National Grid Shareholders approve Scheme of Arrangement

Edgar Filing: NATIONAL GRID GROUP PLC - Form 6-K

On 10 December 2001 National Grid Group plc ("National Grid") announced that it had published a circular to its shareholders (the "Circular") in connection with the introduction of a new holding company for the group, New National Grid plc ("New National Grid"), to be renamed National Grid Group plc, which was to be effected by means of a scheme of arrangement (the "Scheme") under section 425 of the Companies Act 1985.

The Directors of National Grid are now pleased to announce that at today's Court Meeting, the shareholders of National Grid duly approved the Scheme without modification. At the subsequent EGM, also held earlier today, National Grid shareholders duly passed all the resolutions which were proposed, as set out in the notice of Scheme EGM dated 10 December 2001.

The Scheme is subject to final sanction by the Court and is expected to become effective in early 2002 which is the same time as the acquisition of Niagara Mohawk Holdings, Inc. is expected to complete.

Terms defined in the Circular have the same meanings when used in this announcement, unless the context requires otherwise.

National Grid Receives Securities and Exchange Commission Approval for Niagara Mohawk Acquisition - Acquisition now expected to close by end January

National Grid Group plc ("National Grid") announces that on 16 January it received approval from the US Securities and Exchange Commission, under the Public Utility Holding Company Act of 1935, for its acquisition of Niagara Mohawk Holdings, Inc. (Niagara Mohawk). This is the final regulatory approval required to complete the acquisition. National Grid expects to close the acquisition on 31 January 2002.

Roger Urwin, Chief Executive of National Grid Group said, "Following the recent shareholder approval of the Scheme of Arrangement, the SEC approval makes this an excellent start to the New Year for National Grid. We can now look to implement our integration plans and begin to deliver the benefits of the Niagara Mohawk acquisition.

"National Grid's US strategy continues to transform the shape and potential of the company. Niagara Mohawk will double the size of our US business with more than 60 per cent of the Group's electricity operating profits coming from the US. The acquisition is expected to enhance earnings per share before exceptional items and after goodwill amortisation in the first full year after completion. We are confident that we will meet our objective of earning a nominal pre-tax return of 10.5 per cent on our expanded US business by the year ending March

Edgar Filing: NATIONAL GRID GROUP PLC - Form 6-K

2005, underpinning our target to increase dividends per share by five per cent per annum in real terms up to 2006."

In accordance with the terms of the Merger Agreement, Niagara Mohawk shareholders will receive consideration of 18.89 dollars for each share of Niagara Mohawk common stock held, valuing the equity of Niagara Mohawk at 3.0 billion dollars (2.1 billion pounds sterling). The per share consideration was determined by the average US dollar price of five National Grid Ordinary shares being 32.22 dollars as calculated from 20 trading days randomly selected from the 40 consecutive trading day period 13 November 2001 to 10 January 2002. As the average price is below the bottom of the range of 32.50 dollars to 51.00 dollars specified in the Merger Agreement, the base 19.00 dollars consideration per Niagara Mohawk share has been reduced by two-thirds of the percentage decrease below 32.50 dollars.

Niagara Mohawk shareholders can elect to receive their consideration in the form of 18.89 dollars cash per share, 0.5863 National Grid American Depositary Shares per share, or a combination of both.

The Merger Agreement states that the total amount of cash payable to Niagara Mohawk shareholders will be 1.015 billion dollars, but National Grid will increase this amount to 50 per cent of the total consideration, if it receives sufficient cash elections. National Grid will, so far as possible, satisfy Niagara Mohawk shareholders' elections. However, to the extent that they cannot be satisfied in full they will be scaled down on a pro rata basis.

The deadline for Niagara Mohawk shareholders to return their forms of election to the Exchange Agent, The Bank of New York, is 5:00 pm (New York time) on 24 January 2002. Election materials and delivery instructions were mailed to Niagara Mohawk shareholders on 27 December 2001. Niagara Mohawk shareholders who did not receive that mailing should contact the information agent for this transaction, Mellon Investor Services, on 1 800 953 2703 as soon as possible. Mailing and delivery instructions are also available on the companies' websites at www.nationalgrid.com and www.niagaramohawk.com.

STOCK EXCHANGE ANNOUNCEMENT- 29 JANUARY 2002

NATIONAL GRID ANNOUNCES FINAL ELECTION RESULTS AND ALLOCATION OF CONSIDERATION

On 17 January 2002 National Grid Group plc ("National Grid") announced that, in accordance with the Merger Agreement governing the terms of the acquisition of Niagara Mohawk Holdings, Inc. ("Niagara Mohawk"), Niagara Mohawk shareholders will receive consideration of 18.89 dollars for each share of Niagara Mohawk common stock held, which they could elect to receive in the form of \$18.89 cash per share, 0.5863 National Grid American Depositary Shares ("ADSs") per share or a combination of both.

The deadline for Niagara Mohawk shareholders to make their elections expired on 24 January 2002 and the deadline for delivery of Niagara Mohawk shares under the guarantee of delivery mechanism expired on 28 January 2002. At the expiry of this deadline, valid elections were received representing approximately 140.6 million Niagara Mohawk shares or 88 per cent of the 160.2 million shares outstanding. Of these shares, approximately 65.2 million shares (46 per cent of the electing shares) elected for cash consideration, and approximately 75.4 million shares (54 per cent of the electing shares) elected for ADS consideration. The remaining Niagara Mohawk shares, approximately 19.6 million or 12 per cent of the total shares outstanding, were recorded as non-electing shares.

Under the Merger Agreement, the aggregate cash consideration offered to all Niagara Mohawk shareholders was 1.015 billion dollars. However, the Merger Agreement allows National Grid, at its sole discretion, to increase the cash component of the total consideration if cash elections received from all Niagara Mohawk shareholders exceed 1.015 billion dollars. Given that the cash elections exceeded this level, National Grid has increased the aggregate cash component of the consideration to ensure that all valid cash elections are satisfied in full. Niagara Mohawk shareholders who elected cash for some or all of their shares will therefore receive 18.89 dollars cash per share, representing 1.23 billion dollars in aggregate.

Similarly, all valid ADS elections will be satisfied in full.

Edgar Filing: NATIONAL GRID GROUP PLC - Form 6-K

Niagara Mohawk shareholders who elected ADSs for some or all of their shares will receive their consideration in the form of National Grid ADSs based on an exchange ratio of 0.5863 National Grid ADSs per Niagara Mohawk share.

Holders of Niagara Mohawk shares who did not make a valid election will receive 0.5863 National Grid ADSs for each Niagara Mohawk share held.

In aggregate, the consideration for the acquisition will be allocated 41 per cent to cash and 59 per cent to ADSs. The total number of ADSs issued for the acquisition is approximately 56 million, representing approximately 279 million ordinary shares. This represents approximately 16 per cent of the enlarged share capital.

As provided for in the Merger Agreement, National Grid will not issue any fractional ADSs. Niagara Mohawk shareholders entitled to a fractional ADS will receive a cash payment based on the fractional interest held and the closing price for a National Grid ADS as reported on the New York Stock Exchange on the date the acquisition is completed.

Roger Urwin, National Grid Group Chief Executive, said, "We are pleased that we have been able to meet all valid elections as submitted. This is an excellent transaction for shareholders which will immediately enhance earnings per share after goodwill amortisation and before exceptional items."

National Grid expects to complete the acquisition of Niagara Mohawk on 31 January 2002. It is expected that dealings in the National Grid ADSs issued pursuant to the acquisition will commence on the New York Stock Exchange under the symbol "NGG" at 9.30 a.m. (New York time) on 1 February 2002.

The Bank of New York, as exchange agent, will commence distributing the consideration to Niagara Mohawk shareholders who made valid elections in the form of cheques or direct registration advice forms no later than 6 February 2002. Niagara Mohawk shareholders who did not make a valid election will be sent instructions on how to claim their consideration on or about 14 February 2002.
