Item 8.01 Other Events

On September 30, 2004, FirstEnergy Corp.'s Pennsylvania electric utility operating companies (Companies) entered into and filed a settlement agreement that addresses all issues related to the Companies' reliability case pending before the Pennsylvania Public Utility Commission (Commission). The agreement outlines steps to enhance service reliability, performance reporting and communications. It is subject to approval by the Administrative Law Judge (ALJ) and the Commission. The ALJ is expected to make a recommendation by the end of October and the Commission is expected to issue a final decision by the end of the year. If the settlement is modified, the parties would have the option to withdraw their support.

The agreement, which the signatory parties concluded is in the public interest, was signed by the Office of Consumer Advocate, Office of Small Business Advocate, Law Bureau Prosecutory Staff, Pennsylvania Rural Electric Association, and Allegheny Electric Cooperative. The remaining active parties to the case—Met-Ed Industrial Users Group, Penelec Industrial Customer Alliance, International Brotherhood of Electrical Workers locals 459 and 777, Utility Workers Union of America locals 140 and 180—filed an attachment to the settlement indicating no objection to the agreement.
