**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
to be held on
Wednesday, May 23, 2007**

General

This Proxy Statement is provided to the stockholders of Alexandria Real Estate Equities, Inc., a Maryland corporation (the Company), to solicit proxies, in the form enclosed, for use at the Annual Meeting of Stockholders of the Company to be held on Wednesday, May 23, 2007 at the Ojai Valley Inn & Spa Resort, Anacapa Ballroom, 905 Country Club Road, Ojai, California, at 11:00 a.m. local time, and any and all adjournments or postponements thereof. The Board of Directors knows of no matters to come before the annual meeting other than those described in this Proxy Statement. This Proxy Statement and the enclosed form of proxy are first being mailed to stockholders on or about April 23, 2007.

Solicitation

This solicitation is made by mail on behalf of the Board of Directors of the Company. The Company will pay for the costs of the solicitation. Further solicitation of proxies may be made, including by mail, telephone, fax, in person or other means, by the directors, officers or employees of the Company or its affiliates, none of whom will receive additional compensation for such solicitation. In addition, the Company has engaged The Altman Group, Inc., a firm specializing in proxy solicitation, to solicit proxies and assist in the distribution and collection of proxy material for an estimated fee of approximately \$15,000. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of the Company's common stock, par value \$.01 per share (the Common Stock).

Voting Procedures

Only those holders of Common Stock of record as of the close of business on March 30, 2007, the record date, will be entitled to notice of and to vote at the annual meeting. A total of 29,471,621 shares of Common Stock were issued and outstanding as of the record date. Each share of Common Stock entitles its holder to one vote. Cumulative voting of shares of Common Stock is not permitted.

The presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock entitled to vote will be necessary to constitute a quorum to transact business at the annual meeting. Abstentions will be treated as present for purposes of determining the existence of a quorum. At the annual meeting, directors will be elected by a plurality of the votes cast and a majority of the votes cast will be required to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants. Abstentions will have no effect on the ratification of the appointment of Ernst & Young LLP. It is expected that brokers will have discretionary power to vote on each of the proposals.

Shares represented by properly executed proxies in the form enclosed, or authorized by telephone or the Internet in accordance with instructions on such form, that are timely received by the Secretary of the

Company and not revoked will be voted as specified on the proxy. If no specification is made on a properly authorized and returned proxy, the shares represented thereby will be voted FOR the election of each of the seven nominees for director named in this proxy statement and FOR ratification of the appointment of Ernst & Young LLP as the independent registered public accountants of the Company. If any other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies in their discretion. In order to be voted, each proxy must be filed with the Secretary of the Company prior to exercise.

Revocability of Proxies

Stockholders may revoke a proxy at any time before the proxy is exercised. This may be done by filing a notice of revocation of the proxy with the Secretary of the Company, by filing a later-dated proxy with the Secretary of the Company, by authorizing a later proxy by telephone or the Internet in accordance with the instructions on the attached form, or by voting in person at the annual meeting.

PROPOSAL NUMBER ONE ELECTION OF DIRECTORS

Stockholders will be asked at the annual meeting to elect seven directors, who will constitute the full Board of Directors. Each elected director will hold office until the next annual meeting of stockholders and until the director's successor is duly elected and qualified. If any nominee becomes unavailable to serve for any reason, an event the Company does not anticipate, solicited proxies will be voted for the election of the person, if any, designated by the Board of Directors to replace the unavailable nominee.

Stockholders may withhold authority to vote their proxies for either (i) the entire slate of nominated directors by checking the box marked WITHHOLD on the proxy card, or (ii) any one or more of the individual nominees, by following the instructions on the proxy card. Instructions on the accompanying proxy card that withhold authority to vote for one or more of the nominees will cause any such nominee to receive fewer votes.

The following seven persons have been selected by the Board of Directors as nominees for election to the Board of Directors: Joel S. Marcus, James H. Richardson, John L. Atkins, III, Richard B. Jennings, Richard H. Klein, Martin A. Simonetti and Alan G. Walton. All of the nominees are incumbent directors. Additional information about these nominees is provided in the table and biographical information that follow.

Required Vote

A plurality of the votes cast at the annual meeting is required for the election of directors.

The Board of Directors unanimously recommends a vote FOR each of the named nominees.

Director Independence

The Board of Directors has affirmatively determined that each member of the Board of Directors other than Mr. Marcus (who is our Chief Executive Officer) and Mr. Richardson (who is our President) meets the independence criteria established by the New York Stock Exchange for independent board members. The Board has also affirmatively determined that no material relationships exist between the Company and any of the independent directors that would interfere with their judgment in carrying out their responsibilities as a director.

In making its independence determination with respect to Mr. Sudarsky, the Board considered the fact that Mr. Sudarsky was a founder of the Company and acted as its Chief Executive Officer from its inception in 1994 to March 1997, prior to the Company's initial public offering in May 1997. The Board also considered the fact that Mr. Sudarsky receives a fixed retirement annuity from the Company. With respect to Mr. Sudarsky's role as founder and former Chief Executive Officer of the Company, the Board took into account the fact that approximately ten years have elapsed since Mr. Sudarsky was actively involved in the management of the Company. With respect to Mr. Sudarsky's retirement annuity, the Board noted that the amount of the annuity was fixed and irrevocable, could not be affected by management actions or determinations and was not contingent on his continued service as a director.

In making its independence determination with respect to Mr. Simonetti, the Board considered the relationships between the Company and VLST, the company of which Mr. Simonetti is the President, Chief Executive Officer and a director. In particular, the Board considered that:

- In May 2004, an affiliate of the Company made an equity investment in VLST in the amount of \$318,750.
- In August 2004, an affiliate of the Company extended a secured loan to VLST in the amount of \$239,000, which was repaid in full by VLST in June 2006.
- VLST occupied less than 5,000 rentable square feet at one of the Company's properties from April 2004 to June 2006.

The Board noted that all of these relationships between the Company and VLST were established prior to Mr. Simonetti's affiliation with VLST, of which he became the President and Chief Executive Officer in November 2005. The only remaining relationship is the Company's equity investment in VLST of approximately \$319,000, which is less than 1% of VLST's total capitalization.

In making its independence determination with respect to Mr. Atkins, the Board considered the fact that the Company, prior to Mr. Atkins' appointment to the Board, had made payments for architectural and design services to O'Brien/Atkins Associates, PA, a firm of which Mr. Atkins is a founder, Chairman and Chief Executive Officer, in each of the last three fiscal years, in amounts not exceeding \$165,000 in any one year or \$310,000 in the aggregate. Amounts paid by the Company to O'Brien/Atkins Associates, PA did not exceed \$85,000 per year during 2006 or 2005. The Board also considered the fact that the Company, prior to Mr. Atkins' appointment to the Board, had made payments for consulting services to Mr. Atkins' daughter in the last three fiscal years, in amounts not exceeding \$67,000 in any one year or \$150,000 in the aggregate. The Board further considered the fact that the Company has determined not to retain O'Brien/Atkins Associates, PA or Mr. Atkins' daughter for any future services.

Chairman and Lead Director Positions

Mr. Sudarsky, a founder of the Company and the Chairman of the Board of Directors since the Company's inception in 1994, is retiring from the Board as of the date of the annual meeting. In order to assure a smooth transition of the Chairmanship, the Board of Directors has prospectively appointed Mr. Marcus, the Company's Chief Executive Officer, to serve as the Chairman of the Board of Directors

from and after the annual meeting. Because Mr. Marcus is a management director, the Board of Directors has also prospectively appointed Mr. Jennings to serve as Lead Director of the non-management directors from and after the date of the annual meeting. As Lead Director, Mr. Jennings will preside over meetings of the non-management directors. The Lead Director will also consult with the Chairman of the Board of Directors regarding the schedule and agenda for Board meetings and otherwise will act as a liaison between the non-management directors as a group and management. The appointments of Mr. Marcus as Chairman of the Board of Directors and Mr. Jennings as Lead Director are subject, in each case, to their election as directors at the annual meeting. In addition, the Board of Directors has designated Mr. Sudarsky as Chairman Emeritus, from and after the date of the annual meeting, in recognition of Mr. Sudarsky's extraordinary contributions and service to the Company.

Information on Board of Directors and its Committees

The Board of Directors held four regular meetings, ten special meetings and took action on two occasions by unanimous written consent during 2006. No director attended less than 75% of the aggregate number of meetings held by the Board of Directors during 2006 and by all committees of which such director is a member.

Mr. Sudarsky, Chairman of the Board of Directors and an independent director, is the presiding director for all regularly scheduled executive sessions of the non-management directors. In the event that Mr. Sudarsky is not available, Mr. Jennings, an independent director, acts as the presiding director for such sessions. From and after the annual meeting, Mr. Jennings, as Lead Director, will preside over meetings of the non-management directors. If Mr. Jennings is not available for any reason, the remaining non-management directors will designate another non-management director to preside over such meeting.

The Company encourages each member of the Board of Directors to attend each annual meeting of the Company's stockholders. All directors attended the annual meeting of stockholders held on May 18, 2006 other than Mr. Sudarsky, who was absent due to illness, and Mr. Atkins, who was recently appointed to the Board.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating & Governance Committee.

Audit Committee

The Audit Committee consists of Directors Klein (Chairperson), Jennings and Simonetti. It held nine meetings in 2006. The Board of Directors has adopted a written charter for the Audit Committee. The charter of the Audit Committee is published on our website at www.labspace.com. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accountants who audit the Company's financial statements and the Company's internal audit function. In addition, the role of the Audit Committee is to discuss the scope and results of the audit with the independent registered public accountants, review the Company's interim and year-end operating results with management and the independent registered public accountants, consider the adequacy of the Company's internal accounting controls and audit procedures and pre-approve all engagements with the Company's independent registered public accountants, including both audit and non-audit services. The Audit Committee also reviews and recommends to the Board of Directors any changes that may be required to the Company's Business Integrity Policy (described further under Corporate Governance Guidelines and Code of Ethics).

The Board of Directors has determined that each of Messrs. Klein, Jennings and Simonetti is an audit committee financial expert within the meaning of the regulations of the Securities and Exchange Commission.

Audit Committee Report

This Audit Committee Report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into a filing.

The Audit Committee is comprised of three directors and acts under a written charter adopted and approved by the Board of Directors. Each member of the Audit Committee has been determined by our Board of Directors to be an independent director in conformity with the listing standards of the New York Stock Exchange and regulations of the Securities and Exchange Commission.

Management has the primary responsibility for the Company's financial statements and reporting process. The Company's independent registered public accountants are responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles. The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The limitations inherent in the oversight role of a committee of the Board of Directors, however, do not provide the Audit Committee with a basis independent of management and the Company's independent registered public accountants to determine that accounting and financial reporting principles and policies have been appropriately applied by management or that the Company's internal control procedures designed to assure compliance with accounting standards and applicable laws and regulations have been appropriately implemented.

The Audit Committee has reviewed the Company's audited financial statements and has discussed them with management and the independent registered public accountants. The Audit Committee has also discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) and has received from the independent registered public accountants the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has further considered whether the independent registered public accountants' provision of non-audit services to the Company is compatible with the auditors' independence.

The Audit Committee meets with the internal and independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

In reliance on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report filed with the Securities and Exchange Commission on Form 10-K for the year ended December 31, 2006.

Nominating & Governance Committee

The Nominating & Governance Committee consists of Directors Sudarsky (Chairperson), Jennings and Walton, each of whom has been determined by our Board of Directors to meet the independence criteria of the New York Stock Exchange. The Committee met four times in 2006 and took action on one occasion during 2006 by unanimous written consent. The charter for the Nominating & Governance Committee is published on our website at www.labspace.com. The Nominating & Governance Committee is responsible for, among other things, making recommendations to the Board of Directors with respect to corporate governance policies and reviewing and recommending changes to the Company's corporate governance guidelines that have been adopted by the Board of Directors. The Committee also recommends to the Board of Directors candidates for nomination for election as directors of the Company and appointments of directors as members of the committees of the Board of Directors.

The Nominating & Governance Committee considers candidates for director suggested by stockholders for elections to be held at an annual meeting of stockholders. Stockholders can suggest qualified candidates for director by complying with the advance notification and other requirements of the Company's Bylaws regarding director nominations. Director nomination materials submitted in accordance with the Bylaw procedures will be forwarded to the Chairperson of the Nominating & Governance Committee for review and consideration. Director nominees suggested by stockholders will be evaluated in the same manner, and subject to the same criteria, as other nominees evaluated by the Committee. The Committee also considers candidates for director suggested by its members, other directors and management and may from time to time retain a third-party executive search firm to identify director candidates for the Committee.

Generally, once the Nominating & Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate based on information provided to the Committee with the recommendation of the candidate, as well as the Committee's own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is based primarily on the need for additional directors to fill vacancies or expand the size of the Board of Directors and the likelihood that the candidate can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board of Directors and other directors, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the candidate's background and experience and to report its findings to the Committee. The Committee then evaluates the candidate against the standards and qualifications set out in guidelines for director candidates adopted by the Board of Directors, including the nominee's management, leadership and business experience, skill and diversity, such as financial literacy and knowledge of directorial duties, and integrity and professionalism.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board of Directors, the balance of management and independent directors, the need for particular expertise (such as Audit Committee expertise) and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and, if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors and the Board of Directors determines the nominees after considering the recommendation of the Committee.

Compensation Committee

The Compensation Committee consists of Directors Jennings (Chairperson), Walton and Wolf, each of whom has been determined by our Board of Directors to meet the independence criteria of the New York Stock Exchange. The Compensation Committee met five times in 2006. The Compensation Committee has the authority to review and approve compensation arrangements, grant annual incentive awards for executive officers and other employees of the Company, adopt and amend employment agreements for executive officers and other employees of the Company and administer the Company's stock option and other incentive plans. The Compensation Committee Charter is published on our website at www.labspace.com.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee in 2006 (Messrs. Jennings, Walton and Wolf) has had any relationship or transaction required to be disclosed pursuant to Item 407(e) of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended.

Certain Relationships and Related Transactions

Mr. Simonetti, a director of the Company, is the President, Chief Executive Officer and a director of VLST, a company that was founded in March 2004 and of which Mr. Simonetti became Chief Executive Officer in November 2005. From April 2004 to June 2006, VLST occupied less than 5,000 rentable square feet at one of our properties. Between January 1, 2006 and the termination of VLST's lease in June 2006, the Company received an aggregate of approximately \$126,000 in lease payments from VLST. The Company currently has an equity investment in VLST totaling less than 1% of VLST's total capitalization. See Board of Directors and Executive Officers' Director Independence.

Policies and Procedures With Respect to Related Person Transactions

The Board has adopted a written policy setting forth the procedures for the review and approval or ratification of transactions involving the Company and related persons within the meaning of the rules and regulations of the Securities and Exchange Commission.

Under this policy, the Nominating & Governance Committee is responsible for reviewing and approving or ratifying all related person transactions that are required to be reported under the rules and regulations of the Securities and Exchange Commission. In the event that the Chief Executive Officer or Chief Financial Officer of the Company determines that it would be impractical or undesirable to wait until the next meeting of the Nominating & Governance Committee to review a related person transaction, the Chairman of the Nominating & Governance Committee may act on behalf of the Committee to review and approve and/or disapprove the related person transaction.

In general, related person transactions are subject to pre-approval. In the event that the Company becomes aware of a related person transaction that was not approved in advance under this policy, such transaction shall be reviewed in accordance with this policy as promptly as reasonably practicable.

In making its determination whether to approve or ratify a related person transaction, the Nominating & Governance Committee will consider all factors it deems relevant or appropriate, including but not limited to:

- whether the terms of the related person transaction are fair to the Company and on terms no less favorable than terms generally available in transactions with non-affiliates under similar circumstances;

- whether there are legitimate business reasons for the Company to enter into the related person transaction;
- whether the related person transaction would impair the independence of an outside director;
- whether the related person transaction would present an improper conflict of interest for any director or executive officer, taking into account the size of the transaction, the overall financial position of the director or executive officer, the direct or indirect nature of the director's or executive officer's interest in the transaction, the ongoing nature of any proposed relationship and any other factors deemed relevant; and
- whether the related person transaction is material, taking into account the importance of the interest to the related person, the relationship of the related person to the transaction and of related persons to each other and the aggregate value of the transaction.

The policy also contains a list of certain categories of related person transactions that are pre-approved under the policy and therefore are not required to be reviewed or approved by the Nominating & Governance Committee.

Compensation Committee Report on Executive Compensation

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis (CD&A) contained in this proxy statement. Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the CD&A be included in this proxy statement and incorporated into our Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our Named Executive Officers identified below for 2006 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Background

Our Compensation Committee (for purposes of this section, the Committee) currently consists of three independent, non-officer and non-employee directors (Messrs. Jennings (Chairperson), Walton and Wolf). The Committee administers the Company's executive compensation programs and is responsible for reviewing and approving the Company's compensation policies and the compensation paid to its executive officers. The Committee's charter reflects these responsibilities, and the Committee and the Board of Directors periodically review and revise the charter. The Committee meets at scheduled times during the year, and it also considers and takes action by written consent. In 2006, the Committee held five meetings. In addition to internal resources within the Company, the Committee has the authority to obtain assistance in carrying out its responsibilities by engaging the services of outside advisors. This CD&A describes the compensation policies and rationales the Committee applies to Messrs. Marcus, Richardson and Shigenaga, the Company's Named Executive Officers, with respect to compensation paid to such officers for 2006.

Compensation Philosophy

Our general compensation philosophy is that a Named Executive Officer's total annual cash compensation should vary with the performance of the Company and that long-term incentives awarded to such officers should be aligned with the interest of the Company's stockholders. Specifically, our Committee believes that the primary objectives of our compensation policies are:

- creating long-term incentives for management to increase stockholder value;
- motivating our executives to achieve the Company's short-term and long-term goals;
- providing clear company and individual objectives that promote innovation to achieve our objectives;
- rewarding results;
- creating a team-oriented workplace that values diversity and open communications in order to attract and retain best-in-class employees; and
- retaining executive officers whose abilities are critical to our long-term success and competitiveness.

Compensation Components

Compensation of Named Executive Officers contains three principal components: base salary; incentive bonus payments; and long-term incentive compensation consisting of restricted stock grants. In 2006, we reviewed Named Executive Officer compensation using summary tally sheets that showed for each of the executive officers the following: (a) summary of total compensation; (b) each element of current compensation, including benefits and perquisites; (c) potential value of all equity awards; and (d) value of payments and benefits that would be payable upon certain termination events or following a change in control (including tax gross-ups on excess parachute payments).

Base Salary. The salaries of Messrs. Marcus and Richardson are established by their respective employment agreements with the Company and are modified as determined by the Committee. The salary of Mr. Shigenaga is determined annually by the Committee with reference to surveys of salaries paid to executives with similar responsibilities at comparable companies. The peer group for each Named Executive Officer is composed of executives whose responsibilities are similar in scope and content. In general, the Company seeks to set executive compensation levels that are competitive and take into account the unique niche of the Company as well as reflect its performance.

Incentive Bonus. Annual incentive bonuses for Named Executive Officers, if any, are intended to reflect the Committee's belief that a portion of the annual compensation of each Named Executive Officer should be contingent upon the performance of the Company, as well as the individual contribution of each such Named Executive Officer. Target incentive bonuses will not be less than one-half of the Named Executive Officer's annual salary.

Equity Incentives. The Company, from time to time and as appropriate, grants restricted stock as long-term incentives to motivate, reward and retain its Named Executive Officers and other employees. The Committee, which has responsibility for making grants of restricted stock under the Company's Amended and Restated 1997 Stock Award and Incentive Plan (the "1997 Incentive Plan"), believes that the Company's long-term performance is achieved through an ownership culture that encourages long-term performance by our Named Executive Officers through grants of stock-based awards. The 1997 Incentive Plan was established to provide our employees, including our Named Executive Officers, with incentives to help align those employees' incentives with the interests of our stockholders. Restricted stock grants to Named Executive Officers generally vest over periods of continuous service ranging from two to four years.

Pension Plan. In 2002, the Board approved our Cash Balance Pension Plan (the Pension Plan). Under the Pension Plan, a hypothetical account is established for each participant for recordkeeping purposes. Each year, a participant's cash balance account is credited with a hypothetical employer contribution and with hypothetical earnings. Hypothetical employer contributions to the Pension Plan for the Named Executive Officers are as follows: Mr. Marcus, the actuarial present value of one-tenth of the Internal Revenue Code Section 415 maximum benefit limit, or \$180,665; Mr. Shigenaga, \$100; and Mr. Richardson, \$47,000. Hypothetical earnings are credited at a rate, compounded annually, equal to the rate for 30-year U.S. Treasury securities for the December preceding the applicable calendar year. The rate was 4.65% for 2006. Benefits under the Pension Plan are vested at all times and are payable in the form of a lump sum or a single or joint and survivor annuity upon retirement, death, disability, other termination of employment or attainment of age 62.

The estimated annual total pension payable under the Pension Plan in the form of a single life annuity to the Named Executive Officers if they continue to receive hypothetical employer contributions and hypothetical earnings at current rates and retire at age 62 is as follows: Mr. Marcus, \$124,266; Mr. Shigenaga, an amount less than \$1,000; and Mr. Richardson, \$115,166. Participants also are entitled to receive their benefits in the form of a lump sum.

Deferred Compensation Plans. The Company has in place its 2000 Deferred Compensation Plan (the DC Plan) and its 2000 Venture Investment Deferred Compensation Plan (the VI Plan), both of which are unfunded plans designed to permit compensation deferrals for a select group of the Company's management and highly compensated executives.

Eligibility to participate in the DC Plan is limited to employees of the Company who fall within a select group of management or highly compensated employees for purposes of the Employee Retirement Income Security Act of 1974 (ERISA). Participants' deferral amounts under the DC Plan are credited or charged, as the case may be, with the investment performance of mutual funds and other publicly-traded securities designated by the participants. During 2006, the Company did not pay any amounts under the DC Plan, other than to terminated participants.

Eligibility to participate in the VI Plan is limited to employees of the Company who qualify as accredited investors under the Securities Act of 1933, as amended, and who fall within a select group of management or highly compensated employees for purposes of ERISA. Participants' deferrals of compensation under the VI Plan are credited or charged, as the case may be, based on the performance of certain investments designated by the Company. To the extent that participants' compensation deferrals are not deemed to be designated in such investments because they exceed the limits set forth in the VI Plan, such compensation is considered deferred under the DC Plan.

Role of Named Executive Officers in Determining Executive Compensation

Mr. Marcus reviews the performance of each Named Executive Officer, other than his own, with the Committee and makes recommendations to the Committee for its review and final determination. Other Named Executive Officers and our finance and human resources teams may provide market and company information to the Committee that is used in determining Named Executive Officer compensation.

Setting Compensation for Named Executive Officers

The Committee benchmarks salary and target incentive levels and practices as well as performance results in relation to other comparable companies. If the Company and the Named Executive Officer exceed various performance goals, each such Named Executive Officer has the opportunity, through incentive bonus and equity incentives, to receive total compensation reflective of the Company's and their performance. In certain cases the Company offers employment contracts to key executive officers. In such cases, it is in the best interest of the Company and its stockholders to attract, motivate and retain such key executives and to ensure continuity and stability of management.

Compensation of Chief Executive Officer and Named Executive Officers. For 2006, the Committee increased Mr. Marcus' salary by 3%. The increase reflected the Committee's assessment of Mr. Marcus' performance in light of the Company's performance in the prior fiscal year and against his goals for the year. Salary increases for other Named Executive Officers effected during 2006 ranged from 4% to 7%, and were based on similar considerations, including individual performance, position, tenure, experience, expertise, leadership and competitive data in compensation surveys.

Messrs. Marcus, Shigenaga and Richardson are eligible to receive cash incentive bonuses and restricted stock awards under the Company's long-term compensation cash and stock-based incentive program adopted by the Committee. Performance-based cash bonuses and restricted stock awards under this program are made pursuant to the 1997 Incentive Plan and are based on performance that occurs over a period of one fiscal year or less. For 2006, Mr. Marcus received a cash incentive bonus of \$347,500, which represents 50% of his annual salary for that year. For 2006, cash incentive bonuses were paid to other Named Executive Officers equal to 50% of the annual salaries of each such Named Executive Officers for that year. In addition, for 2006, Messrs. Marcus, Shigenaga and Richardson were granted restricted stock awards for services rendered in 2006 in the amounts of 40,000, 12,000 and 20,000, respectively, of the Company's Common Stock with a grant date of February 1, 2007. The restricted stock agreements for these shares provide for a restricted period ranging through January 1, 2010. During these restricted periods the shares may not be sold or transferred and will be subject to forfeiture in the event the officer's employment with the Company is terminated by the Company for Cause (as defined in the applicable agreement), or, subject to the provisions of the applicable plan document, is terminated by the officer for any reason other than a termination due to the officer's death or disability. The values of the awards of 40,000 shares, 12,000 shares and 20,000 shares of restricted stock based on the market price as of the grant date of February 1, 2007 were \$4,382,800, \$1,314,840 and \$2,191,400 for Messrs. Marcus, Shigenaga and Richardson, respectively. See the Summary Compensation Table and Grants of Plan-Based Awards Table below for more information.

Share Retention and Ownership Guidelines

We encourage our executive officers to hold a minimum equity interest in the company. We generally also require our executive officers to increase their equity holdings in the Company each year.

Section 162(m) Policy

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of their top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, limited exceptions to Section 162(m) apply with respect to performance-based compensation. The Company will continue to monitor the applicability of Section 162(m) to its ongoing compensation arrangements.

Deferred Compensation Plans

The following table discloses contributions, earnings and balances under non-qualified deferred compensation plans for each of the Named Executive Officers.

NONQUALIFIED DEFERRED COMPENSATION TABLE (1)

James H. Richardson	191,029		35,987	1,107,853

(1) Compensation disclosed above as nonqualified deferred compensation is disclosed as compensation in the year earned in the Summary Compensation Table. Aggregate earnings in non-qualified deferred compensation plans have been included as compensation in the Summary Compensation Table.

The Company has in place its DC Plan and its VI Plan, both of which are unfunded plans designed to permit compensation deferrals for a select group of the Company's management and highly compensated executives.

Eligibility to participate in the DC Plan is limited to employees of the Company who fall within a select group of management or highly compensated employees for purposes of ERISA. Under the DC Plan, a participant may annually elect to defer up to 70% of the participant's salary and up to 100% of the participant's bonus. Participants must make deferral elections during the election period which is prior to the beginning of the plan year in which the related compensation is earned. Participants' deferral amounts under the DC Plan are credited or charged, as the case may be, with the investment performance of mutual funds and other publicly-traded securities designated by the participants. A participant may choose to receive deferred amounts on a date specified by the participant or upon the termination of such participant's employment with the Company. In the event of a participant's termination of employment for any reason, all vested amounts in the participant's deferral account is distributable in a lump sum as soon as administratively feasible following such termination. During 2006, the Company did not pay any amounts under the DC Plan, other than to terminated participants.

Eligibility to participate in the VI Plan is limited to employees of the Company who qualify as accredited investors under the Securities Act of 1933, as amended, and who fall within a select group of management or highly compensated employees for purposes of ERISA. Under the VI Plan, a participant may annually elect to defer up to 100% of the participant's cash bonus, provided that the minimum deferral must be \$10,000 for the year of deferral. Participants must make deferral elections during the election period which is prior to the beginning of the plan year with respect to which the bonus is earned. Participants' deferrals of compensation under the VI Plan are credited or charged, as the case may be, based on the performance of certain investments designated by the Company. To the extent that participants' compensation deferrals are not deemed to be invested in such designated investments because they exceed the limits set forth in the VI Plan, such compensation is considered deferred under the DC Plan.

Potential Payments upon Termination or Change-in-Control

The discussion and tables below provide information regarding the incremental amount of compensation, if any, that would be paid to each of the Named Executive Officers of the Company under various termination scenarios or a change in control.

Mr. Marcus

Mr. Marcus' employment agreement provides that if his employment is terminated by the Company without Cause or by Mr. Marcus for Good Reason (as such terms are defined in the agreement) or is terminated due to Mr. Marcus' death or disability, or if the employment agreement is not renewed at the expiration of its term, he will be entitled to receive the following: (i) any earned and unpaid base salary; (ii) any earned and unpaid bonus; (iii) vested benefits under the Company's employee benefit plans and reimbursable expenses; (iv) any deferred compensation; (v) a pro rata bonus for the portion of the year in which the termination occurs; (vi) a severance payment equal to three times Mr. Marcus' aggregate compensation (unless termination is due to non-renewal of the employment agreement, in which case the severance payment will be equal to two times Mr. Marcus' aggregate compensation); (vii) continued participation in the Company's welfare and pension benefit plans for the three-year period following the date of termination, or, if earlier, until Mr. Marcus becomes entitled to such benefits through another employer; (viii) payment of full salary in lieu of all accrued vacation; (ix) outplacement services for 180 days following the date of termination (unless termination is due to death or disability); (x) full and immediate vesting of all outstanding and unvested equity or equity-based compensation awards and exercisability of all outstanding stock options for their full terms; and (xi) any other bonus payments which would have been payable except for such termination.

If Mr. Marcus is terminated by the Company for Cause or Mr. Marcus terminates his employment other than for Good Reason, he will be entitled to receive the following: (i) any earned and unpaid base salary; (ii) any earned and unpaid bonus; (iii) vested benefits under the Company's employee benefit plans and reimbursable expenses; and (iv) any deferred compensation.

If amounts payable to Mr. Marcus are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, the Company must also pay to Mr. Marcus an amount sufficient to offset the effects of the excise tax.

Mr. Marcus' employment agreement also provides that upon a Change in Control (as defined in the employment agreement), all of Mr. Marcus' equity or equity-based compensation will vest and all of his outstanding stock options will be exercisable for their full terms.

Edgar Filing: ALEXANDRIA REAL ESTATE EQUITIES INC - Form DEF 14A

The table below reflects the amount of compensation and benefits payable to Mr. Marcus under his employment agreement in the event of: (i) termination by the Company without Cause/termination by Mr. Marcus for Good Reason (including Change in Control); (ii) termination upon death or disability; (iii) termination due to non-renewal of his employment agreement; (iv) a Change in Control (without termination of his employment); and (v) termination by the Company for Cause/termination by Mr. Marcus other than for Good Reason. The amounts shown in the table below assume that the termination was effective upon December 31, 2006. The table does not include the pension benefits or nonqualified deferred compensation that would be paid to Mr. Marcus, which are set forth in the Pension Benefits Table and Nonqualified Deferred Compensation Table. In addition, the table does not include the value of vested restricted stock and vested but unexercised stock options as of December 31, 2006. Because the payments to be made to Mr. Marcus depend on several factors, the actual amounts to be paid out upon Mr. Marcus' termination of employment can only be determined at the time of his separation from the Company.

Mr. Richardson

Mr. Richardson's employment agreement provides that if his employment is terminated for any reason (including by the Company for Cause or by Mr. Richardson without Good Reason, as such terms are defined in the agreement), he will be entitled to receive the following: (i) any accrued and unused vacation; (ii) any earned and unpaid base salary; and (iii) any earned and unpaid bonus.

If Mr. Richardson's employment is terminated by the Company without Cause or by Mr. Richardson for Good Reason or is terminated due to Mr. Richardson's death or disability, then, in addition to the benefits described in the paragraph above, Mr. Richardson will be entitled to receive the following: (i) a severance payment equal to Mr. Richardson's base salary for the remaining term of his employment agreement (but not less than two years of base salary) and Mr. Richardson's target bonus for the fiscal year

in which the termination is effective (or, if the target has not been determined, the average of the annual bonuses earned in the two years preceding the date of termination) (Severance Payment); and (ii) accelerated vesting of any outstanding equity awards. However, if any such termination by the Company without Cause or by Mr. Richardson for Good Reason occurs after a Change in Control (as defined in the employment agreement), then the amount of Mr. Richardson s Severance Payment will be multiplied by three.

If amounts payable to Mr. Richardson are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, the Company must also pay to Mr. Richardson an amount sufficient to offset the effects of the excise tax.

The table below reflects the amount of compensation and benefits payable to Mr. Richardson under his employment agreement and pursuant to the 1997 Incentive Plan in the event of: (i) termination by the Company without Cause following a Change in Control/termination by Mr. Richardson for Good Reason following a Change in Control; (ii) termination by the Company Without Cause/termination by Mr. Richardson for Good Reason; (iii) termination by Mr. Richardson for Good Reason not following a Change in Control/termination upon death or disability; (iv) a Change in Control (without termination of his employment); and (v) termination by the Company for Cause/termination by Mr. Richardson other than for Good Reason. The amounts shown in the table below assume that the termination was effective as of December 31, 2006. The table does not include the pension benefits or nonqualified deferred compensation that would be paid to Mr. Richardson, which are set forth in the Pension Benefits Table and Nonqualified Deferred Compensation Table above. In addition, the table does not include the value of vested restricted stock and vested but unexercised stock options as of December 31, 2006. Because the payments to be made to Mr. Richardson depend on several factors, the actual amounts to be paid out upon Mr. Richardson s termination of employment can only be determined at the time of his separation from the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and officers and beneficial owners of 10% or more of the Company's Common Stock to file reports of ownership of, and transactions in, the Company's securities with the Securities and Exchange Commission, the New York Stock Exchange and the Company. Based solely on the Company's review of copies of such forms received by it and written representations from certain reporting persons, the Company believes that all Securities and Exchange Commission filing requirements applicable to the Company's directors and officers and beneficial owners of 10% or more of the Company's Common Stock for 2006 were timely met, except that on July 24, 2006, the Company reported on Form 4 on behalf of Richard B. Jennings and Alan G. Walton, who are directors of the Company, the July 14, 2006 award of shares of restricted stock.

PROPOSAL NUMBER TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has appointed Ernst & Young LLP, which has served as the Company's independent registered public accountants since 1994, to be the Company's independent registered public accountants for the year ending December 31, 2007. Ernst & Young LLP has advised the Company that it does not have any direct or indirect financial interest in the Company. Representatives of Ernst & Young LLP are expected to attend the annual meeting and will be given the opportunity to make a statement if they choose to do so. They will also be available to respond to appropriate questions.

Before appointing Ernst & Young LLP, the Audit Committee carefully considered Ernst & Young LLP's qualifications, including the firm's performance as independent registered public accountants for the Company in prior years and its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee also considered whether Ernst & Young LLP's provision of non-audit services to the Company is compatible with that firm's independence from the Company.

Stockholders will be asked at the annual meeting to consider and vote upon the ratification of the appointment of Ernst & Young LLP. If the stockholders ratify the appointment, the Audit Committee may still, in its discretion, appoint a different independent registered public accounting firm at any time during the year 2007 if it concludes that such a change would be in the best interests of the Company. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider, but not necessarily rescind, the appointment of Ernst & Young LLP.

Fees Billed by Independent Registered Public Accountants

The SEC requires disclosure of the fees billed by the Company's independent registered public accountants for certain services. All audit-related services and tax services were pre-approved by the Audit Committee. The following table sets forth the aggregate fees billed by Ernst & Young LLP during the fiscal years ended December 31, 2006 and 2005:

	2006	2005
Fees Billed:		
Audit Fees	\$ 589,000	\$ 645,000
Audit-Related Fees		
Tax Fees	383,000	361,000
All Other Fees	1,500	1,000
Total	\$ 973,500	\$ 1,007,000

Audit Fees include amounts billed to the Company related to the audit of our consolidated financial statements, review of our quarterly financial statements and other services provided in connection with statutory and regulatory filings.

Included in Tax Fees in 2006 is \$327,000 related to tax return preparation and compliance (including cost segregation studies) and \$56,000 of other tax related services. Included in Tax Fees in 2005 is \$311,000 related to tax return preparation and compliance (including cost segregation studies) and \$50,000 of other tax related services.

All Other Fees include amounts billed to the Company related to the fees for Ernst & Young LLP's on-line technical research database tools.

Audit Committee Pre-Approval Policy

The Audit Committee approves, prior to engagement, all audit and non-audit services provided by Ernst & Young LLP and all fees to be paid for such services. All services are considered and approved on an individual basis. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence.

Required Vote

A majority of the votes cast at the annual meeting will be required to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants for 2007.

The Board of Directors recommends a vote FOR Proposal Number Two.
