EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The compensation committee of our board of directors and our CEO, CFO and head of Human Resources are collectively responsible for implementing and administering all aspects of our benefit and compensation plans and programs, as well as developing specific policies regarding compensation of our executive

6

officers. Both of the members of our Compensation Committee, Chung Chin Keung and Jay Schrankler, are independent directors.

Compensation Objectives

The stated goal of our compensation committee with respect to executive compensation has been to set compensation at levels that attract and retain the most talented and dedicated executives possible. We attempt to set individual executive compensation levels comparable with executives in other companies of similar size and stage of development. We attempt to reward employees for strong Company performance through the use of stock options. Our executive officers, Ming Tung Chok and Nancy Chu, are husband and wife, and are also our founders and largest shareholders.

Elements of Compensation

Base Salary. All full time executives are paid a base salary. In all cases, the committee establishes a minimum base salary for our executive officers. Base salaries for our executives are established based on the scope of their responsibilities and the current financial situation of the Company. We also try to take into account competitive market compensation paid by other companies in our industry for similar positions, professional qualifications, academic background, and the other elements of the executive's compensation, namely stock-based compensation.

Equity Compensation. We believe that long-term performance is achieved through an ownership culture participated in by our executive officers through the use of stock-based awards. Currently, we do not maintain any incentive compensation plans based on pre-defined performance criteria. The compensation committee has the general authority, however, to award equity incentive compensation, i.e. stock options, to our executive officers in such amounts and on such terms as the committee determines in its sole discretion. The committee does not have a determined formula for determining the number of options available to be granted, subject to the number of options available through our 2005 Stock Compensation Plan. Incentive compensation is intended to compensate officers for accomplishing strategic goals such as meeting defined revenue goals and profitability. The compensation committee awarded stock options to executive officers, employees and consultants upon the filing of our 2005 Stock Compensation Plan and awarded additional stock options to employees and consultants in 2007. No stock options were granted in 2006. Our compensation

Edgar Filing: SOYO GROUP INC - Form DEF 14A

committee grants equity compensation only at times when we do not have material non-public information to avoid timing issues and the appearance that such awards are made based on any such information.

Determination of Compensation

Our CEO, CFO and head of Human Resources meet annually to evaluate each non-executive employee's performance. A meeting is held towards the end of the fiscal year to determine each employee's compensation for the following year. In the case of our executive officers, the compensation committee similarly evaluates the executive's performance and the objectives set forth above at or about the end of our fiscal year to determine executive compensation.

7

The following table sets forth the cash and other compensation paid by us in 2007, 2006 and 2005 to the individuals who served as our chief executive officer and chief financial officer, and all other executive officers who received total compensation greater than \$100,000 in 2007.

ADDITIONAL MATTERS TO BE VOTED UPON BY SHAREHOLDERS

THE 2005 STOCK COMPENSATION PLAN AMENDMENT PROPOSAL

Our board of directors and our shareholders have adopted and approved the 2005 Stock Compensation Plan. We believe that the plan is accomplishing its purpose which is to promote our and your interests by providing key employees with an opportunity to acquire a proprietary interest in us and to develop a stronger incentive to put forth maximum effort for our continued success and growth. In addition, the opportunity to acquire a proprietary interest in us aids us in attracting and retaining key personnel of outstanding ability.

We believe that an increase in the number of shares available for grant under the plan is necessary to continue accomplishing its purpose. As of June 3, 2008, no shares remained available for grant during the remaining term of the plan through February 2015. Accordingly, we have approved an amendment to increase the number of shares of common stock subject to the plan from 5,000,000 shares to 15,000,000 shares, subject to approval of our shareholders.

Edgar Filing: SOYO GROUP INC - Form DEF 14A

THE BOARD OF DIRECTORS RECOMMENDS TO OUR SHAREHOLDERS THAT YOU VOTE "FOR" THE ADOPTION OF THE AMENDMENT TO THE 2005 STOCK COMPENSATION PLAN. ---

9

THE AUTHORIZATION OF SECURITIES PROPOSAL

Effective as of May 5, 2008, our board of directors approved, subject to shareholder approval, an amendment to our Articles of Incorporation to increase the number of our authorized shares of common stock from 75,000,000 to 200,000,000. The board of directors has directed that the proposed amendment be submitted to a vote of our shareholders at this annual meeting.

THE BOARD OF DIRECTORS RECOMMENDS TO OUR SHAREHOLDERS THAT YOU VOTE "FOR" THE APPROVAL AND ADOPTION OF THE AUTHORIZATION OF SECURITIES PROPOSAL. ---

Our board has determined that an increase in the number of our authorized shares of common stock is in the best interests of the Company and our shareholders. We intend to use authorized and unissued shares of common stock for various corporate purposes, including, but not limited to, possible future financing and acquisition transactions, possible recapitalization through a stock split or stock dividend, issuances of stock options or awards, and other corporate purposes. Authorized and unissued shares of common stock may be issued by the board without further shareholder action unless the issuance is in connection with a transaction for which shareholder approval is otherwise required under our Articles of Incorporation, applicable law, regulation or agreement.

We currently have no commitments, agreements, plans or undertakings to issue any amount of additional shares of common stock. Shares of common stock, including the additional shares proposed for authorization, do not have preemptive or similar rights. The issuance of additional shares of common stock could have the effect of diluting existing shareholder earnings per share, book value per share and voting power. In addition, issuance of shares of common stock could be used to make a change in control of the Company more difficult or costly by diluting stock ownership of persons seeking to obtain control of the Company or by permitting the board of directors to issue shares to purchasers favorable to the board of directors in opposing an effort to obtain control of the company.

The adoption of the proposed amendment to our Articles of Incorporation could have the effect of discouraging attempts to acquire control of the Company. Our board of directors has no knowledge of any present effort to accumulate our securities or to obtain control of us. Our board has no plans at the present time to submit to shareholders for approval, or take any other action with respect to, any proposals, other than the proposed amendment to our Articles of Incorporation, that might be deemed to have an anti-takeover effect. In the judgment of our board of directors, there are now no provisions in our Articles of Incorporation or bylaws that could be viewed as having, to a significant extent, such an effect other than provisions in our Articles of Incorporation providing that vacancies in the board of directors may be filled by a majority of the remaining directors.

Article V, Sentence One, is proposed to be deleted and the following language is to be substituted:

"The total number of shares of all classes of capital stock that the Corporation shall have the authority to issue is Two Hundred Million (200,000,000) shares of common stock, \$0.001 par value per share."

INDEPENDENT PUBLIC ACCOUNTANTS

A representative of Vasquez and Company, LLP is expected to attend the meeting and will have the opportunity to make a statement if he so desires. This representative is expected to be available to respond to appropriate shareholder questions at that time.

Independent Accountant Fees

The following table sets forth the fees for professional audit services rendered by Vasquez & Company LLP for the audit of the Company's annual financial statements for the fiscal years 2007 and 2006.
