## PART I

### Item 2. Management's Discussion and Analysis or Plan of Operation

The discussion of the results of operation for the six months ended June 30, 2001 is hereby amended and restated in its entirety to read as follows:

Sales for the six month period ended June 30, 2001 were \$19.0 million which represented an increase of approximately \$16.9 million over sales from the corresponding period of 2000. This increase was almost exclusively the result of the increase in the volume of products handled, but also partially due to a change in the mix of products sold in favor of higher priced items. As the diversity of services that the Company offers continues to grow, customers are increasing the range of products ordered as well as the quantity. The Company anticipates a continuing growth in sales throughout the remainder of 2001 and expects revenues to reach between \$40 million and \$45 million for the entire year. Although the Company perceives an increasing demand for its services, its existing facilities limit the revenues which can be generated from its operations. Consequently, the Company has been searching for alternative or additional production space for some time but thus far has been unsuccessful in locating appropriate facilities.

In the six months ended June 30, 2000, the Company sold product to seven customers. Those customers in the aggregate purchased \$8.2 million more of Company product in the first six months of 2001 than they did in the first six months of 2000. Sales to new customers in the comparable period of 2001 accounted for the balance of the increase in Company revenues (\$8.7 million). The concentration of revenue by customer source is as follows:

	Percentage of Company Revenues Six Months Ended June 30	
	2000	2001
Largest single customer	72%	50%
Three largest customers	96%	93%

These percentages are generally consistent with those of prior years. See Part I, Item 1, "Business."

## Edgar Filing: PINNACLE FOODS INC - Form 10SB12G/A

Cost of sales for the six month period ended June 30, 2001 was \$18.7 million which resulted in a gross profit of approximately \$0.3 million. The Company's revenues did not cover the cost of sales in the corresponding period of 2000. Operating expense for the six month period ended June 30, 2001 was \$1.6 million, approximately \$1.0 million larger than in the corresponding period of 2000. At the end of the first quarter, the Company moved substantially all of its Philadelphia operation to the Pottstown facility in an effort to control production costs more effectively.

Interest expense, net for the six month period ended June 30, 2001, was \$0.1 million, and the net loss for the period was approximately \$1.4 million. Although the Net Loss for the six month period ended June 30, 2001 is larger than the loss for the corresponding period last year, the Company believes that moving its operations from Philadelphia will reduce future operating costs and improve the Company's net income.

### PART II

#### Item 2. Legal Proceedings.

The final four paragraphs of Part II, Item 2, "Legal Proceedings" are amended and restated in their entirety to read as follows:

During 2000, the Company engaged Robert V. Matthews, a shareholder, to assist the Company in obtaining debt financing to be used for a potential expansion into New England and for working capital purposes. At the time the Agreement was signed, Mr. Matthews was also the holder of a note payable by the Company in the face amount of \$0.3 million. The agreement between the Company and Mr. Matthews provided that the Company would issue 1.1 million shares of Company common stock to him on February 1, 2001. The agreement further provided that, upon the closing of debt financing in the amount of at least \$9.5 million procured pursuant to the agreement, the Company would issue a second group of 1.1 million shares of Company common stock to Mr. Matthews. The Company received two offers of financing which were individually and in the aggregate substantially below the threshold amount required by the Agreement. Because these proposed transactions were inconsistent with and far less attractive than those contemplated by the Agreement, the Company rejected them. The Company terminated the agreement in accordance with its terms on April 6, 2001.

The agreement also provided that if, prior to the completion of such debt financing and prior to the termination of the agreement, more than 30% of the Company's outstanding shares of common stock were sold in a single transaction or a series of related transactions, Mr. Matthews would be entitled to receive the second group of 1.1 million shares. The agreement further provided that if the Company sold new shares at a price of less than \$2.50 per share at any time after Mr. Matthews became entitled to receive the second group of 1.1 million shares, the number of shares otherwise deliverable pursuant to the agreement would be increased in accordance with a formula that varies inversely with the sales price for such newly sold shares. Finally, the agreement granted Mr. Matthews an option to acquire, for no additional consideration, up to 2,000,000 additional shares of Company common stock if any such debt financing were forgiven by the lender(s) under specified circumstances. Because none of the contingencies described in this paragraph occurred, the Company does not believe it has liability to Mr. Matthews for any shares referred to in this paragraph.

Moreover, the Company has asserted that it was improperly induced to enter into the agreement by statements and representations made by Mr. Matthews

## Edgar Filing: PINNACLE FOODS INC - Form 10SB12G/A

and disputes its obligation to deliver even the first group of 1.1 million shares of Company common stock. Mr. Matthews contests the Company's assertions and has threatened to commence litigation against the Company.

Under the agreement with Mr. Matthews, the Company's debt to him stopped accruing interest and was required to be converted to shares of Company Common Stock at a conversion price of \$1 per share. This debt was treated as converted in accordance with this agreement, but the share certificate has not been delivered to Mr. Matthews pending resolution of the dispute.

### Item 4. Recent Sales of Unregistered Securities.

Item 4. is hereby amended and restated in its entirety to read as follows:

The following table sets forth information about all Company securities sold for cash or property since the Company was organized in July of 1999, none of which were registered under the Securities Act of 1933:

The Company engaged no underwriters in connection with any such sales, and no underwriting discounts or commissions were paid. All convertible debentures (other than the \$0.3 million held by Mr. Matthews) listed in the foregoing table were converted to shares of common stock in accordance with their terms on various dates between November 22, 2000 and December 31, 2000. Each such conversion was exempt from registration pursuant to Section 3(a)(9) of the Securities Act of 1933.

## Edgar Filing: PINNACLE FOODS INC - Form 10SB12G/A

The Company and Robert V. Matthews, are parties to an agreement dated November 22, 2000 under which Mr. Matthews was required to act as an independent debt financing broker and consultant for the Company. In the agreement, the Company agreed to issue certain shares to Mr. Matthews; however, the Company disputes his right to receive these shares. Mr. Matthews is a shareholder of the Company and was also the holder of a note payable in the face amount of \$0.3 million. See Part II, Item 2, "Legal Proceedings." If the shares are required to be issued to Mr. Matthews, the transaction will be exempt from registration pursuant to Section 4 (2) of the Securities Act of 1933.

250,000 Shares of Company Common Stock were issued to each of Messrs. Queen and Lundy in consideration for their guaranteeing the Company's bank debt (see Part I, Item 7, "Certain Relationships and Related Transactions"). These share transactions were exempt from registration pursuant to Section 4(2) of the Securities Act of 1933.

The following shares were also delivered for compensation and consulting services and for the payment of interest in lieu of cash:

Dilutive common equivalent shares consist of common stock issuable upon exercise of stock options. No adjustments to earnings were made for purposes of per share calculations.
