**Item 1.01 Entry Into a Material Definitive Agreement**

On May 8, 2007, our company, Stockgroup Information Systems Inc., entered into a purchase agreement with Semotus Solutions Inc. ( Semotus ), whereby our company has agreed to acquire the financial information services assets of Semotus, a Los Gatos, California based provider of mobile enterprise software solutions.

We agreed to pay Semotus up to USD\$350,000.00. The purchase price of USD\$150,000.00 will be paid on closing of the deal. Semotus will receive up to an additional 30% of gross revenues up to USD\$200,000 until the balance is

paid if certain conditions are met. The purchase price shall be deemed to be paid in full if any of the following events occur:

- (a) Gross revenue falls below USD\$15,000 (Fifteen Thousand Dollars) a month; or
- (b) USD\$200,000 in fees have been paid; or
- (c) Two years from the closing date.

The Semotus software targets the individual investor, by employing a polling technology that allows users to schedule data delivery at selected intervals or based on triggering events. We believe the polling technology is a cost-effective alternative to streaming market data solutions in markets where the cost of bandwidth and streaming data is price prohibitive.

Stockgroup is purchasing the following Semotus assets:

- (d) material contracts; and
- (e) intellectual property (including, among others, source code, trademarks, etc.).

In connection with the asset purchase, Semotus will provide Stockgroup with certain transition services subject to the conditions of a signed Transition Services Agreement. Some of these services include, human resources, information technology, accounting and legal services.
