Impac Mortgage Holdings, Inc. consists of its subsidiaries, IMH Assets Corp., or **IMH Assets**, Impac Warehouse Lending Group, Inc., or **IWLG**, Impac Multifamily Capital Corporation, or **IMCC**, and its affiliate Impac Funding Corporation, or **IFC**, together with its wholly-owned subsidiaries Impac Secured Assets Corp., or **ISAC**, and Novelle Financial Services, Inc., or **Novelle**. We are sending this proxy statement and the enclosed proxy to our stockholders commencing on or about April 30, 2003.

Solicitations

We will bear the cost of this solicitation of proxies. Solicitations will be made by mail. We may, in a limited number of instances, solicit proxies personally or by telephone. We will reimburse banks, brokerage firms, other custodians, nominees and fiduciaries for reasonable expenses incurred in sending proxy materials to beneficial owners of common stock to us.

Annual Report

Our annual report to stockholders for the year ended December 31, 2002 is concurrently being provided to each stockholder.

Voting

Holders of our common stock of record at the close of business on April 3, 2003 (the **Record Date**) will be entitled to vote at the Meeting. There were 49,196,734 shares of common stock, \$0.01 par value per share, outstanding at that date. Each share of our common stock is entitled to one vote and the presence, in person or by proxy, of holders of a majority of the outstanding shares of our common stock, is necessary to constitute a

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

quorum for the Meeting.

If a proxy in the accompanying form is duly executed and returned, the shares represented by the proxy will be voted as directed. All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Meeting in accordance with the directions given. The affirmative vote of a plurality of all of the votes cast at the Meeting at which a quorum is present is necessary for the election of a director. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific nominees. The affirmative vote of a majority of all the votes cast at the Meeting at which a quorum is present is necessary for the ratification of the appointment of KPMG LLP as our independent auditors for the current fiscal year and the

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

approval for Section 162(m) purposes of incentive compensation arrangements for three of our executive officers. The affirmative vote of the holders of a majority of the shares present or represented and entitled to vote at the Meeting is required for approval for Section 162(m) purposes of the amendment to IMH s 2001 Stock Option Plan.

Under Maryland law, our charter and our bylaws, abstentions will have no effect on the outcome of the vote on the election of directors, the vote on the ratification of the appointment of KPMG LLP as independent auditors and the approval for Section 162(m) purposes of incentive compensation arrangements. Broker non-votes will not be included in vote totals and will have no effect on the outcome of any of the proposals. For the approval for Section 162(m) purposes of the amendment to IMH s 2001 Stock Option Plan, abstentions will have the same effect as votes against the proposal and broker non-votes will not be counted as shares entitled to vote on the matter and will have no effect on the result of the vote. Abstentions and broker non-votes will count toward the presence of a quorum.

If no direction is given, the shares represented by the proxy will be voted **FOR** (i) the election of the seven nominees for director named herein, (ii) the ratification of KPMG LLP as our independent auditors for the current fiscal year, (iii) the approval for 162(m) purposes of the incentive compensation arrangements, and (iv) the approval for 162(m) purposes of the amendment to IMH s 2001 Stock Option Plan limiting the maximum number of shares for which options may be granted to any eligible employee in any fiscal year.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our directors are elected annually to serve until the next annual meeting of stockholders and thereafter until their successors are elected and qualify. Our charter and bylaws currently provide for a variable board of directors with a range of between three and fifteen members. Our bylaws give the board of directors the authority to establish, increase or decrease the number of directors. The size of our board of directors is currently set at seven. No proxy will be voted for more than seven nominees for director.

Unless otherwise directed by stockholders within the limits set forth in the bylaws, the proxy holders will vote all shares represented by proxies held by them for the election of the maximum number of the following nominees, all of whom are now members of and constitute our board of directors. We have been advised that all of the nominees have indicated their availability and willingness to serve if elected. In the event that any nominee becomes unavailable or unable to serve as a director, prior to the voting, the proxy holders will refrain from voting for the unavailable nominee or will vote for a substitute nominee in the exercise of their best judgment.

Upon any merger, transfer of assets, dissolution, liquidation or consolidation, the surviving corporation or transferee is bound by such employment agreement, and we have agreed to take all action to ensure such.

Effective in January 1998 and in lieu of accepting 25% of the fee owed in connection with the termination of the management agreement between IMH and Imperial Credit Advisors, Inc., our former manager, Messrs. Tomkinson, Ashmore and Johnson amended each of their employment agreements so that if our annualized return on equity, as defined therein, during any fiscal quarter is in excess of the ten year U.S. Treasury rate plus 200 basis points, each officer will receive an additional bonus of 4.0875%, 4.25%, and 3.0%, respectively, of such excess (the Incentive Compensation). 18% of each officer's incentive compensation until such time as the employee turns 55 years old will be deposited in a deferred compensation plan, one-third of which will be released one year from the quarter in which it is deposited plus the applicable accrued interest on such released amount at a rate of the ten year average yield, as defined therein, plus 200 basis points. 80% of the remainder of the incentive compensation will be paid to each officer in cash and 20% will be used by each officer to purchase shares of our common stock pursuant to its dividend reinvestment and stock purchase plan. The New Incentive Compensation, which is described in Proposal 4 of this proxy statement, is to be effective as of April 1, 2003.

Pursuant to an at will employment offer letter dated May 28, 1998, Ronald M. Morrison was hired as General Counsel and Secretary of IMH with a base salary of \$180,000, which has been subsequently amended to \$220,000, and an annual discretionary bonus of up to 20% of his base salary based upon performance and corporate profitability objectives. Mr. Morrison is also eligible to receive stock options under our Stock Option Plans, a monthly car allowance and expense reimbursements. If Mr. Morrison is terminated without cause, then he is entitled to receive six months severance based on his annual salary. On September 1, 2001, Mr. Morrison's employment offer letter was renegotiated to include 60,000 options of IMH that included DERs, in exchange for giving up his annual 20% discretionary bonus.

Gretchen Verdugo has an at will employment letter with the warehouse lending operations pursuant to which she is eligible to receive an annual discretionary bonus of up to 30% of her base salary, which is based 50% on corporate profitability and 50% on individual performance, and a quarterly bonus based on IWLG's average outstanding advances to non-affiliated customers. Ms. Verdugo also receives a car allowance. Up until November 2003, if Ms. Verdugo is terminated without cause, then she will receive six months severance based on her annual salary.

Material Terms of New Employment Agreements

On December 31, 2002, the employment agreements of Joseph R. Tomkinson, William S. Ashmore and Richard J. Johnson expired. The existing agreements have been extended until new employment agreements with each executive officer become effective. It is anticipated that new employment agreements, the material terms of which are described below, will be executed and become effective on or about July 1, 2003. Each agreement, unless terminated earlier pursuant to the terms of such agreement, will expire five years from the effective date.

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

Base and Other Compensation: Pursuant to the terms of the proposed employment agreements, Joseph R. Tomkinson will receive an annual base salary of \$600,000, William S. Ashmore will receive an annual base salary of \$500,000, and Richard J. Johnson will receive an annual base salary of \$250,000. In exchange for increased base salaries, Mr. Tomkinson and Ashmore will no longer receive commission on loan acquisitions and originations at IFC. Each officer's base salary will not be subject to any annual adjustment. The executive officers will receive other benefits, such as a car allowance, health benefits and accrued vacation. The executive officers will be prohibited, without the prior approval of the board of directors, from receiving compensation, directly or indirectly, from companies with whom IMH or its affiliates has any financial, business or affiliated relationship. The executive officers will also receive the New Incentive Compensation, the material terms of which are consistent with the previous employment agreements, and are further discussed below under Proposal 4 in this proxy statement.

Severance Compensation. If the executive officer's employment is terminated for any reason, other than without cause or good reason (as such terms are to be defined in the agreement), the executive officer will receive his base compensation, benefits, and pro rata incentive compensation through the termination date. In addition, if the executive officer is terminated without cause or if the executive resigns with good reason, the executive officer will receive the following:

- (i) an additional 30 months of his base salary of which 12 months worth of base salary will be paid on the termination date and the other 18 months worth of base salary will be paid on the normal salary payment dates over that period;
- (ii) benefits paid over the 30 month period following the termination date, provided certain conditions are met; and
- (iii) New Incentive Compensation payments (as discussed in Proposal 4) determined and paid as follows:
 - a. on the termination date, the executive officer will be paid an amount equal to the prior three quarters' worth of New Incentive Compensation;
 - b. 30 days after the quarter in which the termination date occurs, the New Incentive Compensation for that quarter that the executive officer would have been entitled to receive had the executive officer not been terminated; and
 - c. for the six quarters after the quarter in which the termination date occurs, the executive officer will be paid his New Incentive Compensation at the time such compensation would have been paid had the executive officer not been terminated; provided that the executive officer's New Incentive Compensation for each quarter will not be less than 50% nor more than 100% of the average quarterly New Incentive Compensation for the four quarters immediately preceding the termination date.

Each executive officer will agree not to compete with us and our subsidiaries and affiliates during the 30 months that severance payments are made to the executive officer, provided that the agreement not to compete will be waived if the executive officer forgoes the severance compensation.

Stock Option Plans

Our 1995 Stock Option, Deferred Stock and Restricted Stock Plan (the 1995 Stock Option Plan) provides for the grant of qualified incentive stock options (ISOs) that meet the requirements of Section 422 of the Internal Revenue Code of 1986, as amended, options not qualified (NQSOs), deferred stock, restricted stock, stock appreciation rights and limited stock appreciation rights awards. During 2001, the board of directors and stockholders approved a new Stock Option, Deferred Stock and Restricted Stock Plan (the 2001 Stock Option Plan and together with the 1995 Stock Option Plan the Stock Option Plans). The 2001 Stock Option Plan provides for the grant of ISOs that meet the requirements of Section 422 of the Code, NQSOs, deferred stock and restricted stock awards and dividend equivalent rights.

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

The Stock Option Plans are administered by the board of directors or a committee of the board (the Administrator). ISOs may be granted to the officers and key employees of IMH. NQSOs and awards may be granted to the directors, officers and key employees of IMH or any of its subsidiaries, and to the directors, officers and key employees of IFC. The exercise price for any NQSO or ISO granted under either of the Stock Option Plans may not be less than 100% (or 110% in the case of ISOs granted to an employee who is deemed to own in excess of 10% of the outstanding common stock) of the fair market value of the shares of common stock at the time the NQSO or ISO is granted. The purpose of each of the Stock Option Plans is to provide a means of performance-based compensation in order to attract and retain qualified personnel and to provide an incentive to those whose job performance affects IMH.

Under current law, ISOs may not be granted to any individual who is not also an officer or employee of IMH. To ensure that we qualify as a real estate investment trust, the Stock Option Plans provide that no options may be granted to any person who, assuming exercise of all options held by such person, would own or be deemed to own more than 9.5% of our outstanding shares of common stock.

Each option must terminate no more than 10 years from the date it is granted (or 5 years in the case of ISOs granted to an employee who is deemed to own in excess of 10% of the combined voting power of our outstanding common stock). Options may be granted on terms providing for exercise in whole or in part at any time or times during their respective terms, or only in specified percentages at stated time periods or intervals during the term of the option, as determined by the Administrator.

Options granted under the Stock Option Plans will become exercisable in accordance with the terms of the grant made by the Administrator. Awards will be subject to the terms and restrictions made by the Administrator. The Administrator has discretionary authority to select participants from among eligible persons and to determine at the time an option or award is granted and, in the case of options, whether it is intended to be an ISO or a NQSO, and when and in what increments shares covered by the option may be purchased.

The board of directors may from time to time revise or amend either of the Stock Option Plans, and may suspend or discontinue either any time. However, no such revision or amendment may impair the rights of any participant under any outstanding award without his consent or may, without stockholder approval, increase the number of shares subject to either of the Stock Option Plans or decrease the exercise price of a stock option to less than 100% of fair market value on the date of grant, with the exception of adjustments resulting from changes in capitalization, materially modify the class of participants eligible to receive options or awards under the Stock Option Plans, materially increase the benefits accruing to participants under the Stock Option Plans or extend the maximum option term under the Stock Option Plans.

1995 Stock Option Plan

Subject to anti-dilution provisions for stock splits, stock dividends and similar events, the 1995 Stock Option Plan currently authorizes the grant of options to purchase, and awards of, up to 1,200,000 shares. As of March 31, 2003, 67,390 shares underlying options were available for grant under the 1995 Stock Option Plan. If an option granted under the 1995 Stock Option Plan expires or terminates, or an award is forfeited, the shares subject to any unexercised portion of such option or award will again become available for the issuance of further options or awards under the 1995 Stock Option Plan.

The exercise price of any option granted under the 1995 Stock Option Plan is payable in full by (1) cash payment, (2) surrender of shares of our common stock already owned by the option holder having a market value equal to the aggregate exercise price of all shares to be purchased including, in the case of the exercise of NQSOs, restricted stock subject to an award under the 1995 Stock Option Plan, (3) cancellation of indebtedness owed by IMH to the option holder, (4) a full recourse promissory note executed by the option holder, or (5) any combination of the foregoing. The terms of any promissory note may be changed from time to time by the board of directors to comply with applicable United States Internal Revenue Service or Securities and Exchange Commission regulations or other relevant pronouncements.

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

Under the 1995 Stock Option Plan, we have made loans available to stock option holders, subject to approval by our board of directors in connection with the exercise of stock options granted under the 1995 Stock Option Plan. See Stock Option Loan Plan. If shares of common stock are pledged as collateral for such indebtedness, such shares may be returned to us in satisfaction of such indebtedness. If so returned, such shares shall again be available for issuance in connection with future stock options and awards under the 1995 Stock Option Plan.

Unless previously terminated by the board of directors, no options or awards may be granted under the 1995 Stock Option Plan after August 31, 2005.

In the event of a change in control, all stock options, any stock appreciation rights outstanding for at least six months, restricted stock, deferred stock and performance share awards will fully vest and the value of all such awards will be cashed out by payment of cash or other property, as determined by the Administrator, on the basis of a change of control price. Furthermore, any indebtedness incurred in connection with the 1995 Stock Option Plan will be forgiven. A change of control generally occurs when (i) any person becomes the beneficial owner, directly or indirectly, of 30% or more of the combined voting power of our securities, (ii) during any consecutive two-year period, individuals who at the beginning of such period constitute the board of directors, and any new director, with certain exceptions, who was approved by at least two-thirds of the directors still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority of the board of directors, (iii) in some circumstances, the stockholders approve a merger or consolidation, or (iv) the stockholders approve the complete liquidation, sale or disposition of all or substantially all of our assets. The change of control price generally means the higher of (i) the highest price per share paid or offered in any transaction related to a change of control or (ii) the highest price per share paid in any transaction reported on the exchange on which our common stock is listed at any time preceding the 60 day period as determined by the Administrator.

Since the adoption of the 2001 Stock Option Plan, no options have been granted under the 1995 Stock Option Plan.

2001 Stock Option Plan

Subject to adjustment provisions for stock splits, stock dividends and similar events, the 2001 Stock Option Plan authorizes the grant of options to purchase, and awards of, up to 1,000,000 shares; however, on January 1 of each year such maximum aggregate number of shares of stock may be increased by an amount equal to the lesser (a) 3.5% of the total number of shares of stock outstanding on such anniversary date, and (b) a lesser amount as determined by the board of directors; provided, further, that of such amount the maximum aggregate number of ISOs shall be increased on January 1 of each year by an amount equal to the lesser of (a) 3.5% of the total number of shares of stock outstanding on such anniversary date, and (b) 3.5% of the total number of shares of stock outstanding on the effective date of the Plan (the Evergreen Provision). See Proposal 3 in this proxy statement for a discussion of an amendment to the 2001 Stock Option Plan to limit the maximum number of shares for which options may be granted to any eligible employee in any fiscal year to 1,500,000. If an option granted under the 2001 Stock Option Plan expires or terminates, or an award is forfeited, the shares subject to any unexercised portion of such option or award will again become available for the issuance of further options or awards under the 2001 Stock Option Plan. As of March 31, 2003, 1,817,819 shares underlying options were available for grant under the 2001 Stock Option Plan.

The exercise price of any option granted under the 2001 Stock Option Plan is payable in full by (1) cash payment, (2) surrender of shares of our common stock already owned by the option holder having a market value equal to the aggregate exercise price of all shares to be purchased including, in the case of the exercise of NQSOs, restricted stock subject to an award under the Stock Option Plan, (3) cancellation of indebtedness owed by us to the option holder, (4) a full recourse promissory note executed by the option holder, or (5) any combination of the foregoing. In the case of ISOs, however, the right to make payment in the form of already

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

owned shares of common stock must be authorized at time of grant of such ISOs. The terms of any promissory note may be changed from time to time by the board of directors to comply with applicable United States Internal Revenue Service or Securities and Exchange Commission regulations or other relevant pronouncements.

The 2001 Stock Option Plan permits us to make loans available to stock option holders in the same manner as described above for the 1995 Stock Option Plan.

Unless previously terminated by the board of directors, no options or awards may be granted under the 2001 Stock Option Plan after March 27, 2011.

Under the 2001 Stock Option Plan, dividend equivalent rights may accompany awards granted to a participant. These rights entitle a participant to receive cash, common stock or other awards equal in value to dividends paid for a specified number of shares of common stock or other periodic payments. Dividend equivalent payments typically commence on the first dividend payment date following the grant of the award and continue until the earlier of the expiration or exercise of the corresponding award.

In the event of a change in control, all stock options, restricted stock, and deferred stock may fully vest and be exercisable, the value of all such awards will be cashed out by payment of cash or other property, as determined by the Administrator, on the basis of a change of control price or all unexercised stock options may be terminated. Furthermore, any indebtedness incurred in connection with the 2001 Stock Option Plan may be forgiven. The Administrator may, in the alternative, allow a successor to substitute equivalent awards or provide similar consideration. A change of control generally occurs when (i) any person becomes the beneficial owner, directly or indirectly, of 30% or more of the combined voting power of our securities, (ii) during any consecutive two-year period, individuals who at the beginning of such period constitute the board of directors, and any new director, with certain exceptions, who was approved by at least two-thirds of the directors still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority of the board of directors, (iii) in some circumstances, the stockholders approve a merger or consolidation, or (iv) the stockholders approve the complete liquidation, sale or disposition of all or substantially all of our assets. The change of control price generally means the higher of (i) the highest price per share paid or offered in any transaction related to a change of control or (ii) the highest price per share paid in any transaction reported on the exchange on which our common stock is listed at any time preceding the 60 day period as determined by the Administrator.

Stock Option Loan Plan

In December 1996, the board of directors adopted the 1996 Stock Option Loan Plan (the Loan Plan) under which loans may be made to officers, directors and key employees of IMH and IFC in connection with the exercise of stock options granted under the 1995 Stock Option Plan. Under the Loan Plan, the principal of any loan may not exceed the sum of (x) the exercise price less the par value of the shares of common stock covered by the stock option exercised by the holder and (y) any federal, state, or local income tax attributable to such exercise. Any loan proceeds must be paid directly to IMH in connection with the exercise of such options. Loans may be extended for a period of five years and can be extended annually for up to two more years, but in no event may the term be longer than seven years, including extensions. The interest rate on each loan is approved by the Compensation Committee, with such interest rate to be at all times at least sufficient to avoid imputed interest under the Code. Loans under the Loan Plan are evidenced by a promissory note, are full recourse and are secured by pledges of the common stock purchased upon the exercise of the stock options to which they relate. In the event of the sale or transfer of any of the shares of the common stock pledged as security, except under certain limited conditions, the unpaid principal balance and accrued interest shall become immediately due and payable to the extent of the proceeds realized from such sale or transfer. The principal and interest on the loans made under the Loan Plan are payable quarterly only upon the payment of dividends by IMH to holders of our common stock.

Currently, we have suspended any further loans provided under the Loan Plan and there are no loans outstanding.

Equity Compensation Plans

Our Stock Option Plans authorizes our board of directors to grant awards that include incentive stock options as defined under Section 422 of the Internal Revenue Code, non-qualified stock options, deferred stock, restricted stock and dividend equivalent rights.

The following table provides information as of December 31, 2002, concerning shares of our common stock authorized for issuance under our existing Stock Option Plans.

	(a)	(b)	(c)
Plan Category	Number of securities to be issued upon exercise of outstanding options	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance (excluding securities reflected in column (a))
Equity compensation plans approved by stockholders	934,990	\$ 5.00	382,709(1)
Equity compensation plans not approved by stockholders			
Total	934,990	\$ 5.00	382,709

(1) IMH's 2001 Stock Option Plan contains the Evergreen Provision as described above. Pursuant to the Evergreen Provision, the number of shares authorized for issuance under 2001 Stock Option Plan increased by 1,500,000 on January 1, 2003.

401(k) Plan

During 2002, we participated in the IFC contributory retirement plan (401(k) Plan) for all full time employees with at least six months of service, which is designed to be tax deferred in accordance with the provisions of Section 401(k) of the Code. The 401(k) Plan provides that each participant may contribute from 1% to 25% of his or her salary pursuant to certain restrictions or up to \$11,000 annually for 2002. We will contribute to the participant's plan account at the end of each plan year 50% of the first 4% of salary contributed by a participant. Under the 401(k) Plan, employees may elect to enroll on the first day of any month, provided that they have been employed for at least six months. In 2003, the 401(k) has been modified to allow for contributions up to \$12,000 annually.

Subject to the rules for maintaining the tax status of the 401(k) Plan, an additional company contribution may be made at our discretion, as determined by the Unaffiliated Directors. Should a discretionary contribution be made, the contribution would first be allocated to those employees deferring salaries in excess of 4%. The matching contribution would be 50% of any deferral in excess of 4% up to a maximum deferral of 8%. Should discretionary contribution funds remain following the allocation outlined above, any remaining company matching funds would be reallocated on the first 4% of the employee's deferrals. IMH and IFC recorded approximately \$733,000 for matching and discretionary contributions during 2002.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

During 2002, our Compensation Committee consisted of Messrs. Peers, Walsh and Rose. No member of the Compensation Committee was, during the fiscal year, an officer or employee of IMH, nor was any member of the Compensation Committee formerly an officer of IMH. See [Certain Relationships and Related Transactions](#) for a description of transactions with a company which Mr. Peers is employed.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee administers the policies governing our executive compensation program. All issues pertaining to executive compensation are reviewed and approved by the Compensation Committee and approved by our board of directors. The Compensation Committee is comprised solely of independent directors.

The Compensation Committee believes that executive compensation should reward sustained earnings and long-term value created for stockholders and reflect our business strategies and long-range plans. The guiding principles affecting executive compensation are: (1) to attract and retain key high caliber executives; (2) to provide levels of compensation competitive with those offered by our competitors; and (3) to motivate executives to enhance earnings and long-term stockholder value by linking stock performance (on a total returns basis) with long-term incentive compensation.

Our executive compensation philosophy is to set base salary at a competitive market rate and then to provide performance-based variable compensation which allows total compensation to fluctuate according to our return on equity as well as to total return received by stockholders. We believe that targeted levels of executive compensation are set at levels consistent with others in our industry, with such compensation increasingly weighted towards programs contingent upon our level of annual and long-term performance.

Each executive officer's compensation is comprised of three principal components: base salary, bonus compensation and stock options or awards granted pursuant to our Stock Option Plans. With respect to three of our executive officers, base salary and incentive compensation are determined by the executive officer's employment agreement with IFC and are reviewed at least annually by the Compensation Committee. During 2002, each of Messrs Tomkinson, Ashmore and Johnson was entitled to the Incentive Compensation as described above in Employment Agreements. In addition, pursuant to the terms of the current employment agreements, Messrs. Tomkinson and Ashmore are entitled to a quarterly performance bonus based on a percentage of the principal amount of loans acquired by IFC each quarter. Each of Messrs. Tomkinson and Ashmore received this quarterly bonus for 2002. However, this bonus will not be included in the new employment agreements. As discussed above, the employment agreements for Messrs. Tomkinson, Ashmore and Johnson have been extended until new employment agreements become effective. It is anticipated that new employment agreements will integrate the terms of the New Incentive Compensation, which became effective as of April 1, 2003, and is further discussed below in Proposal 4.

Consistent with our policies, Ms. Verdugo receives a quarterly bonus that is based on IWLG's average outstanding advances to nonaffiliated customers and a discretionary bonus based on corporate profitability and individual performance. During 2002, Mr. Morrison received a discretionary bonus that was based on his salary and company profitability. However, after 2002, instead of receiving this bonus Mr. Morrison will receive options with DERs.

The Compensation Committee believes that the total compensation package of the Named Executive Officers should be linked to such factors as return on equity, percentage of assets, or the total return of our stock, both on an absolute basis and relative to similar companies, and to the attainment of planned objectives established at the beginning of the year. Since the fourth quarter of 1998, we have made a number of strategic changes in our businesses, which has resulted in yearly improvements in our operations. Due to our performance during 2002, the criteria for each of the different bonus programs for the Named Executive Officers were met and, consequently, they received larger bonuses for 2002 than they received in the immediately preceding years.

As stock dividends is one of the components that we use to measure our performance, we may also grant stock options with DERs to align the long-range interest of our Named Executive Officers with the interests of our stockholders. The amount of stock options and DERs that is granted to an officer is determined by taking into consideration the officer's position with IMH, overall individual performance, our performance and an estimate of the long-term value of the award considering current base salary and any cash bonus awarded. DERs did not accompany the options that were granted to the executive officers in 2002.

The Compensation Committee applies the foregoing principles and policies in examining the compensation of Joseph R. Tomkinson, our Chief Executive Officer. The Compensation Committee believes that Mr. Tomkinson, as Chief Executive Officer, significantly and directly influences our overall performance.

Section 162(m) was added to the Internal Revenue Code, as amended, as part of the Omnibus Budget Reconciliation Act of 1993. Section 162(m) limits the deduction for compensation paid to the Chief Executive Officer and the other Named Executive Officers to the extent that compensation of a particular executive exceeds \$1.0 million, unless such compensation was based upon performance goals determined by a compensation committee consisting solely of two or more outside directors, the material terms of which are approved by a majority vote of the stockholders prior to the payment of such remuneration, or paid pursuant to a binding contract that was in effect on February 17, 1993. Up to \$1.0 million of the compensation paid to each Named Executive Officer in 2002 was deductible. For a further discussion of our ability to deduct compensation under Section 162(m), see Proposal 4 regarding the New Incentive Compensation arrangements and Proposal 3 regarding an amendment to the 2001 Stock Option Plan to limit the annual grant of options to eligible employees.

The Compensation Committee will review our existing compensation program to determine the deductibility of the future compensation paid or awarded pursuant thereto and will seek guidance with respect to changes to our existing compensation program that will enable IMH to continue to attract and retain key individuals while optimizing the deductibility to IMH of amounts paid as compensation.

The Compensation Committee believes that its overall executive compensation program will be successful in providing competitive compensation appropriate to attract and retain highly qualified executives and also to encourage increased performance from the executive group, which will create added stockholder value.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of our board of directors is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee is currently comprised of three directors, each of whom is independent as defined by the American Stock Exchange listing standards. The Audit Committee operates under a written Audit Committee charter approved by the board of directors on May 23, 2000. A copy of the charter is attached as Exhibit 1 to our Proxy Statement that was filed with the Securities and Exchange Commission on May 17, 2001.

Company management is responsible for our internal controls and financial reporting process. The independent auditors are responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with IMH's management and the independent auditors to review and discuss the December 31, 2002 financial statements. The Audit Committee also discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as may be modified or supplemented. The Audit Committee also received written disclosures from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) which requires the written disclosure of all relationships between us and our independent auditors that, in the independent auditor's professional judgment, may reasonably be thought to bear on independence and confirmation that, in its professional judgment, it is independent of IMH that it is auditing.

Based on the Audit Committee's discussions with IMH's management, review of the independent auditor's letter and discussions with the independent auditors, the Audit Committee has recommended that the board of directors include the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

The Audit Committee has reviewed the non-audit fees described below and has concluded that the amount and nature of those fees is compatible with maintaining the independent auditors' independence.

Selection of Independent Auditors

KPMG LLP completed the audits of the financial statements of IMH and IFC for the fiscal year ended December 31, 2002. IMH has been very satisfied with the services of KPMG. KPMG provided us with internal audit services for 2002; however, we have engaged another party to provide internal procedures for 2003.

KPMG issued unqualified reports on IMH's and IFC's financial statements for the fiscal years ended December 31, 1995 through December 31, 2002, and to date we have had no disagreements with KPMG on any matters of accounting principles or practices, financial statement disclosures, or auditing scope or procedures.

STOCKHOLDER RETURN PERFORMANCE PRESENTATION

Set forth below is a performance graph comparing the cumulative total stockholder return on our common stock, the S&P 500 Stock Index and an index average of our peer group, composed of comparable publicly-traded companies in the mortgage business, in each case for the period commencing on December 31, 1997 through December 31, 2002. Such peer group includes Apex Mortgage Capital, Inc., Annaly Mortgage Management, Anworth Mortgage Asset Corporation, Hanover Capital Mortgage Holdings, Inc., Redwood Trust, Inc. and Thornburg Mortgage Asset Corporation. We have included Anworth Mortgage Asset Corporation instead of Capstead Mortgage Corporation, Inc. because they are more closely aligned to our business. The graph assumes \$100 invested on December 31, 1997 in our common stock, the S&P 500 Stock Index and the Stock Index of the peer group and reinvestment of dividends. The stock price performance shown on the graph is not necessarily indicative of future price performance.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Act of 1934 requires our directors, executive officers and persons who own more than ten percent of a registered class of our securities to file with the Commission initial reports of ownership and reports of changes in ownership of the Common Stock. Executive officers, directors and greater than ten percent stockholders are required by the Commission's regulations to furnish to IMH copies of all Section 16(a) forms they file.

To our knowledge, based solely on review of the copies of such reports furnished to IMH during the fiscal year which ended December 31, 2002, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent stockholders were satisfied by such persons, except for Gretchen D. Verdugo who filed a late Form 3 and a late Form 4 reporting the purchase of shares, Stephan R. Peers who filed a late Form 4 reporting the sale of shares and William S. Ashmore who filed a late Form 4 reporting the purchase of shares. Furthermore, HBK Investments LP filed a late Form 4 reporting 12 transactions involving sales of shares.

Arrangements with IFC

IMH and IFC have interlocking executive positions and share common ownership. Joseph R. Tomkinson, IMH's Chairman of the Board and Chief Executive Officer and IFC's Chief Executive Officer and a Director is an owner of one-third of the common stock of IFC. William S. Ashmore, IMH's President, Chief Operating Officer and a Director and IFC's President and a Director is an owner of one-third of the common stock of IFC. Richard J. Johnson, IMH's Executive Vice President and Chief Financial Officer and Executive Vice President, Chief Financial Officer and a director of IFC, is an owner of one-third of the common stock of IFC. We are currently negotiating with management to purchase the common shares of Impac Funding Corporation, however, we cannot assure you that terms will be agreed upon or that a transaction will be completed.

In addition, as owners of all of the outstanding shares of voting stock of IFC, Messrs. Tomkinson, Ashmore, and Johnson, have the right to elect all directors of IFC and the ability to control the outcome of all matters for which the consent of the holders of the common stock of IFC is required. Ownership of 100% of the common stock of IFC entitles the owners thereof to an aggregate of 1% of the economic interest in IFC.

During 2002, IMH and its subsidiaries were allocated data processing, executive and operations management, and accounting services that IFC incurred during the normal course of business. IFC charged IMH and its subsidiaries for these services based upon usage, which management believes was reasonable. Total cost allocations charged to IMH and its subsidiaries by IFC for the year ended December 31, 2002 were \$2.5 million.

Lease Agreement

IMH and IFC entered into a premises operating sublease agreement from an unaffiliated third party to rent approximately 74,000 square feet of office space in Newport Beach, California, for a ten-year term, which expires in May 2008. IMH and IFC pay monthly rental expenses and allocate the cost to subsidiaries and affiliated companies on the basis of square footage occupied. The majority of occupancy charges incurred were paid by IFC as most of our employees are employed by IFC. Total rental expense paid by IFC for the year ended December 31, 2002 was \$2.3 million, of which \$147,000 was charged to IMH and its subsidiaries.

Sub-Servicing Agreements

IFC sometimes acts as a servicer of mortgage loans acquired on a servicing-released basis by IMH in its Long-Term Investment Operations pursuant to the terms of a Servicing Agreement, which became effective on November 20, 1995. IFC subcontracts all of its servicing obligations under such loans to independent third parties pursuant to sub-servicing agreements.

Credit Arrangements

IWLG maintains a warehouse financing facility with IFC. Advances under such warehouse facility bears interest at Bank of America's prime rate minus 0.50%. As of December 31, 2002, finance receivables outstanding to IFC, excluding pledge balances, were \$491.4 million. As of March 31, 2003, \$340.0 million was outstanding, excluding pledge accounts. Interest income recorded by IWLG related to finance receivables due from IFC for the year ended December 31, 2002 was \$18.0 million.

During the normal course of business, we may advance or borrow funds on a short-term basis with affiliated companies. Advances to affiliates are reflected as Due from affiliates, while borrowings are reflected as Due to affiliates on our balance sheet. These short-term advances and borrowings bear interest at a fixed rate of 8.0% per annum. As of December 31, 2002, due from affiliates was none. Interest income recorded by IMH related to short-term advances due from affiliates for the year ended December 31, 2002 was \$1.2 million. As of December 31, 2002 due to affiliates was none. Interest expense recorded by IMH related to short-term borrowings due to affiliates for the year ended December 31, 2002 was \$1.6 million.

Purchase of Mortgage Loans

During the year ended December 31, 2002 IMH purchased mortgage loans from IFC having a principal balance of \$3.9 billion. The loans were purchased with premiums of \$71.7 million. IFC retained servicing rights on all mortgages purchased by IMH.

Advances

During 1999, IMH advanced \$14.5 million in cash to IFC at an interest rate of 9.50% per annum due June 30, 2004, in exchange for an interest only note to fund the operations of IFC and other strategic opportunities deemed appropriate by IFC. At December 31, 2002 the amount outstanding on this note was \$14.5 million and the largest amount outstanding during 2002 was \$14.5 million. Interest income recorded by IMH related to this note during 2002 was \$1.4 million.

Indebtedness of Management

In connection with the exercise of stock options by James Walsh, Frank P. Filippis and Stephan R. Peers, we made loans secured by the related stock under our Loan Plan. The loans were made for a five-year term. Interest on the loans were payable quarterly upon receipt of the dividend payment and the interest rate was set annually by the compensation committee. At each dividend payment date, 50% of quarterly dividends after applying the dividend payment to interest due, was required to reduce the principal balance outstanding on the loans. In April 2002, \$196,700, \$196,700, and \$191,400 was owed by James Walsh, Frank P. Filippis and Stephan R. Peers, respectively, pursuant to the loans, and such amounts were paid in full through the sale of IMH common stock. During 2002, the highest balance outstanding was \$196,700, \$196,700, and \$191,400, for Mr. Walsh, Mr. Filippis and Mr. Peers, respectively. We recorded interest income of \$7,000 related to the loans for the year ended December 31, 2002.

On February 27, 2003, IFC provided William B. Ashmore, President of IFC, with a \$295,600 fixed rate mortgage to provide financing with an initial rate of 5.50%. In the opinion of management, the loan was in the ordinary course of business, substantially on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated persons.

On December 10, 2001, IFC provided William B. Ashmore, President of IFC, with a \$600,000 adjustable rate mortgage to provide financing with an initial rate of 4.13%. In the opinion of management, the loan was in the ordinary course of business, substantially on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated persons. As of December 31, 2002, the outstanding principal balance on the mortgage was \$587,000.

On November 15, 2001, IFC provided Richard J. Johnson, Executive Vice President and Chief Financial Officer of IMH, with a \$140,000 fixed rate mortgage to provide financing with an interest rate of 6.50%. In the opinion of management, the loan was in the ordinary course of business, substantially on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated persons. In 2002, this loan was sold to a non-affiliate.

Other Arrangements

IFC has entered into an insurance commitment program with Radian Guaranty, Inc. Frank Filippis, a Director, is the Chairman and Chief Executive Officer of Radian Group, Inc. and its principal subsidiary, Radian Guaranty, Inc. Radian Guaranty has agreed to insure mortgage loans acquired or originated by IFC that meet certain credit criteria. IFC pays Radian on a monthly basis. The amount paid depends on the number of mortgage loans insured by Radian and the credit quality of the mortgage loans. For the year ended December 31, 2002, IFC paid an aggregate of \$4.9 million to Radian in connection with the insurance program.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The board of directors has selected and appointed KPMG LLP to act as external independent auditors for the year ending December 31, 2003. In recognition of the important role of the independent auditors, the board of directors has determined that its selection of such auditors should be submitted to the stockholders for review and ratification on an annual basis.

KPMG LLP has audited the financial statements of IMH since its inception. Management is satisfied with their performance to date.

The affirmative vote of a majority of the shares voting on this proposal is required for its adoption. In view of the difficulty and the expense involved in changing independent auditors on short notice, if the proposal is not approved, it is contemplated that the appointment of KPMG LLP for 2003 may be permitted to stand, unless the board of directors finds other compelling reasons for making a change. Disapproval of this Proposal will be considered as advice to the board of directors to select other independent auditors for the following year. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to appropriate questions.

PROPOSAL 3

APPROVAL FOR SECTION 162(M) PURPOSES OF AMENDMENT TO 2001 STOCK

OPTION PLAN LIMITING THE MAXIMUM NUMBER OF SHARES FOR WHICH

OPTIONS MAY BE GRANTED TO ANY ELIGIBLE EMPLOYEE IN ANY FISCAL YEAR

The IMH 2001 Stock Option Plan was adopted by the board of directors in March 2001 and approved by the stockholders in June 2001. The stockholders are being asked to approve the establishment of a grant limit so that future grants of stock options will not be subject to the \$1.0 million limitation on deductibility pursuant to Section 162(m) of the Internal Revenue Code, as amended (the Code). To enable IMH to deduct in full all amounts of ordinary income recognized by its executive officers in connection with the exercise of non-qualified stock options granted in the future under the 2001 Stock Option Plan, the board of directors, and the Compensation Committee, has amended the 2001 Stock Option Plan, subject to stockholder approval, to limit to 1,500,000 (subject to adjustment) the maximum number of shares for which options may be granted to any eligible employee in any fiscal year. IMH's grants of stock options to eligible employees typically do not approach this limit. This amendment to limit the grants of stock options does not apply to the awards of restricted stock, deferred stock and dividend equivalent rights.

Section 162(m) of the Code generally limits to \$1.0 million a corporation's federal income tax deduction for compensation paid in any year to its chief executive officer and its four highest paid executive officers, to the extent that such compensation is not performance-based. Under Treasury regulations, and subject to certain transition rules, a stock option will, in general, qualify as performance-based compensation if it (i) has an exercise price of not less than the fair market value of the underlying stock on the date of grant, (ii) is granted under a plan that limits the number of shares for which options may be granted to an employee during a specified period, which plan is approved by a majority of the votes cast by stockholders, and (iii) is granted by a compensation committee consisting solely of at least two outside directors. If a non-qualified stock option granted to an executive referred to above is not performance based, the amount that would otherwise be deductible by the corporation in respect of such stock option will be disallowed to the extent that the executive's aggregate non-performance based compensation paid in the relevant year exceeds \$1.0 million.

The board of directors believes that the proposal to the 2001 Stock Option Plan to approve the amendment to the 2001 Stock Option Plan limiting the maximum number of shares for which stock options may be granted to any eligible employee in any fiscal year to 1,500,000, as described above, is in the best interest of IMH and the stockholders for the reasons stated above.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE
APPROVAL FOR 162(M) PURPOSES OF THE AMENDMENT TO THE 2001 STOCK
OPTION PLAN LIMITING THE MAXIMUM NUMBER OF SHARES FOR WHICH
OPTIONS MAY BE GRANTED TO ANY ELIGIBLE EMPLOYEE IN ANY FISCAL YEAR

PROPOSAL NO. 4

APPROVAL FOR SECTION 162(M) PURPOSES OF INCENTIVE COMPENSATION

OF JOSEPH R. TOMKINSON, WILLIAM S. ASHMORE, AND

RICHARD J. JOHNSON

On December 31, 2002, the employment agreements of Joseph R. Tomkinson, William S. Ashmore, and Richard J. Johnson expired. The Compensation Committee of our board of directors has extended the terms of the existing agreements until new employment agreements become effective. However, in March 2003, the Compensation Committee approved to become effective as of April 1, 2003, and recommends for stockholder approval, quarterly incentive compensation (the New Incentive Compensation) for Messers Tomkinson, Ashmore and Johnson. The terms of the New Incentive Compensation are not materially different than those under the current Incentive Compensation arrangements described in this proxy under Employment Agreements. The material terms of the New Incentive Compensation are described below. If approved by the stockholders, the New Incentive Compensation would become effective as of April 1, 2003. It is anticipated that the New Incentive Compensation will be integrated into the proposed new employment agreements with each of the above executive officers. A summary of the material terms of the proposed new employment agreements are set forth in this proxy under Employment Agreements.

Stockholders are being asked to approve the terms of the New Incentive Compensation so that amounts paid thereunder will be deductible for tax purposes and not be subject to the deduction limitation of Section 162(m) of the Internal Revenue Code. Section 162(m) limits a public company's tax deduction to \$1.0 million per year per executive for certain compensation paid to that corporation's chief executive officer and its four other highest compensated executive officers who are employed by the corporation on the last day of the taxable year. However, Section 162(m) of the Code allows for the deductibility of certain compensation in excess of \$1.0 million per year, if such compensation qualifies as performance-based compensation, the material terms of which are disclosed to and approved a majority of the votes cast by stockholders. IMH has structured the provisions relating to the New Incentive Compensation with the intention that compensation resulting therefrom would qualify as performance-based compensation. However, any compensation that exceeds \$1.0 million paid pursuant to the current Incentive Compensation will not qualify for the exception under Section 162(m) and will not be deductible by IMH.

If the New Incentive Compensation was in effect during 2002, each of Mr. Tomkinson, Mr., Ashmore and Mr. Johnson would have received approximately the same amounts they actually received in 2002 under the terms of the current Incentive Compensation.

The purpose of the New Incentive Compensation is to provide quarterly incentives to the three above-named senior executives in a manner designed to reinforce IMH's performance and financial related goals. The New Incentive Compensation will provide the opportunity for these executives to earn potentially substantial incentive compensation for attaining these financial performance related objectives that are critical to our ongoing growth and profitability while preserving the associated benefit of a federal income tax deduction for this incentive compensation.

The New Incentive Compensation will be paid to each executive officer in an amount equal to IMH's excess income, which is the greater of zero or net income minus the product of (i) the Ten Year U.S. Treasury Rate plus 200 basis points and (ii) the average net worth multiplied by the number of days in the quarter and divided by 365, multiplied by 4.0875% in the case of Joseph Tomkinson, 4.25% in the case of William Ashmore, and 3.0% in the case of Richard Johnson. Net income is determined in accordance with the then-current tax law before the total New Incentive Compensation is paid to the executives, the deduction for dividends paid and any net operating loss deductions arising from prior periods. The Ten Year U.S. Treasury Rate is generally the arithmetic average of the weekly per annum Ten Year Average Yields published by the Federal Reserve Board during the quarter. Average net worth is, for any quarter, IMH's accumulated net worth of \$515.6 million at December 31, 2002 plus, subsequent to December 31, 2002, the weighted average daily sum of the gross proceeds from any sale of IMH's equity securities, before deducting any underwriting discounts and commissions and the other

Edgar Filing: IMPAC MORTGAGE HOLDINGS INC - Form DEF 14A

expenses; plus the average balance for the quarter of IMH's retained earnings; less the weighted average daily sum of the gross proceeds used to repurchase IMH's stock; less the average balance for the quarter of the cumulative dividends declared; plus an amount equal to prior period losses.

The New Incentive Compensation will generally be calculated and reviewed by the Compensation Committee within 30 days after each quarter. The New Incentive Compensation will be paid in cash, and the executives may elect to defer any component of their compensation in an approved, company sponsored deferred compensation plan. While the New Incentive Compensation can be amended, in any respect, without stockholder approval, any amendments would need stockholder so that amounts paid would not be subject to the deduction limitation of Section 162(m) of the Code.

APPROVAL FOR 162(M) PURPOSES OF THE TERMS OF
THE NEW INCENTIVE COMPENSATION
