1 August 2013

**VODAFONE GROUP ANNOUNCES NEW ORGANISATIONAL STRUCTURE**

**NEW ROLES FOR PAOLO BERTOLUZZO AND PHILIPP HUMM**

Vodafone today announced changes to its organisational structure that are designed to ensure a more efficient and effective delivery of its Vodafone 2015 priorities. The new structure will allow Vodafone to implement its consumer and enterprise plans more quickly and consistently, accelerate growth in unified communications and achieve greater efficiencies from scale.

From 1 October 2013, Vodafone will merge its Northern & Central Europe and Southern Europe regions into one Europe region and will report its Turkish operating company within the Africa, Middle East and Asia-Pacific region from that date given that country's emerging market characteristics. Philipp Humm, currently Regional CEO Northern & Central Europe, is to become Regional CEO Europe.

Vodafone is also creating an expanded Group Commercial function, comprising Brand, Consumer, Unified Communications, Terminals, Customer Operations and Partner Markets. It will also encompass the recently-created Group Enterprise organisation. Paolo Bertoluzzo, currently Regional CEO, Southern Europe, will be responsible for this function as Group Chief Commercial and Operations Officer.

Vodafone Group Chief Executive Vittorio Colao said: These organisational changes will allow us to improve the customer experience and develop our commercial strategy more quickly and consistently. I congratulate Paolo and Philipp on their new roles.

## **VODAFONE RED 4G-READY TO CHANGE THE TUNE**

### **AND TAKE ULTRAFast 4G INTO A NEW LEAGUE**

- Launch of Ultrafast 4G plans with a choice of more than 20 million songs or over 150 hours of Premier League football built in
- Worry-free, unlimited data for three months; unlimited calls and texts and double the data available on standard Vodafone Red plans
- Ultrafast 4G coming to London on 29 August with 12 more cities before the end of the year

Vodafone is launching Red 4G-ready, bringing 4G to life as never before, kick starting the new season with over 150 hours of Premier League football or more than 20 million songs for music lovers. A ground breaking choice of content deals with Spotify and Sky Sports will give Vodafone customers first class 4G entertainment from £26 a month\*. With unlimited UK data for the first three months, followed by double the data allowance available on standard Vodafone Red plans, plus unlimited talk and text, it's Vodafone's best value deal yet.

#### **Sports fan or music lover? Which would you choose?**

Vodafone Red 4G-ready price plans will be available in-store, online and by phone from 12 August, in time for the start of the new Premier League season, with a choice of Spotify Premium or Sky Sports Mobile TV.

Vodafone Red 4G-ready customers choosing Sky Sports Mobile TV will have access to more live football than ever before, including exclusive live coverage of more than 100 matches from the Barclays Premier League, the Sky Bet Football League, UEFA Champions League, the SPFL and La Liga. Vodafone customers choosing Sky Sports Mobile TV can also look forward to the fifth and final Ashes test in late August and the Ashes tour of Australia this winter, Majors golf coverage including the US PGA Championship, tennis action from the US Open and Heineken Cup rugby.

Vodafone Red 4G-ready customers choosing Spotify Premium will have more than 20 million songs at their fingertips. Spotify is the largest music streaming service of its kind, offering instant, on-demand access to the world's music, on the go. Vodafone Red 4G-ready users can discover new music, enjoy playlists curated by their friends, follow their favourite artists and celebrities, or just relax and listen to Spotify radio. Spotify Premium lets music lovers enjoy music however they want – on a smartphone, tablet or through a home entertainment system. Music fans can even listen to their favourite tracks on aeroplanes, thanks to the offline sync feature.

**Guy Laurence, CEO, Vodafone UK** said: *With 4G, speed is just the start: it's what you do with it that really matters. We are taking 4G into a new league by offering sport; and changing the tune with all the music you could want. 4G is finally worth getting and there's plenty to look forward to*

**Michael Abbattista, Global Head of Telecom/ISP Partnerships, Spotify** added: *We're very happy to announce this partnership between Spotify and Vodafone. This new deal offers Vodafone UK's millions of customers quick and easy access to all the world's music on their mobile. Spotify partnering with companies like Vodafone increases revenue streams to the music industry, and so provides benefits for fans and artists alike.*

**David Gibbs, Director of Digital Media, Sky Sports**, added: *We're delighted that millions of Vodafone customers can now choose to enjoy easy and convenient access to Sky Sports via their smartphone. The launch of Sky's new service further extends the reach of Sky Sports as we deliver our customers our best ever year of live sport – including our biggest ever season of Premier League football.*

### **Ultrafast 4G rolls out as Vodafone builds on this year's £900 million network investment**

Vodafone will launch Ultrafast 4G services in London on 29 August, with speeds typically six times faster than standard 3G. All customers on Vodafone Red 4G-ready, which is also available for small business customers, will automatically have 4G enabled when the service launches.\*\* After London, launches in Birmingham, Bradford, Coventry, Edinburgh, Glasgow, Leeds, Leicester, Liverpool, Manchester, Newcastle, Nottingham and Sheffield will come before the end of the year. Vodafone will bring indoor 4G coverage to 98% of the UK population by 2015.

More than £900m is being invested in the network this year alone, and that comes after Vodafone spent £802m acquiring the widest portfolio of mobile spectrum in the recent auction. That portfolio includes the crucial low-frequency spectrum that means Vodafone's Ultrafast 4G signal will travel further into buildings. Vodafone also picked up high frequency spectrum which is great for adding capacity where customers want it, such as in densely populated urban areas. Vodafone also owns more of its fibre backbone than other operators having acquired more than 20,500KM of fibre through the acquisition of Cable & Wireless Worldwide.

**All this for just an extra £5 a month for Vodafone Red customers**

Anyone on Vodafone Red who already has a 4G-ready device, can enjoy Spotify Premium or Sky Sports Mobile TV, double the amount of data they currently get and access Ultrafast 4G for just £5 extra a month, without needing to sign-up to a new contract with Vodafone.

**Looking for a 24 month, 12 month or SIM only deal? This will be music to your ears**

There's a great value Vodafone Red 4G-ready deal for anyone who wants to enjoy great sporting action or their favourite music. All Vodafone Red 4G-ready 24 month, 12 month and SIM only plans come with either Sky Sports Mobile TV or Spotify Premium, plus unlimited calls and texts. They also come with Vodafone Data Test Drive, which provides unlimited data for the first three months, followed by either 2GB, 4GB or 8GB of data per month: that's double the standard allowance available on Vodafone Red plans.

Customers who already have a 4G-ready device and are looking for a SIM only deal can get Ultrafast 4G from just £26 a month on a 12 month plan. Vodafone Red 4G-ready is also available on 24 month plans, with a 4G-ready handset included, starting from just £34 a month and on 12 month plans, with a 4G-ready handset included, starting from £52 a month\*\*\*.

Vodafone already has a range of 4G-ready devices available today and more will be rolled out in the coming months. Check out [vodafone.co.uk/4g](http://vodafone.co.uk/4g) for more information. Vodafone will also have a host of behind the scenes stories coming over the next few weeks on the Vodafone Social blog.

**Get Ultrafast 4G on your tablet, dongle or Mobile Wi-Fi**

There is a range of plans for customers who want to experience Vodafone Ultrafast 4G on their tablet, laptop or other device. Vodafone is offering the Samsung Galaxy Tab 3 (8 inch) for £31 a month with 4GB of data or for £36 a month with 10GB. The Sony Xperia Tablet Z is available for £37 per month with 4GB of data or for £42 per month with 10GB of data. Customers with a 3G device can purchase a 4G plan and benefit from the additional data allowance.

Vodafone also offers a 4G dongle (the Vodafone K5006) for an up-front cost of £29 on a 12 month plan costing £20 per month that comes with 4GB of data, or for an up-front cost of just £9 on a 12 month plan costing £30 per month that comes with 10GB of data. Plans for just 30 days are also available. Customers with their own 4G-ready dongle can get Ultrafast 4G from just £20 per month, that comes with 4GB of data, or £30 a month for 10GB, on either a 30 day or 12 month SIM only plan.

For customers who want to be able to share their Vodafone Ultrafast 4G experience, the Vodafone R212 Mobile Wi-Fi hotspot allows them to connect up to 10 Wi-Fi-enabled devices at once. It's available for an up-front cost of £39 on a 12 month plan with 4GB of data at £20 per month, or for an up-front cost of just £19 on a 12 month plan with 10GB of data at £30 per month. Plans for just 30 days are also available. Content from Spotify or Sky Sports is not included in tablet, dongle or Mobile Wi-Fi plans.

### **Introducing 5 Star Care**

All customers on Vodafone Red 4G-ready will benefit from Vodafone 5 Star Care bringing them everything they need to get connected and stay connected – from the ability to back up all the vital contents of their phone and wipe it if it's lost, to a replacement handset if their own is being repaired.

With 5 Star Care, new and upgrading customers can quickly and easily transfer their stuff from their old phone to their new one with Vodafone RED Box, then keep a copy of all their important content on Vodafone Cloud. If they lose their phone they can instantly find, lock and wipe it with the Vodafone Protect online portal. And there's even virus protection built-in. If the unthinkable happens and their phone starts playing up, Vodafone has an army of technical support experts ready to help in-store or on the phone. They can even take temporary control of a customer's phone and help fix it remotely. If a customer's phone does need more intensive care, Vodafone will lend them a smartphone while it's being repaired. Vodafone 5 Star Care is available to all Vodafone Red and Vodafone Red 4G-ready customers.

### **For further information:**

Vodafone UK Media Relations

Telephone: 01635 666777

<http://mediacentre.vodafone.co.uk/>

### **Notes to editors:**

All Vodafone Red 4G-ready customers will be switched on to Vodafone's 4G service when it launches. Vodafone will provide a state of the art coverage checker to ensure customers know where 4G coverage exists and where it is coming soon.

Spotify Premium and Sky Sports Mobile TV - which provides access to Sky Sports 1 and 2 - are available on selected iOS and Android smartphones. For more information, please visit [vodafone.co.uk/4g](http://vodafone.co.uk/4g).

**\* 12 month SIM only plans:**

	Red	Red 4G-ready	Red L	Red 4G-ready L	Red XL	Red 4G-ready XL	Wi-Fi allowance
<b>Minutes</b>	Unlimited	Unlimited	Unlimited	Unlimited	Unlimited	Unlimited

They are then charged at £4.99 per month for Sky Sports Mobile TV or £9.99 a month for Spotify Premium. Customers can cancel at any time and will still get double the standard data allowance and 4G service.

Customers on the Red 4G-ready L plan (£57) and the Red 4G-ready XL plan (£62) get Spotify Premium or Sky Sports Mobile TV included for the whole 12 months of their contract. At the end of the year, they are then charged at £4.99 per month for Sky Sports Mobile TV or £9.99 a month for Spotify Premium. Customers can cancel at any time and will still get double the standard data allowance and 4G service.

Access to either Sky Sports Mobile TV or Spotify Premium is included in a customer's plan, streaming live sports or streaming music will use a customer's data allowance.

7 August 2013

### SHARE AND SHARE ALIKE WITH VODAFONE ULTRAFAST 4G FOR BUSINESS

- Share double the data allowance available on standard Red plans across your business with Vodafone Red Business 4G-ready
- Hassle-free package includes unlimited calls and texts plus an optional landline number so businesses need never miss a vital call
- Vodafone Ultrafast 4G coming to London on 29 August with 12 more cities before the end of the year, backed by £900m fixed and mobile network investment

Vodafone Red Business 4G-ready will unleash Ultrafast 4G for businesses with double the amount of data available on standard Red plans and the ability to share that allowance at no extra charge. It's everything a dynamic small business needs, with unlimited talk and text included, plus the great option of One Net Express to give users a landline number on their mobile so they need never miss an important call.

Vodafone Red Business 4G-ready – perfect for one to four users and up to eight devices – helps busy businesses get connected in the way that best suits them. It comes with double the amount of UK data available on standard Vodafone Red Business plans and that data can be shared across devices using the free data SIM – allowing users to view their work on large as well as small screens. It's Vodafone's best ever value package for small business and starts from just £21.67 (ex-VAT) \*. Customers have the option of adding One Net Express for £10 (ex-VAT) per month so businesses need never miss a vital call. Vodafone Red Business 4G-ready is available from 12 August.

**Guy Laurence, CEO, Vodafone UK** said *Speed is just the start, it's what businesses can do with it that counts. Businesses of every shape and size need to be able to get online when they want and how they want. Even the smallest business user has multiple devices that they want to use to access crucial information and with Vodafone Red Business 4G-ready they'll be able to share their generous allowance in the way they want. They can do all this safe in the knowledge that they're hooked into our best ever network, built on the fact that we own more of our own fibre backbone than other networks and supported by more than £900m worth of investment this year alone.*

*We're all about helping businesses find better ways of working and our Ultrafast 4G service is arriving at a time when organisations need to respond to growing economic pressures and increasing customer expectations. The launch of Vodafone Ultrafast 4G is an important step in our journey towards helping businesses change the way they work for the better.*

Ultrafast 4G has the potential to boost British business. The productivity benefits that can be generated by better connected businesses could significantly boost the UK's GDP. With speeds typically six times faster than standard 3G, Vodafone Ultrafast 4G will deliver an always-on mobile experience and office-like connectivity wherever employees need to be\*\*. Vodafone Red Business 4G-ready will give businesses the confidence that they're making the most of their 4G service by allowing them to share their data allowance. Vodafone's Ultrafast 4G opens the door for greater collaboration, including file transfers and video conferencing, and allows organisations to make better use of business applications so they can increase their productivity – all worry-free on one plan.

Vodafone will launch Ultrafast 4G services in London on 29 August and all customers on Vodafone Red 4G-ready will be switched onto the new service when it goes live. After London, launches in Birmingham, Bradford, Coventry, Edinburgh, Glasgow, Leeds, Leicester, Liverpool, Manchester, Newcastle, Nottingham and Sheffield will come before the end of the year. Vodafone will bring indoor 4G coverage to 98% of the UK population by 2015.

Vodafone Red Business 4G-ready offers small businesses the flexibility they need as they grow, while Vodafone will also be making Ultrafast 4G available for all sizes of company as well as public sector organisations. For instance, businesses with five or more users will soon be able to pool their data allowance across users on 4G as well as 3G, so that everyone who needs mobile data can get online through multiple devices whenever they need. It's all part of Vodafone's drive to boost British businesses.

Vodafone already has a range of 4G-ready devices available for business customers today and more will be rolled out in the coming months. Check out [vodafone.co.uk/4g](http://vodafone.co.uk/4g) for more information.

#### **Looking for a 24 month, 12 month or SIM only deal?**

There's a great value Vodafone Red Business 4G-ready plan suitable for any small business that wants to enjoy Vodafone's Ultrafast 4G service. All 24 month Vodafone Red Business 4G-ready plans and 12 month SIM only plans give users double the standard data allowance on Vodafone Red Business plans – that's 2GB, 4GB or 8GB – plus the ability to share that increased allowance for no extra cost.

For users who already have a 4G-ready handset and are looking for a SIM only deal, Vodafone Red Business 4G-ready starts at £21.67 (ex-VAT), on a 12 month plan. Customers have the option of adding One Net Express for £10 (ex-VAT) per month. Vodafone Red Business 4G-ready is also available on 24 month plans, with a 4G-ready handset included, starting from just £28.33 (ex-VAT). Users also have the option of adding One Net Express for £10 (ex-VAT) per month to 24 month plans.\*\*\*

#### **Get Ultrafast 4G on your tablet, dongle or Mobile Wi-Fi**

Tablet users with their own 4G-ready device who want to enjoy Vodafone Ultrafast 4G can get online from £16.67 (ex-VAT) with 4GB of data. Vodafone also offers the Sony Xperia Tablet Z for an upfront cost of £82.50 at £30.83 (ex-VAT) per month with 4GB of data.

Vodafone also offers business users a 4G dongle (the Vodafone K5006) for no up-front cost on a 24 month plan with 4GB of data for £16.67 (ex-VAT) per month. Both 30 day and 12 month plans are also available. For customers who want to be able to share their Vodafone Ultrafast 4G experience, the Vodafone R212 Mobile Wi-Fi hotspot allows them to connect up to 10 Wi-Fi-enabled devices at once. It is available for no up-front cost on a 24 month plan with 10GB of data for £25 (ex-VAT) per month. Both 30 day and 12 month plans are also available.

#### **Vodafone's best ever network**

Vodafone's team of network engineers, guided by the state of the art 24/7 Network Operations Centre at headquarters in Newbury, West Berkshire, have already spent a combined 426,000 engineer hours preparing for the launch of Ultrafast 4G. It is all part of the biggest annual UK network investment ever undertaken by Vodafone. More than £900m is being invested this year alone and that comes after Vodafone spent £802m acquiring the widest portfolio of mobile spectrum in the recent auction. That portfolio includes the crucial low-frequency spectrum that means Vodafone's Ultrafast 4G signal will travel further into buildings. Vodafone also picked up high frequency spectrum which is great for adding capacity where customers want it, such as in densely populated urban areas. Vodafone also owns more of its fibre backbone than other operators having acquired more than 20,500km of fibre through the acquisition of Cable & Wireless Worldwide.

## Introducing 5 Star Care

All business customers on Vodafone Red Business 4G-ready will benefit from Vodafone 5 Star Care bringing them everything they need to get connected and stay connected – from the ability to back up all the vital contents of their phone and wipe it if it's lost, to a replacement handset while their own is being repaired.

With 5 Star Care, new and upgrading business users can quickly and easily transfer their stuff from their old phone to their new one with Vodafone RED Box, then keep a copy of all their important content on Vodafone Cloud. If they lose their phone they can instantly find, lock and wipe it with the Vodafone Protect online portal. And there's even virus protection, built-in. If the unthinkable happens and their phone starts playing up, Vodafone has an army of technical support ready to help in-store or on the phone. They can even take temporary control of a customer's phone and help fix it remotely.

If a customer's phone does need more intensive care, Vodafone will lend them a smartphone while it's being repaired. Vodafone 5 Star Care is available to all Vodafone Red Business and Vodafone Red Business 4G-ready customers

The Nokia 925 is available for at a one-off cost of £82.50 on Vodafone Red Business 4G-ready at £38.33 (excluding VAT) with 2GB of data and optional One Net Express included.

### Optional One Net Express

With Vodafone One Net Express, there is no need for a separate fixed landline for voice communications. Customers can keep their current landline number or add a virtual one to their mobile phone for £10 per month. Incoming calls are routed to the mobile with no divert charges. Users with two or more mobile phones can enjoy call handling features such as auto attendant and multi-user hunt groups.
