Item 8.01 - Other Events

Vishay Intertechnology, Inc. ("Vishay") today entered into an agreement to acquire Taiwan based Capella Microsystems (Taiwan) Inc. (GreTai Securities Market: 3582) ("Capella") for approximately NT\$6,051 million or US\$205 million. Capella is a fabless IC design company specializing in optoelectronic products.

Vishay intends to acquire Capella first through a tender offer of up to 100% of Capella's outstanding shares at a price of NT\$139 per share. The tender offer is conditioned upon at least a majority of the outstanding shares being tendered. If a majority, but less than 100%, of the outstanding shares are tendered, Vishay will complete the acquisition of Capella by merger according to the Agreement and Plan of Merger executed today with Capella. The period to tender outstanding shares begins on July 14, 2014 and ends on September 1, 2014, but could be extended pursuant to local regulations. If a majority of the outstanding shares are tendered, the tender offer is expected to close in September 2014 followed by Vishay's acquisition of 100% of Capella in a merger by the end of January 2015. Capella's board approved the acquisition agreement, and senior management and a majority of the members of the board of Capella other than independent directors have entered into agreements to tender their shares in the tender offer. The closing of the tender offer and merger are subject to customary closing conditions, including obtaining all necessary governmental approvals and clearances.

A copy of the press release announcing the transaction is attached as Exhibit 99.1 to this report.
