BASIS OF PRESENTATION

Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2002 and 2001 are not necessarily indicative of the results that may be expected for the years ended December 31, 2002 and 2001. The unaudited condensed financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended December 31, 2001.

FINANCIAL STATEMENT PRESENTATION

Certain amounts in the 2001 financial statements have been reclassified to conform to the 2002 presentation.

Subsequent Event

As reported on Form 8-K dated filed April 1, 2002, the Company consummated the acquisition of Interstate University, Inc ("Interstate"). The acquisition was effectuated through the purchase of 99% of Interstate's issued and outstanding common stock from Midwest Merger Management, LLC, a Kentucky limited liability company ("Midwest"). The purchase price of \$200,000 was transferred by promissory note, payable over five years, commencing on the first anniversary date of the closing, with interest at the rate of 4% per annum, secured by a pledge of the Shares. Midwest also has the right, upon default of the Company, to return all payments made toward the purchase, with interest, and retain the Shares. As additional consideration, Interstate will receive earn-out payments equal to 10% of Interstate's net income through December 31, 2006. Also, Midwest retains ownership of preferred stock which carry no economic rights, but control the election of Interstate's Board of Directors.

Three Month Periods Ended March 31, 2002 and 2001:

Edgar Filing: LOGISTICS MANAGEMENT RESOURCES INC - Form 10QSB

Revenue - Total revenue for the three months ended March 31, 2001 was \$-0- compared to \$-0- for the three months ended March 31, 2002. The principle reason for the Company having \$-0- revenue is the fact that the Company has been in a restructuring phase since placing its operating subsidiaries into bankruptcy in November of 2000. The Company continues working through the restructure of its debt and the mitigation of outstanding litigation's.

Operating Expenses - Operating expenses for the three months ended March 31, 2001 were \$686,648 as compared to \$621,938 for the three months ended March 31, 2002. The principle reason for the decrease is the elimination of all administrative expenses not required in the restructuring of the company and the Company's decision to freeze any additional increases of interest as related to on going litigation with G.E. Capital Corporation.

Operating Loss before Discontinued Operations - Operating loss before discontinued operations for the three months ended March 31, 2001 was (\$686,648) as compared to (\$621,938) for the three months ended March 31, 2002. The reason for the decrease is the non-existence of business activity in the current quarter.

Discontinued Operations - The Company had losses from discontinued operations for the three months ended March 31, 2001 of (\$332,633) as compared to a loss from discontinued operations for the three months ended March 31, 2002 of (\$-0-). The reason for the decrease is the non-existence of expenses attributable to the Company's previously discontinued operations in the current quarter.

Net Loss - The Company had net a loss of (\$1,019,281) for the three months ended March 31, 2001 as compared to a net loss of (\$621,938) for the three months ended March 31, 2002. The decrease in the net loss is attributable to the non-existence of business activity in the current quarter, the non-existence of expenses attributable to the Company's previously discontinued operations and the elimination of all administrative expenses not required in the Company's restructuring efforts.

Liquidity and Capital Resources - The Company's present operations are limited; consisting primarily of efforts to mitigate or otherwise resolve, through litigation, negotiation, or settlement, its material liabilities. Future operations are dependent upon the Company's success in resolving its existing liabilities, and its access to additional sources of capital sufficient to allow it to acquire or merge with another business operation. There can be no assurance that the Company will be successful in these efforts.
