2018 Annual Report

PORTFOLIO COMPOSITION AS OF 12/31/18*

PORTFOLIO COMPOSITION AS OF 12/31/17*

*Based on market value of total investments

1

Barings Corporate Investors

TOTAL ANNUAL PORTFOLIO RETURN (AS OF 12/31 EACH YEAR)*

Data for Barings Corporate Investors (the "Trust") represents returns based on the change in the Trust's net asset value assuming the reinvestment of all dividends and distributions. These returns differ from the total investment *return based on market value of the Trust's shares due to the difference between the Trust's net asset value of its shares outstanding (See page 12 for total investment return based on market value). Past performance is no guarantee of future results.

** The Credit Suisse Leveraged Loan Index was added for 2018 to represent the Trust's portfolio composition which now includes a material amount of floating rate securities.

2018 Annual Report

TO OUR SHAREHOLDERS

I am pleased to share with you the Trust's Annual Report for the year ended December 31, 2018.

PORTFOLIO PERFORMANCE

The Trust's net total portfolio rate of return for 2018 was 3.2%, as measured by the change in net asset value assuming the reinvestment of all dividends and distributions. The Trust's total net assets were \$291,237,445 or \$14.50 per share, as of December 31, 2018. This compares to \$303,527,308 or \$15.22 per share, as of December 31, 2017. The Trust paid a quarterly dividend of \$0.30 per share for each of the four quarters of 2018, for a total annual dividend of \$1.20 per share. In 2017, the Trust also paid four quarterly dividends of \$0.30 per share, for a total annual dividend of \$1.20 per share. Net taxable investment income for 2018 was \$1.22 per share, including approximately \$0.04 per share of non-recurring income, compared to 2017 net taxable investment income of \$1.20 per share, which included approximately \$0.10 per share of non-recurring income.

The Trust's stock price decreased 3.7% during 2018, from \$15.26 as of December 31, 2017 to \$14.70 as of December 31, 2018. The Trust's stock price of \$14.70 as of December 31, 2018 equates to a 1.4% premium over the December 31, 2018 net asset value per share of \$14.50. The Trust's average quarter-end premium for the 3-, 5-, 10- and 25-year periods ended December 31, 2018 was 6.1%, 7.1%, 11.4%, and 7.0%, respectively.

The table below lists the average annual net returns of the Trust's portfolio, based on the change in net assets and assuming the reinvestment of all dividends and distributions at net asset value. Average annual returns of the Bloomberg Barclays U.S. Corporate High Yield Index and the Russell 2000 Index for the 1-, 3-, 5-, 10- and 25-year periods and the Credit Suisse Leveraged Loan Index for the 1-year period ended December 31, 2018 are provided for comparison purposes only.

	The Trust	Bloomberg Barclays Corporate HY Index	US Russell 2000 Index	Credit Suisse Leveraged Loan Index
1 Year	3.17%	-2.08%	-11.01%	1.14%
3 Years	9.55%	7.23%	7.36%	
5 Years	9.70%	3.83%	4.41%	
10 Years	12.23%	11.12%	11.97%	
25 Years	12.70%	6.95%	8.28%	

Past performance is no guarantee of future results

PORTFOLIO ACTIVITY

The Trust had a very active fourth quarter, closing on 15 new private placement investments and four add-on investments in existing portfolio companies representing \$50,140,201 of invested capital. For the year, the Trust closed 33 new private placement investments, and 16 add-on investments in existing portfolio companies. A brief description of these investments can be found in the Consolidated Schedule of Investments. The total amount invested by the Trust in private placement investments in 2018 was \$115,711,550, which was significantly higher than the \$51,668,350 of new private placement investments made by the Trust in 2017, and the highest annual dollar volume since inception.

Explanation of Responses:

3

Throughout 2018, the Trust's level of new investment activity benefited from several factors: the expansion of the Trust's target investment criteria; expansion of Barings' (the Trust's investment advisor) private debt platform; and overall activity within the private debt market. These favorable items were partially offset by the continuance of hyper-competitive and aggressive market conditions. While overall middle market sponsored private debt investment activity increased slightly (3%) in 2018, volume in the second half of the year was 26% lower than that of the first half of the year (source: Thomson Reuters Middle Market Weekly 2018 Sponsored Review, January 11, 2019).

Competition for new investment opportunities remained intense due to the amount of fresh capital that continues to flow into the private debt and private equity markets. As a result, companies continued to be pursued aggressively by both buyers and lenders, causing high purchase price multiples and leverage levels to continue to be prevalent in the market. In 2018, average purchase price multiples for middle market companies remained relatively unchanged, but at a level of approximately 10.5 times EBITDA plus-or-minus depending on the amount of a company's EBITDA (S&P Global LCD M&A Stats, December 31, 2018). While average purchase price multiples remained relatively flat, average debt multiples increased modestly in 2018 to 6.2x total leverage and 6.0x senior leverage, the highest levels for each since 2003 (Thomson Reuters Middle Market Weekly 2018 Sponsored Review, January 11, 2019).

In addition to working on new investment activity, we continue to maintain our focus on managing and maintaining the quality of the portfolio. As such, the credit quality of the Trust's existing portfolio remained stable throughout the year. We believe the number of companies on our watch list or in default continues to remain at an acceptable level. We had 22 companies exit from the Trust's portfolio during 2018. This level of exit activity remains relatively high for the Trust's portfolio from an overall historical perspective, but is comparable to realization levels since 2014, which have ranged from 18-32 exits annually. In 19 of these exits, the Trust realized a positive return on its investment. In our view, the relatively high realization activity in recent years is yet another indicator of how active and aggressive the middle market M&A and debt markets have been, and continue to be.

During 2018, the Trust had eight portfolio companies fully or partially pre-pay their debt obligations, with two of these transactions resulting in dividend payments to the Trust as a result of its equity holdings in those companies. These prepayment transactions are generally driven by performing companies seeking to take advantage of lower interest rates and the abundant availability of debt capital. Unless replaced by new private debt investments, these prepayments reduce net investment income. The level of refinancing activity the portfolio has experienced has remained relatively stable since 2016.

OUTLOOK FOR 2019

As we enter 2019, we believe debt markets continue to look promising. Default rates remain at relatively low levels, there is plenty of both private equity and private debt capacity, which should continue to drive middle market M&A activity, and our pipeline of investment opportunities remains relatively stable and healthy. However, as mentioned above, the dynamics within that market have been, and are expected to remain aggressive. Regardless of market conditions, we will continue to employ on behalf of the Trust the same investment philosophy that has served it well since its inception: investing in companies which we believe have a strong business proposition, solid cash flow and experienced, ethical management. We believe this philosophy, along with Barings' seasoned investment-management team, positions the Trust well to meet its long-term investment objectives.

2018 Annual Report

The Trust maintained its \$0.30 per share quarterly dividend in 2018 for a total annual dividend of \$1.20 per share. As has been mentioned in prior reports, recurring investment income alone has generally not been sufficient to fully fund the current dividend rate and has been supplemented by non-recurring income. While recurring investment income continues to improve, it may not be sufficient to fully fund the current dividend rate in the future. Net investment income has generally been below the dividend rate since 2013 due principally to the considerable reduction in the number of higher yielding private debt securities resulting from prepayments and realizations in the portfolio, combined with generally lower investment returns available due to market and competitive dynamics in recent years and currently. As evidenced by the record level of investment activity the Trust experienced in 2018, we continued to make good progress in growing recurring investment income in 2018. Furthermore, the percentage of the portfolio in floating rate debt securities increased considerably in 2018 to 43% compared to 14% a year ago. All of the above said, we expect that the level of recurring investment income generated by the Trust in 2019 combined with the availability of earnings carry forwards and other non-recurring income will allow us to maintain the current dividend rate over the next several quarters. Over time, however, the Trust's dividend paying ability tends to be correlated with its recurring earnings capacity.

As always, I would like to thank you for your continued interest in and support of Barings Corporate Investors. I look forward to seeing you at the Trust's annual shareholder meeting in Charlotte, NC, on April 24, 2019.

Sincerely,

Robert M. Shettle
President

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. History

Barings Corporate Investors (the "Trust") commenced operations in 1971 as a Delaware corporation. Pursuant to an Agreement and Plan of Reorganization dated November 14, 1985, approved by shareholders, the Trust was reorganized as a Massachusetts business trust under the laws of the Commonwealth of Massachusetts, effective November 28, 1985.

The Trust is a diversified closed-end management investment company. Barings LLC ("Barings"), a wholly-owned indirect subsidiary of Massachusetts Mutual Life Insurance Company ("MassMutual"), acts as its investment adviser. The Trust's investment objective is to maintain a portfolio of securities providing a current yield and, when available, an opportunity for capital gains. The Trust's principal investments are privately placed, below-investment grade, long-term debt obligations including bank loans and mezzanine debt instruments. Such direct placement securities may, in some cases, be accompanied by equity features such as common stock, preferred stock, warrants, conversion rights, or other equity features. The Trust typically purchases these investments, which are not publicly tradable, directly from their issuers in private placement transactions. These investments are typically made to small or middle market companies. In addition, the Trust may invest, subject to certain limitations, in marketable debt securities (including high yield and/or investment grade securities) and marketable common stocks. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay capital.

On January 27, 1998, the Board of Trustees authorized the formation of a wholly-owned subsidiary of the Trust ("CI Subsidiary Trust") for the purpose of holding certain investments. The results of CI Subsidiary Trust are consolidated in the accompanying financial statements. Footnote 2.D below discusses the Federal tax consequences of the CI Subsidiary Trust.

2. Significant Accounting Policies

The following is a summary of significant accounting policies followed consistently by the Trust in the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The Trustees have determined that the Trust is an investment company in accordance with Accounting Standards Codification ("ASC") 946, Financial Services – Investment Companies, for the purpose of financial reporting.

A. Fair Value Measurements:

Under U.S. GAAP, fair value represents the price that should be received to sell an asset (exit price) in an orderly transaction between willing market participants at the measurement date.

Determination of Fair Value

The determination of the fair value of the Trust's investments is the responsibility of the Trust's Board of Trustees (the "Trustees"). The Trustees have adopted procedures for the valuation of the Trust's securities and have delegated responsibility for applying those procedures to Barings. Barings has established a Pricing Committee which is responsible for setting the guidelines used in following the procedures adopted by the Trustees and ensuring that those guidelines are being followed. Barings considers all relevant factors that are reasonably available, through either public information or information directly available to Barings, when determining the fair value of a security. The Trustees meet at least once each quarter to approve the value of the Trust's portfolio securities as of the close of business on the last business day of the preceding quarter. This valuation requires the approval of a majority of the

Explanation of Responses:

Trustees of the Trust, including a majority of the Trustees who are not interested persons of the Trust or of Barings. In approving valuations, the Trustees will consider reports by Barings analyzing each portfolio security in accordance with the procedures and guidelines referred to above, which include the relevant factors referred to below. Barings has agreed to provide such reports to the Trust at least quarterly. The consolidated financial statements include private placement restricted securities valued at \$263,207,746 (90.38% of net assets) as of December 31, 2018 the values of which have been estimated by the Trustees based on the process described above in the absence of readily ascertainable market values. Due to the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

Following is a description of valuation methodologies used for assets recorded at fair value:

Corporate Public Securities at Market Value – Bank Loans, Corporate Bonds, Preferred Stocks and Common Stocks

The Trust uses external independent third-party pricing services to determine the fair values of its

2018 Annual Report

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Corporate Public Securities. At December 31, 2018, 100% of the carrying value of these investments was from external pricing services. In the event that the primary pricing service does not provide a price, the Trust utilizes the pricing provided by a secondary pricing service.

Public debt securities generally trade in the over-the-counter market rather than on a securities exchange. The Trust's pricing services use multiple valuation techniques to determine fair value. In instances where significant market activity exists, the pricing services may utilize a market based approach through which quotes from market makers are used to determine fair value. In instances where significant market activity may not exist or is limited, the pricing services also utilize proprietary valuation models which may consider market characteristics such as benchmark yield curves, option adjusted spreads, credit spreads, estimated default rates, coupon rates, anticipated timing of principal underlying prepayments, collateral, and other unique security features in order to estimate the relevant cash flows, which are then discounted to calculate the fair value.

The Trust's investments in bank loans are normally valued at the bid quotation obtained from dealers in loans by an independent pricing service in accordance with the Trust's valuation policies and procedures approved by the Trustees.

Public equity securities listed on an exchange or on the NASDAQ National Market System are valued at the last quoted sales price of that day.

At least annually, Barings conducts reviews of the primary pricing vendors to validate that the inputs used in that vendors' pricing process are deemed to be market observable as defined in the standard. While Barings is not provided access to proprietary models of the vendors, the reviews have included on-site walk-throughs of the pricing process, methodologies and control procedures for each asset class and level for which prices are provided. The reviews also include an examination of the underlying inputs and assumptions for a sample of individual securities across asset classes, credit rating levels and various durations. In addition, the pricing vendors have an established challenge process in place for all security valuations, which facilitates identification and resolution of prices that fall outside expected ranges. Barings believes that the prices received from the pricing vendors are representative of prices that would be received to sell the assets at the measurement date (exit prices) and are classified appropriately in the hierarchy.

Corporate Restricted Securities at Fair Value – Bank Loans, Corporate Bonds

The fair value of certain notes is determined using an internal model that discounts the anticipated cash flows of those notes using a specific discount rate. Changes to that discount rate are driven by changes in general interest rates, probabilities of default and credit adjustments. The discount rate used within the models to discount the future anticipated cash flows is considered a significant unobservable input. Increases/(decreases) in the discount rate would result in a (decrease)/increase to the notes' fair value.

The fair value of certain distressed notes is based on an enterprise waterfall methodology which is discussed in the equity security valuation section below.

Corporate Restricted Securities at Fair Value – Common Stock, Preferred Stock and Partnerships & LLC's

The fair value of equity securities is determined using an enterprise waterfall methodology. Under this methodology, the enterprise value of the company is first estimated and that value is then allocated to the company's outstanding debt and equity securities based on the documented priority of each class of securities in the capital structure.

Generally, the waterfall proceeds from senior debt, to senior and junior subordinated debt, to preferred stock, then finally common stock.

To estimate a company's enterprise value, the company's trailing twelve months earnings before interest, taxes, depreciation and amortization ("EBITDA") is multiplied by a valuation multiple.

Both the company's EBITDA and valuation multiple are considered significant unobservable inputs. Increases/ (decreases) to the company's EBITDA and/or valuation multiple would result in increases/ (decreases) to the equity value.

Short-Term Securities

Short-term securities with more than sixty days to maturity are valued at fair value, using external independent third-party services. Short-term securities, of sufficient credit quality, having a maturity of sixty days or less are valued at amortized cost, which approximates fair value.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure

Barings Corporate Investors

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Requirements for Fair Value Measurement ("ASU 2018-13"), which simplifies the disclosure requirements on fair value measurement. ASU 2018-13 is effective for annual periods beginning after December 15, 2019, and early adoption is permitted. The Trust early adopted, and applied, ASU 2018-13 for the year ended December 31, 2018. The adoption of this accounting guidance did not have a material impact on the Trust's financial statements.

Fair Value Hierarchy

The Trust categorizes its investments measured at fair value in three levels, based on the inputs and assumptions used to determine fair value. These levels are as follows:

Level 1 – quoted prices in active markets for identical securities

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – significant unobservable inputs (including the Trust's own assumptions in determining the fair value of investments)

The following table summarizes the levels in the fair value hierarchy into which the Trust's financial instruments are categorized as of December 31, 2018.

The fair values of the Trust's investments disaggregated into the three levels of the fair value hierarchy based upon the lowest level of significant input used in the valuation as of December 31, 2018 are as follows:

Assets:	Total	Level 1	Level 2	Level 3
Restricted Securities				
Corporate Bonds	\$ 124,780,124	\$ —	\$ 18,445,729	\$ 106,334,395
Bank Loans	124,994,521	—	—	124,994,521
Common Stock - U.S.	8,952,301	—	—	8,952,301
Preferred Stock	4,722,044	—	—	4,722,044
Partnerships and LLCs	18,256,414	—	—	18,256,414
Public Securities

Corporate Bonds	1,399,889	—	1,399,889	—
Common Stock - U.S.	1,050,570	—	382	1,050,188
Preferred Stock	923,200	—	923,200	—
Total	\$ 300,695,646	\$ —	\$ 31,151,846	\$ 269,543,800

See information disaggregated by security type and industry classification in the Consolidated Schedule of Investments.

2018 Annual Report

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Quantitative Information about Level 3 Fair Value Measurements

The following table represents quantitative information about Level 3 fair value measurements as of December 31, 2018.

	Fair Value	Valuation Technique	Unobservable Inputs	Range	Weighted**
Bank Loans	\$21,927,486	Broker Quote	Single Broker	94.0% to 100.5%	98.1%
	\$108,300,972	Discounted Cash Flows	Discount Rate	5.4% to 12.8%	7.7%
Corporate Bonds	\$89,699,698	Discounted Cash Flows	Discount Rate	7.7% to 18.5%	13.1%
	\$16,634,698	Market Approach	Valuation Multiple	3.8x to 9.5x	7.1x
			EBITDA	\$0.5 million to \$15.3 million	\$7.7 million
Equity Securities*	\$31,626,475	Market Approach	Valuation Multiple	3.8x to 14.1x	8.9x
			EBITDA	\$0.5 million to \$279.6 million	\$50.7 million
	\$1,102,118	Broker Quote	Single Broker	\$0.10 to \$36.00	\$24.11

Certain of the Trust's Level 3 equity securities investments have been valued using unadjusted inputs that have not been internally developed by the Trust, including recently purchased securities held at cost. As a result, fair value of assets of \$252,353 have been excluded from the preceding table.

*Including partnerships and LLC's

** The weighted averages disclosed in the table above were weighted by relative fair value

Following is a reconciliation of Level 3 assets for which significant unobservable inputs were used to determine fair value:

	Beginning balance at 12/31/2017	Included in earnings	Purchases	Sales	Prepayments	Transfers into Level 3	Transfers out of Level 3	Ending balance 12/31/2018
Assets:								
Restricted Securities

Stock
Preferred
Stock

— — — — — — — — —
 \$232,719,310 \$(5,086,989) \$123,152,832 \$(47,075,610) \$(34,060,968) \$5,474,101 \$(5,578,876) \$269,54

There were no transfers into or out of Level 1 or Level 2 assets.

Income, Gains and Losses on Level 3 assets included in Net Increase in Net Assets resulting from Operations for the year are presented in the following accounts on the Statement of Operations:

	Net Increase in Net Assets Resulting from Operations	Change in Unrealized Gains & (Losses) in Net Assets from assets still held
Interest (Amortization)	\$2,017,183	\$—
Net realized gain on investments before taxes	9,555,791	—
Net change in unrealized depreciation of investments before taxes	(16,659,963)	(10,107,849)

Barings Corporate Investors

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

B. Accounting for Investments:

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis, including the amortization of premiums and accretion of discounts on bonds held. The Trust does not accrue income when payment is delinquent and when management believes payment is questionable.

Realized gains and losses on investment transactions are reported for financial statement and Federal income tax purposes on the identified cost method.

C. Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

D. Federal Income Taxes:

The Trust has elected to be taxed as a "regulated investment company" under the Internal Revenue Code, and intends to maintain this qualification and to distribute substantially all of its net taxable income to its shareholders. In any year when net long-term capital gains are realized by the Trust, management, after evaluating the prevailing economic conditions, will recommend that the Trustees either designate the net realized long-term gains as undistributed and pay the Federal capital gains taxes thereon or distribute all or a portion of such net gains. In 2018, the Trust incurred \$759,562 of tax as a result of retaining capital gains.

The Trust is taxed as a regulated investment company and is therefore limited as to the amount of non-qualified income that it may receive as the result of operating a trade or business, e.g. the Trust's pro rata share of income allocable to the Trust by a partnership operating company. The Trust's violation of this limitation could result in the loss of its status as a regulated investment company, thereby subjecting all of its net income and capital gains to corporate taxes prior to distribution to its shareholders. The Trust, from time-to-time, identifies investment opportunities in the securities of entities that could cause such trade or business income to be allocable to the Trust. The CI Subsidiary Trust (described in Footnote 1 above) was formed in order to allow investment in such securities without adversely affecting the Trust's status as a regulated investment company.

Net investment income and net realized gains or losses of the Trust as presented under U.S. GAAP may differ from distributable taxable earnings due to earnings from the CI Subsidiary Trust as well as certain permanent and temporary differences in the recognition of income and realized gains or losses on certain investments. In accordance with U.S. GAAP, the Trust has made reclassifications among its capital accounts. These reclassifications are intended to adjust the components of net assets to reflect the tax character of permanent book/tax differences and have no impact on the net assets or net asset value of the Trust. As of December 31, 2018, the Trust made reclassifications to increase or (decrease) the components of net assets detailed below:

Paid-In Capital	Total Distributable Earnings	Retained Capital Gains
(\$1,265,636)	(\$3,508,840)	\$4,774,476

The Trusts' current income tax expense as shown on the Statement of Operations is \$2,457,015 which is comprised of income tax expense on long term capital gains retained related to the regulated investment company of \$759,562 as

Explanation of Responses:

well as taxes related to the CI Subsidiary Trust as described in the table below of \$1,697,453.

The CI Subsidiary Trust is not taxed as a regulated investment company. Accordingly, prior to the Trust receiving any distributions from the CI Subsidiary Trust, all of the CI Subsidiary Trust's taxable income and realized gains, including non-qualified income and realized gains, is subject to taxation at prevailing corporate tax rates.

The components of income taxes included in the consolidated Statement of Operations for the year ended December 31, 2018 were as follows:

Income tax expense (benefit)

Current:	
Federal	\$1,137,764
State	559,689
Total current	1,697,453
Deferred:	
Federal	\$—
State	—
Total deferred	—
Total income tax expense from continuing operations	\$1,697,453

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of the existing assets and liabilities and their respective tax basis. As of December 31, 2018, the CI Subsidiary Trust has no deferred tax liability.

2018 Annual Report

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and liabilities as of December 31, 2018 were as follows:

Deferred tax assets:

Unrealized loss on investments	\$515,901
Total deferred tax assets	515,901
Less valuation allowance	(515,901)
Net deferred tax asset	—
Unrealized gain on investments	—
Total deferred tax liabilities	—
Net deferred tax liability	\$—

The Trust recognizes a tax benefit from an uncertain position only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authority's widely understood administrative practices and precedents. If this threshold is met, the Trust measures the tax benefit as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. Tax positions not deemed to meet the "more-likely-than-not" threshold are reserved and recorded as a tax benefit or expense in the current year. All penalties and interest associated with income taxes are included in income tax expense. The Trust has evaluated and determined that the tax positions did not have a material effect on the Trust's financial position and results of operations for the year ended December 31, 2018.

A reconciliation of the differences between the Trust's income tax expense and the amount computed by applying the prevailing U.S. Federal tax rate to pretax income for the year ended December 31, 2018 is as follows:

	Amount	Percentage	
Provision for income taxes at the U.S. federal rate	\$(303,658)	21.00	%
State tax, net of federal effect	66,154	-4.57	%
Change in valuation allowance	1,530,909	-105.87	%
Other	404,048	-27.95	%
Income tax expense	\$1,697,453	-117.39	%

Each of the Trust's Federal tax returns for the prior three fiscal years remains subject to examination by the Internal Revenue Service.

E. Distributions to Shareholders:

The Trust records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. The Trust's net investment income dividend is declared four times per year, in April, July, October, and December. The Trust's net realized capital gain distribution, if any, is declared in December.

The tax basis components of distributable earnings at December 31, 2018 are as follows:

Undistributed Ordinary Income	\$3,369,368
Accumulated Realized Gain	9,194,798
Net Unrealized Appreciation/(Depreciation)	(12,136,690)

The differences between book-basis and tax-basis unrealized appreciation/(depreciation) are primarily due to partnership investments.

The following information is provided on a tax basis as of December 31, 2018:

Tax Cost	\$312,832,336
Tax Unrealized Appreciation	13,369,224
Tax Unrealized Depreciation	(25,505,914)
Net Unrealized Depreciation	(12,136,690)

The tax character of distributions declared during the years ended December 31, 2018 and 2017 was as follows:

Distributions paid from:	2018	2017
Ordinary Income	\$24,034,954	\$23,863,040

3. Investment Services Contract

A. Services:

Under an Investment Services Contract (the "Contract") with the Trust, Barings agrees to use its best efforts to present to the Trust a continuing and suitable investment program consistent with the investment objectives and policies of the Trust. Barings represents the Trust in any negotiations with issuers, investment banking firms, securities brokers or dealers and other institutions or investors relating to the Trust's investments. Under the Contract, Barings also provides administration of the day-to-day operations of the Trust and provides the Trust with office space and office equipment, accounting and bookkeeping services, and necessary executive, clerical and secretarial personnel for the performance of the foregoing services.

Barings Corporate Investors

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

B. Fee:

For its services under the Contract, Barings is paid a quarterly investment advisory fee of 0.3125% of the net asset value of the Trust as of the last business day of each fiscal quarter, which is approximately equal to 1.25% annually. A majority of the Trustees, including a majority of the Trustees who are not interested persons of the Trust or of Barings, approve the valuation of the Trust's net assets as of such day.

4. Senior Secured Indebtedness

MassMutual holds the Trust's \$30,000,000 Senior Fixed Rate Convertible Note (the "Note") issued by the Trust on November 15, 2017. The Note is due November 15, 2027 and accrues interest at 3.53% per annum. MassMutual, at its option, can convert the principal amount of the Note into common shares. The dollar amount of principal would be converted into an equivalent dollar amount of common shares based upon the average price of the common shares for ten business days prior to the notice of conversion. For the year ended December 31, 2018, the Trust incurred total interest expense on the Note of \$1,059,000.

The Trust may redeem the Note, in whole or in part, at the principal amount proposed to be redeemed together with the accrued and unpaid interest thereon through the redemption date plus a Make Whole Premium. The Make Whole Premium equals the excess of (i) the present value of the scheduled payments of principal and interest which the Trust would have paid but for the proposed redemption, discounted at the rate of interest of U.S. Treasury obligations whose maturity approximates that of the Note plus 0.50% over (ii) the principal of the Note proposed to be redeemed.

Management estimates that the fair value of the Note was \$29,536,020 as of December 31, 2018. The fair value measurement of the Note would be categorized as a Level 3 under ASC 820.

5. Purchases and Sales of Investments

	2018	
	Cost of Investments Acquired	Proceeds from Sales or Maturities
Corporate restricted securities	\$ 131,359,666	\$ 129,920,015
Corporate public securities	20,079,985	44,124,318

The net unrealized depreciation of investments for financial reporting purposes as of December 31, 2018 is \$11,029,937 and consists of \$14,836,746 appreciation and \$25,866,683 depreciation.

6. Quarterly Results of Investment Operations (Unaudited)

Explanation of Responses:

March 31, 2018

	Amount	Per Share
--	--------	-----------

Investment income	\$7,604,497	
Net investment income	6,173,533	\$0.31
Net realized and unrealized loss on investments (net of taxes)	(5,455,121)	(0.27)

June 30, 2018

	Amount	Per Share
--	--------	-----------

Investment income	\$7,739,860	
Net investment income	6,319,243	\$0.32
Net realized and unrealized loss on investments (net of taxes)	(4,147,255)	(0.21)

September 30, 2018

	Amount	Per Share
--	--------	-----------

Investment income	\$7,913,958	
Net investment income	6,480,100	\$0.32
Net realized and unrealized gain on investments (net of taxes)	3,902,125	0.19

December 31, 2018

	Amount	Per Share
--	--------	-----------

Investment income	\$7,176,699	
Net investment income	5,239,076	\$0.26
Net realized and unrealized loss on investments (net of taxes)	(8,925,230)	(0.45)

7. Investment Risks

In the normal course of its business, the Trust trades various financial instruments and enters into certain investment activities with investment risks. These risks include: (i) market risk, (ii) volatility risk and (iii) credit, counterparty and liquidity risk. It is the Trust's policy to identify, measure and monitor risk through various mechanisms including risk management strategies and credit policies. These include monitoring risk guidelines and diversifying exposures across a variety of instruments, markets and counterparties. There can be no assurance that the Trust will be able to implement its credit guidelines or that its risk monitoring strategies will be successful.

2018 Annual Report

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

8. Commitments and Contingencies

During the normal course of business, the Trust may enter into contracts and agreements that contain a variety of representations and warranties. The exposure, if any, to the Trust under these arrangements is unknown as this would involve future claims that may or may not be made against the Trust and which have not yet occurred. The Trust has no history of prior claims related to such contracts and agreements.

At December 31, 2018, the Trust had the following unfunded commitments:

<u>Investment</u>	Unfunded Amount
ROI Solutions	\$2,235,294
LAC Acquisition LLC	\$1,876,543
VP Holding Company	\$1,405,882
CORA Health Services	\$1,264,808
Specified Air Solutions	\$1,015,081
U.S. Legal Support, Inc.	\$845,075
UBEO, LLC	\$715,909
Pegasus Transtech Corporation	\$277,778
U.S. Retirement and Benefit Partners, Inc.	\$238,000
New Mountain Learning, LLC	\$234,253
Polytex Holdings LLC	\$28,962

9. Aggregate Remuneration Paid to Officers, Trustees and Their Affiliated Persons

For the year ended December 31, 2018, the Trust paid its Trustees aggregate remuneration of \$386,375. During the year, the Trust did not pay any compensation to any of its Trustees who are "interested persons" (as defined by the 1940 Act) of the Trust. The Trust classifies Messrs. Noreen and Joyal as "interested persons" of the Trust.

All of the Trust's officers are employees of Barings or MassMutual. Pursuant to the Contract, the Trust does not compensate its officers who are employees of Barings or MassMutual (except for the Chief Compliance Officer of the Trust unless assumed by Barings). For the year ended December 31, 2018, Barings paid the compensation of the Chief Compliance Officer of the Trust.

Mr. Noreen, one of the Trust's Trustees, is an "affiliated person" (as defined by the 1940 Act) of MassMutual and Barings.

In addition to the amounts payable pursuant to the Contract, the Trust paid Barings \$3,831 to reimburse expenses paid on behalf of the Trust.

10. Certifications

As required under New York Stock Exchange ("NYSE") Corporate Governance Rules, the Trust's principal executive officer has certified to the NYSE that he was not aware, as of the certification date, of any violation by the Trust of the NYSE's Corporate Governance listing standards. In addition, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and related SEC rules, the Trust's principal executive and principal financial officers have made quarterly certifications, included in filings with the SEC on Forms N-CSR and N-Q, relating to, among other things, the Trust's disclosure controls and procedures and internal control over financial reporting, as applicable.

Explanation of Responses:

11. Subsequent Events

The Trust has evaluated the possibility of subsequent events after the balance sheet date of December 31, 2018, through the date that the financial statements are issued. The Trust has determined that there are no material events that would require recognition or disclosure in this report through this date.

Barings Corporate Investors

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Trustees of Barings Corporate Investors

Opinion on the Financial Statements

We have audited the accompanying consolidated statement of assets and liabilities of Barings Corporate Investors and subsidiary (collectively, the "Trust"), including the consolidated schedule of investments, as of December 31, 2018, the related consolidated statements of operations and cash flows for the year then ended, the consolidated statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the consolidated financial statements) and the consolidated financial highlights for each of the years in the five-year period then ended. In our opinion, the consolidated financial statements and consolidated financial highlights present fairly, in all material respects, the financial position of the Trust as of December 31, 2018, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These consolidated financial statements and consolidated financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these consolidated financial statements and consolidated financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements and consolidated financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements and consolidated financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements and consolidated financial highlights. Such procedures also included confirmation of securities owned as of December 31, 2018, by correspondence with custodians and brokers or by other appropriate auditing procedures when replies from brokers were not received. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements and consolidated financial highlights. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of the Trust since 2004.

* Officers hold their position with the Trusts until a successor has been duly elected and qualified. Officers are generally elected annually by the Board of each Trust. The officers were last elected on July 25, 2018.

Barings Corporate Investors

This page left intentionally blank.

Barings Corporate Investors

DIVIDEND REINVESTMENT AND SHARE PURCHASE PLAN

Barings Corporate Investors (the "Trust") offers a Dividend Reinvestment and Share Purchase Plan (the "Plan"). The Plan provides a simple way for shareholders to add to their holdings in the Trust through the receipt of dividend shares issued by the Trust or through the investment of cash dividends in Trust shares purchased in the open market. A shareholder may join the Plan by filling out and mailing an authorization card to DST Systems, Inc., the Transfer Agent.

Participating shareholders will continue to participate until they notify the Transfer Agent, in writing, of their desire to terminate participation. Unless a shareholder elects to participate in the Plan, he or she will, in effect, have elected to receive dividends and distributions in cash. Participating shareholders may also make additional contributions to the Plan from their own funds. Such contributions may be made by personal check or other means in an amount not less than \$10 nor more than \$5,000 per quarter. Cash contributions must be received by the Transfer Agent at least five days (but no more than 30 days) before the payment date of a dividend or distribution.

Whenever the Trust declares a dividend payable in cash or shares, the Transfer Agent, acting on behalf of each participating shareholder, will take the dividend in shares only if the net asset value is lower than the market price plus an estimated brokerage commission as of the close of business on the valuation day. The valuation day is the last day preceding the day of dividend payment.

When the dividend is to be taken in shares, the number of shares to be received is determined by dividing the cash dividend by the net asset value as of the close of business on the valuation date or, if greater than net asset value, 95% of the closing share price. If the net asset value of the shares is higher than the market value plus an estimated commission, the Transfer Agent, consistent with obtaining the best price and execution, will buy shares on the open market at current prices promptly after the dividend payment date.

The reinvestment of dividends does not, in any way, relieve participating shareholders of any federal, state or local tax. For federal income tax purposes, the amount reportable in respect of a dividend received in newly-issued shares of the Trust will be the fair market value of the shares received, which will be reportable as ordinary income and/or capital gains.

As compensation for its services, the Transfer Agent receives a fee of 5% of any dividend and cash contribution (in no event in excess of \$2.50 per distribution per shareholder.)

Any questions regarding the Plan should be addressed to DST Systems, Inc., Agent for Barings Corporate Investors' Dividend Reinvestment and Share Purchase Plan, P.O. Box 219086, Kansas City, MO 64121-9086.

Barings
CORPORATE INVESTORS
2018 Annual Report

CI6369

ITEM 2. CODE OF ETHICS.

The Registrant adopted a Code of Ethics for Senior Financials Officers (the "Code") on October 17, 2003, which is available on the Registrant's website at www.barings.com/mci. During the period covered by this Form N-CSR, there were no amendments to, or waivers from, the Code.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The Registrant's Board of Trustees has determined that Mr. Michael H. Brown, a Trustee of the Registrant and a member of its Audit Committee, is an audit committee financial expert. Mr. Brown is "independent" for purposes of this Item 3 as required by applicable regulation.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

The Registrant has engaged its principal accountant, KPMG LLP, to perform audit services, audit-related services, tax services and other services during the past two fiscal years. The following table details the aggregate fees billed or expected to be billed for each of the last two fiscal years by KPMG LLP.

Fees Billed to the Registrant:

	KPMG LLP	KPMG LLP
	Year Ended	Year Ended
	December 31, 2018	December 31, 2017
Audit Fees	\$ 117,150	\$ 97,625
Audit-Related Fees	17,500	0
Tax Fees	45,665	45,665

Explanation of Responses:

All Other Fees	0	0
Total Fees	\$ 180,315	\$ 143,290

Non-Audit Fees Billed to Barings and MassMutual:

	KPMG LLP	KPMG LLP
	Year Ended	Year Ended
	December 31,	December 31,
	2018	2017
Audit-Related Fees	\$ 1,425,297	\$ 1,618,525
Tax Fees	415,500	30,000
All Other Fees	2,730	202,280
Total Fees	\$ 1,843,527	\$ 1,850,805

The category "Audit Fees" refers to performing an audit of the Registrant's annual financial statements or services that are normally provided by the principal accountant in connection with statutory and regulatory filings or engagements for those fiscal years. The category "Audit-Related Fees" reflects fees billed by KPMG LLP for various non-audit and non-tax services rendered to the Registrant, Barings and MassMutual, such as a SOC - 1 review, consulting and agreed upon procedures reports. Preparation of Federal, state and local income tax and tax compliance work are representative of the fees reported in the "Tax Fees" category. The category "All Other Fees" represents fees billed by KPMG LLP for consulting rendered to the Registrant, Barings and MassMutual.

The Sarbanes-Oxley Act of 2002 and its implementing regulations allow the Registrant's Audit Committee to establish a pre-approval policy for certain services rendered by the Registrant's principal accountant. During 2016, the Registrant's Audit Committee approved all of the services rendered to the Registrant by KPMG LLP and did not rely on such a pre-approval policy for any such services.

The Audit Committee has also reviewed the aggregate fees billed for professional services rendered by KPMG LLP for 2017 and 2018 for the Registrant and for the non-audit services provided to Barings, and Barings' parent, MassMutual. As part of this review, the Audit Committee considered whether the provision of such non-audit services was compatible with maintaining the principal accountant's independence.

The 2017 fees billed represent final 2017 amounts, which may differ from the preliminary figures available as of the filing date of the Registrant's 2017 Annual Form N-CSR and includes, among other things, fees for services that may not have been billed as of the filing date of the Registrant's 2017 Annual Form N-CSR, but are now properly included in the 2017 fees billed to the Registrant, Barings and MassMutual.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The Registrant maintains an Audit Committee composed exclusively of Trustees of the Registrant who qualify as "independent" Trustees under the current listing standards of the New York Stock Exchange and the rules of the U.S. Securities and Exchange Commission. The Audit Committee operates pursuant to a written Audit Committee Charter, which is available (1) on the Registrant's website, www.barings.com/mci; and (2) without charge, upon request, by calling, toll-free 866-399-1516. The current members of the Audit Committee are Michael H. Brown, Barbara M. Ginader, Edward P. Grace, III, Susan B. Sweeney and Maleyne M. Syracuse.

ITEM 6. SCHEDULE OF INVESTMENTS

A schedule of investments for the Registrant is included as part of this report to shareholders under Item 1 of this Form N-CSR.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Registrant's Board of Trustees has delegated proxy voting responsibilities relating to the voting securities held by the Registrant to its investment adviser, Barings LLC ("Barings"). A summary of Barings' proxy voting policies and procedures are set forth below.

Summary of Barings' Proxy Voting Policy:

Barings understands that the voting of proxies is an integral part of its investment management responsibility and believes, as a general principle, that proxies should be acted upon (voted or abstained) solely in the best interest of its clients (i.e. in a manner believed by Barings to best pursue a client's investment objectives). To implement this general principle, Barings engages a proxy service provider (the "Service Provider") that is responsible for processing and maintaining records of proxy votes. In addition, the Service Provider will retain the services of an independent third party research provider (the "Research Provider") to provide research and recommendations on proxies. It is Barings' Global Proxy Voting Policy to generally vote proxies in accordance with the recommendations of the Research Provider. In circumstances where the Research Provider has not provided recommendations with respect to a proxy, Barings will vote in accordance with the Research Provider's proxy voting guidelines (the "Guidelines"). In circumstances where the Research Provider has not provided a recommendation or has not contemplated an issue within its Guidelines, the proxy will be analyzed on a case-by-case basis.

Barings recognizes that there are times when it is in the best interest of clients to vote proxies (i) against the Research Provider's recommendations or (ii) in instances where the Research Provider has not provided a recommendation vote against the Guidelines. Barings can vote, in whole or in part, against the Research Provider's recommendations or Guidelines, as it deems appropriate. The procedures set forth in the Global Proxy Voting Policy are designed to ensure that votes against the Research Provider's recommendations or Guidelines are made in the best interests of clients and are not the result of any material conflict of interest (a "Material Conflict"). For purposes of the Global Proxy Voting Policy, a Material Conflict is defined as any position, relationship or interest, financial or otherwise, of Barings or a Barings associate that could reasonably be expected to affect the independence or judgment concerning proxy voting.

Summary of Barings' Proxy Voting Procedures:

Barings will vote all client proxies for which it has proxy voting discretion, where no Material Conflict exists, in accordance with the Research Provider's recommendations or Guidelines, unless (i) Barings is unable or determines not to vote a proxy in accordance with the Global Proxy Voting Policy or (ii) an authorized investment person or designee (a "Proxy Analyst") determines that it is in the client's best interests to vote against the Research Provider's recommendations or Guidelines. In such cases where a Proxy Analyst believes a proxy should be voted against the Research Provider's recommendations or Guidelines, the proxy administrator will vote the proxy in accordance with the Proxy Analyst's recommendation as long as (i) no other Proxy Analyst disagrees with such recommendation and (ii) no known Material Conflict is identified by the Proxy Analyst(s) or the proxy administrator. If a Material Conflict is identified by a Proxy Analyst or the proxy administrator, the proxy will be submitted to the Trading Practices Committee to determine how the proxy is to be voted in order to achieve that client's best interests.

No associate, officer, director or board of managers/directors of Barings or its affiliates (other than those assigned such responsibilities under the Global Proxy Voting Policy) can influence how Barings votes client proxies, unless such person has been requested to provide assistance by a Proxy Analyst or Trading Practices Committee member and has disclosed any known Material Conflict. Pre-vote communications with proxy solicitors are prohibited. In the event that pre-vote communications occur, it should be reported to the Trading Practices Committee or Barings' Chief Compliance Officer prior to voting. Any questions or concerns regarding proxy-solicitor arrangements should be addressed to Barings' Chief Compliance Officer.

Investment management agreements generally delegate the authority to vote proxies to Barings in accordance with Barings' Global Proxy Voting Policy. In the event an investment management agreement is silent on proxy voting, Barings should obtain written instructions from the client as to their voting preference. However, when the client does not provide written instructions as to their voting preferences, Barings will assume proxy voting responsibilities. In the event that a client makes a written request regarding voting, Barings will vote as instructed.

Obtaining a Copy of the Proxy Voting Policy

Clients can obtain a copy of Barings' Proxy Voting Policy and information about how Barings voted proxies related to their securities, free of charge, by contacting the Chief Compliance Officer, Barings LLC, 1500 Main Street, Suite 2800, P.O. Box 15189, Springfield, MA 01115-5189, or calling toll-free, 1-877-766-0014.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The following disclosure item is made as of the date of this Form N-CSR unless otherwise indicated.

PORTFOLIO MANAGER. Robert M. Shettle serves as the President of the Registrant (since June 2016) and as one of its Portfolio Managers. Mr. Shettle began his service to the Registrant in 2015 as a Vice President. With over 19 years of industry experience, Mr. Shettle is a Managing Director of Barings and Head of the North America Mezzanine and Private Equity Group of Barings. He joined Barings in 2006. Prior to joining Barings, he spent six years at Fleet National Bank as a Vice President and commercial loan officer and three years at Anderson Consulting. At Barings, he has focused on originating, analyzing, structuring and documenting mezzanine and private equity investments. Mr. Shettle holds a B.S. from the University of Connecticut and a M.B.A. from Rensselaer Polytechnic Institute. He is also a Chartered Financial Analyst. Mr. Shettle also presently serves as President of Barings Participation Investors, another closed-end management investment company advised by Barings.

PORTFOLIO MANAGEMENT TEAM. Mr. Shettle has primary responsibility for overseeing the investment of the Registrant's portfolio, with the day-to-day investment management responsibility of the Registrant's portfolio being shared with the following Barings' investment professional (together with the Portfolio Manager, the "Portfolio Team").

Sean Feeley is responsible for the day-to-day management of the Registrant's public high yield and investment grade fixed income portfolio. Mr. Feeley has been a Vice President of the Registrant since 2011. Mr. Feeley is a Managing Director of Barings and head of the High Yield Research Team with over 24 years of industry experience in high yield bonds and loans in various investment strategies. Prior to joining Barings in 2003, he was a Vice President at Cigna Investment Management in project finance and a Vice President at Credit Suisse in leveraged loan finance. Mr. Feeley holds a B.S. from Canisius College and an M.B.A. from Cornell University. Mr. Feeley is a Certified Public Accountant and a Chartered Financial Analyst. Mr. Feeley also serves as Vice President of Barings Participation Investors and President of Barings Global Short Duration High Yield Fund, both closed-end management investment companies advised by Barings.

OTHER ACCOUNTS MANAGED BY THE PORTFOLIO TEAM. The members of the Registrant's Portfolio Team also have primary responsibility for the day-to-day management of other Barings advisory accounts, including, among others, closed-end and open-end investment companies, private investment funds, MassMutual-affiliated accounts, as well as separate accounts for institutional clients. These advisory accounts are identified below.

PORTFOLIO TEAM	ACCOUNT CATEGORY	TOTAL NUMBER OF ACCOUNTS	APPROXIMATE TOTAL ASSET SIZE ^{1,2}	NUMBER OF ACCOUNTS WITH PERFORMANCE-BASED ADVISORY FEE	APPROXIMATE ASSET SIZE OF PERFORMANCE-BASED ADVISORY FEE ACCOUNTS ^{1, 2}

	Other Pooled Investment Vehicles	9	\$436.66	0	\$0
	Other Accounts ⁴	0	\$0	0	\$0
Sean Feeley	Registered Investment Companies	5	\$1,425.72	0	\$0
	Other Pooled Investment Vehicles	9	\$2,101.91	0	\$0
	Other Accounts ⁵	22	\$2,287.01	0	\$0

¹ Account assets have been calculated as of December 31, 2018.

² Account size in millions.

³ Mr. Lloyd, as head of Barings' Global Private Finance Group, has overall responsibility for all middle market senior and mezzanine securities managed by Barings. Except for the accounts noted in the table above, Mr. Lloyd is not primarily responsible for the day-to-day management of other accounts managed by Barings' Global Private Finance

Explanation of Responses:

Group.

Mr. Shettle manages the middle market senior and mezzanine securities of the general investment account of
⁴Massachusetts Mutual Life Insurance Company and C.M. Life Insurance Company; however, these assets are not
represented in the table above.

Mr. Feeley managed the high yield sector of the general investment account of Massachusetts Mutual Life Insurance
⁵Company and C.M. Life Insurance Company; however, these assets are not represented in the table above.

MATERIAL CONFLICTS OF INTEREST. The potential for material conflicts of interest may exist as the members of the Portfolio Management Team have responsibilities for the day-to-day management of multiple advisory accounts. These conflicts may be heightened to the extent the individual, Barings and/or an affiliate has an investment in one or more of such accounts. Barings has identified (and summarized below) areas where material conflicts of interest are most likely to arise, and has adopted policies and procedures that it believes are reasonable to address such conflicts.

Transactions with Affiliates: From time to time, Barings or its affiliates, including MassMutual and its affiliates acts as principal, buys securities or other investments for itself from or sells securities or other investments it owns to its advisory clients. Likewise, Barings can either directly or on behalf of MassMutual, purchase and/or hold securities or other investments that are subsequently sold or transferred to advisory clients. Barings has a conflict of interest in connection with a transaction where it or an affiliate is acting as principal since it has an incentive to favor itself or its affiliates over its advisory clients in connection with the transaction. To address the conflicts of interest, Barings has adopted a Transactions with Affiliates Policy, which ensures any such transaction is consistent with Barings' fiduciary obligations to act in the best interests of its clients, including its ability to obtain best execution in connection with the transaction, and is in compliance with applicable legal and regulatory requirements.

Cross Trades: Barings can effect cross-trades on behalf of its advisory clients whereby one advisory client buys securities or other investments from or sells securities or other investments to another advisory client. Barings can also effect cross-trades involving advisory accounts or funds in which it or its affiliates, including MassMutual, and their respective employees, have an ownership interest or for which Barings is entitled to earn a performance fee. As a result, Barings has a conflict of interest in connection with the cross-trade since it has an incentive to favor the advisory client or fund in which it or its affiliate has an ownership interest and/or is entitled to a performance fee. To address the conflicts of interest, Barings has adopted a Transactions with Affiliates Policy, which ensures any such cross-trade is consistent with Barings' fiduciary obligations to act in the best interests of each of its advisory clients, including its ability to obtain best execution for each advisory client in connection with the cross-trade transaction, and is in compliance with applicable legal and regulatory requirements. Barings will not receive a commission or any other remuneration (other than its advisory fee) for effecting cross-trades between advisory clients.

Loan Origination Transactions: While Barings or its affiliates generally do not act as an underwriter or member of a syndicate in connection with a securities offering, Barings or its affiliates (or an unaffiliated entity in which Barings or its affiliates have an ownership interest) can act as an underwriter, originator, agent, or member of a syndicate in connection with the origination of senior secured loans or other lending arrangements with borrowers, where such loans are purchased by Barings advisory clients during or after the original syndication. Barings advisory clients purchase such loans directly from Barings or its affiliates (or an unaffiliated entity in which Barings or its affiliates have an ownership interest) or from other members of the lending syndicate. In connection with such loan originations, Barings or its affiliates, either directly or indirectly, receive underwriting, origination, or agent fees. As a result, Barings has a conflict of interest in connection with such loan origination transactions since it has an incentive to base its investment recommendation to its advisory clients on the amount of compensation, underwriting, origination or agent fees it would receive rather than on its advisory clients' best interests. To address the conflict of interest, Barings has adopted a Transactions with Affiliates Policy, which ensures any such transaction is consistent with Barings' fiduciary obligations to act in the best interests of its clients, including its ability to obtain best execution in connection with the transaction, and is in compliance with applicable legal and regulatory requirements.

Investments by Advisory Clients: Barings has the ability to invest client assets in securities or other investments that are also held by (i) Barings or its affiliates, including MassMutual, (ii) other Barings advisory accounts, (iii) funds or accounts in which Barings or its affiliates or their respective employees have an ownership or economic interest or (iv) employees of Barings or its affiliates. Barings also has the ability, on behalf of its advisory clients, to invest in the same or different securities or instruments of issuers in which (a) Barings or its affiliates, including MassMutual, (b)

other Barings advisory accounts, (c) funds or accounts in which Barings, its affiliates, or their respective employees have an ownership or economic interest or (d) employees of Barings or its affiliates, have an ownership interest as a holder of the debt, equity or other instruments of the issuer. Barings has a conflict of interest in connection with any such transaction since investments by its advisory clients can directly or indirectly benefit Barings and/or its affiliates and employees by potentially increasing the value of the securities or instruments it holds in the issuer. Any investment by Barings on behalf of its advisory clients will be consistent with its fiduciary obligations to act in the best interests of its advisory clients, and otherwise be consistent with such clients' investment objectives and restrictions.

Barings or its affiliates can recommend that clients invest in registered or unregistered investment companies, including private investment funds such as hedge funds, private equity funds or structured funds (i) advised by Barings or an affiliate, (ii) in which Barings, an affiliate or their respective employees has an ownership or economic interest or (iii) with respect to which Barings or an affiliate has an interest in the entity entitled to receive the fees paid by such funds. Barings has a conflict of interest in connection with any such recommendation since it has an incentive to base its recommendation to invest in such investment companies or private funds on the fees that Barings or its affiliates would earn as a result of the investment by its advisory clients in the investment companies or private funds. Any recommendation to invest in a Barings advised fund or other investment company will be consistent with Barings' fiduciary obligations to act in the best interests of its advisory clients, consistent with such clients' investment objectives and restrictions. In certain limited circumstances, Barings offers to clients that invest in private investment funds that it advises an equity interest in entities that receive advisory fees and carried profits interest from such funds.

Employee Co-Investment: Barings permits certain of its portfolio managers and other eligible employees to invest in certain private investment funds advised by Barings or its affiliates and/or share in the performance fees received by Barings from such funds. If the portfolio manager or other eligible employee was responsible for both the portfolio management of the private fund and other Barings advisory accounts, such person would have a conflict of interest in connection with investment decisions since the person has an incentive to direct the best investment ideas, or to allocate trades, in favor of the fund in which he or she is invested or otherwise entitled to share in the performance fees received from such fund. To address the conflicts of interest, Barings has adopted a Side by Side Management of Private Investment Funds and Other Advisory Accounts Policy which requires, among others things, that Barings treat each of its advisory clients in a manner consistent with its fiduciary obligations and prohibits Barings from favoring any particular advisory account as a result of the ownership or economic interests of Barings, its affiliates or employees, in such advisory account. Any investment by a Barings employee in one of its private funds is also governed by Barings' Global Employee Co-Investment Policy, which ensures that any co-investment by a Barings employee is consistent with Barings' Global Code of Ethics Policy.

Management of Multiple Accounts: As noted above, Barings' portfolio managers are often responsible for the day-to-day management of multiple accounts, including, among others, separate accounts for institutional clients, closed-end and open-end registered investment companies, and/or private investment funds (such as hedge funds, private equity funds and structured funds), as well as for proprietary accounts of Barings and its affiliates, including MassMutual and its affiliates. The potential for material conflicts of interest exist whenever a portfolio manager has responsibility for the day-to-day management of multiple advisory accounts. These conflicts are heightened to the extent a portfolio manager is responsible for managing a proprietary account for Barings or its affiliates or where the portfolio manager, Barings and/or an affiliate has an investment in one or more of such accounts or an interest in the performance of one or more of such accounts (e.g., through the receipt of a performance fee).

Investment Allocation: Such potential conflicts include those relating to allocation of investment opportunities. For example, it is possible that an investment opportunity is suitable for more than one account managed by Barings, but is not available in sufficient quantities for all accounts to participate fully. Similarly, there can be limited opportunity to sell an investment held by multiple accounts. A conflict arises where the portfolio manager has an incentive to treat an account preferentially because the account pays Barings or its affiliates a performance-based fee or the portfolio manager, Barings or an affiliate has an ownership or other economic interest in the account. As noted above, Barings also acts as an investment manager for certain of its affiliates, including MassMutual. These affiliate accounts sometimes co-invest jointly and concurrently with Barings' other advisory clients and therefore share in the allocation of such investment opportunities. To address the conflicts of interest associated with the allocation of trading and investment opportunities, Barings has adopted a Global Investment Allocation Policy and trade allocation procedures that govern the allocation of portfolio transactions and investment opportunities across multiple advisory accounts, including affiliated accounts, which are summarized below under Item 12 – Brokerage Practices, Global Investment Allocation Policy. In addition, as noted above, to address the conflicts, Barings has adopted a Side by Side

Management of Private Investment Funds and Other Advisory Accounts Policy which requires, among others things, that Barings treat each of its advisory clients in a manner consistent with its fiduciary obligations and prohibits Barings from favoring any particular advisory account as a result of the ownership or economic interests of Barings, its affiliates or employees, in such advisory accounts. Any investment by a Barings employee in one of its private funds is also governed by Barings' Global Employee Co-Investment Policy, which ensures that any co-investment by a Barings employee is consistent with Barings' Global Code of Ethics Policy.

Personal Securities Transactions; Short Sales: Potential material conflicts of interest also arise related to the knowledge and timing of an account's trades, investment opportunities and broker or dealer selection. Barings and its portfolio managers have information about the size, timing and possible market impact of the trades of each account they manage. It is possible that portfolio managers could use this information for their personal advantage and/or to the advantage or disadvantage of various accounts which they manage. For example, a portfolio manager could cause a favored account to "front run" an account's trade or sell short a security for an account immediately prior to another account's sale of that security. To address these conflicts, Barings has adopted policies and procedures, including a Global Short Sale Policy, which ensures that the use of short sales by Barings is consistent with Barings' fiduciary obligations to its clients, a Side by Side Management of Private Investment Funds and Other Advisory Accounts Policy, which requires, among other things, that Barings treat each of its advisory clients in a manner consistent with its fiduciary obligations and prohibits Barings from favoring any particular account as a result of the ownership or economic interest of Barings, its affiliates or employees and a Global Code of Ethics Policy.

Trade Errors: Potential material conflicts of interest also arise if a trade error occurs in a client account. A trade error is deemed to occur if there is a deviation by Barings from the applicable standard of care in connection with the placement, execution or settlement of a trade for an advisory account that results in (1) Barings purchasing assets not permitted or authorized by a client's investment advisory agreement or otherwise failing to follow a client's specific investment directives; (2) Barings purchasing or selling the wrong security or the wrong amount of securities on behalf of a client's account; or (3) Barings purchasing or selling assets for, or allocating assets to, the wrong client account. When correcting these errors, conflicts of interest between Barings and its advisory accounts arise as decisions are made on whether to cancel, reverse or reallocate the erroneous trades. In order to address the conflicts, Barings has adopted a Global Client Account Errors Policy governing the resolution of trading errors, and will follow the Global Client Account Errors Policy in order to ensure that trade errors are handled promptly and appropriately and that any action taken to remedy an error places the interest of a client ahead of Barings' interest.

Best Execution; Directed or Restricted Brokerage: With respect to securities and other transactions (including, but not limited to, derivatives transactions) for most of the accounts it manages, Barings determines which broker, dealer or other counterparty to use to execute each order, consistent with its fiduciary duty to seek best execution of the transaction. Barings manages certain accounts, however, for clients who limit its discretion with respect to the selection of counterparties or direct it to execute such client's transactions through a particular counterparty. In these cases, trades for such an account in a particular security or other transaction can be placed separately from, rather than aggregated with, those in the same security or transaction for other accounts. Placing separate transaction orders for a security or transaction can temporarily affect the market price of the security or transaction or otherwise affect the execution of the transaction to the possible detriment of one or more of the other account(s) involved. Barings has adopted a Global Best Execution Policy and a Directed or Restricted Brokerage Policy which are summarized below under Item 12 –Brokerage Practices, Counterparty Selection/Recommendations and Directed/Restricted Brokerage.

Barings and its portfolio managers or employees have other actual or potential conflicts of interest in managing an advisory account, and the list above is not a complete description of every conflict of interest that could be deemed to exist.

COMPENSATION. Compensation packages at Barings are structured such that key professionals have a vested interest in the continuing success of the firm. Portfolio managers' compensation is comprised of base salary and a discretionarily allocated incentive bonus, which includes a performance-driven annual bonus, and may include a deferred long-term incentive bonus and also may contain a performance fee award. As part of the firm's continuing effort to monitor retention, Barings participates in annual compensation surveys of investment management firms to ensure that Barings' compensation is competitive with industry norms.

The base salary component is generally positioned at mid-market. Increases are tied to market, individual performance evaluations and budget constraints.

Portfolio Managers may receive a yearly incentive bonus. Factors impacting the potential bonuses include but are not limited to: i) investment performance of funds/accounts managed by a Portfolio Manager, ii) financial performance of Barings, iii) client satisfaction, iv) collaboration, v) risk management and vi) integrity.

Long-term incentives are designed to share the long-term success of the firm and take the form of deferred cash awards, which may include an award that resembles phantom restricted stock; linking the value of the award to a formula which includes Babson's overall earnings, revenue and assets under management. A voluntary separation of service will result in a forfeiture of unvested long-term incentive awards.

BENEFICIAL OWNERSHIP: As of December 31, 2018, members of the Portfolio Management Team, beneficially owned the following dollar range of equity securities in the Registrant:

Portfolio Management Team: Dollar Range of Beneficially Owned* Equity Securities of the Registrant:

Eric Lloyd	\$0
Robert M. Shettle	\$100,001-\$500,000
Sean Feeley	\$0

* Beneficial ownership has been determined in accordance with Rule 16(a)-1(a)(2) under the Securities Exchange Act of 1934, as amended. (Shares "beneficially owned" include the number of shares of the Registrant represented by the value of a Registrant-related investment option under Barings' non-qualified deferred compensation plan for certain officers of Barings (the "Plan"). The Plan has an investment option that derives its value from the market value of the Registrant's shares. However, neither the Plan nor the participant in the Plan has an actual ownership interest in the Registrant's shares.)

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable for this filing.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

Not applicable for this filing.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The principal executive officer and principal financial officer of the Registrant evaluated the effectiveness of the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act")) as of a date within 90 days of the filing date of this report and based on that evaluation have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that material information required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.
- (b) There were no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act) during the Registrant's second fiscal half year that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

ITEM 12. DISCLOSURE OF SECURITIES LENDING ACTIVITIES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

- (a) Not applicable.
- (b) Not applicable.

ITEM 13. EXHIBITS.

(a)(1) ANY CODE OF ETHICS, OR AMENDMENTS THERETO, THAT IS THE SUBJECT OF DISCLOSURE REQUIRED BY ITEM 2, TO THE EXTENT THAT THE REGISTRANT INTENDS TO SATISFY THE ITEM 2 REQUIREMENTS THROUGH THE FILING OF AN EXHIBIT.

Not applicable for this filing.

(a)(2) A SEPARATE CERTIFICATION FOR EACH PRINCIPAL EXECUTIVE OFFICER AND PRINCIPAL FINANCIAL OFFICER OF THE REGISTRANT AS REQUIRED BY RULE 30a-2 UNDER THE ACT.

Attached hereto as EX-99.31.1

Attached hereto as EX-99.31.2

(a)(3) ANY WRITTEN SOLICITATION TO PURCHASE SECURITIES UNDER RULE 23c-1 UNDER THE ACT (17 CFR 270.23c-1) SENT OR GIVEN DURING THE PERIOD COVERED BY THE REPORT BY OR ON BEHALF OF THE REGISTRANT TO 10 OR MORE PERSONS.

Not applicable for this filing.

(b) CERTIFICATIONS PURSUANT TO RULE 30a-2(b) UNDER THE ACT.

Attached hereto as EX-99.32

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
