How a Proxy Works

If you properly complete, sign and return your proxy to Altisource and do not revoke it prior to its use, it will be voted in accordance with your instructions. Other than as discussed below with respect to broker "non-votes," if no contrary instructions are given, each proxy received will be voted for each of the nominees for Director; for approval of the appointment of Deloitte & Touche LLP to be our independent registered certified public accounting firm for the year ending December 31, 2015 and Deloitte Audit S.à r.l. to be our certified auditor for all statutory accounts as required by Luxembourg law for the same period; for approval of Altisource Portfolio Solutions S.A.'s annual accounts prepared in accordance with Luxembourg GAAP for the year ended December 31, 2014 and its consolidated financial statements prepared in accordance with U.S. GAAP including a footnote reconciliation of equity and net income to IFRS as of and for the year ended December 31, 2014; for receipt and approval of the Directors' reports for the Luxembourg Statutory Accounts; for allocation of the profits in the Luxembourg Annual Accounts for the year ended December 31, 2014; for approval of the discharge of each of the current and past Directors of Altisource Portfolio Solutions S.A. for the performance of their mandate during the year ended December 31, 2014; for ratification of non-management Directors' compensation for the 2014 to 2015 service year and approval of changes to non-management Directors' compensation; for approval of a share repurchase program whereby Altisource Portfolio Solutions S.A. is authorized, for a period of five years, to repurchase up to fifteen percent (15%) of the outstanding shares of its common stock (as of the close of business on the date of shareholder approval) at a minimum price of one dollar (\$1.00) per share and a maximum price of five hundred dollars (\$500.00) per share; and with regard to any other business that properly comes before the meeting in accordance with the best judgment of the persons appointed as proxies.

How to Revoke a Proxy

Your proxy may be used only at the Annual Meeting of Shareholders and any adjournment or postponement of this meeting and will not be used for any other meeting. You have the power to revoke your proxy at any time before it is exercised by:

filing written notice with our Corporate Secretary at the following address:

Kevin J. Wilcox, Corporate Secretary
Altisource Portfolio Solutions S.A.
40, avenue Monterey
L-2163 Luxembourg City
Grand Duchy of Luxembourg

submitting a properly executed proxy bearing a later date or

appearing at the Annual Meeting of Shareholders and giving the Corporate Secretary notice of your intention to vote in person.

Who May Vote

Under Luxembourg law, you are entitled to vote at the Annual Meeting of Shareholders, or any adjournment or postponement thereof, if you are a holder of record of our common stock on the meeting date or, if you hold our common stock through a clearing agency, you are a holder as of midnight Central European Time on the fourteenth day prior to the meeting date. For purposes of establishing those holders to whom proxies will be mailed, our Board of Directors has set a record date and time of the close of business on March 23, 2015. At the close of business on March 23, 2015, there were 20,132,326 shares of common stock issued, outstanding and able to be voted and no other class of equity securities outstanding. Each share of our common stock is entitled to one (1) vote at the Annual Meeting of Shareholders on all matters properly presented.

Quorum and Voting Information

The presence at the Annual Meeting of Shareholders of holders of thirty-three and one-third percent ($33\frac{1}{3}\%$) of the votes of our common stock entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting of Shareholders. Abstentions and broker "non-votes" will be treated as present for purposes of a quorum.

Assuming a quorum, the four (4) nominees for Director will be elected as Directors of Altisource at the Annual Meeting so long as the votes cast in favor of each such person exceed the votes cast to withhold authority for such person. You may vote in favor of or withhold authority to vote for one (1) or more nominees for Director. The following proposals will be approved if the votes cast in favor of the action exceed the votes cast opposing the action: the proposal to approve the appointment of Deloitte & Touche LLP to be our independent registered certified public accounting firm for the year ending December 31, 2015 and Deloitte Audit S.à r.l. to be our certified auditor for all statutory accounts as required by Luxembourg law for the same period; the proposal to approve the Luxembourg Statutory Accounts; the proposal to receive and approve the Directors' reports for the Luxembourg Statutory Accounts; the proposal to allocate the profits in the Luxembourg Annual Accounts for the year ended December 31, 2014; the proposal to approve the discharge of each of the current and past Directors of Altisource Portfolio Solutions S.A. for the performance of their mandate during the year ended December 31, 2014; the proposal to ratify non-management Directors' compensation for the 2014 to 2015 service year and approve changes to non-management Directors' compensation; the proposal to approve a share repurchase program whereby Altisource Portfolio Solutions S.A. is authorized, for a period of five years, to repurchase up to fifteen percent (15%) of the outstanding shares of its common stock (as of the close of business on the date of shareholder approval) at a minimum price of one dollar (\$1.00) per share and a maximum price of five hundred dollars (\$500.00) per share; and any other matter properly submitted for your consideration at the Annual Meeting of Shareholders (other than the election of Directors).

Abstentions will not be counted in determining the votes cast in connection with the foregoing matters. Brokers may not vote on behalf of their clients in connection with the proposal regarding the election of Directors so any broker "non-votes" will not be counted in determining the votes cast in connection with this proposal. A broker "non-vote" occurs when a shareholder has not provided voting instructions to his or her broker on a non-routine item.

If the shares you own are held in "street name" by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your bank or brokerage firm provides you. You will receive a Notice of Internet Availability of Proxy Materials that will tell you how to access our proxy materials and vote your shares via the Internet. It also will tell you how to request a paper or e-mail copy of our proxy materials. Please contact your bank or brokerage firm for further information. If you are a shareholder of record, you will receive a proxy card that will tell you how to vote your shares via the Internet, telephone or mail.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
THAT YOU VOTE "FOR" EACH OF THE NOMINEES FOR DIRECTOR**

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Meetings of the Board of Directors

The Board of Directors plays an active role in overseeing management and representing the interests of the shareholders. Directors are expected to attend all meetings of the Board of Directors, the meetings of committees on which they serve and the Annual Meeting of Shareholders. Directors are also consulted for advice and counsel between formal meetings.

Our Board of Directors held ten (10) meetings and took action pursuant to unanimous written consent three (3) times in 2014. Each incumbent Director attended at least 75% of these meetings as well as the meetings held by all committees of our Board of Directors on which they served during the period. Although we do not have a formal policy regarding Director attendance at the Annual Meeting of Shareholders, our Directors are expected to attend. All of the incumbent members of our Board of Directors attended our 2014 Annual Meeting of Shareholders.

Independence of Directors

Our Corporate Governance Guidelines provide that our Board of Directors must be comprised of a majority of Directors who qualify as independent Directors under NASDAQ listing standards and applicable law.

Our Board of Directors annually reviews the direct and indirect relationships that we have with each Director. The purpose of this review is to determine whether any transactions or relationships are inconsistent with a determination that the Director is independent. Only those Directors who are determined by our Board of Directors to have no material relationship with Altisource are considered independent. This determination is based in part on the analysis of questionnaire responses that follow the independence standards and qualifications established by NASDAQ and applicable law. The Board of Directors also considers beneficial ownership of our common stock by each of the Directors, as set forth under "Security Ownership of Certain Beneficial Owners and Related Shareholder Matters," although our Board of Directors generally believes that stock ownership tends to further align a Director's interests with those of our other shareholders. Our current Board of Directors has determined that Messrs. Linn, Müller-Ineichen and Vättö are independent Directors.

Executive Sessions of Independent Directors

Independent Directors met in executive session of the Board of Directors without management four (4) times in 2014.

Board Leadership Structure

Our Board of Directors has no fixed policy with respect to the separation of the offices of Chairman of the Board of Directors and Chief Executive Officer. Our Board of Directors retains the discretion to make this determination on a case-by-case basis from time to time as it deems to be in the best interests of the Company and our shareholders at any given time. The Board of Directors currently believes that separating the positions of Chief Executive Officer and Chairman is the best structure to fit the Company's needs. The Chief Executive Officer is responsible for our day-to-day operations and for formulating and executing our long-term strategies in collaboration with the Board of Directors. The Chairman of the Board leads the Board and oversees meetings of the Board of Directors and the delivery of information necessary for the Board's informed decision-making.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Compliance Committee, a Nomination/Governance Committee and an Executive Committee. A brief description of these committees is provided below.

Audit Committee. The Audit Committee of our Board of Directors oversees the relationship with our independent registered certified public accounting firm; reviews and advises our Board of Directors with respect to matters involving the accounting, auditing, financial reporting and internal control functions; monitors our compliance with laws and regulations applicable to our operations, including the evaluation of significant matters relating to the financial reporting process and our system of accounting, internal controls, auditing and federal securities law matters; reviews and approves transactions with related parties; reviews the scope and results of the annual audit conducted by the independent registered certified public accounting firm; and reviews the Company's internal audit plan and enterprise risk assessment on an ongoing basis.

The members of the Audit Committee for 2014 were Messrs. Müller-Ineichen, Linn and Vättö, with Mr. Müller-Ineichen serving as the Chairman. Each member of our Audit Committee is independent as defined in regulations adopted by the SEC and NASDAQ listing standards. Our Board of Directors has determined that all members of our Audit Committee are financially literate, possess accounting or related financial management experience that results in the individual's financial sophistication within the meaning of NASDAQ listing standards and qualify as audit committee financial experts as that term is defined in SEC rules. Our Audit Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Audit Committee reviews and approves its charter. The Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Audit Committee in February 2015. The Committee met ten (10) times in 2014. The Committee met in executive session with both the Company's internal and external auditors five (5) times, solely with the Company's internal auditors two (2) times and solely with the Company's external auditors five (5) times in 2014.

Compensation Committee. The Compensation Committee of our Board of Directors oversees our compensation and employee benefit plans and practices. Our Compensation Committee also evaluates and makes recommendations to our Board of Directors for human resource and compensation matters relating to our executive officers. The Compensation Committee reviews with the Chief Executive Officer and the Chief Administration Officer (except as they relate to such executive officers) and subsequently approves all executive compensation plans, any executive severance or termination arrangements and any equity compensation plans that are not subject to shareholder approval. The Compensation Committee is also responsible for reviewing Director compensation and recommending changes, subject to the approval of our shareholders. The Compensation Committee also has the power to review our other compensation plans, including the goals and objectives thereof and to recommend changes to these plans to our Board of Directors. The Compensation Committee has the authority to administer awards under the 2009 Equity Incentive Plan. The Compensation Committee is also empowered to retain independent compensation consultants, counsel or other advisors as it deems necessary in connection with its responsibilities at the Company's expense. In determining whether a compensation consultant, counsel or other advisor is independent, the Compensation Committee considers all factors set forth in SEC rules and the NASDAQ listing standards with respect to advisor independence, as well as any other factors the Compensation Committee deems relevant. The Compensation Committee may request that any of our Directors, officers, employees or other persons attend its meetings to provide advice, counsel or pertinent information as the Committee requests.

Our Compensation Committee engaged its independent compensation consultant, Exequity LLP ("Exequity"), in the first quarter of 2014 to ensure that Altisource's peer group for any future compensation benchmarking study is comprised of the most appropriate benchmark companies. Additionally, in reviewing the compensation for our Chief Executive Officer, Chief Administration Officer, Chief Financial Officer and Board of Directors in 2014 and in 2015, our Compensation Committee conducted compensation benchmarking with the assistance of Exequity. Exequity reviewed

Edgar Filing: Altisource Portfolio Solutions S.A. - Form PRE 14A

the pay levels compared to pay levels among our peer companies, as analyzed by the Human Resources function with input from management, to help identify the competitive positioning of our pay practices. Please see "Role of Compensation Consultant" and "Setting Compensation Levels" in our Compensation Discussion and Analysis for further information.

The members of the Compensation Committee for 2014 were Messrs. Vättö, Linn and Müller-Ineichen, with Mr. Vättö serving as the Chairman. Each member of the Compensation Committee is independent as defined by NASDAQ listing standards, as revised in 2013. While we have no specific qualification requirements for members of the Compensation Committee, our members have knowledge and experience regarding compensation matters as developed through their respective business experience in both management and advisory roles, including general business management, executive compensation and employee benefits experience. We feel that their collective achievements and knowledge provide us with extensive diversity in experience, culture and viewpoints.

Our Compensation Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Compensation Committee reviews and approves its charter. The Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Compensation Committee in February 2015. The Committee met six (6) times and took action pursuant to unanimous written consent two (2) times in 2014.

Certain executives are involved in the design and implementation of our executive compensation programs, including the Chief Executive Officer and the Chief Administration Officer, who may be present at Compensation Committee meetings, except that such executive officers may not be present during any voting or deliberations on their compensation. These executives annually review the performance of each executive officer (other than the Chief Executive Officer and the Chief Administration Officer whose performance is reviewed by the Compensation Committee without the presence of such executives) and present their conclusions and recommendations regarding incentive award amounts to the Compensation Committee for its consideration and approval. The Committee can exercise its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations; however, executive compensation matters are generally delegated to the Chief Executive Officer and the Chief Administration Officer for development and execution.

Compensation Committee Interlocks and Insider Participation. No member of the Compensation Committee was at any time during the 2014 fiscal year or at any other time an officer or employee of the Company, and no member had any relationship with us requiring disclosure under Item 404 of SEC Regulation S-K. None of our named executive officers has served on the Board of Directors or compensation committee of any other entity that has or had one (1) or more named executive officers who served as a member of our Board of Directors or our Compensation Committee during the 2014 fiscal year.

Compliance Committee. The Compliance Committee of our Board of Directors establishes and oversees the compliance function for the Company and its subsidiaries, including its compliance management system, oversees the Company's compliance with applicable regulatory rules and requirements and performs such other duties as may be prescribed pursuant to its charter.

The members of the Compliance Committee for 2014 were Messrs. Linn, Müller-Ineichen and Vättö, with Mr. Linn serving as the Chairman. Each member of the Compliance Committee is independent as defined by NASDAQ listing standards.

Our Compliance Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Compliance Committee reviews and approves its

charter. The Compliance Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Committee in February 2015. The Committee met four (4) times in 2014.

Nomination/Governance Committee. The Nomination/Governance Committee of our Board of Directors makes recommendations to our Board of Directors of individuals qualified to serve as Directors and committee members for our Board of Directors, advises our Board of Directors with respect to Board of Directors composition, procedures and committees, develops and presents our Board of Directors with a set of corporate governance principles and oversees the evaluation of our Board of Directors and our management.

The members of the Nomination/Governance Committee during 2014 were Messrs. William C. Erbey, Linn, Müller-Ineichen and Vättö, with Mr. Linn serving as the Chairman effective May 21, 2014. Mr. Erbey resigned as a member of the Nomination/Governance Committee effective May 21, 2014.

Our Nomination/Governance Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Nomination/Governance Committee reviews and approves its charter. The Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Nomination/Governance Committee in February 2015. The Committee met five (5) times in 2014.

It is the policy of our Nomination/Governance Committee to consider candidates for Director recommended by you, our shareholders. In evaluating all nominees for Director, our Nomination/Governance Committee takes into account the applicable requirements for Directors under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and NASDAQ listing standards. In addition, our Nomination/Governance Committee takes into account Altisource's best interests as well as such factors as knowledge, experience, skills, expertise, diversity and the interplay of the candidate's experience with the background of other members of our Board of Directors.

Pursuant to the Company's Diversity Policy, the Nomination/Governance Committee considers diversity when it recommends Director nominees to the Board of Directors, viewing diversity in an expansive way to include differences in prior work experience, viewpoint, education and skill set. In particular, the Nomination/Governance Committee considers diversity in professional experience, skills, expertise, training, broad-based business knowledge and understanding of the Company's business environment when recommending Director nominees to the Board of Directors, with the objective of achieving a Board with diverse business and educational backgrounds. Board members should have individual backgrounds that, when combined, provide a portfolio of experience and knowledge that will serve the Company's governance and strategic needs. The Nomination/Governance Committee periodically reviews the skills and attributes of Board members within the context of the current make-up of the full Board of Directors as the Nomination/Governance Committee deems appropriate. The Nomination/Governance Committee does not discriminate against candidates for the Board of Directors based on race, color, religion, sex, sexual orientation or national origin.

The Nomination/Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are anticipated. Various potential candidates for Director are then identified. Candidates may come to the attention of the Nomination/Governance Committee through current members of the Board of Directors, professional search firms, shareholders or industry sources.

In evaluating a particular candidate, the Nomination/Governance Committee will consider factors other than the candidate's qualifications including the current composition of the Board of Directors, the

balance of management and independent Directors, the need for Audit Committee expertise and the evaluation of other prospective nominees.

In connection with this evaluation, one or more members of the Nomination/Governance Committee, and others as appropriate, interview prospective nominees. After completing this evaluation and interview, the Nomination/ Governance Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors. The Board of Directors determines the nominees after considering the recommendation and report of the Nomination/Governance Committee. Should you recommend a candidate for Director, our Nomination/Governance Committee would evaluate such candidate in the same manner that it evaluates any other nominee. To date, we have not received any shareholder proposal relating to Director nominees for the 2015 Annual Meeting of Shareholders.

If you want to recommend persons for consideration by our Nomination/Governance Committee as nominees for election to our Board of Directors, you can do so by writing to our Corporate Secretary at Altisource Portfolio Solutions S.A., 40, avenue Monterey, L-2163 Luxembourg City, Grand Duchy of Luxembourg. You should provide each proposed nominee's name, biographical data, qualifications and expertise. Your recommendation should also include a written statement from the proposed nominee consenting to be named as a nominee and, if nominated and elected, to serve as a Director. For consideration at the 2016 Annual Meeting of Shareholders, we must receive your recommendations by December 8, 2015.

Executive Committee. Our Executive Committee is generally responsible to act on behalf of our Board of Directors during the intervals between meetings of our Board of Directors. Our Board of Directors has authorized the Executive Committee to approve and/or to designate in writing certain individuals to approve ordinary course of business actions that are required to be documented by counterparties but do not require action by the Board of Directors or its committees. Such actions would include approving, signing and executing checks and electronic funds transmissions, dissolving or merging our wholly-owned subsidiaries and performing such other ministerial actions on such terms, conditions and limits as the Executive Committee deems appropriate in its sole discretion. The Executive Committee operates under a written charter, which is approved by our Board of Directors on an annual basis. The charter was last reviewed by the Board of Directors in February 2015. The Committee did not take any formal action in 2014 and, at its organizational meeting in May 2014, our Board of Directors did not establish an Executive Committee. The Executive Committee was reestablished in February 2015 with Messrs. Vättö and Shepro as members of the Committee, and Mr. Vättö serving as the Chairman.

The Corporate Governance Guidelines cover topics such as Director qualification standards, Board of Directors and committee composition, Director responsibilities, Director access to management and independent advisors, Director compensation, Director orientation and continuing education, management succession and annual performance appraisals of the Board of Directors.

Our Nomination/Governance Committee reviews our Corporate Governance Guidelines at least once a year and, if necessary, recommends changes to our Board of Directors. Our Corporate Governance Guidelines were last reviewed by the Nomination/Governance Committee and the Board of Directors in February 2015. Our Corporate Governance Guidelines are available on our website at www.altisource.com and are available to any shareholder who requests them by writing to our Corporate Secretary at Altisource Portfolio Solutions S.A., 40, avenue Monterey, L-2163 Luxembourg City, Grand Duchy of Luxembourg.

We have adopted a Code of Business Conduct and Ethics that applies to our Directors, officers and employees as required by SEC rules or NASDAQ listing standards. We have also adopted a Code of Ethics for Senior Financial Officers that applies to our Chief Executive Officer, our Chief Financial Officer and our Chief Accounting Officer. Risk Management and Oversight Process

Our Board of Directors and each of its committees are involved in the oversight of the Company's risk management.

The Board of Directors and the Audit Committee monitor Altisource's credit risk, liquidity risk, operational risk, regulatory risk and enterprise risk by regular reviews with management and internal and external auditors. In its periodic meetings with internal and external auditors, the Audit Committee discusses the scope and plan for the internal audit department and includes management in its review of accounting and financial controls and assessment of business risks. The Board of Directors and the Compliance Committee monitor Altisource's overall compliance function, including the compliance management system, and Altisource's compliance with legal and regulatory requirements and related risks, by regular reviews with management and internal auditors. At least quarterly, the Compliance Committee reviews and discusses with management the Company's compliance with legal and regulatory requirements and compliance programs.

In its periodic meetings with the external auditors, the Audit Committee discusses the external audit scope, the external auditors' responsibility under the Standards of the Public Company Accounting Oversight Board ("PCAOB"), accounting policies and practices and other required communications. In addition, through regular reviews with management, the Nomination/Governance Committee assists the Board of Directors in monitoring the Company's governance and succession risks, and the Compensation Committee assists the Board of Directors in monitoring the Company's compensation policies and related risks.

The Board of Directors' role in risk oversight is consistent with the Company's leadership structure, with the Chief Executive Officer and other members of senior management having responsibility for assessing and managing the Company's risk exposure, and our Chairman, the Board of Directors and its committees providing oversight in connection with these efforts.

In addition, new non-management directors elected at the Annual Meeting of Shareholders are granted a one (1) time award of 500 shares of common stock, which vests 25% on each anniversary of the award date.

Our Director compensation policies were revised effective May 21, 2014, subject to ratification by our shareholders at our 2015 Annual Meeting of Shareholders. Please see the "Proposal for Change in Compensation" section below for further information regarding proposed changes in Director Compensation.

Proposal for Change in Compensation

Under Luxembourg law and our Articles of Association, Directors' compensation is subject to review and adjustment by the shareholders from time to time.

In the second quarter of 2014, the Company engaged Exequity to assist in analyzing the competitiveness of its pay levels for non-management Directors. Please see "Role of Compensation Consultant" in our Compensation Discussion and Analysis for further information relating to the peer group companies used in the analysis.

Based on a review of the peer group data, the Compensation Committee concluded that the compensation of our Directors was below the median compensation of non-management Directors of our peer group companies. Therefore, our Director compensation policies were revised effective May 21, 2014, subject to ratification by our shareholders at our 2015 Annual Meeting of Shareholders. Please see the "Cash Compensation" and "Equity Compensations" sections above for further information regarding changes relating to the service year 2014 to 2015.

The Compensation Committee believes it is important to attract and retain the best possible candidates to serve on our Board of Directors. Accordingly, in the first quarter of 2015, the Company engaged Exequity to help further analyze the competitiveness of its pay levels for non-management Directors. Based on a review of the available data, the Compensation Committee concluded that the

Edgar Filing: Altisource Portfolio Solutions S.A. - Form PRE 14A

compensation of our Directors is below the median compensation of non-management Directors of our peer group companies by approximately 15.7%.

Therefore, we are including a proposal to our shareholders that:

the annual cash retainer to the Board of Directors chairperson be further increased from \$50,000 to \$85,000

the annual cash retainer to the Executive Committee chairperson be set at \$15,000

annual cash compensation to the Audit Committee chairperson be increased from \$15,000 to \$20,000

annual cash compensation to Compliance Committee members (other than the Compliance Committee chairperson) be set at \$5,000

Additionally, the Compensation Committee is proposing that the value of the annual award of shares of common stock to non-management Directors who attend an aggregate of at least 75% of all meetings of the Board of Directors and committees on which they serve be increased from \$60,000 to \$75,000, as determined on the first day of the service year by the average of the high and low prices of the common stock as reported on the NASDAQ Global Select Market.

The proposed changes will position overall compensation closer to the median compensation of non-management Directors of our peer group companies (4.6% lower than the median).

Other Compensation

Directors are reimbursed for reasonable travel and other expenses incurred in connection with attending meetings of the Board of Directors and its committees.

Any Director compensation may be prorated for a Director serving less than a full one (1) year term as in the case of a Director joining the Board of Directors after an Annual Meeting of Shareholders but during the service year.

Equity Compensation Plan Information

The following table sets forth information as of the end of the most recently completed fiscal year with respect to compensation plans under which our equity securities are authorized for issuance.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights⁽¹⁾	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans approved by security holders	2,603,644	\$21.21	2,628,576

(1) The calculation of the weighted average exercise price does not include restricted stock awards that may be issued to our Directors who attend an aggregate of at least 75% of all meetings of the Board of Directors and committees on which they serve during the service year. See "Board of Directors Compensation" for more information.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our named executive officers, Directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. Named executive officers, Directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based upon the Company's review of Section 16(a) reports, the Company believes that all Section 16(a) filing requirements applicable to such reporting persons were complied with in 2014, except that the following Section 16 reports were filed late each as a result of an administrative oversight: Joseph A. Davila filed one late report, which covered one transaction; Mark J. Hynes filed two late reports, which each covered one transaction; and Gregory J. Ritts filed one late report, which covered one transaction.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction, Philosophy and Objectives

We believe an effective executive compensation program aligns executives' interests with shareholders by rewarding performance that achieves or exceeds specific financial targets and strategic goals designed to improve shareholder value. We seek to provide our executives with long-term incentive opportunities that promote consistent, high-level financial performance and individual service longevity. The Compensation Committee evaluates both performance and compensation to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To achieve these objectives, we generally believe executive compensation packages should include both cash and equity-based compensation that rewards performance as measured against established goals.

This compensation discussion and analysis provides information regarding the following:

compensation governance practices

compensation programs for our Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers in 2014

overall objectives of our compensation program and what it is designed to reward

each element of compensation that we provide

the reasons for the compensation decisions we have made regarding these individuals

Our named executive officers for 2014 are:

Name	Position
William B. Shepro	Chief Executive Officer
Kevin J. Wilcox	Chief Administration Officer
Michelle D. Esterman	Chief Financial Officer
Joseph A. Davila	President, Mortgage Services
Mark J. Hynes	President, Technology Services

Compensation Governance Practices

Our compensation program maintains and continues to build upon the Company's compensation governance framework, as demonstrated by the following practices:

Pay is closely linked to performance. Our 2014 incentive cash compensation awards make up a significant portion of the compensation for each of our named executive officers, including the majority of the compensation for our Chief Executive Officer and Chief Administration Officer. In addition, each of our named executive officers has received performance-based stock option awards upon joining and/or during his or her tenure with the Company.

With respect to equity grants made after January 1, 2013, we have the right to cancel outstanding equity awards and recover realized gains if an executive breaches certain restrictive covenants within two years following his departure from the Company.

We do not provide golden parachute excise tax gross-up protection for our executives.

Edgar Filing: Altisource Portfolio Solutions S.A. - Form PRE 14A

Our Insider Trading policy prohibits Company personnel, including our named executive officers, and our Directors from engaging in any short-term, speculative securities transactions, including purchasing securities on margin, engaging in short sales, buying or selling put or call options and trading in options (other than those granted by the Company).

Role of Executive Officers in Compensation Decisions

Certain executives are involved in the design and implementation of our executive compensation programs, including the Chief Executive Officer and the Chief Administration Officer, who may be present at Compensation Committee meetings, except that such executive officers may not be present during any voting or deliberations on their compensation. These executives annually review the performance of each executive officer (other than the Chief Executive Officer and the Chief Administration Officer whose performance is reviewed by the Compensation Committee without the presence of such executives) and present their conclusions and recommendations regarding incentive award amounts to the Compensation Committee for its consideration and approval. The Committee can exercise its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations; however, executive compensation matters are generally delegated to the Chief Executive Officer and the Chief Administration Officer for development and execution.

Role of Compensation Consultant

Pursuant to its authority to retain independent counsel or other advisers as it deems necessary, the Compensation Committee has entered into an agreement with Exequity to provide compensation consulting services to the Compensation Committee as needed from time to time, pursuant to individual engagements. With the consent of the Compensation Committee or the Compensation Committee Chairman, Exequity coordinates with the Human Resources function to gather information necessary to provide these services, and to review, validate and provide input on information, programs and recommendations.

As disclosed in the Company's proxy statement in connection with the Company's 2014 Annual Meeting of Shareholders, in the first quarter of 2014, the Compensation Committee engaged Exequity to assist in conducting an analysis to ensure that Altisource's peer group for any future compensation benchmarking is comprised of the most appropriate benchmark companies.

As part of this analysis, Exequity reviewed and provided research related to appropriate peer group companies for Altisource, taking into consideration many factors, including industry, company size (based on revenues, market capitalization and number of employees), recent growth, similarities in product and service offerings, financial results and operational complexity. To ensure all relevant companies were considered, an initial list of public companies whose compensation details are publicly available and who are classified as operating in similar industries was developed. This initial list was then filtered and refined based on a reasonable matching to a combination of the factors described above.

The resulting group of 18 peer companies includes 10 of the 14 companies included in Altisource's prior peer group, which remain relevant based on the stated parameters, and an additional 8 companies, as follows.

Companies from Altisource's prior peer group:

CoreLogic, Inc.

Equifax, Inc.

ExlService Holdings, Inc.

FleetCor Technologies, Inc.

Genpact Ltd.

iGATE Corp.

Lender Processing Services, Inc.

Nationstar Mortgage Holdings, Inc.

Virtusa Corp.

WEX, Inc.

Additional peer companies for 2014:

Global Cash Access Holdings, Inc

Heartland Payment Systems, Inc.

Jack Henry & Associates Inc.

PRGX Global, Inc.

Stewart Information Services Corp.

Sykes Enterprises, Inc.

Syntel, Inc.

Walter Investment Management Corp.

To further the objectives of our compensation program, in the second quarter of 2014, our Compensation Committee conducted an analysis of the compensation levels of our Chief Executive Officer, Chief Administration Officer, Chief Financial Officer and our Directors in conjunction with Exequity.

As part of the analysis, Exequity presented information to the Compensation Committee related to the peer group companies approved in the first quarter and reviewed compensation trends and "best practices" in executive and Director compensation among the peer group companies. Compensation data and other resources provided by Exequity set the foundation for the Committee's review and analysis of executive and Director Compensation levels.

Utilizing a similar benchmarking analysis, the Compensation Committee also reviewed the compensation levels for the Chief Financial Officer and our Directors in the first quarter of 2015 with the assistance of Exequity. Amongst the peer group companies, Lender Processing Services, Inc. was removed from the peer group, subsequent to its acquisition and eventual delisting.

Based on its consideration of the various factors as set forth in SEC rules and NASDAQ listing standards, the Compensation Committee determined that Exequity is independent and that Exequity's work raised no conflict of interest.

Employment Agreements

As required by Luxembourg law, Altisource has entered into employment agreements with each of our named executive officers. The employment terms continue indefinitely until the executive's separation from the Company. The agreements provide for a base salary and annual incentive compensation based on the satisfaction of relevant performance criteria. In addition, the executives may receive benefits such as health care or a contributory retirement plan. Altisource reimburses each executive for reasonable costs properly incurred by such executive in the course of his or her employment with the Company including, without limitation, reimbursement of relocation expenses and the provision of certain allowances as described in the Executive Compensation section below.

In order to terminate the agreement, each party must provide notice in accordance with the time periods set forth in article L.124-1 of the Luxembourg Labor Code. In the event of the executive's termination by the Company for "cause" ("*motifs graves*"), no notice is required. In addition, in the event that the executive's employment is terminated by the Company without "cause" or, in some instances, the executive resigns for "good reason," the executive will receive severance benefits. Furthermore, the executive may be entitled to receive redundancy payments in accordance with article L.124-7 of the Luxembourg Labor Code upon certain terminations.

The agreements also provide for a covenant to maintain our confidential information and to enter into an intellectual property agreement. In addition, the executive is bound by non-competition and non-solicitation covenants for a minimum period of one (1) year following the termination of the agreement. The agreements are governed, interpreted and performed by and in accordance with the laws of the Grand Duchy of Luxembourg.

Elements of Compensation

The current compensation package for our named executive officers consists of base salary and annual incentive compensation. This compensation structure was developed in order to provide each named executive officer with a competitive salary while emphasizing an incentive compensation element that is tied to the achievement of corporate goals and strategic initiatives as well as individual performance. We believe that the following elements of compensation are appropriate in light of our performance, industry, current challenges and environment.

Base Salary. Base salaries for our named executive officers are established based on individual qualifications and job responsibilities while taking into account compensation levels at similarly situated companies in our peer group for similar positions.

Base salaries for our named executive officers are reviewed annually with adjustments made based on market information, internal review of the named executive officer's compensation in relation to other officers, individual performance of the executive officer and corporate performance. Salary levels are also considered upon a relocation, a promotion or other change in job responsibility. Salary adjustment recommendations are based on our overall performance and an analysis of compensation levels necessary to maintain and attract quality personnel. The Compensation Committee sets the base salary for the Chief Executive Officer and approves the base salaries for all other named executive officers.

Additionally, under Luxembourg law, all salaries are required to be adapted based upon the cost of living index in the Grand Duchy of Luxembourg. The last increase in Luxembourg salaries pursuant to this law occurred in October 2013. There was no required increase in salaries in 2014.

Please see "Compensation Increases for Certain Named Executive Officers" for a discussion of salary increases for our named executive officers.

2014 Annual Incentive Compensation. Pursuant to an annual incentive plan, a participant can earn cash, restricted stock and stock option awards as determined by the Compensation Committee. The plan provides the Compensation Committee and our management with the authority to establish incentive award guidelines which are further discussed below.

Each named executive officer has a targeted annual cash incentive award that is expressed as a percentage of his or her annual cash total target compensation. In 2014, 40-60% of total annual cash target compensation was payable only upon achievement of certain minimum Company and individual performance levels. The appropriate targeted percentage varies based upon the nature and scope of each named executive officer's responsibilities.

The table below reflects the percentage of each named executive officer's target total annual cash compensation that was allocated to each of base salary and incentive compensation in 2014 and each named executive officer's actual total annual cash compensation that was allocated to each of base salary and incentive compensation in 2014:

Our annual incentive-based cash compensation is structured to motivate executives to achieve pre-established key performance indicators by rewarding the executives for such achievement. This is accomplished by utilizing a balanced scorecard methodology which incorporates multiple financial and non-financial performance indicators developed through our annual strategic planning process to enhance Company performance and long-term shareholder value. This corporate scorecard is approved annually by the Compensation Committee and/or the full Board of Directors and is utilized by the Compensation Committee as a factor to determine the appropriate amount of incentive compensation to be paid to the Chief Executive Officer and other executive officers. During the development of the corporate scorecard each year, the Compensation Committee considers the level of difficulty associated with the attainment of each goal in the scorecard. The intent of the Compensation Committee is to establish the target goal at a level that is challenging to achieve. For 2014, our corporate scorecard was approved by our Board of Directors at its meeting on February 10, 2014. Certain amendments to our corporate scorecard were approved by our Board of Directors at subsequent Board of Directors meetings.

As disclosed in the Company's proxy statement in connection with the Company's 2014 Annual Meeting of Shareholders, the corporate scorecard for 2014 included achieving a consolidated revenue target, achieving business segment specific revenue and pre-tax income targets and achieving an earnings per share target. In addition, the corporate scorecard provided for successful completion of strategic initiatives. While many of our scorecard metrics were achieved, we believe we experienced a decline in our share price in 2014 following the discontinuation of our lender placed insurance brokerage line of business, news of ongoing regulatory investigations at Ocwen, our largest customer, and concerns about Ocwen's ability to grow. As detailed below, we failed to meet our earnings per share target but exceeded our consolidated revenue target, achieved or exceeded the majority of the business segment specific revenue and pre-tax income targets and successfully completed the majority of the 2014 strategic initiatives established to enhance our ability to create long-term corporate and shareholder value.

The incentive award for our Chief Executive Officer is structured so that compensation opportunities are related to: (i) the Company's performance versus the objectives established in the corporate scorecard (80%) and (ii) a performance appraisal (20%). The incentive awards of our other named executive officers are structured so that compensation opportunities are related to (i) performance within the corporate, business unit or support unit scorecard, as expressly assigned in each executive's scorecard (80%) (of which 50% or more is weighted on corporate financial objectives) and (ii) a performance appraisal (20%).

The components in each scorecard are weighted individually based on relevance to the ultimate financial performance of the Company and the importance of the achievement to the success of our corporate strategy. Within each component of the scorecard, there are three (3) established levels of achievement: threshold, target and outstanding. Each level of achievement is tied to a relative point on a percentage scale which indicates the executive officer's level of goal achievement within each component of the scorecard. Generally, achieving the threshold level of achievement will earn the executive officer 50% of the target incentive compensation tied to such goal; the target level of achievement will earn the executive officer 100% of the target incentive compensation tied to such goal and the outstanding level of achievement will earn the executive officer 150% of the target incentive compensation tied to such goal. Any achievement below the threshold level will generally not entitle the executive to compensation for the associated goal.

The goals and initiatives are further cascaded down through the organization to all of our incentive-eligible employees in their personal scorecards which are tied to performance against goals that are directly linked to corporate profitability and the achievement of our corporate strategic initiatives. The scorecards are communicated to all incentive-eligible employees by the Human Resources Department or the employee's immediate supervisor and are available to employees in our performance management tracking system. Performance against such scorecards is generally reviewed with senior management on a monthly basis through monthly business reviews and after the end of each year. This incentive compensation structure is intended to align the goals of our incentive-eligible employees with the overall success of the Company, while establishing clear performance standards within their respective business or support units.

The 2014 personal scorecards for our Chief Executive Officer and other named executive officers and their corresponding levels of achievement are as follows:

As noted above, 20% of the incentive compensation for the Chief Executive Officer and other named executive officers is determined by their performance appraisal for the service year. Each of our named executive officers performs a self-assessment as to his or her performance against his or her goals for

the applicable year. Our Chief Executive Officer utilizes these assessments, as well as his own observations, to prepare a written performance appraisal for each of the other executive officers. These performance appraisals rate performance based on objective criteria related to two key factors: (i) the executive's ability to improve and develop their organization throughout the year and (ii) the executive's strategic contributions to the direction of the Company.

The Chief Executive Officer's scorecard performance and personal performance appraisal are determined by the Compensation Committee taking into consideration whether the Company's performance and corresponding incentive results present a fair representation of the Chief Executive Officer's performance.

For our named executive officers other than the Chief Executive Officer, the Chief Executive Officer, in conjunction with the Chief Administration Officer, presents the personal scorecard performance and the performance appraisal scores to the Compensation Committee and makes recommendations as to the incentive compensation for each executive officer (except for the Chief Administration Officer, whose performance is reviewed without the presence of such executive). The Compensation Committee evaluates the recommendations in light of the Company's overall performance and the executive's business unit or support unit's performance and makes the final compensation award determinations for each executive. Annual incentive compensation is paid to our executives and other incentive-eligible employees following this determination. For 2014, incentive compensation was awarded accordingly. Incentive compensation is set in U.S. dollars and, in the executive's discretion, may be paid in U.S. dollars or in euros converted from U.S. dollars at the exchange rate in effect as of the date of payment. Please see the Summary Compensation Table under "Executive Compensation" for the actual amounts awarded for 2014.

2015 Annual Incentive Compensation. Generally, at the first Board of Directors meeting of the fiscal year, the Compensation Committee approves the corporate scorecard and annual incentive components for the Chief Executive Officer and other executives for the upcoming year. The Company's 2015 key performance indicators have been developed and were approved by the Board of Directors at the February 10, 2015 Board of Directors meeting.

The corporate scorecard for 2015 includes achieving an overall service revenue target, achieving business segment specific service revenue and pre-tax income targets and achieving an earnings per share target. In addition, the corporate scorecard provides for successful completion of strategic initiatives established to enhance long-term corporate and shareholder value.

The 2015 corporate strategic initiatives relate to:

- Supporting customer operational objectives
- Achieving origination-related services and cooperative initiatives
- Growing non-Ocwen default-related service revenue
- Expanding our innovative online real estate marketplace
- Achieving the REALAnalytics, REALDoc and marketplace product initiatives
- Growing property management and renovation services business
- Maintaining compliance
- Achieving operations and cost savings initiatives

Setting Compensation Levels

We believe our executive compensation programs are effectively designed, are working well in alignment with the interests of our shareholders and are instrumental to achieving our business strategy. In determining executive compensation for fiscal year 2014, our Compensation Committee considered the overwhelming shareholder support that the "Say-on-Pay" proposal received at our May 21, 2014 Annual Meeting of Shareholders. As a result, our Compensation Committee continued to apply the same effective principles and philosophy it has used in previous years in determining

executive compensation and will continue to consider shareholder concerns and feedback in the future. The next "Say-on-Pay" vote will be held at our 2017 Annual Meeting of Shareholders.

From time to time, the Company conducts benchmarking on Chief Executive Officer and other named executive officer compensation among peer companies of comparable size, industry, location and similar attributes that may compete with Altisource for qualified management talent. In 2014, our Compensation Committee engaged our independent compensation consultant, Exequity, to assist the Compensation Committee in reviewing the compensation levels for the Chief Executive Officer, the Chief Administration Officer and the Chief Financial Officer. Exequity reviewed our executive compensation levels compared to pay levels among our peer companies, as analyzed by the Human Resources function with input from management, to help identify the competitive positioning of our pay practices. All information was obtained from publicly available proxy disclosures and included base salary, annual incentive compensation and long-term incentive compensation. Please see "Role of Compensation Consultant" for information on the peer group companies the Compensation Committee used in its analysis.

The Compensation Committee believes this peer group benchmarking methodology provides a fair representation of the competitive arena for executive talent and is an effective approach for setting compensation levels to ensure that the Company's pay practices allow it to attract and retain executive employees of the highest quality.

Additionally, utilizing a similar benchmarking analysis and other relevant factors, the Compensation Committee reviewed the compensation levels for the Chief Financial Officer in the first quarter of 2015 with Exequity's assistance.

Compensation Increases for Certain Named Executive Officers

Based on the benchmarking analyses, performance, retention and/or other relevant considerations, the Compensation Committee reviewed recommendations and determined appropriate base salary and annual incentive compensation targets for each of the Company's named executive officers.

On June 1, 2014, the base salaries for Messrs. Shepro and Wilcox and Ms. Esterman were increased based on benchmarking analyses, performance and market conditions. On March 1, 2015, Ms. Esterman's base salary was further increased based on additional benchmarking analyses and the value of her expected performance going forward.

On March 17, 2014, Mr. Hynes received a base salary increase in connection with his relocation from the United States to Luxembourg.

On August 1, 2014, Mr. Davila's base salary was increased in recognition of the strong performance of the Mortgage Services business segment in 2013 and the first half of 2014 and the successful execution of strategic initiatives for the segment in 2013. Effective February 1, 2015, he received an additional increase in base salary to account for the disparity between the exchange rate of 0.701 euros to the

U.S. dollar used in his Luxembourg employment agreement and the average exchange rate used for the other named executive officers.

Officer	Previous Base Salary (\$)	New Base Salary (\$)	Resulting Base Salary Increase (%)
William B. Shepro, Chief Executive Officer	\$553,500	\$780,000	41%
Kevin J. Wilcox, Chief Administration Officer	\$435,625	\$450,000	3%
Michelle D. Esterman, Chief Financial Officer	\$322,875	\$420,000 ⁽¹⁾	30%
Joseph A. Davila, President, Mortgage Services	\$358,750	\$395,863 ⁽²⁾	10%
Mark J. Hynes, President, Technology Services	\$250,000	\$325,000	30%

⁽¹⁾ Ms. Esterman's base salary was increased from \$322,875 to \$395,000 effective June 1, 2014, and from \$395,000 to \$420,000 effective March 1, 2015.

⁽²⁾ Mr. Davila's base salary was increased from \$358,750 to \$375,000 effective August 1, 2014 and from \$375,000 to \$395,863 effective February 1, 2015.

For Messrs. Shepro and Wilcox and Ms. Esterman, the Compensation Committee determined that the ratio of the incentive compensation to the total compensation should remain substantially the same. The incentive compensation target for each executive was therefore increased by substantially the same percentage as the executive's base salary. Mr. Hynes' incentive compensation target for 2014 remained unchanged as the increase in base salary accounted for the cost of living increase associated with his relocation to Luxembourg. For Mr. Davila, the Compensation Committee determined that it was appropriate that the ratio of the incentive compensation to the total compensation be increased.

As a result, the Compensation Committee approved the following increases to the incentive compensation of these named executive officers, effective as of June 1, 2014 for Messrs. Shepro and Wilcox, August 1, 2014 for Mr. Davila and March 1, 2015 for Ms. Esterman:

Officer	Previous Target Incentive Compensation (\$)	New Target Incentive Compensation (\$)	Resulting Target Incentive Compensation Increase (%)
William B. Shepro, Chief Executive Officer	\$830,250	\$1,170,000	41%
Kevin J. Wilcox, Chief Administration Officer	\$435,625	\$450,000	3%
Michelle D. Esterman, Chief Financial Officer	\$210,000	\$280,000 ⁽¹⁾	33%
Joseph A. Davila, President, Mortgage Services	\$250,000	\$350,000	40%

⁽¹⁾ Ms. Esterman's target incentive compensation was increased from \$210,000 to \$255,000 effective June 1, 2014 and from \$255,000 to \$280,000 effective March 1, 2015.

Equity Incentive Plan

The Compensation Committee, in cooperation with senior management, implemented the 2009 Equity Incentive Plan, which was approved by our shareholders in 2009 in connection with our separation from Ocwen. The purpose of the 2009 Equity Incentive Plan is to provide additional incentives to key

employees to make extraordinary contributions to the Company, to assist with the retention of key employees and to align the interests of our employees with the interests of our shareholders. The 2009 Equity Incentive Plan is administered by the Compensation Committee and authorizes the award of restricted stock, options, stock appreciation rights, stock purchase rights or other equity-based awards to our employees. Options awarded under the 2009 Equity Incentive Plan may be either "incentive stock options" as defined in Section 422 of the United States Internal Revenue Code of 1986, as amended, or nonqualified stock options, as determined by the Compensation Committee.

Each award granted under the 2009 Equity Incentive Plan is evidenced by a written award agreement between the participant and us, which describes the award and states the terms and conditions to which the award is subject. If any shares subject to award are forfeited or if any award terminates, expires or lapses without being exercised, shares of common stock subject to such award will again be available for future awards.

Equity awards are typically provided in the form of stock option grants, with 75% of the granted stock options vesting only if the stock price is double or triple the exercise price as further detailed below. Our Compensation Committee uses stock options as our primary long-term incentive vehicle because stock options align the interests of executives with those of our shareholders, foster employee share ownership, support a pay-for-performance culture and focus the executive team on increasing value for our shareholders. In addition, stock option grants generally vest over a three to five-year period for retention purposes.

Stock option grants are generally made to executive officers upon joining the Company and, from time to time thereafter, following a significant change in job responsibilities, following the accomplishment of vesting performance hurdles for prior grants, to meet other special retention objectives or for other reasons our Compensation Committee deems appropriate. The Compensation Committee reviews and approves stock option awards to executive officers based upon its assessment of the individual's position, scope of responsibility, ability to affect profits and shareholder value, individual performance, a review of the executive's existing long-term incentives, retention considerations and the value of stock options in relation to other elements of the individual executive's total compensation. Periodic stock option grants are made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of members of management.

In line with the objectives of our compensation philosophy, Mr. Davila received 7,500 stock options (the "Origination Services Stock Options") on May 15, 2014 and 25,000 stock options (the "Standard Stock Options") on November 11, 2014; and Ms. Esterman received 25,000 Standard Stock Options on February 10, 2015.

The vesting schedule for the Origination Services Stock Options has a service-based component, in which 25% of the options vest in equal increments over four years, and a performance-based component, in which up to 75% of the options could vest in equal increments, with 25% vesting on the date when the Board of Directors determines that the performance criteria have been achieved for fiscal year 2014 and the remaining 75% vesting over the next three years. The performance-based options would commence vesting if both of the following performance criteria have been achieved for fiscal year 2014: (i) Altisource's Origination Services division earns \$23.5 million of adjusted pre-tax income and (ii) the division's adjusted pre-tax income margin as a percentage of service revenue is at least 25%. On February 10, 2015, the Board of Directors determined that the performance criteria for fiscal year 2014 were not achieved.

The vesting schedule for the Standard Stock Options has a service-based component, in which 25% of the options vest in equal increments over four years, and a market-based component, in which up to 75% of the options could vest in equal increments, with 25% vesting immediately upon the achievement of certain performance criteria related to the Company's stock price and its annualized

rate of return and the remaining 75% vesting over the next three years. Two-thirds of the performance-based options would commence vesting if the stock price realizes a compounded annual gain of at least 20% over the exercise price, so long as the stock price is at least double the exercise price. The remaining third of the performance-based options would commence vesting if the stock price realizes a 25% compounded annual gain, so long as it is at least triple the exercise price.

Stock Ownership Policies

Although we do not have stock ownership requirements, our philosophy is that equity ownership by our Directors and executives is important to attract, motivate, retain and align their interests with the interests of our shareholders. The Compensation Committee believes that the Company's equity incentive plans are adequate to achieve this philosophy. We also maintain a management directive detailing our trading window period policy for Directors, executive officers and other employees and our insider trading policy.

Other Compensation

The Compensation Committee's policy with respect to other employee benefit plans is to provide benefits to our employees, including our named executive officers, that are comparable to benefits offered by companies of a similar size and circumstance to ours. A competitive comprehensive benefit program is essential to achieving the goal of attracting and retaining highly qualified employees. Consistent with this policy, on February 10, 2015, our Compensation Committee approved a benefits program to provide life insurance and disability benefits to all Luxembourg employees, including our named executive officers.

Potential Payments upon Termination or Change of Control

Below is a description of the amounts payable to each named executive officer assuming the executive's employment had terminated under various scenarios, or a change of control had occurred, on December 31, 2014 (the last business day of fiscal year 2014). Due to the number of factors that affect the nature and amount of any benefits under the various scenarios, actual amounts paid or distributed may be different.

As noted above, our Chief Executive Officer and other named executive officers have entered into employment agreements with the Company. Under these agreements, if employment is terminated by the executive officer's retirement or disability, as defined therein, the Company will pay all standard relocation costs to relocate the executive officer to the United States. If the Company terminates the employment of the executive officer other than for "cause" ("*motifs graves*") and, in some instances, where employment is terminated for "good reason" by the executive officer (as defined in the applicable employment agreement), the Company is obligated to make a cash payment of between four (4) and twelve (12) months' salary in addition to certain notice and redundancy payments required under articles L.124-1 and L.124-7 of the Luxembourg Labor Code. In the case of the Chief Executive Officer and Chief Administration Officer, the Company will be obligated to pay at least one (1) year's target incentive compensation in such instance. Additionally, in the event that the Company terminates the employment of such executive officers other than for "cause" after October 1 of the service year and before incentives are paid for the prior service year, these executive officers will be entitled to receive incentive compensation for such service year. In these instances, the Company will also pay all standard relocation costs to relocate the executive officer to the United States. If an executive officer is terminated by the Company for "cause," the Company may terminate without notice and with no liability to make any further payment to the executive, other than amounts accrued and unpaid at the date of termination.

Edgar Filing: Altisource Portfolio Solutions S.A. - Form PRE 14A

All named executive officers have options granted pursuant to the 2009 Equity Incentive Plan. In most cases, upon termination of an executive officer's employment other than for cause, the executive officer would be entitled to retain any vested portion of prior equity awards granted as well as any unvested market-based or performance-based options where the vesting hurdles have already been achieved. Additionally, upon termination of an executive officer's employment without cause or upon his or her retirement, the executive officer would be entitled to retain unvested market-based or performance-based options where the vesting hurdles are achieved within ninety (90) days of the termination. Generally, for termination not due to death, disability or retirement, the executive officer has six (6) months within which to exercise stock options pursuant to our stock option agreements. Any portion of an equity award not vested will be forfeited in any circumstance unless alternate arrangements are made at the discretion of the Compensation Committee. Furthermore, pursuant to each stock option agreement, upon termination of an executive for cause, all outstanding stock options awarded pursuant to such stock option agreement are forfeited.

Certain of the stock option agreements provide for accelerated vesting as set forth below. Upon a named executive officer's death, disability or retirement (each as defined in the applicable stock option agreement), all service-based options will immediately vest. Additionally, pursuant to certain of these agreements, if there is a change of control event or a restructuring as set forth therein, the Compensation Committee may, *inter alia*, adjust the vesting conditions of the options in its discretion, which could result in the immediate vesting of some or all of the options.

The following table estimates and summarizes the potential payments and benefits, other than the benefits ordinarily available to all employees, that each of our named executive officers would have received if their employment had been terminated on December 31, 2014 under each of the circumstances described below.

(1) Represents amounts earned in corresponding year.

(2) Represents the grant date fair value of restricted common stock in AAMC, our former subsidiary, (the "AAMC Restricted Stock") granted to our named executive officers on December 11, 2012. We determined the grant date fair value of these stock awards using a Monte Carlo simulation valuation methodology.

(3) For awards of options, the amount disclosed represents the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. We estimated the grant date fair value of stock option awards in 2012 and 2014 using a Black-Scholes option-pricing model and a binomial option pricing model utilizing the following assumptions:

Performance Year	Service-Based Awards - Black-Scholes Option Pricing Model				
	Expected Volatility (%)	Expected Dividend Yield (%)	Exercise Price (\$)	Risk-Free Interest Rate (%)	Expected Term in Years
2012	35%	-	\$63.43	1.17%	6.25
2013	-	-	-	-	-
2014	38%	-	\$105.11	1.80%	6.25
	40%	-	\$72.78	1.86%	6.25

Performance Year	Market-Based Awards - Binomial Option Pricing Model				Contract Term in Years
	Expected Volatility (%)	Expected Dividend Yield (%)	Exercise Price (\$)	Risk-Free Interest Rate (%)	
2012	35%	-	\$63.43	0.09% - 2.04%	14
2013	-	-	-	-	-
2014	40%	-	\$72.78	0.04% - 2.38%	14

(4) Outstanding Altisource stock options were adjusted to reflect the distribution of AAMC and Residential stock to Altisource shareholders in two spin-off transactions completed on December 21, 2012. All holders of Altisource stock option awards, including AAMC employees and those who remained with Altisource after the spin-off transactions, received the following:

New AAMC stock options to acquire the number of shares of AAMC equal to the product of (a) the number of Altisource stock options held on the date of the spin-off of AAMC and (b) the distribution ratio of one (1) share of AAMC common stock for every ten (10) shares of Altisource common stock;

New Residential stock options to acquire the number of shares of Residential equal to the product of (a) the number of Altisource stock options held on the date of the spin-off of Residential and (b) the distribution ratio of one (1) share of Residential common stock for every three (3) shares of Altisource common stock and

Adjusted Altisource stock options for the same number of shares of Altisource common stock with a reduced exercise price per stock option.

We determined the exercise price of the new AAMC and Residential stock options and the adjusted Altisource stock options in a manner so that the fair value of the adjusted Altisource stock award and the new AAMC and Residential stock options immediately following the spin-offs was equivalent to the fair value of such Altisource stock award immediately prior to the spin-offs. No incremental share-based compensation was recognized as a result of this adjustment.

(1) These amounts represent the possible non-equity compensation that may have been earned by each respective executive officer in 2014 under the different achievement levels presented on their personal scorecards which are more fully discussed in our Compensation Discussion and Analysis.

(2) Granted pursuant to our 2009 Equity Incentive Plan. The vesting schedule for these options has a service-based component, in which 25% vest in equal increments over four years, and a performance-based component, in which up to 75% of the options could vest in equal increments, with 25% vesting on the date when the Board of Directors determines that the performance criteria have been achieved for fiscal year 2014 and the remaining 75% vesting over the next three years. The performance-based options would commence vesting if both of the following performance criteria have been achieved for fiscal year 2014: (i) Altisource's Origination Services division earns \$23.5 million of adjusted pre-tax income and (ii) the division's adjusted pre-tax income margin as a percentage of service revenue is at least 25%. On February 10, 2015, the Board of Directors determined that the performance criteria for fiscal year 2014 were not achieved.

(3) Granted pursuant to our 2009 Equity Incentive Plan. The vesting schedule for these options has a service-based component, in which 25% of the options vest in equal increments over four years, and a market-based component, in which up to 75% of the options could vest in equal increments, with 25% vesting immediately upon the achievement of certain performance criteria related to the Company's stock price and its annualized rate of return and the remaining 75% vesting over the next three years. Two-thirds of the performance-based options would commence vesting if the stock price realizes a compounded annual gain of at least 20% over the exercise price, so long as the stock price is at least double the exercise price. The remaining third of the performance-based options would commence vesting if the stock price realizes a 25% compounded annual gain, so long as it is at least triple the exercise price.

AND ITS CONSOLIDATED FINANCIAL STATEMENTS
PREPARED IN ACCORDANCE WITH U.S. GAAP INCLUDING A FOOTNOTE
RECONCILIATION OF EQUITY AND NET INCOME TO IFRS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014**

(Proposal Three)

Pursuant to Luxembourg law, the Luxembourg Statutory Accounts must be submitted each year to shareholders for approval at the Annual Meeting of Shareholders.

The Luxembourg Annual Accounts are prepared in accordance with Luxembourg GAAP and consist of a balance sheet, a profit and loss account and the notes for the unconsolidated Altisource Portfolio Solutions S.A. entity. There is no statement of movements in equity or statement of cash flows included in the Luxembourg Annual Accounts under Luxembourg GAAP. Profits earned by the subsidiaries of Altisource Portfolio Solutions S.A. are not included in the Luxembourg Annual Accounts unless such amounts are distributed to Altisource Portfolio Solutions S.A. The Luxembourg Annual Accounts as of and for the year ended December 31, 2014 show total assets of \$2,123.1 million and a profit for the year then ended of \$1,860.4 million. Total assets as of December 31, 2014 and profit for the year then ended were impacted by a restructuring of subsidiaries of Altisource Portfolio Solutions S.A. in the third quarter of 2014.

The Consolidated Accounts are prepared in accordance with U.S. GAAP, including a footnote reconciliation of equity and net income to IFRS, and consist of a balance sheet, statement of operations, statement of changes in stockholders' equity, statement of cash flows and the accompanying notes. The Consolidated Accounts present the financial position and results of operations for Altisource and all of its subsidiaries as if the individual entities were a single company. As of December 31, 2014, the Consolidated Accounts show IFRS total equity of \$44.1 million and IFRS net income of \$126.2 million for the year then ended.

Pursuant to Luxembourg law, following shareholder approval of the Luxembourg Statutory Accounts, such accounts must be filed with the Luxembourg trade registry as public documents. If Altisource does not receive shareholder approval of the Luxembourg Statutory Accounts, we cannot make this filing.

Altisource's Luxembourg Statutory Accounts will be available to shareholders from April 20, 2015 until the conclusion of the Annual Meeting of Shareholders at Altisource's registered office.

(Proposal Four)

Under Luxembourg law, the Board of Directors is required to prepare annual Directors' reports for the Luxembourg Statutory Accounts (the "Directors' Reports"). The Directors' Reports present the Luxembourg Statutory Accounts for the relevant fiscal year, provide an explanation as to the results and certain other required Company matters and propose the allocation of such results to the shareholders.

The Directors' Reports for the Luxembourg Statutory Accounts will be available to shareholders from April 20, 2015 until the conclusion of the Annual Meeting of Shareholders at Altisource's registered office. Following shareholder approval of the Luxembourg Statutory Accounts, the Directors' Reports will be filed with the Luxembourg trade registry as public documents.

**ALLOCATION OF THE PROFITS
IN THE LUXEMBOURG ANNUAL ACCOUNTS FOR THE YEAR ENDED DECEMBER 31, 2014**

(Proposal Five)

Each year, the shareholders of Altisource are required to approve the allocation of the results of the unconsolidated Altisource Portfolio Solutions S.A. entity, as determined by the Luxembourg Annual Accounts.

Luxembourg law requires that at least 5% of the net profits, if any, for the Luxembourg Annual Accounts be allocated to a legal reserve; provided, however that an allocation ceases to be compulsory when the legal reserve reaches 10% of the share capital of Altisource, but again becomes compulsory when the reserve amount falls below this threshold.

The Board of Directors proposes that the shareholders of the Company approve the allocation of the Company's profits as follows:

Year Ended December 31, 2014

No allocation to the legal reserve, as the legal reserve reached the maximum required 10% of the share capital of Altisource in 2012. Consequently, no further allocation to the legal reserve was required in 2014

An allocation of the 2014 profit of \$1,860.4 million to profit brought forward

**DISCHARGE OF EACH OF THE CURRENT AND PAST DIRECTORS OF
ALTISOURCE PORTFOLIO SOLUTIONS S.A.
FOR THE PERFORMANCE OF THEIR MANDATE DURING THE
YEAR ENDED DECEMBER 31, 2014**

(Proposal Six)

Pursuant to Luxembourg law, after the approval of the Luxembourg Statutory Accounts (as discussed in Proposal Three above), the shareholders of Altisource are required to vote on whether to discharge Altisource's Directors for the performance of their mandate during the relevant fiscal year. If the shareholders grant the discharge of Directors for the relevant fiscal year, shareholders will not be able to initiate a liability claim against such Directors in connection with the performance of their mandate for the relevant fiscal year. However, such discharge will not be valid in certain instances as specified in Article 75 of the Luxembourg Law of 10 August 1915 on commercial companies, as amended. For fiscal year 2014, Altisource believes no such instances have occurred.

DISCHARGE OF EACH OF THE CURRENT AND PAST DIRECTORS OF ALTISOURCE PORTFOLIO
SOLUTIONS S.A. FOR THE PERFORMANCE OF THEIR MANDATE DURING THE YEAR ENDED
DECEMBER 31, 2014**

**RATIFICATION OF NON-MANAGEMENT DIRECTORS' COMPENSATION
FOR THE 2014 TO 2015 SERVICE YEAR AND
APPROVAL OF CHANGES TO NON-MANAGEMENT DIRECTORS' COMPENSATION
(Proposal Seven)**

Luxembourg law requires the Company to submit changes in Directors' compensation to our shareholders for approval.

As discussed in the "Board of Directors Compensation" section of this proxy statement, the Compensation Committee wishes to establish Director pay levels that are consistent with those of our peer group companies to ensure we can attract and retain the best possible candidates for our Board of Directors.

For the 2014 to 2015 service year, the Compensation Committee has recommended that (i) the annual cash retainer to our non-management Directors be increased from \$49,000 to \$54,000 and (ii) the value of the annual award of shares of common stock to our non-management Directors be increased from \$45,000 to \$60,000, as determined on the first day of the service year by the average of the high and low prices of the common stock as reported on the NASDAQ Global Select Market. Additionally, the Compensation Committee has recommended that (i) annual cash compensation to committee chairpersons (other than the Audit Committee chairperson and Compliance Committee chairperson) be increased from \$5,000 to \$7,500, (ii) annual cash compensation to Audit Committee members (other than the Audit Committee chairperson) be increased from \$5,000 to \$7,500, (iii) annual cash compensation to the Audit Committee chairperson be increased from \$12,500 to \$15,000 and (iv) annual cash compensation to the Compliance Committee chairperson be increased from \$10,000 to \$12,500. The proposed compensation was approved by our Compensation Committee on May 21, 2014, subject to ratification at the 2015 Annual Meeting of Shareholders.

Beginning in the 2015 to 2016 service year, the Compensation Committee recommends that the value of the annual award of shares of common stock to our non-management Directors be increased from \$60,000 to \$75,000, as determined on the first day of the service year by the average of the high and low prices of the common stock as reported on the NASDAQ Global Select Market. Additionally, the Compensation Committee has recommended that (i) the annual cash retainer to the Board of Directors chairperson be increased from \$50,000 to \$85,000, (ii) the annual cash retainer to the Executive Committee chairperson be set at \$15,000, (iii) annual cash compensation to the Audit Committee chairperson be increased from \$15,000 to \$20,000 and (iv) annual cash compensation to Compliance Committee members (other than the Compliance Committee chairperson) be set at \$5,000.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
THAT YOU VOTE "FOR" THE RATIFICATION OF NON-MANAGEMENT DIRECTORS'
COMPENSATION FOR THE 2014 TO 2015 SERVICE YEAR AND
APPROVAL OF CHANGES TO NON-MANAGEMENT DIRECTORS' COMPENSATION**

**APPROVAL OF A SHARE REPURCHASE PROGRAM WHEREBY ALTISOURCE IS AUTHORIZED,
FOR A PERIOD OF FIVE YEARS, TO REPURCHASE UP TO FIFTEEN PERCENT (15%) OF THE
OUTSTANDING SHARES OF ITS COMMON STOCK**

(Proposal Eight)

At the Special Meeting of Shareholders on February 28, 2014, our shareholders approved a share repurchase program authorizing the repurchase of up to fifteen percent (15%) of the outstanding shares of the Company's stock as of the close of business on the date of shareholder approval. Under that program, shares are eligible for repurchase at a minimum price of one dollar (\$1.00) per share and a maximum price of five hundred dollars (\$500.00) per share. As of March 23, 2015, the total number of shares repurchased under the program amounted to 11.9% of Altisource's 20,132,326 outstanding shares. Therefore, the Board of Directors of Altisource has approved presenting a new share repurchase program (the "Share Repurchase Program") to the shareholders, whereby the Board of Directors is empowered to purchase outstanding shares of the Company's stock within the following limits.

The Share Repurchase Program will continue to be subject to Luxembourg law and provides for the equal treatment of shareholders. The term of authorization for repurchases will be five (5) years from the date of shareholder approval. The maximum number of shares authorized to be repurchased will be up to fifteen percent (15%) of shares outstanding as of the close of business on the date of shareholder approval. Shares will be eligible for purchase at a minimum price of one dollar (\$1.00) per share and a maximum price of five hundred dollars (\$500.00) per share. The purchase volumes will be subject to daily volume restrictions per SEC regulations. The Board of Directors shall be empowered to give authority to the Company's Chief Executive Officer, with power of substitution, to decide within the limits of the authorization set out above, the timing and conditions of the Share Repurchase Program.

Altisource has historically demonstrated strong cash earnings capabilities. The Board of Directors believes the Share Repurchase Program could be an effective use of Altisource's cash earnings and provide flexibility for Altisource to be opportunistic in repurchasing shares. Additionally, the Board of Directors believes the Share Repurchase Program will assist in offsetting shareholder dilution resulting from periodic grants of equity incentive awards.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
THAT YOU VOTE "FOR" THE APPROVAL OF THE SHARE REPURCHASE PROGRAM**

BUSINESS RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Board of Directors has adopted policies and procedures for review, approval and monitoring of transactions in which a conflict of interest may arise within our written Code of Business Conduct and Ethics which is available at www.altisource.com. Any situation that potentially qualifies as a conflict of interest is to be immediately disclosed to the head of the internal audit function and/or the General Counsel to assess the nature and extent of any concern as well as the appropriate next steps. The head of the internal audit function or the General Counsel will notify the Chairman of the Board of Directors or the Chairman of the Audit Committee, as appropriate, if any such situation requires Board of Directors or Audit Committee approval.

For transactions involving Altisource and related parties (Directors and named executive officers or their immediate family members or shareholders owning 5% or greater of the Company's outstanding stock, or an entity in which such individual has a direct or indirect material interest), the Audit Committee of the Board of Directors has adopted policies and procedures to govern the review, approval and monitoring of these transactions. Pursuant to these policies, related party transactions that meet the threshold for disclosure under the relevant SEC rules or involve a director, named executive officer and/or their immediate family members must be approved by the Audit Committee. In considering a transaction, the Audit Committee will consider all relevant factors including (i) whether the transaction is in the best interests of Altisource; (ii) alternatives to the transaction; (iii) whether the transaction is on terms comparable to those available to third parties; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts and (v) the overall fairness of the transaction to Altisource. The Audit Committee will periodically monitor any approved related party transactions to ensure that there are no changed circumstances that would render it advisable for the Company to amend or terminate the transaction.

We have significant business relationships with and provide services to Ocwen and Residential. We also provide certain services to AAMC and Home Loan Servicing Solutions, Ltd. ("HLSS"). Ocwen, Residential, AAMC and HLSS have been related parties of Altisource. Our former Chairman, William C. Erbey, who stepped down from the Altisource, Ocwen, Residential, AAMC and HLSS Boards of Directors effective January 16, 2015, owns or controls common stock in each of these companies. As of December 31, 2014, Mr. Erbey owned or controlled approximately 29% of the common stock of Altisource, approximately 14% of the common stock of Ocwen, approximately 4% of the common stock of Residential, approximately 28% of the common stock of AAMC and approximately 1% of the common stock of HLSS. Additionally, certain members of our management have equity interests in Ocwen, Residential, AAMC and/or HLSS. Such ownership interests could create, or appear to create, conflicts of interest with respect to matters potentially or actually involving or affecting us and Ocwen, Residential, AAMC and HLSS, as the case may be.

Ocwen

For the year ended December 31, 2014, the Company generated segment revenue from Ocwen of \$528.3 million for Mortgage Services, \$27.1 million for Financial Services and \$95.4 million for Technology Services. Services provided to Ocwen during such periods included residential property valuation, real estate asset management and sales, trustee management services, property inspection and preservation, insurance services, charge-off mortgage collections, information technology infrastructure management and software applications including our software platforms. We record revenue we earn from Ocwen under the service agreements at rates we believe to be comparable market rates as we believe they are consistent with the fees we charge to other customers and/or fees charged by our competitors for comparable services. Altisource derived 60% of its revenues in 2014 directly from Ocwen and revenue earned from loans serviced by Ocwen when Ocwen designates us as the service provider.
