TO BE HELD JUNE 18, 2015

INFORMATION CONCERNING THIS SOLICITATION

The Board of Directors of Universal Display Corporation ("we", "us" or the "Company") is soliciting proxies for the 2015 Annual Meeting of Shareholders to be held on Thursday, June 18, 2015, at 4:00 p.m., Eastern Time, at the Crowne Plaza Philadelphia West hotel located at 4010 City Avenue, Philadelphia, Pennsylvania 19131 (the "Annual Meeting"). This proxy statement contains important information for shareholders to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

At the Annual Meeting, our shareholders will be asked to vote upon:

- (1) the election of nine members of our Board of Directors to hold one-year terms;
 - (2) a proposal to approve an advisory resolution regarding executive officer compensation;
 - (3) a proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2015; and
 - (4) such other business as may properly come before the meeting or any postponements or adjournments thereof.
- Voting materials, which include the proxy statement, a proxy card and our 2014 Annual Report to Shareholders, will be mailed to all registered shareholders beginning on or about April 23, 2015. Shareholders holding their shares in "street name" should receive the proxy statement and a voting instruction form from their broker, bank or other custodian, nominee or fiduciary. We will pay the expenses of these solicitations. In addition to solicitation by mail, proxies may be solicited by telephone or in person by some of our officers, directors and regular employees or independent contractors who will not be specially engaged or compensated for such services. Our principal executive offices are located at 375 Phillips Boulevard, Ewing, New Jersey 08618. Our general telephone number is (609) 671-0980.

VOTING AT THE ANNUAL MEETING

Our Board of Directors has set April 8, 2015 as the record date for the Annual Meeting (the "Record Date"). As of the Record Date, we had outstanding 45,869,442 shares of common stock and 200,000 shares of Series A Nonconvertible Preferred Stock. Each holder of our common stock or Series A Nonconvertible Preferred Stock is entitled to one vote per share on all matters to be voted on at the Annual Meeting. Holders of our common stock and Series A Nonconvertible Preferred Stock vote together as a single class on all matters.

Only shareholders of record as of the close of business on the Record Date may attend and vote at the Annual Meeting. The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on a particular matter to be acted upon at the Annual Meeting will constitute a quorum for purposes of that matter. Shareholders of record who return a proxy card but abstain from voting or fail to vote on a particular matter will be considered "present" for quorum purposes with respect to the matter. In addition, shares held by brokers or nominees who have notified us on a proxy card or otherwise in accordance with industry practice that they have not received voting instructions with respect to a particular matter and that they lack or have declined to exercise voting authority with respect to such matter (referred to in this proxy statement as "uninstructed shares"), will be considered "present" for quorum purposes with respect to the matter. Votes not cast by brokers or nominees with respect to uninstructed shares are referred to in this proxy statement as "broker non-votes."

The persons named in the enclosed proxy will vote the shares represented by each properly executed proxy as directed therein. In the absence of such direction on a properly executed proxy card, the persons named in the enclosed proxy

will vote “FOR” the persons nominated by our Board of Directors for election as directors; “FOR” the proposal to approve, on an advisory basis, the compensation of our executive officers; and “FOR” ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2015. As to other items of business that may properly be presented at the Annual Meeting for action, the persons named in the enclosed proxy will vote the shares represented by the proxy in accordance with their best judgment.

A shareholder of record may revoke his or her proxy at any time before its exercise by giving written notice of such revocation to our Corporate Secretary. In addition, any shareholder of record may vote by ballot at the Annual Meeting, even if he or she has already returned a proxy card.

The preliminary voting results will be announced at the Annual Meeting. The final results will be reported in a Current Report on Form 8-K to be filed within four business days following the date of the Annual Meeting. Your vote is important. Please complete, sign and return the accompanying proxy card or voting instruction form whether or not you plan to attend the Annual Meeting. If you plan to attend the Annual Meeting to vote in person and your shares are registered with our transfer agent in the name of a broker, bank or other custodian, nominee or fiduciary, you must secure a proxy from that person or entity assigning you the right to vote your shares of common stock.

Each nominee has consented to being nominated and to serve if elected. If any nominee should subsequently decline or be unable to serve, the persons named in the proxy will vote for the election of such substitute nominee as shall be determined by them in accordance with their best judgment.

Pursuant to our Amended and Restated Articles of Incorporation, the holder of our Series A Nonconvertible Preferred Stock is entitled to nominate and elect two of the members of our Board of Directors. Vote Required and Recommendation of our Board of Directors

At the Annual Meeting, each director will be elected by a majority of the votes cast with respect to that director at the meeting. For these purposes, a vote of the majority of the votes cast means that the number of shares voted “for” a director exceeds 50% of the votes cast with respect to that director. Abstentions on this proposal are not considered “votes cast” and will have no effect on the outcome of the vote. Similarly, broker non-votes are not considered “votes cast” with respect to this proposal and, therefore, will have no effect on the outcome of the vote. Shareholders do not have cumulative voting rights with regard to the election of members of our Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR”
EACH OF THE NOMINEES FOR DIRECTOR.

Director Independence

Our Board of Directors established a Nominating and Corporate Governance Committee in September 2014, whose duties include, among others, making recommendations for approval to the full Board of Directors with regard to director independence. The members of our Nominating and Corporate Governance Committee are Ms. Gemmill, Mr. Hartley (Chair) and Mr. Lacerte. Each member of our Nominating and Corporate Governance Committee is an independent director under the NASDAQ listing requirements. Our Nominating and Corporate Governance Committee operates pursuant to a written charter, adopted by our Board of Directors in September 2014, which is publicly available through the “For Shareholders — Corporate Governance” section of our website at www.udcoled.com. After the Nominating and Corporate Governance Committee makes its recommendations to the Board of Directors with regard to director independence, our Board of Directors considers and approves these recommendations. In so doing, the Board of Directors has determined that a majority of its members are “independent directors” within the meaning of applicable NASDAQ listing requirements. Our independent directors are Mr. Becker, Mr. Elias, Ms. Gemmill, Ms. Greco, Mr. Hartley and Mr. Lacerte. In addition, based on these listing requirements, our Board of Directors has determined that Mr. Seligsohn, Mr. Abramson and Mr. Rosenblatt are not independent directors because they are all officers of the Company.

Our independent directors meet in executive session on a periodic basis in connection with regularly-scheduled meetings of the full Board of Directors, as well as in their capacity as members of our Audit, Compensation, and Nominating and Corporate Governance Committees, as applicable.

In evaluating director independence, the disinterested members of our Nominating and Corporate Governance Committee and the Board of Directors considered our relationship with Exponent Technologies, Inc. (“Exponent”). Exponent is a provider of information system services for payroll, benefits and human resources management. Mr. Lacerte is Chairman of the Board of Directors and Chief Executive Officer of Exponent. For 2014, we paid a total of approximately \$21,092 to Exponent in connection with its provision of these services to us. This amount is well below the threshold for director independence under the NASDAQ listing requirements. There being no other factors suggesting that this relationship might impair Mr. Lacerte’s independence, the disinterested members of our Nominating and Corporate Governance Committee and the Board of Directors concluded that Mr. Lacerte should be treated as an independent director.

Board and Committee Meetings; Annual Meeting Attendance

In 2014, our Board of Directors held eight meetings, our Audit Committee held five meetings, our Compensation Committee held six meetings and our Nominating and Corporate Governance Committee (formed in September 2014) held one meeting. In addition, during meetings of our full Board of Directors, members of our Audit Committee approved various audit and non-audit services, and members of our Compensation Committee approved various matters relating to equity compensation. All members of the Board attended 100% of the Board meetings and at least 80% of the meetings of the committees on which they serve.

All incumbent directors and nominees for election as director are encouraged, but not required, to attend our annual meetings of shareholders. All current members of our Board of Directors attended our Annual Meeting of Shareholders in 2014, other than Ms. Greco who joined the Board in March 2015.

Director Nominations

In September 2014, our Board of Directors established a Nominating and Corporate Governance Committee, whose duties include, among others, recommending to the full Board of Directors candidates for election and re-election as directors. The Nominating and Corporate Governance Committee recommends candidates for election as directors, and the Board of Directors then approves the candidates who will be nominated to stand for election. In nominating candidates for election as directors, both our Nominating and Corporate Governance Committee and our full Board of Directors consider the skills, experience, character, commitment and diversity of background of each potential nominee, all in the context of the requirements of our Board of Directors at that point in time. With respect to their consideration of diversity of background, neither our Nominating and Corporate Governance Committee nor our full Board of Directors has a formal policy of assessing diversity with respect to any particular qualities or attributes. Each candidate should be an individual who has demonstrated integrity and ethics, has an understanding of the elements relevant to the success of a publicly-traded company, and has established a record of professional accomplishment in such candidate’s chosen field. Each candidate also should be prepared to participate in all Board and committee

meetings that he or she attends, and should not have other personal or professional commitments that might reasonably be expected to interfere with or limit such candidate's ability to do so. Additionally, in determining whether to recommend a director for re-election, the director's past attendance at Board and committee meetings is considered. Our Board of Directors has no stated specific, minimum qualifications that must be met by candidates for election as directors. However, in accordance with SEC rules and applicable NASDAQ listing requirements, at least one member of our Board of Directors is expected to meet the criteria for an "audit committee financial expert" as defined by SEC rules, and a majority of the members of the Board are expected to meet the definition of "independent director" within the meaning of SEC rules and applicable NASDAQ listing requirements.

Any shareholder of record entitled to vote in the election of directors at an annual or special meeting of our shareholders may nominate one or more persons to stand for election to the Board at such meeting in accordance with the requirements of our Amended and Restated Bylaws. In order to be considered by our Board of Directors in connection with the nominations process for our 2016 Annual Meeting of Shareholders, all such director nominations must be received by our Corporate Secretary at our principal executive offices by February 19, 2016. Each such submission must be in writing and must comply with the notice, information and consent provisions contained in our Amended and Restated Bylaws. In addition, each such submission must include any other information required by Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Submissions should be addressed to our Corporate Secretary at the following address: Universal Display Corporation, 375 Phillips Boulevard, Ewing, New Jersey 08618.

Our Nominating and Corporate Governance Committee will consider all candidates identified by shareholders through the processes described above, and will evaluate each of them, including incumbent directors, based on the same criteria and make a recommendation to the full Board of Directors relating to all candidates for director. Although we have no formal policy regarding shareholder nominees, our Board of Directors believes that shareholder nominees should be viewed in substantially the same manner as other nominees. The consideration of any candidate for director will be based on an assessment of the individual's background, skills and abilities, together with an assessment of whether such characteristics qualify the individual to fulfill the needs of our Board of Directors at that time.

Board Leadership Structure

Since December 2007, when Mr. Abramson became our Chief Executive Officer and Mr. Seligsohn took the title Founder and Chairman of the Board, our Board of Directors has had a leadership structure in which the Board's chair and our Chief Executive Officer are different persons. Prior to that time, Mr. Seligsohn served both as Chief Executive Officer and Chairman of the Board. However, since Mr. Seligsohn remains an officer of the Company and a member of our management team, he continues to serve as the leader of our Board of Directors.

We believe that the overlap between our Board of Directors and executive management has been advantageous to us, as we have benefited from strong, clear, consistent and cohesive leadership, with a senior executive setting the tone and having ultimate responsibility for all of our operating and strategic functions, thus providing unified leadership and direction for our Board of Directors and our operational functions. While our Board of Directors has never concluded that the role of Chairman must always be held by a senior executive, and reserves the right to reconsider this matter, it intends to continue the current arrangement for the foreseeable future.

Our Board of Directors does not have a lead independent director, but receives strong leadership from all of its independent members. Additionally, as discussed above, our independent directors meet in executive session on a periodic basis in connection with regularly-scheduled meetings of the full Board of Directors, as well as in their capacity as members of our Audit, Compensation and Nominating and Corporate Governance Committees. All of our directors take active roles in the activities of our Board of Directors and at meetings of the full Board. The Board of Directors believes that this open structure, as compared to a system in which there is a designated lead independent director, facilitates a strong sense of responsibility among our directors, as well as active and effective oversight by the independent directors of our operations and strategic initiatives, including the risks that may be attendant thereto. All members of our Board of Directors are able to propose items for inclusion on Board meeting agendas, and our Board meetings include time for discussion of items not on the formal agenda.

Our Board is comprised of nine directors - six independent directors and three directors who are executive officers of the Company. Each of our directors is a sophisticated and seasoned business person, experienced in board processes and knowledgeable regarding matters of corporate governance, and has substantial leadership experience in his or her field. For additional information about the backgrounds and qualifications of our directors, see above under the heading "Proposal 1 – Election of Directors."

Audit Committee

Our Board of Directors has established a standing Audit Committee. The members of our Audit Committee are Mr. Becker, Mr. Elias, Ms. Gemmill (Chair), Mr. Hartley, and Mr. Lacerte.

Our Audit Committee operates pursuant to a written charter that complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the Securities and Exchange Commission (the "SEC") and NASDAQ listing standards. The Audit Committee Charter was last reviewed by our Audit Committee and approved by our

Board of Directors on April 7, 2015, and a copy of the charter is publicly available through the “For Shareholders — Corporate Governance” section of our website at www.udcoled.com.

6

According to its charter, our Audit Committee is responsible for, among other things:

- reviewing our financial statements and discussing these statements and other relevant financial matters with management and our independent registered public accounting firm;
- selecting and evaluating our independent registered public accounting firm and approving all audit engagement fees and terms;
- pre-approving all audit and non-audit services provided to us, including the scope of such services, the procedures to be utilized and the compensation to be paid;
- assessing the effectiveness of our internal control system and discussing this assessment with management and our independent registered public accounting firm;
- reviewing our financial reporting and accounting standards and principles, significant changes in these standards and principles, or in their application, and key accounting decisions affecting our financial statements, including alternatives to, and the rationale for, these decisions;
- discussing with management and our independent registered public accounting firm, as appropriate, our risk assessment and risk management policies, including our major exposures to financial risk and the steps taken by management to monitor and mitigate these exposures; and
- reviewing and investigating any matters pertaining to the integrity of management, including any actual or potential conflicts of interest or allegations of fraud, and the adherence of management to our standards of business conduct.

Each member of our Audit Committee meets the financial knowledge and independence criteria of the NASDAQ listing requirements. Our Board of Directors has determined that Ms. Gemmill is an “audit committee financial expert” as such term is defined under SEC regulations and that Ms. Gemmill meets the financial sophistication and independence standards mandated by the NASDAQ listing requirements.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed and discussed with Company management the audited financial statements of the Company for the fiscal year ended December 31, 2014, as well as management’s assessment of the Company’s internal control over financial reporting as of December 31, 2014. In addition, the Audit Committee has discussed with the Company’s independent registered public accounting firm, KPMG LLP, the matters required to be discussed by Public Company Accounting Oversight Board (the “PCAOB”) Auditing Standard No. 16. The Audit Committee also has received the written disclosures and the letter from KPMG LLP required by the PCAOB regarding KPMG LLP’s communications with the Audit Committee concerning independence and has discussed the independence of KPMG LLP with that firm. Based on the Audit Committee’s review of the matters noted above and its discussions with management and the Company’s independent registered public accounting firm, the Audit Committee recommended to the Company’s Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the period ended December 31, 2014.

Compensation Committee

Our Board of Directors has established a standing Compensation Committee. The members of our Compensation Committee are Mr. Becker, Ms. Gemmill (Chair), Mr. Hartley and Mr. Lacerte.

Our Compensation Committee operates pursuant to a written charter adopted in June 2013. The Compensation Committee Charter was last reviewed by our Compensation Committee and approved by our Board of Directors on April 7, 2015, and a copy of the charter is publicly available through the “For Shareholders — Corporate Governance” section of our website at www.udcoled.com.

According to its charter, our Compensation Committee is responsible for, among other things:

- recommending to the full Board of Directors the base salary, incentive compensation and any other compensation for the Company’s Chief Executive Officer and other senior executive officers;
- recommending to the full Board of Directors the compensation for service as a member of the Board of Directors or any Board committees;
- reviewing and approving or ratifying management’s recommendations for equity compensation awards to other employees and consultants of the Company;
- administering and discharging the duties imposed on the Compensation Committee under the terms of the charter, the Company’s Equity Compensation Plan, Employee Stock Purchase Plan and the Supplemental Executive Retirement Plan; and
- performing such other functions and duties as are deemed appropriate by the full Board of Directors.

Our Compensation Committee has historically determined the compensation for the Company’s executive officers in two stages. Base salary adjustments and perquisites and other benefits (life insurance coverage, automobile allowance, etc.) traditionally have been approved to coincide with the annual employment anniversaries of these individuals with the Company. Annual bonus awards, long-term incentive equity compensation awards, and any special cash or non-cash awards typically have been granted shortly after year-end. This enables the Compensation Committee to review and consider the Company’s fiscal performance for the year in determining these awards.

Compensation for non-employee members of our Board of Directors for 2014 was recommended by our Compensation Committee and approved by the Board of Directors in December 2013. This compensation was paid in quarterly installments shortly following the end of each quarter during the year. No separate compensation was awarded for committee service, other than additional compensation paid to the committee chairs, and directors who are employees or officers of the Company did not receive compensation for their service on the Board.

In order to facilitate the Compensation Committee’s activities, Company management recommends to the Committee proposed compensation for the Company’s executive officers and directors. However, the Committee exercises independent judgment in determining compensation for the Company’s executive officers and directors, and in recommending this compensation to the full Board of Directors for approval. As part of this process, the Compensation Committee meets in executive session to review and ultimately finalize its recommendations.

The Compensation Committee has consulted from time to time as to compensation matters with Hay Group, Inc. (“Hay Group”), which was first engaged by the Compensation Committee in 2009 as consultants to review compensation for the Company’s Chief Executive Officer and Chief Financial Officer. As discussed in “Executive Compensation – Compensation Discussion and Analysis,” the Compensation Committee consulted with the Hay Group in establishing the executive compensation program for 2014.

Compensation Committee Interlocks and Insider Participation

Each member of our Compensation Committee is an independent director under the NASDAQ listing requirements. None of the members of our Compensation Committee were officers or employees of the Company or its subsidiary during 2014, were formerly officers of the Company or its subsidiary, or had any relationship with the Company since the beginning of 2014 that requires disclosure under Item 404 of Regulation S-K. Nor have there been since the beginning of 2014 any compensation committee interlocks involving our directors and executive officers that require disclosure under Item 407 of Regulation S-K.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with Company management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Philosophy and Objectives

Compensation and benefits programs are an important part of the relationship between our Company and its executive officers. Compensation for our executive officers is intended to be competitive, thereby allowing us to attract, motivate and retain talented personnel. We also seek to reward our executive officers for accomplishments and contributions to the Company's long-term strategic and short-term business goals.

How We Determine Executive Compensation

Introduction

The process of establishing compensation for our Named Executive Officers (as defined below) for 2014 began, as in prior years, with a review of the compensation paid to our executive officers in recent years. We have historically used prior compensation as a starting point because we believe, as a general matter, that executive compensation should remain relatively consistent from year-to-year while providing appropriate incentives for achieving desired results. By keeping executive compensation relatively constant year-to-year, we provide a stable pay environment for our executive officers while they work to grow our business and revenues in an industry and market that are still at an early stage, which poses risks for our business.

Beginning in 2013, the Compensation Committee, with assistance of the Hay Group, established new performance based short-term and long-term incentive programs, which also formed the structural basis for our executive officers' 2014 compensation. With prior compensation as a baseline, the Committee considered the extent to which we achieved our business goals for the 2013 year to set the 2014 performance target goals. As discussed below under "Annual cash bonus awards" for 2014, the Compensation Committee established individual targets relating to the short-term incentive program, in accordance with the Universal Display Corporation Annual Incentive Plan ("AIP") approved by shareholders in June 2013. Under the approved program, each of our Named Executive Officers was eligible to receive cash incentive payments, whereby targets were set as an individually defined percentage of their base salary with actual target payouts further modified, based on the achievement of pre-established performance goals at threshold, target and maximum levels.

With respect to long-term incentive compensation for 2014, our Named Executive Officers received a target long-term incentive award in an amount ranging from 50% to 150% of their base salaries. One-half of each award granted in 2014 was in the form of time-vesting restricted stock units (“RSUs”) that vest over three years from the date of grant on a pro-rata basis with one-third vesting each year. The remaining half of each long-term incentive award for 2014 was in the form of performance share units (“PSUs”) that will vest based on the achievement of pre-established relative performance goals over a three-year performance period from January 2014 through December 2016. Half of the PSUs awarded in March 2014 will vest based on the achievement of cumulative revenue growth relative to cumulative revenue growth of the companies in the NASDAQ Electronics Components Index, with the other half vesting based on the achievement of total shareholder return relative to total shareholder return of the companies in the NASDAQ Electronics Components Index. The PSU target awards are subject to a multiplier ranging from 0x to 2x based upon the percentile achievement with respect to each relative target.

Finally, the Compensation Committee considered other factors that may be relevant, as well as whether the state of the general economy should have any impact on compensation decisions respecting our executive officers.

Executive management makes recommendations to our Compensation Committee regarding all aspects of compensation for our Named Executive Officers. However, final decisions on any major element of compensation, as well as total compensation for our Named Executive Officers, are made by our Compensation Committee. Awards to our Named Executive Officers are then approved by our full Board of Directors. Our Chief Executive Officer, Chief Financial Officer and Founder do not participate in Compensation Committee or Board deliberations regarding their respective compensation. Also, meetings of our Compensation Committee are scheduled well in advance of the proposed meeting date, and the Committee does not establish equity grant dates in order to affect the value of any particular award.

In making compensation decisions, the Compensation Committee considered whether the proposed compensation to our Named Executive Officers is within the range of compensation generally known to be paid to executives at other companies. Other than in any data provided by Hay Group, information on the compensation paid to executives at other companies is not tabulated or summarized, and the Compensation Committee did not engage in any formal form of compensation benchmarking.

In determining executive compensation, the Compensation Committee considered the current value to our executive officers of compensation paid or issued to them for prior years. However, the Compensation Committee has not focused on gains or losses from prior option grants or other awards because it believes that those gains or losses are not particularly significant in relation to overall compensation, and that gains or losses from prior awards do not have a substantial effect on the future performance of our executive officers.

From time to time, we utilize external consultants to assist in determining executive compensation. As discussed above, in 2009, the Compensation Committee of our Board of Directors engaged Hay Group as consultants to review compensation for the Company’s Chief Executive Officer and Chief Financial Officer, and to estimate the financial impact of adopting a proposed supplemental retirement plan for certain of the Company’s executive officers. The Compensation Committee has continued to consult with Hay Group over time, including in establishing the new compensation program for 2013 and 2014 on which the Hay Group advised.

Elements of Compensation

For 2014, total compensation to our executive officers consisted of the following elements:

- Base salaries;
- Annual cash bonus awards;
- Long-term incentive equity compensation awards;
- Supplemental retirement benefits;
- Special event awards; and
- Perquisites and other benefits.

Our Named Executive Officers receive both cash and non-cash, or equity, compensation. We use long-term incentive awards that vest over time largely to motivate our executive officers to perform in future years. For 2014, equity compensation was in the form of long-term incentive stock awards RSUs that vest pro-rata over a three-year time period and PSUs that vest based on the achievement of pre-established relative performance goals over a three-year performance period from January 2014 through December 2016. Half of the PSUs awarded in March 2014 will vest

based on the achievement of cumulative revenue growth relative to cumulative revenue growth of the companies in the NASDAQ Electronics Components Index, with the other half vesting based on the achievement of total shareholder return relative to total shareholder return of the companies in the NASDAQ Electronics Components Index. While in the past we have issued immediately vesting stock awards associated with special events, no such stock awards were made in 2014.

10

We also utilize annual cash bonus awards to reward our executive officers for their performance during the past year, which were awarded under the AIP in 2014 for 2013 performance, and one Named Executive Officer received cash bonuses during 2014 relating to various patent awards on which she was a named inventor. Beginning in 2010, we also started using supplemental retirement benefits to incentivize our executive officers to continue to provide valuable leadership to the Company. Our executive officers also receive other perquisites and benefits, outlined below, that we believe are nominal in their overall compensation structure, but still significant. We believe that each of these components is an important and necessary element of executive compensation.

Should unusual events or circumstances occur which have a material impact on our Company, we would expect the Compensation Committee to consider them in deciding whether to make any significant changes in executive compensation.

Base salaries

We believe that there is a general expectation by our executive officers that their base salaries will remain relatively consistent year-to-year, subject to limited merit-based adjustments. We also believe that this relatively simple approach is commonly used to determine the base salaries of executives at other small companies, though we have not conducted independent research to verify this. More substantial adjustments in the base salaries of our executive officers may be warranted in the future when the market for our OLED technologies and materials matures, or under circumstances different from those in our current environment.

In 2014, the base salaries of our Named Executive Officers were moderately increased by 3.5% over the prior year. This was consistent with prior year base salary increases for these executive officers and with increases in the base salaries of our other employees during 2014. The increases were primarily merit-based and intended to reward our executive officers for their overall performance on behalf of the Company. To a lesser extent, the increases were intended to offset increases in the cost of living, although no actual survey of cost of living indices was conducted. The base salaries of Mr. Abramson, Mr. Rosenblatt and Mr. Seligsohn were adjusted effective as of July 1, 2014, the traditional salary adjustment date for each of these individuals. The base salaries of Dr. Brown and Mr. Premutico were adjusted effective as of their annual employment anniversary dates of June 22, 2014 and April 16, 2014, respectively.

Consistent with previous years, all adjustments to the salaries of our executive officers for 2014 were recommended by executive management and approved by our Compensation Committee at meetings held on December 19, 2013. As in the past, each of Mr. Abramson and Mr. Rosenblatt received the same base salary in 2014. This reflects our historic practice of treating these two individuals equally based on their longstanding dedication and commitment to the Company, their shared responsibility for overall management of the Company, and the comparable value that each of them has provided and continues to provide to our business success.

Additionally, consistent with previous years, all adjustments to the salaries of our executive officers for 2015 were recommended by executive management and approved by our Compensation Committee at meetings held on December 18, 2014. In 2015, the base salaries of our Named Executive Officers are to be moderately increased by 3.5% over 2014 on the traditional salary adjustment date of July 1 for Mr. Abramson, Mr. Rosenblatt and Mr. Seligsohn and on the annual employment anniversary dates of June 22 and April 16, respectively, for Dr. Brown and Mr. Premutico. This is consistent with prior year base salary increases for these executive officers and with increases in the base salaries of our other employees for 2015.

Annual cash bonus awards

For 2013 year-end performance, cash bonus awards to our executive officers (reflected in the Summary Compensation Table under “2014,” which were recommended by our Compensation Committee and approved by our full Board of Directors at a meeting held on March 3, 2014) were in the following amounts: Mr. Abramson – \$842,394; Mr. Rosenblatt – \$842,394; Mr. Seligsohn – \$407,719; Dr. Brown – \$591,686; and Mr. Premutico – \$300,533. These payments were then subject to customary tax withholding consistent with applicable requirements. For the reasons indicated earlier, Mr. Abramson and Mr. Rosenblatt again received the same bonus awards for 2013. In addition, Dr. Brown also received cash bonuses during 2014 relating to various patent awards on which she was a named inventor, which totaled approximately \$5,500.

AIP Grants

The AIP (adopted by the Board in March 2013 and approved by the shareholders in June 2013) is a bonus plan pursuant to which all senior executives of the Company and its subsidiaries are eligible to participate to earn a bonus based on the achievement of performance objectives. The Compensation Committee designates which senior executives will participate in the AIP for each fiscal year. In order to be eligible to receive a bonus payment, the participant must be actively employed by the Company or a subsidiary on the date on which the bonus is paid, except as described below in the event of death, disability, or a leave of absence.

11

Bonus awards under the AIP are awarded to eligible participants on an annual basis, if the performance goals established by the Compensation Committee are met. At the beginning of each fiscal year, the Compensation Committee will establish each participant's target and maximum bonus award, the performance goals applicable to the bonus award, and such other conditions as the Compensation Committee deems appropriate. The performance goals may provide for differing amounts to be paid (e.g., threshold, target, and maximum amounts) based on differing levels of performance for each performance goal. The performance goals may relate to the financial performance of the Company and its subsidiaries or one or more business units, and, where appropriate, they may relate to a participant's personal performance.

At the end of the fiscal year, the Compensation Committee will determine the extent to which the performance goals and other conditions of the bonus awards have been met, and the amount, if any, to be paid to each participant. A participant will not earn a bonus for any portion of the performance goals for a fiscal year under the AIP if the level of achievement of the performance goals is below the threshold requirement to earn an award, as established by the Compensation Committee.

Any bonus awards that are earned shall be paid at or shortly after the end of each fiscal year, after the Compensation Committee certifies attainment of the performance goals, provided the participant is actively employed by the Company on the payment date. Bonus awards under the AIP are payable in cash, shares of our common stock or stock units under the Universal Display Corporation Equity Compensation Plan, or such other form as the Compensation Committee determines in its discretion.

The AIP is intended to meet the requirements for "qualified performance-based compensation" under Section 162(m) of the IRC. For grants that are intended to meet the requirements of qualified performance-based compensation, the Compensation Committee will establish, in writing, the objective performance goals that must be met, the performance period during which these goals must be met, the threshold, target, and maximum amounts that would be paid if the performance goals are met, and any other conditions that the Compensation Committee deems appropriate and consistent with the AIP and Section 162(m) of the IRC. The performance goals must be based on one or more of the following criteria, either in absolute terms or in comparison to publicly available industry standards or indices: stock price, return on equity, assets under management, EBITDA, earnings per share, price-earnings multiples, net income, operating income, revenues, working capital, accounts receivable, productivity, margin, net capital employed, return on assets, shareholder return, return on capital employed, increase in assets, operating expense, unit volume, sales, internal sales growth, cash flow, market share, relative performance to a comparison group designated by the Compensation Committee, or strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The Compensation Committee may reduce or increase a bonus award for any fiscal year based on its assessment of personal performance or other factors. Any reduction of a participant's bonus cannot result in an increase in any other participant's bonus.

For 2014, our Compensation Committee set pre-established weighted performance goals on the following: 20% upon achievement of a target revenue goal of approximately \$197 million; 20% upon achievement of a goal for adjusted earnings before interest, taxes, depreciation and amortization ("EBITDA") of approximately \$87 million; 20% upon achievement of a target operating expenses goal of approximately \$66 million, and 40% based upon team and individual key performance indicators. The overall bonus amount to be paid, after using the above pre-established weighted performance goals, may be modified up or down by an additional 25% based on the individual's specific performance. For 2014, the Named Executive Officers AIP targets are set forth below:

Name	Base Salary (\$)	Annual Incentive Target (% of Base)	Annual Incentive Target (\$)
Steven V. Abramson President and Chief Executive Officer	612,539	100	612,539
Sidney D. Rosenblatt Executive Vice President and Chief Financial Officer	612,539	100	612,539
Sherwin I. Seligsohn Founder and Chairman of the Board	370,586	80	296,469
Julia J. Brown, Ph.D.	430,239	100	430,239

Senior Vice President and Chief Technical Officer

Mauro Premutico

Vice President Legal and General Manager, Patents and Licensing	364,217	60	218,530
--	---------	----	---------

12

The maximum bonus award that may be achieved under the non-individual performance criteria of the AIP is 150% of the annual incentive target award, which amount may be modified by an additional plus or minus 25% based on the individual's performance. Therefore, each Named Executive Officer was eligible to earn an amount ranging from 0% to 188% of his or her base salary. The awards paid to the Named Executive Officers for 2014 year-end performance under the AIP were: Mr. Abramson – \$900,662 (constituting 147% of base salary); Mr. Rosenblatt – \$900,662 (constituting 147% of base salary); Dr. Brown – \$632,612 (constituting 147% of base salary); Mr. Seligsohn – \$435,920 (constituting 118% of base salary); and Mr. Premutico – \$321,320 (constituting 88% of base salary). These cash bonus awards to our Named Executive Officers for 2014 year-end performance were recommended by our Compensation Committee and approved by our full Board of Directors at meetings held on March 3, 2015. These payments were then subject to customary tax withholding consistent with applicable requirements. For the reasons indicated earlier, Mr. Abramson and Mr. Rosenblatt again received the same bonus awards for 2014 year-end performance.

Long-term incentive equity compensation awards

We use long-term incentive equity compensation awards to link the compensation paid to our executive officers with our future performance and the future performance of our common stock. We believe that this helps align the interests of our executive officers with those of our shareholders. We also use these awards to encourage our executive officers to remain with the Company through the applicable vesting period. As with other compensation to our executive officers, long-term incentive equity compensation awards are recommended by executive management and approved by our Compensation Committee and full Board of Directors.

Historically, long-term incentive equity compensation awards have been granted to our executive officers on an annual basis in conjunction with the grant of annual bonus awards to these individuals. Prior to 2013, these awards generally were in the form of restricted share awards that vested over a period of time, with vesting contingent on the officer continuing to be employed by us on the vesting date. However, in 2013, the Compensation Committee, with the help of the Hay Group, implemented a new long-term incentive equity compensation approach that included a performance based element that was applied to a portion of the long-term incentive equity compensation awards made to our executive officers in the form of PSUs. These PSUs were based upon specific performance criteria applied over a multi-year performance period. The other part of each award under this approach was in the form of time-vesting RSUs.

With respect to long-term incentive compensation awards granted in 2014, our Named Executive Officers received a target long-term incentive award in an amount ranging from 60% to 100% of their base salaries. One-half of each award was in the form of time-vesting RSUs to vest one-third each year over three years on March 3, 2015, 2016 and 2017. The following time-vesting RSUs were approved by our Compensation Committee and full Board of Directors, and awarded, on March 3, 2014: Mr. Abramson – 8,857; Mr. Rosenblatt – 8,857; Mr. Seligsohn – 4,286; Dr. Brown – 6,221; and Mr. Premutico – 3,159. As with other compensation, Mr. Abramson and Mr. Rosenblatt received the same long-term incentive equity compensation awards.

The remaining one-half of each long-term incentive award granted in 2014 to our Named Executive Officers was in the form of PSUs. The PSUs will vest based on the achievement of pre-established relative performance goals over a three-year performance period from January 2014 through December 2016. Half of the PSUs awarded in March 2014 will vest based on the achievement of cumulative revenue growth relative to cumulative revenue growth of the companies in the NASDAQ Electronics Components Index, with the other half vesting based on the achievement of total shareholder return relative to total shareholder return of the companies in the NASDAQ Electronics Components Index. The PSU target awards are subject to a multiplier ranging from 0x to 2x based upon the percentile achievement with respect to each relative target. On March 3, 2014, the following PSU target awards were approved by the Compensation Committee and the full Board of Directors, subject to the application of the appropriate modifier at the end of the Performance Period based on the Compensation Committee's determination of the satisfaction of the performance goals: Mr. Abramson – 8,857; Mr. Rosenblatt – 8,857; Mr. Seligsohn – 4,286; Dr. Brown – 6,221; and Mr. Premutico – 3,159. As with other compensation, Mr. Abramson and Mr. Rosenblatt received the same long-term incentive equity compensation awards.

Additionally, long-term incentive equity compensation awards previously granted to our executive officers also vested at various points in 2014 and the first part of 2015. The first one-third of the restricted share awards granted to our executive officers on March 7 and 8, 2013 vested on March 7 and 8, 2014, and the second one-third of the same

restricted share awards vested on March 7 and 8, 2015. This resulted in the vesting of shares of common stock previously granted to our executive officers on March 7 and 8, 2014 and 2015, respectively, as follows: Mr. Abramson – 4,688 and 4,687 shares; Mr. Rosenblatt – 4,688 and 4,687 shares; Mr. Seligsohn – 2,778 and 2,778 shares; Dr. Brown – 3,480 and 3,479 shares; and Mr. Premutico – 1,306 and 1,305. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company’s payment of associated payroll taxes on behalf of these officers. The shares withheld for the March 7 and 8, 2014 and 2015 vestings, respectively, were as follows: Mr. Abramson – 1,894 and 2,110 shares; Mr. Rosenblatt – 1,894 and 2,110 shares; Mr. Seligsohn – 1,122 and 1,250 shares; Dr. Brown – 1,045 and 1,049 shares; and Mr. Premutico – 607 and 735.

13

The second one-third of the restricted share awards previously granted to our executive officers on March 8, 2012 vested on March 8, 2014, and the final one-third of the same restricted share awards vested on March 8, 2015. This resulted in the vesting of shares of common stock previously granted to our executive officers on March 8, 2014 and 2015, respectively, as follows: Mr. Abramson – 3,651 and 3,650 shares; Mr. Rosenblatt – 3,651 and 3,650 shares; Mr. Seligsohn – 2,163 and 2,163 shares; Dr. Brown – 2,640 and 2,640 shares; and Mr. Premutico – 0. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. The shares withheld for the March 8, 2014 and 2015 vesting, respectively, were as follows: Mr. Abramson – 1,475 and 1,643 shares; Mr. Rosenblatt – 1,475 and 1,643 shares; Mr. Seligsohn – 857 and 973 shares; Dr. Brown – 803 and 803 shares; and Mr. Premutico – 0.

The final one-third of restricted share awards previously granted to our executive officers on January 6, 2011 vested on January 6, 2014. This resulted in the vesting of shares of common stock previously granted to our executive officers as follows: Mr. Abramson – 2,875 shares; Mr. Rosenblatt – 2,875 shares; Mr. Seligsohn – 1,916 shares; Dr. Brown – 2,107 shares; and Mr. Premutico – 0. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. The shares so withheld were as follows: Mr. Abramson – 1,027 shares; Mr. Rosenblatt – 1,027 shares; Mr. Seligsohn – 689 shares; Dr. Brown – 756 shares; and Mr. Premutico – 0.

The fourth of five installments (50,000 shares) of the March 18, 2010 special retention awards granted to each of Mr. Abramson and Mr. Rosenblatt vested on March 18, 2014, and the final installment (50,000 shares) vested on March 18, 2015. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of these officers. For each of Mr. Abramson and Mr. Rosenblatt, the number of shares so withheld on March 18, 2014 was 20,210 and on March 18, 2015 was 22,510. The second of four installments (11,702 shares) of the March 8, 2012, 46,807 share special retention award to Dr. Brown vested on March 8, 2014, and the third of four installments (11,702 shares) vested on March 8, 2015. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of Dr. Brown. The shares so withheld for Dr. Brown were 3,559 in 2014, and 3,559 in 2015.

The second of five installments (9,553 shares) of the April 16, 2012, 47,766 share special retention award granted to Mr. Premutico vested on April 16, 2014, and the third of five installments (9,553 shares) vested on April 16, 2015. As with other equity awards that we grant, portions of the vesting shares were withheld in consideration of the Company's payment of associated payroll taxes on behalf of Mr. Premutico, which were 3,958 shares in 2014.

Additionally, based on the Compensation Committee's determination of the satisfaction of the performance goals over a performance period from January 2013 through December 2014 based on the achievement of cumulative revenue growth relative to cumulative revenue growth of the companies in the NASDAQ Electronics Components Index, subject to the application of the appropriate 2x modifier, on March 27, 2015, the Compensation Committee awarded PSUs (originally approved by the full Board on March 7, 2013) as follows: Mr. Abramson - 8,780; Mr. Rosenblatt - 8,780; Mr. Seligsohn - 4,249; Dr. Brown - 6,167; and Mr. Premutico - 3,132. As with other compensation, Mr. Abramson and Mr. Rosenblatt received the same long-term incentive equity compensation awards. Additionally, the Compensation Committee further determined that the performance criteria for the other half of the March 2013 PSU award based on the achievement of total shareholder return relative to total shareholder return of the companies in the NASDAQ Electronics Components Index was not met, and no corresponding award was made.

Finally, special restricted share awards were approved by our Compensation Committee and Board of Directors on April 7, 2015 for Mr. Abramson and Mr. Rosenblatt. For each of Mr. Abramson and Mr. Rosenblatt, the award relates to 250,000 shares of our common stock. The Company determined that it was in the best interests of our shareholders to grant these special retention awards to induce Mr. Abramson and Mr. Rosenblatt to continue to remain in the service of the Company and to promote the development of the Company, ensuring that the Company continues to benefit from their valuable leadership and vision. Consistent with other executive compensation decisions, Mr. Abramson and Mr. Rosenblatt received the same award amount.

Each special retention award for Mr. Abramson and Mr. Rosenblatt is subject to a retention agreement with the Company, which provides that the award will vest ratably over a five-year period beginning on the first anniversary of

the date of grant, subject to continued employment with the Company through the applicable vesting date. The awards are subject to accelerated vesting in the event of a change in control of the Company. Mr. Abramson and Mr. Rosenblatt are required to retain the shares for one year after vesting.

Supplemental retirement benefits

In 2010, our Compensation Committee and our Board of Directors approved and adopted the Universal Display Corporation Supplemental Executive Retirement Plan (SERP). The SERP is a nonqualified deferred compensation plan under the IRC and is unfunded. Participants include management or highly compensated employees of the Company who are selected by the Compensation Committee to receive benefits under the SERP. The SERP became effective on April 1, 2010. Mr. Abramson, Mr. Rosenblatt, and Dr. Brown were designated as participants in the SERP. Mr. Premutico was recently added as a participant as of December 19, 2013, and Mr. Seligsohn is not a participant in the SERP.

As discussed previously, the Compensation Committee engaged Hay Group to provide a report outlining various design alternatives for the SERP, the prevalence of similar benefits offered by other companies of various sizes (based on a survey by Hay Group that received over 800 responses), projected cost estimates for implementation of the SERP, and a summary of other design and accounting considerations for the SERP. The Compensation Committee considered Hay Group's recommendations in structuring and adopting the SERP.

The SERP was adopted to incentivize our executive officers to remain with the Company through retirement age. Under the SERP, if a participant resigns or is terminated without cause at or after age 65 and with at least 20 years of service, he or she will be eligible to receive a SERP benefit. The benefit is based on a percentage of the participant's annual base salary for the life of the participant. This percentage is 50%, 25% or 15%, depending on the participant's benefit class. If a participant resigns at or after age 65 and with at least 15 years of service, he or she will be eligible to receive a prorated SERP benefit. If a participant is terminated without cause or on account of a disability after at least 15 years of service, he or she will be eligible to receive a prorated SERP benefit regardless of age. The prorated benefit in either case will be based on the participant's number of years of service (up to 20), divided by 20. In the event a participant is terminated for cause, his or her SERP benefit and any future benefit payments are subject to immediate forfeiture.

In the event of a change in control of the Company, each participant in the SERP will become immediately vested in his or her benefit thereunder. Unless the participant's benefit has already fully vested, if the participant has less than 20 years of service at the time of the change in control, he or she will receive a prorated benefit based on his or her number of years of service (up to 20), divided by 20. If the change in control qualifies as a "change in control event" for purposes of Section 409A of the IRC, then each participant (including former employees who are entitled to SERP benefits) will receive a lump sum cash payment equal to the present value of the benefit immediately upon the change in control.

Mr. Abramson, Mr. Rosenblatt, Dr. Brown and Mr. Premutico are designated participants in the 50% benefit class. Their ages and respective years of service as of the Record Date are set forth in the table below.

Name	Age	Years of Service
Steven V. Abramson	63	18
Sidney D. Rosenblatt	67	18
Julia J. Brown, Ph.D.	54	16
Mauro Premutico	49	3

As individuals with special expertise and institutional knowledge that the Company considers to be highly valuable to the Company's continued success, Mr. Abramson and Mr. Rosenblatt are designated as special participants under the SERP. If either of them resigns or is terminated without cause after 20 years of service, or at or after age 65 and with at least 15 years of service, he will be eligible to receive a SERP benefit. If either of them is terminated without cause or on account of a disability, he will be eligible to receive a prorated SERP benefit regardless of age. The prorated benefit will be based on his number of years of service (up to 20), divided by 20.

On March 3, 2015, the Board of Directors, on the recommendation of the Compensation Committee, adopted Amendment 2015-1 to the SERP ("Amendment 2015-1"), which amended the SERP to provide that, for participants serving as executive officers of the Company as of that date, or who become an executive officer thereafter, the SERP benefit is based on a percentage of the participant's annual base salary and the participant's average annual bonus for the most recent three fiscal years ending prior to the participant's date of termination of employment with the Company for the life of the participant. Prior to adoption of Amendment 2015-1, the SERP benefit did not take into account any bonuses except as noted below.

The SERP benefit for each of Mr. Abramson and Mr. Rosenblatt is based on 50% of his annual base salary and his average annual bonus for the most recent three fiscal years for his life and the life of his surviving spouse, if any. Payments are based on a present value calculation of the benefit amount for the actuarial remaining life expectancies of him and his surviving spouse, if any. If either of them dies before reaching age 65, the benefit is not forfeited if his surviving spouse, if any, lives until he would have reached age 65. If his spouse also dies before he would have reached age 65, the benefit is forfeited. Except as described above, Mr. Abramson and Mr. Rosenblatt are subject to the same treatment as other participants in the SERP.

15

The current accumulated benefit under the SERP as of December 31, 2014 for each of these participants is as follows: Mr. Abramson – \$3,155,256; Mr. Rosenblatt – \$2,732,313; Dr. Brown – \$1,153,212; and Mr. Premutico – \$176,920.

Special event awards

From time to time, we issue cash and non-cash awards to our employees, including our executive officers, relating to the occurrence of special events. For example, we have historically awarded a small amount of equity compensation to our employees in connection with the filing and issuance of new patents on which they are named inventors. From time to time, we have also issued cash awards to our employees in connection with their having achieved special recognition in their field or in the industry. We believe that these awards are a small but important component of compensation intended to recognize our employees for special individual accomplishments that are likely to benefit us and our business.

During 2014, our Compensation Committee did not award any special non-cash awards of shares of common stock to our Named Executive Officers. However, Dr. Brown received cash bonuses during 2014 relating to various patent awards on which she was a named inventor, which totaled approximately \$5,500. These cash awards to Dr. Brown were granted consistent with our historical practice of awarding compensation based on the filing and issuance of U.S. patents on which our employees are named inventors.

Other than the award to Dr. Brown, we did not issue any other special event awards, cash or non-cash, to our Named Executive Officers in 2014.

Perquisites and other benefits

We provide benefits to all of our employees, including our Named Executive Officers. These include paid time off, paid sick time, Company-sponsored life, short-term and long-term disability insurance, individual and family medical and dental insurance, 401(k) plan matching contributions, and other similar benefits. We believe that these benefits are an important factor in helping us maintain good relations with our employees and in creating a positive work environment.

For some of these employee benefits, the actual amount provided depends on the employee's salary, such that our higher-salaried employees, including our executive officers, receive total benefits that are greater than those of other employees. For example, matching contributions under our 401(k) plan were the maximum permissible amount of \$7,800 for all of our Named Executive Officers in 2014.

We also made life and disability insurance premium payments on behalf of our Named Executive Officers in 2014. Again, the actual amount of these payments depends in part on the employee's age and salary, such that payments made on behalf of our older or higher-salaried employees, which includes our executive officers, will be greater than those made on behalf of other employees. These life insurance premium payments were also higher for our executive officers because they are entitled to a benefit equal to two times their annual base salary, as compared to our other employees who are entitled to a benefit equal to their annual base salary. In addition, we made premium payments for supplemental disability and excess life insurance coverage for Mr. Abramson and Mr. Rosenblatt. However, the dollar value of all of these payments was relatively small compared to the total compensation paid to our executive officers for the year, and in any event we consider these type of benefits to be standard components of executive compensation at most companies.

In 2014, we provided an automobile allowance of \$500 per month to each of Mr. Abramson and Mr. Rosenblatt. In addition, we reimbursed Mr. Abramson and Mr. Rosenblatt for reasonable expenses associated with the automobiles they used to commute to our offices in Ewing, New Jersey, such as expenses for automobile repairs and insurance. Both of these individuals live a considerable distance from our offices in Ewing, New Jersey, such that we believe it is appropriate to partially compensate them for their work-related automobile usage. Additionally, Mr. Seligsohn also receives use of a company automobile and reimbursement of related expenses. Again, we do not consider this additional benefit to be a substantial component of executive compensation.

Our executive officers have been receiving the benefits described above for the past several years. Our Compensation Committee approved continuation of these benefits for our executive officers for 2014 at a meeting held on December 19, 2013. This approval occurred in conjunction with the Committee's approval of annual base salary increases for certain of our executives.

Our Compensation Committee also approved continuation of these benefits for our executive officers for 2015 at a meeting held on December 18, 2014. This approval occurred in conjunction with the Committee's approval of annual

base salary increases for certain of our executive officers. Additionally, on March 3, 2015, the Compensation Committee recommended and the Board approved and authorized to award an automobile allowance of \$500 per month plus repairs and insurance to each of Dr. Brown and Mr. Premutico.

Stock Ownership Guidelines

We do not have any stock ownership guidelines for our executive officers. However, all of our executive officers are major shareholders in the Company, and all have substantial holdings of outstanding stock and vested stock options. The special five-year equity retention awards granted to Mr. Abramson and Mr. Rosenblatt are required to be retained by them after vesting for five years (in the case of the 2010 awards) or one year (in the case of the 2015 awards). The special retention awards granted to Dr. Brown are required to be retained for five years after vesting in the case of the one-year special equity retention award and two years after vesting in the case of the four-year special equity retention award. The five-year special equity retention award granted to Mr. Premutico is required to be retained by him for two years after vesting. We believe that the current holdings of our executive officers and the restrictions imposed on these special retention awards are sufficient to ensure that our executive officers remain committed to our Company and its business.

On December 15, 2011, the Board of Directors of the Company approved stock ownership guidelines for members of the Board who are not officers of the Company. These guidelines require such individuals to own a number of shares of the Company's common stock equal in value to ten (10) times their annual cash compensation for Board service, excluding additional compensation for Committee service or based on Board meeting attendance. Individuals are allowed five years from the date they are first elected to the Board to comply with these guidelines, and once an individual is determined to be in compliance with these guidelines, that individual will not be considered out of compliance with these guidelines at any future time due solely to a decrease in the share price of the Company's common stock since the last compliance measurement date.

Compliance with the stock ownership guidelines for these Board members is measured as of the first business day of each calendar year using (1) the highest closing price of the Company's common stock on the NASDAQ Global Market during the immediately preceding calendar year, and (2) the annual cash compensation to the individual for Board service for the immediately preceding calendar year. The highest closing price of the Company's common stock on the NASDAQ Global Market in 2014 was \$37.40 per share. The annual cash compensation to each member of the Board who is not an officer of the Company was \$40,000 for 2014. On this basis and consistent with the above policy, on the first business day of 2015 (January 2, 2015), each member of the Board who was required to own at least 10,695 shares of the Company's common stock did in fact own such shares.

Recovery of Bonuses

Prior to 2013, because bonuses and other equity compensation awards to our executive officers have not been based on any specific or measurable performance objectives, we did not have any formal "clawback" policy, as we did not believe that such a policy was appropriate. We expect the SEC to issue regulations regarding clawback policies in the future in accordance with the requirements of the Dodd-Frank Act, and we will adopt appropriate policies when required in order to be fully compliant with the SEC regulations.

In 2013, the Company adopted a new AIP (short-term incentive plan), and future bonuses granted thereunder can be made subject to any applicable clawback or recoupment policy that may be adopted by the Board in the future.

Change in Control Payments

In April 2003, we entered into change in control agreements with our executive officers. These agreements were amended and restated in November 2008 in order to bring them into compliance with the strict timing and documentary requirements of Section 409A of the IRC and the regulations issued thereunder. Mr. Premutico entered into a change in control agreement on April 16, 2012 to enable him to receive change in control benefits commensurate with those offered to our other executive officers. Both the original agreements and the amended and restated agreements were approved by our Board of Directors.

The change in control agreements provide for certain cash payments and other benefits to our executive officers in the event that their employment is terminated or their responsibilities are substantially reduced, in connection with a change in control of the Company. We believe that these agreements help to reinforce and encourage the continued attention and dedication of our executive officers to the Company in the event they are asked to help facilitate a change in control.

Under the change in control agreements, our executive officers would receive benefits equal to two times their base salaries and annual bonuses, plus ancillary benefits relating to life and disability insurance, medical and dental coverage and employment outplacement services. The change in control agreements utilize a "double-trigger"

mechanism because we believe that our executive officers should only receive these benefits if they suffer a reduction in employment status associated with a change in control. The agreements also include “gross-up” provisions that would compensate our executive officers for any taxes they might owe in connection with receipt of these benefits. We believe that the terms of the change in control agreements for our executive officers are reasonable and appropriate for a company with new and exciting technologies such as ours. More detailed information about these agreements and the specific benefits and compensation payable to our executive officers in connection with a change in control are set forth elsewhere in this proxy statement.

17

In addition, in the event of a change in control of the Company, each SERP participant will become immediately vested in his or her SERP benefit. Unless the participant's benefit has already fully vested, if the participant has less than 20 years of service at the time of the change in control, he or she will receive a prorated benefit based on his or her number of years of service (up to 20), divided by 20. If the change in control qualifies as a "change in control event" for purposes of Section 409A of the IRC, then each participant (including former employees who are entitled to SERP benefits) will receive a lump sum cash payment equal to the present value of the benefit immediately upon the change in control.

Tax Consequences of Our Compensation Program

Internal Revenue Code §162(m)

In determining the total compensation payable to our executive officers, we considered the potential impact of Section 162(m) of the IRC. Section 162(m) disallows any publicly-held corporation from taking a tax deduction for compensation in excess of \$1 million paid to its executive officers in any taxable year, unless that compensation is performance-based. Our policy is that executive compensation qualifies for deductibility under applicable tax laws to the extent consistent with our overall compensation objectives. We believe that, in certain circumstances, factors other than tax deductibility take precedence in determining the amount and form of compensation, and we retain the flexibility to authorize compensation that may not be deductible if we believe it is in the best interests of the Company. For 2014, the Compensation Committee has established a compensation plan that is performance-based relating to both short-term and long-term incentive programs with the intent to qualify for deductibility under applicable tax laws.

Internal Revenue Code (IRC) §409A

Section 409A of the IRC provides that nonqualified deferred compensation benefits are includible in an employee's income when vested, unless certain requirements are met. If these requirements are not met, employees are also subject to an additional income tax and interest. Our compensation plans and arrangements are drafted to meet any applicable requirements of Section 409A. Change in control agreements with our executive officers were amended in November 2008 to ensure compliance with these requirements. The SERP, as adopted, is intended to comply with the requirements of Section 409A. As a result, all of our executive officers will be taxed when any deferred compensation is actually paid to them, and we will be entitled to a tax deduction at that time.

Internal Revenue Code §280G

Section 280G of the IRC disallows a company's tax deduction for "excess parachute payments." Additionally, Section 4999 of the IRC imposes a 20% excise tax on any person who receives excess parachute payments. Presently, all of our executive officers are entitled to payments upon the termination of their employment following a change in control of the Company, some of which may qualify as "excess parachute payments." Accordingly, our tax deduction for any such excess parachute payments would be disallowed under Section 280G of the IRC. Moreover, we are required to make additional payments to these individuals to cover any excise taxes imposed on them by reason of the payments they receive in connection with a change in control. As previously indicated, we believe that this tax "gross-up" obligation is reasonable and appropriate given our current size and status.

Potential Payments Upon Termination in Connection with a Change in Control

In April 2003, the Company entered into Change in Control Agreements with the following Named Executive Officers, Mr. Abramson, Mr. Rosenblatt, Mr. Seligsohn and Dr. Brown (the “Original CIC Agreements”). These agreements provided for certain cash payments and other benefits to the Named Executive Officers in the event of an effective termination of these individuals’ employment in connection with a “Change in Control” of the Company. In November 2008, the Original CIC Agreements were amended and restated to bring them into compliance with Section 409A of the IRC and regulations issued thereunder.

Under the Amended and Restated CIC Agreements with Mr. Abramson, Mr. Rosenblatt, Mr. Seligsohn, and Dr. Brown and the Amended and Restated CIC Agreement entered into with Mr. Premutico in April 2012 (collectively, “Amended CIC Agreements”), the benefits to which our Named Executive Officers would be entitled in the event of a termination of employment for a Change in Control include the following:

- a lump-sum payment equal to two times the sum of the average annual base salary and the annual bonus to the individual, including any authorized deferrals, salary reduction amounts and any car allowance, and including the fair market dollar value equivalent of any bonus amounts paid in the form of stock options, SARs, warrants, stock awards or performance units;
- a lump-sum payment equal to the estimated after-tax premium cost to the individual of continuing any Company-sponsored life, travel or accident insurance and disability insurance coverage for the individual (and where applicable, his or her spouse and dependents), based on coverage levels in effect immediately prior to the termination date (less any contributions that would have been required by the individual), for two years;
- a lump-sum payment equal to the Company-provided contributions to which the individual would be entitled under the Company’s 401(k) savings and retirement plans, assuming the individual continued working for the Company for two years at his or her annual base salary;
- effective immediately preceding the Change in Control (but contingent upon the consummation of the Change in Control), full vesting of all outstanding, unvested equity awards held by the individual immediately preceding the Change in Control that have not yet become vested (and exercisable to the extent applicable), except the awards which vest based on the attainment of performance criteria would not automatically vest but would instead be governed by the terms of the plan or agreement evidencing the award;
- continued group hospitalization, health and dental care coverage, at the level in effect as of the termination date (or generally comparable coverage) for the individual and, where applicable, the individual’s spouse and dependents, for two years assuming the individual continued working for the Company;
- a lump-sum payment equal to \$10,000 for outplacement assistance services for two years;
- applicable SERP benefit payout; and
- an additional payment to cover any excise tax imposed on the individual by reason of the individual receiving the payments and benefits specified above.

For each of the Named Executive Officers, the estimated payments and benefits that would be provided by the Company under the Amended CIC Agreements are set forth in the following table, based on the assumption that a triggering event took place on December 31, 2014.

(1) Under the Amended CIC Agreements, this is to be based on the highest monthly base salary paid or payable to the employee during the twenty-four (24) months prior to December 31, 2014, including any amounts earned but deferred. It is also to include any annual car allowance. For purposes of this calculation, the employee's bi-weekly salary as of the payment period ended on December 31, 2014 was utilized. Also, an annual car allowance of \$6,000 is included for each of Mr. Abramson and Mr. Rosenblatt.

(2) Under the Amended CIC Agreements, this is to be based on the highest annual bonus to the employee for the last three full fiscal years prior to December 31, 2014, and is to include the fair market dollar value equivalent of any stock, restricted stock or stock options issued as bonus consideration, determined as of the date of issuance and without regard to any restrictions or vesting conditions.

(3) Assumes all unvested or restricted stock options and stock awards, including performance based grants, automatically vest on a Change of Control. This does not include restricted stock bonuses awarded in March 2015.

In consideration of receiving these payments and benefits, each Named Executive Officer has agreed not to compete with the Company for six months following his or her termination in connection with a Change in Control. Each Named Executive Officer has further agreed that, for two years following his or her termination he or she will not knowingly (i) solicit or recruit any of the Company's employees to compete with the Company, or (ii) divert or unreasonably interfere with the Company's business relationships with any of its suppliers, customers, partners or joint venturers with whom the individual had any involvement. In addition, each Named Executive Officer is required to execute a general release of all employment-related claims he or she may have against the Company in order to receive the payments and benefits specified under the Amended CIC Agreements.

As used in the Amended CIC Agreements, a Change in Control of the Company would occur if:

-

any person first becomes the beneficial owner of securities of the Company (not including securities previously owned by such persons or any securities acquired directly from the Company) representing 30% or more of the then-outstanding voting securities of the Company;

- the individuals who constitute our Board of Directors at the beginning of any 24-month period cease, for any reason other than death, to constitute at least a majority of our Board of Directors;
- the Company consummates a merger or consolidation with any other corporation, except where the voting securities of the Company outstanding immediately prior to the merger or consolidation continue to represent at least 50% of the voting securities of the Company (or the surviving entity of the merger or consolidation or its parent), or where no person first becomes the beneficial owner of securities of the Company representing 30% or more of the then-outstanding voting securities of the Company;

- the shareholders of the Company approve a plan of complete liquidation or dissolution of the Company, or an agreement is consummated for the sale or disposition by the Company of all or substantially all of its assets,
- excluding a sale or disposition by the Company of all or substantially all of its assets to an entity, at least 50% of the voting securities of which are owned by persons in substantially the same proportion as their ownership of the Company immediately prior to the sale; or
 - any person consummates a tender offer or exchange for voting stock of the Company and, directly or indirectly, becomes (in one or more transactions) the “beneficial owner” of securities of the Company representing a majority of the voting securities of the Company.

As used in the Amended CIC Agreements, a termination of a Named Executive Officer in connection with a Change in Control of the Company would include a termination of the individual’s employment:

- by the Company at the time of or within two years after a Change in Control, other than for the individual’s death or incapacity for a period of 12 consecutive months, or for cause;
- by the individual within two years after a Change in Control for (i) the Company’s breach of the Amended CIC Agreement or any other material obligation of the Company to the individual, (ii) any significant reduction by the Company of the individual’s authority, duties or responsibilities, (iii) any demotion or removal of the individual from his or her employment grade, compensation level or officer positions, or (iv) a relocation by more than 50 miles of the offices of the Company at which the individual principally works; and
- by either the Company or the individual during the one year period immediately preceding a Change in Control, unless the Company establishes by clear and convincing evidence that the termination was for good faith business reasons not related to the Change in Control.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE OFFICER COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act, our shareholders are now entitled to vote to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement.

The compensation of our Named Executive Officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in the Compensation Discussion and Analysis, we believe that our compensation policies and decisions are focused on pay-for-performance principles and strongly aligned with our shareholders' interests, consistent with current market practices. Compensation of our Named Executive Officers is designed to enable us to attract and retain talented and experienced executives to lead us successfully in a competitive environment.

Accordingly, our Board of Directors is asking our shareholders to indicate their support for the compensation of our Named Executive Officers as described in this proxy statement by casting a non-binding, advisory vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

Because the vote is advisory, it is not binding on the Board of Directors or our Company. Nevertheless, the views expressed by the shareholders, whether through this vote or otherwise, are important to Company management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Vote Required and Recommendation of our Board of Directors

This proposal will be approved if a majority of the votes cast by all shareholders, voting as a single class, are FOR approval. Abstentions on this proposal are not considered "votes cast" and will have no effect on the outcome of the vote. Similarly, broker non-votes are not considered "votes cast" with respect to this proposal and, therefore, will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" ADOPTION OF THE RESOLUTION PROPOSED UNDER THIS PROPOSAL 2.

PROPOSAL 3**RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2015**

At a meeting held on April 7, 2015, our Audit Committee recommended and approved the appointment of KPMG LLP ("KPMG") as the Company's independent registered public accounting firm to audit the consolidated financial statements of the Company for the year ending December 31, 2015. KPMG has served in this capacity since being engaged by us on July 30, 2002. We are seeking the ratification of our appointment of KPMG as our independent registered public accounting firm for 2015 at the Annual Meeting.

We expect that a representative of KPMG will be present at the Annual Meeting and will be available to respond to appropriate questions. If this representative desires to do so, he or she will have the opportunity to make a statement at the Annual Meeting.

Vote Required and Recommendation of our Board of Directors

This proposal will be approved if a majority of the votes cast by all shareholders, voting as a single class, are FOR approval. Abstentions on this proposal are not considered "votes cast" and will have no effect on the outcome of the vote. Similarly, broker non-votes are not considered "votes cast" with respect to this proposal and, therefore, will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" ADOPTION OF THIS PROPOSAL 3.

CERTAIN TRANSACTIONS WITH RELATED PERSONS

Our Relationship with PPG Industries

In 2014, prior to joining our Board, Mr. Elias retired from his position as Senior Vice President - Optical and Specialty Materials of PPG Industries, Inc., in which capacity he had served since July 2008. PPG Industries currently manufactures our proprietary emitter materials and proprietary host materials, which we then qualify and resell to OLED product manufacturers. As reported in our Annual Report on Form 10-K for the year ended December 31, 2014, in 2014, we recorded an expense of \$9.2 million in relation to the cash portion of the reimbursement of expenses and work performed by PPG Industries, Inc., excluding amounts paid for commercial materials.

Our Relationship with Scott Seligsohn

We employ Scott Seligsohn, son of Sherwin I. Seligsohn, as an executive assistant to Sherwin I. Seligsohn in his capacity as our Founder and Chairman of the Board of Directors. In 2014, we paid Scott Seligsohn a base salary and bonus compensation of \$100,020.

Policies and Procedures for Approval of Related Person Transactions

Consistent with applicable NASDAQ listing requirements, the Audit Committee of our Board of Directors is responsible for reviewing all transactions between us and related persons for potential conflicts of interest on an ongoing basis, and for approving all such transactions. Related persons include any of our directors or nominees for director, any of our executive officers, any shareholders owning more than 5% of any class of our equity securities, and immediate family members of any of these persons.

To help identify transactions with related persons, each year, we submit and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which they or their family members have an interest. Responses to these Director and Officer Questionnaires are reviewed and transactions that might reasonably pose a conflict of interest are brought to the attention of the Audit Committee for consideration.

The transactions with the related persons identified above were all reviewed with our Audit Committee at a meeting on April 7, 2015. At this meeting, the Audit Committee ratified each of these transactions following its consideration of the potential conflicts of interest.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, as well as persons beneficially owning more than 10% of any class of our equity securities, to file with the SEC reports of beneficial ownership and reports of changes in beneficial ownership of these equity securities. Based solely on our review of these reports as furnished to us during or with respect to 2014, we believe that our executive officers, directors and holders of more than 10% of any class of our equity securities met all applicable filing requirements, with the exception of Dr. Brown, who inadvertently filed a Form 4 on September 5, 2014 rather than on September 4, 2014.

RISK OVERSIGHT BY OUR BOARD OF DIRECTORS

The role of our Board of Directors in our risk oversight process includes receiving regular reports from members of management on areas of material risk to us, including operational, financial, legal and strategic risks. Our Board of Directors also works to oversee risk through its consideration and authorization of significant matters, such as major strategic, operational and financial initiatives and its oversight of management's implementation of those initiatives.

31

In particular, our Audit Committee is tasked pursuant to its charter “to discuss with management and the Company’s independent auditor, as appropriate, the Company’s risk assessment and risk management policies, including the Company’s major exposures to financial risk and the steps taken by management to monitor and mitigate such exposures.” As appropriate, the Chairperson of the Audit Committee reports to the full Board of Directors on the activities of the Audit Committee in this regard, allowing the Audit Committee and the full Board to coordinate their risk oversight activities.

In its risk oversight capacity, our Board of Directors and Audit Committee engage in various practices, including, without limitation:

- reviewing and considering reports from and information provided by management to the Board and its committees on topics relating to the risks that we face, including, without limitation, the status of current and anticipated developments of our technology, access to debt and equity capital markets, existing and potential legal claims against us and various other matters relating to our business;
- the direct oversight of specific areas of our business by our Compensation Committee and Audit Committee; and
- reviewing and considering reports from, and information provided by, our auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to our compensation practices and our internal control over financial reporting.

As one component of our risk oversight and anti-fraud program, our Audit Committee has established complaint reporting procedures described in the “For Shareholders — Corporate Governance” section of our website at www.udcoled.com. These procedures indicate how to submit complaints to our Audit Committee regarding accounting, internal accounting controls or auditing matters. Once received, grievances are reviewed by our President and Vice President Legal and then forwarded to the Chairperson of the Audit Committee for consideration. Questions or concerns may also be submitted anonymously to the Audit Committee in writing, via an unsigned letter, or employees may submit such matters through a name-protected email process administered by a third-party service provider.

ETHICS AND BUSINESS CONDUCT

Code of Ethics and Business Conduct for Employees

We have adopted a Code of Ethics and Business Conduct (“Employee Code”) applicable to all officers and employees, which was last revised December 2014 and was approved and ratified by our Board of Directors on March 3, 2015. The Employee Code constitutes our “code of ethics” for the Chief Executive Officer, Chief Financial Officer and Controller within the meaning of applicable SEC rules and also serves as our “code of conduct” applicable to all officers and employees of the Company as required by applicable NASDAQ listing standards. In December 2014, all of our employees were asked to review and affirm their knowledge and understanding of the Employee Code. Our Employee Code is publicly available through the “For Shareholders — Corporate Governance” section of our website at www.udcoled.com.

If we make any further amendments to our Employee Code (other than technical, administrative, or other non-substantive amendments), or if we grant any waivers of the Employee Code (including implicit waivers) in favor of our Chief Executive Officer, Chief Financial Officer or Controller, we will disclose the nature of the amendment or waiver, its effective date and to whom it applies in that same location on our website, or in a current report on Form 8-K that we file with the SEC. In addition, any waiver of our Employee Code with respect to our executive officers must be approved by our Board of Directors.

Code of Conduct for Directors

Our Board of Directors has adopted a “Code of Conduct for Directors” that serves as our “code of conduct” applicable to all of our directors as required by applicable NASDAQ listing requirements. The Code of Conduct for Directors was last ratified by our Board of Directors at a meeting held on April 7, 2015. Our Code of Conduct for Directors is publicly available through the “For Shareholders — Corporate Governance” section of our website at www.udcoled.com.

Any waiver of our Code of Conduct for Directors must be approved by our Board of Directors and will be disclosed as required under applicable regulations.
