AGGREGATED OPTION EXERCISES IN THE FISCAL YEAR 2002 AND OPTION VALUES AS OF DECEMBER 31, 2002

The following table summarizes option exercises during the fiscal year 2002 and the value of vested and unvested options at December 31, 2002 held by the Named Executive Officers in the Summary Compensation Table above. The table also sets forth the value realized upon the exercise of stock options during the period which is calculated based on the fair market value of our Common Stock on the date of exercise, as determined by the closing price of our Common Stock as traded on the Nasdaq National Market less the exercise price paid for the shares. The value of the unexercised in-the-money options would represent the positive spread between the exercise price of the options and the fair market value of the Company's Common Stock as of December 31, 2002, which was \$0.28 per share. However, since the exercise prices with respect to each of the options presented in the table were above the fair market value of the Company's Common Stock as of December 31, 2002, or \$0.28 per share, none of these options was considered to be in-the-money as of such date. As a result, no values are presented in the column entitled "Value of unexercised in-the-money options at fiscal year end (\$)" below. No stock appreciation rights were outstanding as of December 31, 2002.

The Company is currently in the process of negotiating an employment agreement with Mr. Borden and anticipates that a final agreement will be finalized during the second quarter 2003.

AGREEMENTS RELATING TO TERMINATION OF EMPLOYMENT. On June 12, 2002, the Company entered into a Separation Agreement and Mutual General Release with Stanley F. Bielicki in connection with the termination of Mr. Bielicki's Employment, the Company's former Chief Financial Officer, effective as of May 31, 2002. Under the terms of this agreement, Mr. Bielicki agreed to exercise and sell, no later than August 28, 2002, 50,000 of his vested options at \$1.13 per share and to use the proceeds to repay the loan of \$15,000 made to Mr. Bielicki by the Company (and any interest due). As the share price which Mr. Bielicki can obtain for the exercise of the options and the sale of the shares is less than \$1.13 per share, under the terms of the Separation Agreement, Mr. Bielicki's obligation to exercise the options and sell the shares is null and void, and as a result of this, the Company has proposed an amendment of the Separation Agreement, pursuant to which the Company would agree to pay Mr. Bielicki up to a maximum amount of \$21,000 in consulting fees during the fiscal year 2003 (the "Consulting Fees"); provided, however, that the payment of the Consulting Fees will be offset against the principal amount and any interest due under the outstanding \$15,000 loan. The Company anticipates that the amendment to the Separation Agreement will be executed by the end of the second quarter 2003. In addition, under the terms of the agreement, the Company agreed to (i) pay Mr. Bielicki, commencing on June 1, 2002, salary continuation payments through December 31, 2002 at a salary rate of \$140,000 per year, payable in accordance with the Company's normal payroll practices, less applicable federal, state and local taxes; (ii) permit Mr. Bielicki continued participation in certain benefits and retirement plans of the Company for a limited period of time after his effective termination date, (iii) extend the option exercise date of Mr. Bielicki's vested stock options as follows: (a) until the expiration date (March 9, 2009) of the term of options to purchase 100,000 shares of Common Stock issued at 41.50 per share, and (b) until October 25, 2010 for options to purchase 30,000 shares of Common Stock issued at \$1.13 per share; and (iv) pay reasonable attorney's fees, costs and expenses incurred by Mr. Bielicki in connection with his employment termination. In addition, both the Company and Mr. Bielicki agreed under the terms of the agreement to release the other party of any and all claims, actions or causes of action arising out of Mr. Bielicki's employment with and/or termination of employment.

On December 13, 2002, the Company entered into a Separation and Transition Agreement with Michael J. McClane in connection with the termination of Mr. McClane as an employee of the Company. Under the terms of the agreement, the parties agreed that (i) Mr. McClane would serve as a full-time employee

Edgar Filing: FASTNET CORP - Form 10-K/A

through December 13, 2002 and continue to receive compensation at the annual rate of \$100,000 through such date, and (ii) from December 14, 2002 through February 13, 2003 (the "Transition Period"), Mr. McClane would serve as a part-time employee and be responsible for various duties relating to his prior work for the Company and, in consideration thereof, would receive compensation at the annual rate of \$50,000 during the Transition Period. The termination of Mr. McClane's employment with the Company became effective as of February 13, 2003. Under the terms of the agreement, the Company agreed to (i) pay Mr. McClane, upon completion of the services which he agreed to render through February 13, 2002, an amount of \$100,000, minus all standard payroll deductions, on the first payroll date after February 13, 2003, (ii) compensate Mr. McClane for a portion of his legal advisory fees incurred in connection with review of the agreement, and (iii) permit Mr. McClane to continue to participate in certain benefits and retirement plans of the Company through the Transition Period. In addition, the Company agreed to continue certain vested stock options held by Mr. McClane to purchase a total of 120,000 shares of Common Stock, granted on October 25, 2000 at an exercise price of \$1.13 per share, to continue through February 13, 2003, except upon satisfactory completion of his services during the Transition Period, the provisions of the options which provide for automatic termination 90 days after the employee's termination shall be deleted. The agreement also provided that, in connection with a \$100,000 demand note, dated June 19, 2002, issued by Mr. McClane to the Company, the parties agreed that the note would be repaid as follows: (i) on the first payroll date following February 13, 2003, Mr. McClane would pay the Company an amount equal to the Payment, and (ii) all remaining amounts due under the note would be payable by February 13, 2004. In addition, both the Company and Mr. McClane agreed under the terms of the agreement to release the other party of any and all claims, actions or causes of action arising out of Mr. McClane's employment with and/or termination of employment.

In accordance with the terms of the Company's offer letter to Ward G. Schultz, the Company's Chief Financial Officer, the Company has agreed to pay Mr. Schultz the equivalent of twelve months of his then current base salary, plus bonuses received in the prior calendar year, in the event that Mr. Schultz is terminated without cause, as defined in the offer letter.
