EXPLANATORY NOTES

Pacific Premier Bancorp, Inc. ("Company") is filing this Amendment No. 1 on Form 10-K/A (the "Amendment") to amend its Form 10-K for the fiscal year ended December 31, 2007 filed with the Securities and Exchange Commission on April 15, 2008 ("Initial Form 10-K") to include the Management's Report on Internal Control Over Financial Reporting ("Management's Report"), which was inadvertently omitted from the Initial Form 10-K. The Management's Report contained in Item 9A(T) of this Amendment sets forth management's belief that, as of December 31, 2007, the Company's internal control over financial reporting is effective based on the criteria set forth in Item 9A(T).

In addition, this Amendment includes the information required under Part III of the form. The Initial Form 10-K indicated that the information required under Part III was being incorporated by reference from the Company's definitive proxy statement for its 2008 annual meeting of stockholders. However, the form only permits such incorporation by reference to the extent the definitive proxy statement is filed within 120 days of the Company's fiscal year end (i.e., by April 29, 2008). The Company did not file its 2008 proxy statement with the SEC within 120 days of its fiscal year (i.e., by April 29, 2008), and thus is including the Part III information in this Amendment.

This Amendment does not modify or update in any way the Initial Form 10-K other than as described above.

PART II

ITEM 9A(T). CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of the end of the period covered by this report. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs.

Based on our evaluation, our Chief Executive Officer and Chief Financial Officer concluded that the Company’s disclosure controls and procedures are effective as of the end of the period covered by this report in providing reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Management’s Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. GAAP, and that our receipts and expenditures are being made only in accordance with the authorization of its management and directors; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Our management assessed the effectiveness of its internal control over financial reporting as of December 31, 2007. In making this assessment, management used the framework set forth in the report entitled Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission, or COSO. The COSO framework summarizes each of the components of a company's internal control system, including (i) the control environment, (ii) risk assessment, (iii) control activities, (iv) information and communication, and (v) monitoring. Based on this assessment, our management believes that, as of December 31, 2007, our internal control over financing reporting is effective based on those criteria.

The Company's Annual Report on Form 10-K, as amended, does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in its Annual Report on Form 10-K, as amended.

Changes in internal control over financial reporting

We regularly review our system of internal control over financial reporting and make changes to our processes and systems to improve controls and increase efficiency, while ensuring that we maintain an effective internal control environment. Changes may include such activities as implementing new, more efficient systems, consolidating activities, and migrating processes.

There were no changes in our internal controls over financial reporting during the fiscal quarter to which this report relates that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

A description of the general functions of each of the Company's Board committees and the composition of each committee is set forth below.

Audit Committee. The Audit Committee is responsible for selecting and communicating with the independent auditors, reporting to the Board on the general financial condition of the Company and the results of the annual audit, and ensuring that the Company's activities are being conducted in accordance with applicable laws and regulations. The internal auditor of the Bank participates in the Audit Committee meetings. A copy of the audit committee charter can be found on the Company's website at www.ppbi.net under the Investor Relations section.

No member of the Audit Committee receives any consulting, advisory or other compensation fee from the Company other than fees for service as member of the Board of Directors, committee member or officer of the Board. Each of the Audit Committee members is considered "independent" under the Nasdaq listing standards and rules of the Securities and Exchange Commission ("SEC"). The Board of Directors has determined that Mr. McKennon satisfies the requirements established by the SEC for qualification as an "audit committee financial expert".

Compensation Committee. The Compensation Committee reviews the amount and composition of director compensation from time to time and makes recommendations to the Board when it concludes changes are needed. In recommending director compensation, the Compensation Committee considers the potential negative effect on director independence if director compensation and perquisites exceed customary levels. The Compensation Committee also has (i) oversight responsibility for the Bank's compensation policies, benefits and practices, (ii) reviews the Chief Executive Officer's recommendations concerning individual incentive awards of officers directly reporting to him, (iii) approves all stock option and restricted stock grants, (iv) has oversight responsibility for management planning and succession, and (v) determines the annual salary and the annual bonus, stock option and restricted stock grants of the Chief Executive Officer and Chief Financial Officer. Our Compensation Committee does not have a charter.

Nominating and Corporate Governance Committee. The Nominating Committee has oversight responsibility for nominating candidates as directors and to determine satisfaction of independence requirements. The Nominating Committee has adopted a written charter. A copy of the charter and the Company's Corporate Governance policy can both be found on the Company's website at www.ppbi.net under the Investor Relations section.

The Nominating Committee considers candidates for director suggested by its members and other directors of the Company, as well as management and shareholders. Our Nominating Committee will consider all director candidates

properly submitted by our shareholders in accordance with our Corporate Governance Guidelines. The Nominating Committee has authority to retain a third-party search firm to identify or evaluate, or assist in identifying and evaluating, potential nominees if it so desires, although it has not done so to date.

In evaluating nominees for director, the Nominating Committee considers such other relevant factors as it deems appropriate, including the current composition of the Board, the need for Audit Committee expertise, the director qualification guidelines set forth in the Company's Corporate Governance Policy and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Nominating Committee, in concert with the Company's Chief Executive Officer, interviews prospective nominees in person or by telephone. After completing its evaluation, the Nominating Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating Committee.

Audit Committee Financial Expert

No member of the Audit Committee receives any consulting, advisory or other compensation fee from the Company other than fees for service as member of the Board of Directors, committee member or officer of the Board. Each of the Audit Committee members is considered "independent" under the Nasdaq listing standards and rules of the Securities and Exchange Commission ("SEC"). The Board of Directors has determined that Mr. McKennon satisfies the requirements established by the SEC for qualification as an "audit committee financial expert".

Compliance with Section 16(a) of the Exchange Act

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, and the related rules and regulations, our directors and executive officers and any beneficial owners of more than 10% of any registered class of our equity securities, are required to file reports of their ownership, and any changes in that ownership, with the SEC. Based solely on our review of copies of these reports and on written representations from such reporting persons, we believe that during 2007 all such persons filed all ownership reports and reported all transactions on a timely basis.

Corporate Governance Principles and Code of Business Conduct and Ethics

We value strong corporate governance principles and adhere to the highest ethical standards. These principles and standards, along with our core values of fairness and caring, assist us in achieving our corporate mission. To foster strong corporate governance and business ethics, our Board of Directors continues to take many steps to strengthen and enhance our corporate governance practices and principles. To that end, we have adopted Corporate Governance Guidelines to achieve the following goals:

- to promote the effective functioning of the Board of Directors;
- to ensure that the Company conducts all of its business in accordance with the highest ethical and legal standards; and
- to enhance shareholder value.

The full text of our Corporate Governance Guidelines is available on our website at www.ppbi.net/ir. Our shareholders may also obtain a written copy of the guidelines at no cost by writing to us at 1600 Sunflower Avenue, Costa Mesa, California 92626, Attention: Investor Relations Department, or by calling (714) 431-4000.

The Nominating and Corporate Governance Committee (the "Nominating Committee") of our Board of Directors administers our Corporate Governance Guidelines, reviews performance under the guidelines and the content of the guidelines annually and, when appropriate, and recommends updates and revisions to our Board of Directors.

We have implemented a Code of Business Conduct and Ethics applicable to our directors, Chief Executive Officer, Chief Financial Officer, our other senior management, and to all of our officers and employees. Our Code of Business Conduct and Ethics provides fundamental ethical principles to which these senior financial officers are expected to adhere. Our Code of Business Conduct and Ethics operates as a tool to help our directors, officers, and employees understand and adhere to the high ethical standards required for employment by, or association with, the Company and the Bank. Our Code of Business Conduct and Ethics is available on our website at www.ppbi.net/ir. Our shareholders may also obtain written copies at no cost by writing to us at 1600 Sunflower Avenue, Costa Mesa, California 92626, Attention: Investor Relations Department, or by calling (714) 431-4000. Any future changes or amendments to our Code of Business Conduct and Ethics and any waiver that applies to one of our senior financial officers or a member of our Board of Directors will be posted to our website.

ITEM 11. EXECUTIVE COMPENSATION

Compensation of Non-Employee Directors

The Company's Board of Directors, acting upon a recommendation from the Compensation Committee, annually determines the non-employee directors' compensation for serving on the Board and its committees. In establishing director compensation, the Board and the Compensation Committee are guided by the following goals:

- Compensation should consist of a combination of cash and equity awards that are designed to fairly pay the directors for work required for a company of our size and scope;
 - Compensation should align the directors' interests with the long-term interests of shareholders; and
 - Compensation should assist with attracting and retaining qualified directors.

The Compensation Committee of the Company was comprised of Messrs. Boudreau, Goddard, and Skipper for 2007, each of whom is "independent" as defined under the Nasdaq listing standards. The Compensation Committee held one meeting during 2007, at which all members were present. The Compensation Committee (i) has oversight responsibility for the Bank's compensation policies, benefits and practices; (ii) reviews the Chief Executive Officer's recommendations concerning individual incentive awards of officers directly reporting to him; (iii) approves all stock option and restricted stock grants; (iv) has oversight responsibility for management planning and succession; and (v) determines the annual compensation amount and the annual bonus, stock option and restricted stock grants of the CEO and CFO. The Compensation Committee may from time to time retain independent compensation consultants to assist it in the exercise of its responsibilities, including developing compensation plans and providing comparative data regarding the Bank's compensation policies.

The Compensation Committee and Board most recently completed this process in December 2007, and determined that our director compensation for 2008 should remain unchanged from 2007, except for the increase of the monthly retainer to \$500, the addition of a \$500 quarterly retainer for the Audit Committee Chairman and the removal of the retainer for the Credit Committee Chairman. The Company does not pay director compensation to directors who are also our employees. Below are the elements of compensation paid to nonemployee directors for their service on our Board.

Cash Compensation

Company non-employee directors receive the following cash payments for their service on our Board of Directors and Board committees:

- a monthly cash retainer of \$500 for service on the Company Board;
- a monthly cash retainer of \$2,000 for service on the Bank Board;

- a monthly cash retainer of \$2,500 to the Chairman of the Board of the Bank;
- a quarterly cash retainer of \$500 to the Chairman of the Audit Committee of the Bank;

During 2007, the Company did not provide perquisites to any director in an amount that is reportable under applicable SEC rules and regulations. All non-employee directors are entitled to reimbursement for travel expense incurred in attending Board and committee meetings.

Stock Compensation

Each non-employee director is eligible for a grant of either options to purchase Company common stock or shares of restricted stock issued from our 2004 Long-term Incentive Plan, as recommended by our Compensation Committee. The options and restricted stock that the Company awards to our directors vest in equal thirds over three years on each anniversary of the date of grant, subject to earlier vesting on termination of service in certain circumstances. All awards are made based on the closing market price on the date of grant.

Long-Term Care Insurance Plan

As more fully described under the heading “Long-Term Care Insurance” of “Executive Compensation” below, the Bank implemented in September 2006 a Long-Term Care Insurance Plan for the named executive officers and directors of the Bank. The non-employee directors may elect not to participate in the insurance plan. For those who opt out, the amount of the insurance premium, up to \$4,000 annually, will be recorded each month to their deferred compensation account with interest. The deferred liability at December 31, 2007 was \$13,246. The total amount deferred for 2007 was \$9,498 and the expense for 2007 was \$747 for this plan.

In accordance with applicable SEC rules and regulations, the following table reports all compensation the Company paid during 2007 to its non-employee directors.

The deferred compensation is credited with interest by the Bank at prime plus one percent and the accrued liability is payable upon retirement or resignation. The Directors' Deferred Compensation Plan is unfunded. The Company is under no obligation to make matching contributions to the Directors' Deferred Compensation Plan. As of December 31, 2007, the unfunded liability for the plan was \$22,000 and the interest expense for 2007 was \$1,666.

Compensation Discussion and Analysis

The following discussion and analysis of compensation, which we refer to as the CD&A, arrangements of our named executive officers for 2007 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The Compensation Committee may adopt from time to time additional compensation arrangements or modify current compensation arrangements with our named executive officers based upon its evaluation of the need for such modifications to achieve the objectives of our compensation program discussed below.

Compensation Philosophy and Objectives

This CD&A provides an overview and analysis of our compensation program and policies, the material decisions we have made under those programs and policies with respect to our named executive officers, and the material factors we considered in making those decisions. We discuss within this CD&A the various elements included in executive compensation and how we determined those elements. We also discuss the roles of the Compensation Committee, our compensation consultants and our Chief Executive Officer or CEO in this process.

We believe that the most effective executive compensation program is one that enables us to attract, retain and motivate our named executive officers to achieve the Company's long-term and strategic goals. We intend for our compensation program to align executives' interests with those of the shareholders by rewarding performance for implementing the Company's various strategies, with the ultimate goal of improving shareholder value. We evaluate both performance and compensation to ensure that we maintain our ability to attract and retain employees in key positions, and to ensure that compensation provided to key employees keeps these employees focused on franchise value creation.

The principle elements for our compensation program are: (1) base salary, (2) annual discretionary cash incentive awards, (3) long-term equity incentive awards, (4) retirement plans and other benefits, and (5) other executive benefits, such as perquisites and severance benefits. Our named executive officers for 2007 consist of Steven R. Gardner, our CEO, John Shindler, our Chief Financial Officer or CFO, and Eddie Wilcox, our Chief Banking Officer or CBO. We refer to Messrs. Gardner, Shindler and Wilcox in this report as our Named Executive Officers.

Process for Making Compensation Decisions

Roles of the Compensation Committee and the Compensation Consultant. The Compensation Committee reviews and makes decisions with respect to salaries, cash incentives, equity incentives and employee benefits for our Named Executive Officers. The Compensation Committee has the authority to engage consultants as necessary and to request

other information as needed to fairly measure, monitor and control the overall compensation of the Named Executive Officers. For 2007, the Compensation Committee engaged JLR Associates, Management Consultants (“JLR”), an Irvine, California-based consulting firm specializing in compensation program design and evaluation for the financial services industry, to assist in establishing targeted aggregate levels and components of executive compensation. JLR performed studies of compensation for CEOs and CFOs at comparable peer group publicly-traded financial institutions and in the industry in general as found in surveys to assist the Compensation Committee in evaluating and determining appropriate market-level compensation.

The following banking institutions comprised the peer group for the JLR study:

Alliance Bancshares	Northern California Bancorp
American River Bancshares	Northern Valley Bancorp
Bank of Marin	Pacific Mercantile Bancorp
Bridge Capital Holdings	San Joaquin Bancorp
Farmers & Merchants Bancorp	Sierra Bancorp
First Northern Community Bancorp	Temecula Valley Bancorp
Heritage Commerce Corp	United Security Bancshares

This data included results from three compensation surveys conducted by the California Bankers Association, the State of California Department of Financial Institutions and SNL Financial for banking institutions similar in size to the Company. The results of the JLR studies provided the Compensation Committee with the starting point for the analysis of compensation for our CEO and CFO for 2007 and 2008.

Based on information in the studies and advice from JLR and the recommendations of the CEO, in the case of the CFO and CBO, and independent analysis performed by the Compensation Committee, including a discussion and analysis of the various components and levels of compensation for CEOs and CFOs within the peer group focusing on base salary, incentive and equity compensation as well as benefits and retirement plans, the Compensation Committee established compensation levels for our Named Executive Officers, including the parameters for base salaries, annual cash incentives, equity incentive awards, retirement plans and other benefits, and other executive benefits (including perquisites) that were appropriate for the Named Executive Officers and in alignment with our compensation philosophy. The Compensation Committee determined, in light of the information provided by JLR, the current size of the Company and the current transformation of Company to a commercial banking business model, that base salaries for the Named Executive Officers should be at or above the 75th percentile to the market as represented by the JLR peer group.

Role of Executive Officers in Compensation Decisions. The Compensation Committee makes the compensation decisions for the Named Executive Officers as set forth in the Summary Compensation Table below. The CEO reviews the performance of the CFO and CBO annually and makes recommendations on salary adjustments and annual award amounts, which are presented to the Compensation Committee. The Compensation Committee then exercises its discretion and modifies any recommendations, adjustments, or awards to the CFO and CBO, to align any such adjustment or award with the overall compensation philosophies of the Company.

Elements of Compensation

For fiscal year ended December 31, 2007, the principal elements of compensation for the Named Executive Officers were:

- Base salary;
- Annual discretionary cash incentive awards;
 - Long-term equity incentive awards,
- Retirement plans and other benefits; and

- Other executive benefits, such as perquisites and severance benefits.

Base Salary

The Company provides the Named Executive Officers and all other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for the Named Executive Officers are determined by using market assessments and internal evaluations for each executive based on his position, experience, anticipated contributions and responsibilities.

As part of its review of base salaries for the Named Executive Officers, the Compensation Committee considers:

- market data provided by public proxy information which may be confirmed or reviewed by independent sources;
- scope of the roles, duties and responsibilities of the executive and the impact these duties have on both the short and long term performance of the Company; and
 - individual performance of the executive.

In determining the Named Executive Officers' salaries, which were subsequently included in each of their employment agreements in December 2007 (as more fully discussed below), the Compensation Committee took into consideration comparable compensation for salary, bonus and other compensation for the JLR peer group and, in the case of Mr. Gardner, his relative years of service and experience as a CEO as well as his performance since becoming President/CEO of the Company and Bank. The Compensation Committee concluded that the compensation for our Named Executive Officers was below market based on the analysis provided by JLR at the 75th percentile of the peer group. As a result, the Compensation Committee approved base salary increases during 2007 for our Named Executive Officers as follows based on the individual Named Executive Officer's performance and on the information provided by JLR:

- Mr. Gardner's base salary was increased by 25% to \$375,000 per year.
- Mr. Shindler's base salary was increased by 27% to \$190,000 per year.
- Mr. Wilcox' base salary was increased by 7.5% to \$215,000 per year.

Employment Agreements. As more fully described below, in December 2007, the Company entered into employment agreements with each of our Named Executive Officers. We believe employment agreements serve a number of functions, including (1) retention of our Named Executive Officers; (2) mitigation of any uncertainty about future employment and continuity of management in the event of a change in control; and (3) protection of the Company and customers through confidentiality and non-solicitation covenants. Except as determined by the terms of the employment agreements with our Named Executive Officers, salary levels are typically reviewed annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility.

Incentive Compensation

The Company's incentive compensation is designed to provide cash (short-term) and equity-based (long-term) incentive compensation to:

- promote high performance on a risk adjusted basis and achievement of the our strategic plans by our Named Executive Officers and key employees;
 - encourage the growth of shareholder value; and
- allow key employees to participate as an equity shareholder in the long-term growth and profitability of the Company.

Annual Incentive Cash Awards. The Compensation Committee oversees establishment of annual discretionary incentive cash awards that are designed to motive short-term performance and retain talent. In 2007, the

Compensation Committee discussed the need for establishment of targets for the awarding of the discretionary cash award for 2007 and concluded that because of the Company's strategic transition to a commercial banking platform, financial measures were less relevant for 2007 than would be during a period of non-transition. Instead, the Compensation Committee focused on the Named Executive Officers' performance in light of the key areas of implementation of the strategic plan such as new business account acquisition, new relationship account growth and loan portfolio diversification as well as the overall risk mitigation and management practices.

The Compensation Committee discussed the growth in business accounts and business banking relationships as well the change in the loan portfolio. The Compensation Committee analyzed the Bank's financial performance compared to the Company's strategic plan and referenced the increasingly challenging environment for financial institutions. The Compensation Committee also discussed the specific performance of Mr. Gardner and the Bank for the past year and the transition of the Bank to a commercial banking business model. When determining Mr. Gardner's discretionary cash award, the Compensation Committee took into consideration all components of Mr. Gardner's compensation including his auto allowance, the payment of his life insurance premium, health benefits, SERP and total cash compensation.

Based on its analysis, the Compensation Committee approved the following discretionary incentive cash awards for the Named Executive Officers for 2007, which were paid in January 2008, in the amount of \$330,000 for the CEO, \$75,000 for the CFO and \$100,000 for the CBO.

Long-Term Equity Incentive Awards. We maintain the 2004 Long-term Incentive Plan, under which we are permitted to grant incentive stock options, restricted stock grants and stock appreciation rights. Each Named Executive Officer is eligible for equity incentive awards under the 2004 Long-term Incentive Plan, as determined by the Compensation Committee. The options and restricted stock that the Company awards to our Named Executive Officers vest in equal thirds over three years on each anniversary of the date of grant, subject to earlier vesting on termination of service in certain circumstances. All awards are made based on the closing market price on the date of grant.

The Compensation Committee believes it is important that the Named Executive Officers' and employee's interests are aligned with shareholders and to provide long term incentive to achieve the Company's goals and attract and retain talented executive officers. In discussing the grant of equity incentive awards to the Named Executive Officers for 2007, the Compensation Committee concluded, consistent with its determination of the annual discretionary incentive cash awards discussed above, that because of the Company's strategic transition to a commercial banking platform, financial measures for the grant of equity awards were less relevant for 2007 than would be during a period of non-transition.

For 2007, the Compensation Committee approved the issuance to our Named Executive Officers of 55,000 options to purchase shares of the Company's common stock that were issued on January 2, 2008, as follows:

- CEO – options to purchase 25,000 shares of common stock;
- CFO – options to purchase 5,000 shares of common stock;
- CBO – options to purchase 25,000 shares of common stock; and

Retirement Plans and Other Benefits

The Bank provides one tax-qualified, broadly-based Employee Savings Plan (the 401(k) Plan), to all employees and management of the Bank. Under the 401(k) Plan, employees may contribute from 1% to 50% of their compensation. In 2007, the Bank matched 100% of contributions for the first three percent contributed and 50% on the next two percent contributed. The amounts of contributions made to the 401(k) Plan by the Bank were approximately \$205,000 for the year ended December 31, 2007, for all employees of the Bank and \$25,048 to executives named in the Summary Compensation Table. See "All Other Compensation" below.

In addition, the Bank implemented in 2006 a non-qualified supplemental retirement plan or the Salary Continuation Plan for the CEO and CFO. The Salary Continuation Plan is an unfunded plan and the Company is under no obligation to fund the Salary Continuation Plan. The amount expensed in 2007 under the Salary Continuation Plan amounted to an aggregate of \$105,079, of which \$55,429 was for Mr. Gardner and \$49,350 was for Mr. Shindler. As of December 31, 2007, \$179,229 was recorded in other liabilities on the consolidated statements of condition for this plan.

Also in September 2006, the Bank implemented a Long-Term Care Insurance Plan for the named executive officers. The 2007 expense for this plan for the three executive officers was \$7,421 as described under "Nonqualified Deferred Compensation" below.

Additionally the Company provides Mr. Gardner, per his employee agreement, a life insurance policy in the amount of \$1.5 million and short-term disability policy. See "All Other Compensation" below.

Perquisites and Other Personal Benefits

The Company provides perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with the Company's overall compensation objectives of attracting and retaining superior employees for key positions. The Compensation Committee annually reviews the levels of perquisites and other personal benefits provided to the CEO and CFO.

Perquisites provided for the CEO, CFO, or CBO may include, but are not limited to, the use of Company automobiles, auto allowance, travel and transportation accommodations, entertainment expenses, participation in the plans and programs described above.

Attributed costs of the perquisites received by the above individuals for the fiscal year 2007 are included in the "All Other Compensation" column and related footnotes of the "Summary Compensation Table" below.

Salary Continuation Agreements

As more fully discussed in "Salary Continuation Plan" under "Nonqualified Deferred Compensation" below, we have established a Salary Continuation Plan for our CEO and CFO that provides for certain annual benefits for them following their retirement from the Company, and that provides for the acceleration of their benefits upon their termination due to a change-in-control, as that term is defined in the plan.

Administration of the Company's Compensation Program

The Company monitors its compensation program through the Compensation Committee. The Compensation Committee ensures that the total compensation paid to the Company's Named Executive Officers are appropriate given the Company's compensation goals and philosophies, as well as the skill sets and abilities of each individual recipient. The Company, through the Compensation Committee, endeavors to ensure that the compensation and benefits of the Named Executive Officers are appropriate as compared to similar executive officers within the banking industry.

The Compensation Committee's responsibilities are to:

- establish the base salary, incentive compensation and any other compensation for the Company's CEO and; review and approve the base salary, incentive compensation and other compensation for the CFO and the CBO in consultation with the Company's CEO;
- monitor the Company's management incentive and equity-based compensation plans, retirement and benefit plans and discharge the duties imposed on the Compensation Committee by the terms of those plans; and
 - perform other functions or duties deemed appropriate by the Board.

Compensation decisions for our Named Executive Officers and the non-employee Directors are made by the Compensation Committee.

Accounting and Tax Considerations - Equity-Based Compensation

The Compensation Committee also considers the tax and accounting treatment of the various components of compensation, and although these considerations do not generally drive its decisions, the Compensation Committee generally strives to put the Company in the best position with respect to tax and accounting treatment. In particular, the Compensation Committee attempts to ensure that compensation to Named Executive Officers is deductible under Section 162(m) of the Internal Revenue Code, although the Compensation Committee has reserved the right to provide compensation to Named Executive Officers that is not deductible for income tax purposes as circumstances

warrant.

The Company has no pension benefits plans.

Nonqualified Deferred Compensation

The Company offers two nonqualified defined contribution plans — the Director’s Deferred Compensation Plan and the Salary Continuation Plan. During 2007, none of the Named Executive Officers withdrew any amounts from the plans listed in the table below. Currently the Company only offers deferred compensation to its Board of Directors under the Director’s Deferred Compensation Plan as more fully described under “Director Compensation” above in this report. The Company does not offer deferred compensation to the Named Executive Officers at this time.

Salary Continuation Plan

In 2006, the Bank implemented a non-qualified supplemental retirement plan for our CEO and CFO. Because the Salary Continuation Plan is an unfunded plan, the Company is under no obligation to fund the Salary Continuation Plan. The Salary Continuation Plan, as outlined in the Salary Continuation Agreements between the Bank and each of our CEO and CFO, provides for the annual benefit of \$150,000 for our CEO and \$75,000 for our CFO, which is to be paid out in twelve (12) equal monthly installments commencing on the first day of the month following normal retirement at age 62. The annual benefit shall be distributed to the executive for fifteen (15) years.

The amount expensed in 2007 under the Salary Continuation Plan amounted to \$55,429 for Mr. Gardner and \$49,350 for Mr. Shindler. As of December 31, 2007, \$179,229 was recorded in other liabilities on the consolidated statements of condition for this Salary Continuation Plan. The Salary Continuation Plan was accounted for in accordance with SFAS No. 158 as of December 31, 2007.

Long-Term Care Insurance Plan

In September 2006, the Bank implemented the Long-Term Care Insurance Plan for the Named Executive Officers and non-employee directors of the Bank. The non-employee directors may elect not to participate in the insurance plan. For those who opt out, the amount of the insurance premium, up to \$4,000 annually, is recorded each month to their deferred compensation account with interest. The expense for 2007 was \$31,071 for the Long-Term Care Insurance Plan.

Potential Payments Made Upon Termination or a Change-in-Control

As described in the narrative following the Summary Compensation Table and Grant of Plan-Based Awards Table under “Executive Compensation” above in this report, each of our Named Executive Officers is party to an employment agreement with us, which provides the executives with benefits in the event of certain terminations of employment. In addition, each of Messrs. Gardner and Shindler is a party to a Salary Continuation Agreement, which also provides them with benefits in the event of certain terminations of employment.

Employment Agreements

As previously discussed in “Employment Arrangements” under “Compensation Discussion and Analysis” above, on December 19, 2007 we entered into employment agreements with our Named Executive Officers. The following describes payments due to the Named Executive Officers under their respective employment agreements following their termination of employment with us.

Termination for Cause; Resignation without Disability or Good Reason. If an executive is terminated for cause or resigns without disability or good reason, as such terms are defined in the employment agreements, he will receive only his base salary accrued through the date of termination or death. In this event, no special severance benefits are payable.

Termination as a Result of Disability; Death. If an executive is terminated as a result of disability or death during the term of employment, the executive will receive the lesser of (i) his base salary as in effect as of the date of termination, multiplied by one year, or (ii) his base salary for the duration of the term of his employment agreement.

Termination other than for Cause, Disability or Death; Resignation by the Executive Due to Our Material Breach or Following a Change of Control. If (i) an executive is terminated by us other than for cause, disability or his death, or (ii) an executive terminates the employment agreement due to (A) our material breach of the employment agreement, or (B) without his express written consent, (1) a material reduction by us of his functions, duties or responsibilities, (2) a material reduction by us of his base salary, or (3) our requirement that he be based at a location more than 50 miles from Costa Mesa, California, and the termination by the executive occurs within two (2) years following the initial occurrence of the breach or the good cause reason basis for termination, the executive will be entitled to a lump sum cash payment equal to his base salary as in effect immediately prior to the date of termination plus his incentive bonus for the previous year with respect to Messrs. Shindler and Wilcox, and with respect to Mr. Gardner, that same amount multiplied by three (3) years. Under the terms of Mr. Gardner’s employment agreement only, if his employment with us is terminated as described in the previous sentence, then Mr. Gardner is entitled to participate, at no cost to him, in all group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination (other than any of our stock option or other stock compensation plans or bonus plans), for a period ending at the earlier of (i) the third anniversary of the date of termination, and (ii) the date of his full-time employment by another employer, provided that in the event Mr. Gardner’s participation in any such plan, program or arrangement is barred, we must arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements prior to the date of termination.

In receiving any of the foregoing payments, the Named Executive Officers are not be obligated to seek other employment or to mitigate in any way the amounts payable to them as set forth above, and such amounts will not be reduced or terminated whether or not an executive obtains other employment.

Each employment agreement also provides that the severance payments and benefits will be modified or reduced by the amount, if any, which is the minimum necessary to result in no portion of the payments and benefits payable being subject to an excise tax under the “golden parachute” provisions under Section 280G of the Internal Revenue Code or subject to the excise tax imposed under Section 4999 of the Internal Revenue Code.

Restrictive Covenants

The employment agreements require each executive to refrain from soliciting employees of the Company for a two-year period after termination of employment. The agreements limit the executives’ ability to disclose or use any of the Company’s confidential information, trade secrets or business opportunities.

Salary Continuation Agreements

The following describes the Salary Continuation Agreements that we entered into with each of our Named Executive Officers on April 1, 2006, which still are in effect.

Early Termination other than due to Change in Control, Death, Disability or for Cause. In the event of an early termination of an executive’s employment agreement, which termination results other than from a change in control, disability or cause, as such terms are defined in the Salary Continuation Agreements, the executive will receive one hundred percent (100%) of the accrual balance, as defined in the Salary Continuation Agreements, determined as of the end of the month preceding the termination payable in twelve (12) equal monthly installments for a period of fifteen (15) years.

Disability Benefit. In the event an executive’s employment is terminated due to disability, the executive will receive one hundred percent (100%) of the accrual balance determined as of the end of the month preceding the termination payable in twelve (12) equal monthly installments for a period of fifteen (15) years.

Change in Control Benefit. Upon a change of control, followed within twelve (12) months by a termination of an executive’s employment agreement, the executive will receive a lump sum amount equal to the present value of the stream of one hundred eighty (180) monthly payments of \$12,500 each for Mr. Gardner and \$6,250 each for Mr. Shindler and Mr. Wilcox; provided that, in the event this amount is subject to federal excise taxes under the “golden parachute” provisions under Section 280G of the Internal Revenue Code, the payments will be reduced or delayed to the extent it would not be an excess parachute payment.

Death Benefit. In the event an executive dies while employed by us, his beneficiary will receive a lump sum amount equal to the present value of the stream of one hundred eighty (180) monthly payments of \$12,500 each for Mr. Gardner and \$6,250 each for Mr. Shindler and Mr. Wilcox.

Summary of Potential Termination Payments

The following table reflects the value of termination payments and benefits that each of our named executive officers would receive under the employment agreements and Salary Continuation Agreements, as applicable, which were in place on December 31, 2007, if they had terminated employment on December 31, 2007 under the circumstances shown. The table does not include accrued salary and benefits, or certain amounts that the named executive officers would be entitled to receive under certain plans or arrangements that do not discriminate in scope, terms or operation, in favor of our executive officers and that are generally available to all salaried employees.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Transactions with Certain Related Persons

No Company executive officer or director was indebted to the Company or its subsidiaries in an amount greater than \$120,000 at any time since the beginning of 2007, except Mr. McKennon who personally guaranteed, along with his two partners, four loans that their partnership, McKennon Wilson & Morgan, LLP, has outstanding with the Bank with an aggregate amount of \$120,000 or more. All such loans were made in the ordinary course of business, did not involve more than normal risk of collectability or present other unfavorable features, and were made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the same time for comparable loan transactions with unaffiliated persons. As of December 31, 2007, the loans to McKennon Wilson & Morgan, LLP were not classified as a non-accrual, past due, restructured or potential problem loans.

In March of 2007, the Bank made one loan to the partnership of Moore Stephens Wurth Frazer and Torbet, LLP, of which Jeff C. Jones, a director of the Company, is a partner. The loan was made in the ordinary course of business, did not involve more than normal risk of collectability or present other unfavorable features, and was made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the same time for comparable loan transactions with unaffiliated persons. As of January 17, 2008, the loan to Moore Stephens Wurth Frazer and Torbet, LLP was paid in full and closed and was not classified as a non-accrual, past due, restructured or a potential problem loan.

Review, Approval, or Ratification of Transaction with Related Persons

It is the policy of the Company that all permissible transactions between the Company and its executive officers, directors, holders of 10% or more of the shares of any class of its common stock and affiliates thereof, contain terms

no less favorable to the Company than could have been obtained by it in arm's-length negotiations with unaffiliated persons and are required to be approved by a majority of independent outside directors of the Company not having any interest in the transaction.

Director Independence

The Board of Directors of the Company and the Bank is made up of seven (7) directors. Due to the recent resignation of Mr. David Hardin in March 2008 there is currently one vacancy. The directors are divided into three classes. Directors are elected for staggered terms of three years and serve until their successors are elected and qualified. Our Corporate Governance Guidelines require that the Board consist predominantly of non-management directors. This means directors who are not currently, and have not been, employed by us during the most recent three years. Currently, our Chief Executive Officer is our only director who is also a member of management.

Our Corporate Governance Guidelines require that a majority of the Board of Directors consist of independent directors as defined under the Nasdaq Global Market (the "Nasdaq") rules. No director will be "independent" unless the Board affirmatively determines that the director meets the categorical standards set forth in the Nasdaq rules and otherwise has no relationship with the Company which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company).

Our Nominating Committee is responsible for reviewing with the Board annually the appropriate criteria and standards for determining director independence consistent with the Nasdaq rules. In 2007, the Company's Board determined that Kenneth A. Boudreau, John D. Goddard, Jeff C. Jones, Michael L. McKennon, and Ronald G. Skipper are independent and have no material relationships with the Company.

In connection with its review, the Board examined certain relationships between Mr. McKennon and the Company, in particular, the four loans his partnership has with the Bank, and determined that the relationships were immaterial.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specified audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it.

In 2007, 100% of Audit-Related Fees, Tax Fees and All Other Fees were pre-approved by the Audit Committee.
