LETTER FROM THE ADVISERS

Dear Shareholder:

The Boulder Total Return Fund (BTF) had a total return of -1.1% based on its net asset value (NAV) for the 6-months ending 05/31/2009. The total return based on BTF's market price for the same period was 4.0%. The S&P 500 Index was up 4.1% over the same period.

Cumulative Returns	3 Months Ended 5/31/09	6 Months Ended 5/31/09	One Year Ended 5/31/09	Three Years* Ended 5/31/09	Five Years* Ended 5/31/09	Since August 1999**
Boulder Total Return Fund (NAV)	31.2%	(1.1)%	(37.6)%	(10.0)%	(3.5)%	2.5%
S&P 500 Index	25.8%	4.1%	(32.6)%	(8.3)%	(1.9)%	(1.9)%
Dow Jones Industrial Average	21.3%	(2.0)%	(30.4)%	(6.2)%	(1.1)%	(0.3)%
NASDAQ Composite	29.1%	16.2%	(28.9)%	(5.8)%	(1.4)%	(3.8)%

The total returns for BTF in the table above do not include the affect of dilution from the 7/2003 rights offering. If the affect of dilution is included, the annualized return since August 1999 would be 1.7%.

* Annualized

** Annualized since August 1999, when the current Advisers became investment advisers to the Fund.

You can see in the table above that BTF had a big return in the latest fiscal quarter. This good quarter made up for nearly all of the losses that it incurred in the 1st quarter of this fiscal year. In the first quarter ended 2/28/09, BTF had a total return on NAV of -24.7%. If you've done the simple arithmetic, you may be scratching your head saying, "why wasn't the return for the 6 months positive since the Fund was up 31.2% in the second three month period while it was only down 24.7% in the first three months?" The simple answer is that it's not simple arithmetic. Returns are compounded. That is why our first rule of investing "Don't lose what you already have" is so important. Think about it this way: If you have \$1.00 and you lose \$.50, your return is -50%. But in order to get back to where you started, you're going to need a return of 100%.

These huge swings in returns give an indication of the huge volatility in the markets. Obviously we suffered with the rest of the market. We wish we could have avoided the downturn and kept what we had in tact, but we're not smart enough to know when the market will rise and fall. We try to find long-term investments that will: 1) survive in even the most severe economic downturns such as the one we had, and are currently witnessing, and 2) provide good returns when the economy is on cruise control.

5.31.09 SEMI-ANNUAL REPORT

Edgar Filing: BOULDER TOTAL RETURN FUND INC - Form N-CSRS

A \$10,000 investment in BTF at NAV when BIA and SIA became co-advisers to the Fund in August, 1999 would be worth \$12,780 on May 31, 2009. Had the investor purchased the S&P 500 Index at the same time, he'd have less than he started with - only \$8,270. So after expenses (and assuming no expenses on the S&P), an investor would have 54% more money having purchased BTF.

Looking at the Fund's investments, its largest one, Berkshire Hathaway, was down (11.9%) in the 6 months ending 5/31/09. But leading the pack performance-wise was BTF's second largest position, YUM! Brands, up 30.2% during the 6 months. YUM has grown to be over 16% of the Fund's assets due to capital appreciation; when we bought YUM back in 2000 it was less than 5% of BTF's assets. We're still quite happy to hold on to this fast food restaurant gem. Some other significant positions in the Fund are WalMart, down (9.6%), Eaton Corp, down (4%), and Cheung Kong Holdings, up 31%.

We are finding some places to put your money to work at what we believe are good prices. Yet, we're not convinced that we've seen the bottom, so we continue to be very cautious before making new commitments or adding to some good companies we already own. At this point, we do not anticipate a quick end to the worldwide economic crisis and the cash we hold makes us feel quite comfortable.

When making additional equity investments, we continue to try to estimate what effect inflation will have on them. With the U.S. Treasury issuing debt at an unprecedented rate, and the Federal Reserve continuing to monetize it, we think there is a high probability of increasing inflation; but we have no idea how soon such inflation will occur. What we can tell you for certain is we won't pay a price we don't think is reasonable. We'd rather be patient with your money. This economy is by no means out of the woods yet; there are potential dark clouds on the horizon. The State of California is in a sorry state. How would you like to get an IOU for your State income tax refund? Try taking that to the grocery store. Other state and local governments across the nation are also hurting.

But there are still bargains to be found. We have been buying other closed-end funds trading at discounts to their NAV's which more than offsets the expenses and provides us with income through a diversified portfolio. For the most part, the funds we bought specialize in REITs, utilities and/or preferreds. All of the funds we bought pay a regular monthly or quarterly dividend. If the underlying assets in these funds recover, we may have the chance to double-dip in our returns if the discounts narrow at the same time.

BOULDER TOTAL RETURN FUND, INC.

www.boulderfunds.net

Edgar Filing: BOULDER TOTAL RETURN FUND INC - Form N-CSRS

The Fund holds cash and cash-equivalents totaling about \$24 million, or about 10% of the Fund's assets as of 5/31/09. Included in the cash-equivalents are Auction Rate Preferreds (ARPs) issued by other closed-end funds. The Fund holds a total of \$2.1 million par value of these preferred instruments (which are currently fair valued at 98% of par). One year ago, the Fund held \$12.2 million of these securities. Since then, many funds have redeemed their ARPs at their full stated par value. We consider these somewhat frozen assets (the auctions continue to fail) to be good assets that is to say, they are still rated AAA and continue paying dividends. In fact, we recently read that we can expect another \$1.9 million in redemptions this July, which would leave BTF holding only \$200,000 worth of ARPs.

Our website at www.boulderfunds.net is an excellent source for information on the Fund. One of the features on the website is the ability to sign up for electronic delivery of stockholder information. Through electronic delivery, you can enjoy the convenience of receiving and viewing stockholder communications, such as annual reports, managed distribution information, and proxy statements online in addition to, but more quickly than, the hard copies you currently receive in the mail. To enroll, simply go to www.boulderfunds.net/enotify.htm. You will also find information about the Boulder Total Return Fund's sister fund the Boulder Growth & Income Fund on the website.

Sincerely,

Stewart R. Horejsi

(2) Calculated by subtracting the Fund's total liabilities (excluding accumulated unpaid distributions on Preferred Shares) from the Fund's total assets and dividing by the number of AMPS outstanding.

(3) Excludes accumulated undeclared dividends.

See accompanying notes to financial statements.

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Boulder Total Return Fund, Inc. (the Fund), is a diversified, closed-end management company organized as a Maryland corporation and is registered with the Securities and Exchange Commission (SEC) under the Investment Company Act of 1940, as amended (the 1940 Act). The policies described below are followed consistently by the Fund in the preparation of its financial statements in conformity with accounting principles generally accepted in the United States of America.

Portfolio Valuation: The net asset value of the Fund's Common Shares is determined by the Fund's co-administrator no less frequently than on the last business day of each week and month. It is determined by dividing the value of the Fund's net assets attributable to common stock by the number of Common Shares outstanding. The value of the Fund's net assets attributable to Common Shares is deemed to equal the value of the Fund's total assets less (i) the Fund's liabilities and (ii) the aggregate liquidation value of the outstanding Taxable Auction Market Preferred Stock. Securities listed on a national securities exchange are valued on the basis of the last sale on such exchange or the NASDAQ Official Close Price on the day of valuation. In the absence of sales of listed securities and with respect to securities for which the most recent sale prices are not deemed to represent fair market value, and unlisted securities (other than money market instruments), securities are valued at the mean between the closing bid and asked prices, or based on a matrix system which utilizes information (such as credit ratings, yields and maturities) from independent sources. Investments for which market quotations are not readily available or do not otherwise accurately reflect the fair value of the investment are valued at fair value as determined in good faith by or under the direction of the Board of Directors of the Fund, including reference to valuations of other securities which are considered comparable in quality, maturity and type. Investments in money market instruments, which mature in 60 days or less at the time of purchase, are valued at amortized cost.

The Fund follows Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). In accordance with FAS 157, fair value is defined as the price that the Fund would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. Under certain circumstances, fair value may equal the mean between the bid and asked prices. FAS 157 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

- Level 1 quoted prices in active markets for identical investments
- Level 2 significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The valuation techniques used by the Fund to measure fair value during the six months ended May 31, 2009 maximized the use of observable inputs and minimized the use of unobservable inputs. The Fund utilized the following fair value techniques: discounted future cash flow models, weighted average of last available trade prices and multi-dimensional relational pricing model.

The following is a summary of the inputs used as of May 31, 2009 in valuing the Fund's investments carried at fair value:

Valuation Inputs	Investments in Securities	
Level 1 Quoted Prices	\$	210,214,920
Level 2 Significant Observable Inputs		22,481,225
Level 3 Significant Unobservable Inputs		14,809
Total	\$	232,710,954

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

	Investments in Securities	
Balance as of 11/30/08	\$	14,764
Realized gain/(loss)		
Change in unrealized appreciation		45
Net purchases/(sales)		
Transfer in and/or out of Level 3		

Edgar Filing: BOULDER TOTAL RETURN FUND INC - Form N-CSRS

Balance as of 5/31/09

\$

14,809

Securities Transactions and Investment Income: Securities transactions are recorded as of the trade date. Realized gains and losses from securities sold are recorded on the identified cost basis. Dividend income is recorded on ex-dividend dates. Interest income is recorded using the interest method.

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

The actual amounts of dividend income and return of capital received from investments in real estate investment trusts (REITS) and registered investment companies (RICS) at calendar year-end are determined after the end of the fiscal year. The Fund therefore estimates these amounts for accounting purposes until the actual characterization of REIT and RIC distributions is known. Distributions received in excess of the estimate are recorded as a reduction of the cost of investments.

Foreign Currency Translation: The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments and other assets and liabilities denominated in foreign currencies are translated in U.S. dollars at the exchange rate prevailing at the end of the period, and purchases and sales of investment securities, income and expenses transacted in foreign currencies are translated at the exchange rate on the dates of such transactions.

Foreign currency gains and losses result from fluctuations in exchange rates between trade date and settlement date on securities transactions, foreign currency transactions and the difference between amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and the subsequent sale trade date is included in gains and losses as stated in the Statement of Operations under Foreign currency related transactions.

Repurchase Agreements: The Fund may engage in repurchase agreement transactions. The Fund's Management reviews and approves periodically the eligibility of the banks and dealers with which the Fund enters into repurchase agreement transactions. The value of the collateral underlying such transactions is at least equal at all times to the total amount of the repurchase obligations, including interest. The Fund maintains possession of the collateral and, in the event of counterparty default, the Fund has the right to use the collateral to offset losses incurred. There is the possibility of loss to the Fund in the event the Fund is delayed or prevented from exercising its rights to dispose of the collateral securities. The Fund had no outstanding repurchase agreements as of May 31, 2009.

Lending of Portfolio Securities: The Fund may participate in securities lending arrangements. To do so, the Fund would engage a lending agent to loan securities to qualified brokers and dealers in exchange for negotiated lenders' fees. As of May 31, 2009, the Fund was not participating in any securities lending arrangements.

Dividends and Distributions to Stockholders: Dividends to common stockholders will be declared in such a manner as to avoid the imposition of the 4% excise tax described in Federal Income Taxes below. The stockholders of Taxable Auction Market Preferred Stock (AMPS) are entitled to receive cumulative cash dividends as declared by the Fund's Board of Directors. Distributions to stockholders are recorded on the ex-dividend date. Any net realized short-term capital gains will be distributed to stockholders at least annually. Any net realized long-term capital gains may be distributed to stockholders at least annually or may be retained by the Fund as determined by the

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

Fund's Board of Directors. Capital gains retained by the Fund are subject to tax at the corporate tax rate. Subject to the Fund qualifying as a registered investment company, any taxes paid by the Fund on such net realized long-term gains may be used by the Fund's stockholders as a credit against their own tax liabilities.

Prior to November 10, 2008, it was the policy of the Fund to declare quarterly and pay monthly distributions to common stockholders (the Policy). In an effort to maintain a stable distribution amount, the Fund could have paid distributions consisting of net investment income, realized gains and return of paid-in capital. Return of paid-in capital should not be considered yield by investors in the Fund. To the extent stockholders receive a return of paid-in capital they will be required to adjust their cost basis by the same amount upon the sale of their Fund shares. The composition of the Fund's distributions, if any, for the calendar year 2009 will be reported to Fund stockholders on IRS Form 1099-DIV. The Fund may pay distributions in excess of those required to avoid excise tax or to satisfy the requirements of Subchapter M of the Internal Revenue Code. Distributions to common stockholders are recorded on the ex-date. Net realized capital gains, if any, will be offset to the extent of any available capital loss carryforwards.

The Fund's Policy was suspended, as approved by the Board of Directors, at the regular meeting held November 10, 2008. The Fund's Board of Directors considered continuation of the Policy and a number of alternatives and other factors before coming to the conclusion to suspend the Policy.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Indemnifications: Like many other companies, the Fund's organizational documents provide that its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, both in some of its principal service contracts and in the normal course of its business, the Fund enters into contracts that provide indemnifications to other parties for certain types of losses or liabilities. The Fund's maximum exposure under these arrangements is unknown as this could involve future claims against the Fund.

Federal Income Taxes: For federal income tax purposes, the Fund currently qualifies, and intends to remain qualified, as a regulated investment company under the provisions of the Internal Revenue Code by distributing substantially all of its investment company taxable net income including realized gain not offset by capital loss carryforwards, if any, to its stockholders. Accordingly, no provision for federal income or excise taxes has been made.

Income and capital gain distributions are determined and characterized in accordance with income tax regulations, which may differ from generally accepted accounting

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

principles. These differences are primarily due to (1) differing treatments of income and gains on various investment securities held by the Fund, including temporary differences, (2) the attribution of expenses against certain components of taxable investment income, and (3) federal regulations requiring proportional allocation of income and gains to all classes of stockholders. The Code imposes a 4% nondeductible excise tax on the Fund to the extent the Fund does not distribute by the end of any calendar year at least (1) 98% of the sum of its net investment income for that year and its capital gains (both long-term and short-term) for its fiscal year and (2) certain undistributed amounts from previous years.

The Fund follows FASB Interpretation No. 48 (FIN 48) Accounting for Uncertainty in Income Taxes, which requires that the financial statement effects of a tax position taken or expected to be taken in a tax return be recognized in the financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Management has concluded that the Fund has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of FIN 48. The Fund files income tax returns in the U.S. federal jurisdiction and Colorado. The statute of limitations on the Fund's federal tax filings remains open for the fiscal years ended November 30, 2008, November 30, 2007, November 30, 2006 and November 30, 2005. The statute of limitation on the Fund's state tax filings remains open for the fiscal years ended November 30, 2008, November 30, 2007, November 30, 2006, November 30, 2005 and November 30, 2004.

NOTE 2. INVESTMENT CO-ADVISORY FEES, DIRECTORS FEES-CO-ADMINISTRATION FEE, CUSTODY FEE AND TRANSFER AGENT FEE

Boulder Investment Advisers, L.L.C. (BIA) and Stewart Investment Advisers (SIA) serve as the Fund's co-investment advisers (the Advisers). The Fund pays the Advisers a monthly fee at an annual rate of 1.25% of the value of the Fund's average monthly total assets under management (including the principal amount of leverage, if any). At the February 9, 2009 Board of Directors meeting, the Advisers agreed to a waiver of advisory fees such that, in the future, the advisory fees would be calculated at the annual rate of 1.25% on assets up to \$400 million, 1.10% on assets between \$400-\$600 million and 1.00% on assets exceeding \$600 million. This fee waiver has a one year term and is renewable annually at the option of the Advisers. The waiver is not subject to recapture. The equity owners of BIA are Evergreen Atlantic, LLC, a Colorado limited liability company (EALLC), and the Lola Brown Trust No. 1B (the Lola Trust), each of which is considered to be an affiliated person of the Fund as that term is defined in the 1940 Act. Stewart West Indies Trading Company, Ltd. is a Barbados international business company doing business as Stewart Investment Advisers. SIA receives a monthly fee equal to 75% of the fees earned by the Advisers, and BIA receives 25% of the fees earned by the Advisers. The equity owner of SIA is the Stewart West Indies Trust, considered to be an affiliated person of the Fund as that term is defined in the 1940 Act.

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

Fund Administrative Services, LLC (FAS) serves as the Fund's co-administrator. Under the Administration Agreement, FAS provides certain administrative and executive management services to the Fund. The Fund pays FAS a monthly fee calculated at an annual rate of 0.20% of the value of the Fund's average monthly total assets (including leverage) up to \$250 million; 0.18% of the Fund's average monthly total assets (including leverage) on the next \$150 million; and, 0.15% on the value of the Fund's average monthly total assets (including leverage) over \$400 million. The equity owners of FAS are EALLC and the Lola Trust.

ALPS Fund Services, Inc. (ALPS) serves as the Fund's co-administrator. As compensation for its services, ALPS receives certain out-of-pocket expenses and asset-based fees, which are accrued daily and paid monthly. Fees paid to ALPS are calculated based on combined assets of the Fund, the Boulder Growth & Income Fund, Inc., The Denali Fund Inc., and First Opportunity Fund, Inc. (the Fund Group). ALPS receives the greater of the following, based on combined assets of the Fund Complex: an annual minimum of \$460,000, or an annualized fee of 0.045% on assets up to \$1 billion, an annualized fee of 0.03% on assets between \$1 and \$3 billion, and an annualized fee of 0.02% on assets above \$3 billion.

The Fund pays each Director who is not a director, officer, employee, or affiliate of the Advisers or FAS a fee of \$8,000 per annum, plus \$4,000 for each in-person meeting of the Board of Directors and \$500 for each telephone meeting. In addition, the Chairman of the Board and the Chairman of the Audit Committee receive \$1,000 per meeting and each member of the Audit Committee receives \$500 per meeting. The Fund will also reimburse all non-interested Directors for travel and out-of-pocket expenses incurred in connection with such meetings.

Bank of New York Mellon (BNY Mellon) serves as the Fund's custodian and as compensation for BNY Mellon's services the Fund pays BNY Mellon a monthly fee plus certain out-of-pocket expenses.

PNC Global Investment Servicing (PNC GIS) serves as the Fund's Common Stock Servicing Agent (transfer agent), dividend-paying agent and registrar, and as compensation for PNC GIS's services as such, the Fund pays PNC GIS a monthly fee plus certain out-of-pocket expenses.

Deutsche Bank Trust Company Americas (Auction Agent), a wholly owned subsidiary of Deutsche Bank AG, serves as the Fund's Preferred Stock transfer agent, registrar, dividend disbursing agent and redemption agent.

NOTE 3. SECURITIES TRANSACTIONS

Purchases and sales of securities, excluding short term securities, during the six months ended May 31, 2009 were \$5,587,847 and \$9,392,829, respectively.

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

On May 31, 2009, based on cost of \$183,875,189 for federal income tax purposes, aggregate gross unrealized appreciation for all securities in which there is an excess of value over tax cost was \$68,671,934 and aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value was \$19,836,169, resulting in net unrealized appreciation of \$48,835,765.

NOTE 4. CAPITAL

At May 31, 2009, 240,000,000 of \$0.01 par value Common Stock were authorized, of which 12,338,660 were outstanding.

Transactions in common stock were as follows:

	Six Months Ended May 31, 2009	Year Ended November 30, 2008
Common Shares outstanding beginning of period	12,338,660	12,338,660
Common Shares issued as reinvestment of dividends		
Common Shares outstanding end of period	12,338,660	12,338,660

NOTE 5. TAXABLE AUCTION MARKET PREFERRED STOCK

The Fund's Articles of Incorporation authorize the issuance of up to 10,000,000 shares of \$0.01 par value preferred stock. On August 15, 2000, the Fund's 775 shares of Money Market Cumulative Preferred StockTM were retired and 775 shares of Taxable Auction Market Preferred Stock (AMPS) were issued. AMPS is senior to the Common Stock and results in the financial leveraging of the Common Stock. Such leveraging tends to magnify both the risks and opportunities to Common Stockholders. Dividends on shares of AMPS are cumulative. The Fund's AMPS have a liquidation preference of \$100,000 per share, plus any accumulated unpaid distributions, whether or not earned or declared by the Fund but excluding interest thereon (Liquidation Value) and have no set retirement date. An auction of the AMPS is generally held every 28 days. Existing stockholders may submit an order to hold, bid or sell shares on each auction date. AMPS stockholders may also trade shares in the secondary market.

In February 2008, the auction market across almost all closed-end funds became illiquid resulting in failed auctions for the Fund's AMPS. A failed auction is not an event of default for the Fund but it has a negative impact on the liquidity of the AMPS. A failed auction occurs when there are more sellers of a fund's AMPS than buyers. It is impossible to predict how long this imbalance will last. A successful auction for the Fund's AMPS may not occur for some time, if ever, and even if liquidity does resume, holders of AMPS may not have the ability to sell the AMPS at their liquidation preference. As such, the Fund continues to pay dividends on the AMPS at the maximum rate, set forth in the Fund's Articles Supplementary, the governing document for the AMPS. The Fund's maximum rate is set at the greater of 1.25% of 30-day LIBOR or 30-day LIBOR plus 125 basis points.

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

The Fund may redeem its AMPS, in whole or in part, on the second business day preceding any distribution payment date at Liquidation Value. The Fund is also subject to certain restrictions relating to the AMPS. Specifically, the Fund is required under the 1940 Act to maintain an asset coverage with respect to the AMPS of 200% or greater. The Fund is also required to maintain certain coverage amounts for Standard & Poor's and Moody's (rating agencies). Failure to comply with these restrictions could preclude the Fund from declaring any distributions to common stockholders or repurchasing common shares and/or could trigger the mandatory redemption of AMPS at Liquidation Value. The Fund was in compliance with these requirements as of May 31, 2009. The holders of AMPS are entitled to one vote per share and will vote with holders of common shares as a single class, except that the AMPS holders will vote separately as a class on certain matters, as required by law or the Fund's charter. The holders of the AMPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of the Fund if the Fund fails to pay distributions on AMPS for two consecutive years.

In connection with the settlement of each AMPS auction, the Fund pays, through the auction agent, a service fee to each participating broker-dealer based upon the aggregate liquidation preference of the AMPS held by the broker-dealer's customers. Prior to February 19, 2009 the Fund paid at an annual rate of 0.25% and upon this date the annual rate was reduced to 0.05% until further notice from the Fund. These fees are paid for failed auctions as well.

On May 31, 2009, 775 shares of AMPS were outstanding at the annual rate of 1.60%. The dividend rate, as set by the auction process, is generally expected to vary with short-term interest rates. These rates may vary in a manner unrelated to the income received on the Fund's assets, which could have either a beneficial or detrimental impact on net investment income and gains available to common stockholders. While the Fund expects to earn a higher return on its assets than the cost associated with the AMPS, including expenses, there can be no assurance that such results will be attained.

NOTE 6. PORTFOLIO INVESTMENTS, CONCENTRATION AND INVESTMENT QUALITY

The Fund operates as a diversified management investment company, as defined in the 1940 Act. Under this definition, at least 75% of the value of the Fund's total assets must at the time of investment consist of cash and cash items (including receivables), U.S. Government securities, securities of other investment companies, and other securities limited in respect of any one issuer to an amount not greater in value than 5% of the value of the Fund's total assets (at the time of purchase) and to not more than 10% of the voting securities of a single issuer. This limit does not apply, however, to 25% of the Fund's assets, which may be invested in a single issuer. A more concentrated portfolio may cause the Fund's net asset value to be more volatile and thus may subject stockholders to more risk. The Fund may hold a substantial position (up to 25% of its assets) in the common stock of a single issuer. As of May 31, 2009, the Fund held more than 25% of its assets in Berkshire Hathaway, Inc., as a direct result of the market appreciation of

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

the issuer since the time of purchase. Thus, the volatility of the Fund's common stock, and the Fund's net assets value and its performance in general, depends disproportionately more on the performance of this single issuer than that of a more diversified fund.

The Fund intends to concentrate its common stock investments in a few issuers and to take large positions in those issuers. As a result, the Fund is subject to a greater risk of loss than a fund that diversifies its investments more broadly. Taking larger positions is also likely to increase the volatility of the Fund's net asset value reflecting fluctuation in the value of its large holdings. Under normal market conditions, the Fund intends to invest in a portfolio of common stocks. The portion of the Fund's assets invested in each can vary depending on market conditions. The term "common stocks" includes both stocks acquired primarily for their appreciation potential and stocks acquired for their income potential, such as dividend-paying RICs and REITs. The term "income securities" includes bonds, U.S. Government securities, notes, bills, debentures, preferred stocks, convertible securities, bank debt obligations, repurchase agreements and short-term money market obligations.

NOTE 7. SIGNIFICANT STOCKHOLDERS

On May 31, 2009, trusts and other entities affiliated with Stewart R. Horejsi and the Horejsi family owned 4,956,149 shares of Common Stock of the Fund, representing approximately 40.17% of the total Fund shares. Stewart R. Horejsi is the primary portfolio manager for SIA and is the Fund's primary portfolio manager. He is responsible for the day-to-day strategic management of the Fund.

NOTE 8. SHARE REPURCHASE PROGRAM

In accordance with Section 23(c) of the 1940 Act, the Fund may from time to time effect redemptions and/or repurchases of its AMPS and/or its Common Stock, in the open market or through private transactions; at the option of the Board of Directors and upon such terms as the Directors shall determine.

For the six months ended May 31, 2009 and the year ended November 30, 2008, the Fund did not repurchase any of its own stock.

NOTE 9. TAX BASIS DISTRIBUTIONS

As determined on November 30, 2008, permanent differences resulting primarily from different book and tax accounting for gains and losses on foreign currency and certain other investments were reclassified at fiscal year-end. These reclassifications had no effect on net income, net asset value applicable to common stockholders or net asset value per common share of the Fund.

Ordinary income and long-term capital gains are allocated to common stockholders after payment of the available amounts on any outstanding AMPS. To the extent that the

NOTES TO FINANCIAL STATEMENTS [Unaudited]

May 31, 2009

amount distributed to common stockholders exceeds the amount of available ordinary income and long-term capital gains after allocation to any outstanding AMPS, these distributions are treated as a tax return of capital. Additionally, to the extent that the amount distributed on any outstanding AMPS exceeds the amount of available ordinary income and long-term capital gains, these distributions are treated as a tax return of capital.

Permanent book and tax basis differences of \$(858,668) and \$858,668 were reclassified at November 30, 2008 among distributions in excess of net investment income and accumulated net realized losses on investments, respectively, for the Fund.

The tax character of distributions paid during the years ended November 30, 2008 and November 30, 2007 was as follows:

	Year Ended November 2008	Year Ended November 2007
Distributions paid from:		
Ordinary Income	\$ 2,125,662	\$ 5,501,573
Long-Term Capital Gain	448,908	11,440,578
Tax Return of Capital	37,055,059	
	\$ 39,629,629	\$ 16,942,151

As of November 30, 2008, the Fund had available for tax purposes unused capital loss carryovers of \$9,313,829 expiring November 30, 2016.

As of November 30, 2008, the components of distributable earnings (accumulated losses) on a U.S. federal income tax basis were as follows:

Accumulated Capital Losses	\$ (9,313,829)
Unrealized Appreciation	41,427,891
	\$ 32,114,062

NOTE 10. OTHER INFORMATION

Rights Offerings: The Fund, like other closed-end funds, may at times raise cash for investment by issuing a fixed number of shares through one or more public offerings, including rights offerings. Proceeds from any such offerings will be used to further the investment objectives of the Fund.

NOTE 11. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENT

Edgar Filing: BOULDER TOTAL RETURN FUND INC - Form N-CSRS

In March 2008, FASB issued Statement of Financial Accounting Standards No. 161 (SFAS 161) Disclosures about Derivative Instruments and Hedging Activities an amendment of FASB Statement No. 133 (SFAS 133), expands the disclosure requirements in SFAS 133 about an entity s derivative instruments and hedging activities. SFAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008. Management has concluded that the adoption of SFAS 161, as adopted by the Fund December 1, 2008, has no impact on the Fund s financial statements for the six months ended May 31, 2009.

SUMMARY OF DIVIDEND REINVESTMENT PLAN [Unaudited]

May 31, 2009

Registered holders (Common Stockholders) of common shares (the Common Shares) are automatically enrolled (the Participants) in the Fund's Dividend Reinvestment Plan (the Plan) whereupon all distributions of income, capital gains or managed distributions (Distributions) are automatically reinvested in additional Common Shares. Common Stockholders who elect to not participate in the Plan will receive all distributions in cash paid by check in U.S. dollars mailed directly to the stockholders of record (or if the shares are held in street name or other nominee name, then the nominee) by the custodian, as dividend disbursing agent.

PNC Global Investment Servicing (the Agent) serves as Agent for each Participant in administering the Plan. After the Fund declares a Distribution, if (1) the net asset value per Common Share is equal to or less than the market price per Common Share plus estimated brokerage commissions on the payment date for a Distribution, Participants will be issued Common Shares at the higher of net asset value per Common Share or 95% of the market price per Common Share on the payment date; or if (2) the net asset value per Common Share exceeds the market price plus estimated brokerage commissions on the payment date for a Distribution, the Agent shall apply the amount of such Distribution to purchase Common Shares on the open market and Participants will receive the equivalent in Common Shares valued at the weighted average market price (including brokerage commissions) determined as of the time of the purchase (generally, following the payment date of the Distribution). If, before the Agent has completed its purchases, the market price plus estimated brokerage commissions exceeds the net asset value of the Common Shares as of the payment date, the purchase price paid by the Agent may exceed the net asset value of the Common Shares, resulting in the acquisition of fewer Common Shares than if such Distribution had been paid in Common Shares issued by the Fund. If the Agent is unable to invest the full Distribution amount in purchases in the open market or if the market discount shifts to a market premium during the purchase period than the Agent may cease making purchases in the open market the instant the Agent is notified of a market premium and may invest the uninvested portion of the Distribution in newly issued Common Shares at the net asset value per Common Share at the close of business provided that, if the net asset value is less than or equal to 95% of the then current market price per Common Share, the dollar amount of the Distribution will be divided by 95% of the market price on the payment date. The Fund will not issue Common Shares under the Plan below net asset value.

There is no charge to Participants for reinvesting Distributions, except for certain brokerage commissions, as described below. The Agent's fees for the handling of the reinvestment of Distributions will be paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each Participant will pay a pro rata share of brokerage commissions incurred with respect to the Agent's open market purchase in connection with the reinvestment of Distributions. The automatic reinvestment of Distributions will not relieve Participants of any federal income tax that may be payable on such Distributions.

The Fund reserves the right to amend or terminate the Plan upon 90 days written notice to Common Stockholders of the Fund.

Participants in the Plan may (i) request a certificate, (ii) request to sell their shares, or (iii) withdraw from the Plan upon written notice to the Agent or by telephone in accordance with the specific procedures and will receive certificates for whole Common Shares and cash for fractional Common Shares.

All correspondence concerning the Plan should be directed to the Agent, PNC Global Investment Servicing, P.O. Box 43027, Providence, RI 02940-3027. To receive a full copy of the Fund's Dividend Reinvestment Plan, please contact the Agent at 1-800-331-1710.

ADDITIONAL INFORMATION [Unaudited]

May 31, 2009

Portfolio Information. The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q is available (1) on the Fund's website located at <http://www.boulderfunds.net>; (2) on the SEC's website at <http://www.sec.gov>; or (3) for review and copying at the SEC's Public Reference Room (PRR) in Washington, DC. Information regarding the operation of the PRR may be obtained by calling 1-800-SEC-0330.

Proxy Information. The policies and procedures used to determine how to vote proxies relating to portfolio securities held by the Fund are available on the Fund's website located at <http://www.boulderfunds.net>. Information regarding how the Fund voted proxies relating to portfolio securities during the most recent twelve-month period ended June 30 is available at <http://www.sec.gov>.

Senior Officer Code of Ethics. The Fund files a copy of its code of ethics that applies to the registrant's principal executive officer, principal financial officer or controller, or persons performing similar functions (the Senior Officer Code of Ethics), with the SEC as an exhibit to its annual report on Form N-CSR. The Fund's Senior Officer Code of Ethics is available on the Fund's website located at <http://www.boulderfunds.net>.

Privacy Statement. Pursuant to SEC Regulation S-P (Privacy of Consumer Financial Information) the Directors of the Fund have established the following policy regarding information about the Fund's stockholders. We consider all stockholder data to be private and confidential, and we hold ourselves to the highest standards in its safekeeping and use.

General Statement. The Fund may collect nonpublic information (e.g., your name, address, email address, Social Security Number, Fund holdings (collectively, Personal Information)) about stockholders from transactions in Fund shares. The Fund will not release Personal Information about current or former stockholders (except as permitted by law) unless one of the following conditions is met: (i) we receive your prior written consent; (ii) we believe the recipient to be you or your authorized representative; (iii) to service or support the business functions of the Fund (as explained in more detail below), or (iv) we are required by law to release Personal Information to the recipient. The Fund has not and will not in the future give or sell Personal Information about its current or former stockholders to any company, individual, or group (except as permitted by law) and as otherwise provided in this policy.

In the future, the Fund may make certain electronic services available to its stockholders and may solicit your email address and contact you by email, telephone or US mail regarding the availability of such services. The Fund may also contact stockholders by email, telephone or US mail in connection with these services, such as to confirm enrollment in electronic stockholders communications or to update your Personal Information. In no event will the Fund transmit your Personal Information via email without your consent.

Use of Personal Information. The Fund will only use Personal Information (i) as necessary to service or maintain stockholder accounts in the ordinary course of business and (ii) to support business functions of the Fund and its affiliated businesses. This means that the Fund may share certain Personal Information, only as permitted by law, with affiliated businesses of the Fund, and that such information may be used for non-Fund-related solicitation. When Personal Information is shared with the Fund's business affiliates, the Fund may do so without providing you the option of preventing these types of disclosures as permitted by law.

Safeguards regarding Personal Information. Internally, we also restrict access to Personal Information to those who have a specific need for the records. We maintain physical, electronic, and procedural safeguards that comply with Federal standards to guard Personal Information. Any doubts about the confidentiality of Personal Information, as required by law, are resolved in favor of confidentiality.

Meeting of Stockholders - Voting Results

On April 24, 2009, the Fund held its Annual Meeting of Stockholders to consider an amendment to the Fund's Charter and the election of Directors of the Fund. The results of voting were as follows:

Proposal 1: Amendment to the Charter classifying the Board of Directors into three separate classes and making related changes to the Charter (both common and preferred stockholders vote)

	# of Votes Cast	% of Votes Cast
Affirmative	6,878,143	90.67%
Against	684,220	9.02%
Abstained	23,268	0.31%
TOTAL	7,585,631	100.00%

Proposal 2: Election of Directors of the Fund

Election of Joel W. Looney as a Class II Director of the Fund

(both common and preferred stockholders vote)

	# of Votes Cast	% of Votes Cast
Affirmative	11,087,571	93.49%
Withheld	772,237	6.51%

**DISCUSSION REGARDING THE BOARD OF DIRECTORS' APPROVAL
OF THE INVESTMENT ADVISORY AGREEMENTS** [Unaudited]
May 31, 2009

Each of the Advisers has entered into an Investment Advisory Agreement with the Fund (the "Agreements") pursuant to which the Advisers are jointly responsible for managing the Fund's assets in accordance with its investment objectives, policies and limitations. The 1940 Act requires that the Board of Directors (the "Board"), including a majority of the Independent Directors, annually approve the terms of the Agreements. At a regularly scheduled meeting held on February 9, 2009, the Directors, by a unanimous vote (including a separate vote of the Independent Directors), approved the renewal of the Agreements.

Factors Considered

Generally, the Board considered a number of factors in renewing the Agreements including, among other things, (i) the nature, extent and quality of services to be furnished by the Advisers to the Fund; (ii) the investment performance of the Fund compared to relevant market indices and the performance of comparable funds; (iii) the advisory fees and other expenses paid by the Fund; (iv) the profitability to the Advisers of their investment advisory relationship with the Fund; (v) the extent to which economies of scale would be realized as the Fund grows and whether fee levels reflect any economies of scale; (vi) support of the Advisers by the Fund's principal stockholders; (vii) the historical relationship between the Fund and the Advisers, and (viii) the relationship between the Advisers and its affiliated service provider, Fund Administrative Services, LLC ("FAS"). The Board also reviewed the ability of the Advisers to provide investment management and supervision services to the Fund, including the background, education and experience of the key portfolio management and operational personnel, the investment philosophy and decision-making process of those professionals, and the ethical standards maintained by the Advisers.

Deliberative Process

To assist the Board in its evaluation of the quality of the Advisers' services and the reasonableness of the Advisers' fees under the Agreements, the Board received a memorandum from independent legal counsel to the Independent Directors discussing the factors generally regarded as appropriate to consider in evaluating investment advisory arrangements and the duties of directors in approving such arrangements. In connection with its evaluation, the Board also requested, and received, various materials relating to the Advisers' investment services under the Agreements. These materials included reports and presentations from the Advisers that described, among other things, the Advisers' organizational structure, financial condition, internal controls, policies and procedures on brokerage practices, soft-dollar commissions and trade allocation, comparative investment performance results, comparative sub-advisory fees, and compliance policies and procedures. The Board also received a report prepared by an independent consultant, Lipper Analytical Services, Inc. ("Lipper"), comparing the Fund's performance, advisory fees and expenses to a group of leveraged closed-end funds determined to be most similar to the Fund in each case as determined by Lipper. The Board also considered information received from the

Advisers throughout the year, including investment performance and expense ratio reports for the Fund.

In advance of the February 9, 2009 meeting, the Independent Directors held a special telephonic meeting with counsel to the Fund and the Independent Directors. The principal purpose of the meeting was to discuss the renewal of the Agreements and review the materials provided to the Board by the Advisers in connection with the annual review process. The Board held additional discussions at the February 9, 2009 Board meeting, which included a private session among the Independent Directors and their independent legal counsel at which no employees or representatives of the Advisers were present.

The information below summarizes the Board's considerations in connection with its approval of the Agreements. In deciding to approve the Agreements, the Board did not identify a single factor as controlling and this summary does not describe all of the matters considered. However, the Board concluded that each of the various factors referred to below favored such approval.

Nature, Extent and Quality of the Services Provided; Ability to Provide Services

The Board received and considered various data and information regarding the nature, extent and quality of services provided to the Fund by the Advisers under the Agreements. Each Adviser's most recent investment adviser registration form on the Securities and Exchange Commission's Form ADV was provided to the Board, as were the responses of the Advisers to information requests submitted to the Advisers by the Independent Directors through their independent legal counsel. The Board reviewed and analyzed the materials, which included information about the background, education and experience of the Advisers' key portfolio management and operational personnel and the amount of attention devoted to the Fund by the Advisers' portfolio management personnel. In this regard, it was noted that the Advisers' only clients are the Fund, two other registered investment companies (Boulder Growth & Income Fund, Inc. and The Denali Fund Inc.) and a charitable foundation affiliated with the Horejsi family. Based on its evaluation, the Board was satisfied that the Advisers' investment personnel, including Stewart Horejsi, the Fund's principal portfolio manager, would continue to devote a significant portion of their time and attention to the success of the Fund and its investment strategy. The Board also considered the Advisers' policies and procedures for ensuring compliance with applicable laws and regulations, as well as the results of a recently completed routine examination of the Advisers and the Fund by the staff of the Securities and Exchange Commission. Based on the above factors, the Board concluded that it was generally satisfied with nature, extent and quality of the investment advisory services provided to the Fund by the Advisers, and that the Advisers possessed the ability to continue to provide these services to the Fund in the future.

Investment Performance

The Board considered the investment performance of the Fund since August 1999, when the Advisers became the investment managers for the Fund, as compared to both relevant indices and the performance of the Fund's Peer Group and Universe. The Board noted that for the one-year period ended December 31, 2008, the Fund underperformed the S&P 500 Index (the S&P), the Fund's primary benchmark and the Dow Jones Industrial Average (Dow), however it outperformed the NASDAQ Composite (NASDAQ). For the 3 year-period ended December 31, 2008, the Board noted that the Fund outperformed the S&P and NASDAQ but underperformed the Dow. The Board further noted for the five-year period ended December 31, 2008, the Fund performed comparably to the S&P, outperformed the NASDAQ and underperformed the Dow Jones. In evaluating the Fund's performance, the Board placed greater weight on the three- and five-year time periods.

The Board further considered the investment performance of the Fund as compared to the performance of its peers of leveraged closed-end core funds and value funds (the Performance Universe). The Board noted favorably that the Fund's performance ranked in the first quintile of its Performance Universe (i.e., the top 20% of the funds in the Universe) for the one- and three-year periods ending December 31, 2008. The Board noted that the Performance Universe was relatively small, ranging between fifteen and sixteen leveraged closed-end funds during these time periods. While acknowledging that the Fund's performance within the Universe was very good, the Board did not ascribe a great deal of weight to the Lipper information given the small number of leveraged closed-end funds pursuing investment strategies similar to the Fund. Based on these factors, the Board concluded that the overall performance results supported the renewal of the Agreements.

Costs of Services Provided and Profits Realized by the Advisers

In evaluating the costs of the services provided to the Fund by the Advisers, the Board received statistical and other information regarding the Fund's total expense ratio and its various components, including management fees and investment-related expenses. This information included a comparison of the Fund's various expenses to preferred stock leveraged closed-end expense group classified as either a value fund or core fund by Lipper (the Expense Group) and a broader leveraged closed-end fund expense universe (the Expense Universe). The Board acknowledged that the level of fees charged by the Advisers is at the higher end of the spectrum of fees charged by similarly situated investment advisers of closed-end funds as defined by the Expense Universe. The Fund's management fee expense ranked in the fifth quintile of the seven funds included in the Expense Group. The Board noted that the Fund's stockholders had removed most of the Fund's investment limitations, resulting in a much broader (and more difficult to assess) universe of investment possibilities for the Fund than might otherwise be the case for other sector or industry oriented funds, which requires a greater degree of portfolio management skill on the

part of the Advisers. The Board also considered that the Advisers do not participate in soft dollar or directed brokerage transactions. Instead, the Advisers bear the cost of third party research utilized by the Advisers, increasing the cost to the Advisers of providing investment management services to the Fund and decreasing the Fund's transaction expenses. It was also noted that the Advisers have historically waived fees when the Fund held significant levels of un-invested cash.

The Board also obtained detailed information regarding the overall profitability of the Advisers and the combined profitability of the Advisers and FAS, which acts as co-administrator for the Fund. The combined profitability information was obtained to assist the Board in determining the overall benefits to the Advisers from their relationship to the Fund. In particular, the Board reviewed the costs incurred by the Advisers and FAS in providing services to the Fund. The Board noted that the costs of the Advisers and FAS had materially increased over time due to an increased need for additional compliance resources, investments in technology and other requirements. Based on its analysis of this information, the Board determined that the level of profits earned by the Advisers from managing the Fund bear a reasonable relationship to the services rendered.

Based on these factors, the Board concluded that the fee under the Agreements was reasonable and fair in light of the nature and quality of the services provided by the Advisers.

Economies of Scale

The Board considered whether there have been economies of scale with respect to the management of the Fund, whether the Fund has appropriately benefited from any economies of scale, and whether the management fee rate is reasonable in relation to the Fund's assets and any economies of scale that may exist. Based on the relatively small size of the Fund, the Board determined that no meaningful economies of scale would be realized until the Fund achieved significantly higher asset levels. The Board noted that the Fund's total net assets had declined significantly during the prior year, and remained relatively small. The Board also noted that the Advisers' internal costs of providing investment management services to the Fund had increased over time, in part due to administrative burdens and expenses resulting from recent legislative and regulatory actions. The Board further noted that the Advisers had agreed last year to implement a fee waiver to reduce the advisory fees as the Fund's assets grow, and the Advisers agreed to continue such fee waiver for the next annual period. The Board determined to continue to evaluate any economies of scale achieved by the Advisers in managing the Fund during the coming year and the Advisers agreed to discuss economies of scale and the breakpoint schedule annually in connection with subsequent renewals of the Advisory Agreements. The Board concluded that current breakpoint levels were acceptable and would appropriately benefit the Fund from any economies of scale realized by the Advisers if the Fund's assets grow.

Stockholder Support and Historical Relationship with the Fund

The Board also weighed the views of the Fund's largest stockholders, which are affiliated with Mr. Horejsi and the Advisers. As of January 11, 2009, these stockholders held approximately 42% of the Fund's outstanding common shares. The Board understood from Mr. Horejsi that these stockholders were supportive of the Advisers and the renewal of the Agreements. The Board also noted that the Fund had received a limited amount of negative feedback from other Fund stockholders with respect to the levels of investment management fees and expenses experienced by the Fund.

Approval

The Board based its decision to approve the renewal of the Agreements on a careful analysis, in consultation with independent counsel, of the above factors as well as other factors. In approving the Agreements, the Board concluded that the terms of the Fund's investment advisory agreements are reasonable and fair and that renewal of the Agreements is in the best interests of the Fund and its stockholders.

Item 10. Submission of Matters to a Vote of Security Holders.

On February 9, 2009, the Board of Directors of the Registrant adopted amended and restated bylaws of the Registrant (the Bylaws) that designate revised procedures by which stockholders may submit proposals to the Registrant's Board of Directors. The applicable sections of the Bylaws are set forth below:

Section 11(a)(2): For nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of paragraph (a)(1) of this Section 11, the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation and such other business must otherwise be a proper matter for action by the stockholders. To be timely, a stockholder's notice shall set forth all information required under this Section 11 and shall be received by the Secretary at the principal executive office of the Corporation by 5:00 p.m., Mountain Time, not earlier than the 150th day and not later than the 120th day prior to the first anniversary of the date of public release of the notice for the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, notice by the stockholder to be timely must be received by the Secretary not later than 5:00 p.m., Mountain Time, on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made.

Section 11(b)(3): Special Meeting of Stockholders. In the event the Corporation calls a special meeting of stockholders for the purpose of electing one or more individuals to the Board of Directors, any such stockholder may nominate an individual or individuals (as the case may be) for election as a director as specified in the Corporation's notice of meeting if the stockholder's notice required by paragraph (2) of Section 11(a) shall be received by the Secretary at the principal executive office of the Corporation by 5:00 p.m., Mountain Time, not earlier than the 150th day and not later than the 120th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting.

Section 11(c)(3): For purposes of this Section 11, the date of public release of the notice and public announcement both shall mean disclosure (i) in a press release reported by the Dow Jones News Service, Associated Press, Business Wire, PR Newswire or comparable news service or (ii) in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to the Exchange Act or the Investment Company Act.

Item 11. Controls and Procedures.

(a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits.

(a)(1) Not applicable to this semi-annual filing.

(a)(2) Certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.

(a)(3) Not applicable.

(b) Certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
