Press release

MTS Completes Secondary Placement of its Series 02 Ruble Bond

July 8, 2011

Moscow, Russian Federation Mobile TeleSystems OJSC (MTS or the Company NYSE: MBT), the leading telecommunications provider in Russia and the CIS, announces that it has successfully completed a secondary placement of its series 02 ruble bond on the Moscow Interbank Currency Exchange (MICEX). As the result of the placement, the Company raised approximately RUB 6.3 billion. The bond issue was priced at 100.35% of the face value and was oversubscribed by more than 100%. The proceeds will be used for general corporate needs.

The books were closed on July 7, 2011. The Lead Arranger and Placement Agent of the secondary bond issue was Gazprombank. The settlements will be made on MICEX on July 11, 2011.

The RUB 10 billion series 02 bond issue was initially placed on October 28, 2008. On April 29, 2010, the Company repurchased a portion of the bond issue following the exercise of the two-year put option by the bondholders.

The bond is listed in the A1 quotation list on MICEX. The bond pays a semi-annual coupon and carries an annual rate of 7.75%. The bond's maturity date is October 20, 2015.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of MTS, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify forward looking statements by terms such as expect, believe, anticipate, estimate, intend, will, could, may or might, and such terms or other similar expressions. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not undertake or intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. We refer you to the documents MTS files from time to time with the U.S. Securities and Exchange Commission, specifically the Company's most recent Form 20-F. These documents contain and identify important factors, including those contained in the section captioned Risk Factors that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the severity and duration of current economic and financial conditions, including volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; the impact of Russian, U.S. and other foreign government programs to restore liquidity and stimulate national and global economies, our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so, strategic actions, including acquisitions and dispositions and our success in integrating acquired businesses, including Comstar-UTS, potential fluctuations in quarterly results, our competitive environment, dependence on new service development and tariff structures, rapid technological and market change, acquisition strategy, risks associated with telecommunications infrastructure, governmental regulation of the telecommunications industries and other risks associated with operating in Russia and the CIS, volatility of stock price, financial risk management and future growth subject to risks.
