Item 1.01 Entry into a Material Definitive Agreement.

On April 25, 2011, Axcelis Technologies, Inc. and its wholly owned subsidiary, Axcelis Technologies CCS Corporation (collectively, "Axcelis" or the "Company"), agreed to further modify the terms of the Company's March 12, 2010 Amended and Restated Loan and Security Agreement (the "revolving credit facility") with Silicon Valley Bank ("SVB") by entering into a Second Amended and Restated Loan and Security Agreement (the "Amended Loan Agreement"). Under the Amended Loan Agreement, the Company has the ability to borrow up to an aggregate of \$30 million. The Amended Loan Agreement extends the maturity date of the Company's revolving credit facility to April 10, 2015. The Company's ability to borrow under the Amended Loan Agreement is limited to 80% of the then current amount of qualified accounts receivable in addition to a \$10 million non-formula sub-limit.

The Company expects to use this credit facility for working capital and for general corporate purposes. The Company did not draw on the credit facility at the effective date.

The obligations under the credit facility are guaranteed by High Temperature Engineering Corporation, Fusion Technology International, Inc., Axcelis Technologies (Israel), Inc. and Fusion Investments, Inc., each a direct or indirect domestic subsidiary of Axcelis, and are secured by (i) substantially all of the personal property of the Company and (ii) all of the capital stock of certain of the Company's domestic subsidiaries and up to 66% of the capital stock of certain of their foreign subsidiaries.

The principal amount outstanding under the credit facility will bear interest at a rate equal to the (i) the prime rate plus 1.00% or (ii) LIBOR plus 3.50%, as selected by the Company. Interest is payable monthly. In addition, the Company will incur a monthly fee on any unused portion of the credit facility equal to 0.375% per annum.

At maturity all outstanding principal and unpaid interest is immediately due and payable.

The credit facility limits Axcelis and its subsidiaries' ability to, among other things, dispose of assets, engage in a new line of business, have a material change in its executive management, have a change of control, acquire another business, incur additional indebtedness, incur liens, pay dividends and make other distributions, make investments, make payments on subordinated debt and engage in transactions with affiliates other than transactions in the ordinary course of business on terms no less favorable than would be obtained in an arms-length transaction.

In addition, under the credit facility, Axcelis must comply with the following financial covenants:

(a) Adjusted Quick Ratio. At all times beginning May 1, 2011 and tested quarterly, Axcelis shall maintain, on a consolidated basis, a ratio of (x) certain liquid assets to (y) certain current liabilities minus deferred revenue of at least 1.4 to 1.0; and

(b) Adjusted Net Income. As of the following quarter-ends, Axcelis shall report minimum trailing six month Adjusted Net Income (as defined in the agreement) as follows:

Edgar Filing: AXCELIS TECHNOLOGIES INC - Form 8-K

Six Month Period		Six month trailing Adjusted Net Income
Ended 3/31/2011	\$	3,000,000
Ended 6/30/2011, 9/30/2011 and 12/31/2011	\$	5,000,000
Ended 3/31/2012 and thereafter	\$	7,500,000

The credit facility provides for events of default customary for credit facilities of this type, including, but not limited to, non-payment, breach of covenants, material adverse change to the business or impairment of the collateral, insolvency, or defaults on other debt. Upon an event of default and during its continuance, the interest rate will automatically increase 3.5% above the otherwise applicable interest rate.

In addition, upon an event of default, SVB may elect a number of remedies including, but not limited to, stopping the advance of money to the Company and declaring all obligations (including principal, interest and expenses) immediately due and payable, which shall occur automatically if Axcelis becomes insolvent.

Axcelis is subject to a \$300,000 early termination fee if it terminates the Amended Loan Agreement prior to the maturity date or SVB terminates the Amended Loan Agreement due to an event of default.
