Field or David J. Holders of our Class C Common Stock, of which there are none, would not be entitled to vote on these proposals.

INFORMATION ABOUT QUORUM AND REQUIRED VOTES

The presence in person or by proxy of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on a particular matter or proposal to be acted upon at the meeting shall constitute a quorum for the purpose of consideration and action on the matter or proposal. Assuming a quorum is present, votes on the proposals will be tallied as follows:

Proposal 1: *Election of Class A Directors.* The two persons nominated as Class A directors receiving the most votes from shares of Class A Common Stock will be elected.

Proposal 2: *Election of Directors Other Than Class A Directors.* The five persons nominated as directors other than Class A directors receiving the most votes from all shares of Class A Common Stock and Class B Common Stock will be elected.

Proposal 3: *Approval of amendment of the Entercom Equity Compensation Plan.* The approval of the amendment of the Entercom Equity Compensation Plan to permit a one-time option exchange program requires

the affirmative vote from a majority of the votes of all shares of Class A common stock and Class B common stock that are present in person or by proxy and are voting on such proposal.

Proposal 4: *Ratification of the Selection of Independent Registered Public Accounting Firm*. The ratification of the selection of PricewaterhouseCoopers LLP as independent auditors of the Company for the year ending December 31, 2006 requires the affirmative vote from a majority of the votes of all shares of Class A common stock and Class B common stock that are present in person or by proxy and are voting on such proposal.

In the event a quorum is not present at the meeting and such meeting is adjourned to a later date at least fifteen (15) days after the initial date of the meeting, then those shareholders who attend the adjourned meeting shall nevertheless constitute a quorum for the purpose of acting upon the matters to be considered.

Unless otherwise required by our Bylaws or by applicable law, approval of any other matter properly presented for a vote at the meeting will require the affirmative vote of a majority of the votes cast by all holders of Class A Common Stock and Class B Common Stock present in person or by proxy; provided that if any shareholders are entitled to vote thereon as a class, such approval will require the affirmative vote of a majority of the votes cast by the shareholders entitled to vote as a class who are present in person or by proxy.

Shares of our common stock represented by proxies that are marked `withhold authority` or are marked `abstain`, or which constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum. Broker non-votes occur when a nominee holding shares of our common stock for a beneficial owner has not received voting instructions from the beneficial owner and such nominee does not possess or choose to exercise discretionary authority with respect thereto. With respect to any matter to be decided by a plurality (such as the election of directors) or a majority of the votes cast at the meeting, proxies marked `withhold authority` or marked `abstain`, or which constitute broker non-votes will not be counted for the purpose of determining the number of votes cast at the meeting and will have no effect on the outcome of such vote.

The Board of Directors unanimously recommends that you vote **FOR** each of the nominees of the Board of Directors listed above.

PROPOSAL 3

APPROVAL OF AMENDMENT TO THE ENTERCOM EQUITY COMPENSATION PLAN

DESCRIPTION OF PROPOSAL

The Board of Directors, upon the recommendation of the Compensation Committee of the Board of Directors (the **Committee**), has determined that it would be in the best interest of the Company to implement a stock option exchange program (the **Option Exchange Program**). On March 23, 2006, the Board of Directors, upon the recommendation of the Committee, approved an amendment to the Entercom Equity Compensation Plan (the **Plan**) to permit the Option Exchange Program, subject to shareholder approval. The Board believes that the Option Exchange Program, if approved by shareholders, will benefit the Company by (i) reducing overhang and decreasing the potential shareholder dilution resulting from future equity incentive grants by enabling the Company to make more use of restricted stock grants, which require fewer shares than stock options to deliver comparable value; (ii) making it easier to meet industry standards and shareholder expectations for linking compensation with performance; and (iii) generally maximizing the alignment of employee and director interests with the Company's shareholders.

Under the Option Exchange Program, the Company will offer Company employees and non-employee directors a one-time opportunity to exchange all of their outstanding stock options, with exercise prices equal to or greater than \$40.00 per share (**Eligible Options**), for a lesser number of shares of restricted Class A Common stock of the Company (**New Shares**). The New Shares would be granted promptly following the expiration of a tender offer to be made to holders of Eligible Options (**Eligible Holders**). The exchange ratio under the Option Exchange Program will be fifteen-to-one, meaning that for each fifteen (15) Eligible Options surrendered the holder will receive one New Share. All New Shares will be granted under the Plan.

In order to effect the Option Exchange Program, promptly following shareholder approval of the amendment to the Plan, the Company will commence an offer to holders of Eligible Options, upon the terms and subject to the conditions set forth in certain tender offer documents and related materials to be filed with the SEC and distributed to all holders of Eligible Options (the **Offer to Exchange**).

The following are summaries of: (i) the amendment to the Plan; (ii) the Option Exchange Program; and (iii) the Plan as amended. The statements made herein concerning terms and provisions of the Plan are summaries and do not purport to be a complete recitation of the Plan provisions. Such statements are qualified by express reference to the Plan. A copy of the Plan, as amended, is attached hereto as Appendix B and is incorporated by reference herein.

PLAN AMENDMENT

Background. NYSE rule 303A(8) defines *repricing* to include canceling an option at a time when its strike price exceeds the fair market value of the underlying stock, in exchange for another option [or] restricted stock. Under NYSE rules, an equity compensation plan that does not contain a provision that specifically permits repricing of options is considered as prohibiting repricing. The Plan does not expressly permit repricing, accordingly the Plan is deemed under NYSE Rules to prohibit repricing.

The Amendment. In order to permit the Company to implement the Option Exchange Program, the Board of Directors, upon the recommendation of the Committee, approved an amendment to the Plan. The Amendment to the Plan is as follows:

21(e) One-time Option Exchange Program. The Company may affect a one-time option exchange program (the **Option Exchange Program**), to be commenced at the discretion of the Compensation Committee of the Board of Directors, pursuant to which the Company may offer such option holders under the Plan, as the Compensation Committee may determine, a one-time opportunity for such option holders to voluntarily exchange all of their outstanding stock options, with exercise prices equal to or greater than \$40.00 per share, for a lesser number of shares of restricted Class A Common stock of the Company. The exchange ratio under the Option

Exchange Program shall be at least fifteen-to-one (resulting in an exchange of at least fifteen (15) surrendered options for each share of restricted stock). All Options surrendered in connection with the Option Exchange Program (net of new shares of restricted stock issued in exchange for such options) shall not be available for issuance under the Plan. Subject to the foregoing, the Compensation Committee shall be permitted to determine additional restrictions or requirements relating to the Option Exchange Program.

The Company intends to implement the Option Exchange Program promptly following shareholder adoption of the amendment to the Plan.

THE OPTION EXCHANGE PROGRAM

Overview. Under the Option Exchange Program, the Company will offer holders of options issued pursuant to the Plan a one-time opportunity to exchange all of their outstanding Eligible Options, for a lesser number of New Shares. The New Shares would be granted following the expiration of a tender offer to be made to the Eligible Holders. The exchange ratio under the Option Exchange Program will be fifteen-to-one, meaning that for each fifteen (15) Eligible Options surrendered the holder will receive one New Share. All New Shares will be granted under the Plan. All Eligible Options surrendered in connection with the Option Exchange Program (net of New Shares issued in exchange for such options) will not be available for issuance under the Plan.

Process. In order to effect the Option Exchange Program, promptly following shareholder approval of the amendment to the Plan, the Company will commence an offer to Eligible Holders, upon the terms and subject to the conditions set forth in certain tender offer documents and related materials to be filed with the SEC and distributed to all holders of Eligible Options. Each Eligible Holder will be given at least twenty (20) business days to decide whether to surrender all of their Eligible Options in exchange for New Shares. If the Proposal to approve the amendment to Plan to permit the Option Exchange Program is not approved by the shareholders of the Company, the Option Exchange Program will not be implemented. Even if approved by the shareholders, the Board will retain the authority, in its sole discretion, to terminate, modify or postpone the Option Exchange Program at any time prior to the closing date thereof.

Outstanding Options Eligible For The Option Exchange Program. As of March 23, 2006, options to purchase approximately 6,092,846 shares of Class A common stock were outstanding under the Plan. Approximately 4,160,604 of these options, with exercise prices ranging from \$40.00 to \$57.63, would be eligible for exchange under the Option Exchange Program. There are approximately 283 holders of Eligible Options. The following table shows the number of Eligible Options outstanding by price range as of March 23, 2006:

Eligible Option Exercise Price Range	Maximum Number of Eligible Options	Weighted Average Exercise Price	Weighted Average Remaining Life (Years)
\$40.00 - \$45.00	856,606	\$ 40.94	4.7
\$45.03 - \$45.03	1,009,416	\$ 45.03	6.9
\$45.36 - \$47.82	603,400	\$ 46.84	4.0

Edgar Filing: ENTERCOM COMMUNICATIONS CORP - Form DEF 14A

\$48.00 - \$57.63	1,691,182	\$	48.43	6.6
Total	4,160,604	\$	45.83	5.9

Effect on Equity. If all of the Eligible Options outstanding as of March 23, 2006 were exchanged for New Shares: (i) the number of shares underlying the Company's outstanding options would decrease from approximately 6,092,846 shares of common stock to approximately 1,932,242 shares of Class A common stock; and (ii) the Company will grant 277,374 New Shares pursuant to the Option Exchange Program. All Eligible Options surrendered in connection with the Option Exchange Program (net of New Shares issued in exchange for such options) will not be available for issuance under the Plan.

While the Option Exchange Program will not increase the number of shares available for future issuance under the Plan, the Option Exchange Program is expected to reduce the number of shares subject to outstanding options. For example, if all Eligible Options were surrendered in the Option Exchange Program: (i) the Company would issue approximately 277,374 New Shares; (ii) the Company would have approximately 3,883,230 fewer shares of common stock subject to outstanding awards (i.e., options and restricted stock); and (iii) the number of shares available for issuance under the Plan would not change. Moreover, immediately after the grant of New Shares, outstanding options would equal approximately 4.8% of the Company's common stock outstanding on a fully diluted basis, in comparison to approximately 15.1% as of March 23, 2006. The actual net reduction in options outstanding and options outstanding as a percentage of total shares outstanding will depend on a variety of factors, including the level of participation in the Option Exchange Program and any forfeitures or new grants under the Plans.

The Exchange Ratio. Holders must surrender an Eligible Option for fifteen (15) shares of Class A common stock in order to receive one (1) share of Class A common restricted stock. The number of New Shares to be received by each participant in the Exchange Offer will be rounded (up or down) to the nearest whole number.

Election To Participate. Under the Option Exchange Program, holders of Eligible Options will be given a one-time opportunity to exchange all of their Eligible Options for a lesser number of New Shares at the Exchange Ratio. Participation in the Option Exchange Program will be voluntary. Holders of Eligible Options will not be permitted to exchange only a portion of their Eligible Options for New Shares. Voting in favor of this Proposal at the annual meeting does not constitute an election to participate in the Option Exchange Program.

Terms And Conditions Of The New Shares. The New Shares will be granted under the Plan promptly following the end of the Offer To Exchange and will be subject to the terms and conditions of the Plan. The New Shares will be unvested at the time of grant, regardless of the vesting schedule of the Eligible Options. The New Shares will vest as follows: (i) 50% during the 1st quarter of 2007; and (ii) 50% during the 1st quarter of 2008. If a holder of New Shares terminates his or her employment (or in the case of a non-employee director his or her service to the Company), such New Shares will not continue to vest and will be forfeited. Other restrictions regarding the New Shares and the vesting thereof will be set forth in the offer of exchange and grant instrument to be issued as of the grant date thereof.

Accounting Treatment. Under the provisions of Statement of Financial Accounting Standards No. 123 (as revised 2004), *Share-Based Payment*, or SFAS 123R, that was adopted by the Company on January 1, 2006, modification accounting for stock-based compensation will apply to an exchange of share-based awards. The Company will recognize additional share-based compensation expense if, at the time the Company first makes the Offer of Exchange, the fair value of the New Shares is greater than the fair value of the surrendered Eligible Options. This difference in fair value will be recognized as an expense on a straight-line basis over the vesting period of the New Shares. Based upon the Company's current Class A common stock price (as reported on the NYSE) and assuming that there is no material change in the variables used to determine the fair value of the surrendered Eligible Options, the Company does not expect to recognize any share-based compensation expense.

U.S. Federal Income Tax Consequences. As a general rule, a recipient of a restricted stock grant will not recognize taxable income when he or she receives the restricted stock grant, until the stock is transferable by the participant or no longer subject to a substantial risk of forfeiture for federal tax purposes, whichever occurs earlier. When the stock is either

transferable or is no longer subject to a substantial risk of forfeiture, the participant will recognize ordinary income in an amount equal to the fair market value of the shares (less any amounts paid for the shares) at that time. The Company generally will be entitled to a deduction in the same amount. A participant in the Option Exchange Program will generally recognize taxable income as the shares vest.

Potential Modifications Of Terms To Comply With Governmental Or Other Requirements. The terms of the Option Exchange Program will be described in an Offer to Exchange which will be filed with the SEC. It is possible that the SEC will require material modification of the terms of the Option Exchange Program. Consequently, the Company may be required to alter the terms of the Option Exchange Program to comply with SEC comments. The Company also reserves the right, in its sole discretion, to suspend, modify or terminate the Option Exchange Program at any time for any reason prior to the Closing Date.

SUMMARY OF AMENDED PLAN

Overview. The Plan provides for grants of (i) options intended to qualify as incentive stock options (**ISOs**) within the meaning of Section 422 of the Code, (ii) nonqualified stock options that are not intended to so qualify (**NQSOs**), (iii) restricted stock and (iv) stock appreciation rights (**SARs**). Only shares of Class A Common Stock may be issued under the Plan. By encouraging stock ownership, the Company seeks to motivate such individuals and to encourage such individuals to devote their best efforts to the business and financial success of the Company.

General. Subject to adjustment in certain circumstances as discussed below, the Company may issue up to 10,000,000 shares of Class A Common Stock, plus an additional 1,500,000 shares per year each year commencing January 1, 2007. The number of shares for which ISOs may be issued under the Plan may not exceed 1,850,000 shares and the aggregate number of shares of Company Stock that may be subject to Restricted Stock Grants shall not exceed 2,000,000 (subject to adjustment as described below). If and to the extent grants awarded under the Plan expire or are terminated for any reason without being exercised, the shares of Class A Common Stock subject to such grant again will be available for purposes of the Plan.

Administration of the Plan. The Plan is administered and interpreted by the Committee. The Committee shall consist of two or more persons who may be outside directors as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Code**) and related Treasury regulations and non-employee directors as defined under Rule 16b-3 under the Securities Exchange Act of 1934, as amended. Subject to ratification or approval by the Board if the Board retains such right, the Committee shall have the sole authority to (i) determine the individuals to whom grants shall be made under the Plan, (ii) determine the type, size and terms of the grants to be made to each such individual, (iii) determine the time when grants will be made and the commencement and duration of any applicable exercise or restriction period, including the criteria for exercisability and the acceleration of exercisability and (iv) deal with any other matters arising under the Plan.

Eligibility for Participation. The following are eligible to be participants in the Plan (**Participants**): (i) all employees of the Company and its subsidiaries (**Employees**), including Employees who are officers or members of the Board, (ii) members of the Board who are not Employees (**Non-Employee Directors**); and (iii) those Consultants and advisors who perform services for the Company or any of its subsidiaries (**Key Advisors**) if the Key Advisors are natural persons rendering bona fide services and such services are not in connection with the offer or sale of securities in a capital-raising transaction. The aggregate number of shares of Company Stock that may be subject to grants to any individual during any calendar year may not exceed 925,000 shares.

Options. The exercise price of any ISO granted under the Plan will not be less than the fair market value of the underlying shares of Common Stock on the date of grant. The exercise price of an ISO granted to an employee who owns more than 10% of the Common Stock may not be less than 110% of the fair market value of the underlying shares of Common Stock on the date of grant. The exercise price of an NQSO may be greater than, equal to or less than the fair market value of the underlying shares of Common Stock on the date of grant. The Committee will

determine the term of each option; provided, however, that the exercise period may not exceed ten years from the date of grant, and the exercise period of an ISO granted to an employee who owns more than 10% of the Common Stock may not exceed five years from the date of grant. The Participant may pay the exercise price (i) in cash, (ii) with the approval of the Committee, by delivering shares of Common Stock owned by the Participant and having a fair market value on the date of exercise equal to the exercise price or (iii) by such other method as the Committee approves. The Participant may instruct the Company to deliver the shares of Common Stock due upon the exercise to a designated broker instead of to the Participant.

Restricted Stock. The Committee may issue shares of restricted Common Stock to a Participant pursuant to the Plan. Shares may be issued for consideration or for no consideration, as the Committee determines. The number of shares of Common Stock granted to each Participant shall be determined by the Committee (subject to the maximum limitations). Grants of restricted stock will be made subject to such performance requirements, vesting provisions, transfer restrictions or other restrictions and conditions as the Committee may determine in its sole discretion.

Stock Appreciation Rights. The Committee may grant SARs alone or in tandem with any stock option pursuant to the Plan. The base price of an SAR will be either (i) the exercise price of any related stock option or (ii) if no related stock option the fair market value of a share of Common Stock on the date of grant of the SAR. The value of an SAR is the amount by which the Fair Market Value of the underlying Company Stock on the date of exercise of the SAR exceeds the base amount of the SAR. The Committee shall determine whether the appreciation in an SAR shall be paid in the form of cash, shares of Company Stock, or a combination of the two, in such proportion as the Committee deems appropriate; provided, however, that any SAR that is payable other than in Company Stock shall contain such terms and provisions as are necessary to comply with Section 409A of the Code. To the extent a Participant exercises a tandem SAR, the related option shall terminate. Similarly, upon exercise of a stock option, the related SAR, if any, shall terminate.

Amendment and Termination of the Plan. The Board may amend or terminate the Plan at any time; provided, however, that the Board shall not amend the Plan without shareholder approval if such approval is required in order for Incentive Stock Options granted or to be granted under the Plan to meet the requirements of Section 422 of the Code or if such approval is required in order to exempt compensation under the Plan from the deduction limit under Section 162(m) of the Code. No additional Grants shall be made under the Plan after January 20, 2015 or such earlier date as may be determined by the Board. The Plan may be extended by the Board with the approval of the shareholders.

Adjustment Provisions. If there is any change in the number or kind of shares of Company Stock outstanding (i) by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, (ii) by reason of a merger, reorganization or consolidation in which the Company is the surviving corporation, (iii) by reason of a reclassification or change in par value, or (iv) by reason of any other extraordinary or unusual event affecting the outstanding Company Stock without the Company's receipt of consideration, or if the value of outstanding shares of Company Stock is substantially reduced as a result of a spinoff or the Company's payment of an extraordinary dividend or distribution, the maximum number of shares of Company Stock available for Grants, the maximum number of shares of Company Stock that any individual participating in the Plan may be granted in any year, the number of shares covered by outstanding Grants, the kind of shares issued under the Plan, and the price per share of such Grants may be appropriately adjusted by the Committee.

Change of Control of the Company. Upon a Change of Control, unless the Committee determines otherwise, (i) the Company shall provide each Grantee with outstanding Grants written notice of such Change of Control, (ii) all outstanding Options and SARs shall automatically accelerate and become fully exercisable and (iii) the restrictions and conditions on all outstanding Restricted Stock shall immediately lapse. Upon a Change of Control where the Company is not the surviving corporation (or survives only as a subsidiary of another corporation), unless the Committee determines otherwise, all outstanding Options and SARs that are not exercised shall be assumed by, or replaced with comparable options and rights by, the surviving corporation.

A change of control is defined as (a) any person becoming a beneficial owner of securities of the Company representing more than 50% of all votes required to elect a majority of the Board, provided that a Change of Control shall not be deemed to occur as a result of a change of ownership resulting from the death of a shareholder; (b) the consummation by the Company of (i) a merger or consolidation where the shareholders of the Company will not own more than 50% of all votes required to elect a majority of the board of directors of the surviving corporation or (ii) the consummation of an agreement providing for the sale or disposition by the Company of all or substantially all of the assets

of the Company; (c) a liquidation or dissolution of the Company; or (d) any person completing a tender offer or exchange offer for shares representing more than 50% of all votes required to elect a majority of the Board.

Section 162(m). Under Section 162(m) of the Code, the Company may be precluded from claiming a federal income tax deduction for total remuneration in excess of \$1,000,000 paid to the chief executive officer or to any of the other four most highly compensated officers in any one year. Total remuneration would include amounts received upon the exercise of stock options or SARs granted under the Plan and the value of shares received when the shares of restricted stock became transferable (or such other time when income is recognized). An exception exists, however, for performance-based compensation, which meets certain requirements. The Plan allows for performance-based compensation to Section 162(m) participants.

Other Effects Of Option Exchange Programs. Other than the effect on our capitalization described above, we do not anticipate that the Option Exchange Program will have a material impact on our financial statements or results of operations. You should consider this proposal together with *Management's Discussion and Analysis of Financial Conditions and Results of Operations* and our financial statements and the notes related thereto included in our Annual Report on Form 10-K for the year ended December 31, 2005, which accompanies this Proxy Statement, and which portions of our Annual Report are incorporated herein by reference.

Market Value of Class A Common Stock. On March 23, 2006, the closing price of the Company's Class A common stock, as reported on the New York Stock Exchange, was \$28.29.

The Board Of Directors unanimously recommends that you vote **FOR** the approval of the amendment to the Entercom Equity Compensation Plan.

PROPOSAL 4

**RATIFICATION OF THE SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**

DESCRIPTION OF PROPOSAL

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year ending December 31, 2006 and is proposing that the shareholders ratify such selection. Although ratification is not required by law, the Audit Committee believes that the Company's shareholders should be given an opportunity to express their views on the subject. SEC Rule 10A-3(b)2 requires that the audit committee must be directly responsible for the appointment . . . of any registered public accounting firm. Since the Audit Committee cannot abdicate this authority to the shareholders, the ratification of the selection is not binding on the Company. Any failure of the shareholders to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm would, however, be considered by the Audit Committee in determining whether to continue the engagement of PricewaterhouseCoopers LLP.

INFORMATION CONCERNING INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PricewaterhouseCoopers LLP (**PwC**) has served as the Company's independent registered public accounting firm since June 2002. Our Audit Committee has appointed PwC to serve as our independent registered public accounting firm for the year ending December 31, 2006. Pre-Approval Policies. The Audit Committee maintains policies and procedures for the pre-approval of work performed by the independent auditors in that under the amended and restated Audit Committee Charter, all auditor engagements must be approved in advance by the Audit Committee.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors unanimously recommends that you vote **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as independent auditors of the Company for the year ending December 31, 2006.

The Compensation Committee conducts a general review of our compensation plans to ensure that they meet corporate objectives, including review and approval of all compensation paid to our executive officers. The responsibilities of the Compensation Committee also include administering and interpreting our Employee Stock Purchase Plan and the Entercom Equity Compensation Plan, including selecting the officers, employees and other qualified recipients who will be granted awards under the Entercom Equity Compensation Plan.

Compensation Committee Interlocks And Insider Participation. None of the members of the Compensation Committee was at any time an officer or employee of the Company. Nominating / Corporate Governance Committee. The Nominating / Corporate Governance Committee consists of Daniel E. Gold, Chairman, David J. Berkman and Robert S. Wiesenthal. The Nominating / Corporate Governance Committee met three times in 2005. A copy of the Amended and Restated Nominating / Corporate Governance Committee Charter is posted on the Corporate Governance page of the Company's website located at www.entercom.com.

The Nominating / Corporate Governance Committee is responsible for the recommendation of criteria for selection of Board members and assisting the Board in identifying candidates for the Board of Directors. The Nominating / Corporate Governance Committee will consider nominees recommended by shareholders. Shareholders should submit any such recommendations to our Corporate Secretary. In addition, shareholders may make their own director nominations in accordance with the procedures for Shareholder Director Nominations described in this Proxy Statement under the heading *Shareholder Proposals For 2007 Annual Meeting*.

The Nominating / Corporate Governance Committee has not established any specific, minimum qualifications that the Committee believes must be met by a Committee-recommended nominee for a position on the Company's Board of Directors. While the Nominating / Corporate Governance Committee has not established any specific qualities or skills that the Committee believes are necessary for one or more of the registrant's directors to possess, the Committee may consider the following criteria in recommending candidates for election to the Board: (i) experience in corporate management, such as serving or having served as an officer of a publicly-held company; (ii) experience in the media, communication and/or radio broadcasting industries; (iii) experience as a board member of another publicly-held company; (iv) academic expertise in the media, communication and / or radio broadcasting industries or in specific areas of the Company's operations; and (v) financial experience necessary to assist the Company in meeting its corporate governance requirements.

The Nominating / Corporate Governance Committee identifies prospective candidates for recommendation to the Board of Directors via recommendations from other Directors, management and Company shareholders. In addition, the Committee has in the past retained the services of a professional search firm to identify prospective candidates. The Committee does not have a formal review policy for prospective Committee-recommended nominees.

Each of the nominees is an incumbent and each was elected by the shareholders at the previous annual meeting of shareholders.

Executive Committee. The Executive Committee consists of Joseph M. Field, Chairman, David J. Field and David J. Berkman. The Executive Committee did not meet in 2005. The Executive Committee has the authority to approve, upon unanimous consent of such committee, acquisitions and expenditures for certain radio and radio related synergistic investments.

The role of presiding director rotates among the chairpersons of the following committees of the Board of Directors, in the following order: (i) Nominating/Corporate Governance Committee, (ii) Compensation Committee, and (iii) Audit Committee; provided that, if any such chairperson is

absent, then such absent director is skipped in the rotation and the next chairperson in the foregoing order serves as the presiding director at such meeting.

ENTERCOM EQUITY COMPENSATION PLAN

(See Proposal 3 for a Description of a Proposed Plan Amendment)

General. On February 22, 2005, our Board of Directors approved an amendment and restatement of the Entercom Equity Compensation Plan (the **Plan**). Our shareholders approved the Plan on May 6, 2005. On March 23, 2006, our Board of Directors approved an amendment to the Plan to allow for a one-time option exchange program as described in **Proposal 3**. Such amendment is subject to shareholder approval. The purpose of the Plan is to attract and retain our employees, employees of our subsidiaries (including employees who are officers or directors) and executive officers, and to provide incentives to our non-employee directors and certain advisors and consultants who perform services for us and our subsidiaries. The Plan provides for grants to our employees and employees of our subsidiaries (including employees who are officers or directors), our non-employee directors and certain advisors and consultants who perform services for us and our subsidiaries, of: (i) incentive stock options; (ii) nonqualified stock options that do not qualify as incentive stock options; (iii) restricted stock; and (iv) stock appreciation rights.

Shares. Subject to adjustment, we may presently issue up to 10,000,000 shares of Class A Common Stock, plus an additional 1,500,000 shares per year each year commencing January 1, 2007. Only shares of Class A Common Stock may be issued under the Plan. As of December 31, 2005, we had issued 125,685 shares of restricted stock and we had issued nonqualified stock options to purchase 8,245,870 shares of Class A Common Stock having a weighted-average exercise price of \$41.36 per share. We have not issued any incentive stock options or stock appreciation rights. The number of shares for which incentive stock options may be issued under the Plan may not exceed 1,850,000 shares, subject to adjustment, and the number of shares of restricted stock that may be issued under the Plan may not exceed 2,000,000 shares, subject to adjustment. If and to the extent grants awarded under the Plan expire or are terminated for any reason without being exercised, the shares of Class A Common Stock subject to such grant again will be available for purposes of the Plan.

Administration of the Plan. The Plan is administered and interpreted by our Compensation Committee. Subject to the ratification or approval by the Board of Directors, if the Board retains the right, the Committee has the sole authority

to: (i) determine the individuals that shall be given awards; (ii) determine the terms of the awards; (iii) delegate to our Chief Executive Officer the authority to make grants to certain non-executive officer employees; and (iv) deal with any other matters arising under the Plan.

Options. The exercise price of any incentive stock option will not be less than the fair market value of our Class A Common Stock on the date of the grant, or not less than 110% of the fair market value of the common stock in the case of an employee who owns more than 10% of our Class A, Class B and Class C Common Stock. The exercise price of any nonqualified stock option may be greater than, equal to or less than the fair market value of our Class A Common Stock on the date of the grant. The exercise period of an option may not exceed ten years from the date of the grant, and the exercise period of an incentive stock option granted to an employee who owns more than 10% of the Class A, Class B and Class C Common Stock may not exceed five years from the date of the grant. The participant may pay the exercise price in cash or, with approval of the Committee, by delivering shares of Common Stock owned by the participant and having a fair market value on the date of exercise equal to the exercise price or by any other method that the committee approves.

EMPLOYMENT AGREEMENTS

David J. Field Employment Agreement. We have entered into an employment agreement with David J. Field, pursuant to which Mr. Field serves as our President and Chief Executive Officer. The initial term of this employment agreement expires on July 1, 2006 and the agreement automatically renews for successive one year extensions unless either party provides the other party with at least 120 days prior written notice. The employment agreement provides for a minimum annual base compensation of \$650,000 and an annual bonus to be determined by our Compensation Committee; provided that Mr. Field's potential annual bonus for any year is 110% of his base compensation for that year. Mr. Field's salary for the year 2005 was \$693,201. Beginning July 1, 2003, base compensation under the employment agreement automatically increased each July to reflect percentage increases in the Consumer Price Index. The employment agreement entitles Mr. Field to receive grants of options to purchase shares of our Class A Common Stock as determined by our Board of Directors and/or our Compensation Committee in their discretion. If Mr. Field's employment is terminated either by us without cause or by him for good reason, then Mr. Field will be entitled to a single severance payment equal to the greater of: (i) his base compensation and annual bonus for the remainder of the employment agreement's term, based on his highest bonus during the preceding three years; or (ii) two times his base compensation and two times his highest annual bonus for the prior three year period. If Mr. Field's good reason for termination is, however, as a result of our failure to renew or renegotiate his employment agreement on comparable terms prior to its expiration, Mr. Field's single severance payment shall be equal to 15 months base compensation and 15 months of the highest annual bonus paid to him during the agreement's term. In the event of a change in control, however, if Mr. Field's employment is terminated either by us without cause or by him for good reason, then Mr. Field will be entitled to a single severance payment equal to three times his base compensation and three times his highest annual bonus for the prior three year period. In addition, upon his termination without cause or for good reason at any time, all of Mr. Field's then outstanding stock options shall vest and become exercisable and shall remain exercisable for an additional 24 months. Finally, if any of Mr. Field's severance payments or benefits are deemed to be parachute payments under Section 280(g) of the Internal Revenue Code, we have agreed to make an additional payment to Mr. Field in an amount equal to two-thirds of the amount required to fully compensate him for the additional tax obligations arising under Section 280(g) of the Internal Revenue Code.

Beginning July 1, 2003, base compensation under the employment agreement is automatically increased each July to reflect percentage increases in the Consumer Price Index. The employment agreement entitles Mr. Field to receive grants of options to purchase shares of our Class A Common Stock, as determined by our Board of Directors and/or our Compensation Committee in their discretion. Under this employment agreement, Mr. Field will also receive certain other insurance benefits as provided from time to time to our senior executive officers.

If Mr. Field's employment is terminated either by us without cause or by him for good reason, then Mr. Field will be entitled to a single severance payment equal to his base compensation and his annual bonus payable over the remainder of the agreement's term, with the bonus payment to be based on his average annual bonus for the prior three year period. In the event of a change in control, however, if Mr. Field's employment is terminated either by us without cause or by him for good reason, then Mr. Field will be entitled to a single severance payment

equal to three times his base compensation and three times his annual bonus, based on his average annual bonus for the prior three year period. In addition, upon his termination without cause or for good reason at any time, all of Mr. Field's then outstanding stock options shall vest and become exercisable and shall remain exercisable for an additional 24 months. If any of Mr. Field's severance payments or benefits are deemed to be parachute payments under Section 280(g) of the Internal Revenue Code, we have agreed to make an additional payment to Mr. Field in an amount equal to two-thirds of the amount required to fully compensate him for the additional tax obligations arising under Section 280(g) of the Internal Revenue Code. Mr. Field and his spouse are also entitled to medical insurance coverage for the duration of their respective lives.

Stephen F. Fisher Employment Agreement. On December 31, 2004 we entered into an employment agreement with Stephen F. Fisher to serve as our Chief Financial Officer and Executive Vice President. This employment agreement expires on February 29, 2008. Mr. Fisher's salary for the year 2005 was \$450,000. Mr. Fisher's employment agreement entitles him to receive an aggregate of 200,000 options to purchase shares of our Class A Common Stock and 43,500 restricted shares of our Class A Common Stock. In addition, Mr. Fisher is eligible to receive an annual bonus to be determined by our Compensation Committee. Under this employment agreement, Mr. Fisher is eligible to participate in Company benefit plans generally available to our officers. This employment agreement provides that we may terminate Mr. Fisher's employment for cause or at our convenience. In the event of termination by us for cause, our obligations shall cease. In the event of a termination by us without cause, we are obligated to continue to pay Mr. Fisher's salary, auto allowance and certain bonuses for the period through February 29, 2008 or one year from the date of such termination, whichever is longer. Under certain circumstances, Mr. Fisher has the right to terminate the agreement upon one hundred twenty (120) days notice. In the event of a change in control, if (A) the surviving entity has securities that are publicly traded and Mr. Fisher's employment is terminated without cause or due to a Constructive Termination, or (B) the surviving entity does not have securities that are publicly traded; then (i) all of Mr. Fisher's outstanding options and shares of restricted stock will vest; and (ii) the Company is required to guarantee that the aggregate value of Mr. Fisher's compensation (i.e., options, restricted stock and salary to be paid under his employment agreement) is at least \$5,000,000.

Donlevie pursuant to which Mr. Donlevie serves as our Executive Vice President, Secretary and General Counsel. BOARD OF DIRECTOR COMMITTEE REPORTS

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This Compensation Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Compensation Committee (the **Committee**) of the Board of Directors of Entercom Communications Corp. (the **Company**) is currently comprised of David J. Berkman, Chairman, Robert S. Wiesenthal and Edward H. West, each an independent director. The Committee is responsible for establishing the Company's compensation programs for its directors, officers, employees and consultants, and administering the Company's equity compensation plans. For executive officers, the Committee evaluates performance and determines compensation policies and levels.

Compensation Philosophy and Policy

The compensation philosophy of the Committee is to motivate the Company's executive officers and management employees to attain financial, operational and strategic objectives through a competitive compensation program while also aligning the financial goals of such executives and management with those of the Company's shareholders. In administering the program, the Committee assesses the performance of the Company's business and employees relative to those objectives. The Committee also considers the performance of the Company's business as compared to the performance of its competitors. To ensure that pay is competitive, the Committee regularly compares its pay practices with those of the Company's competitors and sets pay parameters based on this review.

To assist the Committee in establishing compensation levels, the Committee has utilized and relied upon the analysis and recommendations of independent compensation consultants. Similarly, the Committee has utilized such consultants in formulating its recommendations to the Board regarding outside director compensation.

The Committee's compensation program generally provides incentives to achieve both annual and longer term objectives. The Committee's review of the Company's executive compensation programs includes an analysis, for each of the Company's executives, of all elements of compensation, including base salary, cash bonus awards and stock awards in the form of grants of stock options, restricted common stock and other stock-related benefits (including participation in the Employee Stock Purchase Plan). These elements generally are blended in order to implement the Committee's compensation philosophy.

Base Salary

Chief Executive Officer.

The Company is party to an employment agreement with David J. Field, the Company's Chief Executive Officer, dated July 2002. In order to establish such compensation under this agreement, the Committee had retained and relied upon an independent compensation consultant. This consultant had evaluated the Company's peer group consisting of certain publicly traded radio companies and other media companies and prepared an analysis of executive compensation and executive employment agreements within such peer group. The consultant considered the exceptional performance of the Company compared with its peers and the transition of the position of Chief Executive Officer from Joseph M. Field to David J. Field during 2002 and beyond. In accordance with the terms of this employment agreement, David J. Field's salary for the year 2005 was initially \$683,621 and was contractually increased, effective July 1, 2005, to \$702,781, resulting in an annualized salary of \$693,201 for the year.

Other Employees.

In addition to the Company's agreement with David J. Field, during 2005, the Company had employment agreements in place with each of: (i) Joseph M. Field, Chairman of the Company; (ii) Stephen F. Fisher, Executive Vice President and Chief Financial Officer of the Company; and (iii) John C. Donlevie, Executive Vice President and General Counsel of the Company. In setting base salaries for these officers, the Committee generally considered the experience of the individual, the scope and complexity of the position, the Company's size and growth rate and the compensation paid by the Company's competitors. For Messrs. Fisher and Joseph M. Field, the Committee utilized and relied upon the analysis and recommendations of independent compensation consultants.

Incentive Compensation

Cash Bonus Awards

All of the Company's executive officers (to the extent they are not already entitled to receive a bonus under their respective employment agreements), are eligible to receive bonuses, which are determined after a review of the Company's performance as well as the individual performance of each such executive officer. For 2005, David J. Field, Stephen F. Fisher and John C. Donlevie received discretionary bonuses determined by the Committee as described in the Summary Compensation Table.

Stock Awards

To promote the Company's long-term objectives, stock awards are made to employees of the Company and employees of subsidiaries of the Company (including employees who are officers or directors), non-employee directors of the Company and certain advisors and consultants who are in a position to make a significant contribution to the Company's long-term success. The stock awards are made pursuant to the Entercom Equity Compensation Plan in the form of nonqualified stock options and restricted stock awards. The Committee has the authority to determine the individuals that shall be given awards and the terms of such awards.

Historically, the Company has used stock options as its primary long-term incentive vehicle. In consideration of a change in accounting rules, the Company's human capital and business objectives, and industry trends in equity compensation, the Company has re-evaluated its historical equity compensation strategy. The Company intends to implement a strategy of using both time-vested and performance-vested restricted stock as its primary incentive vehicle.

Determination of Incentive Compensation.

In order to determine the incentive compensation for the Company's executive officers (including David J. Field, the Company's Chief Executive Officer), the Committee considered a number of factors including those detailed below.

(i) The Committee considered the operating performance of the Company highlighted by the fact that the Company's revenue growth continued to outpace the radio industry during calendar year 2005. The Company achieved an approximately 2% same-station revenue growth compared to flat market growth in the Company's various markets. In addition to the Company's gains in market share, the Committee took into account that fact that the Company has outpaced the industry revenue growth in all seven years of the Company's existence as a public company.

(ii) The Committee considered the operating performance of the Company versus the Company's 2005 business plan. In this regard, the Committee recognized that while a number of the budgetary objectives were not achieved, 2005 was a difficult business climate with a weaker than expected advertising environment, which created a more difficult marketplace.

(iii) The Committee considered the acquisitions consummated by the Company and, perhaps more importantly, the transactions that did not occur. Specifically, the Committee noted the significant time and energy expended by the Company in 2005 with respect to two very large potential transactions. While the Company

was able to reach the later stages of the processes with respect to such transactions, the Committee found that Company management demonstrated the stewardship necessary to not pursue transactions that did not make sense for the Company and its shareholders. The Company did, however, consummate transactions in Greenville, South Carolina, which established the Company as the leader in that market.

(iv) The Committee considered the people, culture and leadership instilled by the Company management during 2005. The Committee noted that for 2005, the Company (a) continued to build and foster culture that attracts, motivates and retains industry-leading talent; (b) experienced no meaningful defections from the Company's management team; and (c) was recognized by Forbes Magazine as one of the nation's best small companies.

(v) The Committee considered the progress of various internal company-wide sales and operating initiatives of the Company during 2005.

(vi) The Committee considered the Company's stewardship of existing brands and content, as well as the development of new ones. The Company engaged in an aggressive roll-out of new brands including (a) a new rock station in New Orleans; (b) five new "we play everything" stations featuring eclectic mixes of multi-genre playlists; (c) a new oldies/soft AC hybrid station in Indianapolis; and (d) a new country station in Seattle. The Committee recognized the Company's success with implementing a new Advertiser Choice Initiative to reduce on-air clutter and promote shorter commercial spot lengths, as well as establishing new flagship relationships with the Boston Celtics and Seattle Supersonics.

(vii) The Committee considered the Company's corporate finance accomplishments during 2005. The Committee noted that while the Company experienced a decline in stock price during 2005, such decline was in-line with industry peers. The Committee noted the relative balance sheet position of the Company as well as the Company's deployment of capital through stock repurchases of \$188 million during the year.

(viii) The Committee considered the Company's technical achievements during 2005 including: (a) 30 stations broadcasting in HD digital as of the end of 2005; (b) 37 stations streaming on the internet as of the end of 2005; and (c) the accelerated development of internet-based initiatives such as podcasting, email database marketing and integrated web-based marketing programs during the year.

(ix) The committee reviewed the performance during the year against various parameters and performance criteria that were considered at the beginning of the year with the help of an independent compensation consultant.

(x) The Committee considered the Company's handling of the events relating to Hurricane Katrina and its aftermath.

Determination of CEO Incentive Compensation.

In addition to the factors considered, as detailed above, at the beginning of calendar year 2005, the Committee identified certain goals and objectives relating to the performance of the Company's Chief Executive Officer, David J. Field. Specifically, the Committee identified a number of goals and objectives relating to: (i) the Company's performance versus the performance of the Company's peer group as it relates to (a) market shares gains; (b) same station revenue growth; and (c) same station operating income growth; (ii) the Company's individual performance as it relates to certain targeted revenue, station operating income growth and earnings per share; (iii) the Company enhancing its competitive position through innovation and continuous improvement with certain internal company-wide sales and operating initiatives; (iv) the development of value creation opportunities; (v) development of talent and human capital; (vi) improvement of radio industry prospects; and (vii) the Company's stock performance (both relative and absolute).

In order to assist the Committee in determining the level of Mr. Field's incentive compensation for calendar year 2005, the Committee met with Mr. Field to review his performance in light of such goals and objects. In conducting such a review, the committee considered the specific target levels against the Company's actual results and Mr. Field's performance.

In addition to Mr. Field's stewardship of the Company, the Committee recognized that Mr. Field was actively engaged in a number of industry initiatives benefiting the Company and the radio industry during 2005 including: (a) being elected Chairman of the NAB Radio Board of Directors; and (c) chairing the radio industry marketing initiative which established a \$50 million pro-radio image campaign featuring artists such as the Rolling Stones, Madonna and Nelly. In addition, Radio Ink Magazine named Mr. Field as Radio Executive of the Year and he was recognized as one of the best CEOs in America by Institutional Investor Magazine in 2006.

Option Exchange Program

As the Company entered 2006, many of its employees including the Executive Officers and the non-employee directors held outstanding stock options with exercise prices that were significantly higher than the then current market price of the Company's common stock. Management and the Committee believe that these underwater stock options were not providing appropriate long-term incentives. To remedy this, the Board of Directors approved, upon the recommendation of the Compensation Committee, an amendment to the Entercom Equity Compensation Plan to permit a one time stock option exchange program (the **Option Exchange Program** described in greater detail in **Proposal 3** of this Proxy Statement) designed to give the eligible option holders a choice to receive restricted stock awards in exchange for certain underwater stock options. The Option Exchange Program, if approved by shareholders, will benefit the Company by (i) reducing overhang and decreasing the potential shareholder dilution resulting from future equity incentive grants by enabling the Company to make more use of restricted stock grants, which require fewer shares than stock options to deliver comparable value; (ii) making it easier to meet industry standards and shareholder expectations for linking compensation with performance; and (iii) generally maximizing the alignment of employee and director interests with our shareholders.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), imposes limitations upon the federal income tax deductibility of compensation paid to the Company's chief executive officer and to each of the Company's other four most highly compensated executive officers. Under these limitations, the Company may deduct such compensation only to the extent that during any year the compensation paid to any such officer does not exceed \$1,000,000 or meets certain specified conditions (such as certain performance-based compensation that has been approved by the Company's shareholders). While the Company desires to maximize its tax deductions, some elements of executive compensation may not be tax deductible, and the Company's compensation plans and policies may be modified if the Committee determines that such action is in the best interests of the Company and its shareholders; even if such action may result in some loss of deductibility.

Conclusion

Through the plans described above, a significant portion of the Company's compensation programs (including the compensation of David J. Field) are contingent on the Company's performance and the realization of benefits is closely linked to increases in long-term shareholder value. The Committee remains committed to this philosophy of pay for performance, recognizing that the competitive market for talented executives may result in highly variable compensation for a particular time period.

ENTERCOM EQUITY COMPENSATION PLAN

(As Amended through March 24, 2006)

The purpose of the Entercom Equity Compensation Plan (the **Plan**) is to provide (i) designated employees of Entercom Communications Corp. (the **Company**) and its subsidiaries, (ii) certain consultants and advisors who perform services for the Company or its subsidiaries and (iii) non-employee members of the Board of Directors of the Company (the **Board**) with the opportunity to receive grants of incentive stock options, nonqualified stock options, stock appreciation rights or restricted stock. The Company believes that the Plan will enhance the incentive for participants to contribute materially to the growth of the Company, thereby benefiting the Company and the Company's shareholders, and will align the economic interests of the participants with those of the shareholders.

1. **Administration.**

(a) **Committee.** The Plan shall be administered and interpreted by a committee appointed by the Board (the **Committee**). The Committee shall consist of two or more persons who may be outside directors as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Code**) and related Treasury regulations and non-employee directors as defined under Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the **Exchange Act**). However, the Board may retain the right to ratify, approve or amend any grants as it deems appropriate. If the Board requires ratification or approval of a grant and the grant is not ratified or approved by the Board, such grant shall not be effective. Before an initial public offering of the Company's stock as described in Section 20(b) (a **Public Offering**), the Plan may be administered by the Board. If the Board administers the Plan during a period prior to a Public Offering, references in the Plan to the **Committee** shall be deemed to refer to the Board during but only for such period.

(b) **Committee Authority.** Subject to ratification or approval by the Board if the Board retains such right pursuant to subsection (a) above, the Committee shall have the sole authority to (i) determine the individuals to whom grants shall be made under the Plan, (ii) determine the type, size and terms of the grants to be made to each such individual, (iii) determine the time when grants will be made and the commencement and duration of any applicable exercise or restriction period, including the criteria for exercisability and the acceleration of exercisability and (iv) deal with any other matters arising under the Plan.

(c) **Committee Determinations.** Subject to ratification, approval or amendment by the Board if the Board retains such right pursuant to subsection (a) above, the Committee shall have full power and authority to administer and interpret the Plan, to make factual determinations and to adopt or amend such rules, regulations, agreements and instruments for implementing the Plan and for the conduct of its business as it deems necessary or advisable, in its sole discretion. Subject to ratification, approval or amendment by the Board if the Board retains such right pursuant to subsection (a) above, the Committee's interpretations of the Plan and all determinations made by the Committee pursuant to the powers vested in it hereunder shall be conclusive and binding on all persons having any interest in the Plan or in any awards granted hereunder. All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated individuals.

(d) **Delegation of Authority.** Notwithstanding the foregoing, the Committee may delegate to the Chief Executive Officer of the Company the authority to make grants under the Plan to employees and Key Advisors (as defined herein) of the Company and its subsidiaries who are not subject to the restrictions of Section 16(b) of the Exchange Act and who are not expected to be subject to the limitations of Section 162(m) of the Code. The grant of authority under this subsection 1(d) shall be subject to such conditions and limitations as may be determined by the Committee, subject to ratification and approval by the Board if the Board retains such right pursuant to subsection (a) above. If the Chief Executive Officer makes grants pursuant to the delegated authority under this subsection (d), references in the Plan to the Committee, as they relate to making such grants (but not to the subsequent administration of such grants), shall be deemed to refer to the Chief Executive Officer.

2. Shares Subject to the Plan and Types of Grants

Before a Public Offering, awards may be made under the Plan with respect to shares of non-voting common stock of the Company, and after a Public Offering, awards may be made with respect to shares of Class A common stock of the Company. The term **Company Stock** means, before a Public Offering, non-voting common stock of the Company and, after a Public Offering, Class A common stock of the Company. Awards under the Plan may consist of grants of (a) incentive stock options as described in Section 5 (**Incentive Stock Options**), (b) nonqualified stock options as described in Section 5 (**Nonqualified Stock Options**) (Incentive Stock Options and Nonqualified Stock Options are collectively referred to as **Options**), (c) restricted stock as described in Section 6 (**Restricted Stock**) and (d) stock appreciation rights as described in Section 7 (**SARs**) (all such awards being hereinafter collectively referred to as **Grants**). All Grants shall be subject to the terms and conditions set forth herein and to such other terms and conditions consistent with this Plan as the Committee deems appropriate and as are specified in writing by the Committee to the individual in a grant instrument or an amendment to the grant instrument made in conformance with the Plan (the **Grant Instrument**). The Committee shall approve the form and provisions of each Grant Instrument. Grants under a particular Section of the Plan need not be uniform as among the Grantees (as defined below) or among any class or grouping of Grantees.

3. Limitations on the Number of Shares Subject to the Plan

(a) **Limitations.** The aggregate number of shares of Company Stock that may be issued or transferred pursuant to Grants under the Plan shall be 8,500,000(1) subject to adjustment as described in subsection (b) below. In addition to the foregoing, subject to adjustment as described in subsection (b) below, commencing on January 1, 2006 and each anniversary thereafter during the term of the Plan, the number of shares of Company Stock that may be issued or transferred pursuant to Grants under the Plan shall be increased by (i) 1,500,000 shares of Company Stock or (ii) a lesser amount determined by the Board. As a further limitation, subject to adjustment as described in subsection (b) below, the aggregate number of shares of Company Stock that may be subject to Grants of Incentive Stock Options shall not exceed 1,850,000 shares, and the aggregate number of shares of Company Stock that may be subject to Restricted Stock Grants shall not exceed 2,000,000. Subject to adjustment as described in subsection (b) below, the aggregate number of shares of Company Stock that may be subject to Grants made under the Plan to any individual during any calendar year shall not exceed 925,000 shares. The shares may be authorized but unissued shares of Company Stock or reacquired shares of Common Stock, including shares purchased by the Company on the open market for purposes of the Plan. If and to the extent Options or SARs granted under the Plan terminate, expire or are canceled, forfeited, exchanged or surrendered without having been exercised, or if any shares of Restricted Stock are forfeited, the shares subject to such Grants shall again be available for purposes of the Plan.

(b) **Adjustments.** If there is any change in the number or kind of shares of Company Stock outstanding (i) by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, (ii) by reason of a merger, reorganization or consolidation in which the Company is the surviving corporation, (iii) by reason of a reclassification or change in par value, or (iv) by reason of any other extraordinary or unusual event affecting the outstanding Company Stock without the Company's receipt of consideration, or if the value of outstanding shares of Company Stock is substantially reduced as a result of a spinoff or the Company's payment of an extraordinary dividend or distribution, the maximum number of shares of Company Stock available for Grants, the maximum number of shares of Company Stock that any individual participating in the Plan may be granted in any year, the number of shares covered by outstanding Grants, the kind of shares issued under the Plan, and the price per share of such Grants may be appropriately adjusted by the Committee to reflect any increase or decrease in the number of, or change in the kind or value of, issued shares of Company Stock to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under such Grants; provided, however, that any fractional shares resulting from such adjustment shall be eliminated. Any adjustments determined by the Committee shall be final, binding and conclusive.

(1) Increased by 1,135,011 shares, from 7,364,989 to 8,500,000 by approval of the Board on February 22, 2005, subject to shareholder approval of such increase being obtained on or before February 22, 2006.

(c) Provisions Applicable to Section 162(m) Participants

(i) The Committee, in its discretion, may determine whether a Grant is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code.

(ii) Notwithstanding anything in the Plan to the contrary, the Committee (provided it is comprised solely of two or more outside directors as defined under Section 162(m) of the Code) may award any Grant to a Section 162(m) Participant, including Restricted Stock the restrictions with respect to which lapse upon the attainment of performance goals which are related to one or more of the Performance Criteria.

(iii) To the extent necessary to comply with the performance-based compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Restricted Stock granted under the Plan to one or more Section 162(m) Participants, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee shall, in writing, (i) designate one or more Section 162(m) Participants, (ii) select the Performance Criteria applicable to the fiscal year or other designated fiscal period or period of service, (iii) establish the various performance targets, in terms of an objective formula or standard, and amounts of such Restricted Stock which may be earned for such fiscal year or other designated fiscal period or period of service, and (iv) specify the relationship between Performance Criteria and the performance targets and the amounts of Restricted Stock to be earned by each Section 162(m) Participant for such fiscal year or other designated fiscal period or period of service. Following the completion of each fiscal year or other designated fiscal period or period of service, the Committee shall certify in writing whether the applicable performance targets have been achieved for such fiscal year or other designated fiscal period or period of service. In determining the amount earned by a Section 162(m) Participant, the Committee shall have the right to reduce (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the fiscal year or other designated fiscal period or period of service.

(iv) Furthermore, notwithstanding any other provision of the Plan, any Grant awarded to a Section 162(m) Participant and that is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

(v) For purposes of the Plan,

(A) **Performance Criteria** shall mean the following business criteria with respect to the Company, any subsidiary or any division or operating unit: (a) net income, (b) pre-tax income, (c) operating income, (d) cash flow, (e) earnings per share, (f) return on equity, (g) return on invested capital or assets, (h) cost reductions or savings, (i) funds from operations, (j) appreciation in the fair market value of Company Stock, and (k) earnings before any one or more of the following items: interest, taxes, depreciation or amortization; each as determined in accordance with generally accepted accounting principles or subject to such adjustments as may be specified by the Committee.

(B) **Section 162(m) Participant** shall mean any key Employee designated by the Committee as a key Employee whose compensation for the fiscal year in which the key Employee is so designated or a future fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code.

4. Eligibility for Participation

(a) **Eligible Persons.** All employees of the Company and its subsidiaries (Employees), including Employees who are officers or members of the Board, and members of the Board who are not Employees

(Non-Employee Directors) shall be eligible to participate in the Plan. Consultants and advisors who perform services for the Company or any of its subsidiaries (Key Advisors) shall be eligible to participate in the Plan if the Key Advisors are natural persons rendering bona fide services and such services are not in connection with the offer or sale of securities in a capital-raising transaction.

(b) Selection of Grantees. The Committee shall select the Employees, Non-Employee Directors and Key Advisors to receive Grants and shall determine the number of shares of Company Stock subject to a particular Grant in such manner as the Committee determines. Employees, Key Advisors and Non-Employee Directors who receive Grants under this Plan shall hereinafter be referred to as Grantees.

5. Granting of Options

(a) Number of Shares. The Committee shall determine the number of shares of Company Stock that will be subject to each Grant of Options to Employees, Non-Employee Directors and Key Advisors.

(b) Type of Option and Price.

(i) The Committee may grant Incentive Stock Options which are intended to qualify as incentive stock options within the meaning of Section 422 of the Code or Nonqualified Stock Options which are not intended so to qualify or any combination of Incentive Stock Options and Nonqualified Stock Options, all in accordance with the terms and conditions set forth herein. Incentive Stock Options may be granted only to Employees. Nonqualified Stock Options may be granted to Employees, Non-Employee Directors and Key Advisors.

(ii) The purchase price (the Exercise Price) of Company Stock subject to an Option shall be determined by the Committee and may be equal to, greater than, or less than the Fair Market Value (as defined below) of a share of Company Stock on the date the Option is granted; provided, however, that (x) the Exercise Price of an Incentive Stock Option shall be equal to, or greater than, the Fair Market Value of a share of Company Stock on the date the Incentive Stock Option is granted; (y) an Incentive Stock Option may not be granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary of the Company, unless the Exercise Price per share is not less than 110% of the Fair Market Value of Company Stock on the date of grant and (z) in the event that the Exercise Price of an Option is below the Fair Market Value per share on the date of grant, such Option may also include limitations regarding the exercise of such Option and may provide that such exercise is subject to certain terms and restrictions, including a prior election by the Grantee, to the extent such terms and restrictions are required so as not cause the Option or the shares of Company Stock issuable pursuant to the exercise of such Option to be includable in the gross income of the Grantee under Section 409A of the Code prior to such times or occurrence of such events, as permitted by the Code and the regulations and other guidance thereunder (including, without limitation, Section 409A of the Code, and the regulations and other guidance issued by the Secretary of the Treasury thereunder).

(iii) If the Company Stock is publicly traded, then the Fair Market Value per share shall be determined as follows: (x) if the principal trading market for the Company Stock is a national securities exchange or the Nasdaq National Market, the last reported sale price thereof on the relevant date or (if there were no trades on that date or if the Committee determines otherwise in its discretion) the latest preceding date upon which a sale was reported, or (y) if the Company Stock is not principally traded on such exchange or market, the mean between the last reported bid and asked prices of Company Stock on the relevant date, as reported on Nasdaq or, if not so reported, as reported by the National Daily Quotation Bureau, Inc. or as reported in a customary financial reporting service, as applicable and as the Committee determines. If the Company Stock is not publicly traded or, if publicly traded but not subject to reported transactions or bid or asked quotations as set forth above, the Fair Market Value per share shall be as determined by the Committee.

(c) Option Term. The Committee shall determine the term of each Option. The term of any Option shall not exceed ten years from the date of grant. However, an Incentive Stock Option which is granted to an

Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any parent or subsidiary of the Company, may not have a term that exceeds five years from the date of grant.

(d) **Exercisability of Options.** Options shall become exercisable in accordance with such terms and conditions, consistent with the Plan, as may be determined by the Committee and specified in the Grant Instrument. The Committee may accelerate the exercisability of any or all outstanding Options at any time for any reason, and such acceleration need not be uniform as among any class or grouping of Grantees. Notwithstanding the foregoing, a Nonqualified Stock Option intended to comply with Section 409A of the Code pursuant to Subsection (b)(ii) above shall be exercisable at such times as are permitted under Section 409A of the Code and shall not be accelerated to the extent such acceleration would not comply with Section 409A of the Code.

(e) **Termination of Employment, Disability or Death.**

(i) Except as provided below, an Option may only be exercised while the Grantee is employed by, or providing service to, the Company as an Employee, Key Advisor or member of the Board. In the event that a Grantee ceases to be employed by, or provide service to, the Company for any reason other than a Disability (as defined in subsection (v) below), death, or termination for Cause (as defined in subsection (v) below), any Option which is otherwise exercisable by the Grantee shall terminate unless exercised within 90 days after the date on which the Grantee ceases to be employed by, or provide service to, the Company (or within such other period of time as may be specified by the Committee), but in any event no later than the date of expiration of the Option term. Except as otherwise provided by the Committee, any of the Grantee's Options which are not otherwise exercisable as of the date on which the Grantee ceases to be employed by, or provide service to, the Company shall terminate as of the date such employment or service ceased.

(ii) In the event the Grantee ceases to be employed by, or provide service to, the Company on account of a termination for Cause by the Company, any Option held by the Grantee shall terminate as of the date and time the Grantee ceases to be employed by, or provide service to, the Company. In addition, notwithstanding any other provisions of this Section 5, if the Grantee has engaged in conduct that constitutes Cause at any time while the Grantee is employed by, or providing service to, the Company or after the Grantee's termination of employment or service, any Option held by the Grantee shall immediately terminate. In the event the Grantee has engaged in conduct that constitutes Cause, in addition to the immediate termination of all Grants, the Grantee shall automatically forfeit all shares underlying any exercised portion of an Option for which the Company has not yet delivered the share certificates, upon refund by the Company of the Exercise Price paid by the Grantee for such shares (subject to any right of setoff by the Company).

(iii) In the event the Grantee ceases to be employed by, or provide service to, the Company because the Grantee is Disabled, any Option which is otherwise exercisable by the Grantee shall terminate unless exercised within one year after the date on which the Grantee ceases to be employed by, or provide service to, the Company (or within such other period of time as may be specified by the Committee), but in any event no later than the date of expiration of the Option term. Except as otherwise provided by the Committee, any of the Grantee's Options which are not otherwise exercisable as of the date on which the Grantee ceases to be employed by, or provide service to, the Company shall terminate as of the date such employment or service ceased.

(iv) If the Grantee dies while employed by, or providing service to, the Company or within 90 days after the date on which the Grantee ceases to be employed or provide service on account of a termination specified in Section 5(e)(i) above (or within such other period of time as may be specified by the Committee), any Option which is otherwise exercisable by the Grantee as of the date of his or her death shall terminate unless exercised within one year after the date on which the Grantee ceases to be employed by, or provide service to, the Company (or within such other period of time as may be specified by the Committee), but in any event no later than the date of expiration of the Option term. Except as otherwise provided by the Committee, any of the Grantee's Options which are not otherwise exercisable as of the date on which the Grantee ceases to be employed by, or provide service to, the Company shall terminate as of the date such employment or service ceased.

(v) For purposes of this Section 5(e) and Section 6:

(A) The term **Company** shall mean the Company and its parent and subsidiary corporations.

(B) **Employed by, or provide service to, the Company** shall mean employment or service as an Employee, Key Advisor or member of the Board (so that, for purposes of exercising Options and SARs and satisfying conditions with respect to Restricted Stock, a Grantee shall not be considered to have terminated employment or service until the Grantee ceases to be an Employee, Key Advisor or member of the Board), unless the Committee determines otherwise in the Grant Instrument.

(C) **Disability or Disabled** shall mean a Grantee s becoming disabled within the meaning of Section 22(e)(3) of the Code.

(D) **Cause** shall mean, except to the extent specified otherwise by the Committee or separately defined in a written employment or similar agreement between a Grantee and the Company, a finding by the Committee that, before or after termination of employment or service, the Grantee (i) has engaged in fraud, embezzlement, theft, commission of a felony or proven dishonesty in the course of his or her employment or service, (ii) has breached any provision of his or her employment or service contract with the Company, including, without limitation, any covenant against competition and/or raiding of the Company s Employees, Non-Employee Directors or Key Advisors, or (iii) has disclosed trade secrets or confidential information of the Company to persons not entitled to receive such information.

(f) **Exercise of Options.** A Grantee may exercise an Option which has become exercisable, in whole or in part, by delivering a notice of exercise to the Company with payment of the Exercise Price. The Grantee shall pay the Exercise Price for an Option as specified by the Committee (x) in cash, (y) with the approval of the Committee, subject to such restrictions as the Committee deems appropriate, by delivering shares of Company Stock owned by the Grantee (including Company Stock acquired in connection with the exercise of an Option) and having a Fair Market Value on the date of exercise equal to the Exercise Price or (z) by such other method as the Committee may approve, including, after a Public Offering, payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board. Shares of Company Stock used to exercise an Option must, unless otherwise determined by the Committee, have been held by the Grantee for the requisite period of time to avoid adverse accounting or tax consequences to the Company with respect to the Option. The Grantee shall pay the Exercise Price and the amount of any withholding tax due (pursuant to Section 8) at the time of exercise.

(g) **Limits on Incentive Stock Options.** Each Incentive Stock Option shall provide that if the aggregate Fair Market Value of the stock with respect to which Incentive Stock Options are exercisable for the first time during any calendar year by a Grantee exceeds \$100,000, then the Option, as to the excess, shall be treated as a Nonqualified Stock Option. For this purpose, the Fair Market Value of the stock shall be measured on the date of grant of the Option. All Incentive Stock Options granted to the Grantee under the Plan or any other stock option plan of the Company or a parent or subsidiary corporation shall be taken into consideration in determining whether the foregoing limit has been met. An Incentive Stock Option shall not be granted to any person who is not an employee of the Company or a parent or subsidiary (within the meaning of Section 424(f) of the Code) at the time of the grant.

6. **Restricted Stock Grants**

The Committee may issue or transfer shares of Company Stock to an Employee, Non-Employee Director or Key Advisor under a Grant of Restricted Stock, upon such terms as the Committee deems appropriate. The following provisions are applicable to Restricted Stock:

- (a) **General Requirements.** Shares of Company Stock issued or transferred pursuant to Restricted Stock Grants may be issued or transferred for consideration or for no consideration, as determined by the

Committee. The Committee may establish conditions under which restrictions on shares of Restricted Stock shall lapse over a period of time or according to such other criteria as the Committee deems appropriate. The period of time during which the Restricted Stock will remain subject to restrictions will be designated in the Grant Instrument as the Restriction Period.

(b) **Number of Shares.** The Committee shall determine the number of shares of Company Stock to be issued or transferred pursuant to a Restricted Stock Grant and the restrictions applicable to such shares.

(c) **Requirement of Employment or Service.** If the Grantee ceases to be employed by, or provide service to, the Company (as defined in Section 5(e)) during a period designated in the Grant Instrument as the Restriction Period, or if other specified conditions are not met, the Restricted Stock Grant shall terminate as to all shares covered by the Grant as to which the restrictions have not lapsed, and those shares of Company Stock must be immediately returned to the Company. The Committee may, however, provide for complete or partial exceptions to this requirement as it deems appropriate.

(d) **Restrictions on Transfer and Legend on Stock Certificate.** During the Restriction Period, a Grantee may not sell, assign, transfer, pledge or otherwise dispose of the shares of Restricted Stock except to a Successor Grantee under Section 9(a). Each certificate for a share of Restricted Stock shall contain a legend giving appropriate notice of the restrictions in the Grant. The Grantee shall be entitled to have the legend removed from the stock certificate covering the shares subject to restrictions when all restrictions on such shares have lapsed. The Committee may determine that the Company will not issue certificates for shares of Restricted Stock until all restrictions on such shares have lapsed, or that the Company will retain possession of certificates for shares of Restricted Stock until all restrictions on such shares have lapsed.

(e) **Right to Vote and to Receive Dividends.** Unless the Committee determines otherwise, during the Restriction Period, the Grantee shall have the right to vote shares of Restricted Stock and to receive any dividends or other distributions paid on such shares, subject to any restrictions deemed appropriate by the Committee.

(f) **Lapse of Restrictions.** All restrictions imposed on Restricted Stock shall lapse upon the expiration of the applicable Restriction Period and the satisfaction of all conditions imposed by the Committee. The Committee may waive any or all restrictions and conditions of a Restricted Stock Grant. [Unless otherwise determined by the Committee in the Grant Instrument, all restrictions imposed on Restricted Stock shall lapse upon the Grantee's death.]

(g) **Deferral Elections by Grantees.** The Committee may permit a Grantee to elect to defer the receipt of all or a percentage of the shares of Restricted Stock that would otherwise be transferred to the Grantee on the future vesting of such shares (the Deferred Shares). Such election shall be made on the form attached hereto as Exhibit A (the Election Form) and shall be filed with the Committee at any time on or before the December 31st of the year prior to the year in which such Grantee is scheduled to become vested in his or her Deferred Shares or such earlier date as may be required to comply with Section 409A of the Code, and the regulations and other guidance issued by the Secretary of the Treasury thereunder. All such deferral elections shall be subject to the following rules and procedures:

(i) **Recordkeeping.** The Committee shall establish and maintain an individual account in the name of each Grantee who files an Election Form and shall credit to such account cash dividends, if any, that are paid on the Deferred Shares after the restrictions on the Deferred Shares have lapsed. On the last day of each fiscal year of the Company, the Committee shall credit earnings to the balance of the Grantee's account at a rate of interest as determined from time to time by the Committee in its sole discretion.

(ii) **Distributions of Deferred Shares.** The Committee shall distribute the Grantee's Deferred Shares, and earnings thereon, in accordance with the Participant's Election Form and the terms of the Plan. All distributions made by the Committee pursuant to elections made by the Grantee hereunder shall be subject to applicable federal, state and local tax withholding and to such other deductions as shall at the time of such payment

be required under any income tax or other law, whether of the United States or any other jurisdiction, and, in the case of payments to a beneficiary, the delivery to the Committee of all necessary documentation as may be required by the Committee. Within two and one half months after receiving notice of a Grantee's death or Qualified Disability, the Committee shall distribute any balance of the Grantee's Deferred Shares, and earnings thereon, to the Grantee's designated beneficiary, if living, or if such designated beneficiary is deceased or the Grantee fails to designate a beneficiary, to the Grantee's estate. If the Grantee ceases to provide service to the Company for a reason other than the Grantee's death or Qualified Disability, the Grantee's Deferred Shares (to the extent vested) and earnings thereon shall be distributed to the Grantee in a lump sum at such time as elected by the Grantee in his or her Election Form which times shall be limited to the following events:

- (a) a date specified in such election,
- (b) the termination of a Grantee,
- (c) an Unforeseeable Emergency of such Grantee; or
- (d) a Change in Control

(iii) **The distribution provisions of a Grantee's Election Form may be changed by the Grantee at any time provided the change is made at least twelve months prior to the date on which the Deferred Shares, and the earnings thereon, are distributable to the Grantee and provided further that any such change results in the earliest distribution of the Deferred Shares, and any earnings, occurring not earlier than five years following the original scheduled distribution date or otherwise complies with Section 409A of the Code, and the regulations and other guidance issued by the Secretary of the Treasury thereunder.**

(iv) **Rights to Deferred Shares and Earnings. A Grantee may not assign his or her claim to Deferred Shares, and the earnings thereon, during his or her lifetime, except in accordance with Section 9 of the Plan. A Grantee's right to Deferred Shares and earnings thereon shall at all times constitute an unsecured promise of the Company to pay benefits as they come due. The right of the Grantee or his or her beneficiary to receive benefits hereunder shall be solely an unsecured claim against the general assets of the Company. Neither the Grantee nor his or her beneficiary shall have any claim against or rights in any specific assets or other fund of the Company.**

(v) **Issuance of and Voting of Deferred Shares. In no event shall the Company issue certificates for Deferred Shares until such shares are distributed to the Grantee (or his or her designated beneficiary). In no event shall a Grantee have the right to vote Deferred Shares until such shares are distributed to the Grantee.**

(h) **Definitions.** For purposes of this Section 6 and Section 7, the Unforeseeable Emergency of a Grantee shall mean a severe financial hardship to such Grantee resulting from: (i) an illness or accident of such Grantee, or the spouse or a dependent (as defined in Section 152(a) of the Code) of such Grantee, (ii) the loss of such Grantee's property due to casualty, or (iii) other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of such Grantee. For purposes of this Section 6 and Section 7, Qualified Disability shall mean the Grantee is disabled, as such term is defined in Section 409A of the Code, and the regulations and other guidance issued by the Secretary of the Treasury thereunder. For purposes of this Section 6 and Section 7, Change in Control shall mean a change in control as defined as in Section 409A of the Code, and the regulations and other guidance issued by the Secretary of the Treasury thereunder.

5. **Stock Appreciation Rights**

(a) **General Requirements.** The Committee may grant SARs to an Employee, Non-Employee Director or Key Advisor separately or in tandem with any Option (for all or a portion of the applicable Option). Tandem SARs may be granted either at the time the Option is granted or at any time thereafter while the Option remains outstanding; provided, however, that, in the case of an Incentive Stock Option, SARs may be granted only at the time of the Grant of the Incentive Stock Option. The Committee shall establish the base amount of the SAR at

the time the SAR is granted. The base amount of each SAR shall be equal to the per share Exercise Price of the related Option or, if there is no related Option, the Fair Market Value of a share of Company Stock as of the date of Grant of the SAR.

(b) **Tandem SARs.** In the case of tandem SARs, the number of SARs granted to a Grantee that shall be exercisable during a specified period shall not exceed the number of shares of Company Stock that the Grantee may purchase upon the exercise of the related Option during such period. Upon the exercise of an Option, the SARs relating to the Company Stock covered by such Option shall terminate. Upon the exercise of SARs, the related Option shall terminate to the extent of an equal number of shares of Company Stock.

(c) **Exercisability.** An SAR shall be exercisable during the period specified by the Committee in the Grant Instrument and shall be subject to such vesting and other restrictions as may be specified in the Grant Instrument. The Committee may accelerate the exercisability of any or all outstanding SARs at any time for any reason, and such acceleration need not be uniform as among any class or grouping of Grantees; provided however, that the terms regarding the issuance of payments pursuant to an SAR for cash shall not be amended, modified or terminated in any manner which permits the acceleration of the time or schedule of such issuance of cash. SARs may only be exercised while the Grantee is employed by, or providing service to, the Company or during the applicable period after termination of employment or service as described in Section 5(e) with respect to Options, and such exercise shall be under and subject to all of the limitations and termination and forfeiture provisions applicable to Options under Section 5(e), including without limitation forfeiture of any SARs and the release of any obligations of the Company to respond to the exercise of any SARs under the circumstances set forth in Section 5(e)(ii). A tandem SAR shall be exercisable only during the period when the Option to which it is related is also exercisable.

(d) **Value of SARs and Time of Distribution.** When a Grantee exercises SARs, the Grantee shall receive in settlement of such SARs an amount equal to the value of the stock appreciation for the number of SARs exercised, payable in cash, Company Stock or a combination thereof; provided, that the recipient of any SAR that is payable in other than Company Stock may elect to receive cash issuable pursuant to such SAR only upon one or more of the following events:

- (i) a date specified in such election,
- (ii) the termination of a Grantee,
- (iii) an Unforeseeable Emergency of such Grantee;
- (iv) a Change in Control;

(v) death; or

(vi) Qualified Disability;

(e) provided, however, in the case of a Grantee who is a key employee as defined in Code Section 416(i) (determined without regard to paragraph (5) thereof) of the Company, the payment issuable pursuant to such Grantee's termination shall not be made before the date which is six (6) months after the date of such termination.

(f) **Stock Appreciation Amount.** The stock appreciation for an SAR is the amount by which the Fair Market Value of the underlying Company Stock on the date of exercise of the SAR exceeds the base amount of the SAR as described in Subsection (a).

(g) **Form of Payment.** The Committee shall determine whether the appreciation in an SAR shall be paid in the form of cash, shares of Company Stock, or a combination of the two, in such proportion as the Committee deems appropriate; provided, that any SAR that is payable in other than Company Stock shall contain

(d) Value of SARs and Time of Distribution. When a Grantee exercises SARs, the Grantee shall

such terms and provisions as are necessary to comply with Section 409A of the Code. For purposes of calculating the number of shares of Company Stock to be received, shares of Company Stock shall be valued at their Fair Market Value on the date of exercise of the SAR. If shares of Company Stock are to be received upon exercise of an SAR, only whole shares of Company Stock (rounded down to the nearest whole share) shall be issued.

8. Withholding of Taxes

(a) **Required Withholding.** All Grants under the Plan shall be subject to applicable federal (including FICA), state and local tax withholding requirements. The Company may require that the Grantee or other person receiving or exercising Grants pay to the Company the amount of any federal, state or local taxes that the Company is required to withhold with respect to such Grants and may require such payment as a precondition for awarding or exercising such Grant, or the Company may deduct from other wages paid by the Company the amount of any withholding taxes due with respect to such Grants.

(b) **Election to Withhold Shares.** If the Committee so permits, a Grantee may elect to satisfy the Company's income tax withholding obligation with respect to an Option, SAR or Restricted Stock by having the Company withhold that number of shares having a Fair Market Value equal to the minimum amount required to be withheld based on the statutory withholding rates for federal and state tax purposes that apply to supplemental taxable income. The Fair Market Value of the shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. The election must be in a form and manner prescribed by the Committee and shall be subject to the prior approval of the Committee.

9. Transferability of Grants

(a) **Nontransferability of Grants.** Except as provided below, only the Grantee may exercise rights under a Grant during the Grantee's lifetime. A Grantee may not transfer those rights except by will or by the laws of descent and distribution or, with respect to Grants other than Incentive Stock Options, if permitted in any specific case by the Committee, pursuant to a domestic relations order (as defined under the Code or Title I of the Employee Retirement Income Security Act of 1974, as amended, or the regulations thereunder). When a Grantee or permitted transferee dies, the personal representative or other person entitled to succeed to the rights of the Grantee or permitted transferee (Successor Grantee) may exercise such rights. A Successor Grantee must furnish proof satisfactory to the Company of his or her right to receive the Grant under the Grantee's will or under the applicable laws of descent and distribution.

(b) **Transfer of Nonqualified Stock Options.** Notwithstanding the foregoing, the Committee may provide, in a Grant Instrument, that a Grantee may transfer as a gift Nonqualified Stock Options to family members, one or more trusts for the benefit of family members, or one or more partnerships of which family members are the only partners, according to such terms as the Committee may determine; provided that the Grantee receives no consideration for the transfer of an Option and the transferred Option shall continue to be subject to the same terms and conditions as were applicable to the Option immediately before the transfer.

10. **Shareholder Agreement**

Prior to a Public Offering, the Committee shall, as a condition to any Grant, require that a Grantee become a party to a shareholder agreement with respect to any Grants and any Company Stock that may be obtained pursuant thereto. Such shareholder agreement shall contain the terms of any then existing shareholder agreement and/or any terms which the Committee deems appropriate.

11. **Change of Control of the Company**

As used herein, a Change of Control shall be deemed to have occurred if:

(a) **Any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) (other than persons who are shareholders of the Company on the date the Plan is adopted) becomes a beneficial**

owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing more than 50% of all votes required to elect a majority of the Board, provided that a Change of Control shall not be deemed to occur as a result of a change of ownership resulting from the death of a shareholder;

(b) The consummation by the Company of (i) a merger or consolidation of the Company with another corporation where the shareholders of the Company, immediately prior to the merger or consolidation, will not beneficially own, immediately after the merger or consolidation, shares entitling such shareholders to more than 50% of all votes required to elect a majority of the board of directors of the surviving corporation or (ii) the consummation of an agreement (or agreements) providing for the sale or disposition by the Company of all or substantially all of the assets of the Company;

(c) The shareholders of the Company approve an agreement providing for a liquidation or dissolution of the Company; or

(d) After a Public Offering, any person has completed a tender offer or exchange offer for shares representing more than 50% of all votes required to elect a majority of the Board.

12. Consequences of a Change of Control

(a) **Notice and Acceleration.** Upon a Change of Control, unless the Committee determines otherwise, (i) the Company shall provide each Grantee with outstanding Grants written notice of such Change of Control, (ii) all outstanding Options and SARs shall automatically accelerate and become fully exercisable and (iii) the restrictions and conditions on all outstanding Restricted Stock shall immediately lapse.

(b) **Assumption of Grants.** Upon a Change of Control where the Company is not the surviving corporation (or survives only as a subsidiary of another corporation), unless the Committee determines otherwise, all outstanding Options and SARs that are not exercised shall be assumed by, or replaced with comparable options and rights by, the surviving corporation.

(c) **Other Alternatives.** Notwithstanding the foregoing, subject to subsection (d) below, in the event of a Change of Control, the Committee may take one or both of the following actions: the Committee may (i) require that Grantees surrender their outstanding Options and SARs in exchange for a payment by the Company, in cash or Company Stock as determined by the Committee, in an amount equal to the amount by which the then Fair Market Value of the shares of Company Stock subject to the Grantee's unexercised Options and SARs exceeds the Exercise Price of the

Options or the base amount of the SARs, as applicable, or (ii) after giving Grantees an opportunity to exercise their outstanding Options and SARs, terminate any or all unexercised Options and SARs at such time as the Committee deems appropriate. Such surrender or termination shall take place as of the date of the Change of Control or such other date as the Committee may specify.

(d) **Committee.** The Committee making the determinations under this Section 12 following a Change of Control must be comprised of the same members as those on the Committee immediately before the Change of Control. If the Committee members do not meet this requirement, the automatic provisions of subsections (a) and (b) shall apply, and the Committee shall not have discretion to vary them (except to the extent Grants are rescinded pursuant to subsection (e) below).

(e) **Limitations.** Notwithstanding anything in the Plan to the contrary, in the event of a Change of Control, (i) the Committee (including the Committee in place before a Change of Control and any Committee convened after a Change of Control) shall not have the right to take any actions described in the Plan (including without limitation actions described in Subsection (c) above) that would make the Change of Control ineligible for pooling of interests accounting treatment or that would make the Change of Control ineligible for desired tax treatment if, in the absence of such right, the Change of Control would qualify for such treatment and the Company (or, if applicable, the successor entity) intends to use such treatment with respect to the Change of Control, and (ii) without limiting the foregoing, in such event, the Committee may rescind any Grants (whether or

not vested or exercisable) that would impair the use of pooling of interests accounting treatment, as determined by the Company's certified public accountants.

13. **Limitations on Issuance or Transfer of Shares**

No Company Stock shall be issued or transferred in connection with any Grant hereunder unless and until all legal and contractual restrictions applicable to the issuance or transfer of such Company Stock have been complied with to the satisfaction of the Committee. The Committee shall have the right to condition any Grant made to any Grantee hereunder on such Grantee's undertaking in writing to comply with such restrictions on his or her subsequent disposition of such shares of Company Stock as the Committee shall deem necessary or advisable as a result of (i) any applicable law, regulation or official interpretation thereof, or (ii) the provisions of any stockholder agreement concerning Company Stock, and certificates representing such shares shall be legended to reflect any such restrictions. Certificates representing shares of Company Stock issued or transferred under the Plan will be subject to such stop-transfer orders and other restrictions as may be required by applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon.

14. **Amendment and Termination of the Plan**

(a) **Amendment.** The Board may amend or terminate the Plan at any time; provided, however, that the Board shall not amend the Plan without shareholder approval if such approval is required in order for Incentive Stock Options granted or to be granted under the Plan to meet the requirements of Section 422 of the Code or if, after a Public Offering, such approval is required in order to exempt compensation under the Plan from the deduction limit under Section 162(m) of the Code.

(b) **Termination of Plan.** No additional Grants shall be made under the Plan after January 20, 2015 or such earlier date as may be determined by the Board. The Plan may be extended by the Board with the approval of the shareholders.

(c) **Termination and Amendment of Outstanding Grants.** A termination or amendment of the Plan that occurs after a Grant is made shall not materially impair the rights of a Grantee unless the Grantee consents or unless the Committee acts under Section 20(b). The termination of the Plan shall not impair the power and authority of the Committee with respect to an outstanding Grant. Whether or not the Plan has terminated, an outstanding Grant may be terminated or amended under Section 20(b) or may be amended by agreement of the Company and the Grantee consistent with the Plan.

- (d) **Governing Document.** The Plan shall be the controlling document. No other statements, representations, explanatory materials or examples, oral or written, may amend the Plan in any manner. The Plan shall be binding upon and enforceable against the Company and its successors and assigns.

15. **Savings Clause.**

- (a) **Notwithstanding anything to the contrary in the Plan or any Grant, if and to the extent the Committee shall determine that the terms of any Grant may result in the failure of the such Grant to comply with the requirements of Section 409A of the Code, or any applicable regulations or guidance promulgated by the Secretary of the Treasury in connection therewith, the Committee shall have authority to take such action to amend, modify, cancel or terminate the Plan or any Grant as it deems necessary or advisable, including without limitation:**

- (i) **amendment or modification of the Plan or any Grant to conform the Plan or such Grant to the requirements of Section 409A of the Code or any regulations or other guidance thereunder (including, without limitation, any amendment or modification of the terms of any Grant regarding vesting, exercise, or the timing or form of payment).**

- (ii) **cancellation or termination of any unvested Grant, or portion thereof, without any payment to the Grantee holding such Grant.**

(iii) **cancellation or termination of any vested Grant, or portion thereof, with immediate payment to the Grantee holding such Grant of the amount otherwise payable upon the immediate exercise of any such Grant, or vested portion thereof, by such Grantee.**

(b) **Any such amendment, modification, cancellation, or termination of the Plan or any Grant may adversely affect the rights of a Grantee with respect to such Grant without the Grantee's consent**

16. **Funding of the Plan**

This Plan shall be unfunded and is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended. No provision contained herein shall be construed to require that (i) the Company be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Grants under this Plan, or (ii) interest be paid or accrued on any Grant or on any subsequent distribution of Company Stock, payment of cash, release or lapse of any restrictions on Company Stock, or any other distribution or payment of property or cash pursuant to the exercise of any rights provided by any Grants.

17. **Rights of Participants**

Nothing in this Plan shall entitle any Employee, Key Advisor, Non-Employee Director or other person to any claim or right to be awarded a Grant under this Plan. Neither this Plan nor any action taken hereunder shall be construed as giving any individual any rights to be retained by or in the employ of the Company or any other employment rights.

18. **No Fractional Shares**

No fractional shares of Company Stock shall be issued or delivered pursuant to the Plan or any Grant. The Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be disregarded or otherwise eliminated.

19. **Headings**

Section headings are for reference only. In the event of a conflict between a title and the content of a Section, the content of the Section shall control.

20. **Effective Date of the Plan**

(a) **Effective Date.** Subject to approval by the Company's shareholders, the Plan was originally effective on June 24, 1998. Effective January 21, 2005, but subject to the approval of the shareholders, the Plan was amended and restated and extended until January 20, 2015.

(b) **Public Offering.** The provisions of the Plan that refer to a Public Offering, or that refer to, or are applicable to persons subject to, Section 16 of the Exchange Act or Section 162(m) of the Code, shall be effective, if at all, upon the effective date of the initial registration of the Company Stock under Section 12(g) of the Exchange Act.

21. **Miscellaneous**

(a) **Grants in Connection with Corporate Transactions and Otherwise.** Nothing contained in this Plan shall be construed to (i) limit the right of the Committee to make Grants under this Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Grants to employees thereof who become Employees of the Company, or for other proper corporate purposes, or (ii) limit the right of the Company to grant stock options or make other awards outside of this Plan. Without limiting the foregoing, the Committee may make a Grant to an employee of another

corporation who becomes an Employee by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the Company or any of its subsidiaries in substitution for a stock option or restricted stock grant made by such corporation. The terms and conditions of the substitute grants may vary from the terms and conditions required by the Plan and from those of the substituted stock incentives. The Committee shall prescribe the provisions of the substitute grants.

(b) **Compliance with Law.** The Plan, the exercise of Options and SARs and the obligations of the Company to issue or transfer shares of Company Stock under Grants shall be subject to all applicable laws and to approvals by any governmental or regulatory agency as may be required. It is the intent of the Company that the Plan and applicable Grants under the Plan comply with the applicable provisions of Section 162(m) of the Code (after a Public Offering), Section 422 of the Code (with respect to Incentive Stock Options) and Section 409A of the Code (with respect to Grants subject to Section 409A of the Code). After a Public Offering it is the intent of the Company, with respect to persons subject to Section 16 of the Exchange Act, that the Plan and all transactions under the Plan comply with all applicable provisions of Rule 16b-3 or its successors under the Exchange Act. To the extent that any legal requirement of Section 162(m), 409A or 422 of the Code or of Section 16 of the Exchange Act ceases to be required by law or that the restrictions thereof are liberalized, the Committee may provide, in its sole discretion, that Plan provisions and restrictions relating to such legal requirements shall cease to apply or be liberalized, as appropriate. The Committee may revoke any Grant if it is contrary to law or modify a Grant to bring it into compliance with any valid and mandatory government regulation. The Committee may also adopt rules regarding the withholding of taxes on payments to Grantees. The Committee may, in its sole discretion, agree to limit its authority under this Section.

(c) **Communications Laws.** Notwithstanding any other provision in the Plan to the contrary, if prior consent to the issuance or exercise of any Grant hereunder is required for any reason under the Communications Act of 1934, as amended, and/or the rules, regulations or policies of the Federal Communications Commission (the FCC) or any successor governmental agency (the Communications Laws) in effect at the time, whether as a consequence of the extent of the current and proposed holdings of the Grantee, the citizenship or legal qualifications of the Grantee or for any other reason under the Communications Laws, then no Grant shall be issued, become effective or be exercised without the Grantee first obtaining such prior written consent of the FCC or any successor governmental agency.

(d) **Governing Law.** The validity, construction, interpretation and effect of the Plan and Grant Instruments issued under the Plan shall be governed and construed by and determined in accordance with the laws of the Commonwealth of Pennsylvania, without giving effect to the conflict of laws provisions thereof.

(e) **One-time Option Exchange Program.** The Company may affect a one-time option exchange program (the Option Exchange Program), to be commenced at the discretion of the Compensation Committee of the Board of Directors, pursuant to which the Company may offer such option holders under the Plan, as the Compensation Committee may determine, a one-time opportunity for such option holders to voluntarily exchange all of their outstanding stock options, with exercise prices equal to or greater than \$40.00 per share, for a lesser number of shares of restricted Class A Common stock of the Company. The exchange ratio under the Option Exchange Program shall be at least fifteen-to-one (resulting in an exchange of at least fifteen (15) surrendered options for each share of restricted stock). All Options surrendered in connection with the Option Exchange Program (net of new shares of restricted stock issued in exchange for such options) shall not be available for issuance under the Plan. Subject to the foregoing, the Compensation Committee shall be permitted to determine additional restrictions or requirements relating to the Option Exchange Program.

APPENDIX C

Entercom Communications Corp.

Categorical Standards For Director Independence

General Information

A director of Entercom Communications Corp. (the **Company**) who meets all of the following categorical standards will be considered independent.

Definitions

Affiliate of a specified person (which includes a corporate entity or partnership) is a person that directly or indirectly through one or more intermediaries controls, or is controlled by, or is under common control with, the specified person.

Immediate Family Member includes a director's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such director's home; provided that when applying the three-year look back provisions of the categorical standards listed below, the Company need not consider individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

Categorical Standards

To be considered independent under the rules of the New York Stock Exchange (the **NYSE**), the Board must determine that a director has no direct or indirect material relationship with the Company. The Board has the following established categorical standards to assist it in making this determination.

A director is independent if:

The director is not, and has not been within the last three years, an employee of the Company, and no immediate family member of the director is, or has been within the last three years, an executive officer, of the Company.

(e) One-time Option Exchange Program. The Company may affect a one-time option exchange

The director has not received, and no immediate family member of the director has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

(A) The director is not, and no immediate family member of the director is, a current partner of a firm that is the Company's internal or external auditor; (B) the director is not a current employee of such a firm; (C) the director has no immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director has not, and no immediate family member of the director has, been, within the last three years, a partner or employee of such a firm and personally worked on the Company's audit within that time.

The director is not and no immediate family member of the director is, and has not been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.

The director is not a current employee, and no immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, the

Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The following relationships will not, by themselves, be considered material:

Commercial Relationships. The following commercial relationships are not considered material relationships that would impair a director's independence: (i) if a director of the Company is an executive officer or an employee of, or an immediate family member of a director is an executive officer of, another company that does business with the Company and the annual sales to, or purchases from, the Company are less than 1% of the annual revenues of such other company, and (ii) if a director of the Company is an executive officer of another company which is indebted to the Company or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than 5% of the total consolidated assets of the company he or she serves as an executive officer.

Charitable Relationships. The following charitable relationship will not be considered a material relationship that would impair a director's independence: if a director, or an immediate family member of the director, serves as an executive officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to that charitable organization in any single fiscal year are less than 5% (or \$1,000,000 whichever is less) of that charitable organization's annual consolidated gross revenues.

Personal Relationships. The following personal relationship will not be considered to be a material relationship that would impair a director's independence: if a director, or immediate family member of the director, receives from, or provides to, the Company products or services in the ordinary course and on substantially the same terms as those prevailing at the time for comparable products or services provided to unaffiliated third parties.

Equity Relationships. Direct or indirect ownership of even a significant amount of Company stock by a director who is otherwise independent as a result of the application of the Company's Categorical Standards For Director Independence will not, by itself, bar an independence finding as to such director.
