**YUM! BRANDS INC. REPORTS ESTIMATED PERIOD 5 SALES
FOR ITS INTERNATIONAL, CHINA AND U.S. BUSINESSES
CONFIRMS 2005 EPS ESTIMATE OF AT LEAST \$2.60 OR 10% GROWTH**

Louisville, Ky. - May 18, 2005 - Yum! Brands Inc. (NYSE: YUM) today reported system sales for its International Division increased 6% prior to foreign currency conversion or 10% after conversion to U.S. dollars. As expected, system sales for its China Division were down 5% versus last year prior to foreign currency conversion or down 4% after conversion to U.S. dollars. U.S. blended same-store sales at company restaurants increased 4%.

The company confirms its full-year 2005 EPS estimate of at least \$2.60 or 10% growth.

International Division System Sales Growth (Estimated)

	2005 Reported (U.S. \$)	2005 Local Currency	2004 Local Currency
Period 5	+10%	+6%	+5%
Q2 to Date	+11%	+6%	+5%

Note: These results exclude the China Division. The company's annual target growth rate for International Division system sales is at least +5% prior to foreign currency conversion.

China Division System Sales Growth (Estimated)

	2005 Reported (U.S. \$)	2005 Local Currency	2004 Local Currency
Period 5	(4)%	(5)%	+43%
Q2 to Date	+4%	+3%	+27%

Note: The China Division includes mainland China, Thailand, and KFC Taiwan. For the purpose of this report, like calendar months have been compared. The company's annual target growth rate for China Division system sales is at least 22% prior to foreign currency conversion.

As previously detailed in the company's sales release dated March 24, 2005, and the first-quarter earnings release, dated April 20, 2005, sales at KFC restaurants in mainland China were negatively impacted by adverse publicity relating to an isolated issue with a seasoning supplier. A coloring ingredient was included in a limited number of products that necessitated temporarily withdrawing those products from restaurants in that market. This supplier issue has been resolved, and the products have been returned to the menu. Sales in our mainland China Pizza Hut

restaurants were not impacted.

As expected, China Division Period 5 system sales were down 5%; consistent with our previous guidance of a 5% decline noted in our first-quarter earnings release dated April 20, 2005.

Sales recovery from the low point in the last week of Period 4 has been slow but sure. Currently, we expect Period 6 system-sales growth to be flat versus last year and sales recovery to continue into the third quarter.

The company continues to expect to open at least 375 new restaurants for the full year 2005 in the China Division.

U.S. Company Same-Store Sales Growth (Estimated)

	<u>Period 5, 2005</u>	<u>Period 5, 2004</u>
U.S. BLENDED	+4%	+3%
Taco Bell	+4%	+3%
Pizza Hut	+1%	+10%
KFC	+7%	(4)%

Note: The company's annual target growth rate for U.S. same-store sales is +1% to +2%.

2005 Period 5 End Dates

International Division	4/18/2005
China Division	4/30/2005
U.S. Business	5/14/2005

Period 6 Sales Release

Sales results for Period 6 (the four-week period ending June 11, 2005, for the U.S. businesses) will be released Thursday, June 16, 2005.

International Division includes all operations outside the U.S., with the exception of those reported in the China Division. Currently, the International Division includes more than 11,000 system restaurants in 100 countries and territories. The International Division's period close remains one period earlier than the company's period-end date to facilitate consolidated reporting. Please refer to the reporting calendar posted on Yum! Brands' Web site at the following URL: http://investors.yum.com/ireye/ir_site.zhtml?ticker=YUM&script=1000.

China Division includes mainland China, Thailand, and KFC Taiwan. Based on restaurant counts at the end of the first quarter 2005, the China Division includes 1,525 restaurants in mainland China, 366 restaurants in Thailand, and

132 KFC restaurants in Taiwan.

For 2005, we have moved forward mainland China's business reporting calendar to more closely align the timing of reporting its results of operations with our U.S. business.

For purposes of this sales release, we have compared calendar months included in China Division's current reporting calendar with those same months last year.

System-sales growth includes total sales from all restaurants regardless of ownership, including company-owned, franchise, license, and unconsolidated affiliate (joint-venture) restaurants. Sales of franchise, unconsolidated affiliate (joint-venture) and license restaurants generate franchise and license fees for the company (typically at a rate of 4% to 6% of sales). Franchise, unconsolidated affiliate (joint-venture) and license restaurant sales are not included in the company sales we present on our Consolidated Statements of Income in accordance with U.S. GAAP; however, the fees are included in the company's revenues. We believe system-sales growth is useful to investors as a significant indicator of our company's market share relative to competitors and the overall strength of our brands in the market place.

U.S. same-store sales include only company restaurants that have been open one year or more. U.S. blended same-store sales include KFC, Pizza Hut, and Taco Bell company-owned restaurants only. U.S. same-store sales for Long John Silver's and A&W restaurants are not included. U.S. systemwide same-store-sales results are reported quarterly within the company's earnings release and include only KFC, Pizza Hut and Taco Bell restaurants.
