Item 1.01 Entry into a Material Definitive Agreement

Acceleration of Vesting of Stock Options

On September 21, 2005, the Board of Directors of iParty Corp. (iParty) approved the full acceleration of the vesting of each otherwise unvested stock option that had an exercise price of \$0.69 or greater granted under iParty 's Amended and Restated 1998 Incentive and Non-Qualified Stock Option Plan that were currently held by employees and officers. Non-employee directors were excluded from the vesting acceleration. As a result, options to purchase approximately 1.0 million shares, including approximately 615,000 options held by executive officers, of iParty stock became immediately exercisable, effective as of September 21, 2005.

The decision to accelerate vesting of these options was made primarily to minimize future compensation expense that iParty would otherwise recognize in its consolidated statements of operations upon the effectiveness of Financial Accounting Standards Board Statement No. 123 (revised 2004), Share-Based Payment (SFAS 123R). Under SFAS123R, iParty will be required to recognize the expense associated with its outstanding unvested stock options beginning in the first quarter of 2006. As a result of the acceleration, the company expects to reduce the stock option expense it otherwise would be required to record in connection with accelerated options by approximately \$310,000 in 2006, \$130,000 in 2007 and \$55,000 in 2008.
