### PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

We have not yet completed the preparation of our restated financial statements necessary to complete our Form 10-K for the period ended June 30, 2007 and our Form 10-Q for the period ended September 30, 2007. As previously disclosed in a current report on Form 8-K that we filed on June 11, 2007, in connection with a review of our financial statements, we identified errors in our accounting for sales of installments receivable.

In addition, after errors were identified in the accounting for sales of installments receivable to financial institutions, the Audit Committee of our Board of Directors and our management determined to engage in a detailed review of other accounts in our financial statements. This review included a comprehensive review of historic positions reported on income tax returns and the related reporting in our financial statements in order to determine the propriety and accuracy of the positions taken and amounts recorded and disclosed. We announced on February 11, 2008 that, in connection with this review and additional work in preparing our Form 10-K for fiscal 2007, we currently expect to record charges for additional tax liabilities totaling approximately \$20 million for the periods fiscal 2002 through fiscal 2007. The estimated charges primarily relate to income taxes arising from transactions between entities within the consolidated subsidiaries of the company. These are preliminary estimates and are subject to change.

As a result of the concentration of resources on completing the preparation of our restated financial statements to be included in the Form 10-K for the period ended June 30, 2007 and our Form 10-Q for the period ended September 30, 2007, as well as delays in completing our financial reporting for the quarter ended December 31, 2007, we are not able to file our Form 10-Q for the period ended December 31, 2007 within the prescribed time period. In addition, we are in the process of selecting a successor independent registered public accounting firm, which process has not yet been completed, and the successor firm will be required to complete its review of our Form 10-Q for the period ended December 31, 2007 prior to our filing of such report.

(Telephone Number)

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed ? If answer is no, identify report(s).

Yes  No

We have not yet filed our Form 10-K for the period ended June 30, 2007 and our Form 10-Q for the period ended September 30, 2007.

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Due to the matters described in Part III above, we cannot provide at this time an estimate of our results of operations for the fiscal quarter ended December 31, 2007. We previously announced on January 16, 2008 that we anticipate reporting cash and cash equivalents of \$131 million at December 31, 2007, which is an increase from \$128 million at September 30, 2007. The anticipated balance of cash and cash equivalents should be considered a preliminary estimate pending completion of the audit and the finalization of our financial statements for the fiscal year ended June 30, 2007.

We also announced on February 11, 2008 that, in connection with the detailed review of other accounts in our financial statements referenced above, and additional work in preparing our Form 10-K for fiscal 2007, we currently expect to record charges for additional tax liabilities totaling approximately \$20 million for the periods fiscal 2002 through fiscal 2007. The estimated charges primarily relate to income taxes arising from transactions between entities within the consolidated subsidiaries of the company. These are preliminary estimates and are subject to change.
