REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrative Committee of
The Scotts Company
Union Retirement Savings Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of The Scotts Company Union Retirement Savings Plan (the "Plan") as of December 31, 2000, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

THE SCOTTS COMPANY UNION RETIREMENT UNION SAVINGS PLAN

Edgar Filing: SCOTTS COMPANY - Form 11-K

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2000

1. PLAN DESCRIPTION

Effective January 1, 2000, The Scotts Company Union Retirement Savings Plan (the Plan), a contributory defined contribution benefit plan, was established by the Plan's sponsor, The Scotts Company (the Company). The Plan is a contributory defined contribution benefit plan sponsored by The Scotts Company. The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions, such as eligibility, vesting, allocation and funding.

ELIGIBILITY

Certain regular domestic Union employees of the Company are eligible to participate in the Plan on the first day of the month immediately following or coincident with their date of employment. Certain temporary domestic Union employees are eligible to participate on the January 1 or July 1 subsequent to completing one year of eligibility service and attaining age 21.

EMPLOYEE CONTRIBUTIONS

The Plan provides for participants to make pre-tax or after-tax contributions up to 15% of eligible wages, not to exceed the annual Internal Revenue Service (IRS) maximum deferral amount.

EMPLOYER CONTRIBUTIONS

The Plan provides a base retirement contribution for all eligible employees. Generally, eligible employees receive an allocation equal to 2% of monthly compensation. The Company also matches participant contributions \$0.50 on the dollar for the first 2% of participant pre-tax contributions.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Matching contributions made by the Company vest immediately. However, base contributions made by the Company vest after three years of service, or upon attainment of age 65 prior to terminating employment.

FORFEITURES

The nonvested portions of participant account balances are forfeitable and used to reduce employer contributions to the Plan. Plan forfeitures totaled \$427 for the year ended December 31, 2000.

INVESTMENTS

All investments are participant-directed. Participants can change their investment options on a daily basis. The following investment options are available to participants:

- FIDELITY PURITAN FUND--assets are invested in high-yielding U.S. and foreign securities, common and preferred stocks, and bonds of any maturity.
- FIDELITY CONTRAFUND--assets are primarily invested in U.S. and foreign common stocks that are believed to be undervalued.
- FIDELITY BLUE CHIP FUND--assets are primarily invested in common stock of established and/or rapidly growing companies. Approximately 65% of this fund's total assets invest in common

stock of blue chip companies.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

INVESTMENTS

Excluding participant loans, investments are stated at quoted market prices. Participants' loans are valued at cost, which approximates fair value.

ADMINISTRATIVE EXPENSES

The Company pays for all administrative fees except those that are participant specific, such as loan establishment and maintenance fees.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options, which are subject to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is

Edgar Filing: SCOTTS COMPANY - Form 11-K

at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

3. MASTER TRUST

Effective January 1, 2000, a master trust was established to invest certain assets of the Plan and certain assets of the Company's other defined contribution plan, The Scotts Company Retirement Savings Plan. Each plan's accounting is maintained separately; the respective plan's value is a percentage of the master trust. Plan activities, such as contributions and benefit payments, are recorded in the individual plan's accounting records.
