PROXY STATEMENT

This proxy statement contains information related to the annual meeting of stockholders of the Company to be held on Tuesday, June 17, 2003, beginning at 11:00 a.m. at the offices of Fulbright & Jaworski L.L.P., 666 Fifth Avenue, 24th Floor, New York, New York, and at any postponements or adjournments thereof.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matter outlined in the notice of meeting on the cover page of this proxy statement, consisting of the election of directors. In addition, management will report on the performance of the Company during 2002 and respond to questions from stockholders. The Board of Directors is not currently aware of any other matters which will come before the meeting.

Proxies for use at the meeting are being solicited by the Board of Directors of the Company. Proxies were mailed to stockholders on or about May 14, 2003 and will be solicited chiefly by mail. The Company will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of the shares and will reimburse them for their expenses in so doing. Should it appear desirable to do so in order to ensure adequate representation of shares at the meeting, officers, agents and employees of the Company may communicate with stockholders, banks, brokerage houses and others by telephone, facsimile or in person to request that proxies be furnished. All expenses incurred in connection with this solicitation will be borne by the Company. The Company has no present

Edgar Filing: MONSTER WORLDWIDE INC - Form DEFR14A

plans to hire special employees or paid solicitors to assist in obtaining proxies, but reserves the option of doing so if it should appear that a quorum otherwise might not be obtained.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on May 7, 2003, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting, or any postponements and adjournments thereof. If you were a stockholder of record on that date, you will be entitled to vote all of the shares you held on that date at the meeting, or any postponements or adjournments of the meeting.

The Company has two classes of common stock: common stock and Class B common stock. Holders of both common stock and Class B common stock as of the record date will be entitled to participate at the meeting.

What are the voting rights of the holders of common stock and Class B common stock?

Each outstanding share of common stock will be entitled to one vote on each matter acted upon. Each outstanding share of Class B common stock will be entitled to ten votes on each matter acted upon.

1

On May 7, 2003, there were 107,110,544 shares of common stock outstanding, and 4,762,000 shares of Class B common stock outstanding. Andrew J. McKelvey, our Chairman and CEO, holds all of the Class B common stock which combined with the common stock held by him gives him in excess of 36% of the combined voting power of the Company. Except as set forth in "Stock Ownership," we believe that no other stockholder of the Company has in excess of 1% of the combined voting power of the Company. It is expected that Mr. McKelvey will vote for Proposal No. 1.

What constitutes a quorum?

The presence at the meeting in person or by proxy, of the holders of a majority of the outstanding shares of common stock and Class B common stock as of the record date will constitute a quorum, permitting the conduct of business at the meeting. As of the record date, 107,110,544 shares of common stock, representing the same number of votes, were outstanding, and 4,762,000 shares of Class B common stock, representing in the aggregate 47,620,000 votes, were outstanding. Thus, the presence of holders representing at least 77,365,273 votes will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. "Broker non-votes" are shares held by brokers or nominees which are present in person or represented by proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner. Under applicable Delaware law, the effect of broker non-votes on a particular matter depends on whether the matter is one as to which the broker or nominee has discretionary voting authority under the applicable rule of the New York Stock Exchange. The effect of broker non-votes on the specific items to be brought before the meeting is discussed under Proposal No. 1.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it in the enclosed return envelope it will be voted as you direct or you may vote by telephone or on the Internet as detailed below. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

Can I vote by telephone or electronically?

If you are a registered stockholder (that is, you hold your stock in certificate form), you may vote by telephone, or electronically through the Internet, by following the instructions included with your proxy card.

If your shares are held in "street name," please check your proxy card and contact your broker or nominee to determine whether you will be able to vote by telephone or electronically. A large number of banks and brokerage firms are participating in ADP Investor Communication Services online program. This program provides eligible stockholders the opportunity to vote via the Internet or by telephone. Voting forms will provide instructions for stockholders whose bank or brokerage firm is participating in ADP's program. If you vote by telephone or electronically through the Internet, please do not mail your proxy. Stockholders not wishing to vote electronically through the Internet or whose form does not reference Internet or telephone voting information should complete and return the enclosed proxy card.

Signing and returning the proxy card or submitting the proxy via the Internet or by telephone does not affect the right to vote in person at the meeting.

Can I receive more than one set of annual meeting materials?

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of the Company's proxy statement or annual report to stockholders may have been sent to multiple stockholders in each household. The Company will promptly deliver a separate copy of either document to any stockholder upon written or oral request to the Investor Relations Department of the Company, Monster Worldwide, Inc., 622 Third Avenue, New York, New York 10017, telephone (212) 351-7000. Any stockholder who wants to receive separate copies of the proxy statement or annual report to stockholders in the future, or any stockholder who is receiving multiple copies and would like to receive only one copy per household, should contact the stockholder's bank, broker, or other nominee record holder, or the stockholder may contact the Company at the above address and phone number.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although, attendance at the meeting alone will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board recommends a vote to approve Proposal No. 1, for election of the nominated slate of directors to serve for the ensuing year, as set forth in the notice of meeting on the cover page of this proxy statement. With respect to any other matter that properly comes before the meeting, the proxy holders will vote in accordance with their best judgment.

What vote is required to approve each item?

Election of Directors. The seven nominees receiving the highest number of affirmative votes of the votes cast at the meeting, either in person or by proxy, shall be elected as directors. A properly executed proxy card marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Items. For each other item that may properly come before the meeting, the affirmative vote of the holders of a majority of the shares represented in person or by proxy entitled to vote on the item will be required for approval. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

How are directors compensated?

Base Compensation. Each of the Company's non-employee directors receives \$25,000 per year for services rendered as a director, plus a per meeting fee of \$1,000 for each meeting of the Board of Directors or a committee of the Board of Directors attended in person or telephonically (limited to a maximum fee of \$1,000 per day), plus reimbursement of expenses incurred in connection with his or her duties as director and life insurance in accordance with the Company's standard life insurance offering for employees. In addition, as of January 1, 2003, each non-employee director who serves as the chairman of the audit committee or the compensation committee receives an additional \$15,000 per year for services rendered in such capacity. The annual fee for the chairman of the audit committee was changed to \$8,000 monthly as of May 6, 2003. In addition, on May 6, 2003, the Board of Directors approved a grant of 5,000 shares of restricted stock on July 1, 2003 to each of the Company's non-employee directors who are serving in that capacity on July 1, 2003. Such shares shall vest in equal amounts on the one year and two year anniversaries of the date of grant.

Options. The Company adopted the 1996 Stock Option Plan for Non-Employee Directors (the "Directors' Plan"), pursuant to which options to acquire a maximum aggregate of 360,000 shares of Common Stock may be granted to non-employee directors. Pursuant to the Directors' Plan, each of Messrs. Kaufman and Swann, its only non-employee directors at the time, was granted an option to purchase 22,500 shares of common stock at a purchase price per share equal to the fair market value of the common stock on the date of such director's election to the Board of Directors (\$11.81 in the case of Mr. Kaufman and \$7.00 in the case of Mr. Swann). The options have a ten-year term and became exercisable as to 50% on the grant date and 25% on each of the next two one year anniversaries of the grant date. The options may be exercised by payment in cash, check or shares of common stock. The Company no longer makes grants under the Directors' Plan.

The Company adopted the 1999 Long Term Incentive Plan pursuant to which each new non-employee director of the Company is automatically granted an option to purchase 22,500 shares of common stock upon his or her commencement of service as a non-employee director. Accordingly, Mr. Kramer received such option in February 2000 and Mr. Gaulding received such option in June 2001, each at an exercise price equal to the fair market value of the common stock on the date of grant. In addition, each non-employee director of the Company is automatically granted an option to purchase 5,000 shares of common stock under the 1999 Long Term Incentive Plan on the day following each annual meeting that occurs at least one year after the first anniversary of the date he or she first became a non-employee director. Accordingly, Messrs. Kaufman, Kramer, Gaulding and Swann each received such option in June 2002. Automatic option grants will have a ten-year term and an exercise price equal to the fair market value of the common stock on the date of grant. Options granted to non-employee directors upon their commencement of service are 50% vested on the date of grant and will generally become fully vested on the first anniversary of the date of grant. Options granted to non-employee directors on an annual basis will generally become 50% vested on each of the first two anniversaries of the date of grant.

How often did the Board meet during the year ended December 31, 2002?

During the fiscal year ended December 31, 2002, the Board of Directors held seven meetings and acted nine times by unanimous written consent in lieu of a meeting. Each director attended at least 75% of the total number of meetings of the Board and the Committees on which he served.

What committees has the Board established?

In February 2003, the Board of Directors dissolved the Executive Committee which had acted six times by unanimous written consent in 2002 and the Strategy Committee which had met four times during 2002. The functions of these Committees have been assumed by the entire Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's executive officers and directors, and persons who beneficially own more than ten percent of the Company's common stock, to file initial reports of ownership and reports of changes in ownership with the SEC and the National Association of Securities Dealers, Inc. Executive officers, directors and greater than ten percent beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based upon a review of the copies of such forms furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that during fiscal 2002 all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent beneficial owners were complied with.

Vote Required

The seven nominees receiving the highest number of affirmative votes of the shares present in person or represented by proxy and entitled to vote for them, a quorum being present, shall be elected as directors. Only votes cast for a nominee will be counted, except that the accompanying proxy will be voted for all nominees in the absence of instruction to the contrary. Abstentions, broker non-votes and instructions on the accompanying proxy card to withhold authority to vote for one or more nominees will result in the respective nominees receiving fewer votes. However, the number of votes otherwise received by the nominee will not be reduced by such action.

THE BOARD OF DIRECTORS DEEMS "PROPOSAL NO. 1 ELECTION OF DIRECTORS" TO BE IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL THEREOF.

Report of Audit Committee

The Audit Committee of the Board of Directors of the Company serves as the representative of the Board of Directors for general oversight of the Company's financial accounting and reporting process, system of internal controls, audit process, and process for monitoring compliance with laws and regulations. Each of the members of the Audit Committee is independent, as defined under the listing standards of the Nasdaq National Market. The Audit Committee operates under a written charter adopted by the Board of Directors that was originally adopted in 2000 and was most recently amended in 2003. A copy of the charter, as amended, is included as Annex A to this proxy statement.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The Committee's responsibility is to oversee and review these processes. The Committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations, or generally accepted accounting principles or as to auditor independence. The Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

The Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. To carry out its responsibilities, the Committee met nineteen times during 2002.

11

In overseeing the preparation of the Company's financial statements, the Committee met with both management and the Company's outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)* and *No. 90 (Audit Committee Communications)*.

With respect to the Company's outside auditors, the Committee, among other items, discussed with BDO Seidman, LLP, matters relating to BDO Seidman, LLP's independence, including the disclosures made to the Committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

Finally, the Committee continued to monitor the scope and adequacy of the Company's internal auditing program, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

On the basis of these reviews and discussion, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

The Compensation Committee was formed in September 1996 and currently consists of Messrs. Kaufman, Gaulding and Kramer, each of whom is an independent non-employee director. The Compensation Committee is charged with recommending to the Board of Directors the compensation for the Company's executives and administering the Company's stock option and benefit plans.

What is the Company's philosophy of executive compensation?

The Company believes that executive compensation should be closely related to increased stockholder value. One of the Company's strengths contributing to its successes is a strong management team, many of whom have been with the Company for a number of years. The compensation program is designed to enable the Company to attract, retain and reward capable employees who can contribute to the continued success of the Company, principally by linking compensation with the attainment of key business objectives. Equity participation and a strong

alignment to stockholders' interests are key elements of the Company's compensation philosophy. Accordingly, the Company's executive compensation program is designed to provide competitive compensation, support the Company's strategic business goals and reflect the Company's performance.

The compensation program reflects the following principles:

Compensation should encourage increased stockholder value.

Compensation programs should support the short- and long-term strategic business goals and objectives of the Company.

Compensation programs should reflect and promote the Company's values and reward individuals for outstanding contributions toward business goals.

Compensation programs should enable the Company to attract and retain highly qualified professionals.

The Company's executive compensation is comprised of two components, base salary and incentives, each of which is intended to serve the overall compensation philosophy.

Base Salary. The Company's salary levels are intended to be consistent with competitive pay practices and level of responsibility, with salary increases reflecting competitive trends, the overall financial performance and resources of the Company, general economic conditions as well as a number of factors relating to the particular individual, including the performance of the individual executive, and level of experience, ability and knowledge of the job.

Incentives. Incentives generally consist of stock options and cash awards paid to the Company's senior and middle management executives. Mr Taylor's and Mr. Sileck's bonuses were guaranteed in their respective employment agreements. If senior executives are employed on an at will basis, their bonus is generally tied to the overall performance of the Company. In 2002, other key executives were granted stock options based on revenue, divisional or regional profit, client retention or other preset objectives related to performance as set forth in the Company's 2002 annual plan.

The Committee strongly believes that the pay program should provide employees with an opportunity to increase their ownership and potentially gain financially from Company stock price increases. By this approach, the best interests of stockholders, executives and employees will be closely aligned. Therefore, executives and other employees are eligible to receive stock options, giving them the right to purchase shares of common stock of the Company at a specified price in the future. The grant of options is based primarily on a key employee's potential contribution to the Company's growth and profitability, based on the Committee's discretionary evaluation. Options are granted at the prevailing market value of the Company's common stock and will only have value if the Company's

stock price increases. Generally, grants of options vest over a period of time and executives must be employed by the Company for such options to vest.

How is the Company's Chief Executive Officer compensated?

As Chief Executive Officer and Chairman of the Board, Mr. McKelvey is compensated pursuant to an amended employment agreement, effective as of November 15, 1996 which ended November 14, 2001 and was automatically renewed through November 14, 2002. This Agreement was again amended in May 2002 to extend the term through May 15, 2005. Pursuant to this amended employment agreement, the base salary for Mr. McKelvey was decreased to \$200,000 per annum. Such base salary represents a decrease over the previous year's salary which was \$500,000. Mr. McKelvey agreed to decrease his salary in part due to his significant stock ownership of the Company.

The aggregate compensation of Mr. McKelvey was deemed appropriate by the Compensation Committee considering the overall performance of the Company and Mr. McKelvey.

How is the Company addressing Internal Revenue Code limits on deductibility of compensation?

Section 162(m) of the Code generally limits to \$1,000,000 the annual income tax deduction for certain "non-performance based" compensation paid to the chief executive officer or any of the four other highest paid offices of a publicly held corporation. The Company's 1999 Long Term Incentive Plan permits the grant of several types of awards. Some will qualify for the exception to the deduction limitation for

performance-based compensation and others may not qualify for the exception. We believe that the stock options, stock appreciation rights and performance-based awards granted under the 1999 Long Term Incentive Plan can be structured to qualify for the exception for performance-based compensation. In general, the Compensation Committee wishes to structure performance-based awards in a way that will preserve the deductibility of compensation under such awards. The Compensation Committee may from time to time approve awards which would not qualify for the performance-based compensation exception. It is not anticipated that loss of deduction, if any, for compensation realized by any executive officer under the Company's existing compensation plans will be material.

The Compensation Committee believes that linking executive compensation to corporate performance results in a better alignment of compensation with corporate business goals and stockholder value. The Committee believes its compensation practices are directly tied to stockholder returns and linked to the achievement of annual and longer-term financial and operational results of the Company on behalf of the Company's stockholders. In view of the Company's performance and achievement of goals and competitive conditions, the Compensation Committee believes that compensation levels during 2002 adequately reflect the Company's compensation goals and policies.

Under the agreement, Mr. McKelvey may terminate his employment upon 90 days prior written notice for any reason. The agreement also provides that in the event Mr. McKelvey's employment is terminated by the Company prior to its expiration for reasons other than for "cause," the Company shall pay Mr. McKelvey his base salary for the remaining term of the agreement at the times it would have been payable had he remained employed. The agreement also contains confidentiality provisions, whereby Mr. McKelvey agrees not to disclose any confidential information regarding the Company and its affiliates. The option amount does not reflect the adjustment made by the Compensation Committee in connection with the Company's distribution of the common stock of Hudson Highland Group, Inc., to reflect the economic value of the distribution.

TMP Worldwide Limited, a subsidiary of the Company, is party to a Service Agreement, with Peter Dolphin. Pursuant to the Service Agreement, Mr. Dolphin serves as Group President, Europe of the Company. The Service Agreement is terminable by either party upon twelve months prior written notice. (1) Options generally vest in four equal annual installments commencing on the first anniversary date of the grant.

(2) Based on options to purchase 3,743,860 shares granted in 2002 under the 1999 Long Term Incentive Plan.

(3) These amounts represent assumed rates of appreciation in the price of the Company's common stock during the terms of the options in accordance with rates specified in applicable federal securities regulations. Actual gains, if any, on stock option exercises will depend on the future price of the common stock and overall stock market conditions. The 5% rate of appreciation over the terms of each of the \$11.02, \$11.12 and \$27.18 stock prices on each date of grant would result in a stock price of \$17.95, \$18.11 and \$44.27, respectively. The 10% rate of appreciation over the terms of each of the \$11.02, \$11.12 and \$27.18 stock prices on each date of grant would result in a stock price of \$28.58, \$28.84 and \$70.50, respectively. Stock Option Awards

In January 1996, the Company's Board of Directors adopted the 1996 Stock Option Plan (the "1996 Stock Option Plan"), which, as amended, provides for the issuance of incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and non-statutory stock options, to purchase an aggregate of up to 6,000,000 shares of the Common Stock of the Company. The 1996 Stock Option Plan permits the grant of options to officers, employees and consultants of the Company and its affiliates. The Company no longer makes grants under the 1996 Stock Option Plan.

In December 1998, the Company's Board of Directors adopted the Company's 1999 Long Term Incentive Plan and granted options to purchase an aggregate of 666,000 shares of Common Stock to certain of its executive officers and directors. Such options were granted at a per share exercise price of \$13.437, the fair market value of the Company's common stock on the date of grant. In 2002, the Company's executive officers and directors received, in aggregate, options to purchase 500,000 shares of common stock at a per share exercise price of \$9.16, options to purchase 475,000 shares of common stock at a per share exercise price of \$11.02, options to purchase 200,000 shares of common stock at a per share exercise price of \$11.12, options to purchase 20,000 shares of common stock at a per share exercise price of \$23.49 and options to purchase 442,567 shares of common stock at a per share exercise price of \$27.18. The exercise price of all of the option grants was determined based upon the fair market value of the Company's common stock on the grant date. On March 31, 2003, the Company completed the distribution of the common stock of Hudson Highland Group, Inc., the Company's then wholly-owned subsidiary, to its stockholders. In connection with this distribution, the number and/or the exercise price of options held by holders of options to purchase the Company's common stock, including options held by the directors and executive officers were adjusted by the Compensation Committee to reflect the economic value of the distribution by ensuring that each option has the same aggregate intrinsic value and same ratio of the exercise price to market value per share as existed prior to the distribution. The option amounts set forth above do not reflect this adjustment.

Certain Relationships and Related Transactions

Messrs. McKelvey, Eisele and Camara have approximately 69.4%, 10% and 5% interests, respectively, in International Drive, L.P., the lessor of the Company's 48,000 square foot office in Mt. Olive, New Jersey. This lease runs through December 2004 and the Company's rent for this space is \$46,200 per month.

On January 1, 1999, TMP Worldwide Communications Inc., the Company's Canadian recruitment advertising subsidiary, entered into a management agreement with TMPW Canada Inc., a recruitment advertising company owned by Mr. Swann, pursuant to which TMP Worldwide Communications Inc. provides management services in exchange for a percentage of the billings of TMPW Canada Inc. which is agreed to from time to time. The agreement has no stated term but is terminable by either party on 30 days' notice. For the year ended December 31, 2002, TMPW Canada Inc. paid approximately \$178,000 to TMP Worldwide Communications Inc. for management services.

Beginning in June 1999, the Company periodically used the service of an aircraft from a company owned by Mr. McKelvey, and in connection therewith, \$262,000 was paid in 2002.

The Company leased certain office space in 2002 to an investment company, 50% of which is owned by Mr. McKelvey. The investment company paid to the Company approximately \$101,000 in 2002 for office rent.

The Company believes that all transactions with the aforementioned directors and executive officers were made on terms no less favorable to the Company than would have been obtained from unaffiliated third parties and were approved or ratified by the entire Board, including disinterested directors.

Audit Committee of the Board of Directors

CHARTER

**MONSTER WORLDWIDE, INC.
AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
CHARTER**

Edgar Filing: MONSTER WORLDWIDE INC - Form DEFR14A

This Charter identifies the purpose, composition, meeting requirements, committee responsibilities, annual evaluation procedures and investigations and studies of the Audit Committee (the "Committee") of the Board of Directors (the "Board") of Monster Worldwide, Inc. (the "Company").

I. PURPOSE

The Committee has been established to: (a) assist the Board in its oversight responsibilities regarding (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent accountants' qualifications and independence and (4) the performance of the Company's internal audit function; (b) prepare the report required by the United States Securities and Exchange Commission (the "SEC") for inclusion in the Company's annual proxy statement; (c) retain and terminate the Company's independent accountants; (d) approve audit and non-audit services to be performed by the independent accountants; and (e) perform such other functions as the Board may from time to time assign to the Committee. In performing its duties, the Committee shall seek to maintain an effective working relationship with the Board, the independent accountants, the internal auditors and management of the Company.

II. COMPOSITION

The Committee shall be composed of at least three, but not more than five, members (including a Chairperson), all of whom shall be "independent directors," as such term is defined in the rules and regulations of the SEC and The Nasdaq Stock Market. The members of the Committee and the Chairperson shall be selected annually by the Board and serve at the pleasure of the Board. The Board may designate one or more independent directors as alternate members of the Committee, who may replace any absent or disqualified member or members at any meetings of the Committee. No person may be made a member of the Committee if his or her service on the Committee would violate any restriction on service imposed by any rule or regulation of the SEC or any securities exchange or market on which shares of the common stock of the Company are traded. All members of the Committee shall have a working familiarity with basic finance and accounting practices. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or an outside consultant. The Chairperson shall maintain regular communication with the chief executive officer, chief financial officer, the lead partner of the independent accountants and the chief internal audit executive.

Except for Board and Committee fees, a member of the Committee shall not be permitted to accept any fees paid directly or indirectly for services as a consultant, legal advisor or financial advisor or any other fees prohibited by the rules of the SEC and The Nasdaq Stock Market. In addition, no member of the Committee may be an affiliated person of the Company or any of its subsidiaries. Members of the Committee may receive their Board and Committee fees in cash, Company stock or options or other in-kind consideration as determined by the Board or the Compensation Committee, as applicable, in addition to all other benefits that other directors of the Company receive. No director may serve on the Committee, without the approval of the Board, if such director simultaneously serves on the audit committee of more than three public companies.

III. MEETING REQUIREMENTS

The Committee shall meet as necessary, but at least four times each year, to enable it to fulfill its responsibilities. The Committee shall meet at the call of its Chairperson, preferably in conjunction with

A-2

regular Board meetings. The Committee may meet by telephone conference call or by any other means permitted by law or the Company's Bylaws. A majority of the members of the Committee shall constitute a quorum. The Committee shall act on the affirmative vote of a majority of members present at a meeting at which a quorum is present. Without a meeting, the Committee may act by unanimous written consent of all members. The Committee shall determine its own rules and procedures, including designation of a chairperson pro tempore, in the absence of the Chairperson, and designation of a secretary. The secretary need not be a member of the Committee and shall attend Committee meetings and prepare minutes. The Committee shall keep written minutes of its meetings, which shall be recorded or filed with the books and records of the Company. Any member of the Board shall be provided with copies of such Committee minutes if requested.

The Committee may ask members of management, employees, outside counsel, the independent accountants, internal auditors or others whose advice and counsel are relevant to the issues then being considered by the Committee, to attend any meetings and to provide such pertinent information as the Committee may request.

The Chairperson of the Committee shall be responsible for leadership of the Committee, including preparing the agenda, presiding over Committee meetings, making Committee assignments and reporting the Committee's actions to the Board from time to time (but at least once each year) as requested by the Board.

Edgar Filing: MONSTER WORLDWIDE INC - Form DEFR14A

As part of its responsibility to foster free and open communication, the Committee should meet periodically with the internal auditors and the independent accountants in executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately. In addition, the Committee or at least its Chairperson should meet with the independent accountants and management quarterly to review the Company's financial statements prior to their public release consistent with the provisions set forth below in Section IV. The Committee may also meet from time to time with the Company's investment bankers, investor relations professionals and financial analysts who follow the Company.

IV. COMMITTEE RESPONSIBILITIES

In carrying out its responsibilities, the Committee's policies and procedures should remain flexible to enable the Committee to react to changes in circumstances and conditions so that it can fulfill its oversight responsibilities. In addition to such other duties as the Board may from time to time assign, the Committee shall have the following responsibilities:

A. Oversight of the Financial Reporting Processes

1. In consultation with the independent accountants and the internal auditors, review the integrity of the organization's financial reporting processes, both internal and external.
2. Review and approve all related-party transactions.
3. Consider the independent accountants' judgments about the quality and appropriateness of the Company's accounting principles as applied in its financial reporting. Consider alternative accounting principles and estimates.
4. Annually review major issues regarding the Company's auditing and accounting principles and practices and its presentation of financial statements, including the adequacy of internal controls and special audit steps adopted in light of material internal control deficiencies.

A-3

5. Discuss with management and legal counsel the status of pending litigation, taxation matters, compliance policies and other areas of oversight applicable to the legal and compliance area as may be appropriate.
6. Meet at least annually with the chief financial officer, the internal auditors and the independent accountants in separate executive sessions.

8. Review all analyses prepared by management and the independent accountants of significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any analysis of the effect of alternative generally accepted accounting principle ("GAAP") methods on the Company's financial statements and a description of any transactions as to which management obtained Statement on Auditing Standards No. 50 letters.
9. Review with management and the independent accountants the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.

B. Review of Documents and Reports

1. Review and discuss with management and the independent accountants the Company's annual audited financial statements and quarterly financial statements (including disclosures under the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operation") and any reports or other financial information submitted to any governmental body, or the public, including any certification, report, opinion or review rendered by the independent accountants, considering, as appropriate, whether the information contained in these documents is consistent with the information contained in the financial statements and whether the independent accountants and legal counsel are satisfied with the disclosure and content of such documents. These discussions shall include consideration of the quality of the Company's accounting principles as applied in its financial reporting, including review of audit adjustments (whether or not recorded) and any such other inquiries as may be appropriate. Based on the review, the Committee shall make its recommendation to the Board as to the inclusion of the Company's audited consolidated financial statements in the Company's annual report on Form 10-K.

Edgar Filing: MONSTER WORLDWIDE INC - Form DEFR14A

2. Review and discuss with management and the independent accountants earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies. The Committee need not discuss in advance each earnings release but should generally discuss the types of information to be disclosed and the type of presentation to be made in any earnings release or guidance.
3. Review the regular internal reports to management prepared by the internal auditors and management's response thereto.
4. Review reports from management, the internal auditors and the independent accountants on the Company's subsidiaries' and affiliates' compliance with the Company's code(s) of conduct, applicable law and insider and related party transactions.
5. Review with management and the independent accountants any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding the Company's financial statements or accounting policies.

A-4

6. Prepare the report required by the rules of the SEC to be included in the Company's annual proxy statement.
7. Submit the minutes of all meetings of the Committee to, or discuss the matters discussed at each Committee meeting with, the Board.
8. Review any restatements of financial statements that have occurred or were recommended. Review the restatements made by other clients of the independent accountants.

C. Independent Accountant Matters

1. Interview and retain the Company's independent accountants, considering the accounting firm's independence and effectiveness and approve the engagement fees and other compensation to be paid to the independent accountants.
2. Meet with the independent accountants and the Company's financial management to review the scope of the proposed external audit for the current year.
3. Approve, in advance of the work being performed, the scope of all audit and permissible non-audit services of the independent accountant.
4. On an annual basis, the Committee shall evaluate the independent accountants' qualifications, performance and independence. To assist in this undertaking, the Committee shall require the independent accountants to submit a report (which report shall be reviewed by the Committee) describing (a) the independent accountants' internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the accounting firm or by any inquiry or investigations by governmental or professional authorities (within the preceding five years) respecting one or more independent audits carried out by the independent accountants, and any steps taken to deal with any such issues and (c) all relationships the independent accountants have with the Company and relevant third parties in order to determine the impact, if any, of such relationships on the independent accountants' independence. In making its determination, the Committee shall consider not only auditing and other traditional accounting functions performed by the independent accountants, but also non-audit services performed or proposed to be performed. The Committee shall also consider whether the provision of any of these non-audit services is compatible with the independence standards under the guidelines of the SEC and other applicable authorities (including, possibly, the Public Company Accounting Oversight Board) and shall approve in advance any non-audit services to be provided by the independent accountants.
5. Review on an annual basis the experience and qualifications of the senior members of the external audit team. Discuss the knowledge and experience of the independent accountants and the senior members of the external audit team with respect to the Company's industry. 6. Review the performance of the independent accountants and terminate the independent accountants when circumstances warrant.
7. Establish and periodically review hiring policies for employees or former employees of the independent accountants.

A-5

Edgar Filing: MONSTER WORLDWIDE INC - Form DEFR14A

10. Periodically consult with the independent accountants out of the presence of management about internal controls and the fullness and accuracy of the organization's financial statements.
11. Oversee the relationship with the independent accountants by discussing with the independent accountants the nature and rigor of the audit process, receiving and reviewing audit reports and ensuring that the independent accountants have full access to the Committee (and the Board) to report on any and all appropriate matters.
12. Discuss with the independent accountants prior to the audit the general planning and staffing of the audit.
13. Obtain a representation from the independent accountants that Section 10A of the Securities Exchange Act of 1934 has been followed.

D. Internal Audit Control Matters

1. Discuss with management policies with respect to risk assessment and risk management. Although it is management's duty to assess and manage the Company's exposure to risk, the Committee should discuss guidelines and policies to govern the process by which risk assessment and management is handled and review the steps management has taken to monitor and control the Company's risk exposure.
2. Establish regular and separate systems of reporting to the Committee by each of management, the independent accountants and the internal auditors regarding any significant judgments made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.
3. Following completion of the annual external audit, review separately with each of management, the independent accountants and the internal auditors any significant difficulties

A-6

encountered during the course of the audit, including any restrictions on the scope of work or access to required information.

4. Review with the independent accountants, the internal auditors and management the extent to which changes or improvements in financial or accounting practices have been implemented. This review should be conducted at an appropriate time subsequent to implementation of changes or improvements, as decided by the Committee.

Periodically discuss with the chief executive officer and chief financial officer (a) significant deficiencies in the design or operation of the internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data and (b) any fraud that involves management or other employees who have a significant role in the Company's internal controls.
8. Ensure that no officer, director or any person acting under their direction fraudulently influences, coerces, manipulates or misleads the independent accountants for purposes of rendering the Company's financial statements materially misleading.

E. Evaluation of Internal Auditors

1. Review activities, organizational structure and qualifications of the internal auditors. The internal audit department shall have direct communication access to the Committee without the need for prior approval from management.
2. Review and concur in the appointment, replacement, reassignment or dismissal of the chief internal audit executive.
3. Consider and review with management and the chief internal audit executive:
 - (a) significant internal audit findings during the year and management's responses thereto;

 - (c) the annual internal audit plan any significant changes thereto;
 - (d) the internal auditors' budget and staffing; and
 - (e) the internal auditors' compliance with the appropriate standards of The Institute of Internal Auditors' Standards for the Professional Practice of Internal Auditing.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent accountants.

A-7

V. ANNUAL EVALUATION PROCEDURES

The Committee shall annually assess its performance to confirm that it is meeting its responsibilities under this Charter. In this review, the Committee shall consider, among other things, (a) the appropriateness of the scope and content of this Charter, (b) the appropriateness of matters presented for information and approval, (c) the sufficiency of time for consideration of agenda items, (d) frequency and length of meetings and (e) the quality of written materials and presentations. The Committee may recommend to the Board such changes to this Charter as the Committee deems appropriate.

VI. INVESTIGATIONS AND STUDIES

The Committee shall have the authority and sufficient funding to retain special legal, accounting or other consultants (without seeking Board approval) to advise the Committee. The Committee may conduct or authorize investigations into or studies of matters within the

Edgar Filing: MONSTER WORLDWIDE INC - Form DEF14A

Committee's scope of responsibilities as described herein, and may retain, at the expense of the Company, independent counsel or other consultants necessary to assist the Committee in any such investigations or studies. The Committee shall have sole authority to negotiate and approve the fees and retention terms of such independent counsel or other consultants.

VII. MISCELLANEOUS

Nothing contained in this Charter is intended to expand applicable standards of liability under statutory or regulatory requirements for the directors of the Company or members of the Committee. The purposes and responsibilities outlined in this Charter are meant to serve as guidelines rather than as inflexible rules and the Committee is encouraged to adopt such additional procedures and standards as it deems necessary from time to time to fulfill its responsibilities. This Charter, and any amendments thereto, shall be displayed on the Company's web site and a printed copy of such shall be made available to any shareholder of the Company who requests it.

Adopted by the Audit Committee on April 28, 2003 and approved by the Board of Directors on May 6, 2003.
