Vodafone and Sony NetServices introduce Vodafone Radio DJ

Ø **Service enables customers to tailor music to their tastes through its unique personalisation ability**

Ø **The world's first fully convergent music service**

Today, Vodafone and Sony NetServices are announcing a partnership for the global roll-out of the world's first fully convergent music service - Vodafone Radio DJ - offering interactive, personalised radio channels streamed to both 3G mobile phones and personal computers.

With Vodafone Radio DJ, customers have access to hundreds of thousands of songs, both current popular hits and back catalogue, from the world's largest record companies, and many smaller independent labels. Customers can access streamed radio channels, bespoke collections, and channels defined by customers themselves.

The key feature of Vodafone Radio DJ is its easy-to-use personalization system, which enables customers to train the pre-programmed radio channels to their own personal tastes by simply pressing a button to indicate like or dislike while listening to a song. If a customer presses dislike, the music skips to the next song.

Through Sony NetServices' detailed classification of each song in the catalogue - analysing beat and harmonies as well as genre and mood - the radio channels that individual customers receive will feature more songs that have characteristics in common with songs that are liked, whilst avoiding songs with characteristics similar to those that the customer dislikes.

The Vodafone Radio DJ service consists of three elements:

Pre-defined channels. Customers can select a radio channel based on mood or genre. If the customer indicates that they don't like the song, the channel skips to the next track within the channel. Customers can

also buy any songs that they like and these will be automatically available for download to their phone and PC.

Personal Channels. By rating songs on the existing radio channels, the customer can create a number of new, personal channels corresponding to their desired genres, moods or specific themes.

Collections. Vodafone Radio DJ also presents programmed collections of songs to the customer on mobile phone or PC. These collections will be created by local music experts around a theme (eg Christmas Hits, or the Best New Hip-Hop), be updated regularly, and will comprise about 15 songs.

Songs purchased on either mobile phone or PC will be available to download on both devices, with a separate high quality stereo copy being delivered individually to each. Personal settings and personal channels created on the mobile phone will also be accessible from the PC.

The Radio DJ service will be offered on the basis of a monthly subscription for unlimited listening to music on both mobile phone and PC. There will be no extra charge to the consumer for the data traffic needed to deliver the music to the phone or PC.

Vodafone Radio DJ will be launched in six European countries in the coming months, namely UK, France, Germany, Italy, Portugal and Spain. It is intended it will then be rolled out to more than 20 countries worldwide over the following twelve months.

This is the beginning of a new era in portable music. This partnership with Sony will drive Vodafone's strategy to become a leading global music provider. Vodafone Radio DJ is a revolutionary new way to discover personal music, anytime and anywhere, and we anticipate it will have widespread consumer appeal amongst our customers, said Lee Fenton, Director of Consumer Platforms at Vodafone.

Subscribers to Vodafone Radio DJ can listen to all the music they like, and discover new music to love. Vodafone Radio DJ opens a world of music discovery and listening pleasure on both the mobile phone and on the PC, said Robert Ashcroft, Managing Director Sony NetServices and Senior Vice President Sony Europe.

10 January 2006

NEW APPOINTMENT

Vodafone Group Plc announces that Matthew Kirk has been appointed as Director of External Relationships.

In this new role he will lead Vodafone Group's public policy activities and represent the Company with Governments and key political institutions around the world.

Matthew Kirk is currently the British Ambassador to the Republic of Finland, a role he took up in August 2002. He joined the Foreign and Commonwealth Office in 1982 and since then he has held a number of senior positions - including Head of the Information Technology Strategy Unit and Head of the European Union Presidency Unit - as well as a variety of diplomatic assignments.

Sir Michael Jay, Permanent Under-Secretary of State and Head of the Diplomatic Service, said "I am delighted that Vodafone - one of the UK's leading companies - has chosen one of our leading younger Ambassadors to develop its relations with the public sector. The FCO attaches great importance to the exchange of best practice and skills between the private and public sectors, of which appointments such as this one are an excellent example.

Arun Sarin, Vodafone Group's Chief Executive, said today "With over 20 years of experience in the Foreign and Commonwealth Office, Matthew Kirk is exceptionally well-qualified to develop and lead Vodafone's external relationships with political and other relevant institutions.

Matthew Kirk, 45, was educated at St. John's College, Oxford and Ecole Nationale d'Administration, Paris. He is married with two daughters.

25th January 2005

VODAFONE PARTNERS WITH TELEKOM MALAYSIA - EXPANDING

THE VODAFONE COMMUNITY IN ASIA

Vodafone, the world's leading mobile network operator, today announces it has signed a Partner Network Agreement with Telekom Malaysia Berhad (TM), a leading Asian communications group. The Partner Network agreement covers three TM subsidiaries - Celcom (Malaysia), XL (Indonesia) and Dialog (Sri Lanka).

Under the terms of the agreement, the three TM subsidiaries will be able to provide their roaming customers with access to Vodafone's international voice and data roaming services such as Vodafone World, Virtual Home Environment, Vodafone Passport, GPRS roaming and 3G roaming. The three subsidiaries will also locally introduce a number of Vodafone's business solutions, which will include the world-leading Vodafone Mobile Connect Card proposition, BlackBerry from Vodafone, the 3G/UMTS Router and Vodafone Wireless Office.

In Malaysia, Indonesia and Sri Lanka, Vodafone's products and services will be marketed under a dual brand, bringing together the nationally recognised brands of Celcom, XL and Dialog, with the globally recognised Vodafone brand.

The mutually beneficial relationship also provides Vodafone, its subsidiaries, affiliates, joint ventures and Partner Network customers with seamless access to Vodafone's international mobile services whilst travelling in Malaysia, Indonesia and Sri Lanka.

In addition, the agreements provide scope for close co-operation on Multinational Corporate Accounts and for the three TM subsidiaries to benefit from Vodafone's terminal procurement when launching Vodafone's products and services in Asia.

This strategic relationship with TM significantly enhances our Partner Network presence in Asia, building on our existing relationships with M1 in Singapore and SmarTone in Hong Kong. This is helping improve our roaming footprint in the Asia Pacific region, providing our customers with a greatly enhanced service, said Arun Sarin, Chief Executive at Vodafone. We intend that our relationship with TM will lead to further benefits for our customers in the future.

Speaking at the signing ceremony, Dato Abdul Wahid Omar, Group Chief Executive Officer of TM said, Today is a very significant day for both TM Group and Vodafone. We are excited about the possibilities this affiliation brings. Our customers in Malaysia, Indonesia and Sri Lanka will have access to a wider spectrum of products and services especially when they travel abroad. In doing so, we are bringing our local mobile market to another level in terms of breadth and depth of product offering and thus raising the bar in meeting customers needs.

He added: The partnership s dual-branding will give TM a boost in terms of global visibility and brand equity. With this partnership, we bring together the TM and Vodafone families, increasing roaming revenues by reaching out to more international travellers.

These agreements bring the total number of Vodafone Partner Networks to 31, covering the Americas, Africa, Europe and Asia.

**VODAFONE GROUP PLC
RESPONDS TO MINI-TENDER OFFER**

26 January 2006

Vodafone Group Plc (Vodafone) announces today that it has received notification that on 19 January 2006 TRC Capital Corporation commenced an unsolicited, below-market mini-tender offer to purchase up to 4,000,000 of the American Depositary Shares (ADS) of Vodafone (equivalent to 40,000,000 Ordinary Shares, or approximately 0.07 per cent of Vodafone s outstanding Ordinary Shares), at a price of US\$21.05 per ADS.

Vodafone wishes to inform its ADS shareholders that it does not in any way recommend or endorse the TRC Capital Corporation offer and that Vodafone is in no way associated with TRC Capital Corporation, the offer or the offer documentation.

Vodafone cautions its ADS shareholders that the offer is being made at a 3.9 per cent discount to the closing price of US\$21.91 per ADS on 18 January 2006, the day before the offer commenced, and is below yesterday s closing price of US\$21.50.

Mini-tender offers seek less than 5 per cent of a company s shares, thereby avoiding many disclosure and procedural requirements of the Securities and Exchange Commission (SEC). The SEC has issued an investor alert regarding mini-tender offers on its website at www.sec.gov/investor/pubs/minitend.htm. The SEC has said that mini-tender offers have been increasingly used to catch investors off guard and that investors may end up selling their securities at below-market prices.

ADS shareholders are advised to consult with their investment advisors and to exercise caution with respect to this offer.

ADS shareholders who have already tendered are advised that they may withdraw their ADSs by providing a written or facsimile notice, as described in the section captioned Withdrawal Rights on page 8 of TRC Capital Corporation s offering document at any time prior to the expiration of the offer at 12.01a.m., New York City time on Friday 17 February 2006, unless the offer is extended, in which case withdrawal rights will be restricted.
