(Formerly Softstone Inc.)
NOTES TO UNAUDITED FINANCIAL STATEMENTS

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

TS Electronics, Inc. (the "Company"), a Delaware corporation, was incorporated on October 7, 1998. The Company was formed to manufacture a patented rubber product used in the road and building construction industries. The Company planned to create rubber modules entirely from recycled tires, which can be used in the construction of roads, driveways, decks, and other types of walkways. Its principal activities have consisted of financial planning, establishing sources of production and supply, developing markets, and raising capital. Prior to July 2002, the Company was in the development stage in accordance with Statement of Financial Accounting Standards No. 7. Its principal operations began in the quarter ended September 30, 2002. On August 13, 2003, the Company changed its name to TS Electronics, Inc.

On October 7, 1998, SoftStone Building Products, Inc. ("SSBI" -an Oklahoma corporation and predecessor to the Company) was incorporated. Effective May 31, 1999, SSBI was merged into Softstone, Inc. (incorporated January 28, 1999 under the laws of the State of Delaware) and SSBI was subsequently dissolved. Each share of previously outstanding common stock was converted into 2,500 shares of common stock of the new entity and the new capitalization was reflected in the

Edgar Filing: TS ELECTRONICS INC - Form 10QSB

financial statements as if it had occurred at the beginning of the period presented.

On July 24, 2001, the Company entered into a plan of reorganization involving Kilkenny Acquisition Corp. (Kilkenny) whereby the Company is the survivor and in control of the board of directors. The merger agreement provided for the exchange of 1,158,387 shares of the Company's common stock for all the common stock of Kilkenny. In connection with this merger, on April 4, 2001, certain insider shareholders of the Company contributed 3,947,698 shares of their common stock to the Company effectively reducing the then outstanding shares of stock to 3,685,992. Subsequent issues of common stock for cash and services increased the outstanding stock of the Company to 4,590,646. The issuance of the above mentioned shares of the Company's common stock on the merger date increased the common stock of the Company to 5,669,033 with the Company shareholders, prior to the merger, owning approximately 81% of the outstanding shares of the Company. For accounting purposes, the transaction between the Company and Kilkenny has been treated as a re-capitalization of the Company, with the Company as the accounting acquirer (reverse acquisition).

During the six months ended December 31, 2003 the Company generated revenues from the brokering of crumb rubber transactions.

Basis of presentation

The accompanying unaudited condensed interim financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission for the presentation of interim financial information, but do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. The audited

consolidated financial statements for the year ended June 30, 2003 were filed on October 14, 2003 with the Securities and Exchange Commission and are hereby referenced. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three-months ended December 31, 2003 are not necessarily indicative of the results that may be expected for the year ended June 30, 2004.

Segment Reporting

During the periods ended December 31, 2003 and 2002, the Company only operated in one segment. Therefore, segment disclosure has not been presented.

Reclassifications

Certain comparative amounts have been reclassified to conform to the current year's presentation.

2. RECENT PRONOUNCEMENTS

On April 30, the FASB issued FASB Statement No. 149 (FAS 149), Amendment of Statement 133 on Derivative Instruments and Hedging Activities. FAS 149 amends and clarifies the accounting guidance on (1) derivative instruments (including certain derivative instruments embedded in other contracts) and (2) hedging activities that fall within the scope of FASB Statement No. 133 (FAS 133), Accounting for Derivative Instruments and Hedging Activities. FAS 149 also

Edgar Filing: TS ELECTRONICS INC - Form 10QSB

amends certain other existing pronouncements, which will result in more consistent reporting of contracts that are derivatives in their entirety or that contain embedded derivatives that warrant separate accounting. FAS 149 is effective (1) for contracts entered into or modified after June 30, 2003, with certain exceptions, and (2) for hedging relationships designated after June 30, 2003. The guidance is to be applied prospectively. The adoption of SFAS 149 does not have a material effect on the earnings or financial position of the Company.

On May 15, 2003, the Financial Accounting Standards Board (FASB) issued FASB Statement No. 150 (FAS 150), Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. FAS 150 changes the accounting for certain financial instruments that, under previous guidance, could be classified as equity or "mezzanine" equity, by now requiring those instruments to be classified as liabilities (or assets in some circumstances) in the statement of financial position. Further, FAS 150 requires disclosure regarding the terms of those instruments and settlement alternatives. FAS 150 affects an entity's classification of the following freestanding instruments: a) Mandatorily redeemable instruments b) Financial instruments to repurchase an entity's own equity instruments c) Financial instruments embodying obligations that the issuer must or could choose to settle by issuing a variable number of its shares or other equity instruments based solely on (i) a fixed monetary amount known at inception or (ii) something other than changes in its own equity

7

TS ELECTRONICS, INC.
(Formerly Softstone Inc.)
NOTES TO UNAUDITED FINANCIAL STATEMENTS

instruments d) FAS 150 does not apply to features embedded in a financial instrument that is not a derivative in its entirety. The guidance in FAS 150 is generally effective for all financial instruments entered into or modified after May 31, 2003, and is otherwise effective at the beginning of the first interim period beginning after June 15, 2003. For private companies, mandatorily redeemable financial instruments are subject to the provisions of FAS 150 for the fiscal period beginning after December 15, 2003. The adoption of SFAS 150 does not have a material effect on the earnings or financial position of the Company.

3. PROPERTY AND EQUIPMENT - IMPAIRMENT

At June 30, 2003, the Company evaluated value of the property and equipment and determined all the assets have been impaired and were of no value. Therefore, the Company recorded an impairment expense equal to the book value of property and equipment amounting \$295,074 in the financial statements for the year ended June 30, 2003.

5. GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. This basis of accounting contemplates the recovery of the Company's assets and the satisfaction of its liabilities in the normal course of business. Through December 31, 2003, the Company had incurred cumulative losses of \$3,739,611 and negative working capital of \$43,889. The Company's goal to attain profitable operations is dependent upon obtaining financing and achieving a level of revenues adequate to support the Company's cost structure. Management's plan of operations anticipates that the cash requirements for the next twelve months will be met by obtaining capital contributions through the sale of common stock, borrowings and cash flow from operations. However, there is no assurance that the Company will be able to implement its plan.

6. REORGANIZATION

On July 31, 2003, the Company entered in to a reorganization agreement with TS Electronics (China) a Delaware corporation that conducts all of its business in China. Under the reorganization agreement, TS Electronics (China) shareholders would have purchased from the Company, 5,350,000 shares of its common stock in a private placement under rule 506 of the Regulation D of the Securities Act of 1933, in exchange of for the transfer to the Company of all the capital stock of TS Electronics (China). Under the agreement, all of the directors of the Company would have been replaced by present designees of TS Electronics (China) to fill this vacancy and become the director of the Company.

Per the agreement, TS Electronics (China) and its shareholders would have been indemnified by the Company against any liabilities arising either from a failure of the Company or its current president to discharge all liabilities of the Company. The closing of the agreement would have been effective subject to

Edgar Filing: TS ELECTRONICS INC - Form 10QSB

compliance of Securities and Exchange filing rules and regulations.

Pursuant to the reorganization agreement, on August 13, 2003, the Company filed its Certificate of Amendment to Certificate of Incorporation with the Secretary of State of the State of Delaware changing its name to "TS Electronics, Inc." and consolidating the common stock of the corporation. The stock consolidation to 600,015 shares, \$0.001 par value, effective August 14, 2003, consolidated each 21.8045 outstanding shares to one share, with fractional shares being rounded up or down to the nearest whole number.

Per the agreement, in contemplation of the sale of the Company's assets and liabilities to Softstone, LLC, the entity owned by Gene Boyd, Keith Boyd, and Betty Sue Boyd (the "Boyd" who are related to the Company as officer and related party of the officer of the Company.), the Company issued a total of
