result of this review, the Board affirmatively determined that all of the directors are independent of the Company and its management under Nasdaq standards with the exception of Keith G. Myers and John L. Indest, each of whom is employed by the Company.

Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for seeking individuals qualified to become Board members, conducting appropriate inquiries into the backgrounds

Table of Contents

and qualifications of possible Board nominees and proposing nominees for Board membership to the Board for its approval. The Nominating and Corporate Governance Committee will consider candidates for Board membership suggested by its members and other Board members, as well as by management and stockholders.

A stockholder who wishes to recommend a prospective nominee for the Board to the Nominating and Corporate Governance Committee should submit a written notice by mail to the Nominating and Corporate Governance Committee c/o the Company's Secretary, LHC Group, Inc., 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. Such a written recommendation must be received not less than 120 calendar days nor more than 150 calendar days before the first anniversary of the date of the Company's notice of annual meeting sent to stockholders in connection with the previous year's annual meeting. Stockholders may continue to make their own direct nominations to the Board, for election at an annual or special meeting of the stockholders, in accordance with the procedures set forth in the Company's Bylaws relating to stockholder nominations. See the section entitled "Stockholder Proposals" under the heading "Corporate Governance" for additional information about direct nominations by stockholders. There have been no changes to the procedures by which stockholders may recommend nominees to our Board of Directors since the Company's last disclosure of such procedures, which appeared in the definitive proxy statement for our 2006 Annual Meeting of Stockholders.

Stockholder recommendations to the Nominating and Corporate Governance Committee should include, at a minimum:

the candidate's name, age, business addresses, and other contact information;

a complete description of the candidate's qualifications, experience, background and affiliations, as would be required to be disclosed in the proxy statement pursuant to Regulation 14A of the Exchange Act;

a sworn or certified statement by the candidate in which he or she consents to being named in the proxy statement as a nominee and to serve as a director if elected; and

the name and address of the shareholder(s) of record making such a recommendation.

The Nominating and Corporate Governance Committee will evaluate prospective nominees considering certain factors, including:

the commitment of the prospective nominee to represent the long-term interests of the stockholders of the Company;

the prospective nominee's standards of character and integrity;

the prospective nominee's financial literacy;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the prospective nominee's independence and absence of any conflicts of interest that would interfere with his or her performance as a director; and

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it deems are in the best interest of the Company and its stockholders, such as the current composition of the Board, the balance of management and independent directors and the need for specialized expertise. The Nominating and Corporate Governance Committee, however, does believe it is appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board meet the definition of independent director under the Nasdaq listing standards. The

Table of Contents

Nominating and Corporate Governance Committee also believes it appropriate for certain members of the Company's management to participate as members of the Board.

The Nominating and Corporate Governance Committee will identify nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining new Board members. If any member of the Board does not wish to continue in service or if the Nominating and Corporate Governance Committee or the Board decides not to re-nominate a current Board member for re-election, the Nominating and Corporate Governance Committee will identify the desired skills and experience for a new nominee in light of the criteria above. The criteria employed by the Nominating and Corporate Governance Committee in evaluating potential nominees will not differ based on whether the candidate is recommended by a stockholder of the Company.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In the paragraphs that follow, we will give an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our top executive officers, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading *Executive Compensation* you will find a series of tables containing specific information about the compensation earned or paid in 2006 to the following individuals, whom we refer to as our named executive officers:

Keith G. Myers, our president, chief executive officer and chairman of the board,

Barry E. Stewart, our executive vice president, chief financial officer and treasurer,

R. Barr Brown, our former senior vice president chief financial officer and treasurer,

John L. Indest, our executive vice president, chief operating officer and secretary,

Daryl J. Doise, our senior vice president of business development, and

Donald D. Stelly, our senior vice president of operations.

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

Objectives of Our Compensation Program

We believe that each executive officer has the potential to affect the short-term and long-term profitability of the Company. Therefore, we place considerable importance on creating and implementing our executive compensation program to properly compensate our executive officers. Our executive compensation program emphasizes the creation of stockholder value by focusing on the overall performance of the Company and recognizing and rewarding each executive officer's contributions to the success of the Company.

Our compensation philosophy is to integrate our compensation program with corporate performance by linking a substantial portion of executive officer compensation to the achievement of financial goals that are critical to the success of the Company. Our objective is to have a compensation program that will allow us to

Table of Contents

attract, motivate, and retain qualified executives, and align the interests of our executive officers with the interests of stockholders. In order to further this objective, our compensation program is designed to:

provide our executives with total compensation opportunities at levels that are competitive for comparable positions at firms with whom we compete for talent;

directly link a significant portion of total compensation to the Company's achievement of performance goals in a way that proportionally rewards higher performance levels;

provide significant upside opportunities for exceptional individual performance, which can result in differentiated compensation among executives based on performance; and

closely align our executive's interests with those of our shareholders by making stock-based incentives a core element of our executives' compensation.

Role of the Compensation Committee

Our Compensation Committee assists our Board of Directors in discharging its responsibilities relating to compensation of our executive officers. The Compensation Committee reviews and approves all compensation that is payable to our executive officers. Each of the three members of our Compensation Committee is independent as that term is defined under the listing standards of the Nasdaq Exchange and the director independence standards adopted by our Board. We believe that their independence from management allows the Compensation Committee members to provide objective consideration of various elements that could be included in an executive compensation program and apply independent judgment about which elements and designs best achieve our compensation objectives.

Role of Independent Compensation Consultants

To assist in evaluating our compensation practices, the Compensation Committee has from time to time retained an independent compensation consultant to provide advice and ongoing recommendations regarding executive compensation that are consistent with our business goals and pay philosophy. In 2004 prior to our initial public offering, and again in 2006, the Compensation Committee retained the executive compensation consulting services of Longnecker and Associates (Longnecker). Specifically, we instructed Longnecker to (i) review the total compensation package (base salary, annual cash incentives and long-term equity incentives) we pay to our named executive officers, (ii) assess the competitiveness of our compensation program as compared to a peer group of companies within the health care industry with similar revenue levels and market capitalization, and (iii) provide conclusions and recommendations for the current and future total compensation packages for our named executive officers. We believe that this input and advice produces more informed decision-making and assures that an objective perspective is considered in this important governance process.

Market Data and Peer Group

The Compensation Committee reviews and analyzes market data to ensure that our executive officer compensation is competitive with the marketplace. We consider the compensation levels, programs and practices of other companies within our industry and of comparable size in terms of revenue and market capitalization to assist us in setting our executive compensation so that it is market competitive. In 2006, we used the following peer group for these purposes:

Amedisys, Inc.
Genesis HealthCare Corporation

Gentiva Health Services
Odyssey HealthCare, Inc.
VistaCare, Inc.

The above peer group is the one we used for targeting and evaluating the compensation levels of our named executive officers for 2006. As our strategy changes and we leverage our capabilities into other

Table of Contents

markets, we intend to review the peer groups annually to assure that we have the appropriate marketplace focus.

How We Determine and Assess Executive Compensation

We believe that the total compensation package available to our executives should be fair and competitive, should provide enhanced levels of financial reward based on higher levels of performance, and should be designed to recognize and reward both short and long term performance. We set compensation levels for our executive officers to be competitive within our industry and within the geographic region in which we operate.

No specific formula or weightings are used in regard to the allocation of the various pay elements within our executive compensation program. In general, we emphasize annual performance incentives and long-term equity incentives over fixed compensation such as base salary.

Our management philosophy emphasizes a team approach among our top executive officers. This team approach is reflected in our compensation program by the fact that survey data indicates that we have a higher level of pay equity among our top three executives than many of our peer companies do. To achieve this pay equity, we generally try to set the compensation level of our chief executive officer at slightly below the median for our peer group, and to set the compensation levels of our chief operating officer and chief financial officer at slightly above the median level, in an effort to minimize pay disparities among this group while still recognizing differences in job title and responsibilities. Specifically, we generally seek to keep the total value of the compensation package of our chief executive officer at a level that is no more than 10% greater than the compensation package of our chief operating officer.

Our chief executive officer, with input from our chief operating officer, recommends to the Compensation Committee base salary, target bonus levels and long-term incentive awards for our executive officers (other than himself). These recommendations are based on data and analysis regarding our peer group, information provided by our compensation consultant, and qualitative judgments regarding individual performance. Our chief executive officer is not involved with any aspect of determining his own pay.

Elements of Our Compensation Program

Our executive compensation program consists primarily of the following components: base salary, annual cash incentive awards, and long-term equity incentive awards. In addition, we provide certain other benefits, such as perquisites, retirement benefits and severance benefits.

Base Salary

We provide base salaries to our executive officers as compensation for day-to-day responsibilities and sustained performance. Base salary provides our executive officers with an element of compensation that is not at-risk. We consider a combination of objective and subjective factors in determining the appropriate base salaries for our executive officers. Objective factors include salaries paid by competitive companies to officers in similar positions, base compensation paid to other Company executives, and factors relating to the performance of the Company, including net income, earnings per share, return on equity, and growth. Subjective factors relate to the performance of the individual executive officer, and include the following:

the executive officer's responsibilities,

the scope of the position,

experience and length of the executive officer's service with the Company,

individual efforts and performance within the Company, the industry and the community, team building skills consistent with the Company's best interests, and observance of the Company's ethics and compliance program.

Table of Contents

While these subjective factors are then integrated with the objective factors mentioned above, the overall assessment is primarily a subjective one, intended to reflect the level of responsibility and individual performance of the particular executive officer. With these objective and subjective factors in mind, Mr. Myers conducts an annual merit review of the executive officers, and based on this review, recommends base salaries to the Compensation Committee with respect to the named executive officers other than himself. The Compensation Committee determines the appropriate base salary for Mr. Myers after an annual performance review based on the same factors used to evaluate the other named executive officers.

Based on the factors and analysis described above, the Compensation Committee approved base salaries for 2006 for our named executive officers in amounts that represented an increase of approximately 12% to 20% over 2005 levels. The amounts of these increases were based primarily on market survey data that indicated that our executive officer base salaries were significantly below the median for our peer group.

Annual Cash Incentive Awards

The Compensation Committee believes that a significant portion of the total cash compensation for executive officers should be based on the Company's achievement of specific performance criteria, and that a significant part of the cash compensation package should be at-risk. Accordingly, for 2006, the Compensation Committee approved a cash incentive bonus program pursuant to which the named executive officers were provided an opportunity to earn quarterly cash bonuses based on the Company's achievement of quarterly performance targets relating to earnings per share, or EPS.

Earnings per share was selected as the performance criteria on which to base executive officer bonuses for 2006 because it is an important and direct indicator of shareholder value. Other potential performance criteria and more complicated performance matrices were considered but were ultimately deemed inappropriate based on our short operating history as a public company following our initial public offering in 2005.

Maximum quarterly bonus opportunities for 2006 were expressed as a percentage of each named executive officer's base salary (20% in the case Messrs. Myers, Brown and Indest; 12.5% in the case of Messrs. Stewart and Doise; 10.5% in the case of Mr. Stelly). With respect to each quarter, the executives could earn their maximum bonus opportunity if the Company achieved 100% of its pre-established earnings per share goal with respect to that quarter, and if the Company achieved at least 80% of its earnings per share goal for the quarter, the executives would earn a quarterly bonus equal to 10% of their respective base salaries. In addition, there is an annual true-up pursuant to which the executive officers have an opportunity to earn their aggregate maximum bonus opportunities based on the Company's achievement of an annual earnings per share target.

The actual 2006 quarterly and annual earnings per share goals on which executive officer bonus opportunities for 2006 were based are as follows: first quarter, \$0.24; second quarter, \$0.27; third quarter, \$0.28; fourth quarter, \$0.30; and annual, \$1.09. The incentive bonus amounts payable to the named executive officers are based solely on the Company's achievement of these quarterly and annual earnings per share goals, and the Compensation Committee does not exercise discretion to increase or decrease the amount of incentive bonuses earned.

During 2006, the Company achieved 100% of its quarterly earnings per share targets, resulting in the named executive officers earning their maximum bonus opportunities for each quarter (except for Mr. Brown, who resigned from the Company effective July 1, 2006 and did not receive a fourth quarter bonus). The actual incentive bonus awards earned by the named executive officers in 2006 are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 19 of this proxy statement.

Long-Term Equity Incentive Awards

The purpose of long-term incentives is to align our executive officers' performance incentives more closely with the interests of stockholders. Since our initial public offering in June 2005, our executive officers have received two grants of long-term incentives in the form of restricted stock awards granted under the LHC

Table of Contents

Group, Inc. 2005 Long-Term Incentive Plan. As described below, these awards were earned based on Company performance and vest over a period of five years. We believe that these awards have been and remain an excellent vehicle for providing financial incentives for management because they align the executive's interests with those of our stockholders and provide strong incentive for the creation of stockholder value. Time-based restricted stock also provides a strong retentive component to our compensation program.

Restricted Stock Awards Granted in 2006 Based on Performance during Fiscal Year 2005. In January 2006, our named executive officers were granted awards of restricted stock based on the Company's performance in the last two fiscal quarters in 2005 following our initial public offering. These awards were based on the Company's achievement of its Earnings Before Income Tax, Depreciation and Amortization (EBITDA) goal for 2005. The maximum number of restricted shares that could be earned by the named executive officers was as follows: Mr. Myers, 11,000 shares; Mr. Brown, 10,000; Mr. Indest, 10,000 shares; and Mr. Doise, 7,500 shares. In addition, Mr. Stewart was granted 10,000 shares of restricted stock in connection with his joining the Company as our chief financial officer on June 1, 2006, and Mr. Stelly was granted 3,500 shares of restricted stock in January 2006, although he was not an executive officer at that time. The restricted stock awards vest in five equal annual installments beginning on the first anniversary of the date of grant, provided the executive is then still employed by us. These restricted stock awards are reported in the 2006 Grants of Plan-Based Awards table on page 20 of this proxy statement.

Restricted Stock Awards Granted in 2007 Based on Performance during Fiscal Year 2006. In January 2006, the Compensation Committee also approved potential future awards of restricted stock that would be granted to each named executive officer in March 2007 based on the Company's achievement of its earnings per share goal for 2006. The maximum number of restricted shares that could be earned by the named executive officers was as follows: Mr. Myers, 16,500 shares; Mr. Brown, 15,000; Mr. Indest, 15,000 shares; and Mr. Doise, 12,500 shares. The Compensation Committee also approved as of June 1, 2006 a potential future award of 5,000 shares of restricted stock to Mr. Stewart, and on February 12, 2007 an award of 7,500 shares of restricted stock to Mr. Stelly based on the same performance goal. The Company achieved 100% of its 2006 earnings per share target, and each of the named executive officers was granted the maximum potential number of restricted shares on March 1, 2007 (except for Mr. Brown, who resigned from the Company effective July 1, 2006 and did not receive any shares). These awards will be reflected in the 2007 Grants of Plan-Based Awards table in next year's proxy statement.

Timing of Equity Grants. As noted above, since our initial public offering in 2005, we have made two grants of restricted stock to our executive officers. In each case, these awards were approved at a regularly scheduled meeting of our Compensation Committee during the first fiscal quarter of the year, after review and consideration of the Company's performance during the prior fiscal year and achievement of pre-established performance goals. We expect to continue this practice going forward, and we do not have any program, practice or policy of timing equity awards in connection with the release of material non-public information.

Employee Stock Purchase Plan. Executive officers may also participate in our Employee Stock Purchase Plan, which permits participants to purchase shares of our common stock at a 5% discount to the market price. Executive officers are entitled to participate in the Employee Stock Purchase Plan on the same terms as non-executive employees who meet the applicable eligibility criteria, subject to any legal limitations on the amounts that may be contributed or the benefits that may be payable under the Employee Stock Purchase Plan.

Perquisites and Other Executive Benefits

We provide our named executive officers with certain perquisites, including club memberships (which we believe facilitates community involvement by our executive officers) and occasional use of company aircraft for personal reasons (which we provide to our executive officers for reasons of efficiency and convenience). We believe the perquisites provided to our named executive officers are reasonable and conservative in light of industry practices.

Table of Contents

Retirement Benefits

Retirement benefits fulfill an important role within our overall executive compensation objective by providing a financial security component which promotes retention. We maintain a 401(k) plan, a tax-qualified defined contribution retirement plan, in which our named executive officers are eligible to participate, along with a substantial majority of our employees. Effective January 1, 2006, we implemented a discretionary match of up to 2% of employee contributions. We do not maintain any excess benefit plans, defined benefit or pension plans, or any deferred compensation plans.

Severance and Change in Control Arrangements

We have employment agreements with each of our named executive officers that provide, among other things, that the executive will be entitled to receive certain severance benefits in the event of a termination of his employment, and the executive will be entitled to increased benefits in the event that a termination of his employment follows a change in control of the company. We believe these employment agreements are an important element of our executive officers' overall compensation package because they serve to ensure the continued focus and dedication of our executive officers notwithstanding any personal concerns they may have regarding their own continued employment, either prior to or following a change in control. The increased benefits that are payable in the event of a termination following a change in control are designed to attract and retain qualified executives who might not otherwise join or remain with our Company without financial protection in the event that they are forced out of the Company following a change in control. These provisions are also intended to provide for continuity of management in the event of a change in control of our Company. We believe that our severance and change in control arrangements are comparable to those provided by the companies in our peer group and competitive within our industry.

The potential severance and change in control benefits are more fully described in *Potential Payments upon Termination of Employment* on page 21 of this proxy statement.

Tax, Accounting Considerations

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to us with the benefit/value to the executive.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to our named executive officers unless certain conditions are met. Currently, awards granted under the Company's 2005 Long-Term Incentive Plan are exempt from the deduction limits of Section 162(m). It is the Compensation Committee's intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent. All compensation paid to our executive officers in 2006 was fully deductible by the Company.

With the adoption of FAS 123R, we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the selection of forms of compensation.

Employment Agreements

We have employment agreements with Messrs. Myers, Stewart, Indest, and Doise that include the terms described below. We previously had an employment agreement with Mr. Brown that was terminated in connection with Mr. Brown's termination of employment with the Company effective July 1, 2006. We entered into a Separation and Release Agreement with Mr. Brown that provided for certain severance payments and benefits, which are described below under "Post Termination Payments and Benefits" beginning on page 23 of this Proxy Statement. We have not

entered into an employment agreement with Mr. Stelly.

Term. The initial terms of the employment agreements expire on June 9, 2008, with the exception of Mr. Stewart's agreement which expires on June 1, 2009, and thereafter each of the agreements will be automatically renewed for additional one-year periods unless expressly not renewed.

Salary and Benefits. The employment agreements with Messrs. Myers, Stewart, Indest, and Doise provide that each executive is entitled to a base annual salary (subject to annual review and increases for merit performance) and is entitled to participate in all incentive, savings, retirement and welfare benefit plans generally made available to our senior executive officers. Each of these executives will have an opportunity to earn an annual cash bonus based upon achievement of performance goals established by the Compensation Committee. In addition, each of the executives is entitled to fringe benefits generally made available to our senior executive officers.

Equity Awards. The employment agreements provide that the executives will be eligible for grants under the Company's long-term incentive plan or plans generally made available to the Company's senior executive officers.

Termination. The employment agreements may be terminated by us at any time with or without cause (as defined therein), or by the executive with or without good reason (as defined therein). The agreements

also terminate upon the death, disability or retirement of the executive. Depending on the reason for the termination and when it occurs, the executive will be entitled to certain severance benefits, as described below under Post Termination Payments and Benefits beginning on page of this Proxy Statement.

The restricted shares vest in five equal annual installments beginning on the first anniversary of the date of grant (January 3, 2007, 2008, 2009, 2010, and 2011), provided that the executive is then still employed by the Company, or earlier upon the occurrence of the executive's death, disability or retirement, or termination by the Company without cause or resignation for good reason within two years following a change of control of the Company.

(2) Reflects the value as calculated using the closing market price of our common stock as of December 29, 2006 (\$28.51).

(3) Mr. Brown forfeited all outstanding restricted stock awards upon his resignation on July 1, 2006.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We have entered into employment agreements with our named executive officers, with the exception of Mr. Stelly. The employment agreements provide benefits to the executive in the event of the termination of his employment under certain conditions. The amount of the benefits varies depending on the reason for the termination, as explained below.

Termination for Cause; Resignation Without Good Reason. If an executive is terminated for cause or resigns without good reason (as such terms are defined in the agreements), the executive receives only the salary and vested benefits that have accrued through the date of termination. No other severance benefits are payable.

Termination Due to Death, Disability or Retirement. If the executive dies, or if we terminate the executive due to disability, or if the executive retires, the executive (or his estate) receives salary and vested benefits accrued through the date of termination, plus a pro-rata portion of the executive's annual bonus earned through the date of termination, based on performance against target for the portion of the year prior to termination.

Termination Without Cause; Resignation for Good Reason

General. If the executive is terminated without cause or resigns for good reason, either before a change of control of the Company occurs or more than two years after a change of control, then in addition to accrued

Table of Contents

salary, vested benefits, and a pro-rata portion of his annual bonus earned through the date of termination, the executive will be entitled to:

a severance payment equal to the product of 24 times one twelfth of the sum of (1) his base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by him for the two fiscal years, or his target bonus for the year in which the date of termination occurs,

continuation of health and welfare benefits for a period of two years, and

vesting of all outstanding equity awards.

In Connection with a Change of Control. If the executive is terminated without cause or resigns for good reason within two years following a change of control of the Company, then in addition to accrued salary, vested benefits, and a pro-rata portion of his annual bonus earned through the date of termination, the executive will be entitled to:

a severance payment equal to the product of 30 times one twelfth of the sum of (1) his base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by him for the two fiscal years, or his target bonus for the year in which the date of termination occurs,

vesting of all outstanding equity awards, and

continuation of health and welfare benefits for a period of 2 1/2 years.

The employment agreements provide that if a payment to or for the benefit of the executive would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then he will receive a full gross up of any excise tax imposed, including income and excise taxes on such gross-up amount, subject to a \$50,000 threshold benefit amount.

Restrictive Covenants. To receive the severance benefits under the employment agreement, the executive must comply with certain restrictive covenants. Each of the employment agreements contains covenants not to disclose confidential information or compete with us, and not to solicit our customers or recruit our employees, for a period of two years following the termination of employment.

Table of Contents***Summary of Termination Payments and Benefits.***

The following table summarizes the value of the termination payments and benefits that our named executive officers would receive if they had terminated employment on December 31, 2006 under the circumstances shown. The amounts shown in the table exclude distributions under our 401(k) retirement plan and any additional benefits that are generally available to all of our salaried employees. Mr. Brown is not included in the chart below because his employment agreement with the Company was terminated in connection with his resignation, which was effective as of July 1, 2006. Pursuant to our separation agreement with Mr. Brown, he received the following severance payments and benefits: salary continuation for three months, \$68,750; cash incentive bonus for the third fiscal quarter, \$38,621; and three-months of health insurance premiums paid by the Company, \$3,063.

(5) Employment agreements with the named executive officers provide that the Company will reimburse the executive for any 280G excise taxes that are imposed on the executive and any income and excise taxes that are payable by the executive as a result of any reimbursement for 280G excise taxes, provided that the net after-tax benefit to the executive is at least \$50,000 as compared with the net after-tax proceeds to the executive of a cut-back to the extent necessary to avoid imposition of the 280G excise tax. The calculation of the estimated 280G gross-up payment is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, a 6% state income tax rate, and a 1.45% Medicare tax rate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16 of the Exchange Act, the Company's directors, executive officers and any person holding more than ten percent of our common stock are required to report their ownership of the common stock and any changes in that ownership to the SEC and Nasdaq. These persons also are required by SEC regulations to furnish the Company with copies of these reports. Specific due dates for these reports have been established, and the Company must report in this Proxy Statement any failure to make required filings on a timely basis for the fiscal year ended December 31, 2006. Based solely on a review of the reports furnished to the Company or written representations from the Company's directors, officers, and ten percent beneficial owners, all reporting requirements were satisfied with the following exception: Ronald T. Nixon filed a late Form 4 on November 13, 2006 to report two transactions that occurred on November 7, 2006 (an Amended Form 4 was filed on November 14, 2006 to correctly state the transaction date for these two transactions).

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Introduction

This report is submitted by the Company's Compensation Committee at the direction of the Board. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2006 and in its Proxy Statement for the 2007 annual meeting of stockholders.

Submitted by the Compensation Committee of the Company's Board of Directors.

The text of the Audit Committee Charter is included in Appendix B to this Proxy Statement. The Audit Committee is comprised of three directors who meet the independence and experience requirements of the Nasdaq. One member of the Committee is an audit committee financial expert as that term is defined in Item 401(h) of Regulation S-K.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the financial reporting process, including the systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements for the fiscal year ended December 31, 2006, including a discussion of the acceptability and quality of the accounting principles, the reasonableness of significant accounting judgments and the clarity of disclosures in the financial statements. In consultation with management, the Audit Committee also considered the Company's financial reporting processes and reviewed and assessed the adequacy of internal controls over financial reporting.

The Audit Committee reviewed with the independent auditors, Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the acceptability and quality of LHC Group's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including those matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. The Audit Review Committee also reviewed and discussed with management and Ernst & Young LLP, management's report and Ernst & Young LLP's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

In addition, the Audit Committee has received the written disclosures from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions With Audit Committees*, and has discussed those disclosures with the auditors. In addition, the Audit Committee discussed with Ernst & Young LLP their independence from management and the Company. The Audit Committee also considered whether the provision of services during 2006 by Ernst & Young LLP that were unrelated to their audit of the financial statements referred to above and to their reviews of the Company's interim financial statements during 2006 is compatible with maintaining Ernst & Young's independence.

The Audit Committee discussed with LHC Group's independent auditors the overall scope and plans for its audit. The Audit Committee has met with the independent auditors, with and without management present, to discuss the results of its observations of LHC Group's internal controls, and the overall quality of LHC Group's financial reporting.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. In reliance on the reviews and discussions with management and with the independent auditors referred to above, and the receipt of an unqualified opinion from Ernst & Young LLP dated March 14, 2007 regarding the audited financial statements of LHC Group for the fiscal year ended December 31, 2006, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification Agreements with Directors

We have adopted provisions in our certificate of incorporation that limit the liability of our directors for monetary damages for breach of their fiduciary duties, except for liability that cannot be eliminated under the Delaware General Corporation Law. Delaware law provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except liability for any of the following: (1) any breach of their duty of loyalty to the corporation or the stockholders; (2) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (3) unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or (4) any transaction from which the director derived an improper personal benefit. This limitation does not apply to liabilities arising under the federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission.

Our bylaws also provide that we will indemnify our directors and executive officers and we may indemnify our other officers and employees and other agents to the fullest extent permitted by law. We believe that indemnification under our bylaws covers at least negligence and gross negligence on the part of indemnified parties. Our bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether our bylaws would permit indemnification. We have entered into separate indemnification agreements with our directors, in addition to the indemnification provided for in our charter documents. These agreements, among other things, provide for indemnification of our directors for expenses, judgments, fines and settlement amounts incurred by any such person in any action or proceeding arising out of such person's services as a director or at our request.

Company Policy

The Company believes that the transactions described above are on terms no less favorable to us as would have been obtainable from non-related parties. The Company requires that the Audit Committee of the Board review all related party transactions.

We believe that business decisions and actions taken by our officers, directors and employees should be based on the best interests of the Company, and must not be motivated by personal considerations or relationships. We attempt to analyze any transactions in which the Company participates and in which a related person may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable Securities and Exchange Commission rules and regulations.

In April 2007, the Audit Committee adopted a written policy and set of procedures for reviewing transactions between the Company and related persons who include directors, nominees, executive officers, and any person known to be the beneficial owner of more than 5% of the Company's voting securities or any immediate family member of such person. The policy also covers any firm, corporation or other entity in which any such person is employed or is a partner or principal, or in which such persons has a 5% or greater beneficial ownership interest. Prior to entering into a transaction with a related person, notice must be given to the Secretary of the Company containing (i) the related person's relationship to the Company and interest in the transaction, (ii) the material facts of the transaction, (iii) the benefits to the Company of the transaction, (iv) the availability of any other sources of comparable products or services and (v) an assessment of whether the transaction is on terms comparable to those available to an unrelated third party. If the Company's Secretary and Chief Financial Officer determine that it is a related party transaction, the proposed transaction is submitted to the Audit Committee for its approval. The policy also provides for the quarterly

review of related person transactions which have not previously been approved or ratified and any other such transactions which come to the attention of the Company's Chief Executive Officer, Chief Financial Officer, Controller or Secretary. If the transaction is pending or ongoing, it will be promptly submitted to the Audit Committee for approval. If the transaction is completed, it will be submitted to determine if ratification or rescission is appropriate.

GENERAL INFORMATION

Other Matters

The Board is not aware of any other matters to be brought before the Annual Meeting. If any other matters, however, are properly brought before the Annual Meeting, the persons named in the enclosed form of proxy will have authority to vote all proxies with respect to such matters in accordance with the recommendation of the Board.

Stockholder Proposals for 2008 Annual Meeting

The Company must receive stockholder proposals intended to be presented at the 2008 annual meeting of stockholders at its principal executive offices at 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503 no later than February 26, 2008, in order for the proposals to be included in the proxy statement and form of proxy for that meeting.

Under the Company's Bylaws, no business may be brought before an annual meeting unless it is specified in the notice of the meeting or is otherwise brought before the meeting by or at the direction of the Board or by a stockholder entitled to vote who has delivered written notice to the Company's Secretary (containing certain information specified in the bylaws about the stockholder and the proposed action) not less than 60 or more than 90 days prior to the first anniversary of the date on which the Company first mailed its proxy statement to stockholders in connection with the preceding year's annual meeting. With respect to the 2008 annual meeting, notice must be received by the Company between January 28, 2008 and February 27, 2008. In the event that no proxy materials were mailed by the Corporation in connection with the preceding year's annual meeting, or if the date of the annual meeting is advanced more than thirty (30) days prior to or delay by more than thirty (30) days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered no later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. The notice must contain specified information about the proposed business and the stockholder making the nomination or proposal.

Stockholders seeking to submit a nomination to the Board for inclusion in the Company's proxy statement must deliver written notice of the nomination within this time period and comply with the information requirements in the bylaws relating to stockholder nominations. See the section entitled "Stockholder Proposals" under the heading Corporate Governance for additional information about stockholder nominations pursuant to a proxy statement. These requirements are separate from and in addition to the requirements of the SEC that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement.

In addition, any stockholder who wishes to submit a recommendation to the Board for nomination by the Company (rather than for direct inclusion in the proxy statement) must deliver written notice of the nomination to the Nominating and Corporate Governance Committee not less than 120 calendar days nor more than 150 calendar days before the first anniversary of the date of the Company's notice of annual meeting sent to stockholders in connection with the previous year's annual meeting. Stockholders seeking to submit director nominations in this manner must also comply with the information requirements set forth in the Nominating and Corporate Governance Committee's charter. See the section entitled "Director Nominee Evaluation Process" under the heading Corporate Governance for additional information about stockholder nominations made directly to the Board.

Counting of Votes

The matters that are specified in this Proxy Statement that are to be voted on at the Annual Meeting will be by ballot. Inspectors of election will be appointed to, among other things, determine the number of shares outstanding, the

shares represented at the Annual Meeting, the existence of a quorum and the authenticity, validity and effect of proxies, to receive votes of ballots, to hear and determine all challenges and questions in any way arising in connection with the right to vote, to count and tabulate all votes and to determine the results.

Certain Matters Relating to Proxy Materials and Annual Reports

The delivery rules regarding proxy statements and annual reports may be satisfied by delivering a single copy of a proxy statement and annual report to an address shared by two or more stockholders. This method of delivery is referred to as householding. Currently, the Company is not householding for registered stockholders, but brokers, dealers, banks or other entities which hold Common Stock in street name for beneficial owners of Common Stock and which distribute proxy statements and annual reports they receive to beneficial owners may be householding. Such brokers, dealers, banks or other entities may deliver only one proxy statement and annual report to certain multiple stockholders who share an address, unless the Company or such other distributor has received contrary instructions from one or more of those stockholders. The Company undertakes to deliver promptly upon request a separate copy of the proxy statement and/or annual report to a stockholder at a shared address to which a single copy of these documents was delivered. If you hold shares of Common Stock as a registered stockholder and prefer to receive separate copies of a proxy statement or annual report either now or in the future, please send a written request to the Company's Secretary at LHC Group, Inc., 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. Stockholders who hold Common Stock through a broker, dealer, bank or other entity, who share an address and are receiving multiple copies of annual reports or proxy statements and who prefer to receive a single copy of such material, either now or in the future, can request delivery of a single copy of a proxy statement and/or annual report, as requested, by contacting such broker, dealer, bank or other entity.

Miscellaneous

The Company will bear the cost of printing, mailing and other expenses in connection with this solicitation of proxies and will also reimburse brokers and other persons holding shares in their names or in the names of nominees for their expenses in forwarding this proxy material to the beneficial owners of such shares. Certain of the directors, officers and employees of the Company may, without any additional compensation, solicit proxies in person or by telephone.

Upon the written request of any stockholder entitled to vote at the Annual Meeting, the Company will furnish, without charge, a copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2006, as filed with the Securities and Exchange Commission. Requests should be directed to the Company's Secretary at 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. A copy of the Annual Report for the year ended December 31, 2006, which includes the Form 10-K, is being mailed concurrently with this Proxy Statement to all stockholders entitled to notice of and to vote at the Annual Meeting. The Annual Report is not incorporated into this Proxy Statement and is not considered proxy solicitation materials.
