Item 7.01. Regulation FD Disclosure.

On September 8, 2004, Equity Residential issued a press release updating earlier guidance with respect to fully diluted GAAP earnings per share for the third quarter ending September 30, 2004 and full year ending December 31, 2004. The press release is furnished herewith as Exhibit 99.1 and incorporated by reference herein.

The press release includes certain non-GAAP financial measures. A non-GAAP financial measure is defined as a numerical measure of a company's financial performance, financial position or cash flows that excludes (or includes) amounts that are included in (or excluded from) the most directly comparable measure calculated and presented in accordance with GAAP in the Company's financial statements.

Non-GAAP financial measures utilized by the Company include Funds from Operations (FFO). The Company's management believes that FFO is helpful to investors as a supplemental measure of the operating performance of a real estate company because it provides investors an understanding of the ability of the Company to incur and service debt and to make capital expenditures. FFO in and of itself does not represent net income or net cash flows from operating activities in accordance with GAAP. Therefore, FFO should not be exclusively considered as an alternative to net income or to net cash flows from operating activities as determined by GAAP or as a measure of liquidity. The Company's calculation of FFO may differ from other real estate companies due to, among other items, variations in cost capitalization policies for capital expenditures and, accordingly, may not be comparable to such other real estate companies.

Item 9.01 Financial Statements and Exhibits.
