EXPLANATORY NOTE

On August 15, 2005, Liberate Technologies ("Liberate" or the "Company") filed with the Securities and Exchange Commission (the "SEC") its Annual Report on Form 10-K for the fiscal year ended May 31, 2005 (the "Initial Form 10-K"). In accordance with the SEC rules, the Company incorporated by reference Part III of the Initial Form 10-K from the Proxy Statement to be filed by the Company in connection with its 2005 Annual Stockholders Meeting, which the Company anticipated filing on or before September 28, 2005. Since filing the Initial Form 10-K, the Company has determined that it will not file its Proxy Statement prior to the September 28 deadline and, in accordance with SEC rules, must file an amendment to its Initial Form 10-K to include the disclosures required by Part III of Form 10-K. This Amendment No. 1 on Form 10-K/A amends and supplements Part III of the Initial Form 10-K in order to include those disclosures required by Part III of Form 10-K.

SUBSEQUENT EVENTS

On September 19, 2005, Leslie J. Lee filed a class action complaint in the Court of Chancery of the State of Delaware, alleging that Liberate and certain officers and directors breached their fiduciary duties in connection with a 1-for-250,000 reverse stock split proposed by Liberate (the "Stock Split"). Plaintiff purports to bring the action individually and on behalf of a putative class of all stockholders owning fewer than 250,000 shares of Liberate common stock. The complaint seeks preliminary and permanent injunctive relief against the Stock Split, declaratory relief, rescission of the Stock Split, rescissory and/or compensatory damages and attorneys' fees and expenses. Also on September 19, 2005, Plaintiff filed a motion for expedited proceedings and a motion for preliminary injunction. Liberate believes the allegations are without merit and intends to defend the complaint vigorously.

ITEM 11. EXECUTIVE COMPENSATION

The following summary compensation table sets forth, for the fiscal years ended May 31, 2005, 2004 and 2003, the compensation earned for services rendered in all capacities to Liberate and its subsidiaries by David Lockwood, who was our Chief Executive Officer on May 31, 2005; and the three other most highly compensated executive officers who were serving as such on May 31, 2005 (collectively, the named executive officers). We do not grant stock appreciation rights and have in the past provided no long-term compensation benefits other than stock options and stock units. In accordance with the rules of the Securities and Exchange Commission (SEC), the table below excludes certain items of compensation paid by us, such as perquisites and other personal benefits or reimbursements that did not exceed the lesser of \$50,000 or 10% of the total annual salary and bonus reported for the named executive officers for such fiscal year.

(1) Represents a housing allowance of \$127,455, relocation expenses of \$6,270 and tax equalization payments of \$172,343 during fiscal 2005 and relocation expenses of \$7,795 in fiscal 2004 related to Mr. Vachon's foreign assignment.

(2) Represents the cash value of dividend equivalent rights granted during fiscal 2005 on unvested restricted stock units in connection with the Special Dividend of \$2.10 per share paid April 8, 2005 (the Special Dividend).

(3) Represents stock unit awards granted to these executive officers during fiscal 2004. Mr. Vachon received 100,000 stock units and Mr. Wood and Mr. Nguyen each received 150,000 stock units. In accordance with SEC regulations, the values reported in the table above were obtained by multiplying the number of stock units granted by \$3.03, the closing price of Liberate's common stock on the date the stock units were granted. These values do not necessarily reflect the future value of the stock units or of the shares issuable upon vesting of the stock units. These units vested as to 7.5% of the total units on July 15, 2004 and as to an additional 12.5% of the total units on January 15, 2005 and would have vested as to an additional 12.5% on July 15, 2005 and on January 15 and July 15 of each year thereafter. In connection with the Company's sale of substantially all of the assets of its North American business to Double C Technologies, LLC (the North American Business Sale), all stock units held by our named executive officers became vested upon consummation of that sale on April 7, 2005. In addition, although the stock units did not entitle holders to voting rights, dividends or other rights of stockholders until the units became vested and shares were issued in settlement of the units,

in connection with the North American Business Sale, the named executive officers were granted dividend equivalent rights, entitling them to the per share value of the Special Dividend for each unit held by such executive on the record date set for the Special Dividend

Option Grants in Fiscal 2005

During fiscal 2005, we granted no stock options to our named executive officers or to other employees.

Option Exercises in Fiscal 2005 and Fiscal Year-End Option Values

The following table sets forth information concerning stock option exercises during fiscal 2005 by each of the named executive officers, including the aggregate amount of gains on the date of exercise. The value realized for option exercises is the aggregate fair market value of our common stock on the date of exercise less the exercise price. In addition, the table includes the number of shares covered by both exercisable and unexercisable stock options held on May 31, 2005 by each of those officers. Also reported are values for in-the-money stock options that represent the positive spread between the respective exercise prices of outstanding stock options and the fair market value of our common stock as of May 31, 2005. The values for unexercised in-the-money options have not been, and may never be, realized.

In connection with the North American Business Sale and the Special Dividend, and in order to prevent dilution or enlargement of the rights of option holders, effective upon the date of the Special Dividend, the Company made an equitable adjustment to the exercise price of the stock options in the following table by reducing the per share exercise price by \$2.10, the per share value of the Special Dividend, or if the per share exercise price was less than this value, then canceling the option and replacing the option with one share of common stock, plus a cash payment equal to the difference between the per share Special Dividend and the per share exercise price of the option, for each share subject to the option.

The fair market value is determined by the closing price of our common stock on May 31, 2005 as reported on the Pink Sheets system, which was \$0.32 per share.

Name	Number of Shares Acquired on Exercise	Value Realized (\$)	Number of Securities Underlying Unexercised Options at Fiscal Year End		Value of Unexercised In-the-Money Options at Fiscal Year End (\$)	
			Exercisable	Unexercisable	Exercisable	Unexercisable

Philip A. Vachon			1,700,000		\$ 51,000

Patrick P. Nguyen	1,300,000	\$ 728,000				

Stock Unit Grants in Fiscal 2005

During fiscal 2004, we implemented a program to grant stock units to employees and non-employee directors under the 1999 Equity Incentive Plan. Each stock unit entitles the holder to receive one share of common stock when the stock unit vests. Stock units granted to employees generally vest over a period of four years, and those granted to non-employee directors generally vest over 12 months. On the vesting dates, stock units are settled by the delivery of the corresponding number of shares of common stock. Upon termination of employment unvested stock units are forfeited. In fiscal 2004, the Compensation Committee granted stock units to the following named executive officers: Philip Vachon (100,000 units), Gregory Wood (150,000 units), and Patrick Nguyen (150,000 units). The closing price of Liberate's common stock on the date the stock units were granted to these executive officers was \$3.03. These units vested as to 7.5% if the total units on July 15, 2004 and as to an additional 12.5% of the total units on January 15, 2005 and would have vested as to an additional 12.5% on July 15, 2005 and on January 15 and July 15 of each year thereafter. In connection with the North American Business Sale, however, all stock units held by our named

executive officers became vested upon the consummation of that sale on April 7, 2005. In addition, although the stock units did not entitle holders to voting rights, dividends or other rights of stockholders until the units became vested and shares were issued in settlement of the units, in connection with the North American Business Sale, the named executive officers were granted dividend equivalent rights, entitling them to the per share value of the Special Dividend for each unit held by such executive on the record date set for the Special Dividend. During fiscal 2005, there were no stock unit grants to the named executive officers. During fiscal 2005, we granted a total of 130,000 stock units to other employees and 30,768 stock units to our non-employee directors.

Equity Compensation Plan Information

The following table summarizes information about our shares of common stock that may be issued upon the exercise of options and the vesting of stock units under all of our existing equity compensation plans as of May 31, 2005, as well as shares of our common stock that may be issued under warrants or individual compensation arrangements that were not approved by our stockholders.

As of May 31, 2005, there were 110,869,535 shares of Liberate common stock outstanding. At that date, there were outstanding options to purchase 4,250,809 shares of stock at a weighted average exercise price of \$6.80 per share and outstanding stock units representing the right to receive 191,564 shares of stock.

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders(1)(2)	2,742,373 (3)	\$ 11.40	25,635,761

(1) Includes the 1996 Stock Option Plan, 1999 Equity Incentive Plan, and the 1999 Employee Stock Purchase Plan. No additional options may be issued under the 1996 Stock Option Plan. Under our 1999 Equity Incentive Plan, we may issue awards up to the available plan balance in the form of stock options, restricted shares, stock appreciation rights, and stock units. As of May 31, 2005, no awards, other than the options and stock units included in the table above, were outstanding under these plans.

(2) Each of the 1999 Equity Incentive Plan and 1999 Employee Stock Purchase Plan contains an automatic share increase provision. Accordingly, the number of shares of common stock reserved for issuance under these plans will automatically increase on June 1 of each year, unless the increase is waived by the Board. For our 1999 Equity Incentive Plan, on June 1 of each year the number of shares available increases automatically by the lesser of (a) 5% of our common shares outstanding on the date of increase, or (b) 6,000,000 shares. For our 1999 Employee Stock Purchase Plan, on June 1 of each year the number of shares available for purchase increases automatically by the lesser of (a) 2% of our common shares outstanding on the date of increase, or (b) 1,666,666 shares.

(3) Represents options to purchase 236,771 shares with a weighted average exercise price of \$3.40 issued under the 1996 Stock Option Plan; options to purchase 2,314,038 shares with a weighted average exercise price of \$13.16 issued under the 1999 Equity Incentive Plan; and 191,564 stock units, each unit convertible into one share of common stock with no exercise price issued under the 1999 Equity Incentive Plan.

(4) Includes option grants made outside of the 1999 Equity Incentive Plan to executive officers and employees as well as warrant agreements issued to certain network operators. For more details about the grants to executive officers, see Executive Compensation.

Employment Contracts, Termination of Employment, and Change in Control Arrangements

Executive Employment Agreements. In March and April 2003, we entered into new employee retention agreements with David Lockwood, Patrick Nguyen, Gregory Wood and Philip Vachon. Under the terms of the retention agreements, in the event of a change of control of Liberate that is followed within one year by the officer's actual or constructive termination, the officer will receive a payment equal to twice his total taxable compensation for the prior fiscal year, with a minimum payment of \$500,000 and a maximum payment of \$750,000.

On June 15, 2005, our Board approved the payment of certain severance payments in connection with amendments to the existing employee retention agreements. As a result of the North America Business Sale each executive officer was entitled to constructively terminate his employment and receive a severance payment. Our Board determined that Liberate's continuing operations would benefit from the continuing employment of such executives, and approved the amendment of their employee retention agreements effective as of June 15, 2005 so that the executives would no longer be required to have terminated employment to be entitled to the severance payments there under. Instead, Liberate paid each executive the amount he would otherwise have been entitled to had his employment been terminated pursuant to the terms of those agreements.

The payments were made in June and July 2005. Specifically, Messrs. Lockwood, Vachon, Wood, and Nguyen were paid \$625,000, \$750,000, \$625,000 and \$625,000, respectively.

Option and Stock Unit Grants. In the third quarter of fiscal 2003, the compensation committee of the board approved new options grants of 1.3 million shares to each of Mr. Lockwood, Mr. Wood, and Mr. Nguyen and 1.7 million shares to Mr. Vachon. The vesting of these options accelerated on April 7, 2005, in connection with the sale of the North America Business Sale.

In July 2002, in order to retain qualified independent directors, the board approved the grant of options to purchase 50,000 shares of our stock to each of the three independent board members. These options have an exercise price of \$2.42 per share, which was the closing price of the stock on the date of grant, and vest monthly over four years. The vesting of these options accelerated on April 7, 2005, in connection with the sale of the North America Business Sale. In connection with the North American Business Sale and the Special Dividend, and in order to prevent dilution or enlargement of the rights of option holders, effective upon the date of the Special Dividend, the Company made an equitable adjustment to the exercise price of the stock options of the independent directors by reducing the per share exercise price by \$2.10, the per share value of the Special Dividend, or if the per share exercise price was less than this value, then canceling the option and replacing the option with one share of common stock, plus a cash payment equal to the difference between the per share Special Dividend and the per share exercise price of the option, for each share subject to the option.

In October 2003, Liberate's four non-employee directors each received 5,882 stock units under the terms of the 1999 Equity Incentive Plan. The stock units vest over one year following grant, and vesting accelerates upon certain changes of control of Liberate. In October 2004, these four non-employee directors each received 7,692 stock units under the terms of the 1999 Equity Incentive Plan. The vesting of these stock units accelerated on April 7, 2005, in connection with the sale of the North America Business Sale.

In April 2004, the compensation committee of the Board approved new stock unit grants representing 150,000 shares to each of Mr. Wood and Mr. Nguyen and 100,000 shares to Mr. Vachon. The stock units

vest over four years following the date of grant, and vesting accelerates upon certain termination events in connection with a change of control. The vesting of these stock units accelerated in connection with the North America Business Sale on April 7, 2005, pursuant to the terms of those grants.

As part of our standard compensation package, certain employees and managers may be eligible to participate in a variety of discretionary and non-discretionary bonus plans or commission plans. We accrue bonus and commission expense ratably over the fiscal year, based on expected payouts against those plans.

Consulting Agreements. In November 2002, we entered into a letter agreement with Philip Vachon, in which we agreed to pay him \$56,500 per month for advisory services through February 28, 2003. We subsequently extended that agreement through April 11, 2003, at which time Mr. Vachon became President Liberate International.

Director Compensation

Following is the compensation program for non-employee directors adopted by the Board of Directors:

- Each non-employee director receives \$30,000 in annual cash compensation, payable in semi-annual installments, and \$1,000 for participation in each Board and committee meeting. A director will only qualify for the payments if he or she has attended at least 75% of the meetings of the Board and applicable committees for the six months prior to payment.
- On the date a new non-employee director joins the Board, he or she receives an award of stock units, which represent Liberate's agreement to issue shares of common stock on a future date. If the director joins the Board between October 1 and March 31, he or she receives stock units worth \$20,000, which vest as to 50% of the units on the next April 1 and October 1, so long as the director remains on the Board. If the director joins the Board between April 1 and September 30, he or she receives stock units worth \$10,000, which vest as to 100% of the units on the next October 1.
- On October 1 of each year, each non-employee director receives an award of stock units worth \$20,000, which vest as to 50% of the units on April 1 and October 1 of the following year, so long as the director remains on the Board.
- In the event of a change of control of Liberate, the non-employee directors' stock unit awards will become vested as to 100% of the units. Pursuant to the terms of their awards, on April 7, 2005 in connection with the North American Business Sale, the non-employee directors' stock unit awards then held by them became 100% vested.
- Each non-employee director who receives stock units is required to retain beneficial ownership of at least 50% of the shares issued upon vesting and settlement of the stock units until he or she leaves the Board.

Directors who are also Liberate employees receive their employee compensation, which can include equity compensation under our 1999 Equity Incentive Plan or otherwise, and are also eligible to participate in our other plans and benefits generally available to our employees. Compensation arrangements for directors who are or were employees are described in Executive Compensation and in the Compensation Committee Report.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of our Board was formed in September 1997. From September 16, 2003 through May 31, 2005, the Compensation Committee consisted of Mr. Corfield (chair), Mr. Jones, and Dr. Nagel. Prior to September 16, 2003, Mr. Corfield and Ms. Dana Evan, a former director, served on that committee. None of the members of the Compensation Committee has ever served as an officer or

employee of Liberate or any of our subsidiaries. None of Liberate's executive officers has served as a director of a company that had an executive officer who served on our Board.

The Board of Directors has established the Secondary Compensation Committee to administer our 1999 Equity Incentive Plan as to equity awards to employees and consultants who are not executive officers or directors, in amounts not exceeding 100,000 shares per individual per grant. David Lockwood, our Chairman and Chief Executive Officer, is the sole member of the Secondary Compensation Committee.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDERS MATTERS

The following table shows how much of our common stock was beneficially owned as of August 19, 2005 by (i) each known holder of 5% or more of our common stock, (ii) each director, (iii) each executive officer and (iv) all current directors and executive officers as a group. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From June 1, 2004 to the date of this report, there have not been any transactions, and there are currently no proposed transactions, involving more than \$60,000 to which Liberate was a party and in which any executive officer, director, or 5% beneficial owner of Liberate's common stock (or any family member of any of them) had or has a material interest, except as described above in Executive Compensation or below in this section.

Indemnification of Directors and Executive Officers

Liberate has entered into indemnification agreements with each of its directors and executive officers. These agreements require Liberate to indemnify these individuals to the fullest extent permitted by Delaware law for certain liabilities, to which they may become subject as a result of their affiliation with Liberate. Pursuant to these indemnification agreements, Liberate is paying the legal fees for several former executive officers and directors in connection with the pending securities litigation and the investigations arising out of the restatement of Liberate's financial statements.

Liberate's certificate of incorporation and bylaws also contain certain provisions relating to the limitation of liability and indemnification of directors and officers. For example, the certificate of incorporation provides that, with limited exceptions, our directors will not be personally liable to Liberate or our stockholders for monetary damages for any breach of fiduciary duty as a director.

Transactions with Cox Communications

A former member of our Board, Chris Bowick, is an executive officer of Cox Communications. Cox was previously a significant customer and a stockholder. In fiscal 2000 and 2004, we entered into agreements with Cox for the license of our software products and for the provision of services. The agreement also provides that Cox will have the right to test our software free of charge and without any commitment to deploy services using our technology. Under the agreement, Cox paid us \$6.0 million in prepaid licenses and services, and Cox is entitled to receive the benefits of any more favorable terms and conditions that we may grant to any other North American network operator. Total revenues from Cox during fiscal 2003, fiscal 2004 and fiscal 2005, before taking into account warrant-related offsets, were \$1.6 million, \$496,000 and \$12,000, respectively. Net revenues from Cox, including the impact of the warrant-related offsets, were \$410,000 in fiscal 2003, a negative \$697,000 in fiscal 2004, and a negative \$982,000 in fiscal 2005. In addition, under the commercial agreement, we were required to issue warrants to Cox. A total of 883,332 shares of our common stock are reserved for issuance to Cox under these warrants. The exercise price of these warrants is \$6.90 per share. These warrants vested according to milestones established in the commercial agreement to motivate Cox to deploy our products and as of

fiscal 2004, they were fully vested. At May 31, 2005 all vested warrants expired. In addition, Cox paid us \$285,000 in fiscal 2003 and \$396,000 in fiscal 2004 related primarily to services. All license and services agreements with Cox were assigned to Double C Technologies in connection with the sale of the North America Business.

Executive Loans

In 2001, we extended a loan in the principal amount of \$500,000 to Mr. Fitzpatrick, who is a former executive officer of the Company. The loan carried an interest rate of 5.9% compounded annually and was due two years from issuance. In November 2002, Mr. Fitzpatrick repaid \$275,000 of the principal amount of his promissory note. According to the terms of Mr. Fitzpatrick's promissory note, his outstanding principal balance of \$225,000 and all accrued interest was due 60 days from December 27, 2002, the date of the termination of his employment. As of May 31, 2005, Mr. Fitzpatrick has not repaid the balance of this loan and we have recorded a reserve to cover our potential loss.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table sets forth the aggregate fees billed by PricewaterhouseCoopers LLP, independent registered public accounting firm (PWC), for professional services for each of fiscal 2005 and 2004 on behalf of Liberate Technologies and its subsidiaries, as well as out-of-pocket costs incurred in connection with these services:

	2005	2004
Audit Fees		
Audit fees(1)	\$ 334,527	\$ 1,034,387
Non-Audit Fees		
Tax Services and Compliance Fees(2)	\$ 302,976	\$ 545,308
Total Fees	\$ 637,503	\$ 1,579,695

(1) Includes fees for professional services for the review of financial statements included in our quarterly reports on Form 10-Q, and for services that are normally provided by PWC in connection with statutory and regulatory filings or engagements, including the audit of management's report on the effectiveness of the Company's internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

(2) Includes fees for federal, state, local and international tax compliance, tax advice, and tax planning.

Pre-Approval Policy for Audit and Non-Audit Services

Consistent with the charter of our Finance and Audit Committee, we have established a policy governing the pre-approval of audit and non-audit services delivered by Liberate's independent registered public accounting firm. The Finance and Audit Committee must pre-approve the categories of permitted audit and non-audit services, the specific services to be performed, and the fees associated with those services. During the course of the year, we expect that there may be additional non-audit services that are identified by management that are desired and were not contained in the annual pre-approval request. The Finance and Audit Committee has authorized the committee's chairman, Mr. Robert Walker, who is an independent director, to pre-approve interim requests for additional non-audit services up to an aggregate amount of \$25,000 between regular meetings of the committee. Mr. Walker will then report to the committee at its next meeting any interim pre-approvals granted since the last meeting. The Finance and Audit Committee has determined that the non-audit services provided by PWC to Liberate did not impair the independence of PWC.
