(o) Adjusted EBITDA as used in this offering circular represents income (loss) from continuing operations before discontinued operations and cumulative effect of change in accounting principle, interest, income tax expense (benefit), depreciation, amortization, asset impairments, other charges (credits), minority interest expense (income), equity loss in unconsolidated entities, loss (gain) on investments and other expense (income). Adjusted EBITDA does not represent cash flow for the periods presented and should not be considered as an alternative to net income (loss) or operating income (loss) as an indicator of our operating performance or as an alternative to cash flows as a source of liquidity, and may not be comparable with Adjusted EBITDA as defined by other companies. We believe Adjusted EBITDA provides meaningful additional information on our performance, and we measure the operating performance of each of our business segments based on Adjusted EBITDA. We may not be permitted to present Adjusted EBITDA in our filings with the SEC or in a registration statement to the extent our adjustments to EBITDA eliminate items identified as non-recurring, infrequent or unusual when the nature of the charge makes it reasonably likely to recur. Investors should make their own assessment as to the appropriateness of these adjustments.

(p) The Company adopted Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143") as of January 1, 2003. This statement requires entities to record the fair value of a legal liability for an asset retirement obligation in the period it is incurred.

## Edgar Filing: CINCINNATI BELL INC - Form 8-K

The removal cost is initially capitalized and depreciated over the remaining life of the underlying asset. The associated liability is accreted over the life of the underlying asset. Once the obligation is ultimately settled, any difference between the final cost and the recorded liability is recognized as income or loss on disposition. The Company determined the Local and Broadband segments did not have a liability under SFAS 143, while the Wireless segment and Other segment did have a liability. The Company recorded a non-recurring increase to net income as a change in accounting principle as of January 1, 2003 of \$85.9 million, net of tax. The Local segment recorded \$86.3 million of income related to depreciation previously recorded for asset removal costs, offset by \$0.4 million of expense recorded in the Wireless segment. Additionally, the Company recorded a liability for removal costs at fair value of approximately \$2.6 million and an asset of approximately \$2.3 million in the first quarter of 2003 related to the Wireless and Other segments. The pro forma impact of this accounting change on prior periods is not material. See additional information in Note 1 to the Condensed Consolidated Financial Statements, included in our Form 10-Q for the quarter ended March 31, 2003.

The Company adopted Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142") on January 1, 2002. SFAS 142 requires cessation of the amortization of goodwill and indefinite lived intangible assets and annual impairment testing of those assets. Intangible assets that have finite useful lives will continue to be amortized. The goodwill test for impairment consists of a two-step process that begins with an estimation of the fair value of a reporting unit. The first step is a screen for impairment and the second step measures the amount of impairment, if any. The Company completed the first step of the goodwill impairment test for its Wireless and Broadband segments during the first quarter of 2002, which indicated that goodwill of its Broadband segment was impaired as of January 1, 2002. The Company completed the second step of the valuation for its Broadband segment by June 30, 2002. The valuation indicated an impairment charge of \$2,008.7 million, net of taxes, was necessary. The impairment charge was required to be recorded as of January 1, 2002, and is reflected as a cumulative effect of change in accounting principle, net of taxes, in the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss). See Note 2 to Consolidated Financial Statements, included in our Annual Report on Form 10-K for the year ended December 31, 2002 for the reconciliation of 2000 and 2001 net loss adjusted to exclude amortization of goodwill and indefinite lived intangible assets pursuant to SFAS 142.

Total long-term obligations comprise long-term debt, other noncurrent liabilities that will be settled in cash, redeemable preferred stock and the BRCOM Preferred Stock, which is classified as minority interest in the Consolidated Financial Statements, included in our Annual Report on Form 10-K for the year ended December 31, 2002.

(h)

The Company adopted Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143") as of January 1, 2003. This statement requires entities to record the fair value of a legal liability for an asset retirement obligation in the period it is incurred. The removal cost is initially capitalized and depreciated over the remaining life of the underlying asset. The associated liability is accreted over the life of the underlying asset. Once the obligation is ultimately settled, any difference between the final cost and the recorded liability is recognized as income or loss on disposition. The Company determined the Local and Broadband segments did not have a liability under SFAS 143, while the Wireless segment and Other segment did have a liability. The Company recorded a non-recurring increase to net income as a change in accounting principle as of January 1, 2003 of \$85.9 million, net of tax. The Local segment recorded \$86.3 million of income related to depreciation previously recorded for asset removal costs, offset by \$0.4 million of expense recorded in the Wireless segment. Additionally, the Company recorded a liability for removal costs at fair value of approximately \$2.6 million and an asset of approximately \$2.3 million in the first quarter of 2003 related to the Wireless and Other segments. The pro forma impact of this accounting change on prior periods is not material. See additional information in Note 1 to the Condensed Consolidated Financial Statements, included in our Form 10-Q for the quarter ended March 31, 2003.

(i)

The Company adopted Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142") on January 1, 2002. SFAS 142 requires cessation of the amortization of goodwill and indefinite lived intangible assets and annual impairment testing of those assets. Intangible assets that have finite useful lives will continue to be amortized. The goodwill test for impairment consists of a two-step process that begins with an estimation of the fair value of a reporting unit. The first step is a screen for impairment and the second step measures the amount of impairment, if any. The Company completed the first step of the goodwill impairment test for its Wireless and Broadband segments during the first quarter of 2002, which indicated that goodwill of its Broadband segment was impaired as of January 1, 2002. The Company completed the second step of the valuation for its Broadband segment by June 30, 2002. The valuation indicated an impairment charge of \$2,008.7 million, net of taxes, was necessary. The impairment charge was required to be recorded as of January 1, 2002, and is reflected as a cumulative effect of change in accounting principle, net of taxes, in the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss). See Note 2 to Consolidated Financial Statements, included in our Annual Report on Form 10-K for the year ended December 31, 2002 for the reconciliation of 2000 and 2001 net loss adjusted to exclude amortization of goodwill and indefinite lived intangible assets pursuant to SFAS 142.

(4) UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

We urge you to read all the information contained in this section together with the historical financial statements and related notes contained in our annual and other reports filed with the SEC.

The following unaudited pro forma condensed consolidated financial information reflects our results of operations for the year ended December 31, 2002 and the three-month period ended March 31, 2003 and our balance sheet as of March 31, 2003, after giving effect to all of the pro forma transactions described below. The unaudited pro forma statement of operations gives effect to the following transactions as if they had occurred on January 1, 2002, and the unaudited pro forma balance sheet as of March 31, 2003 gives effect to the following transactions as if they had occurred as of that date, except for the March 26, 2003 financing transactions, which are included in the actual results as of March 31, 2003. The pro forma transactions include the following:

(a) The March 26, 2003 financing transactions, which included the following three items:

1) Our receipt of \$350 million of gross cash proceeds from the issuance of the 16% Notes. The indenture governing the 16% Notes contains covenants, including restrictions on our ability to fund the operations of BRCOM and its subsidiaries. Proceeds from the Goldman mezzanine financing, net of fees of \$42 million related to the Goldman mezzanine financing and the amendment to our credit facilities, were used to pay down borrowings under our credit facilities. In addition, purchasers of the 16% Notes received 17.5 million warrants, each to purchase one share of Cincinnati Bell Common Stock at \$3.00 per share, which were valued at \$47.5 million upon issuance.

2) The amendment of our credit facilities which, among other things, extended the maturity on our revolving credit facility, accelerated the maturity of a portion of our term loan A facility, increased the interest rates, revised the financial covenants and allowed for the broadband sale.

3) The execution of a supplemental indenture in respect of the indenture governing the Convertible Subordinated Notes. The supplemental indenture provides that a bankruptcy of BRCOM and its subsidiaries would not constitute an event of default, amends the definition of change of control by increasing the ownership threshold deemed to be a change of control from 20% of outstanding shares to 45% of outstanding shares and includes covenants restricting our ability to incur debt and consummate certain asset dispositions. The supplemental indenture also adjusted the rate of accretion to 9.00% per annum from March 26, 2003 through July 21, 2004 and to 2.25% per annum from July 21, 2004 to July 21, 2009 (during which period the Convertible Subordinated Notes bear cash interest at a rate of 6.75% per annum payable semi-annually on January 21 and July 21 of each year, commencing on January 21, 2005).

(b) The consummation of the sale of our broadband assets pursuant to the Asset Purchase Agreement entered into with CIII Communications LLC and CIII Communications Operations LLC. On June 13, 2003, we consummated the first (and most significant) stage closing of the sale of our broadband business, in which we transferred substantially all of our broadband assets except for those for which state regulatory approval for transfer was still pending. At the first stage closing, we had received regulatory approval in states where approximately 75% of our 2002 broadband revenues were generated. In connection with this first stage closing, the buyers paid the cash purchase price of \$91.5 million, of which \$29.3 million was placed into escrow to support certain potential purchase price adjustments and the portion of the purchase price payable upon the consummation of the second and third stage closings, and issued to us a \$17.2 million promissory note in connection with a purchase price working capital adjustment. No adjustments have been made in the unaudited pro forma condensed consolidated financial information for the purchase price adjustments or post-closing obligations as such amounts are not determinable. Furthermore, the application of the proceeds from the sale has not been reflected. In addition, the buyers have agreed to assume approximately

\$418.5 million in current and long-term liabilities and approximately \$291.2 million of operating contractual commitments. In addition, we have indemnified the buyers against certain potential claims. The fair value of such indemnifications has not been reflected in the unaudited pro forma condensed consolidated financial information, as the amount is not material. After the completion of the broadband sale, the only remaining BRCOM subsidiaries with operating assets will be Cincinnati Bell Technology Solutions Inc., an information technology consulting subsidiary, and Cincinnati Bell Any Distance Inc, a subsidiary whose assets service Cincinnati Bell's long distance business. BCSI Inc., another subsidiary of BRCOM, will retain a 3% interest in C III Communications LLC. This investment is not reflected in the unaudited pro forma condensed consolidated financial information because its value is not expected to be material.

(c) The BRCOM debt exchange offer and the BRCOM preferred exchange offer, in connection with which we expect to issue approximately 25.2 million new shares of Cincinnati Bell Common Stock, an increase of 12% in the number of shares outstanding, assuming all shares of BRCOM Preferred Stock and the entire outstanding aggregate principal amount of BRCOM 9% Notes are tendered and accepted for exchange in the BRCOM preferred exchange offer and the BRCOM debt exchange offer, respectively.

(d) The offering of the notes and the application of the proceeds therefrom.

The unaudited pro forma condensed consolidated financial information does not reflect the retirement on June 16, 2003 of BRCOM's remaining \$0.8 million aggregate principal amount outstanding of 12<sup>1</sup>/<sub>2</sub>% Senior Notes due 2005.

The unaudited pro forma condensed consolidated financial information presented includes the above items as the financing transactions are considered to be material to existing and potential investors; and the consummation of the broadband sale is probable based on the definitive agreements signed on February 22, 2003 and amended on June 6, 2003 and June 13, 2003 and the consummation of the first stage closing, which occurred on June 13, 2003.

The adjustments, which are based upon available information and upon assumptions that we believe to be reasonable, are described in the accompanying notes. The unaudited pro forma condensed consolidated financial information is presented for illustrative purposes only and is not indicative of the operating results or financial position that would have occurred if the transactions described above had been completed on the dates indicated, nor is it indicative of future operating results or financial position if the transactions described above are completed.

The unaudited pro forma condensed consolidated financial information presented includes the results of the unrestricted subsidiaries (unless otherwise noted).

**Notes to Unaudited Pro Forma Condensed Consolidated Financial Information**

- (a) Reflects an increase of \$2.9 million in non-cash interest expense due to an increase in the interest rate of 2<sup>1</sup>/<sub>4</sub>% on the Convertible Subordinated Notes, which increased the total interest rate to 9%.
- (b) Reflects an increase in interest expense related to the Goldman mezzanine financing as follows:

## Edgar Filing: CINCINNATI BELL INC - Form 8-K

Cash interest expense	\$ 10.2
Non-cash interest expense	3.5
Amortization of discount	2.0
Amortization of deferred financing costs	0.7
	16.4
Total interest expense increase related to Goldman mezzanine financing	\$ 16.4

(c)

Cash interest expense	\$ 0.3
Amortization of deferred financing costs	2.3
	2.6
Total interest expense increase related to amended credit facilities	\$ 2.6

Based on our pro forma credit facility debt outstanding as of March 31, 2003, a  $\frac{1}{8}\%$  increase in interest rates would increase interest expense by \$0.3 million per quarter.

(d)

Reflects a decrease in revenue generated by the broadband business that was sold in connection with the broadband sale.

(e)

Reflects an increase in revenue of \$3.1 million related to access to the Cincinnati Bell Telephone network by the broadband business which was eliminated as intercompany revenue in the actual results.

(f)

Reflects an increase in revenue related to service provided to Cincinnati Bell Any Distance by the broadband business which was eliminated as intercompany revenue in the actual results.

(g)

Reflects a decrease in cost of services and products incurred by the broadband business that was sold in connection with the broadband sale.

(h)

Reflects an increase in cost of services related to the purchase of long distance services from the broadband business for resale in the Cincinnati market, which was eliminated as intercompany cost of services in the actual results.

(i)

(m)

Reflects an increase in minority interest expense as a result of the broadband sale.

(n)

Reflects a decrease in interest expense resulting from the BRCOM debt exchange offer.

(o) Reflects a decrease in minority interest expense resulting from the BRCOM preferred exchange offer. Dividends on the BRCOM Preferred Stock are classified as "Minority interest expense" in the consolidated statement of operations.

(p) Reflects an increase in interest expense resulting from the offering, as follows:

Cash interest expense	\$ 9.1
Amortization of deferred financing costs	0.3
	<u>          </u>

Cash interest expense	(\$ 6.2)
Amortization of deferred financing costs	(1.7)
	<u>          </u>
Total interest expense decrease related to credit facilities	(\$ 7.9)

(r) Reflects the elimination of the income tax benefit associated with the assets that were divested pursuant to the broadband sale. The net adjustment to income tax expense is zero because the increase in income tax expense is offset by a corresponding decrease related to the reversal of the valuation allowance that was recorded against deferred tax assets associated with the broadband assets.

(s) We issued 17.5 million warrants, each to purchase one share of Cincinnati Bell Common Stock at \$3.00 per share in connection with the Goldman mezzanine financing. As each of the warrants represent the right to purchase one share of Cincinnati Bell Common Stock, they have no impact on basic outstanding shares. (t) We are offering to exchange 11,076,707 shares of Cincinnati Bell Common Stock for approximately \$46.0 million in aggregate principal amount of the 9% Notes outstanding. Assuming the entire aggregate principal amount of the 9% Notes outstanding are tendered and accepted for exchange, the Company will issue an additional 11,076,707 shares of Cincinnati Bell Common Stock, which will increase both the basic and diluted shares outstanding.

- (ss) We issued 17.5 million warrants, each to purchase one share of Cincinnati Bell Common Stock at \$3.00 per share in connection with the Goldman mezzanine financing. As each of the warrants represent the right to purchase one share of Cincinnati Bell Common Stock, they have no impact on basic outstanding shares. Because the effect of their inclusion in the earnings (loss) per common share calculation would be anti-dilutive, the 17.5 million "in-the-money" warrants are not included in the denominator of the diluted earnings (loss) per common share calculation.

## (6) OTHER INFORMATION

We may experience a change in senior management. As our restructuring plan is nearing completion, our board of directors has begun the process of determining the appropriate management structure and selecting the members of our senior management team going forward. As part of that process, the board has engaged an outside executive search firm to assist it in identifying candidates for chief executive officer. The board intends to consider both internal and external candidates for the chief executive officer position, including the current chief executive officer and chief operating officer, together with qualified outside candidates from telecom and related industries. In addition, the board recently amended the employment agreement of our current Chief Executive Officer whereby he is entitled to a success fee earned as a result of the sale of our broadband business and the amendment of our credit facilities, and, until August 31, 2003, is further entitled to terminate his employment and receive the other payments provided for under his employment agreement. Similarly, in December 2003, our Chief Financial Officer, our General Counsel, and our Senior Vice President of Corporate Development will also be entitled to similar success fee and termination rights. There can be no assurance that all or any of the current members of our senior management team will remain with the Company or in their current positions in the short term or long term, because the board may select different candidates for all or some of the positions, or current members of senior management may choose to terminate their employment with us.

Our financial condition could be adversely affected if we are unable to realize fully our deferred tax assets. As of March 31, 2003, we had total deferred tax assets of \$1,179 million, including a deferred tax asset of \$270 million relating to \$771 million of U.S. federal net operating loss carryforwards and a deferred tax asset of \$143 million relating to state and local net operating loss carryforwards. In addition, we had other deferred tax assets, principally related to the fourth quarter 2002 impairment charge related to our broadband business. As of March 31, 2003, a valuation allowance of \$1,175 million was recorded against our total deferred tax assets of \$1,179 million. Upon the recording of the sale of our broadband business, we expect the pretax U.S. federal net operating loss carryforwards to increase to approximately \$2.1 billion, or \$735 million tax effected, with little or

no expected impact on the total net deferred tax asset and valuation allowance. For more information concerning our net operating loss carryforwards, deferred tax assets and valuation allowance, see Note 11 of Notes to Consolidated Financial Statements, included in our Annual Report on Form 10-K for the year ended December 31, 2002. If we are unable for any reason to fully realize our deferred tax assets, as a result of insufficient taxable income or otherwise, our business, financial condition and results of operations could be adversely affected.
