PROXY STATEMENT

**For Annual Meeting of Shareholders
To Be Held on June 15, 2011**

INTRODUCTION

This proxy statement contains information relating to our annual meeting of shareholders to be held on Wednesday, June 15, 2011, beginning at 3:00 p.m., local time. The annual meeting will be held at our offices at 222 Piedmont Avenue, N.E., Atlanta, Georgia 30308. You may contact our Investor Relations Department at (404) 659-2424 to obtain directions to be able to attend the annual meeting and vote in person.

We will begin mailing this proxy statement, the attached Notice of Annual Meeting of Shareholders and the accompanying proxy card on or about May 13, 2011 to all holders of our common stock, par value \$1.00 per share, entitled to vote at the annual meeting. Along with this proxy statement, we are also sending our Annual Report to Shareholders for fiscal 2010, which ended January 29, 2011.

INFORMATION ABOUT THE MEETING AND VOTING

Shares Outstanding

You may vote at our 2011 Annual Meeting of Shareholders if you owned shares of our common stock as of the close of business on April 15, 2011, the record date for the annual meeting. As of the close of business on April 15, 2011, there were 16,479,009 shares of our common stock issued and outstanding. You are entitled to one vote for each share of our common stock that you owned on the record date.

Voting

If, on April 15, 2011, your shares of our common stock were registered directly in your name with our transfer agent, Computershare Investor Services, then you are a shareholder of record. As a shareholder of record, you may vote using one of the following methods:

by completing, signing and returning the enclosed proxy; or

by attending the annual meeting and voting in person.

If you are a shareholder of record and you sign and return your proxy card but do not include voting instructions, your proxy will be voted as recommended by our Board of Directors or, if no recommendation is given, in the discretion of the proxies designated on the proxy card, to the extent permitted under applicable law.

If you hold your shares directly in your own name, they will not be voted unless you provide a proxy or attend the annual meeting and vote in person.

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

If, on April 15, 2011, your shares were held in an account at a bank or broker, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The bank or broker holding your account is considered the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your bank or broker on how to vote the shares in your account. Telephone and/or Internet voting may be available to direct your bank or broker on how to vote the shares in your account. The availability of telephone and/or Internet voting will depend on the voting processes of your bank or broker. Please follow the directions on your proxy card carefully. Even if your shares are held in an account at a bank or broker, you are invited to attend the annual meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you obtain a valid proxy card from your bank or broker, and in order to gain admission to the meeting, you should bring the notice or voting instruction form you received from your bank or broker, or obtain a valid proxy card from your bank or broker.

Table of Contents

If you own shares that are registered in the name of more than one person, each person must sign the enclosed proxy. If the proxy is signed by an attorney, executor, administrator, trustee or guardian or by any other person in a representative capacity, the full title of the person signing the proxy should be given and a certificate should be furnished showing evidence of appointment.

A properly executed proxy card marked "Abstain" with respect to any proposal will not be voted for such proposal.

Broker Discretionary Voting; Broker Non-Votes

If you hold shares through an account with a bank or broker, your shares may be voted by the bank or broker even if you do not provide voting instructions. Banks and brokerage firms have the authority, under the rules of the New York Stock Exchange (which we refer to as the "NYSE"), to vote shares in their discretion when their customers do not provide voting instructions on certain "routine" matters. Under the NYSE's rules, as currently in effect, only Proposal No. 2 (the ratification of Ernst & Young LLP as our independent registered public accounting firm) is considered a routine matter.

Proposal No. 1 (Election of Directors), Proposal No. 3 (Advisory Vote on Executive Compensation), and Proposal No. 4 (Advisory Vote on the Frequency of Votes on Executive Compensation) are considered "non-routine" matters under applicable NYSE rules. When a bank or brokerage firm has not received voting instructions from the beneficial holder of the shares with respect to a non-routine matter, the bank or brokerage firm cannot vote the shares on that proposal. This is called a "broker non-vote." Broker non-votes will be counted as present at the annual meeting for quorum purposes but will not be counted as entitled to vote on the non-routine matter. **Therefore, if your shares are held in an account at a bank or broker, it is important that you provide instructions to your bank or broker so that your vote on these proposals is counted.**

Changing Your Vote

If you are a shareholder of record, you may revoke or change your vote with respect to the shares of our common stock that are registered directly in your name by doing any of the following:

delivering a written notice of revocation to our Secretary before the vote is taken at the annual meeting, such notice of revocation dated later than the proxy you want to revoke;

properly executing and delivering a later-dated proxy before the vote is taken at the annual meeting; or

voting in person at the annual meeting (your attendance at the annual meeting, in and of itself, will not revoke the earlier proxy).

If your shares are held in an account at a bank or broker, then you must follow the instructions provided by your bank or broker in order to revoke or change your vote with respect to those shares held in street name.

Quorum

In order for us to conduct the annual meeting, the holders of a majority of the shares of our common stock issued and outstanding as of the close of business on April 15, 2011 must be present at the annual meeting in person or by proxy. This is referred to as a quorum. Abstentions and broker non-votes, if any, will be counted as shares present at the meeting for purposes of determining the presence of a quorum.

Table of Contents**CORPORATE GOVERNANCE AND BOARD MATTERS****General**

Our Board of Directors oversees our business in accordance with the Georgia Business Corporation Code, as implemented by our Articles of Incorporation and Bylaws. Directors are elected by our shareholders to oversee their interest in the long-term health and overall success of our company. Our Board of Directors elects and oversees the officers of our company, who are charged by our Board of Directors with conducting the day-to-day business of our company.

Conlee, who has served on our Board of Directors since 1985 and currently serves as chair of our Audit Committee and as a member of our Executive Committee, expires at the annual meeting. Because Mr. Conlee reached the retirement age of 72 prior to the beginning of our current fiscal year, he is no longer eligible for election as a director under our Bylaws. Mr. Conlee will retire as a director as of the annual meeting. We thank Mr. Conlee for his many years of service to our Board of Directors.

In addition to nominating Messrs. J. Reese Lanier and Dennis M. Love, who are currently members of our Board of Directors, for election at the annual meeting, our Board of Directors has nominated Mr. Clyde C. Tuggle for election to serve as a member of our Board of Directors. Mr. Tuggle was identified and recommended as a potential director nominee by non-management members of our Board of Directors. J. Hicks Lanier and J. Reese Lanier are first cousins.

Director Independence

Our Board of Directors reviews the independence of each of our directors annually and upon learning about intervening events that may impact director independence. In determining director independence, our Board of Directors broadly considers all relevant facts and circumstances, including the corporate governance listing standards of the NYSE. Our Board of Directors considers the issue not merely from the standpoint of a director, but also from that of persons or organizations with which the director has an affiliation. An independent director is free of any relationship with our company or management that might impair the director's ability to make independent judgments.

Our Board of Directors has affirmatively determined that the following seven of our nine current directors are independent: Cecil D. Conlee; George C. Guynn; John R. Holder; J. Reese Lanier; Dennis M. Love; Clarence H. Smith; and Helen B. Weeks. Additionally, our Board of Directors has determined that the new nominee, Mr. Clyde C. Tuggle, is independent.

Table of Contents

In evaluating the independence of Mr. J. Reese Lanier, our Board of Directors noted that the NYSE's corporate governance listing standards previously precluded our Board of Directors from determining Mr. Lanier was independent because, until October 2007, his son had served as one of our executive officers. In March 2011, following the expiration of the three year look-back period under the NYSE's applicable corporate governance listing standards, our Board of Directors evaluated Mr. Lanier's relationships with our company that might be perceived to impair his ability to make independent judgments, including his beneficial ownership or ability to direct the voting of approximately 3% of our outstanding common stock, his service as an employee of our company more than 45 years ago, and his family relationship with our Chairman and Chief Executive Officer. After consideration, including the objectivity of Mr. Lanier's contributions at previous meetings of our Board of Directors, our Board of Directors determined that Mr. J. Reese Lanier is independent.

Mr. J. Hicks Lanier is an employee of our company and is not independent.

Mr. E. Jenner Wood III was designated an executive officer of SunTrust Banks, Inc. in December 2008, at which time our Chairman and Chief Executive Officer Mr. J. Hicks Lanier served as a member of the compensation committee of SunTrust Banks, Inc. Mr. Lanier ceased to serve on the compensation committee of SunTrust Banks, Inc. at the first meeting of SunTrust Banks' Board of Directors following Mr. Wood's promotion. However, pursuant to the NYSE's corporate governance listing standards, because Mr. Lanier served on SunTrust Banks, Inc.'s compensation committee at the same time Mr. Wood served as an executive officer of SunTrust Banks, Inc., Mr. Wood was not independent as of the time of such overlapping service (and would similarly not be independent pursuant to such corporate governance listing standards for a period of three years subsequent to the time that such overlap ceased).

Corporate Governance Guidelines; Conduct Policies

Our Board of Directors has adopted Corporate Governance Guidelines that set forth certain guidelines for the operation of the Board of Directors and its committees. In accordance with its charter, our NC&G Committee periodically reviews and assesses the adequacy of our Corporate Governance Guidelines. In addition, as provided under our Corporate Governance Guidelines, our Board of Directors annually conducts a self-evaluation. Our NC&G Committee oversees our Board of Directors' self-evaluation process.

Our Board of Directors has also adopted a Conflict of Interest and Business Ethics Policy for all of our directors, officers and employees. It is our policy that all such covered persons must avoid any activity that is or has the appearance of being hostile, adverse or competitive with our business, or that interferes with the proper performance of the individual's duties, responsibilities or loyalty to our company. Members of the Executive Committee of our Board of Directors have the authority to grant a waiver of a provision of our Conflict of Interest and Business Ethics Policy to any of our employees (including any officer who is also not a director). Our Board of Directors has the exclusive authority to grant a waiver of a provision of our Conflict of Interest and Business Ethics Policy to any of our directors.

In addition, our Board of Directors has adopted an ethical conduct policy applicable to our senior financial officers, including, among others, our chief executive officer and our chief financial officer and controller. Failure to comply with this ethical conduct policy is a serious offense and will result in appropriate disciplinary action. Our Board of Directors has the authority to approve any deviation from or waiver of this ethical conduct policy.

Board Meetings and Committees of our Board of Directors

During fiscal 2010, our Board of Directors held six meetings. During fiscal 2010, each of our directors attended 100% of the meetings of our Board of Directors and of all committees of which the director was a member during the period he or she was a director or committee member.

Although we do not have a formal policy regarding attendance by directors at our annual meetings of shareholders, we encourage directors to attend our annual meetings of shareholders in person and, to facilitate attendance by our directors, generally schedule our annual meetings of shareholders to coincide with the date of a quarterly meeting of our Board of Directors. All of our directors attended our 2010 Annual Meeting of Shareholders.

Independent Director

Executive Committee

Our Executive Committee has the power to exercise the authority of the full Board of Directors in managing the business and affairs of our company, except that our Executive Committee does not have certain powers that are reserved to our full Board of Directors under the Georgia Business Corporation Code. In practice, our Executive Committee serves as a means for taking action requiring our Board of Directors' approval between its regularly scheduled meetings. Our Board of Directors presently expects that upon Mr. Conlee's retirement as a director at the annual meeting that Mr. Smith will become a member of our Executive Committee.

Audit Committee

Our Board of Directors established the Audit Committee in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (which we refer to as the "SEC") to assist our Board of Directors in fulfilling its responsibilities with respect to oversight of the following: (1) the integrity of our financial statements, reporting processes and systems of internal controls; (2) our compliance with applicable laws and regulations; (3) the qualifications and independence of our independent registered public accounting firm; and (4) the performance of our internal audit department and our independent registered public accounting firm.

The principal duties and responsibilities of our Audit Committee are set forth in its charter. Our Audit Committee may exercise additional authority prescribed from time to time by our Board of Directors.

Our Board of Directors annually evaluates the financial expertise and independence of the members of our Audit Committee. Following its review in March 2011, our Board of Directors determined that each of the members of our Audit Committee is an "audit committee financial expert," as that term is defined by SEC rules and regulations, and is financially literate in accordance with the NYSE's governance listing standards and SEC rules and regulations. In addition, following its review in March 2011, our Board of Directors determined that the new director nominee, Mr. Clyde C. Tuggle, is financially literate in accordance with the NYSE's governance listing standards and SEC rules and regulations. Our Board of Directors presently expects that upon Mr. Conlee's retirement as a director at the annual meeting that, subject to Mr. Tuggle's election to our Board of Directors at the annual meeting, Mr. Tuggle will become a member of our Audit Committee.

Nominating, Compensation & Governance Committee (or NC&G Committee)

The purpose of our NC&G Committee is to: (1) assist our Board of Directors in fulfilling its responsibilities with respect to compensation of our executive officers; (2) recommend candidates for all directorships to be filled; (3) identify individuals qualified to serve as members of our Board of Directors; (4) review and recommend committee appointments; (5) take a leadership role in shaping our corporate governance; (6) develop and recommend to our Board of Directors for adoption our Corporate Governance Guidelines; (7) lead our Board of Directors in an annual review of its own performance; and (8) perform other functions that it deems necessary or appropriate.

Table of Contents

Our NC&G Committee also has the following responsibilities, among others, related to compensation matters: (1) administering our stock option and restricted stock plans; (2) administering our Executive Performance Incentive Plan; (3) reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluating our Chief Executive Officer's performance in light of those goals and objectives and determining the compensation of our Chief Executive Officer based upon this evaluation; (4) reviewing and approving the compensation of our non-CEO executive officers; and (5) making recommendations to our Board of Directors regarding certain incentive compensation plans and equity-based plans. In addition, as part of its oversight of our overall compensation program, our NC&G Committee considers our compensation policies and procedures, including the incentives that they create and factors that may influence excessive risk taking.

Our Board of Directors has determined that all members of our NC&G Committee are independent in accordance with the NYSE's corporate governance listing standards. To facilitate our NC&G Committee's fulfillment of its responsibilities relating to the compensation of our Chief Executive Officer, as well as certain of our other executive officers, our Corporate Human Resources Department and other internal resources provide information to the committee, upon request. In addition, in reviewing and approving the compensation of our non-CEO executive officers, our NC&G Committee considers the recommendation and evaluation of our Chief Executive Officer. Our NC&G Committee has the authority pursuant to its charter, to form one or more subcommittees and to delegate such authority of the committee to the subcommittees as it deems appropriate.

Pursuant to its charter, our NC&G Committee has the exclusive authority to retain a compensation consultant to assist in the evaluation of director, chief executive officer or non-CEO executive officer compensation and the non-exclusive authority to retain a search firm to assist in identifying director candidates, to retain outside counsel and to retain any other advisors the committee may deem appropriate. Our NC&G Committee has the sole discretion with respect to the retention and fees payable to any such consultants or advisors it retains.

For additional information about the role of executive officers and compensation consultants in determining compensation, see "*Compensation Discussion and Analysis*" below.

Meetings of Non-Employee Directors

Pursuant to our Corporate Governance Guidelines, our non-employee directors periodically meet separately in executive sessions. During fiscal 2010, Mr. Conlee, in his capacity as our presiding independent director, chaired the meetings of our non-employee directors.

Board Leadership; Presiding Independent Director

Our Board of Directors designates one of its members to serve as chair. We believe that our company and shareholders are best served by having a chair with a wide-ranging, in-depth knowledge of our business operations and the competitive landscape in which we operate. Our Corporate Governance Guidelines expressly provide that our Board of Directors may appoint one individual to serve in the dual capacity of Chief Executive Officer and chair of our Board of Directors, but they do not require that the chair of our Board of Directors be one of our executive officers or employees.

Mr. J. Hicks Lanier, our Chief Executive Officer, currently serves as Chairman of our Board of Directors. We believe it is common practice among public companies in the United States to have the chief executive officer also chair its board of directors. In particular, in his capacity as our Chief Executive Officer, Mr. Lanier gains insights into the day-to-day operations of our business, including significant activities of our operating groups, operating results, short- and long-term objectives of our various business units and economic trends and factors impacting our business. These insights permit Mr. Lanier to help prepare agendas for Board meetings and lead discussions in a productive and efficient manner. Mr. Lanier's day-to-day operational oversight of our company also facilitates communication with our other directors and various committee members between regularly scheduled meetings of our Board of Directors when circumstances dictate. For example, during fiscal 2010, Mr. Lanier was in regular communications with our other directors on the status of negotiations relating to our acquisition of Sugartown Worldwide, Inc. (which we refer to in this proxy statement as Sugartown), which was completed in December 2010, and the status of negotiations relating to the sale of substantially all of the assets and operations of our former Oxford Apparel Group, which was completed in January 2011.

Table of Contents

Our Board of Directors has also designated Mr. Cecil D. Conlee as our presiding independent director. In his capacity as the presiding independent director, Mr. Conlee sets the agenda for, and chairs, executive sessions of our non-employee directors, serves as a liaison between non-employee directors and our Chairman and serves as a liaison between our shareholders and our non-employee directors. As presiding independent director, Mr. Conlee, who also serves as chair of our Audit Committee, is in regular contact with our Chairman and other members of senior management. These conversations permit Mr. Conlee to facilitate productive discussions during executive sessions of our non-employee directors relating to our operating results and activities, risks to our business, succession planning and business prospects.

Our Board of Directors regularly reviews the appropriateness of its leadership structure. With an active, engaged presiding independent director, having a supermajority of independent directors, holding regular meetings of our non-employee directors in executive session, having a succession plan for senior management overseen by our Board of Directors and having our Audit Committee and NC&G Committee (each of which reports to our full Board of Directors on a quarterly basis on significant committee activities) comprised solely of independent directors, our Board of Directors is comfortable that its existing leadership structure is in the best interests of our organization and our shareholders.

Pursuant to our Corporate Governance Guidelines, in the absence of a specific designation by our Board of Directors of a presiding independent director, the chair of our NC&G Committee will serve as the presiding independent director. In March 2011, our Board of Directors reviewed the existing leadership within our Board of Directors, as well as the expected membership on our Board of Directors following the annual meeting. As a result of that review, our Board of Directors presently expects that upon Mr. Conlee's retirement as a director at the annual meeting it would be appropriate for Mr. Smith, who serves as chair of our NC&G Committee, to serve as the presiding independent director.

Board's Role in Risk Oversight

Our Board of Directors is ultimately charged with overseeing our business, including risks to our business, on behalf of our shareholders. In order to fulfill this responsibility, our Audit Committee, pursuant to its charter, reviews our policies with respect to our company's risk assessment and risk management. At our Audit Committee's direction and with its oversight, we conduct an enterprise risk management program (which we refer to as the "ERM program") on an ongoing basis. At each quarterly meeting of our Audit Committee, a portion of time is devoted to a management report to the committee on the status of the ERM program and particular risks faced by our company. Our Audit Committee actively engages management on potential strategies for reducing, eliminating or mitigating the risks to our organization. Our Audit Committee regularly reports to our Board of Directors on our ERM program. In addition to our ERM program, our Board of Directors examines specific business risks in its regular reviews of our operating groups and also on a company-wide basis as part of its regular strategic reviews.

As part of its oversight of our overall compensation program, our NC&G Committee considers our compensation policies and procedures, including the incentives that they create and factors that may influence excessive risk taking. In particular, our compensation program provides for short-term cash incentive payments to individuals throughout our company based on satisfaction of pre-established performance targets. For employees within our various operating groups, these performance targets may be based on performance by the operating group, as a whole, or a specific business unit or business function within that operating group. Employees who are not assigned to a specific operating group typically receive cash incentives based on the satisfaction by our various operating groups of pre-established performance targets and our company as a whole of pre-established performance targets. Each cash incentive award for an individual employee within our organization is subject to a maximum amount payable to the individual. Our senior management, and with respect to our executive officers, our compensation committee, approves applicable performance targets based on our detailed, internal budgets for upcoming fiscal periods. These members of senior management receive monthly financial reports and review and analyze deviations from the budgeted plans to assess whether, among other things, the deviations were the result of inappropriate risk taking. We have concluded that our compensation policies and procedures are not reasonably likely to have a material adverse effect on our company.

Website Information

We have posted our Corporate Governance Guidelines, our Conflict of Interest and Business Ethics Policy, our ethical conduct policy for our senior financial officers, our Audit Committee charter and our NC&G Committee charter under the "Corporate Governance" tab on our Internet website at www.oxfordinc.com. We will disclose on our

Director Nomination Process

In accordance with our corporate governance guidelines, our NC&G Committee periodically reviews the skills and characteristics required of our directors in the context of the existing make-up of our Board of Directors. This assessment includes issues such as independence, age, skills such as understanding of our industry, general business knowledge and experience, financial literacy and expertise, availability and commitment, and other criteria that our NC&G Committee finds to be relevant.

Although we do not have a formal policy with respect to our NC&G Committee's consideration of diversity in identifying nominees for directors, our NC&G Committee recognizes that a diversity of viewpoints and practical experiences can enhance our Board of Directors' effectiveness. Accordingly, it is the practice of our NC&G Committee in evaluating potential candidates to serve on our Board of Directors to not only consider the factors identified above but to give particular consideration to the diverse experiences and perspectives that a prospective candidate may bring to our Board of Directors. In order to accomplish its objectives, our NC&G Committee's evaluations of potential candidates generally involve a review of the candidate's background and credentials, interviews by members of our Board of Directors, and discussions among our directors. Based on its evaluation in light of the foregoing factors, our NC&G Committee recommends candidates to our full Board of Directors which, in turn, selects candidates to be nominated for election by the shareholders or to be elected by our Board of Directors to fill a vacancy.

Director Compensation

Compensation Program for Fiscal 2010

During fiscal 2010, our non-employee directors received compensation in accordance with the following program guidelines: (1) an annual stock retainer (subject to a limited vesting period generally coinciding with one year of service on our Board of Directors) granted to each non-employee director with a grant date fair value of \$30,000; (2) an annual cash retainer of \$30,000 payable in quarterly installments to each non-employee director; (3) an additional \$10,000 annual cash retainer payable in quarterly installments to the chair of our Audit Committee; (4) an additional \$6,000 annual cash retainer payable in quarterly installments to the chair of our NC&G Committee; and (5) a \$1,250 meeting fee for each committee or board meeting attended.

For fiscal 2010, to further encourage our directors to enhance their ownership of our stock, our non-employee directors were given the option to elect to receive the \$30,000 annual cash retainer in the form of a one-time restricted stock grant having a grant date fair value of \$30,000, subject to a staggered vesting period. Restricted shares granted for fiscal 2010 in lieu of the cash retainer vest as follows: 75% of the shares vested on December 31, 2010; and the remaining 25% of the shares vest on a date coinciding with the vesting date for the annual stock retainer (which is June 13, 2011). For fiscal 2010, Mr. Love elected to receive his cash retainer in the form of restricted stock.

Director compensation is paid for the 12-month period commencing with each annual meeting of shareholders. The number of shares of our restricted stock to be issued in respect of each non-employee director's annual stock retainer (and in respect of the annual cash retainer, if a director elected to receive that portion of his retainer in the form of stock) was based on the closing price of our common stock as reported on the NYSE as of the grant date for the restricted stock.

Employee directors do not receive an annual retainer or meeting fees for their service on our Board of Directors.

Director Deferred Compensation Plan

Effective September 1, 2010, our Board of Directors approved an amendment to our non-qualified deferred compensation plan to allow non-employee directors to participate. Our non-employee directors are eligible to defer receipt of up to 100% of their cash retainers and/or board and committee meeting fees.

Under our deferred compensation plan, our non-employee directors are permitted to "invest" their deferred fees among a platform of investment options that are available to employees eligible to participate in the plan. Our deferred compensation plan is an unfunded,

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

non-qualified deferred compensation plan, and participants' account balances are subject to the claims of our company's creditors. In the event that our company becomes insolvent, participants in the plan would be unsecured general creditors with respect to their account balances, which we believe further aligns the interests of our participating directors with the long-term interests of our shareholders.

Table of Contents

Generally, our non-employee directors may elect to receive distributions of their deferred compensation account balances as "in service" distributions starting at least two years following the year of the applicable contributions (in a single sum or in annual installment payments over a period of up to five years) or, following termination of service as a director, in annual installment payments over a period of up to 15 years. None of our non-employee directors elected to participate in our deferred compensation plan upon first becoming eligible during 2010; however, two of our non-employee directors have elected to participate in our deferred compensation plan in calendar year 2011.

Director Stock Ownership and Retention Guidelines

Our Board of Directors has established stock ownership guidelines for our non-employee directors. The ownership guidelines specify a target number of shares of our common stock that our non-employee directors are expected to accumulate and hold within three years of the later of the effective date of the guidelines or the date of appointment to our Board of Directors (which we refer to as the "director's determination date"). The specific guidelines for each applicable individual are established based on the fair market value of our common stock (based on a 365-day trailing average for our common stock price as reported on the NYSE as of the director's determination date) and the amount of the director's annual retainer as of the director's determination date. Pursuant to these guidelines, each of our non-employee directors is expected to own or acquire shares of our common stock having a fair market value equal to one times his or her annual retainer (including both the cash and stock components of the retainer).

Shares owned outright by a non-employee director or by members of his or her immediate family sharing the same household, restricted stock and shares held in trust for the benefit of the non-employee director or his or her immediate family are counted towards satisfying the applicable guideline. As of May 1, 2011, each of our directors had satisfied the applicable stock ownership guideline.

In March 2011, our Board of Directors, on the recommendation of our NC&G Committee, implemented enhancements to our Corporate Governance Guidelines to provide for a retention guideline, or holding period, applicable to our non-employee directors of nine months for stock acquired upon the exercise of options (if and when applicable) or lapse of restrictions on restricted stock (net of funds necessary to pay the exercise price of stock options and for payment of applicable taxes). As implemented, the retention period applies to all then outstanding, unvested grants of equity awards to our non-employee directors, as well as any subsequent awards.

EXECUTIVE COMPENSATION

Fiscal Years

We refer in this proxy statement to "fiscal 2008," which is the 52 week period which commenced on February 3, 2008 and ended on January 31, 2009; "fiscal 2009," which is the 52 week period which commenced on February 1, 2009 and ended on January 30, 2010; "fiscal 2010," which is the 52 week period which commenced on January 31, 2010 and ended on January 29, 2011; and "fiscal 2011," which is the 52 week period which commenced on January 30, 2011 and will end on January 28, 2012.

Named Executive Officers for Fiscal 2010

Under the rules of the SEC, we are required to disclose compensation and related information relating to our principal executive officer, our principal financial officer, our three most highly compensated executive officers other than the principal executive officer and principal financial officer who were serving as executive officers at the end of fiscal 2010 and up to two additional individuals for whom disclosure would have been provided pursuant to the preceding but for the fact that the individual was not serving as an executive officer at the end of fiscal 2010.

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

We have determined under these rules that our "named executive officers" for fiscal 2010 are as follows: (1) ***Mr. J. Hicks Lanier***, our Chairman and Chief Executive Officer (who is our principal executive officer); (2) ***Mr. K. Scott***

Table of Contents

Grassmyer, our Senior Vice President-Finance, Chief Financial Officer and Controller (who is our principal financial officer); (3) *Mr. Thomas C. Chubb III*, our President; (4) *Mr. Dennis D. MacCulloch*, President, Lanier Clothes; (5) *Mr. Knowlton J. O'Reilly*, who served as our Group Vice President during fiscal 2010 (but was not serving as an executive officer at the end of fiscal 2010); (6) *Mr. Terry R. Pillow*, CEO, Tommy Bahama Group; and (7) *Mr. Scott D. Sennett*, who served as President, Oxford Apparel Group during fiscal 2010 (but was not serving as an executive officer at the end of fiscal 2010).

Because Messrs. MacCulloch and Sennett were not named executive officers for fiscal 2008 and fiscal 2009, compensation information for these individuals for those years is not included in this proxy statement.

Compensation Discussion and Analysis

Executive Summary

We operate in the highly competitive apparel industry, which is cyclical and dependent upon the overall level of discretionary consumer spending. Weak global economic conditions that began in fiscal 2008 continued to impact each of our operating groups through fiscal 2010, although we did observe some signs of recovery in fiscal 2010.

Despite the economic challenges, fiscal 2010 represented a watermark year for us in our transformation from our historical domestic manufacturing roots towards a focus on designing, sourcing and marketing apparel products bearing prominent trademarks owned by us. In December 2010, we acquired all of the outstanding capital stock of Sugartown, which designed, marketed and distributed apparel, accessories and home fashions under the Lilly Pulitzer® trademark, and in January 2011, we completed the sale of substantially all of the assets and operations of our former Oxford Apparel Group, which produced a mix of private label and branded sportswear, primarily for department stores, mass merchants, national chains and discount retailers. Beyond consummating these transactions on financial terms we considered to be advantageous, we also managed to exceed our original budgeted plans for top line and bottom line performance at each of our continuing operating groups.

Our stock price increased 34% from the end of fiscal 2009 to the end of fiscal 2010, which we consider to be a reflection of our shareholders' evaluation of our company as a result of the foregoing transactions and our performance during fiscal 2010.

Significant Actions for Fiscal 2009. For background, we took certain significant actions related to compensation for our named executive officers during fiscal 2009 in response to the challenging business conditions that prevailed at the time. These actions included the following: (1) we instituted a freeze in base salaries for our executive officers (with the exception of increases in the limited case of promotions); (2) at the request of Mr. Lanier, our NC&G Committee (which we refer to in this section of the proxy statement as our "compensation committee") approved a 40% reduction in the base salary paid to Mr. Lanier; (3) Messrs. Lanier, Grassmyer and Chubb each voluntarily declined cash incentive awards that he would have otherwise received in respect of fiscal 2008; (4) our compensation committee suspended our annual cash incentive program for our named executive officers under our Executive Performance Incentive Plan (which we refer to as the "EPIP"); (5) after considering the significant reductions in cash compensation opportunities for our named executive officers for fiscal 2009 and in order to incent retention of key members of management and sufficiently align the interests of our shareholders and management, our compensation committee approved restricted stock grants to certain of our named executive officers that were greater than the number of shares granted to them in prior fiscal years; (6) effective July 1, 2009, we temporarily suspended matching contributions under our Retirement Savings Plan; and (7) for calendar year 2010, we reduced the rate of company matching contributions under our Deferred Compensation Plan.

Significant Actions for Fiscal 2010. Although we were optimistic about our prospects as an organization for fiscal 2010, in recognition of the economic risks inherent from the continuing recessionary conditions and reduced consumer confidence, and consistent with our efforts to contain costs and mitigate risks, we took several actions in fiscal 2010 related to compensation for our named executive officers, including the following:

In March 2010, at Mr. Lanier's insistence, our compensation committee approved no change in the base salary payable to Mr. Lanier for fiscal 2010 (as described below under "*Base Salaries for Fiscal 2010 - Chief Executive Officer's Review and Base Salary*");

In respect of fiscal 2010, our compensation committee reinstated our annual cash incentive program under our EPIP for our named executive officers but approved performance goals under the incentive program based

Table of Contents

exclusively on the performance of our company or the applicable operating group, and because our performance exceeded the target performance goals under our EPIP, awards were earned in excess of target;

In light of the size of equity awards to certain of our named executive officers during fiscal 2009, Messrs. MacCulloch and Sennett, both of whom were promoted to a position of being the principal executive of one of our operating groups, were the only named executive officers granted equity awards for fiscal 2010;

We limited increases in base salaries for our named executive officers to instances where our compensation committee identified a material deficiency in the base salaries paid to an executive officer relative to similar positions identified using industry and general market data or in the case of promotions or the assumption of additional responsibilities;

We reinstated company matching contributions payable under our Retirement Savings Plan for calendar year 2010 but at a lower rate than had been in effect during the first half of calendar year 2009;

For calendar year 2010, we reduced the rate of company matching contributions under our Deferred Compensation Plan;

In recognition of Mr. O'Reilly's dedicated efforts to completing our sale of substantially all of the assets and operations of our Oxford Apparel Group, our compensation committee approved a special award of \$412,500 payable in cash to Mr. O'Reilly following the completion of that transaction; and

In furtherance of ensuring a successful transition of the assets and operations of our former Oxford Apparel Group following the sale transaction, and consistent with the terms of special awards we paid to other similarly situated employees of Oxford Apparel Group whose employment ended in connection with the transaction, our compensation committee approved a special award of \$568,250 payable in cash to Mr. Sennett subject to Mr. Sennett's continued employment by the purchaser at the time of payout (unless employment was terminated by the purchaser involuntarily without cause).

Significant Actions for Fiscal 2011. We recognize that our company may face numerous challenges for fiscal 2011, including the still uncertain economic environment on consumer demand and pricing pressures on raw materials, fuel, transportation and other costs necessary for the production and sourcing of our products. However, we believe that we are well positioned to capitalize on our businesses and believe that the actions we have taken with respect to executive compensation for fiscal 2011 reflects that conservative optimism. Significantly, (1) in February 2011, our compensation committee engaged an outside compensation consultant to conduct a comprehensive review of the compensation paid to our executive officers and to facilitate the development of a performance-based equity incentive compensation program which may be implemented in future periods, if our compensation committee deems appropriate; (2) in March 2011, Mr. Lanier again insisted on no increase in his base salary despite our compensation committee's belief that Mr. Lanier's leadership through fiscal 2010 more than merited a reinstatement of his base salary at a level commensurate with similarly situated chief executives identified in market surveys, and as a result, our compensation committee approved no change in the base salary payable to Mr. Lanier for fiscal 2011; (3) our compensation committee limited increases in base salaries for our other named executive officers to instances where it identified a material deficiency in the base salary paid to an executive officer relative to similar positions identified using industry and general market data or in the case of promotions or the assumption of additional responsibilities; (4) in respect of fiscal 2011, our compensation committee again approved an annual cash incentive program under our EPIP for our continuing named executive officers with challenging performance goals based exclusively on the performance of our company or the applicable operating group; and (5) in light of the size of equity awards to certain of our named executive officers in recent fiscal years, and in recognition of our compensation committee's engagement of a compensation consultant to review the compensation paid to our executive officers and facilitate the development of a performance-based equity incentive compensation program for future periods, our compensation committee approved no equity awards to our named executive officers for fiscal 2011.

Compensation Philosophy and Objectives

Our executive compensation programs are designed to:

maintain a strong link between pay and performance for compensation paid to our executive officers (generally through the use of both cash incentive awards conditioned on company or operating group performance and stock based awards that

fluctuate in value based on the price of our common stock);

Table of Contents

align our executive officers' interests with those of our shareholders by creating a strong focus on stock ownership; and

ensure that we are able to attract and retain talented individuals who can deliver outstanding business performance.

Prior to fiscal 2009, our compensation committee, in approving the compensation for our Chief Executive Officer, targeted total cash compensation at the median of the total cash compensation paid to similarly situated chief executives identified in market surveys (as further described below under "*Role of Executive Officers in Compensation Decisions; Compensation Consultants; Market Data*"). For our other executive officers, we have historically targeted total cash compensation (base salary and cash incentive awards) between the median and 75th percentile of total cash compensation relative to similar positions identified using industry and general market data. While we target total cash compensation between the median and 75th percentile for these other executive officers, in establishing specific base salary amounts and cash incentive award target amounts payable to any individual executive officer, our compensation committee takes into consideration other factors, such as the specific individual's prior performance and accomplishment of significant business strategies, an individual's prior employment experience and compensation history, other factors related to the scope or unique nature of the incumbent's job responsibilities, and geographic distinctions.

In approving the amount of long-term equity compensation paid to our executive officers, our compensation committee reviews market data to understand trends and general compensation practices (for example, typical vesting periods and/or types of equity grants). However, in establishing specific equity awards made to our executive officers, our compensation committee generally exercises its own judgment as to the number of shares necessary to accomplish the specific objectives of a particular award (for example, retention, alignment of the interests of our executive officers with our shareholders, rewarding individual performance and/or rewarding business performance).

Our compensation committee reviews all components of the compensation payable to our executive officers, including base salaries, cash incentive awards, and long-term equity compensation. In addition, our NC&G Committee considers and reviews our compensation policies and procedures, including the incentives that they create and factors that may influence excessive risk taking. Our compensation committee mitigates unnecessary risk taking by our named executive officers by establishing maximum payouts on short-term cash incentive awards that may be established from time to time, and by ensuring extensive involvement by senior management and the committees of our Board of Directors in evaluating potential risks.

Role of Executive Officers in Compensation Decisions; Compensation Consultants; Market Data

Executive Officers. To assist our compensation committee, the agenda for each meeting of the committee is prepared by our compensation committee in consultation with our senior management, as appropriate. Our senior management, in particular our General Counsel and our Senior Vice President-Human Resources, is responsible for providing appropriate agenda materials for our compensation committee's review and consideration. Our Chief Executive Officer, President, General Counsel and Senior Vice President-Human Resources regularly attend meetings of our compensation committee, excluding portions of meetings during which the committee may request to meet without one or more of such officers present.

With the oversight of our compensation committee and Chief Executive Officer, our President and our Senior Vice President-Human Resources are tasked with reviewing and summarizing market survey data on executive compensation, analyzing trends in executive compensation, summarizing data (obtained from survey data and proxy data) relating to the range(s) of compensation for chief executive officers and other executives at comparator companies, and making preliminary recommendations on executive officer compensation (other than the compensation of our Chief Executive Officer) to our Chief Executive Officer. Our Chief Executive Officer reviews the materials relating to compensation of these other executive officers and makes recommendations to our compensation committee annually. In making his recommendations to our compensation committee, our Chief Executive Officer considers various factors, including an individual's performance with our company, achievement of strategic business objectives, compensation history and similar factors. Our compensation committee considers our Chief Executive Officer's recommendations with respect to the compensation paid to other executive officers in approving the components of those officers' compensation.

Table of Contents

To assist our compensation committee with establishing company and operating group performance goals for performance based compensation and in making determinations that relate to our or an operating group's satisfaction of applicable performance criteria, our Chief Financial Officer provides our compensation committee with requested information relating to our budgeted plans for future periods and our historical financial performance, including providing certifications as to actual performance relative to established performance measures. Our compensation committee considers our Chief Financial Officer's information and certifications in establishing performance measures and in determining whether we have, or the applicable operating group has, met or exceeded the applicable performance measure.

Compensation Consultants. Pursuant to its charter, our compensation committee has the exclusive authority to retain a compensation consultant to assist in the evaluation of, among other things, chief executive officer and non-CEO executive officer compensation. Our compensation committee has the sole discretion with respect to the retention and fees payable to any such consultant it retains.

To help facilitate its review and approval of executive compensation, in February 2011, our compensation committee engaged James F. Reda & Associates, LLC to conduct a comprehensive review of the compensation paid to our executive officers, including a more concentrated identification of peer companies with whom we compete for executive talent, a categorization of our executive officers by position to identify appropriate market survey comparisons, and an assessment of the amount and allocation of total compensation opportunities for our executive officers. In addition, our compensation committee engaged James F. Reda & Associates, LLC to assist in developing a performance-based equity incentive compensation program which may be implemented in future periods, if our compensation committee deems appropriate. The review of compensation paid to our named executive officers, including market survey data provided by James F. Reda & Associates, LLC, was utilized by our compensation committee in evaluating and approving executive compensation decisions for fiscal 2011.

Market Data. We utilize market surveys to obtain a general understanding of compensation practices and trends, and in evaluating market comparison of compensation paid to our named executive officers, when making compensation recommendations and decisions for our named executive officers. For fiscal 2010 compensation reviews, we utilized the applicable Towers Watson Survey Reports on Top Management Compensation; Salary.com's Apparel and Footwear Industry Surveys; Mercer's U.S. Retail Compensation and Benefits Surveys; Mercer's U.S. Apparel Industry Compensation and Benefits Surveys; and Equilar, Inc.'s 2009/2010 Top 25 Survey.

In addition, our compensation committee reviews compensation data obtained from publicly available sources from comparator companies in order to do a "market check" to ensure that the compensation paid to our named executive officers does not significantly deviate from the compensation paid to executive officers at those comparator companies. For fiscal 2010, for purposes of conducting its market check, our compensation committee reviewed compensation data from the following companies:

Aaron Rents, Inc.	Interface, Inc.	Rollins, Inc.
Caraustar Industries, Inc.	Jones Apparel Group, Inc.	The Warnaco Group, Inc.
Carter's, Inc.	Liz Claiborne, Inc.	Total System Services, Inc.
Columbia Sportswear Company	Perry Ellis International, Inc.	V. F. Corporation
Crawford & Company	Phillips-Van Heusen Corporation	
Haverty Furniture Companies, Inc.	Polo Ralph Lauren Corporation	

Elements of Executive Officer Compensation

Total compensation for our named executive officers has traditionally consisted of the following components:

Compensation Component	Overview	Purpose
Base Salary	Base salary provides a fixed amount of cash compensation to our named executive officers.	Base salary provides a competitive level of guaranteed cash compensation that allows us to attract and retain qualified executives and to compensate them for performing basic job responsibilities.

Table of Contents

Compensation Component	Overview	Purpose
Short-Term/Annual Incentive Compensation	Cash incentive awards under the EPIP provide our named executive officers with variable cash compensation opportunities based on company, operating group and/or individual performance.	Cash incentive awards are used, among other things, to attract and retain qualified executives; align the compensation paid to our executive officers with our company's performance; motivate our executive officers to work to achieve and exceed specific company performance goals; and facilitate the treatment of elements of compensation as performance-based compensation under the Internal Revenue Code.
Long-Term Equity Compensation (Restricted Stock Grants)	Long-term equity compensation awards, either service-based or performance-based, may be provided to our named executive officers under our Long-Term Stock Incentive Plan (which we refer to as the "LTIP") with scheduled vesting periods.	Restricted stock grants further align the interests of our named executive officers with those of our shareholders by encouraging retention and rewarding increases in stock price.
Other Benefit Plan Participation Opportunities	Our named executive officers are generally eligible to participate in various health, life insurance, retirement, stock purchase and disability benefit plans we have established.	These benefit plans are designed to attract and retain key employees by providing benefits competitive with those generally available.
Perquisites	From time to time, our named executive officers receive discounts on merchandise purchased directly from our distribution centers or in our retail stores, as well as complimentary meals at our Tommy Bahama restaurants or allowances for apparel merchandise.	These perquisites are designed to attract and retain key employees by providing perquisites that are common practice within our industry.

In approving the total compensation paid to our named executive officers, our compensation committee does not expressly allocate a specified percentage of total compensation to base salary, short-term incentive compensation and/or long-term equity compensation. However, our compensation committee considers the total cash compensation that would become payable to that officer in comparison to the total cash compensation ranges that are developed at the direction of our compensation committee and our Chief Executive Officer based on market surveys (as further described above under "*Role of Executive Officers in Compensation Decisions; Compensation Consultants; Market Data*").

Cash Compensation Mix. Our compensation committee generally increases target incentive award levels for an executive officer as such officer's responsibilities within our organization increase, thereby more heavily weighting the variable elements of cash compensation for our most senior executive officers who are more likely to have a strong and direct impact in achieving strategic and financial goals that are most likely to affect shareholder value. Our compensation committee believes that the best interests of our shareholders are served by subjecting a meaningful proportion of each of our named executive officers' total cash compensation to the achievement of company and/or divisional performance that represents meaningful value to our company.

Base Salary

Our compensation committee utilizes base salaries to provide a fixed amount of compensation to our named executive officers for the performance of their duties. Base salaries of our named executive officers are reviewed on an annual basis. Our Chief Executive Officer recommends the salaries of all of our executive officers (other than our Chief Executive Officer) to our compensation committee based on his review of each individual's performance and contributions to the business. Recommendations for changes in salary are based on an executive officer's individual performance, the assumption of greater responsibilities and the accomplishment of significant business strategies, as well as the relationship of the individual's current salary to market comparisons. Our compensation committee

determines the salary of our Chief Executive Officer and reviews and approves (with or without modification) the recommended salaries of all of our other executive officers.

Base Salaries for Fiscal 2010

Chief Executive Officer's Review and Base Salary. In March 2010, our compensation committee evaluated Mr. Lanier's performance during fiscal 2009, including in particular Mr. Lanier's oversight and leadership in the face of challenging economic conditions. As part of its review, our compensation committee noted the following significant achievements by our company during fiscal 2009 that were attributable to Mr. Lanier's leadership:

the successful consummation of a \$150 million senior secured notes issuance, which facilitated our satisfaction and discharge of \$166.8 million of outstanding senior notes, despite tremendous turbulence in the capital markets throughout 2009;

our company exceeding by more than \$13 million its initially stated objective to reduce selling, general and administrative (SG&A) expenses during fiscal 2009 by \$40 million (relative to SG&A expenses during fiscal 2008);

our company reducing the level of our inventories on our balance sheet by more than 35% at the end of fiscal 2009 (relative to the end of fiscal 2008), which was consistent with our initially stated plan to mitigate risks to our company from excessive inventory levels;

our company achieving increased gross margins of 41.7% of net sales, on a consolidated basis, in fiscal 2009 compared to gross margins of 40.9% of net sales, on a consolidated basis, in fiscal 2008, which reflected our company's objective to avoid becoming overly promotional like many apparel companies;

the improvements in operating profitability in our Oxford Apparel and Lanier Clothes operating groups, even taking into account adjustments for unusual charges during fiscal 2008, which reflected the successful restructuring efforts that Mr. Lanier oversaw in those operating groups; and

significant leadership succession planning and execution, including the recruitment and hiring of new business unit leaders for our Ben Sherman Group and our former Oxford Apparel Group in anticipation of the retirements of the respective heads of those two groups, as well as the promotion of Mr. Chubb to President of our company.

In light of Mr. Lanier's accomplishments during fiscal 2009, our compensation committee believed it would be appropriate to reinstate Mr. Lanier's base salary at a level commensurate with chief executives at comparator companies. Our compensation committee noted that according to a Salary.com Apparel & Footwear Survey of apparel companies with revenues between \$500 million and \$1.5 billion, median chief executive base salary was \$850,000, and according to a Towers Watson Top Management Survey of retail and wholesale apparel companies, median chief executive base salary was \$1,000,000. Despite our compensation committee's belief that Mr. Lanier's performance during fiscal 2009 merited a significant increase that would align his base salary with that paid to comparably situated chief executives and be more comparable to his base salary in years prior to fiscal 2009, at Mr. Lanier's insistence, our compensation committee approved no change in Mr. Lanier's annual base salary of \$500,000 for fiscal 2010.

Base Salaries for our Other Named Executive Officers. In recommending the base salaries of each of our other named executive officers, Mr. Lanier (in collaboration with our Corporate Human Resources Department and, other than with respect to his own salary, our President) evaluated the compensation paid to such officers in the context of the individual's job level, the salary range reflected in applicable survey data, the individual's responsibility within the organization as a whole and the individual's personal performance during fiscal 2009.

In light of the efforts put forth by each of Mr. Grassmyer and Mr. Chubb during fiscal 2009, including their efforts in our consummation of a \$150 million senior secured notes issuance in June 2009, leading cost-cutting efforts within our organization, the assumption of greater responsibilities by each of these individuals during fiscal 2009, including in particular Mr. Chubb's assumption of oversight responsibilities of certain of our operating groups, and their existing base salaries relative to market data, Mr. Lanier recommended, and our compensation

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

committee approved, a 2.8% increase in base salary (to \$272,500) for Mr. Grassmyer and a 10% increase in base salary (to \$550,000) for Mr. Chubb, effective April 1, 2010.

In April 2010, Mr. MacCulloch was promoted to the position of President, Lanier Clothes upon the retirement of his predecessor. Mr. Sennett was hired by our company to succeed Mr. O'Reilly in overseeing the operations of our former Oxford Apparel Group. Although Mr. O'Reilly continued to be employed by our company at the time, supervisory responsibilities with respect to our Oxford Apparel Group were turned over to Mr. Sennett in March 2010. As a result of these promotions, each of Mr. MacCulloch and Mr. Sennett took on significant executive-level responsibilities for fiscal 2010. In light of these promotions, following a review of market survey data, Mr. Lanier recommended, and our compensation committee approved, a 25.1% increase in base salary (to \$275,000) for Mr. MacCulloch and a 10% increase in base salary (to \$385,000) for Mr. Sennett, effective March 1, 2010.

Mr. Pillow's annual base salary of \$750,000 was established in connection with his initial employment with our company during fiscal 2008. In making a recommendation to our compensation committee with respect to Mr. Pillow's base salary for fiscal 2010, Mr. Lanier noted Mr. Pillow's successful transition to our company and his leadership of our Tommy Bahama Group during the challenging economic conditions of fiscal 2009, as well as Mr. Lanier's assessment that Mr. Pillow's base salary was consistent with, or above, that paid to similarly situated executives with his level of responsibility. As a result, although Mr. Lanier believed that Mr. Pillow's efforts merited an increase in his base salary, after consultation with Mr. Pillow and Mr. Pillow's support of not receiving an increase in his base salary for fiscal 2010, Mr. Lanier recommended, and our compensation committee approved, no change in Mr. Pillow's base salary for fiscal 2010.

In making a recommendation to our compensation committee with respect to Mr. O'Reilly's base salary, Mr. Lanier reviewed Mr. O'Reilly's performance during fiscal 2009 and noted Mr. O'Reilly's tremendous work in streamlining our Oxford Apparel Group's operations and turning around the operating results of that business. However, in recognition of Mr. O'Reilly's expected retirement during fiscal 2010 and our compensation committee's acceleration in January 2010 of the vesting date for 62,500 shares of restricted stock granted to Mr. O'Reilly during fiscal 2008 and fiscal 2009, following consultation with Mr. O'Reilly and with Mr. O'Reilly's support of not receiving an increase in his base salary for fiscal 2010, Mr. Lanier recommended, and our compensation committee approved, no change in Mr. O'Reilly's base salary for fiscal 2010.

Base Salaries for Fiscal 2011

Chief Executive Officer's Review. In March 2011, our compensation committee evaluated Mr. Lanier's performance during fiscal 2010, including Mr. Lanier's advancement of our fundamental strategy of transitioning towards becoming a portfolio of compelling lifestyle brands. In light of Mr. Lanier's accomplishments during fiscal 2010, our compensation committee believed it would be appropriate to increase Mr. Lanier's base salary to a level commensurate with similarly situated chief executives, as reflected in market survey data reviewed by the committee; however, at Mr. Lanier's insistence, our compensation committee approved no change in Mr. Lanier's annual base salary of \$500,000 for fiscal 2011.

In making recommendations with respect to the base salary paid to each of our other continuing named executive officers for fiscal 2011, Mr. Lanier noted that each of those individuals significantly contributed to our company's successes during fiscal 2010. In particular, Mr. Lanier noted, among other things, Mr. Chubb's additional oversight responsibilities with respect to certain of our operating groups, including our new Lilly Pulitzer Group, as well as his significant contributions to our successful completion of our acquisition of Sugartown and our sale of substantially all of the assets and operations of our former Oxford Apparel Group. With respect to Mr. Grassmyer, Mr. Lanier identified Mr. Grassmyer's tireless efforts towards consummation of the two significant transactions completed in fiscal 2010 and his expected assumption of greater responsibilities during fiscal 2011 consistent with his April 2011 promotion. With respect to each of Messrs. MacCulloch and Pillow, Mr. Lanier noted, among other things, how each had successfully led his respective operating group in exceeding our own plans for those operating groups with respect to sales and operating income. Despite these tremendous accomplishments, following a review of the applicable market survey data and consultation with each of these executive officers, Mr. Lanier recommended, and our compensation committee approved, changes only in the base salaries payable to Mr. Grassmyer (a 3.7% increase to \$282,500) and Mr. MacCulloch (a 2.7% increase to \$282,500), which became effective April 1, 2011.

Short-Term Incentive Compensation

Our compensation committee utilizes cash incentive awards under the EPIP to provide our named executive officers with variable cash compensation opportunities based on company, operating group and/or individual performance.

Fiscal 2010 Incentives. For fiscal 2010, our compensation committee approved an annual cash incentive program for our named executive officers; the annual cash incentive program had been suspended for fiscal 2009. Unlike in prior fiscal years, when cash incentives under our EPIP included a more subjective individual performance element, our compensation committee approved target awards and set performance goals under the fiscal 2010 incentive program based exclusively on the performance of our company or applicable operating group during fiscal 2010. The committee believed that closely linking the cash incentive award to the objective performance of our company and its operating groups was consistent with its goal to motivate our named executive officers to achieve and exceed company specific goals that contribute to the inherent value of our organization. Our compensation committee retained "downward discretion" to reduce (but not to increase) the total cash incentive awards payable to any of our named executive officers.

Consistent with this objective, for those of our named executive officers who were expected to remain employed by our company for the duration of fiscal 2010, our compensation committee approved target and maximum award levels expressed as a percentage of each of the named executive officers' base salary for fiscal 2010, as follows:

Name	Incentive Awards (% of Base Salary)		
	At Threshold	At Target	At Maximum
J. Hicks Lanier	0.0	105.0	157.5
K. Scott Grassmyer	0.0	45.0	67.5
Thomas C. Chubb III	0.0	55.0	82.5
Dennis D. MacCulloch	0.0	45.0	67.5
Terry R. Pillow	0.0	60.0	100.0
Scott D. Sennett	0.0	45.0	67.5

For cash incentive awards that could become payable to Mr. Lanier, Mr. Grassmyer and/or Mr. Chubb, our compensation committee approved individual performance measures based on return on net assets, as adjusted for specifically identified non-recurring or unusual items (RONA), and profit before taxes, as adjusted for specifically identified non-recurring or unusual items (PBT), of our company and/or each of our operating groups. The total incentive award for each of these individuals was comprised of distinct performance measure components tied to each of our operating groups and/or our company as a whole.

For cash incentive awards that could become payable to Mr. MacCulloch, the incentive award was based entirely on our Lanier Clothes operating group's satisfaction of applicable RONA targets. For cash incentive awards that could become payable to Mr. Pillow, the incentive award was based entirely on Tommy Bahama Group's satisfaction of applicable PBT targets. For cash incentive awards that could become payable to Mr. Sennett, the incentive award was based entirely on our Oxford Apparel Group's satisfaction of applicable RONA targets. For each of these individuals, no incentive would be payable under the EPIP unless the applicable threshold performance measure for the applicable operating group was satisfied.

In establishing performance targets for cash incentive award opportunities for each of our named executive officers for fiscal 2010, our compensation committee took into consideration our budgeted plans for the fiscal year and our initial earnings guidance for fiscal 2010 (which was disclosed in our March 29, 2010 earnings press release). The performance measures established by our compensation committee at target for our company and each of our operating groups represented between approximately 85% and 110% of the returns necessary to achieve the earnings initially forecast in our earnings guidance for fiscal 2010, which we believe represents meaningful performance targets that serve the best interests of our shareholders.

In light of Mr. O'Reilly's anticipated retirement in 2010 and our compensation committee's acceleration in January 2010 of the vesting date for 62,500 shares of restricted stock granted to him during fiscal 2008 and fiscal 2009, our compensation committee decided not to include Mr. O'Reilly in the EPIP cash incentive program for fiscal 2010.

For purposes of the cash incentive award for Mr. Lanier, Mr. Grassmyer and Mr. Chubb, the table below sets forth the applicable performance measure and proportion of the individual's total bonus opportunity allocated to each

of our operating groups and our company as a whole; the threshold, target and maximum performance targets established by our compensation committee for each of our operating groups and our company as a whole; the actual performance of each of our operating groups and our company as a whole during fiscal 2010; and the determination of the total bonus award (expressed as a percentage of each individual's target bonus opportunity) earned by each of these executive officers:

Performance Measure(s)	Allocation of Cash Incentive Award	Performance Target			Actual Performance	Bonus Contribution
		Threshold	Target	Maximum		
RONA of Lanier Clothes	10%	12.0%	18.0%	24.0%	29.1%	15.0%
RONA of Oxford Apparel Group	20%	11.0%	19.0%	27.0%	23.4%	25.5%
RONA of Tommy Bahama Group	40%	16.55%	18.20%	19.85%	23.1%	60.0%
PBT of Ben Sherman Group (\$ in 000s)	10%	\$(4,513)	\$(2,507)	\$(501)	\$(1,540)	12.4%
RONA of our company	20%	8.5%	11.1%	13.0%	17.2%	30.0%

Total Bonus Award (as % of Target) 142.9%

Accordingly, each of Mr. Lanier, Mr. Grassmyer and Mr. Chubb earned 142.9% of his target bonus opportunity. Specifically, Mr. Lanier's cash incentive award for fiscal 2010 was 150.05% (or 105.0% * 1.429) of his base salary (or \$750,250 in total); Mr. Grassmyer's cash incentive award for fiscal 2010 was 64.3% (or 45.0% * 1.429) of his base salary (or \$175,245 in total); and Mr. Chubb's cash incentive award for fiscal 2010 was 78.6% (or 55.0% * 1.429) of his base salary (or \$432,300 in total).

For purposes of the cash incentive award to Mr. MacCulloch, the threshold, target and maximum performance targets for the RONA of our Lanier Clothes operating group was 12.0%, 18.0% and 24.0%, respectively, as reflected in the table above. Because our Lanier Clothes operating group achieved RONA during fiscal 2010 in excess of the maximum performance target, Mr. MacCulloch received his maximum cash incentive award for fiscal 2010 of 67.5% of his base salary (or \$185,625) in total.

For purposes of the cash incentive award to Mr. Pillow, the threshold, target and maximum performance targets for the PBT of our Tommy Bahama Group was approximately \$28.3 million, \$31.1 million and \$33.9 million, respectively. Our Tommy Bahama Group achieved PBT of approximately \$38.0 million in respect of fiscal 2010 and, accordingly, Mr. Pillow received his maximum cash incentive award for fiscal 2010 of 100.0% of his base salary (or \$750,000) in total.

Because Mr. Sennett's employment with our company ended in connection with our sale of substantially all of the assets and operations of our former Oxford Apparel Group, under the terms of our EPIP award, Mr. Sennett was not entitled to receive a cash incentive award in respect of fiscal 2010 (however, see below under " *Special Awards*" with respect to a special award that was paid to Mr. Sennett in recognition of his forfeiture of the right to receive a cash incentive award for fiscal 2010).

Fiscal 2011 Incentives. For fiscal 2011, our compensation committee has approved cash incentive award opportunities under our EPIP for each of our continuing named executive officers. Consistent with the award opportunities for our named executive officers in fiscal 2010, our compensation committee approved target awards and set performance goals under the incentive program based exclusively on the performance of our company or applicable operating group during fiscal 2011.

In establishing performance targets for cash incentive award opportunities for our named executive officers for fiscal 2011, our compensation committee took into consideration our budgeted plans for the fiscal year and our earnings guidance for fiscal 2011 (which were disclosed in our March 29, 2011 earnings press release). We believe the performance targets established by our compensation committee represent meaningful performance targets that serve the best interests of our shareholders. If our company and each of our operating groups achieve our planned earnings for fiscal 2011, as incorporated into our forecasted earnings guidance for fiscal 2011, our company and various operating groups would achieve between approximately 55% and 125% of the performance measures at target established by our compensation committee.

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

Special Awards. Our compensation committee may, from time to time, in its discretion approve cash bonuses based on subjective criteria and performance against individual objectives for the year and other economic factors. During fiscal 2010, our compensation committee approved the following special cash awards:

In light of Mr. O'Reilly's anticipated retirement in early 2010 and our compensation committee's acceleration in January 2010 of the vesting date for 62,500 shares of restricted stock granted to Mr. O'Reilly during fiscal 2008 and fiscal 2009, our compensation committee decided in March 2010 not to include Mr. O'Reilly in the EPIP cash incentive program for fiscal 2010. However, at the request of our Chairman and Chief Executive Officer, Mr. O'Reilly continued to work for our company until his retirement in December 2010, in large part overseeing the negotiation of the sale of substantially all of the assets and operations of our former Oxford Apparel Group, which was announced in November 2010 and completed in January 2011. In light of, among other things, Mr. O'Reilly's dedicated efforts to completing this transaction and his decades of prior service to our company, our compensation committee approved a special award of \$412,500 payable in cash to Mr. O'Reilly. The amount of the special award was calculated in accordance with the terms of special awards we paid to other employees of our former Oxford Apparel Group whose employment ended in connection with the transaction and was based on, among other things, the Oxford Apparel Group's performance through January 2011 and Mr. O'Reilly's base salary.

Consistent with the terms of special awards we paid to other similarly situated employees of Oxford Apparel Group whose employment ended in connection with our sale of substantially all of the assets and operations of Oxford Apparel Group, our compensation committee approved a special award of \$568,250 payable in cash to Mr. Sennett subject to Mr. Sennett's continued employment by the purchaser of substantially all of the assets and operations of our former Oxford Apparel Group at the time of payout (unless employment was terminated by the purchaser involuntarily without cause), which payment occurred on or about March 15, 2011. The amount of the special award consisted of an amount equal to (a) the maximum cash incentive award Mr. Sennett could have received under the EPIP in respect of fiscal 2010, based in part on the Oxford Apparel Group's performance through January 2011, plus (b) 50% of the value of the stock awards to Mr. Sennett that were forfeited by Mr. Sennett as a result of the termination of his employment (based on the closing price of our common stock on the fourth business day following our announcement of the sale of substantially all of the assets and operations of our former Oxford Apparel Group).

Long-Term Equity Compensation

Our compensation committee utilizes stock-based awards under the LTIP to incent our named executive officers to remain with our company and further align the interests of our named executive officers with those of our shareholders.

LTIP Awards for Fiscal 2010. Our compensation committee periodically reviews the successes of the compensation programs it has implemented. In evaluating whether to grant any equity awards to our named executive officers for fiscal 2010, our compensation committee considered the size, grant date, vesting date and purpose of awards held by each of our named executive officers at the beginning of fiscal 2010. Consistent with our compensation committee's indications following its June 2009 grants of restricted stock awards reflected below under "*Compensation Tables Outstanding Equity Awards at Fiscal 2010 Year End*," our compensation committee did not believe it was necessary or appropriate for fiscal 2010 to grant significant equity awards to those of our named executive officers who received significant grants in June 2009.

In light of Mr. MacCulloch's and Mr. Sennett's promotions, our compensation committee believed it was appropriate to grant these individuals awards consistent with the size and vesting date of awards made to similarly situated employees of our company in June 2009. Accordingly, in March 2010, our compensation committee approved a grant of 10,000 shares of restricted stock to Mr. MacCulloch and a grant of 25,000 shares of restricted stock to Mr. Sennett. These shares of restricted stock were scheduled to vest on April 30, 2013, which was the vesting date applicable to awards in June 2009 to certain of our other named executive officers.

The stock awards made to Mr. Sennett during fiscal 2010 were ultimately forfeited as a result of the termination of his employment in connection with our sale of substantially all of the assets and operations of our former Oxford Apparel Group (however, see above under "*Short Term Incentive Compensation Special Awards*" with respect to a special award that was paid to Mr. Sennett in recognition of his forfeiture of the stock awards).

LTIP Awards for Fiscal 2011. In evaluating whether to grant any equity awards to our named executive officers for fiscal 2011, our compensation committee considered the size, grant date, vesting date and purpose of awards held by each of our named executive officers at the end of fiscal 2010, as reflected below under "*Compensation Tables Outstanding Equity Awards at Fiscal 2010 Year End.*" Based on the number of equity awards remaining outstanding to each of our named executive officers, our compensation committee has not granted any equity awards to our named executive officers for fiscal 2011. In addition, in February 2011, our compensation committee engaged a compensation consultant to assist in, among other things, developing a performance-based equity incentive compensation program which may be implemented in future periods, if our compensation committee deems appropriate.

Other Benefit Plans

Employee Stock Purchase Plan. We have a tax-qualified Employee Stock Purchase Plan, which we refer to as the "ESPP," generally available to all eligible employees based in the United States, including our named executive officers other than Mr. Lanier, who is not permitted to participate because he owns more than 5% of our outstanding common stock. The ESPP allows participants to acquire shares of our common stock at a discounted price.

The ESPP consists of four purchase periods each calendar year. Pursuant to the ESPP, participants are allowed to make voluntary payroll deductions that accumulate in individual accounts beginning on the first day of each calendar quarter. At the end of each calendar quarter, the amount credited to each individual employee's account is applied to the purchase of our common stock at a price equal to 85% of the market price as of the close of business on the last day of the applicable calendar quarter. During fiscal 2010, Messrs. Grassmyer and MacCulloch participated in the ESPP.

Retirement Savings Plan. We provide retirement benefits to our eligible employees, including the named executive officers, who are based in the United States and have achieved a minimum of one year of service under the terms of our tax-qualified retirement savings plan (which we also refer to as our "401(k) plan"). Our 401(k) plan is intended to promote retirement savings by providing employees with an opportunity to save in a tax-efficient manner.

During calendar year 2010, we made matching contributions of 100% of the first 1% of a participant's compensation that is deferred, and matching contributions of 50% of the next 2% of a participant's compensation that was deferred. Effective January 1, 2011, we amended our 401(k) plan to provide for matching contributions of 100% of the first 3% of a participant's compensation that was deferred, and matched 50% of the next 2% of a participant's compensation that is deferred.

Our company contributions under the 401(k) plan are subject to limitations prescribed by the Internal Revenue Code. Our company contributions to the 401(k) plan vest immediately. Our named executive officers are permitted to make contributions to the plan solely from pre-tax compensation. Our named executive officers participate in our 401(k) plan on the same terms as other "highly compensated employees" of our company (as determined under applicable Internal Revenue Service guidelines). During fiscal 2010, Messrs. Lanier, Grassmyer, Chubb, MacCulloch and O'Reilly participated in our 401(k) plan. Company contributions for each named executive officer during fiscal 2010 under our 401(k) plan are included in the table below under "*Compensation Tables Summary Compensation Table for Fiscal 2010.*"

Non-Qualified Deferred Compensation Plan. We offer a Non-Qualified Deferred Compensation Plan, which we refer to as the "Deferred Compensation Plan," to certain highly compensated employees based in the United States, including the named executive officers. Under the Deferred Compensation Plan, a participant may defer up to 50% of base salary and up to 100% of an annual performance-based cash incentive award. The named executive officers participate in the Deferred Compensation Plan on the same terms as our other eligible, participating employees. During fiscal 2010, all of our named executive officers participated in the Deferred Compensation Plan.

All deferral elections are irrevocable except in the case of a hardship. In respect of calendar year 2010, we made a contribution to each participant's account of (1) 2% of the amount that a participant's compensation during the calendar year exceeded the 401(k) compensation limit for the calendar year (which for calendar years 2010 and 2011 is \$245,000), and (2) 2% of any compensation that is excluded from receiving a company match in the 401(k) plan due to participation in the Deferred Compensation Plan, provided in each case that the participant elects under the Deferred Compensation Plan to defer at least 1% of his or her base salary. Company contributions for each named executive officer during fiscal 2010 under our Deferred Compensation Plan are included in the table below under "*Compensation Tables Summary Compensation Table for Fiscal 2010.*" We amended the Deferred Compensation

Plan effective January 1, 2011 so that for calendar year 2011, we will make a contribution to each participant's account of (1) 4% of the amount that a participant's compensation during the calendar year exceeded the 401(k) compensation limit for the calendar year, and (2) 4% of any compensation that is excluded from receiving a company match in the 401(k) plan due to participation in the Deferred Compensation Plan, provided in each case that the participant elects under the Deferred Compensation Plan to defer at least 1% of his or her base salary for calendar year 2011.

The Deferred Compensation Plan is intended to offer our highly compensated employees, including our named executive officers, a tax-efficient method for accumulating retirement savings, as well as to provide an opportunity for our executives to accumulate savings in a tax-efficient manner for significant expenses while continuing in service. The Deferred Compensation Plan constitutes an unfunded, non-qualified deferred compensation plan, and participants' account balances are subject to the claims of our company's creditors. In the event that our company becomes insolvent, participants in the Deferred Compensation Plan would be unsecured general creditors with respect to their account balances, which we believe further aligns the interests of our named executive officers with the long-term interests of our shareholders.

Because none of our named executive officers received above-market rates of return under the Deferred Compensation Plan, earnings under the plan are not included in the table below under "*Compensation Tables Summary Compensation Table for Fiscal 2010*." Earnings and related activity under the Deferred Compensation Plan by our named executive officers during fiscal 2010 are described below under "*Compensation Tables Fiscal 2010 Non-Qualified Deferred Compensation*."

Executive Medical Insurance Plans. Certain key employees, including our named executive officers (other than Mr. Pillow, who is ineligible because he is employed by our subsidiary Tommy Bahama Group, Inc.), are eligible to receive reimbursement of qualified medical expenses in an amount up to \$100,000 per year with a limit of \$10,000 per occurrence. Our executive medical insurance plan reimburses eligible executives for reasonable, medically necessary expenses that are not covered under a base medical plan. Our executive medical insurance also provides for a \$100,000 accidental death and dismemberment benefit that will pay an eligible executive officer's beneficiary the lump sum amount in the event of death as a result of a covered accident.

Company contributions for each eligible named executive officer during fiscal 2010 under our executive medical plan are included in the table below under "*Compensation Tables Summary Compensation Table for Fiscal 2010*."

Other Benefits. In addition to some of the other compensation policies discussed above, our named executive officers are generally eligible to participate in and receive the same health, life insurance and disability benefits available to our U.S.-based, eligible employees generally, subject to certain distinctions in our plans that are applicable to employees of our subsidiaries.

Perquisites

From time to time, our named executive officers receive discounts on merchandise purchased directly from our distribution centers or in our retail stores, as well as complimentary meals at our Tommy Bahama restaurants. Certain of these discounts and benefits are offered to other designated employees from time to time. We offer these discounts and benefits because they represent common practice in our industry.

Stock Ownership and Retention Guidelines

Our Board of Directors has established stock ownership guidelines for our executive officers, including the named executive officers. The ownership guidelines specify a target number of shares of our common stock that our executive officers are expected to accumulate and hold within five years of the later of the effective date of the guidelines or the date of appointment to the applicable position set forth in the guidelines (which we refer to as the "executive's determination date"). The specific guidelines for each applicable individual are established based on the fair market value of our common stock (based on a 365-day trailing average for our common stock price as reported on the NYSE as of the executive's determination date) and the executive officer's base salary as of the executive's determination date.

Table of Contents

Pursuant to these guidelines, each of our executive officers is expected to own or acquire shares of our common stock having a fair market value of a multiple of his or her base salary as follows: Chief Executive Officer 2.0x; President 1.25x; Group Vice Presidents and Executive Vice Presidents 1.0x; and All Other Executive Officers 0.5x. As of May 1, 2011, each of our named executive officers who continued to be employed by our company had satisfied the stock ownership guideline applicable to him.

Shares owned outright by an executive officer or by members of his or her immediate family sharing the same household, restricted stock, shares acquired pursuant to the exercise of stock options, shares held in trust for the benefit of the executive officer or his or her immediate family and shares acquired through our ESPP are counted towards satisfying the applicable guideline. Unexercised stock options do not count towards satisfying the guidelines.

As discussed above under "*Director Compensation Director Stock Ownership and Retention Guidelines*," in March 2011, our Board of Directors enhanced our Corporate Governance Guidelines to provide for a retention guideline, or holding period, of nine months for stock acquired upon the exercise of options or lapse of restrictions on restricted stock (net of funds necessary to pay the exercise price of stock options and for payment of applicable taxes). This retention period also applies to our executive officers, and as implemented, applies to all currently outstanding, unvested grants of restricted stock to our executive officers, as well as all subsequent awards.

Tax Deductibility Considerations

It is the responsibility of our compensation committee to address the issues raised by Section 162(m) of the Internal Revenue Code. Section 162(m) generally prohibits us from deducting the compensation of certain named executive officers that exceeds \$1,000,000 during any year. The limitation does not apply to compensation based on achievement of pre-established performance goals if certain requirements are met. Our EPIP is structured to permit awards to qualify as performance-based compensation to maximize the tax deductibility of such awards. Our compensation committee, as much as possible, uses and intends to use performance-based compensation to limit the amount of compensation paid by us that would not be eligible for deductibility. However, our compensation committee believes that we must be able to attract, retain and reward the executive leadership necessary to develop and execute our strategic plans and that the loss of a tax deduction may be necessary and appropriate in some circumstances. Accordingly, our compensation committee may exercise its discretion to award compensation in excess of the Section 162(m) limits as it deems necessary or appropriate.

- (a) Represents accrued and unused vacation paid upon termination of employment.
- (4) From time to time, our named executive officers receive discounts on merchandise purchased directly from our distribution centers or in our retail stores, and may from time to time receive complimentary meals at our Tommy Bahama restaurants or allowances for apparel merchandise. The aggregate incremental cost to us of these discounts and benefits does not exceed \$10,000 for any of our named executive officers.
- (5) In March 2009, Mr. Lanier, Mr. Grassmyer and Mr. Chubb each voluntarily declined cash incentive awards that he would have otherwise received in respect of fiscal 2008 and, with the approval of our compensation committee, no such incentive awards were paid to Mr. Lanier, Mr. Grassmyer or Mr. Chubb.
- (6) The reported "Total" amounts for fiscal 2008 include \$78,624, \$10,733 and \$20,048 for each of Mr. Lanier, Mr. Grassmyer and Mr. Chubb, respectively, voluntarily declined by such named executive officer in respect of cash incentive awards that he otherwise would have received.
- (7) In light of Mr. O'Reilly's anticipated retirement in early 2010 and our compensation committee's acceleration of the vesting date for 62,500 shares of restricted stock granted to Mr. O'Reilly during fiscal 2008 and fiscal 2009, as discussed in footnote 8 below, our compensation committee decided in March 2010 not to include Mr. O'Reilly in the EPIP cash incentive program for fiscal 2010. However, at the request of our Chairman and Chief Executive Officer, Mr. O'Reilly continued to work for our company until his retirement in December 2010, in large part overseeing the negotiation of the sale of substantially all of the assets and operations of our former Oxford Apparel Group, which was announced in November 2010 and completed in January 2011. In light of, among other things, Mr. O'Reilly's dedicated efforts to completing this transaction and his decades of prior service to our company, our compensation committee approved a special award of \$412,500 payable in cash to Mr. O'Reilly. The amount of the special award was calculated in accordance with the terms of special awards we paid to other employees of our former Oxford Apparel Group whose employment ended in connection with the transaction and was based on, among other things, the Oxford Apparel Group's performance through January 2011 and Mr. O'Reilly's base salary.
- (8) In anticipation of Mr. O'Reilly's retirement in 2010, in January 2010, our compensation committee approved amendments to Mr. O'Reilly's restricted stock award agreements providing for the accelerated vesting as of January 29, 2010 of grants made to Mr. O'Reilly during fiscal 2008 and fiscal 2009. In accordance with the SEC's guidelines, the fiscal 2009 compensation with respect to stock awards to Mr. O'Reilly represents the grant date fair value associated with stock awards made to Mr. O'Reilly during fiscal 2009 plus the incremental fair value of the stock awards with an accelerated vesting date of January 29, 2010, as calculated in accordance with the provisions of FASB Topic 718. The assumptions used in valuing the stock awards are described under the captions "Stock-Based Compensation" and "Long-Term Stock Incentive Plan" in Notes 1 and 7, respectively, to our consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2010 filed with the SEC on March 31, 2011.

Under the Deferred Compensation Plan, participants may elect to have contributions during a given calendar year distributed as either:

in-service distributions starting at least two years following the year of the applicable contributions in a single sum or in annual installment payments over a period of up to five years; or

following a deemed retirement (which occurs when a participant reaches age 55 with at least five years of service) generally in a single sum or in annual installment payments over a period of up to 15 years.

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

Distribution of account balances in a single sum is automatically made on termination for reasons other than a deemed retirement. Participants elect to invest their account balances among a variety of investment options in an array of asset classes, and earnings are based on the equivalent returns from the elected investment options. Accounts are 100% vested at all times.

Table of Contents**Termination, Severance and Change-in-Control Arrangements**

Subject to the effect of local labor laws, all of our employees, including our executive officers, are terminable at our discretion. From time to time, we have entered into written employment arrangements with certain of our employees, including certain of our executive officers. However, we do not presently have written employment agreements with our named executive officers. In addition, we have from time to time implemented discretionary separation programs that have provided for separation payments to departing employees.

Named Executive Officer Severance and Change-in-Control Arrangements

LTIP Restricted Stock Grants. The restricted stock grants under the LTIP in March 2008 and June 2009 provide for an acceleration of vesting in the event of a change of control. For these purposes, a change of control is defined as any of the following:

any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than us or one of our subsidiaries or any employee benefit plan sponsored or maintained by us or any of our subsidiaries (including any trustee of such plan acting as trustee), becoming the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of our securities representing at least 35% of the total voting power represented by our then outstanding voting securities;

the commencement by an entity, person or group (other than us or one of our subsidiaries) of a tender offer or an exchange offer for more than 35% of our outstanding capital stock;

the effective time of (1) a merger or consolidation of us with one or more corporations as a result of which the holders of our outstanding voting stock immediately prior to such merger or consolidation hold less than 50% of the voting stock of the surviving or resulting corporation, or (2) a transfer of all or substantially all of our assets other than to an entity of which we own at least 80% of the voting stock;

individuals who, as of the grant date for the restricted stock, constitute our Board of Directors (which we refer to as, the "Incumbent Board") ceasing for any reason to constitute at least a majority of our Board of Directors; provided, that any individual becoming a director subsequent to such date whose election, or nomination for election by our shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) other than our Board of Directors; and

approval by our shareholders of a complete liquidation or dissolution of our company.

The following table summarizes the value of the restricted stock grants under the LTIP that would be realized by each named executive officer if a change in control (as described above) had occurred on January 29, 2011 (which was the last day of fiscal 2010):

Name	Number of Shares That Would Vest upon a Change of Control (#)	Value Realized on Vesting Following a Change of Control (\$)⁽¹⁾
J. Hicks Lanier	25,000	596,500
K. Scott Grassmyer	35,000	835,100
Thomas C. Chubb III	75,000	1,789,500

Mr. Sennett's Special Award. Mr. Sennett's employment with our company ended in connection with our sale of substantially all of the assets and operations of our former Oxford Apparel Group. Consistent with the terms of special awards we paid to other similarly situated employees of Oxford Apparel Group whose employment ended in connection with the transaction, in anticipation of the transaction, in October 2010, our compensation committee approved a special award of \$568,250 payable in cash to Mr. Sennett subject to, among other things, Mr. Sennett's continued employment by the purchaser of substantially all of the assets and operations of our former Oxford Apparel Group at the time of payout (unless employment was terminated by the purchaser involuntarily without cause). The payment occurred on or about March 15, 2011.

Other Potential Post-Employment Payments

Stock Options. All of the outstanding stock options held by our named executive officers as of January 29, 2011, as set forth in the table " *Compensation Tables Outstanding Equity Awards at Fiscal 2010 Year-End*" above, were granted under our 1992 Stock Option Plan or 1997 Stock Option Plan, and all of the options have vested. The outstanding stock options, in accordance with the terms of the relevant option plans, provide that the options are not exercisable after employment ends (other than for death or disability). The option holder's estate may exercise the option upon the holder's death (including portions of the options that had not vested) for a period of one year. Similarly, the option holder may exercise the option upon termination due to disability (including portions of the options that had not vested) for a period of three months following termination of employment.

Retirement Savings Plan. Our matching contributions under our 401(k) plan are immediately vested at the time they are made, and each participant is always fully vested in the value of his or her contributions under the plan.

Deferred Compensation Plan. Each of our named executive officers is fully vested in account assets held in the Deferred Compensation Plan. Under the terms of the Deferred Compensation Plan, if a participant (other than one eligible for retirement) terminates employment with us, the participant's account balance under the plan would continue to be adjusted for earnings and losses in the investment choices selected by the participant and would be paid six months following termination of employment. If a participant who is eligible for retirement (one who is 55 years of age with five years of service to us) terminates employment with us for any reason, the participant's account balance under the plan would continue to be adjusted for earnings and losses in the investment choices selected by the participant until paid in accordance with the retirement distribution election made by the participant.

Employee Stock Purchase Plan. Upon termination of employment, all amounts in a participant's account are paid to the participant.

Executive Medical Insurance Plan. Upon termination of employment, our named executive officers are ineligible to continue participation under our executive medical plan and our other benefit and welfare plans (subject to rights to participate in continuation coverage).

General. We do not have any other written or unwritten arrangement, policy or plan which would provide payments, equity or acceleration of vesting on unvested stock awards to any of our named executive officers as a result of a termination of any kind, including following a change in control.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Dennis M. Love, Clarence H. Smith and Helen B. Weeks served on our NC&G Committee during fiscal 2010. None of them are current officers or employees of our company or any subsidiary, none of them are former officers of our company or any subsidiary and none of them have any other relationship requiring disclosure by us under any paragraph of Item 404 of Regulation S-K.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors reviews all related party transactions that are disclosable under Item 404(a) of Regulation S-K. To help identify related party transactions, each director and executive officer annually completes a questionnaire that requires the disclosure of any transaction or relationship that the individual, or any member of his or her immediate family, has or will have with our company. Our Legal Department, with the assistance of other members of senior management, also reviews contemplated transactions by our company and our subsidiaries to determine if one of our directors or executive officers, or a company with which one of our directors or executive officers is affiliated, proposes to engage in a transaction that our Board of Directors should review.

Our Board of Directors will only approve those related party transactions that are in, or not inconsistent with, the best interests of our company and our shareholders. In determining whether to approve or reject a related party transaction, our Board of Directors considers such information as it deems important to determine whether the transaction is on reasonable and competitive terms and is fair to our company.

SunTrust Banks, Inc.; Mr. Wood

SunTrust Banks, Inc. and its subsidiaries (which we collectively refer to as "SunTrust") is one of our principal shareholders, as described under "*Common Stock Ownership by Management and Certain Beneficial Owners.*" Mr. E. Jenner Wood III, one of our directors, is Chairman, President and CEO of SunTrust Bank, Atlanta / Georgia Division. We maintain a \$175 million syndicated, revolving credit facility under which subsidiaries of SunTrust serve as agent and lender. This loan was made in the ordinary course of business, was made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender and did not involve more than the normal risk of collectibility or present other unfavorable features. Our aggregate payments to SunTrust did not exceed 1% of our gross revenues during fiscal 2010 or 1% of SunTrust's gross revenues during its fiscal year ended December 31, 2010. Additional information relating to SunTrust's relationship with our company can be found under the caption "Related Party Transactions" in Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2010 filed with the SEC on March 31, 2011.

Mr. Beaumont

On December 21, 2010, we acquired all of the outstanding capital stock of Sugartown, which designed, marketed and distributed apparel, accessories and home fashions under the Lilly Pulitzer® trademark. The purchase price for the acquisition was \$60 million in cash, subject to adjustment based on net working capital as of the closing date. In connection with this acquisition, we entered into an earnout agreement pursuant to which the beneficial owners of the capital stock of Sugartown prior to the acquisition will be entitled to earn up to an additional \$20 million in cash, in the aggregate, over the four years following the closing of the acquisition based on our Lilly Pulitzer Group's achievement of certain performance targets. Mr. Scott A. Beaumont, one of our executive officers who was elected CEO, Lilly Pulitzer Group, in connection with our acquisition of Sugartown, together with various trusts for the benefit of certain of his family members, held a 50% ownership interest in the capital stock of Sugartown prior to the acquisition.

Table of Contents

Department that reports to the Audit Committee and the Company's senior management. The Internal Audit Department is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of the Company's system of internal controls related to, among other things, the reliability and integrity of the Company's financial information and the safeguarding of the Company's assets.

Ernst & Young LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board and expressing an opinion on the effectiveness of the Company's internal control over financial reporting. In accordance with law, the Audit Committee has ultimate authority and responsibility for selecting, compensating, evaluating and, when appropriate, replacing the Company's independent registered public accounting firm. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Company's Annual Report on Form 10-K for fiscal 2010, including a discussion of the quality and acceptability of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee discussed with Ernst & Young LLP its judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, and as amended by applicable law.

In addition, Ernst & Young LLP provided to the Audit Committee the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed this information, including the independent accountant's independence, with Ernst & Young LLP. The Audit Committee discussed with Ernst & Young LLP and the Company's Internal Audit Department the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee also considered whether the independent auditors' provision of other non-audit services to the Company is compatible with the auditors' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2010 for filing with the U.S. Securities and Exchange Commission.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Our Audit Committee has adopted a policy for the pre-approval of services provided by our independent registered public accounting firm. Unless a service to be provided by our independent registered public accounting firm has received general pre-approval under the policy, it requires specific pre-approval by our Audit Committee or the chair of our Audit Committee before the commencement of the service. The pre-approval policy is detailed as to the particular services to be provided, and our Audit Committee is to be informed about each service provided.

Specific pre-approval is required for significant recurring annual engagements, such as engagements for the required annual audit and quarterly reviews (including the audit of internal control over financial reporting) and statutory or employee benefit plan audits. Any individual engagement with an estimated cost of more than \$75,000 must be specifically pre-approved before the commencement of the engagement by our Audit Committee or by the chair of our Audit Committee, even if the service in question has received general pre-approval. In addition, further Audit Committee pre-approval is required if the aggregate fees for such engagements would exceed \$200,000. As appropriate, at each Audit Committee meeting, the entire Audit Committee reviews services performed since the prior meeting pursuant to the general pre-approvals granted under the policy, as well as services pre-approved by the chair of our Audit Committee.

The nature and dollar value of services performed under the general pre-approval guidelines are reviewed with our Audit Committee on at least an annual basis. All of the fees detailed above paid to Ernst & Young LLP for fiscal 2010 and fiscal 2009 were pre-approved by our Audit Committee.

PROPOSALS FOR SHAREHOLDER CONSIDERATION

Proposal No. 1: Election of Directors

Board of Directors

Under our Articles of Incorporation, our Board of Directors is to consist of at least nine members, with the specific number fixed by our Bylaws, as amended from time to time. Currently, our Bylaws have fixed the number of directors at 10. In accordance with our Articles of Incorporation, our directors are divided into three classes that are as nearly equal in size as possible. Directors in each class are elected to three-year terms, with director classes serving staggered terms. A director holds office until the annual meeting of shareholders held in the year during which the director's term ends and until his or her successor is elected and qualified.

Bylaws Relating to Retirement

Pursuant to our Bylaws, an individual becomes ineligible for election or appointment as a director:

for any employee director (i.e., someone who concurrently serves as an employee of our company and as a member of our Board of Directors), other than an individual who has at any time served as our Chief Executive Officer, following the end of our fiscal year during which such individual reaches the age of 65; and

for any other individual, following the end of our fiscal year during which such individual reaches the age of 72.

Director Nominees

Our Board of Directors currently consists of three Class I directors (Messrs. Cecil D. Conlee, J. Reese Lanier and Dennis M. Love), three Class II directors (Messrs. John R. Holder, J. Hicks Lanier and Clarence H. Smith) and three Class III directors (Mr. George C. Guynn, Ms. Helen B. Weeks and Mr. E. Jenner Wood III).

At our 2011 Annual Meeting of Shareholders, the terms of our Class I directors will expire. Mr. Conlee, who has served on our Board of Directors since 1985, reached the retirement age of 72 prior to the beginning of fiscal 2011 and, therefore, is no longer eligible for election as a director under our Bylaws.

Our Board of Directors, on the recommendation of our NC&G Committee, has nominated each of Mr. J. Reese Lanier, Mr. Dennis M. Love and Mr. Clyde C. Tuggle for election at our annual meeting, each to serve for a three year term expiring in 2014 and until his respective successor is elected and qualified.

The term of our Class II directors expires in 2012, and the term of our Class III directors expires in 2013. Each of our Class II and Class III directors is expected to remain in office for the remainder of his or her respective term.

Required Vote

In an uncontested election at an annual meeting of shareholders, our Bylaws require that each director be elected by a majority of the votes cast with respect to such director (number of shares voted "for" a director must exceed the number of votes cast "against" that director). In accordance with our Bylaws, in order for a shareholder to have nominated a director for consideration at the 2011 Annual Meeting of Shareholders, we must have received the nomination not later than the close of business on March 16, 2011. We have not received a shareholder nomination for a director for consideration at the annual meeting. Accordingly, the election of directors at the 2011 Annual Meeting of Shareholders is an uncontested election.

Under Georgia law, if, in an uncontested election at the annual meeting, a nominee who is already serving as a director is not elected, the director would continue to serve on our Board of Directors as a "holdover director." Under our Bylaws, any holdover director who fails to be elected by a majority of the votes cast with respect to such director in an uncontested election must offer to tender his or her resignation to our Board of Directors. Our Board of Directors, in consultation with any of its committees so designated, would then determine whether to accept or reject the resignation, or whether other action should be taken. Under our Bylaws, our Board of Directors is required to act on the resignation

Edgar Filing: OXFORD INDUSTRIES INC - Form DEF 14A

and publicly disclose its decision and the rationale behind it within 90 days from the date the election results are certified. Messrs. J. Reese Lanier and Dennis M. Love are currently serving on our Board of Directors.

If a nominee who was not already serving as a director is not elected at the annual meeting, that nominee would not become a director and would not serve on our Board of Directors as a "holdover director." Mr. Clyde C. Tuggle is

Table of Contents

not currently serving as a director. If Mr. Tuggle fails to be elected by a majority of the votes cast, he would not be elected to our Board of Directors and there will be an additional vacancy on our Board of Directors; in that event, our Board of Directors may: (1) immediately fill the additional vacancy; (2) allow the vacancy to remain open until a suitable candidate is located and elected to serve on our Board of Directors; or (3) amend our Bylaws to reduce the number of directors serving on our Board of Directors.

Abstentions and broker non-votes will have no effect on the vote for the election of directors.

Each nominee has consented to serve if elected, and our Board of Directors has no reason to believe that any nominee will be unable or unwilling to serve if elected. If a nominee becomes unwilling or unable to serve prior to the annual meeting, then at the recommendation of our Board of Directors: (1) proxies will be voted for a substitute nominee selected by or at the direction of our Board of Directors; (2) the vacancy created by the inability or unwillingness of a nominee to serve will remain open until filled by our Board of Directors; or (3) our Bylaws may be amended to reduce the number of directors serving on our Board of Directors.

Our Board of Directors is also searching for other qualified persons to add to our Board of Directors to fill the existing vacancy on our Board of Directors. Because no such candidate was identified at the time that this proxy statement was delivered to our shareholders, our Board of Directors has determined to leave the seat vacant until an appropriate individual has been identified. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Recommendation of our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF MR. J. REESE LANIER, MR. DENNIS M. LOVE AND MR. CLYDE C. TUGGLE AS A CLASS I DIRECTOR.

Proposal No. 2: Ratification of Appointment of Independent Registered Public Accounting Firm

Independent Registered Public Accounting Firm

At the recommendation of our Audit Committee, our Board of Directors has selected Ernst & Young LLP to serve as our independent registered public accounting firm during fiscal 2011. Ernst & Young LLP has served as our independent auditors since May 2002. Our Board of Directors considers such accountants to be well qualified and recommends that our shareholders vote to ratify their appointment. Shareholder ratification of the appointment of our independent registered public accounting firm is not required by law; however, our Board of Directors considers the solicitation of shareholder ratification to be in our company's and its shareholders' best interests. A representative of Ernst & Young LLP is expected to attend the annual meeting. The representative will be given the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions from shareholders.

Required Vote

Ratification of the appointment of Ernst & Young LLP to serve as our independent registered public accounting firm during fiscal 2011 requires the affirmative vote of at least a majority of the outstanding shares of our common stock present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as a vote against this proposal.

In light of the difficulty and expense involved in changing auditors on short notice, if our shareholders do not ratify the appointment of Ernst & Young LLP at the annual meeting, it is contemplated that the appointment of Ernst & Young LLP to serve as our independent registered public accounting firm during fiscal 2011 will stand unless our Board of Directors finds other compelling reasons for making a change. Disapproval by our shareholders will be considered a recommendation that our Board of Directors select another independent registered public accounting firm for the following year.

Recommendation of our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP TO SERVE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM DURING FISCAL 2011.

Proposal No. 3: Advisory Vote on Executive Compensation

Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, which was enacted in July 2010, requires that we include in this proxy statement the opportunity for our shareholders to vote on an advisory (non-binding) resolution to approve the compensation of our named executive officers. This type of proposal is sometimes referred to as a "say-on-pay" proposal.

As further described above under "*Compensation Discussion and Analysis*," our executive compensation programs are designed to maintain a strong link between pay and performance for compensation paid to our named executive officers; align our named executive officers' interests with those of our shareholders by creating a strong focus on stock ownership; and ensure that we are able to attract and retain talented individuals who can deliver outstanding business performance. We believe that our executive compensation programs are appropriately designed to ensure our executives' interests are aligned with our shareholders' interests to support long-term value creation.

Highlights of our executive compensation program, as described under "*Compensation Discussion and Analysis*" and elsewhere in this proxy statement, are:

competitive pay with total cash compensation to our named executive officers targeted between the median and 75th percentile of total cash compensation reflected in market data reviewed by our NC&G Committee, with a significant proportion of each named executive officer's total cash compensation directly linked to the satisfaction of objective performance measures;

increasing target cash incentive awards to our named executive officers as their responsibilities within our organization increase in order to more heavily weight the performance-based elements of cash compensation for our most senior executive officers who are more likely to have a strong and direct impact in achieving strategic and financial goals most likely to affect shareholder value;

stock ownership and retention guidelines for executive officers designed to further align our executives' interests with those of our shareholders;

the absence of employment contracts or guaranteed severance for our named executive officers except for the acceleration of unvested restricted stock grants in the case of a change of control of our company;

the absence of agreements providing for excise tax gross ups; and

modest perquisites.

We believe that our executive compensation programs are consistent with our objectives and serves the interests of our shareholders well.

Proposed Resolution

We are asking shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. This say-on-pay proposal gives our shareholders the opportunity to express their views on our executive compensation practices. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking our shareholders to vote on the following resolution at the annual meeting:

RESOLVED, that the compensation paid to our named executive officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Required Vote

Approval of the proposed say-on-pay resolution requires the affirmative vote of at least a majority of the outstanding shares of our common stock present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Because broker non-votes are counted as present at the annual meeting for quorum purposes but are not

Table of Contents

counted as entitled to vote on this proposal, they will have no effect on the vote on the resolution approving executive compensation. Abstentions will have the same effect as a vote against this proposal.

The vote on this say-on-pay proposal is advisory, and therefore the results of this proposal are not binding on our company, our NC&G Committee or our Board of Directors. The results of this proposal will not overrule any decision made by our Board of Directors or NC&G Committee, nor will it create or imply any additional fiduciary duty by our directors. Our Board of Directors and our NC&G Committee value the input of our shareholders and to the extent there is any significant vote against this say-on-pay proposal, we will consider our shareholders' concerns and our NC&G Committee will evaluate whether any actions, in fiscal 2011 or in subsequent years, are necessary to address those concerns.

Recommendation of our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RESOLUTION APPROVING EXECUTIVE COMPENSATION.

Proposal No. 4: Advisory Vote on the Frequency of Votes on Executive Compensation

Frequency of Say-on-Pay Vote

The Dodd-Frank Act also enables our shareholders to indicate how frequently we should submit a say-on-pay proposal for shareholder consideration. By voting on this Proposal No. 4 (Advisory Vote on the Frequency of Votes on Executive Compensation), shareholders may indicate whether they would prefer a say-on-pay proposal be submitted for shareholder consideration once every one, two, or three years.

After careful consideration, our Board of Directors believes that submitting a say-on-pay proposal for shareholder consideration annually, or every year, is in the best interests of our company and our shareholders. In evaluating the optimal frequency of submitting a say-on-pay proposal for shareholder consideration, our Board of Directors considered the relative merits and burdens of each of the alternatives. In particular, our Board of Directors notes that an annual advisory vote on executive compensation allows our shareholders to provide us with direct input on our compensation philosophy, policies and practices as soon as practicable after any changes go into effect and that an annual vote better corresponds with the presentation of compensation information in our proxy statements.

Required Vote

The option of "ONE YEAR," "TWO YEARS" or "THREE YEARS" that receives the highest number of votes cast by shareholders will be the frequency selected by shareholders for submission of a say-on-pay proposal. Our Board of Directors will take the results of the vote into account in setting its policy for the frequency of future say-on-pay proposals. Because the vote on this proposal is advisory and non-binding, our Board of Directors may decide that it is in the best interests of our shareholders and our company to submit a say-on-pay proposal for shareholder consideration with a frequency different than the frequency approved by our shareholders. Abstentions and broker non-votes will have no effect on the vote on this proposal.

Recommendation of our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR A FREQUENCY OF "ONE YEAR" TO VOTE ON EXECUTIVE COMPENSATION.

Other Matters

Our Board of Directors knows of no other matters that will be brought before the annual meeting, and our Bylaws do not allow proposals to be presented at the annual meeting unless they were properly presented to us prior to March 16, 2011. However, if any other question that requires a vote is properly presented at the meeting, the persons named in the enclosed proxy as the proxy holders will vote on such matters as recommended by our Board of Directors or, if no recommendation is given, in their discretion to the extent permitted under applicable law.

Approval of any other matter that properly comes before the annual meeting requires the affirmative vote of a majority of the outstanding shares of our common stock present at the annual meeting, in person or by proxy, and entitled to vote on the proposal (except as otherwise provided in our Articles of Incorporation or Bylaws or applicable law for actions that require a greater percentage of votes in favor of a

proposal).

Any recommendation received by our Secretary will be promptly forwarded to the chair of our NC&G Committee for consideration. In order for a shareholder to nominate a director candidate for consideration at our 2012 Annual Meeting of Shareholders, we must receive notice of such nomination on or before March 17, 2012 unless the date of our 2012 Annual Meeting of Shareholders is advanced more than 30 days prior to or delayed more than 30 days after June 15, 2012. In addition to candidates submitted by shareholders, our NC&G Committee will also consider candidates recommended by directors, management, third party search firms and other credible sources. Candidates recommended by any of these sources will be equally evaluated and considered. Our NC&G Committee will compile a complete list of candidates recommended from any credible source and evaluate each candidate. Each candidate will be evaluated in the context of the current composition of our Board of Directors, the current needs of our Board of Directors and the long-term interests of our shareholders. In making its evaluation of possible director candidates, our NC&G Committee will consider, among other things, issues such as a candidate's independence, age, understanding of our industry, general business knowledge and experience, financial literacy and expertise, availability and commitment. After evaluating each candidate, our NC&G Committee will determine which candidates it will recommend to the full Board of Directors.

Shareholder Proposals

Pursuant to our Bylaws, in order for a shareholder proposal (other than a director nomination) to be considered at an annual meeting, the proposal must be delivered to our Secretary not less than 90 days nor more than 120 days prior to the first anniversary of the date of the preceding year's annual meeting; however, if the annual meeting of shareholders is advanced more than 30 days prior to or delayed more than 30 days after the first anniversary of the preceding year's annual meeting, in order to be timely, a shareholder proposal must be delivered not later than the close of business on the later of (1) the 90th day prior to the annual meeting or (2) the 10th day following the date on which public announcement of the date of such annual meeting is first made. Accordingly, in order for a shareholder proposal (other than a director nomination) to be considered at our 2012 Annual Meeting of Shareholders, we must receive the proposal on or before March 17, 2012 unless the date of our 2012 Annual Meeting of Shareholders is advanced more than 30 days prior to or delayed more than 30 days after June 15, 2012.
