**Item 8.01**

**Other Events.**

On September 17, 2008, Steel Dynamics, Inc. was served with a class action antitrust complaint alleging violations of Section 1 of the Sherman Act, brought by Standard Iron Works of Scranton, Pennsylvania, against nine steel manufacturing companies, including Steel Dynamics. The Complaint, filed in the United States District Court for the Northern District of Illinois in Chicago, alleges that the defendants conspired to fix, raise, maintain and stabilize the price at which steel products were sold in the United States by artificially restricting the supply of such steel products. The Complaint, which purports to be brought on behalf of a class consisting of all purchasers of steel products directly from the defendants between January 1, 2005 and the present, seeks treble damages and costs, including reasonable attorney fees and pre- and post-judgment interest.

Steel Dynamics, believes that the lawsuit is entirely without merit and plans to aggressively defend this action.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this Report to be signed on its behalf by the undersigned hereto duly authorized.
