Section 1 - Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On May 23, 2005, TIMET UK Limited, TIMET Europe Limited and TIMET UK

Edgar Filing: TITANIUM METALS CORP - Form 8-K

(Export) Limited (collectively, the "Borrowers") entered into a working capital facility with the Bank of Scotland. Each of the Borrowers is a wholly owned, direct or indirect, subsidiary of Titanium Metals Corporation. There is no material relationship between Titanium Metals Corporation or the Borrowers and the Bank of Scotland other than in respect of the working capital facility described herein. Under the working capital facility, the Borrowers may borrow up to (pound) 22.5 million (approximately \$41.1 million based upon the exchange rate as of May 23, 2005), subject to a formula-determined borrowing base. Interest on the outstanding overdraft facility balances of the Borrowers accrues at rates that vary based upon the ratio of earnings before interest and taxes to total interest of the Borrowers from 1.125% to 1.375% above the Bank of Scotland's published base rate and is payable monthly. The Borrowers' obligations are secured by a first priority security interest in substantially all of the assets of the Borrowers, and the facility agreement terminates on April 30, 2008. The facility agreement also contains representations, warranties and covenants customary in lending transactions of this type. The Bank of Scotland facility agreement is attached hereto as Exhibit 10.1 and is incorporated herein by this reference, and the foregoing summary is qualified in its entirety by reference to the facility agreement.

Item 1.02 Termination of a Material Definitive Agreement.

On May 23, 2005, contemporaneously with entering into the new facility agreement with the Bank of Scotland, TIMET UK Limited terminated its Loan and Overdraft Facilities arrangement with Lloyds TSB Bank plc ("Lloyds"). There is no material relationship between Titanium Metals Corporation or TIMET UK Limited and Lloyds other than in respect of the Loan and Overdraft Facilities agreement described herein. Under the Lloyds Loan and Overdraft Facilities agreement, TIMET UK could borrow up to (pound)22.5 million (approximately \$41.1 million based upon the exchange rate as of May 23, 2005), subject to a formula-determined borrowing base. Interest on the outstanding overdraft facility balances generally accrued at Lloyds' published base rate plus 1.25% on British pound sterling borrowings and at Lloyds' short term offered rate plus 1.0% on U.S. dollar borrowings and was payable quarterly. The Loan and Overdraft Facilities could be drawn on prior to May 31, 2005 and all outstanding obligations under the Loan and Overdraft Facilities were required to be repaid on or before February 28, 2006. The obligations of TIMET UK Limited were secured by substantially all of the assets of TIMET UK Limited. The Loan and Overdraft Facilities agreement contained representations, warranties and covenants customary in lending transactions of this type. There was no penalty for terminating the Lloyds Loan and Overdraft Facilities agreement early, and there were no outstanding borrowings at the time of the termination. The Lloyds Loan and Overdraft Facilities agreement, as amended, is attached hereto as Exhibits 10.2 to 10.6 and is incorporated herein by this reference, and the foregoing summary is qualified in its entirety by reference to the Loan and Overdraft Facilities agreement.

Dear Sirs

WORKING CAPITAL FACILITY OF (pound)22,500,000
PAYMENT SYSTEMS

Edgar Filing: TITANIUM METALS CORP - Form 8-K

We are pleased to offer you (the "Borrowers") a working capital facility (the "Working Capital Facility") and access to payment systems (the "Payment Systems") on the terms set out in this letter. This offer is open for acceptance by the Borrowers until 23 May 2005 when it will lapse. If accepted, this letter and its schedules will form the agreement between the Borrowers and BoS for the Working Capital Facility and the Payment Systems.

The definitions which shall apply to this letter are given or referred to in Schedule 8 below.

1. Conditions Precedent

The Working Capital Facility may not be drawn or utilised unless the Conditions Precedent set out in Schedule 1 have been met in form and substance satisfactory to BoS or BoS has waived its requirement that any such Conditions Precedent are met.

1. Working Capital Facility/Payment Systems

1.1. The Working Capital Facility may (subject to the limits set out in clause 2.3 below) be drawn as:-

1.1.1. Overdraft up to (pound)22,500,000 (the "Overdraft Limit")

or be utilised for:-

1.1.2. Letters of Credit up to (pound)1,000,000 (the "Letters of Credit Limit")

1.1.3. Currency Borrowings up to (pound)10,000,000 (the "Currency Borrowings Limit")

1.1.4. Guarantees and bonds up to (pound)2,000,000 (the "Guarantee Limit")

on the terms and conditions set out or referred to in this letter.

1.2. In addition to the Working Capital Facility, BoS will (subject to the limits set out below) make available to the Borrowers the following facilities in relation to the Payment Systems:-

1.2.1. BACS facilities with a limit of (pound)4,000,000 (the "BACS Limit")

1.2.2. CHAPS facilities with a limit of (pound)1,000,000 (the "CHAPS Limit")

1.2.3. Treasury Settlement facilities with a limit of (pound)2,000,000 (the "Treasury Settlement Limit")

1.2.4. CIB International Payment facilities with a limit of (pound)2,000,000 (the "CIB Limit");

on the terms and conditions set out or referred to in this letter.

1.3. Working Capital Limit

1.3.1. The total aggregate limit applicable to the Working Capital Facility is (pound)22,500,000, or the amount permitted in accordance with clause 2.3.2, whichever is the lower (the "Working Capital Limit"). When drawing under or otherwise utilising the Working Capital Facility the Borrowers must comply with the Working Capital Limit and each of the applicable sub-limits provided for in clause 2.1 above. All other

Edgar Filing: TITANIUM METALS CORP - Form 8-K

provisions of this letter relating to the level of drawing or utilisation of the Working Capital Facility shall be subject to this clause 2.3.1.

- 1.3.2. The maximum amount available for drawing by the Borrowers under the Working Capital Facility shall at all times be limited the value of Total Assets (as defined in Schedule 4) from time to time. The Borrowers agree that the Working Capital Limit shall be limited to the value of Total Assets (calculated in accordance with sub-paragraph 1.2 of Schedule 4) for the month following such calculation, and accordingly the Working Capital Limit will vary month by month in accordance with the up to date calculation,
- 1.3.3. The Borrowers may operate a number of current accounts on which the Working Capital Facility may be drawn. BoS may refuse to pay any cheques, orders or withdrawals on any one or more of the Borrowers' current accounts or refuse any other utilisation of the Working Capital Facility where such payment or utilisation would result in the Working Capital Limit (taking into account the notional set-off referred to below) or any sub-limit provided for in clause 2.1 being exceeded.
- 1.3.4. To ascertain the amount outstanding under the Overdraft and compliance with the Overdraft Limit, BoS will notionally set off:-
 - (a) those of the Borrowers' Sterling current account credit balances over which BoS considers it has a valid right of set off against the Borrowers' Sterling current account debit balances; and
 - (b) those of the Borrowers' foreign currency current account credit balances over which BoS considers it has a valid right of set off against the Borrowers' foreign currency current account debit balances. Provided that such set off shall only be between accounts denominated in the same currency.
- 1.3.5. To ascertain compliance with the Working Capital Limit, the total indebtedness of the Borrowers to BoS at any time in respect of the Working Capital Facility shall be calculated by adding together:-
 - (a) the net balances on the Borrowers' current accounts calculated in accordance with clause 2.3.4 above;
 - (b) the aggregate amount of BoS exposure under all letters of credit issued by BoS under this letter;
 - (c) the sterling equivalent of all currency borrowings calculated in accordance with this letter;
 - (d) the aggregate amount of BoS exposure under all guarantees or bonds issued by BoS under this letter.
- 1.3.6. The Borrowers must at all times provide sufficient funds to ensure that the Working Capital Limit is not exceeded. If the Working Capital Limit is likely to be exceeded, the Parent must notify BoS and advise which cheque(s) or other requests for utilisations under the Working Capital Facility are to be honoured in the case of competition. If the Parent fails to do so BoS may, in its discretion, refuse to pay a cheque or allow any other drawing or utilisation under this letter which would have the effect of exceeding the Working Capital Limit. If BoS does pay a cheque or allows a utilisation of the Working Capital Facility so as to exceed the Working Capital Limit, that does not mean

Edgar Filing: TITANIUM METALS CORP - Form 8-K

that the Working Capital Limit has changed or that BoS will agree to pay any other cheque or meet any other payment instruction which would have the effect of exceeding the Working Capital Limit.

1.3.7. Unless otherwise agreed with BoS, any debit balance over the Working Capital Limit and, where the Working Capital Facility has ceased to be available, the total debit balance of the Working Capital Facility, will attract interest at the Default Rate.

1.4. Availability

1.4.1. Subject to the other terms of this letter, the Working Capital Facility and the Payment Systems shall be made available to the Borrowers until the Final Repayment Date. On the Final Repayment Date the Working Capital Facility and the Payments Systems shall be cancelled and shall be immediately repaid in full.

1.4.2. On the Final Repayment Date BoS will review the financial condition of the Borrowers and may, at its sole discretion, offer to renew the facilities. If BoS does make such offer and the Borrowers agree to a renewal of the facility a renewal fee equal to 0.15% of the maximum available limit of the renewed facility will be charged to the Borrowers, by being debited to the current account of the Parent.

1.4.3. If, in accordance with the terms of this letter, the Working Capital Facility is withdrawn prior to the Final Repayment Date then the Payment Systems shall be cancelled and BoS will be entitled to require the Borrowers to lodge a sufficient amount with BoS as security for the exposure of BoS in respect of any outstanding utilisation of the Working Capital Facility.

1.4.4. If any utilisation of the Working Capital Facility is provided by Treasury, such utilisation will only be available to the Borrowers if they enter into such documents (if any) as are required by Treasury from time to time.

1.4.5. A non-utilisation fee shall be calculated daily on the undrawn amount of the Working Capital Facility (based on the full availability of (pound)22,500,000) as follows:-

- (a) on any day on which the amount drawn under the Working Capital Facility is (pound)11,250,000 or less, a fee of 0.40% per annum on the undrawn amount;
- (b) on any day on which the amount drawn under the Working Capital Facility is greater than (pound)11,250,000 but equal to or less than (pound)16,875,000, a fee of 0.20% per annum on the undrawn amount;
- (c) on any day on which the amount drawn under the Working Capital Facility is greater than (pound)16,875,000, no non-utilisation fee shall be applicable;

such non-utilisation fee shall be payable by the Parent on the last day of March, June, September and December in each year.

1.4.6. Mandatory Cancellation and Prepayment

The Working Capital Facility shall be cancelled and shall be repaid by the Borrower on the occurrence of any of:-

Edgar Filing: TITANIUM METALS CORP - Form 8-K

- (a) a Sale;
- (b) a Change of Control;

The terms of clause 2.4.7 shall apply to any cancellation under this clause 2.4.6.

1.4.7. Cancellation and Prepayment

2.4.7.1 Any notice of cancellation under this letter shall be irrevocable;

2.4.7.2 Any cancellation under this letter shall be for the full amount of the Working Capital Facility or if for part only of the Working Capital Facility shall be for not less than (pound)100,000 (or a multiple of (pound)100,000);

2.4.7.3 Any cancellation under this letter shall be without payment of any fee or penalty provided that BoS is paid, by way of compensation for lost return on early repayment, an amount equal to 1.00% of the amount cancelled if the date of the cancellation is before the third anniversary of the date of this letter and the cancellation is in contemplation of or otherwise in connection with a Sale or a Change of Control or a refinancing of the Working Capital Facility by any person other than BoS. No such amount will be payable in the event of a prepayment which requires to be made pursuant to the terms of clause 12;

2.4.7.4 Any amount of the Working Capital Facility that is cancelled shall not be available to be redrawn.

2.4.8 Voluntary Cancellation

Provided that such cancellation is in accordance with the terms of Clause 2.4.7, the Borrowers may cancel all (but not part only) of the Working Capital Facility provided that it has given BoS not less than 5 Business Days' notice in writing of its intention to cancel. The Borrower may not repay or cancel all or any part of the Working Capital Facility except at the times and in the manner provided for in this letter.

2. Overdraft

2.1. The rate of interest applicable to the Overdraft shall be the annual rate which is the sum of the Margin and BoS base rate as that rate fluctuates. Interest will accrue and be calculated by BoS on a day to day basis on the cleared daily debit balance of the amount drawn down. A notice of the accrued interest on each of the Borrowers' current accounts will be issued each month and interest will be debited to the relevant Borrower's current account on the Interest Payment Dates.

2.2. If the Borrowers have both debit and credit balances in Sterling, interest at the annual rate of the Margin plus BoS base rate as that rate fluctuates will accrue on the cleared Sterling credit balances on any current accounts held with BoS of each Borrower in respect of which BoS considers it has a valid right of set off (the "Credit Balances") calculated on a daily basis and set off on a monthly basis in arrear against the interest due on the Overdraft, provided that interest on the Credit Balances will be calculated as follows:-

2.2.1. where the aggregate amount of the Credit Balances is less than or

Edgar Filing: TITANIUM METALS CORP - Form 8-K

equal to the aggregate amount of the debit balances on any current account held with BoS of each Borrowers (the "Debit Balances"), interest will be calculated on the full amount of the Credit Balances; and

2.2.2. where the aggregate amount of the Credit Balances is greater than the aggregate amount of the Debit Balances, interest will be calculated on an amount of the Credit Balances which is equal to the aggregate amount of the Debit Balances.

3. Letters of Credit

3.1. On receipt of a written application (in the form required by BoS) by a Borrower, BoS will issue letters of credit (up to in aggregate the Letter of Credit Limit) on its behalf under the terms of the current edition of the Uniform Customs and Practice for Documentary Credits and otherwise on BoS standard terms and conditions (which will be set out in the BoS application for the letter of credit, a copy of which will be provided to the relevant Borrower if so requested).

3.2. Charges will be payable for the issue of letters of credit in accordance with the tariffs applicable to those services issued to the Borrowers from time to time.

4. Currency Borrowings

4.1. A Borrower may borrow such part of the Working Capital Facility (up to in aggregate the Currency Borrowings Limit) in any optional currency (which means, for the purpose of this letter, US Dollars and any other currency which is freely transferable and convertible into Sterling and is approved by BoS).

4.2. Each Borrower shall pay interest on outstanding currency borrowings borrowed by it at a rate equal to the cost of funds incurred by BoS for purchasing such currencies plus the Margin, such interest payable in arrears. The relevant cost of funds will be set by BoS on a weekly basis and calculated and accrued daily. Interest will be debited to the relevant Borrower's currency current account with BoS monthly on such dates as BoS shall notify to the Borrowers.

4.3. If the Borrowers have both debit and credit balances in the same foreign currency, then to the extent that the amount of debit balances are equal to the amount of credit balances no interest shall be charged on such debit balances and no interest shall be paid on such credit balances, provided BoS considers it has a valid right of set off over such credit balances. Where the amount of debit balances and credit balances is not equal:-

4.3.1. interest will be paid on the cleared credit balances on any such foreign currency accounts held with BoS of each Borrower (the "Currency Credit Balances") to the extent they exceed the amount of the debit balances on any foreign currency current account held with BoS of each Borrowers (the "Currency Debit Balances") at a rate of 0.125% below the 7 day LIBD rate; and

4.3.2. where the aggregate amount of the Currency Debit Balances is greater than the aggregate amount of the Currency Credit Balances, interest will be charged on the amount of the Currency Debit Balances that exceeds the Currency Credit Balances at the rate set out in Clause 5.2 above.

4.3.3. The Bank will allow the above interest set off arrangements only between Currency Credit Balances and Currency Debit Balances in the

Edgar Filing: TITANIUM METALS CORP - Form 8-K

same foreign currency. No set off shall be permitted between accounts denominated in different currencies.

- 4.4. All sums payable under this letter shall be paid in the currency in which they are due and owing.
- 4.5. If the Borrowers fail to pay any amount due under the currency borrowings on demand BoS may at any time purchase so much of an optional currency as BoS considers necessary or desirable to cover the currency borrowings at the then prevailing BoS spot rate of exchange and the Borrowers shall indemnify BoS against the full cost to BoS (including all costs, charges and expenses) incurred by it in purchasing the relevant optional currency.
- 4.6. Whenever the "Sterling equivalent" of any currency borrowings require to be calculated, it shall be calculated at the BoS spot rate of exchange for such currency on the applicable day at such time as BoS may select.

5. Guarantees

- 5.1. On receipt of a written request (in the form required by BoS) by a Borrower, BoS will issue guarantees or bonds (up to in aggregate the Guarantee Limit) on its behalf. Before BoS issues a guarantee or bond on behalf of a Borrower:-
- 5.1.1. BoS must have approved the terms of the guarantee or bond;
- 5.1.2. that Borrower shall have executed and delivered to BoS a counter indemnity in a form acceptable to BoS agreeing to indemnify BoS against any claim under the guarantee or bond and authorising BoS to debit the amount of a claim to any of such Borrower's accounts; and
- 5.1.3. the Borrower shall have provided cash cover to BoS in a form acceptable to BoS and to the extent required by BoS.
- 5.2. A charge equal to the Margin per annum of BoS outstanding liabilities (whether actual or contingent) from time to time under the guarantees or bonds shall be payable by the Borrowers in respect of guarantees or bonds issued by BoS on its behalf. This charge will be payable quarterly in arrears on such dates as may be notified by BoS to the Parent.

6. Security

- 6.1. The Borrowers will, as security for the Working Capital Facility and any other money owing or incurred to BoS by any Group Company deliver or procure delivery of the Security Documents detailed in Schedule 1.
- 6.2. The Borrowers will enter into such further Security Documents in favour of BoS as BoS may require from time to time and will procure that each Group Company will enter into such Security Documents in favour of BoS as it shall notify to the Parent from time to time and all such Security Documents will secure the Working Capital Facility and any other money due, owing or incurred to BoS by any Group Company.

7. Representations and Warranties

The Borrowers by signing this letter make the representations and warranties set out in Schedule 2 on the date hereof and repeat each of them save for those set out in paragraph 8 on each Interest Payment Date.

8. Covenants

Edgar Filing: TITANIUM METALS CORP - Form 8-K

The Borrowers covenant with BoS that from the date of its acceptance of this letter until all the Borrower's obligations under it have been discharged:-

8.1. General Covenants

The Borrowers will at all times comply and procure compliance by each Group Company with the general covenants set out in Schedule 3.

8.2. Financial Covenants

The Borrowers will at all times comply with the financial covenants set out in Schedule 4.

8.3. Financial Information Covenants

The Borrowers will at all times comply with the financial information covenants set out in Schedule 5.

9. Default and Indemnity

9.1. If an Event of Default occurs and has not been waived by BoS in writing, BoS may by notice in writing to the Parent:-

9.1.1. declare that all or part of the Working Capital Facility is due and payable together with accrued interest and all other amounts outstanding under the BoS Documents; and/or

9.1.2. cancel any part of the Working Capital Facility then undrawn; and/or

9.1.3. require repayment (immediately or otherwise as BoS may require) of the Working Capital Facility together with accrued interest and all other amounts outstanding under the BoS Documents; and/or

9.1.4. require that interest is payable on the Working Capital Facility at the Default Rate.

9.2. The Borrowers will indemnify (and keep indemnified) BoS on written demand against any loss or expense, including legal fees, which BoS sustains or incurs:-

9.2.1. because of a default by any Group Company of any obligation assumed by it under any BoS Document; or

9.2.2. as a consequence of any Default.

9.3. If a Default occurs then (while it is continuing unwaived) BoS shall be entitled to initiate an investigation of, and/or instruct any report (accounting, legal, valuation or otherwise) on, the business and affairs of the Borrowers and/or any other Group Company which BoS considers necessary to ascertain the financial position of the Group, all fees and expenses incurred by BoS in so doing being payable by the Borrowers.

10. Taxes and Increased Cost

10.1. All payments by the Borrowers to BoS (being a Qualifying Lender) under this letter shall be free and without deduction of tax unless the Borrowers are required by law to make a payment subject to deduction or withholding of tax, in which case the amount payable by the Borrowers will be sufficiently increased to ensure that BoS receives and retains a net sum equal to that which it would have received and

Edgar Filing: TITANIUM METALS CORP - Form 8-K

retained were no deduction or withholding made. If BoS subsequently receives a tax credit which is referable to the increased payment and which enhances its position, then it will reimburse the Parent sufficient to redress the position up to the amount received so long as by so doing it does not prejudice receipt or retention of the tax credit.

10.2.If BoS incurs an Increased Cost, then the Borrowers will indemnify it and will promptly pay to it the amount BoS certifies as payable. BoS will disclose, in reasonable detail, the basis of its calculation but not any matter which it considers confidential.

11. Other Borrowers

The Working Capital Facility shall not be available to any other person (whether a subsidiary of the Parent or not) other than with the express written agreement of BoS and once BoS has received all accession letters and/or security or other documents it requires in respect of that person and its assets.

12. Illegality

If, in the opinion of BoS, after the date of issue of this letter by BoS the introduction of any law or regulation or change in its interpretation, makes it unlawful for BoS to maintain all or any part of the Working Capital Facility or carry out all or any of its obligations in relation to it then BoS will serve notice to that effect on the Parent and that notice will release BoS from those obligations. The Borrowers will then repay to BoS (on its demand or on such later date as BoS reasonably specifies) the Working Capital Facility together with any other sums payable to BoS under this letter.

13. Payments

13.1.All payments of principal, interest or commission will be paid to BoS at the relevant Borrower's branch unless BoS otherwise directs and shall be in cleared funds in the relevant currency. If BoS receives a payment that is insufficient to discharge all the amounts then due and payable under the BoS Documents, BoS shall apply that payment towards the obligations of the Group Companies under the BoS Documents in such order as BoS considers appropriate and any such appropriation shall override any instructions by any Group Company.

13.2.All payments to be made by any Borrower under the BoS Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

13.3.All sums of interest or commission will accrue on a daily basis and be calculated on the basis of a year of 365 days (in the case of any amount in Sterling) or 360 days (in the case of any amount in any other currency) and, in any such case, for the actual number of days elapsed. Interest shall continue to accrue on sums due following a decree or judgement as well as before it, and at the same rate.

13.4.Any determination by BoS of any amount of principal, interest, commission or charges or an applicable interest rate shall, in the absence of manifest error, be conclusive and binding on the Borrowers.

13.5.Where the due date for payment of any amount under any BoS Document is not a Business Day then (without affecting subsequent payment dates) actual payment will be required on the next Business Day.

Edgar Filing: TITANIUM METALS CORP - Form 8-K

- 13.6.
