**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
**(In thousands, except per share amounts)**

**1. Nature of the Business**

We are a leading provider of post-secondary education for students seeking careers as professional automotive, diesel, collision repair, motorcycle and marine technicians, as measured by total undergraduate enrollment and number of graduates. We offer undergraduate degree, diploma and certificate programs at ten campuses across the United States. We also offer manufacturer specific advanced training (MSAT) programs, that are sponsored by the manufacturer or dealer, at 20 dedicated training centers. We work closely with leading original equipment manufacturers (OEMs) in the automotive, diesel, motorcycle and marine industries to understand their needs for qualified service professionals.

**2. Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, our condensed consolidated financial statements do not include all the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all normal and recurring adjustments considered necessary for a fair statement of the results for the interim periods have been included. Operating results for the three and nine months ended June 30, 2006 are not necessarily indicative of the results that may be expected for the fiscal year ending September 30, 2006. The accompanying condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our 2005 Annual Report on Form 10-K filed with the Securities and Exchange Commission on December 14, 2005.

The unaudited condensed consolidated financial statements include the accounts of Universal Technical Institute, Inc. (UTI) and our wholly-owned subsidiaries. All significant intercompany transactions and balances have been eliminated.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

Certain reclassifications have been made to the prior period condensed consolidated financial statements to conform to the current period presentation. These reclassifications have no impact on previously reported net income.

**3. Recent Accounting Pronouncements**

In May 2005, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard No. 154 (SFAS No. 154), Accounting Changes and Error Corrections. This statement replaces Accounting Principles Board Opinion No. 20 (APB No. 20), Accounting Changes and SFAS No. 3, Reporting Accounting Changes in Interim Financial Statements. SFAS No. 154 provides guidance on the accounting for and reporting of accounting changes and error corrections. SFAS No. 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. Our adoption of SFAS No. 154 will not have a material impact on our consolidated financial statements or disclosures.

**Table of Contents**

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
**(In thousands, except per share amounts)**

Effective October 1, 2005, we adopted SFAS No. 123(R) Share-Based Payment, which is a revision of SFAS No. 123, Accounting for Stock-Based Compensation. We adopted SFAS No. 123(R) using the modified prospective application transition method. SFAS No. 123(R) supersedes APB No. 25, Accounting for Stock Issued to Employees, and amends SFAS No. 95, Statement of Cash Flows. SFAS No. 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their estimated fair values.

In November 2005, the FASB issued FASB Staff Position (FSP) FAS 123(R)-3, Transition Election Related to Accounting for the Tax Effects of Share-Based Payment Awards. This FSP requires an entity to follow either the transition guidance for the additional paid-in-capital pool as prescribed in SFAS No. 123(R), or the alternative method as described in the FSP. An entity that adopts SFAS No. 123(R) using the modified prospective application transition method may make a one-time election to adopt the transition method described in this FSP. An entity may take up to one year from the later of its adoption of SFAS No. 123(R) or the effective date of this FSP to evaluate its available transition alternatives and make its one-time election. This FSP became effective in November 2005. We are evaluating the alternatives allowed under FSP FAS 123(R)-3 and believe our adoption will not have a material impact on our consolidated financial statements or disclosures.

In February 2006, the FASB issued FSP FAS 123(R)-4, Classification of Options and Similar Instruments as Employee Compensation That Allow for Cash Settlement upon the Occurrence of a Contingent Event. This FSP requires that an option or similar instrument that is classified as equity, but subsequently becomes a liability because the contingent cash settlement event is probable of occurring, shall be accounted for similar to a modification from an equity to liability award. The guidance in this FSP shall be applied upon initial adoption of SFAS No. 123(R), or if an entity adopted SFAS No. 123(R) prior to February 3, 2006, the entity shall apply the guidance in the first reporting period beginning after February 3, 2006. The adoption of FSP FAS 123(R)-4 did not have a material impact on our consolidated financial statements or disclosures.

In February 2006, the FASB issued SFAS No. 155, Accounting for Certain Hybrid Financial Instruments an amendment of FASB Statements No. 133 and 140. SFAS No. 155 amends SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities and SFAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. SFAS No. 155 resolves issues provided by interim guidance in Statement 133 Implementation Issue No. D1, Application of Statement 133 to Beneficial Interests in Securitized Financial Assets. SFAS No. 155 is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. We believe our adoption of SFAS No. 155 will not have a material impact on our consolidated financial statements or disclosures.

In March 2006, the FASB issued SFAS No. 156, Accounting for Servicing of Financial Assets an amendment of FASB Statement No. 140. This statement amends SFAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. SFAS No. 156 requires all separately recognized servicing assets and servicing liabilities be initially measured at fair value, if practicable. SFAS No. 156 is effective at the beginning of the first fiscal year that begins after September 15, 2006 with the effects of initial adoption being reported as a cumulative-effect adjustment to retained earnings. We believe our adoption of SFAS No. 156 will not have a material impact on our consolidated financial statements or disclosures.

In March 2005, the FASB issued FASB Interpretation No. 47 (FIN 47), Accounting for Conditional Asset Retirement Obligations. FIN 47 clarifies the manner in which uncertainties concerning the timing and method of settlement of an asset retirement obligation should be accounted for and when the fair value of an asset retirement obligation is deemed to be estimable on a reasonable basis. FIN 47 is effective for fiscal years ending

**Table of Contents**

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
**(In thousands, except per share amounts)**

after December 15, 2005. Our adoption of FIN 47 did not have a material impact on our consolidated financial statements or disclosures.

In June 2006, the FASB issued FIN 48, Accounting for Uncertainty in Income Taxes. FIN 48 clarifies the manner in which uncertainties in income taxes that are recognized in accordance with SFAS No. 109, Accounting for Income Taxes should be accounted for by providing recognition and measurement guidance and disclosure provisions. FIN 48 is effective for fiscal years beginning after December 15, 2006. We believe our adoption of FIN 48 will not have a material impact on our consolidated financial statements or disclosures.

**4. Stock-Based Compensation**

As of June 30, 2006, we have two stock option plans, which we refer to as the Management 2002 Stock Option Program (2002 Plan) and the 2003 Stock Incentive Plan (2003 Plan).

The 2002 Plan was approved by our Board of Directors on April 1, 2002 and provided for the issuance of options to purchase 746,022 shares of our common stock. On February 25, 2003, our Board of Directors authorized an additional 36,978 options to purchase our common stock under the 2002 Plan.

Options issued under the 2002 Plan vest ratably each year over a four-year period. The expiration date of options granted under the 2002 Plan is the earlier of the ten-year anniversary of the grant date; the one-year anniversary of the termination of the participant's employment by reason of death or disability; thirty days after the date of the participant's termination of employment if caused by reasons other than death, disability, cause, material breach or unsatisfactory performance or on the termination date if termination occurs for reasons of cause, material breach or unsatisfactory performance. We do not intend to grant any additional options under the 2002 Plan.

The 2003 Plan was approved by our Board of Directors and adopted effective December 22, 2003 upon consummation of our initial public offering. The 2003 Plan authorizes the issuance of various common stock awards, including stock options and restricted stock, for approximately 4.4 million shares of our common stock. We issue our stock awards at the fair market value of our common stock which is determined based upon the closing price of our stock on the New York Stock Exchange as of the grant date. Under the 2003 Plan, common stock awards generally vest ratably over a four year period. The expiration date of stock options granted under the 2003 Plan is the earlier of the ten-year anniversary of the grant date; the one-year anniversary of the termination of the participant's employment by reason of death or disability; ninety days after the date of the participant's termination of employment if caused by reasons other than death, disability, cause, material breach or unsatisfactory performance; or on the termination date if termination occurs for reasons of cause, material breach or unsatisfactory performance. The restrictions associated with our restricted stock awarded under the 2003 Plan will lapse upon the death, disability, or if, within one year following a change of control, employment is terminated without cause or for good reason. If employment is terminated for any other reason, all shares of restricted stock shall be forfeited upon termination. On June 15, 2006, we granted 525,000 options to purchase shares of our common stock, with an exercise price of \$23.25 per share and an estimated weighted-average fair value of \$8.42 per share, and awarded 117,000 shares of restricted stock at a fair value of \$23.25 per share. At June 30, 2006, 4.2 million shares of common stock were reserved for issuance under the 2003 Plan, of which 2.0 million shares are available for future grant.

**Table of Contents**

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
(In thousands, except per share amounts)

The following table summarizes stock option activity under the 2002 and 2003 Plans for the nine months ended June 30, 2006:

	Number of Shares	Weighted Average Exercise Price per Share	Weighted Average Remaining Contractual Life (Years)	Aggregate Intrinsic Value
Outstanding at September 30, 2005	2,428	\$ 20.98		
Granted	525	\$ 23.25		
Exercised	(149)	\$ 14.04		
Expired	(101)	\$ 29.25		
Outstanding at June 30, 2006	2,703	\$ 21.50	7.87	\$ 26,607
Stock options exercisable at June 30, 2006	1,196	\$ 15.76	6.88	\$ 17,830

The total intrinsic value of options which vested during the three and nine months ended June 30, 2006 was \$2.9 million and \$3.1 million, respectively.

The following table summarizes values for stock options exercised:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2005	2006	2005	2006
Intrinsic value	\$ 456	\$ 16	\$ 3,225	\$ 2,786
Cash received	\$ 193	\$ 72	\$ 1,650	\$ 2,099
Tax benefits	\$ 178	\$ 6	\$ 1,262	\$ 1,088

Our determination of estimated fair value of each stock option grant, estimated on the date of grant using the Black-Scholes option-pricing model, is affected by our stock price as well as assumptions regarding a number of complex and subjective variables. These variables include, but are not limited to, our expected stock price volatility, the expected lives of the awards and actual and projected employee stock exercise behaviors.

The expected volatility is determined using a calculated value method. Our method includes an analysis of companies within our industry sector, including UTI, to calculate the annualized historical volatility. We believe that due to our limited historical experience as a public company, the calculated value method provides the best available indicator of the expected volatility used in our estimates.

In determining our expected term, we reviewed our historical share option exercise experience and determined it does not provide a reasonable basis upon which to estimate an expected term due to our limited

**Table of Contents**

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
**(In thousands, except per share amounts)**

historical award and exercise experience. We have estimated and consistently applied our expected term of stock option grants to be 5 years which is 50% of the contractual term.

The risk-free interest rate of our awards are determined using the implied yield currently available for zero-coupon U.S. Government issues with a remaining term equal to the expected life of the options.

The following table illustrates the assumptions used for stock option grants made during each of the three months and nine months ended June 30, 2005 and 2006:

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>June 30,</b>		<b>June 30,</b>	
	<b>2005</b>	<b>2006</b>	<b>2005</b>	<b>2006</b>
Weighted-average grant-date per share fair value	\$ 11.38	\$ 8.42	\$ 14.00	\$ 8.42
Expected lives (in years)	5.00	5.00	5.00	5.00
Risk-free interest rate	3.87%	4.89%	3.77%	4.89%
Dividend yield				
Expected volatility	33.73%	30.70%	34.47%	30.70%
Expected forfeiture rate		3.00%		3.00%

The following table summarizes restricted stock activity under the 2003 Plan for the nine months ended June 30, 2006.

	<b>Number of Shares</b>	<b>Weighted Average Grant Date Fair Value per Share</b>
Outstanding at September 30, 2005		\$
Awarded	117	\$ 23.25
Outstanding at June 30, 2006	117	\$ 23.25
Non-vested restricted stock at June 30, 2006	117	\$ 23.25

For the three and nine months ended June 30, 2006, our consolidated financial statements reflect the impact of SFAS No. 123(R). In accordance with the modified prospective transition method, which results in recognition of compensation expense for all stock option and other equity-based awards that vest or become exercisable after the effective date of adoption, our consolidated financial statements for prior periods have not been restated to reflect, and do not include the impact of, SFAS No. 123(R).

SFAS No. 123(R) requires us to estimate the fair value of share-based payment awards on the date of grant using an option-pricing model. The value of the portion of the award that is ultimately expected to vest is recognized as expense over the period during which an employee is required to provide service in exchange for

Table of Contents

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
**(In thousands, except per share amounts)**

the award. Prior to the adoption of SFAS No. 123(R), we accounted for stock-based awards to employees using the intrinsic value method in accordance with APB No. 25 as allowed under SFAS No. 123.

Awards which vested in fiscal year 2005 and earlier were accounted for under the intrinsic value method prescribed in APB No. 25. For the three and nine months ended June 30, 2005, there was no stock compensation expense under ABP No. 25. If we had elected to recognize compensation expense based on the estimated fair value of the awards, estimated using the Black-Scholes option pricing model, at the grant date in accordance with SFAS No. 123, net earnings would have been the pro forma amounts shown as follows:

	<b>Three Months Ended June 30, 2005</b>	<b>Nine Months Ended June 30, 2005</b>
Net income available to common shareholders as reported	\$ 7,605	\$ 26,588
Add stock-based compensation expense included in reported net income, net of taxes	8	24
Deduct total stock-based employee compensation expense determined using the fair value based method, net of taxes	(718)	(1,714)
Net income pro forma	\$ 6,895	\$ 24,898
Earnings per share basic as reported	\$ 0.27	\$ 0.95
Earnings per share diluted as reported	\$ 0.27	\$ 0.93
Earnings per share basic pro forma	\$ 0.24	\$ 0.89
Earnings per share diluted pro forma	\$ 0.24	\$ 0.87

Stock-based compensation expense recognized for the three and nine months ended June 30, 2006 included compensation expense for share-based payment awards granted prior to, but not yet vested as of, September 30, 2005, based on the grant date fair value estimated in accordance with the pro forma provisions of SFAS No. 123. We recognize compensation expense using the straight-line single-option method. Stock-based compensation expense, recognized for the three and nine months ended June 30, 2006, is based on awards ultimately expected to vest, and accordingly it has been reduced for estimated forfeitures. SFAS No. 123(R) requires forfeitures to be estimated at the time of grant. Estimated forfeitures are revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. In our pro forma information required under SFAS No. 123 for the periods prior to fiscal 2006, we accounted for forfeitures as they occurred.

The following table summarizes the accounts in the accompanying condensed consolidated income statements where stock compensation expense under SFAS No. 123(R) has been recorded:

Table of Contents

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
(In thousands, except per share amounts)

	<b>Three Months Ended June 30, 2006</b>		<b>Nine Months Ended June 30, 2006</b>	
	<b>Gross</b>	<b>Net of tax</b>	<b>Gross</b>	<b>Net of tax</b>
Education services and facilities	\$ 127	\$ 77	\$ 352	\$ 214
Selling, general and administrative	987	601	2,867	1,746
Total stock-based compensation expense	\$ 1,114	\$ 678	\$ 3,219	\$ 1,960

As of June 30, 2006, unrecognized stock compensation expense related to unvested stock options and restricted stock awards was \$14.8 million, which is expected to be recognized over a weighted average period of 2.7 years.

**5. Weighted Average Number of Common Shares Outstanding**

Basic net income per share is calculated by dividing net income by the weighted average number of common shares outstanding for the period. Diluted net income per share reflects the assumed conversion of all dilutive securities. For the three and nine months ended June 30, 2006, approximately 654,000 shares and 605,000 shares, respectively, that could be issued under outstanding options, were not included in the determination of our diluted shares outstanding, as they were anti-dilutive. For the three and nine months ended June 30, 2005, approximately 564,000 shares and 294,000 shares, respectively, that could be issued under outstanding options, were not included in the determination of our diluted shares outstanding, as they were anti-dilutive.

The table below reflects the calculation of the weighted average number of common shares outstanding used in computing basic and diluted net income per common share:

	<b>Three Months Ended June 30,</b>		<b>Nine Months Ended June 30,</b>	
	<b>2005</b>	<b>2006</b>	<b>2005</b>	<b>2006</b>
Basic common shares outstanding	27,934	27,949	27,875	28,002
Dilutive effect of options related to the purchase of common stock	611	372	655	489
Diluted common shares outstanding	28,545	28,321	28,530	28,491

On February 28, 2006, our Board of Directors authorized the repurchase of up to \$30 million of our common stock in open market or privately negotiated transactions. The timing and actual number of shares purchased will depend on a variety of factors such as price, corporate and regulatory requirements and other prevailing market conditions. We may terminate or limit the stock repurchase program at any time without prior notice. At June 30, 2006, we have repurchased approximately 612,000 shares at a total cost of \$15.0 million.

**Table of Contents**

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
(In thousands, except per share amounts)

**6. Restricted Investments**

Restricted investments represent collateral provided to the issuer of our letter of credit in favor of the United States Department of Education (ED). At September 30, 2005, we had an outstanding letter of credit in favor of ED in the amount of \$14.4 million which was collateralized by a United States government agency discount note with a scheduled maturity in November 2005. During October 2005, we received notification from ED that we were no longer required to post a letter of credit, based upon ED's review of our 2004 fiscal year financial statements. ED returned the letter of credit in November 2005, and the restricted investment balance of \$16.2 million was released and became available for general corporate use.

**7. Property and Equipment**

Property and equipment, net consist of the following:

	<b>September 30, 2005</b>	<b>June 30, 2006</b>
Land	\$ 3,832	\$ 3,832
Building and building improvements	8,847	21,016
Leasehold improvements	17,720	38,496
Training equipment	33,823	43,686
Office and computer equipment	21,120	24,269
Curriculum development	1,326	1,312
Internally developed software	2,555	3,235
Vehicles	693	747
Construction in progress	14,575	10,945
	104,491	147,538
Less accumulated depreciation and amortization	(30,074)	(39,911)
	\$ 74,417	\$ 107,627

At September 30, 2005, construction in progress includes \$11.1 million of building improvements related to the retrofitting of our Norwood, Massachusetts building for our automotive program which was completed and placed in service during November 2005. At June 30, 2006, construction in progress includes \$3.7 million related to construction of our new Sacramento, California campus building and \$3.1 million related to our automotive program campus expansion in Orlando, Florida. The Orlando, Florida automotive program campus expansion is being completed in accordance with the terms of our lease agreement. We have recorded the aggregate construction costs incurred under the lease as a construction liability on our Balance Sheet at June 30, 2006.

**Table of Contents**

**UNIVERSAL TECHNICAL INSTITUTE, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**  
**(In thousands, except per share amounts)**

**8. Accounts Payable and Accrued Expenses**

Accounts payable and accrued expenses consist of the following:

	<b>September 30, 2005</b>	<b>June 30, 2006</b>
Accounts payable	\$ 9,765	\$ 9,432
Accrued compensation and benefits	21,073	20,829
Other accrued expenses	8,292	10,574
	<b>\$ 39,130</b>	<b>\$ 40,835</b>

**9. Revolving Credit Facility**

On July 5, 2006 we entered into a modification agreement of our credit agreement dated October 26, 2004 which provided a revolving line of credit in the amount of \$30.0 million and a standby letter of credit facility in the amount of \$20.0 million. The modification agreement eliminated the standby letter of credit facility, of which \$0 was outstanding at the date of the modification and changed the minimum quarterly current ratio financial covenant as follows: 0.50 to 1.00 through June 30, 2007 and 0.60 to 1.00 on September 30, 2007 and thereafter. Prior to the modification, the minimum quarterly current ratio financial covenant was 0.60 to 1.00 at September 30, 2006 and thereafter. The revolving line of credit is unsecured and guaranteed by our wholly owned subsidiary UTI Holdings, Inc. and each of its wholly owned subsidiaries.

At June 30, 2006, we have no borrowings under our credit facility and we were in compliance with all covenants.

**10. Commitments and Contingencies*****Legal***

In the ordinary conduct of our business, we are periodically subject to lawsuits, investigations and claims, including, but not limited to, claims involving students or graduates and routine employment matters. Although we cannot predict with certainty the ultimate resolution of lawsuits, investigations and claims asserted against us, we do not believe that any currently pending legal proceeding to which we are a party will have a material adverse effect on our business, results of operations, cash flows or financial condition.

As we have previously reported, in April 2004, we received a letter on behalf of nine former employees of National Technology Transfer, Inc. (NTT), an entity that we purchased in 1998 and subsequently sold, making a demand for an aggregate payment of approximately \$0.3 million and 19,756 shares of our common stock. On February 23, 2005, the former employees filed suit in Maricopa County, Arizona Superior Court. We filed a motion for summary judgment and by minute entry dated December 22, 2005, the Arizona Superior Court granted our motion on all claims. The plaintiffs filed a motion requesting that the court amend and vacate its minute entry. The Court denied plaintiffs motion on March 30, 2006. On May 1, 2006, the Court entered final judgment in our favor and against plaintiffs on all claims. Plaintiffs filed a notice of appeal on May 22, 2006 and the matter is currently pending before the Arizona Court of Appeals.

(In thousands, except per share amounts)

**11. Segment Reporting**

We follow SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. SFAS No. 131 establishes standards for the way that public business enterprises report certain information about operating segments in their financial reports. Operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated on a regular basis by the chief operating decision maker, or decision-making group, in assessing performance of the segment and in deciding how to allocate resources to an individual segment. SFAS No. 131 also established standards for related disclosures about products and services, geographic areas and major customers.

Our principal business is providing post-secondary education. We also provide manufacturer-specific training, and these operations are managed separately from our campus operations. These operations do not currently meet the quantitative criteria for segments and therefore are not deemed reportable under SFAS No. 131 and are reflected in the Other category. Corporate expenses are allocated to Post-Secondary Education and the Other category.

	<b>Three Months Ended June 30, 2005</b>			<b>Three Months Ended June 30, 2006</b>		
	<b>Post- Secondary Education</b>	<b>Other</b>	<b>Total</b>	<b>Post- Secondary Education</b>	<b>Other</b>	<b>Total</b>

**Table of Contents**

**Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*The following discussion and analysis should be read in conjunction with the consolidated financial statements and related notes included in this report and those in our 2005 Annual Report on Form 10-K filed with the Securities and Exchange Commission on December 14, 2005. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in such forward-looking statements as a result of certain factors, including but not limited to, those described under Cautionary Factors That May Affect Future Results.*

**Critical Accounting Policies and Estimates**

Our critical accounting policies are disclosed in our 2005 Annual Report on Form 10-K. During the three and nine months ended June 30, 2006, there have been no significant changes in our critical accounting policies, other than stock-based compensation discussed below.

**Stock-based compensation.** Effective October 1, 2005, we adopted SFAS No. 123 (R) Share-Based Payment using the modified prospective application transition method. Prior to adoption of SFAS No. 123(R), we accounted for stock-based awards to employees using the intrinsic value method in accordance with APB No. 25 as allowed under SFAS No. 123 Accounting for Stock-Based Compensation. Our consolidated financial statements for prior periods have not been restated to reflect, and do not include, the impact of SFAS No. 123(R). As of June 30, 2006, unrecognized stock compensation expense related to unvested stock options and restricted stock awards was \$14.8 million, which is expected to be recognized over a weighted average period of 2.7 years.

**Recent Accounting Pronouncements**

For information regarding recent accounting pronouncements, see Note 3 to our unaudited condensed consolidated financial statements within Part I, Item 1 of this report.

**Overview**

Our net revenues for the third quarter were \$84.1 million, an increase of 10.6% from the prior year and our net income for the third quarter was \$4.5 million, a decrease of 40.9% from the prior year. Our decrease in net income is due to lower capacity utilization in conjunction with higher compensation and related costs, sales and marketing costs, depreciation and the recognition of stock-based compensation expense under SFAS No. 123(R) of \$1.1 million.

Recruitment efforts and student starts lag the prior year due to a variety of factors. A strong labor market across the country coupled with affordability concerns associated with climbing interest rates and increased gas and housing prices have made it more challenging and expensive to recruit and start students. The transition to a new advertising agency and call center during the second quarter of our current fiscal year contributed to a disruption in lead flow. During our third quarter, lead flow has improved and we believe the improvement is associated with the completion of the transition of our advertising agency and call center vendor relationships as well as the development of new creative advertisements and promotional materials and additional spending in advertising.

Historically, we have been able to overcome such external forces by modifying educational programs, utilizing different pricing strategies and investing in sales and marketing. In response to both the external environment and internal operational issues, we have implemented a plan that focuses on stabilizing and improving key operating efforts. We are uncertain when we will realize the benefits of these efforts.

**Table of Contents****Results of Operations**

The following table sets forth selected statements of operations data as a percentage of net revenues for each of the periods indicated.

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2005	2006	2005	2006
Net Revenues	100.0%	100.0%	100.0%	100.0%
Operating expenses:				
Educational services and facilities	48.7%	53.2%	46.4%	49.5%
Selling, general and administrative	36.2%	40.0%	35.4%	37.2%
Total operating expenses	84.9%	93.2%	81.8%	86.7%
Income from operations	15.1%	6.8%	18.2%	13.3%
Interest income	-0.5%	-1.0%	-0.4%	-0.9%
Income before income taxes	15.6%	7.8%	18.6%	14.2%
Income tax expense	5.6%	2.4%	6.9%	5.3%
Net income	10.0%	5.4%	11.7%	8.9%

**Three Months Ended June 30, 2006 Compared to Three Months Ended June 30, 2005 and Nine Months Ended June 30, 2006 Compared to Nine Months Ended June 30, 2005**

**Net revenues.** Our revenues for the three months ended June 30, 2006 were \$84.1 million, representing an increase of \$8.1 million, or 10.6%, as compared to net revenues of \$76.1 million for the three months ended June 30, 2005. This increase was due to tuition increases of approximately 6.0% and a 4.1% increase in the average undergraduate full-time student enrollment during the three months ended June 30, 2006. Average undergraduate full-time student enrollment increased to 15,166 for the three months ended June 30, 2006 as compared to 14,572 for the three months ended June 30, 2005.

Our revenues for the nine months ended June 30, 2006 were \$258.3 million, representing an increase of \$31.4 million, or 13.9%, as compared to net revenues of \$226.9 million for the nine months ended June 30, 2005. This increase was due to a 7.7% increase in the average undergraduate full-time student enrollment and tuition increases of approximately 5.7%. Average undergraduate full-time student enrollment increased to 16,324 for the nine months ended June 30, 2006 as compared to 15,155 for the nine months ended June 30, 2005.

**Educational services and facilities expenses.** Our educational services and facilities expenses for the three months ended June 30, 2006 were \$44.8 million, an increase of \$7.7 million, as compared to educational services and facilities expenses of \$37.1 million for the three months ended June 30, 2005. Our educational services and facilities expenses for the nine months ended June 30, 2006 were \$127.9 million, an increase of \$22.5 million, as compared to educational services and facilities expenses of \$105.3 million for the nine months ended June 30, 2005. The increases in these expenses for the three and nine months ended June 30, 2006 are primarily related to increases in compensation and related costs of approximately \$4.4 million and \$13.3 million, respectively, attributable to the staffing of education management, instructors and student support functions related to our expansion efforts as well as additional staffing to accommodate current and future growth. Recent

**Table of Contents**

expansion activities also increased operating costs, as compared to the comparable periods in the previous year. Campus rent and utilities and depreciation expense increased approximately \$0.8 million and \$0.9 million, respectively, for the third quarter ended June 30, 2006 and increased approximately \$2.3 million and \$2.7 million, respectively, for the nine months ended June 30, 2006. In addition, we recognized stock compensation expense of approximately \$0.1 million in the third quarter ended June 30, 2006 and \$0.4 million for the nine months ended June 30, 2006 as a result of our adoption of SFAS No. 123(R). We did not recognize any stock compensation expense as a component of educational services and facilities in the previous comparative periods.

Educational services and facilities expenses as a percentage of net revenues increased to 53.2% for the three months ended June 30, 2006 as compared to 48.7% for the three months ended June 30, 2005. Educational services and facilities expenses as a percentage of net revenues increased to 49.5% for the nine months ended June 30, 2006 as compared to 46.4% for the nine months ended June 30, 2005. The increase in educational services and facilities expenses as a percentage of net revenues for the three months and nine months ended June 30, 2006 is attributable to decreased capacity utilization.

We begin to incur educational services and facilities costs associated with instructor compensation and occupancy costs during the 12 to 15 months in advance of new campus openings. The majority of our start-up costs are incurred in the nine month period prior to a campus opening. For the three months ended June 30, 2006, start-up costs were \$2.9 million related to our Norwood, Massachusetts campus and \$1.8 million related to our Sacramento, California campus for total start-up costs of approximately \$4.7 million. For the three months ended June 30, 2005, start-up costs were \$0.8 million related to our Norwood, Massachusetts campus. For the nine months ended June 30, 2006, start-up costs were \$6.9 million related to our Norwood, Massachusetts campus and \$4.1 million related to our Sacramento, California campus for total start-up costs of approximately \$11.0 million. For the nine months ended June 30, 2005 start-up costs were \$1.1 million related to our Norwood, Massachusetts campus.

***Selling, general and administrative expenses.*** Our selling, general and administrative expenses for the three months ended June 30, 2006 were \$33.6 million, an increase of \$6.1 million, as compared to selling, general and administrative expenses of \$27.6 million for the three months ended June 30, 2005. Our selling, general and administrative expenses for the nine months ended June 30, 2006 were \$96.0 million, an increase of \$15.8 million, as compared to selling, general and administrative expenses of \$80.2 million for the nine months ended June 30, 2005. The increases in these expenses for the three and nine months ended June 30, 2006 are related to increases in compensation and related costs of approximately \$2.0 million and \$6.4 million, respectively, primarily due to increased personnel associated with sales and marketing activities and other organizational support. In addition, we recognized stock compensation expense of approximately \$1.0 million and \$2.8 million for the three and nine months ending June 30, 2006, respectively, attributable to our adoption of SFAS No. 123(R). Selling, general and administrative expenses were also impacted by increases in advertising expense of approximately \$1.4 million and \$3.0 million, for the three and nine months ended June 30, 2006, respectively, due to increased advertising to support new applicants and increased contract services of approximately \$0.7 million for both the three and nine months ended June 30, 2006 primarily due to \$0.5 million in costs incurred associated with the termination of new campus site selection activities. These increases were partially offset by a decrease for the three and nine months ended June 30, 2006 in professional services of approximately \$0.1 million and \$0.7 million, respectively, primarily attributable to reduced legal costs and lower costs associated with Sarbanes-Oxley compliance efforts.

Selling, general and administrative expenses as a percentage of net revenues increased to 40.0% for the three months ended June 30, 2006 as compared to 36.2% for the three months ended June 30, 2005. Selling, general and administrative expenses as a percentage of net revenues increased to 37.2% for the nine months ended June 30, 2006 as compared to 35.4% for the nine months ended June 30, 2005. The increase in selling, general and administrative expenses as a percentage of net revenues for the three and nine months ended June 30, 2006 is

**Table of Contents**

due to stock-based compensation expense attributable to our adoption of SFAS No. 123(R) and additional spending in advertising.

We begin to incur selling, general and administrative expenses associated with campus administration and sales force compensation and advertising costs during the 12 to 15 months in advance of new campus openings. The majority of our start-up costs are incurred in the nine-month period prior to a campus opening. For the three months ended June 30, 2006, start-up costs were \$1.5 million related to our Norwood, Massachusetts campus and \$1.3 million related to our Sacramento, California campus for total start-up costs of approximately \$2.8 million. For the three months ended June 30, 2005, start-up costs were \$1.2 million related to our Norwood, Massachusetts campus and \$0.4 million related to our Sacramento, California campus for total start-up costs of \$1.6 million. For the nine months ended June 30, 2006, start-up costs were \$4.3 million related to our Norwood, Massachusetts campus and \$3.5 million related to our Sacramento, California campus for total start-up costs of approximately \$7.8 million. For the nine months ended June 30, 2005 start-up costs were \$2.0 million related to our Norwood, Massachusetts campus and \$0.6 million related to our Sacramento, California campus for total start-up costs of \$2.6 million.

**Interest income.** Our interest income for the three months ended June 30, 2006 was approximately \$0.8 million, representing an increase of approximately \$0.4 million compared to interest income of approximately \$0.4 million for the three months ended June 30, 2005. Our interest income for the nine months ended June 30, 2006 was approximately \$2.4 million, representing an increase of approximately \$1.4 million compared to interest income of approximately \$1.0 million for the nine months ended June 30, 2005. The increase in interest income is primarily attributable to the increase in available investment funds as well as higher interest rate returns.

**Income taxes.** Our provision for income taxes for the three months ended June 30, 2006 was approximately \$2.0 million, or 31.0% of pretax income, compared to approximately \$4.2 million, or 35.8% of pretax income for the three months ended June 30, 2005. Our provision for income taxes for the nine months ended June 30, 2006 was approximately \$13.8 million, or 37.4% of pretax income, compared to approximately \$15.7 million, or 37.1% of pretax income for the nine months ended June 30, 2005. The higher effective rate for the nine months ended June 30, 2006 as compared to the nine months ended June 30, 2005 was primarily attributable to higher statutory state tax rates and the reduction of state tax incentives partially offset by the release of tax reserves due to the closure of additional tax years subject to audit. In addition, in the third quarter of 2006, we recognized approximately \$0.8 million as additional paid in capital in connection with the release of tax reserves.

**Liquidity and Capital Resources**

We finance our operating activities and our internal growth through cash generated from operations. Our net cash from operations was \$28.8 million for the nine months ended June 30, 2006 compared to \$52.3 million for the nine months ended June 30, 2005. Cash provided by operations for the nine month period ended June 30, 2005 includes the favorable impact of the release of restricted cash in the amount of \$10.4 million.

A majority of our revenues are derived from Title IV Programs. Federal regulations dictate the timing of disbursements of funds under Title IV Programs. Students must apply for a new loan for each academic year (thirty-week periods) and loan funds are generally provided by lenders in two disbursements for each academic year. The first disbursement is usually received 30 days after the start of a student's academic year and the second disbursement is typically received at the beginning of the sixteenth week from the start of the student's academic year. Certain types of grants and other funding are not subject to a 30-day delay. Our undergraduate programs are typically designed to be completed in 12 to 18 months. These timing factors, together with the timing of when our students begin their programs, affect our operating cash flow.

**Table of Contents**

For the nine months ended June 30, 2006, our cash flows provided by operating activities were \$28.8 million due to net income of \$23.0 million, plus net adjustments of \$14.7 million for non-cash and other items less \$8.9 million related to the change in our operating assets and liabilities.

For the nine months ended June 30, 2005, our cash flows provided by operating activities were \$52.3 million due to net income of \$26.6 million, plus net adjustments of \$10.5 million for non-cash and other items plus \$15.2 million related to the change in our operating assets and liabilities.

***Changes in non-cash items***

For the nine months ended June 30, 2006, the primary adjustments to our net income for non-cash and other items were depreciation and amortization of \$10.2 million, substantially all of which was depreciation, bad debt expense of \$3.8 million and stock-based compensation of \$3.4 million primarily related to our adoption of SFAS No. 123(R) partially offset by a reduction in deferred income taxes of \$1.8 million and our excess tax benefits from stock-based compensation of \$1.0 million.

For the nine months ended June 30, 2005, the primary adjustments to our net income for non-cash and other items were depreciation and amortization of \$7.1 million, substantially all of which was depreciation, bad debt expense of \$3.0 million, tax benefit derived from option exercises of \$1.1 million and stock-based compensation of \$0.3 million partially offset by a reduction in deferred income taxes of \$1.1 million.

***Changes in operating assets and liabilities***

For the nine months ended June 30, 2006, the cash outflows of \$8.9 million relating to changes in our operating assets and liabilities was primarily due to changes in accounts receivables, deferred revenue, accounts payable and accrued expenses, income tax payable and prepaid expenses. The timing of tuition funding resulted in a decrease in accounts receivable of \$4.8 million and a decrease in deferred revenue of \$3.4 million resulting in a net cash inflow of \$1.4 million. The cash used in accounts payable and accrued expenses primarily related to payments related to performance bonuses of approximately \$4.0 million and a bank overdraft of \$4.2 million partially offset by approximately \$1.0 related to the timing and fluctuation of the accounts payable cycle. The bank overdraft is attributable to a treasury management process whereby we are able to maximize our invested cash while providing cash to our primary bank to cover individual daily requirements. The decrease in income taxes of \$1.8 million was attributable to the payment of estimated taxes. The increase in prepaid expenses of \$1.1 million was primarily related to the timing of payment for advertising costs. Other adjustments provided net cash outflow of \$0.2 million.

For the nine months ended June 30, 2005, the \$15.2 million relating to the change in our operating assets and liabilities was primarily due to changes in restricted cash and prepaid expenses. A significant non-recurring benefit in operating assets and liabilities was the release of \$10.4 million in restricted cash related to collateral provided for a letter of credit issued in favor of ED. The collateral was released upon expiration of the letter of credit. The increase in prepaid expenses of \$3.2 million was primarily attributable to the timing of payment for facility rents and other services.

Our days sales outstanding (DSO) in accounts receivable was approximately 18 days at June 30, 2006 compared to approximately 21 days at June 30, 2005. DSO is impacted by the timing of Title IV tuition funding as well as our total student population.

At June 30, 2006, we had a working capital deficit of approximately \$0.1 million primarily attributable to the use of \$15.0 million in cash used to repurchase stock in accordance with our stock repurchase program.

**Table of Contents**

***Investing Activities***

For the nine months ended June 30, 2006, cash flows used in investing activities were \$18.8 million and were primarily related to the purchase of \$35.1 million in capital expenditures primarily associated with new campus construction and existing campus expansions partially offset by proceeds of \$16.3 million from the release of our restricted investments that provided cash collateral for our letter of credit issued in favor of ED.

For the nine months ended June 30, 2005, cash flows used in investing activities were \$49.8 million and were primarily related to the purchase of \$34.2 million in capital expenditures and our net investment of approximately \$15.8 million used to purchase securities.

***Financing Activities***

For the nine months ended June 30, 2006, cash flows used in financing activities were \$7.2 million and were primarily due to proceeds of \$2.6 million related to stock issued under employee option plans, a bank overdraft of \$4.2 million resulting from the timing of payments issued through controlled disbursement accounts and \$1.0 million related to recognition of the excess tax benefit from stock-based compensation in connection with our adoption of SFAS No. 123 (R) partially offset by \$15.0 million used for the repurchase of our stock.

For the nine months ended June 30, 2005, cash flows from financing activities were \$2.2 million and were primarily due to proceeds of \$2.4 million related to stock issued under employee option plans partially offset by \$0.2 million in a distribution to participating shareholders related to the sale of land held for sale.

On February 28, 2006 our Board of Directors authorized the repurchase of up to \$30 million of our common stock in open market or privately negotiated transactions. The timing and actual number of shares purchased will depend on a variety of factors such as price, corporate and regulatory requirements and other prevailing market conditions. We may terminate or limit the stock repurchase program at any time without prior notice. At June 30, 2006, we have repurchased approximately 612,000 shares at a total cost of \$15.0 million.

***Future Liquidity Sources***

Based on past performance and current expectations, we believe that our cash flows from operations will satisfy our working capital needs, capital expenditures, commitments, and other liquidity requirements associated with our operations through the next 12 months. We believe that the most strategic uses of our cash resources include expanding new and existing campuses, expanding our program offerings, marketing to increase capacity utilization and repurchasing our stock. In addition, our long term strategy includes considering strategic acquisitions. To the extent that potential acquisitions are large enough to require financing beyond cash from operations and available borrowings under our credit facility, we may incur additional debt or issue debt resulting in increased interest expense.

***Credit Facility***

During fiscal 2005, under the terms of our credit agreement, we issued a letter of credit in favor of ED in the amount of \$14.4 million that was collateralized by a \$16.2 million restricted investment held in marketable securities. During October 2005, we were notified by ED that our letter of credit was no longer required. Upon release of the letter of credit, our restricted investment balance of approximately \$16.2 million became available for general corporate use.

On July 5, 2006 we entered into a modification agreement of our credit agreement dated October 26, 2004 which provided a revolving line of credit in the amount of \$30.0 million and a standby letter of credit facility in

## **Table of Contents**

the amount of \$20.0 million. The modification agreement eliminated the standby letter of credit facility, of which \$0 was outstanding at the date of the modification and changed the minimum quarterly current ratio financial covenant as follows: 0.50 to 1.00 through June 30, 2007 and 0.60 to 1.00 on September 30, 2007 and thereafter. Prior to the modification, the minimum quarterly current ratio financial covenant was 0.60 to 1.00 at September 30, 2006 and thereafter. The revolving line of credit is unsecured and guaranteed by our wholly owned subsidiary UTI Holdings, Inc. and each of its wholly owned subsidiaries.

At June 30, 2006, we have no borrowings under our credit facility and we were in compliance with all covenants.

### **Seasonality and Trends**

Our net revenues and operating results normally fluctuate as a result of seasonal variations in our business, principally due to changes in total student population. Student population varies as a result of new student enrollments, graduations and student attrition. Historically, our schools have had lower student populations in our third fiscal quarter, which ends on June 30, than in the remainder of our fiscal year because fewer students are enrolled during the summer months. In addition, school is not in session during the one-week holiday break which occurs in December. As a result, first quarter revenue does not correlate to the peak in student population. Our normal operating expenses, however, do not vary significantly with changes in our student population and net revenues and, as a result, such expenses do not fluctuate significantly on a quarterly basis. We expect quarterly fluctuation in operating results to continue as a result of seasonal enrollment patterns. Such patterns may change however, as a result of new school openings, new program introductions, increased enrollments of adult students, increased investment in sales and marketing or acquisitions.

Operating income is negatively impacted during the initial start up of new campus openings. We incur sales and marketing costs as well as campus personnel costs in advance of the campus opening. Typically we begin to incur such costs approximately 12 to 15 months in advance of the campus opening with the majority of the costs being incurred in the nine-month period prior to a campus opening. We incurred start-up losses of approximately \$6.6 million during the nine months ended June 30, 2006 related to our Norwood, Massachusetts and Sacramento, California campuses, compared to start-up losses of approximately \$3.4 million during the nine months ended June 30, 2005 related to our Norwood, Massachusetts and Sacramento, California campuses. Our Norwood campus opened in June 2005 and our Sacramento campus opened at its temporary location in October 2005, moving to its permanent location in June 2006.

### **Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Our principal exposure to market risk relates to interest rate changes. As of June 30, 2006, we do not have any term debt. Consequently, we have minimal financial exposure to market risk.

#### **Cautionary Factors That May Affect Future Results**

This report contains forward-looking information about our financial results, estimates and our business prospects that involve substantial risks and uncertainties. From time to time, we also may provide oral or written forward-looking statements in other materials we release to the public. Forward-looking statements are expressions of our current expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historic or current facts. They often include words such as anticipate, estimate, expect, project, in plan, believe, will, and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. In particular, these include statements relating to future actions, future performance or results, expenses, the outcome of contingencies, such as legal proceedings, and financial results. Among the factors that could cause actual results to differ materially are the following:

**Table of Contents**

our ability to maintain or renew any required regulatory approvals, standards, accreditation or state authorization;

possible failure or inability to obtain regulatory consents and certifications for new campuses and campus expansions;

changes in laws and regulations affecting post-secondary education, including Title IV funding;

governmental inquiries, compliance reviews or investigations and the potential for increased litigation;

regulatory investigations of, or actions commenced against, other companies in our industry;

our ability to manage our planned growth, both internally and at new or existing campuses;

competitive developments affecting our industry, including pricing pressures in newer markets;

our ability to maintain and expand existing industry relationships;

our ability to recruit and retain key personnel;

changes in demand for our programs;

increased investment in management and capital resources;

increases in interest rates or state budget constraints adversely affecting a student's ability to secure additional loans;

lower rates of unemployment;

the timing and number of new campuses that we open or acquire;

growth in costs and expenses;

construction delays with respect to new or expanding campuses;

economic slowdown that affects any significant portion of our customer base, including economic slowdown in areas of limited geographic scope if markets in which we have significant operations are impacted by such slowdown;

the effectiveness of our advertising and promotional efforts;

changes in generally accepted accounting principles;

our ability to maintain compliance with Section 404 of Sarbanes-Oxley;

any changes in business, political and economic conditions due to the threat of future terrorist activity in the U.S. and other parts of the world, and related U.S. military action overseas; and

potential increased competition.

We cannot guarantee any forward-looking statement will be realized, although we believe we have been prudent in our plans and assumptions. Achievement of future results is subject to risks, uncertainties and inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from past results and those anticipated, estimated or projected. Investors should bear this in mind as they consider forward-looking statements.

We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures we make on related subjects in our Form 10-Q, 8-K and 10-K reports to the Securities and Exchange Commission. The Form 10-K that we filed with the SEC on December 14, 2005 listed various important factors that could cause actual results to differ materially from expected and historic results. We note these factors for investors as permitted by the Private Securities Litigation Reform Act of 1995. Readers can find them under the heading **Cautionary Factors That May Affect Future Results** in the Form 10-K. We incorporate that section of the Form 10-K in this filing and investors should refer to it. You should understand that it is not possible to predict or identify all such factors. Consequently, you should not consider any such list to be a complete set of all potential risks or uncertainties. Our filings with the SEC may be accessed at the SEC's website at [www.sec.gov](http://www.sec.gov).

**Table of Contents**

**Item 4. CONTROLS AND PROCEDURES**

**Disclosure Controls and Procedures**

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), pursuant to Exchange Act Rule 13a-15 as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in ensuring that (i) information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

**Changes in Internal Control Over Financial Reporting**

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by Exchange Act Rule 13a-15(d) that occurred during the quarter ended June 30, 2006 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Table of Contents****PART II. OTHER INFORMATION****Item 1. LEGAL PROCEEDINGS**

In the ordinary conduct of our business, we are periodically subject to lawsuits, investigations and claims, including, but not limited to, claims involving students or graduates and routine employment matters. Although we cannot predict with certainty the ultimate resolution of lawsuits, investigations and claims asserted against us, we do not believe that any currently pending legal proceeding to which we are a party will have a material adverse effect on our business, results of operations, cash flows or financial condition.

As we have previously reported, in April 2004, we received a letter on behalf of nine former employees of National Technology Transfer, Inc. (NTT), an entity that we purchased in 1998 and subsequently sold, making a demand for an aggregate payment of approximately \$0.3 million and 19,756 shares of our common stock. On February 23, 2005, the former employees filed suit in Maricopa County, Arizona Superior Court. We filed a motion for summary judgment and by minute entry dated December 22, 2005, the Arizona Superior Court granted our motion on all claims. The plaintiffs filed a motion requesting that the court amend and vacate its minute entry. The Court denied plaintiffs motion on March 30, 2006. On May 1, 2006, the Court entered final judgment in our favor and against plaintiffs on all claims. Plaintiffs filed a notice of appeal on May 22, 2006 and the matter is currently pending before the Arizona Court of Appeals.

**Item 1A. RISK FACTORS**

Information regarding risk factors appears in Part I, Item 3 of this report under the heading **Cautionary Factors That May Affect Future Results** and in Part I, Item 1 of our 2005 Annual Report on Form 10-K filed with the Securities and Exchange Commission on December 14, 2005.

**Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

The following table summarizes the purchase of equity securities made through our stock repurchase program:

**ISSUER PURCHASES OF EQUITY SECURITIES**

<b>Period</b>	<b>(a) Total Number of Shares Purchased</b>	<b>(b) Average Price Paid per Share</b>	<b>(c) Total Number of Shares Purchased as Part of Publicly Announced Plans</b>	<b>(d) Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans Or Programs</b>
May 12, 2006 - May 31, 2006	302,900	\$ 25.09	302,900	\$22.4 million
June 1, 2006 - June 15, 2006	308,750	\$ 23.98	308,750	\$15.0 million
Total	611,650	\$ 24.53	611,650	\$15.0 million

(1) Our stock repurchase program was announced on

March 6, 2006.  
All shares were  
repurchased  
pursuant to this  
program.

- (2) On February 28,  
2006, the Board  
of Directors  
authorized the  
repurchase of up  
to \$30.0 million  
of our  
outstanding  
common stock  
in open market  
or privately  
negotiated  
transactions.

**Table of Contents**

- (3) Our stock repurchase program has no expiration date, however, we may terminate or limit the stock repurchase program at any time without prior notice.

**Item 6. EXHIBITS**

(a) Exhibits (filed herewith):

<b>Number</b>	<b>Description</b>
31.1	Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
31.2	Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
32.1	Certification of Chief Executive Officer pursuant to 18 U.S.C. §1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
32.2	Certification of Chief Financial Officer pursuant to 18 U.S.C. §1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
