Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On August 3, 2011, nine subsidiaries of Kite Realty Group Trust (the Company) and Kite Realty Group, L.P. (the Operating Partnership) closed on an aggregate amount of \$82 million of nonrecourse loan proceeds through three separate term loan transactions (the Term Loans) with JPMorgan Chase Bank, National Association and KeyBank National Association as lenders (collectively, the Lenders). A portion of the net proceeds were used to pay down the variable rate debt on Bayport Commons, Eddy Street Commons, and Glendale Town Center and the remainder was used to pay down the Company s line of credit.

The Term Loans have a scheduled maturity date of September 1, 2021. Borrowings under the Term Loans bear interest at a fixed interest rate of 5.44%. An amount equal to interest only on the outstanding principal balance of the Term Loans for an initial accrual period was paid at closing. Monthly debt service payments begin on October 1, 2011. Subject to certain conditions and satisfaction of a prepayment premium, prepayment of the Term Loans is permitted after October 1, 2013. The Term Loans include various restrictive covenants, including with respect to liens, indebtedness, mergers and asset sales.

The \$13.1 million loan is secured by a first priority leasehold mortgage on the Bayport Commons property and a first priority security interest in its related personal property, escrows, reserves, and other assets.

The \$25.5 million loan is secured by a first priority leasehold mortgage on the Eddy Street Commons property and a first priority security interest in its related personal property, escrows, reserves, and other assets.

The \$43.4 million loan is secured by first priority leasehold mortgages on the Hamilton Crossing; Boulevard Crossing; Publix at Acworth and Naperville Marketplace properties and first priority security interests in related personal property, escrows, reserves, and other assets. Subject to certain terms and conditions, an individual property release will be permitted upon defeasance/prepayment of 115% of the original allocated loan amount for such property; in addition, properties may be released by delivering a substitute property of like kind and quality acceptable to the Lenders.

The Term Loans are also subject to customary non-recourse carveouts and environmental indemnity obligations as well as customary default provisions that are usual for loans of this type. Upon certain events of default, at the option of the Lenders, the principal and accrued interest and other obligations of the subsidiaries under the Term Loans shall become immediately due and payable. The Operating Partnership is the guarantor of the subsidiaries obligations under the Term Loans in the event certain customary non-recourse carveouts are triggered under the respective Term Loans and is jointly and severally liable with such subsidiaries that are borrowers under the respective Term Loans for the environmental indemnity obligations.
