PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 25, 2006

GENERAL INFORMATION

This proxy statement is furnished to our stockholders in connection with the solicitation of proxies by the Board of Directors of PERFORMANCE TECHNOLOGIES, INCORPORATED (the "Company") to be used at our Annual Meeting of Stockholders, which will be held on Thursday, May 25, 2006 (the "Meeting"), and at any adjournments thereof. This proxy statement and accompanying form of proxy are first being mailed to our stockholders on or about April 28, 2006. The proxy, when properly executed and received by our Secretary prior to the Meeting, will be voted as therein specified unless revoked by filing a written revocation or a duly executed proxy bearing a later date with our Secretary prior to the Meeting. A stockholder may also revoke his or her proxy in person at the Meeting. Unless authority to vote for one or more of the director nominees is specifically withheld, a signed proxy will be voted FOR the election

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

of the director nominees named herein and, unless otherwise indicated, FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by use of the mails, directors, officers or our regular employees, without extra compensation, may solicit proxies personally, by telephone, e-mail or facsimile transmission. We requested persons holding stock for others in their names or in the names of nominees to forward soliciting material to the beneficial owners of such shares and will, if requested, reimburse such persons for their reasonable expenses in so doing.

VOTES REQUIRED

Stockholders may vote by mail, telephone or the Internet. For some stockholders, information regarding telephone and Internet voting is included in the proxy card instructions. Our total outstanding shares of capital stock as of March 29, 2006, the record date for the Meeting (the "Record Date"), consisted of 13,134,920 shares of Common Stock, par value \$.01 per share (the "Common Stock"). Only our holders of Common Stock of record on the books at the close of business on the Record Date are entitled to notice of and to vote at the Meeting and at any adjournments thereof. Each holder of Common Stock is entitled to one vote for each share of Common Stock registered in his or her name. A majority of the outstanding shares of Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business.

Pursuant to the provisions of the Delaware General Corporation Law, directors shall be elected by a plurality of the votes cast by the holders of shares of our Common Stock present in person or represented by proxy at the Meeting and entitled to vote at the Meeting. Because directors are elected by a plurality of the votes cast, withholding authority to vote with respect to one or more nominees will have no effect on the outcome of the election, although such shares would be counted as present for purposes of determining the existence of a quorum.

The affirmative vote of a majority of the votes cast is required to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006. Abstentions are treated as shares present and voting, so abstaining has the same effect as a negative vote. Regarding broker non-votes, which occur when brokers hold shares for clients, have not received voting instructions from those clients, and do not have discretionary authority under applicable law to vote the shares on a particular proposal absent client instructions, such shares would be deemed present for quorum purposes and entitled to vote for voting purposes with respect to the proposal to ratify the selection of PricewaterhouseCoopers LLP, because that is a proposal over which brokers have discretionary authority.

The following table, with notes thereto, sets forth as of March 29, 2006 certain information regarding the Common Stock held by (i) persons known to us who own beneficially more than 5% of our Common Stock, (ii) each of our directors, (iii) each of our Named Executives and (iv) all of our directors and executive officers as a group. PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes. We currently have seven directors, three in two classes and two in one class, a majority of whom are independent under the Nasdaq listing standards. Terms are staggered so that only one class is elected at each Annual Meeting of Stockholders. Each director so elected serves for a three-year term and until his or her successor is elected and qualified, subject to such director's earlier death, resignation or removal.

Our Board of Directors recommends the election of the two nominees named below, each of whom is currently a director. Our Board of Directors does not contemplate that any of the nominees will be unable to serve as a director, but if that should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, shall determine.

Information about the Directors

The following table sets forth certain information with respect to our directors who are nominated for re-election at the Meeting for a three-year term expiring in 2009.

CORPORATE GOVERNANCE

Committees of the Board of Directors

Our Board has a Compensation Committee to evaluate executive compensation and to determine grants pursuant to our stock-based incentive plans. Messrs. Maginness, Meisenzahl and Tillman currently comprise the Compensation Committee. All members of the Compensation Committee qualify as being "independent" under the independence standards of the Nasdaq listing standards. For purposes of complying with Securities Exchange Act Rule 16b-3, we have at least two non-employee directors administer our stock-based incentive plans.

Our Board has an Audit Committee for the purpose of reviewing our financial reporting procedures and attending to related matters, as discussed in the committee's charter. Messrs. Meisenzahl, Rajkowski and Tillman currently comprise the Audit Committee. The updated written charter for the Audit Committee, which was adopted by the Board of Directors, more specifically sets forth the duties of the Audit Committee and is attached as Appendix A. All of the members of the Audit Committee are financially literate and qualify as being "independent" under the independence standards of the Nasdaq listing standards and applicable SEC rules. In addition, the Board has determined that Mr. Rajkowski qualifies as an "audit committee financial expert" under applicable SEC rules.

Our Board of Directors has a Nominating Committee to identify potential candidates for nomination to our Board of Directors. The Nominating Committee has a written charter, which is available in the Investors section of our Web site at www.pt.com, and it specifically sets forth the duties of the Nominating Committee. Messrs. Kozel, Maginness and Tillman currently comprise the Nominating Committee. Each member is "independent," as independence is defined under the Nasdaq listing standards.

The Nominating Committee believes that director candidates should have certain minimum qualifications including the ability to read and understand basic financial statements and each should possess the highest personal integrity and ethics.

The Nominating Committee also considers such factors as:

- o possessing relevant expertise to offer advice and guidance to management;
- o having sufficient time to devote to our affairs;
- o demonstrating excellence in his or her field;
- o having sound business judgment; and
- o having the commitment to support the long-term interests of our stockholders.

New candidates for director nominees are reviewed in the context of the current composition of the Board, our operating requirements and the long-term interests of our stockholders. In conducting this assessment, the Nominating Committee considers diversity, maturity, skills and such other factors as it deems appropriate given our current needs and the needs of our Board to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

reviews such directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Nominating Committee also determines whether the nominee is independent, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating Committee conducts inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board.

The Nominating Committee meets to discuss and consider such candidates' qualifications and then selects nominees for recommendation to the Board by majority vote. To date, the Nominating Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, the Nominating Committee has not received, and therefore has not rejected, a timely director nominee from a stockholder or stockholders holding more than 5% of our voting stock.

The Nominating Committee will consider director candidates recommended by stockholders. The Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating Committee to become nominees for election to the Board may do so by delivering a written recommendation to the attention of the Nominating Committee at the address set forth on the cover of this Proxy Statement. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. In addition, any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

The Compensation Committee, Audit Committee and Nominating Committee met four, eight and one time, respectively, in 2005. Our Board of Directors held eleven meetings in 2005. All of the directors attended at least 75 percent of the Board of Directors' meetings and committee meetings that required their attendance. As required by the Nasdaq listing standards, it is the policy of the Board of Directors that the independent members of the Board meet regularly in executive (private) sessions at which only independent directors are present. The independent directors select from among their number a single director to serve as the presiding director during their executive sessions. We believe that it is important for our directors to attend the Annual Meeting of Stockholders and expect them to do so each year, barring unforeseen circumstances. All of our directors attended the 2005 Annual Meeting of Stockholders.

COMPENSATION OF DIRECTORS

Members of the Board of Directors who are not our employees receive \$1,000 for each meeting attended, and the secretary to the Board of Directors receives an additional \$500 for each meeting attended. Each Board member also receives \$15,000 per year if he attends at least 75 percent of the scheduled Board of Director meetings. In addition, each committee member receives \$500 for each committee meeting attended. Annual retainers are also paid to committee members acting in various capacities as follows: Audit Committee chairman \$5,000, Audit Committee member \$2,500; Compensation Committee chairman \$2,500, Compensation Committee member \$1,250; Nominating Committee chairman \$1,500, Nominating Committee member \$750; Board Secretary, if non-employee, \$1,000; and

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

Board Chairman, if outside Director, \$10,000. In 2005, a Succession Committee comprised of Messrs. Maginness, Slusser and Tillman were paid \$5,000, \$7,500 and \$5,000, respectively, upon the hiring of our new Chief Executive Officer in recognition of their efforts during the search. Our 2001 Stock Option Plan currently provides that on the day of our Annual Meeting of Stockholders, each individual elected, re-elected or continuing as an Outside Participating Director will automatically receive a non-statutory option for 10,000 shares of Common Stock. The exercise price for these options will be the fair market value of our Common Stock on the date of the option grant. Options vest on the first anniversary of the grant date and expire five years from the date of grant. From time to time, we may grant restricted stock or additional options to directors. At the 2005 Annual Meeting of Stockholders, Messrs. Kozel, Maginness, Meisenzahl, Rajkowski, Slusser and Tillman each received a non-qualified option to purchase 10,000 shares at an exercise price of \$6.78 per share.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of a registered class of our equity securities to file certain reports regarding ownership of, and transactions in, our securities with the Securities and Exchange Commission (the "SEC"). Such officers, directors and 10% stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) reports that they file.

Based solely on our review of such reports furnished to us and written representations from certain reporting persons, we believe that our executive officers, directors and more than 10% stockholders timely filed all Section 16(a) reports required to be filed by them during the most recent fiscal year.

REPORT OF THE COMPENSATION COMMITTEE WITH RESPECT TO THE EXECUTIVE COMPENSATION

General

The Compensation Committee of the Board of Directors is responsible for setting the Company's executive compensation policy. The Committee is currently comprised of three outside directors, Charles E. Maginness, who serves as Chairman, Stuart B. Meisenzahl and Robert L. Tillman, all of whom are not employees and are not eligible to participate in the executive compensation program. All members of the Committee qualify as being "independent" under the independence standards of the Nasdaq listing standards.

The Company's executive compensation program is designed to serve the broader strategic goals of profitable growth and the creation of long-term stockholder value. The program is fundamentally a pay-for-performance program designed to:

- o ensure our ability to attract and retain executives;
- o strongly align the interests of our executives with those of our stockholders; and
- o provide a compensation package that balances individual contributions and overall business results.

From time to time, the Committee selects, and when it deems appropriate is advised by, an independent executive compensation consultant to assist in evaluating the components of the executive compensation program. In 2005, the Committee engaged an executive compensation consultant. The competitive analysis developed by this firm was helpful in constructing the compensation package for the new Chief Executive Officer and will be useful in supporting our continuing efforts to provide a fair and equitable compensation plan.

The three key components of the executive compensation program are base salary, short-term incentive awards (cash bonus) and long-term incentive awards (stock-based awards).

Base Salary. Annually, the Committee assesses a number of factors in

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

fixing the salary of the Chief Executive Officer and for all of our executives. The salary plan considers a number of factors including the individual's position, job responsibilities and performance.

Annual Short-term Incentive Awards. The annual short-term incentive awards program is intended to be variable and is directly related to the Company's financial performance. Annual incentive goals are established for executives and key employees at the beginning of the year. The amounts contributed to the short-term incentive program is directly related to financial performance.

Long-term Incentive Awards. The Committee believes that the Company's long-term incentive awards, which are primarily stock-based compensation, align the interest of executives and employees with that of the Company's stockholders, as any appreciation in the price of the stock will benefit all stockholders commensurately. Historically, stock-based compensation has primarily been in the form of stock options. Stock options provide executives and employees with the opportunity to purchase our Common Stock, increase their equity in the Company and to share in the appreciation in the value of our stock. Under our 2001 Stock Option Plan and 2003 Omnibus Incentive Plan, which have been approved by the stockholders, the Committee may grant stock options to executives and employees. The size of stock option awards has been based primarily on the individual's position, job responsibilities and performance. Stock option awards are granted at an exercise price equal to the market price of our Common Stock on the date of grant and generally vest in up to five years. Stock option awards generally have a term of up to ten years. The actual value of any stock options granted will depend entirely on the extent to which our Common Stock has appreciated in value at the time the options are exercised. This provides an incentive for executives and employees to create wealth for the stockholders and provides rewards in proportion to the gain received by other stockholders. We have not repriced outstanding stock options at any time in the past.

The Company's stock price closed at \$7.18 on March 24, 2005. On March 25, 2005, the Compensation Committee amended the terms of certain stock option award agreements by accelerating the vesting of certain employee stock options, with an option price greater than \$15.11 per share. The stock option agreements amended were awarded under the 2001 Stock Option Plan and under the 2003 Omnibus Incentive Plan. These options were accelerated because the Committee believed that there was only a remote possibility that these stock options would be exercised before termination and in order to reduce the Company's exposure to the effects of Statement of Financial Accounting Standards No. 123 (Revised), "Share-Based Payment". This statement requires companies to recognize stock-based compensation expense associated with a stock option award based on the fair value of the award at the grant date. This statement became effective on January 1, 2006.

Executive Officer Compensation

All of our executive officers received an increase in their base salaries, effective January 1, 2005. Those increases are reflected in the Summary Compensation Table in the Executive Compensation section of this report. The Company did not meet the annual profitability measurements established in the Short-term Incentive Program, and therefore, no cash incentive bonuses were paid to executives for 2005. Stock options were granted to certain executive officers in May 2005 and to the new CEO in November 2005. The individual grants are detailed in the table titled Option Grants in Last Fiscal Year.

President and Chief Executive Officer

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

During 2005, Donald Turrell served as our Chief Executive Officer until his resignation on November 3, 2005. Mr. Turrell's base salary, short-term incentive and long-term incentive awards in 2005 were determined by the Compensation Committee based upon the same general factors as those employed by the Compensation Committee for executive officers. Mr. Turrell's base salary for 2005 was \$237,000. Mr. Turrell was not granted stock options in 2005.

On November 3, 2005, we hired Michael Skarzynski to serve as our Chief Executive Officer. The Company is a party to an employment agreement with Mr. Skarzynski that was executed on November 3, 2005. Under the terms of the employment agreement, Mr. Skarzynski's base salary was fixed at an annual rate of \$300,000 for the remainder of 2005 and for 2006. Mr. Skarzynski is also eligible to earn an operating bonus of \$150,000 if he is employed by us on December 31, 2006. The employment agreement also includes certain allowances for relocation expenses for Mr. Skarzynski and his family during 2006.

Upon his hiring, Mr. Skarzynski was granted a non-statutory stock option to purchase 225,000 shares of our common stock. The option was granted at an exercise price of \$7.94 per share and vests over a six-year period. The vesting will accelerate upon our achievement of certain levels of earnings per share or upon a change in control, as defined in the employment agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Chief Executive Officer, Michael Skarzynski, consults with the Compensation Committee and makes recommendations. He participates in discussions with the Compensation Committee but does not vote or otherwise participate in the Compensation Committee's determinations. None of the executive officers has served as a member of a compensation committee of a board of directors of any other entity which has an executive officer serving as a member of the Company's Board of Directors, and there are no other matters regarding interlocks or insider participation that the Company is required to report.

We executed an employment agreement with Mr. Skarzynski on November 3, 2005 ("Employment Agreement") pursuant to which Mr. Skarzynski serves as our President and Chief Executive Officer.

The following is a brief description of the terms and conditions of the Employment Agreement that are material to the Company:

- o Mr. Skarzynski receives a base salary of \$300,000 per year and is eligible to receive an annual performance bonus, which is earned and payable in accordance with our bonus policies for our executive

Subject to certain conditions, the option shall vest and become exercisable pro rata with respect to 37,500 of the shares subject to the option on each of the first, second, third, fourth, fifth and sixth anniversaries of the granting of the option.
- o Vesting of Mr. Skarzynski's option will be accelerated if the Company meets certain year-end earnings per share milestones during the life of the option. If the Company's audited after tax earnings per share for the fiscal year ended (i) December 31, 2006, (ii) December 31, 2007 or (iii) December 31, 2008, are equal to or exceed \$0.75 per share (as adjusted to reflect any stock splits, recapitalizations or the like), then 50% of the as yet unvested shares subject to the stock option shall immediately vest and become exercisable, provided Mr. Skarzynski is a full-time employee of the Company at that time. - o The Employment Agreement shall continue in existence until it is terminated in accordance with its terms.
- o If Mr. Skarzynski's employment is terminated without cause, if he resigns for good reason, or if the Company experiences a change of control and Mr. Skarzynski no longer continues as its President and Chief Executive Officer, subject to certain conditions, Mr. Skarzynski shall: (i) continue to receive his base salary for 12 months, (ii) continue to receive health and medical insurance benefits for 12 months, (iii) receive a pro rata portion of his operating bonus actually earned (including, if applicable, a pro rata portion of the minimum operating bonus guaranteed for 2006), and (iv) be eligible to immediately exercise that portion of his option that would have been vested and exercisable had he continued in his employment with the Company for a further 12 months (during the first year of the Employment Agreement, up to an aggregate of 75,000 shares shall be

subject to such accelerated vesting).

- o We maintain a directors' and officers' liability insurance policy covering liabilities that may be incurred by Mr. Skarzynski in his capacity as a director and an officer, and we would indemnify Mr. Skarzynski, to the fullest extent permitted by law, if he is made a party to any threatened, pending or contemplated lawsuit by reason of his service as a director and an officer and incurs any costs, losses, damages, judgments, liabilities and expenses (including reasonable attorneys' fees), unless Mr. Skarzynski is adjudged to have been guilty of fraud or bad faith or he breaches the terms of the Employment Agreement.

On November 3, 2005, the Board of Directors adopted guidelines regarding the severance benefits that we will provide to certain executive employees in the event that their employment with us is terminated without cause (the "Guidelines").

The Guidelines provide the following severance benefits:

- o Subject to our regular payroll policies and practices, the continuation of salary, automobile, and health insurance benefits for six months after the date the executive employee's employment ends;
- o Accelerated vesting of all outstanding stock options that would have vested within one year from the date of termination; and
- o The payment of any earned but unpaid bonus for the prior year.

These Guidelines currently cover the following Named Executives:

- o Dorrance W. Lamb;
- o John J. Grana;
- o William E. Mahuson; and
- o John J. Peters.

For the purpose of the Guidelines, the Board of Directors determined that "cause" means (i) continually and willfully failing to perform the lawful responsibilities assigned to the executive employee; (ii) engaging in conduct that is demonstrably and materially harmful to the Company, including, but not limited to, engaging in inappropriate conduct toward other personnel or customers of the Company, being under the influence of alcohol or non-prescription drugs while at work, failing to comply with the provisions of a confidentiality agreement; (iii) misappropriating the Company's property; (iv) being convicted of a felony or other crimes of moral turpitude; or (v) mishandling material, nonpublic information.

Mission Statement

The Audit Committee (the "Committee") will, on behalf of the Board of Directors (the "Board"), have responsibility for oversight of reliable financial reporting, effective internal control over financial reporting, compliance with regulatory matters, and compliance with appropriate ethical conduct.

In performing its duties, the Committee will maintain effective working relationships with the Board, management and the independent registered public accounting firm. To effectively perform his or her role, each Committee member will obtain an understanding of the detailed responsibilities of Committee membership as well as the business, operations, and risks of Performance Technologies, Inc. (the "Company").

Edgar Filing: PERFORMANCE TECHNOLOGIES INC \DE\ - Form DEF 14A

determined by the Board in accordance with the applicable rules of Nasdaq, the Securities and Exchange Commission ("SEC") and the Sarbanes-Oxley Act.

The Board may, under exceptional and limited circumstances, act in the best interests of the Company and its stockholders by appointing a Committee member who is not an independent director; provided, however, the member shall not be a current employee of the Company or a family member of an employee of the Company. In such an instance, the Board shall disclose in its annual proxy statement the nature of the relationship and the reason(s) for appointing such individual as a Committee member. However, a member appointed under this exception may not serve more than two years and may not chair the Committee.

All members of the Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. The Committee has, and will continue to have, at least one member who has accounting or related financial management expertise such as that gained from past employment in finance or accounting, professional certification in accounting, or other comparable experience or background such as being, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities, and who shall be an "audit committee financial expert" as defined by the SEC.
