FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q and any exhibits to this Report may contain "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. The words "anticipate," "believe," "estimate," "expect," "intend," "will," "should" and similar expressions, as they relate to us, are intended to identify forward-looking statements. These statements reflect management's current beliefs, assumptions and expectations and are subject to a number of factors that may cause actual results to differ materially. These factors include but are not limited to: changes in economic conditions, political conditions, trade protection measures, licensing requirements and tax matters in the United States and in the foreign countries in which we do business; changes in foreign currency exchange rates; actions of competitors; our ability to obtain adequate pricing for our products and services and to maintain and improve cost efficiency of operations, including savings from restructuring actions and the relocation of our service delivery centers; the risk that multi-year contracts with governmental entities could be terminated prior to the end of the contract term; the risk in the hiring and retention of qualified personnel; the risk that unexpected costs will be incurred; the risk that subcontractors, software vendors and utility and network providers will not perform in a timely, quality manner; our ability to recover capital investments; the risk that our Services business could be adversely affected if we are unsuccessful in managing the start-up of new contracts; development of new products and services; our ability to protect our intellectual property rights; our ability to expand equipment placements; the risk that individually identifiable information of customers, clients and employees could be inadvertently disclosed or disclosed as a result of a breach of our security; service interruptions; interest rates, cost of borrowing and access to credit markets; reliance on third parties, including subcontractors, for manufacturing of products and provision of services; our ability to drive the expanded use of color in printing and copying; the outcome of litigation and regulatory proceedings to which we may be a party; and other factors that are set forth in the "Risk Factors" section, the "Legal Proceedings" section, the "Management's Discussion and Analysis of Financial Condition and Results of Operations" section and other sections of this Quarterly Report on Form 10-Q, our Quarterly Report on Form 10-Q for the quarter ended March 31, 2014 and our 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission.
