[BRIDGE BANCORP, INC. LOGO]

Dear Bridge Bancorp Shareholder:

On December 14, 2014, Bridge Bancorp, Inc., or Bridge Bancorp, and its wholly owned subsidiary, The Bridgehampton National Bank, or Bridgehampton Bank, entered into an Agreement and Plan of Merger (which we refer to as the merger agreement) with Community National Bank, or CNB. The merger agreement provides for the merger of CNB with and into Bridgehampton Bank, with Bridgehampton Bank as the surviving bank (which we refer to as the merger). If the merger is completed, each outstanding share of CNB common stock (other than any dissenting shares) will be converted into the right to receive 0.79 of a share of Bridge Bancorp common stock. Bridge Bancorp common stock trades on the Nasdaq Global Select Market under the symbol BDGE. CNB common stock is quoted on the OTCQB Marketplace under the symbol CBNY. Based on Bridge Bancorp's closing stock price on March 3, 2015 of \$ 12.50, the aggregate implied value of the merger consideration (including issued and outstanding options to purchase CNB common stock) is \$ 100 million.

The board of directors of Bridge Bancorp has approved the merger and the transactions related to it. The merger cannot be completed unless, among other things, Bridge Bancorp's shareholders approve the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger. The issuance of Bridge Bancorp shares to CNB shareholders must be approved by a majority of the total votes cast by Bridge Bancorp shareholders entitled to vote.

At the Bridge Bancorp 2015 annual meeting of shareholders, you will be asked to (i) approve the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger as set forth in the merger agreement, (ii) approve the adjournment, postponement or continuation of the annual meeting, if necessary or appropriate, including adjournments to permit further solicitation of proxies in favor of the issuance of Bridge Bancorp common stock to CNB shareholders at the completion of the merger, (iii) approve the amendment of the Bridge Bancorp certificate of incorporation to increase the number of authorized shares of common stock, par value \$0.01 per share, that Bridge Bancorp is authorized to issue from 20 million to 40 million, (iv) elect two directors to Bridge Bancorp's board of directors to hold office for a term of three years and until their successors are elected and qualified, (v) approve, on an advisory (non-binding) basis, Bridge Bancorp's executive compensation as described in this document (which we refer to as the joint proxy statement/prospectus), and (vi) ratify the appointment of Crowe Horwath LLP as the independent registered public accounting firm for Bridge Bancorp for the year ending December 31, 2015. The annual meeting of Bridge Bancorp shareholders will be held on Friday, May 8, 2015, at 11:00 a.m., local time. **If the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger is not approved by Bridge Bancorp shareholders, the merger cannot be completed.**

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SHAREHOLDER MEETINGS

The following are answers to certain questions that you may have regarding the merger and the shareholder meetings. We urge you to read carefully the remainder of this joint proxy statement/prospectus because the information in this section may not provide all the information that might be important to you in determining how to vote. Additional important information is also contained in the appendices to, and the documents incorporated by reference in, this joint proxy statement/prospectus. See [Where You Can Find More Information](#).

GENERAL QUESTIONS ABOUT THE MERGER

Q: WHY AM I RECEIVING THIS DOCUMENT?

A. On December 14, 2014, Bridge Bancorp, Inc., or Bridge Bancorp, and its wholly owned subsidiary, The Bridgehampton National Bank, or Bridgehampton Bank, entered into an Agreement and Plan of Merger (which we refer to as the [merger agreement](#)) with Community National Bank, or CNB. The merger agreement provides for the merger of CNB with and into Bridgehampton Bank, with Bridgehampton Bank as the surviving bank (which we refer to as the [merger](#)). A copy of the merger agreement is attached to this joint proxy statement/prospectus as Appendix A. In order to complete the merger, the shareholders of CNB must vote to approve the merger agreement and the shareholders of Bridge Bancorp must approve the issuance of shares of Bridge Bancorp common stock to CNB shareholders upon completion of the merger. CNB will hold a special meeting of shareholders, and Bridge Bancorp will hold an annual meeting of shareholders, to obtain the required approvals to complete the merger. By this joint proxy statement/prospectus, CNB's board of directors and Bridge Bancorp's board of directors are soliciting proxies from their respective shareholders to obtain this approval at the shareholder meetings discussed below. This joint proxy statement/prospectus contains important information about the merger agreement, the merger, the shareholder meetings, and other related matters, and you should read it carefully.

Q: WHAT WILL HAPPEN TO CNB AS A RESULT OF THE MERGER?

A. If the merger is completed, CNB will merge with and into Bridgehampton Bank, and CNB shareholders will become Bridge Bancorp shareholders. CNB will cease to exist.

Q: WHAT WILL CNB SHAREHOLDERS RECEIVE IN THE MERGER?

A. If the merger-related proposals are approved and the merger is subsequently completed, each outstanding share of CNB common stock (other than any dissenting shares) will be converted into the right to receive 0.79 of a share of Bridge Bancorp common stock. In the event of certain decreases in the stock price of Bridge Bancorp, as described in the merger agreement and this joint proxy statement/prospectus, CNB may elect to terminate the merger agreement unless Bridge Bancorp elects to increase the exchange ratio. See [The Merger and the Merger Agreement](#) Merger Consideration; Surrender of Stock Certificates beginning on page 98.

Q: WHEN WILL THE MERGER BE COMPLETED?

A: The merger will be completed when all of the conditions to completion contained in the merger agreement are satisfied or waived, including the receipt of required regulatory approvals, the approval of the merger agreement by CNB shareholders at the CNB special meeting, and the approval of the issuance of shares of Bridge Bancorp common stock to CNB shareholders upon completion of the merger by Bridge Bancorp shareholders at the Bridge Bancorp annual meeting. We currently expect to complete the merger late in the second calendar quarter of 2015. However, because fulfillment of some of the conditions to completion of the merger, such as the receipt of required regulatory approvals, is not entirely within our control, we cannot predict the actual timing.

Q: WHAT HAPPENS IF THE MERGER IS NOT COMPLETED?

A: If the merger is not completed, CNB shareholders will not receive any consideration for their shares of common stock in connection with the merger. Instead, CNB will remain an independent bank. Under specified circumstances, CNB may be required to pay to Bridge Bancorp a fee with respect to the termination of the

Table of Contents

merger agreement, as described under The Merger and the Merger Agreement Termination; Amendment; Waiver beginning on page 139.

Q: SHOULD CNB SHAREHOLDERS SEND IN THEIR STOCK CERTIFICATES NOW?

A: No. CNB shareholders **SHOULD NOT** send in any stock certificates now. If the merger is approved, transmittal materials, with instructions for their completion, will be provided to CNB shareholders under separate cover and the stock certificates should be sent at that time.

Q: WHAT ARE THE MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER TO CNB SHAREHOLDERS?

A: The merger is intended to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, and holders of CNB common stock are not expected to recognize any gain or loss for U.S. federal income tax purposes on the exchange of shares of CNB common stock for shares of Bridge Bancorp common stock in the merger, except with respect to any cash received instead of fractional shares of Bridge Bancorp common stock.

For a more detailed discussion of the material United States federal income tax consequences of the merger, please see the section The Merger and the Merger Agreement Material United States Federal Income Tax Consequences of the Merger beginning on page 141.

The consequences of the merger to any particular shareholder will depend on that shareholder's particular facts and circumstances. Accordingly, you are urged to consult your tax advisor to determine your tax consequences from the merger.

Q: ARE DISSENTING CNB SHAREHOLDERS ENTITLED TO APPRAISAL RIGHTS?

A: Yes. Pursuant to federal banking law, CNB shareholders may dissent from the merger and elect to have the fair market value of their shares appraised and be paid in cash. In order to perfect dissenters' rights of appraisal, a shareholder must comply with the provisions of federal law, which include voting against the merger or giving notice in writing at or prior to the special meeting to the presiding officer that he or she dissents from the plan of merger. For further information see The Merger and the Merger Agreement Dissenters' Rights on page 132, and Appendix E to this joint proxy statement/prospectus.

The full text of Raymond James written opinion is attached as Appendix B to this joint proxy statement/prospectus. CNB shareholders are urged to read the opinion carefully.

Approval of the CNB adjournment proposal will require the affirmative vote of a majority of the votes cast at the special meeting. Abstentions and broker non-votes will not affect whether the CNB adjournment proposal is approved.

Q: WILL CNB SHAREHOLDERS BE ABLE TO VOTE THEIR SHARES AT THE CNB SPECIAL MEETING IN PERSON?

A: Yes. Submitting a proxy will not affect the right of any CNB shareholder to vote in person at the special meeting. If your shares are held in street name, you must ask your broker, bank or other nominee how to vote your shares in person at the special meeting.

Q: WHAT DO CNB SHAREHOLDERS NEED TO DO NOW?

A: After carefully reading and considering the information contained in this joint proxy statement/prospectus, CNB shareholders are requested to vote by mail or by attending the special meeting and voting in person. If you choose to vote by mail, you should complete, sign, date and promptly return the enclosed proxy card. The proxy card will instruct the persons named on the proxy card to vote the shareholder's CNB shares at the special meeting as the shareholder directs. If a shareholder signs and sends in a proxy card and does not indicate how the shareholder wishes to vote, the proxy will be voted **FOR** approval of the CNB merger agreement and **FOR** approval of the CNB adjournment proposal.

Q: WHAT SHOULD A CNB SHAREHOLDER DO IF HE OR SHE RECEIVES MORE THAN ONE SET OF VOTING MATERIALS?

A: As a CNB shareholder, you may receive more than one set of voting materials, including multiple copies of this joint proxy statement/prospectus and multiple CNB proxy cards or voting instruction cards. For example, if you hold your CNB shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold CNB shares. In addition, if you are a holder of both CNB common stock and Bridge Bancorp common stock, you will receive one or more separate proxy cards or voting instruction cards for each company. Please complete, sign, date and return each proxy card and voting instruction card that you receive or otherwise follow the voting instructions set forth in this joint proxy statement/prospectus in the sections entitled "CNB Special Meeting of Shareholders" and "Bridge Bancorp, Inc. Annual Meeting of Shareholders."

- submitting a new proxy card (any earlier proxies will be revoked automatically); or
- attending the special meeting and voting in person. Any earlier proxy will be revoked. However, simply attending the special meeting without voting will not revoke your proxy.

If you have instructed a broker, bank or other nominee to vote your shares, you must follow the directions of your broker bank or other nominee to change your vote.

Q: WHAT HAPPENS IF I SELL MY SHARES OF CNB COMMON STOCK BEFORE THE SPECIAL MEETING?

If the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger is not approved by Bridge Bancorp shareholders, the merger cannot be completed.

You may vote at the annual meeting of shareholders if you owned shares of Bridge Bancorp common stock at the close of business on the record date, March 20, 2015. On that date, there were 11,704,184 shares of Bridge Bancorp common stock outstanding and entitled to vote at the annual meeting of shareholders. You may cast one vote for each share of Bridge Bancorp common stock you owned on the record date.

Even if you expect to attend the annual meeting of shareholders, Bridge Bancorp recommends that you promptly complete and return your proxy card in the enclosed return envelope.

Assuming a quorum is present at the Bridge Bancorp annual meeting, approval of the Bridge Bancorp merger proposal, the Bridge Bancorp adjournment proposal, the ratification of the appointment of Crowe Horwath LLP as the independent registered public accounting firm for fiscal 2015, and the advisory (non-binding) resolution to approve Bridge Bancorp's executive compensation as described in this joint proxy statement/prospectus, will each require the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will have no effect on the vote on these proposals.

Table of Contents

Approval of the Bridge Bancorp certificate amendment will require the affirmative vote of a majority of the outstanding shares entitled to vote on the proposal. Broker non-votes and abstentions from voting will have the same effect as voting against the Bridge Bancorp certificate amendment proposal.

Directors of Bridge Bancorp will be elected by a plurality of votes cast, without regard to either broker non-votes, or proxies as to which authority to vote for the nominees being proposed is withheld.

Special Meeting of Shareholders of CNB (page 72)

CNB will hold a special meeting of its shareholders at _____, on [] at [] local time. You may vote at the special meeting of shareholders if you owned shares of CNB common stock at the close of business on the record date, [CNB record date]. On that date, there were [] shares of CNB common stock outstanding and entitled to vote at the CNB special meeting of shareholders. You may cast one vote for each share of CNB common stock you owned on the record date.

Even if you expect to attend the special meeting of shareholders, CNB recommends that you promptly complete and return your proxy card in the enclosed return envelope.

Approval of the merger agreement by CNB shareholders requires the affirmative vote of holders of two-thirds of the issued and outstanding shares of CNB common stock. A failure to vote or an abstention will have the same effect as a vote against approval of the merger agreement. Approval of the CNB adjournment proposal will require the affirmative vote of a majority of the votes cast at the special meeting. Abstentions and broker non-votes will not affect whether the CNB adjournment proposal is approved.

As of the record date, directors and executive officers of CNB beneficially owned 3,164,224 shares of CNB common stock entitled to vote at the special meeting of shareholders. This represents approximately 43% of the total votes entitled to be cast at the special meeting of shareholders. These individuals have executed voting agreements pursuant to which they have agreed to vote FOR adoption of the merger agreement.

What CNB Shareholders Will Receive in the Merger (page 98)

If the merger agreement is approved and the merger is subsequently completed, each outstanding share of CNB common stock will be converted into the right to receive 0.79 of a share of Bridge Bancorp common stock, which is referred to as the exchange ratio. In the event of certain decreases in the stock price of Bridge Bancorp, as described in the merger agreement and this document, CNB may elect to terminate the merger agreement unless Bridge Bancorp elects to increase the exchange ratio.

Material United States Federal Income Tax Consequences of the Merger (page 141)

Bridge Bancorp and CNB will not be required to complete the merger unless each receives a legal opinion from its respective counsel to the effect that the merger will qualify as a tax-free reorganization for United States federal income tax purposes.

We expect that, for United States federal income tax purposes, you generally will not recognize any gain or loss with respect to your shares of CNB common stock upon receiving shares of Bridge Bancorp common stock in the merger, except with respect to any cash received in lieu of a fractional share interest in Bridge Bancorp common stock.

Fairness Opinion of CNB's Financial Advisor (page 104 and Appendix B)

At the December 14, 2014 meeting of the CNB board of directors, representatives of Raymond James rendered Raymond James' oral opinion, which was subsequently confirmed by delivery of a written opinion to the CNB board of directors dated December 14, 2014, as to the fairness, as of such date, from a financial point of view, to the holders of CNB common stock other than Bridge Bancorp and its affiliates (the Unaffiliated Shareholders) of the exchange ratio provided for in the merger pursuant to the merger agreement. Raymond James' opinion addresses the fairness, from a financial point of view, to the Unaffiliated Shareholders in their capacity as holders of CNB common stock, and not in any other capacity, based upon and subject to the qualifications, assumptions and other matters considered in connection with the preparation of its opinion.

The full text of the written opinion of Raymond James, dated December 14, 2014, which sets forth, among other things, the various qualifications, assumptions and limitations on the scope of the review undertaken, is attached as Appendix B to this joint proxy statement prospectus. Raymond James provided its opinion for the information and assistance of the CNB board of directors (in its capacity as such) in connection with its consideration of the merger, and its opinion only addresses whether the exchange ratio provided for in the merger pursuant to the merger agreement was fair, from a financial point of view, to the Unaffiliated Shareholders. The opinion of Raymond James did not address any other term or aspect of the merger agreement or the merger contemplated thereby. The Raymond James opinion does not constitute a recommendation to the CNB board or any holder of CNB common stock as to how the CNB board, such shareholder or any other person should vote or otherwise act with respect to the merger or any other matter.

The Bridge Bancorp Board of Directors Unanimously Recommends Shareholder Approval of the Issuance of Shares of Bridge Bancorp Common Stock to CNB Shareholders at the Completion of the Merger (page 109)

Bridge Bancorp's board of directors, after careful review and consideration of the terms of the merger agreement, unanimously approved the merger agreement, and all directors have agreed to vote shares of Bridge Bancorp stock they own as of the record date in favor of the adoption of the Bridge Bancorp merger proposal. Bridge Bancorp's board of directors believes that the merger and the merger agreement are fair to and in the best interests of Bridge Bancorp and its shareholders and unanimously recommends that you vote **FOR** approval of the Bridge Bancorp

merger proposal. See The Merger and the Merger Agreement Recommendation of the Bridge Bancorp Board of Directors and Reasons for the Merger.

Opinion of RBC Capital Markets, LLC as Bridge Bancorp's Financial Advisor (page 110 and Appendix C)

Bridge Bancorp retained RBC to provide an opinion as to the fairness, from a financial point of view, of the consideration to be paid by Bridge Bancorp in connection with the merger. Bridge Bancorp selected RBC to act as its financial advisor based on its qualifications, expertise, reputation and knowledge of Bridge Bancorp's business and affairs and its experience with community bank holding companies and the industry in which Bridge Bancorp operates. RBC has delivered a written opinion to the board of directors of Bridge Bancorp to the effect that, as of December 12, 2014 and based upon and subject to the assumptions, limitations, qualifications and other matters set forth therein, the Exchange Ratio pursuant to the merger agreement was fair, from a financial point of view, to Bridge Bancorp. RBC's opinion was provided to the Bridge Bancorp board of directors in connection with the board's evaluation of the Exchange Ratio, and did not address any other aspect of the merger or constitute a recommendation to any holder of Bridge Bancorp common stock, par value \$0.01 per share, as to how such holder of Bridge Bancorp common stock should vote or act with respect to any matters relating to the merger.

The full text of RBC's written opinion, dated December 12, 2014, is attached to this joint proxy statement/prospectus as Appendix C, and constitutes part of this joint proxy statement/prospectus. The opinion sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by RBC in rendering its opinion. You should carefully read the opinion in its entirety. For a further discussion of RBC's opinion, Bridge Bancorp's prior relationship with RBC and the terms of RBC's engagement, see The Merger and the Merger Agreement Fairness Opinion of RBC as Bridge Bancorp's Financial Advisor beginning on page 110 of this joint proxy statement/prospectus.

Opinion of Sandler O'Neill & Partners, L.P. as Bridge Bancorp's Financial Advisor (page 120 and Appendix D)

On December 12, 2014, Sandler O'Neill rendered its written opinion to the board of directors of Bridge Bancorp that as of the date of the opinion, and based upon and subject to the factors and assumptions set forth in the opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to Bridge Bancorp's shareholders. The full text of the Sandler O'Neill written opinion, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached to this document as Appendix D. Bridge Bancorp shareholders are urged to read the opinion in its entirety. The Sandler O'Neill written opinion is addressed to the board of directors of Bridge Bancorp, is directed only to the

exchange ratio in the merger, and does not constitute a recommendation as to how any holder of Bridge Bancorp common stock should vote with respect to the Bridge Bancorp merger proposal or any other matter.

Holders of CNB Common Stock Have Dissenters Rights (page 132 and Appendix E)

The holders of CNB common stock are entitled to dissent from approval of the merger agreement and to receive the fair value of the shares if the merger is consummated provided they follow certain procedures. These procedures are described at page 132 in the section The Merger and the Merger Agreement Dissenters Rights and set forth in Appendix E hereto.

Interests of CNB s Directors and Officers in the Merger that are Different From Yours (page 132)

In considering the recommendation of the Board of Directors of CNB to approve the merger agreement, you should be aware that officers and directors of CNB have employment and other compensation agreements or economic interests that give them interests in the merger that are somewhat different from, or in addition to, their interests as CNB shareholders. These interests and agreements provide for cash severance payments in the aggregate amount of up to approximately \$2.6 million. Some of the interests of the officers and directors include:

- Change in control agreements with Stuart H. Lubow, President and Chief Executive Officer, Donna Frasco, Executive Vice President and Chief Retail Officer, Conrad Gunther, Executive Vice President and Chief Loan Officer, Joseph Lavelle, Senior Vice President and Chief Compliance & Risk Officer and Jay McConie, Executive Vice President and Chief Financial Officer that provide for cash severance payments, automobile benefits and continued health insurance in connection with a termination of employment without cause or for good reason following a change in control, each of which will be terminated in connection with the merger in exchange for the payment of cash and benefits pursuant to individual settlement agreements that Bridge Bancorp and CNB have entered into with each individual;
- A Supplemental Executive Retirement Plan for Stuart H. Lubow which provides for lifetime cash payments commencing on the later of the date of the executive s termination or the date the executive attains age sixty-five, and this benefit, which the executive is currently not vested in, will become fully vested upon a termination of employment following a change in control, and will be held in a Rabbi trust for the benefit of Mr. Lubow;
- A Non-Competition and Consulting Agreement that Bridgehampton Bank has entered into with Stuart

Table of Contents

H. Lubow, a Defense of Tax Position Agreement and a settlement agreement that Bridge Bancorp and Bridgehampton Bank have entered into with each of Stuart H. Lubow, Donna Frasco, Conrad Gunther, Joseph Lavelle and Jay McConie;

- The CNB 2004 Incentive Stock Option Plan, CNB 2004 Stock Option Plan for Non-Employee Directors and the CNB 2007 Stock Option Plan shall terminate in connection with the merger, and, as a result of the merger, the holder of a stock option, whether or not vested, will receive an amount equal to the product of (i) the excess, if any, of the average value of a share of Bridge Bancorp common stock as reported on the Nasdaq for the five consecutive trading days ending on the fifth trading day preceding the date of the merger and (ii) the exchange ratio of 0.79, over the applicable per share exercise price of that option multiplied by the number of shares of CNB common stock that the holder could have purchased with the option if the holder had exercised the option immediately prior to the date of the merger, and at the holder's election payment, less applicable tax withholding, will be made in the form of cash, 40% cash and 60% Bridge Bancorp common stock or solely in the form of Bridge Bancorp common stock;
- Two individuals who are directors of CNB, as determined by Bridge Bancorp and Bridgehampton Bank, shall be appointed and elected to the Bridge Bancorp and Bridgehampton Bank boards of directors;
- Matthew Lindenbaum, a CNB director, and his affiliates own approximately 8% of the outstanding shares of common stock of Bridge Bancorp; and
- Rights of CNB officers and directors to continued indemnification coverage and continued coverage under directors' and officers' liability insurance policies.

Regulatory Approvals Required for the Merger (page 138)

The merger cannot be completed without the prior approval of the Office of the Comptroller of the Currency. Bridgehampton Bank is in the process of seeking this approval. While Bridgehampton Bank does not know of any reason why it would not be able to obtain the necessary approvals in a timely manner, Bridgehampton Bank cannot assure you that this approval will occur or what the timing may be or that this approval will not be subject to one or more conditions that affect the advisability of the merger.

Conditions to the Merger (page 137)

Completion of the merger depends on a number of conditions being satisfied or waived, including the following:

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- the receipt of all regulatory approvals and other necessary approvals of governmental entities (other than those the failure of which to obtain would not reasonably be expected to cause a material adverse effect (as defined in the merger agreement)), including the OCC's approval of the merger and the expiration of all applicable statutory waiting periods;
- approval of the merger agreement by the affirmative vote of holders of two-thirds of the issued and outstanding shares of CNB common stock;
- approval of the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger, by the affirmative vote of a majority of the votes cast by Bridge Bancorp shareholders;
- there must be no statute, rule, regulation, order, injunction or decree in existence which enjoins or prohibits the completion of the merger;
- Bridge Bancorp's registration statement, of which this joint proxy statement/prospectus is a part, shall have become effective and no stop order suspending its effectiveness shall have been issued and no

Table of Contents

proceedings for that purpose shall have been initiated or threatened by the Securities and Exchange Commission;

- the shares of Bridge Bancorp common stock to be issued to CNB shareholders in the merger must have been approved for listing on the Nasdaq;
- with respect to each of CNB and Bridge Bancorp, the representations and warranties of the other party to the merger agreement must be true and correct in all material respects as of the date of the merger agreement and as of the date of the closing (except to the extent such representations and warranties speak as of an earlier date). If a representation or warranty was qualified as to materiality, it must be true or correct after giving effect to the materiality standard. In addition, each party must have performed in all material respects all obligations and complied in all material respects with all agreements or covenants to be performed or complied with by it at or prior to the effective time of the merger;
- both Bridge and CNB must have received a legal opinion from their respective counsels that the merger will qualify as a tax-free reorganization under United States federal income tax laws;
- holders of no more than 10% of CNB's common stock exercise their right to dissent from approving the merger and instead demand the fair value of their shares;
- the regulatory approvals necessary to consummate the merger must not include any term, condition or restriction upon Bridge Bancorp or Bridgehampton Bank that imposes a burdensome condition, as defined in the merger agreement; and
- Bridge Bancorp shall have delivered certificates representing the shares of Bridge Bancorp common stock, or at its option, evidence of shares in book entry form, and cash in lieu of fractional shares to the exchange agent on or before the closing date and the exchange agent has provided CNB with a certificate evidencing such delivery.

The parties may waive conditions to their obligations unless they are legally prohibited from doing so. Shareholder approval and regulatory approvals may not be legally waived.

Although Bridge Bancorp anticipates the closing will occur during the second quarter of 2015, because the satisfaction of certain of these conditions is beyond its control, Bridge Bancorp cannot be certain when, or if, the conditions to the merger will be satisfied or waived or whether the merger will be completed.

No Solicitation (page 139)

Subject to certain exceptions, CNB has agreed not to initiate, solicit, induce or knowingly encourage any inquiries or the making of any proposal or offer from any third party relating to an acquisition of CNB, or enter into an agreement relating to an acquisition proposal by a third party. Notwithstanding these restrictions, however, the merger agreement provides that, under specified circumstances, in response to an unsolicited acquisition proposal or inquiry from a third party which, in the good faith judgment of the CNB board of directors, is or is reasonably likely to lead to a proposal which is superior to the merger with Bridgehampton Bank, CNB may furnish information regarding CNB and participate in discussions and negotiations with such third party.

Termination of the Merger Agreement (page 139)

Bridge Bancorp and CNB may mutually agree at any time to terminate the merger agreement without completing the merger, even if CNB and Bridge Bancorp shareholders have approved it. Also, either party may decide, without the consent of the other party, to terminate the merger agreement under specified circumstances, including if the merger is not consummated by November 30, 2015, if the required regulatory approval is not received or if the shareholders of CNB or Bridge Bancorp do not approve the merger. In addition, either party may terminate the merger agreement if there is a breach of the agreement by the other party that would cause the failure of conditions to the terminating party's obligation to close, unless the breach is capable of being cured and is cured within 30 days of the notice of breach (provided that the terminating party is not then in material breach of the

Table of Contents

merger agreement). In addition, CNB may terminate the merger agreement if Bridge's stock price falls below thresholds set forth in the merger agreement and Bridge does not increase the exchange ratio pursuant to a prescribed formula or, under certain limited circumstances, if CNB has received a proposal which its board of directors determines is superior to the merger with Bridge Bancorp and has determined to accept such proposal. Bridge Bancorp may terminate the merger agreement if any regulatory approval includes a burdensome condition or if CNB accepts a superior proposal and fails to recommend that the shareholders of CNB approve the merger agreement or withdraws, or modifies or changes its recommendation in a manner adverse to Bridge Bancorp.

Termination Fee (page 139)

If the merger is terminated pursuant to specified situations in the merger agreement (for example, if CNB accepts a superior proposal, as defined in the merger agreement, or enters into an acquisition proposal under certain circumstances), CNB may be required to pay a termination fee to Bridge Bancorp of \$5.0 million. CNB agreed to this termination fee arrangement in order to induce Bridge Bancorp to enter into the merger agreement. The termination fee requirement may discourage other companies from trying or proposing to combine with CNB before the merger is completed.

Comparison of Shareholders' Rights (page 144)

The rights of CNB shareholders who continue as Bridge Bancorp shareholders after the merger will be governed by New York corporate law and the certificate of incorporation and bylaws of Bridge Bancorp rather than by the National Bank Act and OCC regulations and the articles of association and bylaws of CNB.

Increases or decreases in the estimated fair values of the net assets as compared with the information shown in the unaudited pro forma combined condensed financial information may change the amount of the purchase price allocated to goodwill and other assets and liabilities and may impact Bridge Bancorp's income statement due to adjustments in yield and/or amortization of the adjusted assets or liabilities. Any changes to CNB's stockholders' equity, including results of operations from December 31, 2014 through the date the merger is completed, will also change the purchase price allocation, which may include the recording of a lower or higher amount of goodwill. The final adjustments may be materially different from the unaudited pro forma adjustments presented herein.

Bridge Bancorp anticipates that the merger with Bridgehampton bank and CNB will provide the combined company with financial benefits that include reduced operating expenses. These cost savings are not included in these pro forma statements and there can be no assurance that expected cost savings will be realized. The pro forma information, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect the benefits of expected cost savings or opportunities to earn additional revenue and, accordingly, does not attempt to predict or suggest future results. NOTES TO THE UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL INFORMATION

Note A Basis of Presentation

The unaudited pro forma combined condensed financial information and explanatory notes show the impact on the historical financial condition and income of Bridge Bancorp resulting from the proposed CNB merger under the acquisition method of accounting. Under the acquisition method of accounting, the assets and liabilities of CNB are recorded by Bridge Bancorp at their respective fair values as of the date each merger is completed. The unaudited pro forma combined condensed balance sheet combines the historical financial information of Bridge Bancorp and CNB as of December 31, 2014, and assumes that the merger was completed on that date. The unaudited pro forma combined condensed income statement gives effect to the proposed CNB merger as if the merger had been completed on January 1, 2014.

As the merger is recorded using the acquisition method of accounting, all loans are recorded at fair value, including adjustments for credit, and no allowance for loan losses is carried over to Bridge Bancorp's balance sheet. In addition, certain anticipated nonrecurring costs associated with the merger such as severance, professional fees, legal fees, and conversion related expenditures are not reflected in the pro forma income statement.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for loan losses and the allowance for loan losses, for purposes of the unaudited pro forma combined condensed income statement for the year ended December 31, 2014, we assumed no adjustments to the historical amount of CNB's provision for loan losses. If such adjustments were estimated, there could be a reduction, which could be significant, to the historical amount of CNB's provision for loan losses presented.

Note B Accounting Policies and Financial Statement Classifications

The accounting policies of CNB are in the process of being reviewed in detail by Bridge Bancorp. On completion of such review, conforming adjustments or financial statement reclassifications may be determined.

Note C Merger and Acquisition Integration Costs

The plans to integrate the operations of Bridge Bancorp and Bridgehampton Bank with those of CNB are still being developed. The specific details of these plans will continue to be refined over the next several months, and will include assessing personnel, benefit plans, premises, equipment, and service contracts to determine where there may be potential advantage in eliminating redundancies. Certain decisions arising from these assessments may involve involuntary termination of employees, vacating leased premises, changing information systems, canceling contracts with certain service providers and selling or otherwise disposing of certain premises, furniture and equipment. Bridge Bancorp expects to incur merger related costs including professional fees, legal fees, system conversion costs, and costs related to communications with customers and others. To the extent there are costs associated with these actions, the costs will be recorded based on the nature of the cost and timing of these integration actions.

Note D Estimated Annual Cost Savings

Bridge Bancorp expects to realize cost savings following the merger. These cost savings are not reflected in the pro forma financial information and there can be no assurance they will be achieved in the amount or manner currently contemplated.

Note E Pro Forma Adjustments

The following pro forma adjustments have been reflected in the unaudited pro forma combined condensed financial information. All adjustments are based on current assumptions and valuations, which are subject to change. All taxable adjustments were calculated using a 40% tax rate to arrive at deferred tax asset or liability adjustments. All adjustments are based on current assumptions and valuations, which are subject to change. The adjustments are presented in thousands, with the exception of per share amounts.

RISK FACTORS

In addition to the other information contained in or incorporated by reference into this joint proxy statement/prospectus, including the matters addressed under the caption "Forward-Looking Statements," you should carefully consider the following risk factors in deciding whether to vote for approval of the merger agreement and the related transactions.

Risks related to the Merger

Regulatory Approval May Not be Received, May Take Longer Than Expected or May Impose Conditions That are Not Presently Anticipated or Cannot be Met.

Before the transactions contemplated in the merger agreement, including the merger, may be completed, various approvals or consents must be obtained from the Office of the Comptroller of the Currency (the "OCC"). The OCC may impose conditions on the completion of the merger or require changes to the terms of the merger agreement. Although Bridge Bancorp and CNB do not currently expect that any such conditions or changes would be imposed, there can be no assurance that they will not be, and such conditions or changes could have the effect of delaying completion of the transactions contemplated in the merger agreement or imposing additional costs on or limiting Bridge's revenues, any of which might have a material adverse effect on Bridge following the merger. There can be no assurance as to whether the regulatory approvals will be received, the timing of those approvals, or whether any conditions will be imposed.

The Merger Agreement May Be Terminated in Accordance With Its Terms and The Merger May Not Be Completed.

The merger agreement is subject to a number of conditions which must be fulfilled in order to close. Those conditions include: CNB and Bridge Bancorp shareholder approval, regulatory approval, the continued accuracy of certain representations and warranties by both parties and the performance by both parties of certain covenants and agreements. In addition, certain circumstances exist where CNB may choose to terminate the merger agreement, including the acceptance of a superior proposal as defined in the merger agreement or the decline in Bridge Bancorp's share price to more than 17.5% below \$26.00 combined with such decline being at least 17.5% greater than a corresponding price decline of the Nasdaq Stock Bank Index, and Bridge Bancorp's determination not to increase the exchange ratio.

Bridge Bancorp May Fail to Realize the Anticipated Benefits of the Merger, and the Value of the Bridge Bancorp Stock Received by Holders of CNB Shares as Consideration for the Merger may Decline.

The success of the merger will depend on, among other things, Bridge Bancorp's ability to realize anticipated cost savings and to combine the businesses of Bridgehampton Bank and CNB in a manner that permits growth opportunities and does not materially disrupt the existing customer relationships of CNB nor result in decreased revenues resulting from any loss of customers. If Bridge Bancorp is not able to successfully achieve these objectives, the anticipated benefits of the merger may not be realized fully or at all or may take longer to realize than expected, adversely affecting the value of Bridge Bancorp common stock, including those which CNB shareholders have received as consideration for the merger.

Bridgehampton Bank and CNB have operated and, until the completion of the merger, will continue to operate, independently. Certain employees of CNB will not be employed by Bridge Bancorp or Bridgehampton Bank after the merger. In addition, employees of CNB that Bridgehampton Bank wishes to retain may elect to terminate their employment as a result of the merger which could delay or disrupt the integration process. It is possible that the integration process could result in the disruption of CNB's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect the ability of Bridgehampton Bank to maintain relationships with customers and employees or to achieve the anticipated benefits of the merger.

CNB Directors and Officers Have Interests in the Merger Besides Those of a Shareholder.

CNB's directors and officers have various interests in the merger besides being CNB shareholders. These interests include:

- Change in control agreements with Stuart H. Lubow, President and Chief Executive Officer, Donna Frasco, Executive Vice President and Chief Retail Officer, Conrad Gunther, Executive Vice President

and Chief Loan Officer, Joseph Lavelle, Senior Vice President and Chief Compliance & Risk Officer and Jay McConie, Executive Vice President and Chief Financial Officer that provide for cash severance payments, automobile benefits and continued health insurance in connection with a termination of employment without cause or for good reason following a change in control, each of which will be terminated in connection with the merger in exchange for the payment of cash and benefits pursuant to individual settlement agreements that Bridge Bancorp and CNB have entered into with each individual;

- A Supplemental Executive Retirement Plan for Stuart H. Lubow which provides for lifetime cash payments commencing on the later of the date of the executive's termination or the date the executive attains age sixty-five, and this benefit, which the executive is currently not vested in, will become fully vested upon a termination of employment following a change in control, and will be held in a Rabbi trust for the benefit of Mr. Lubow;
- A Non-Competition and Consulting Agreement that Bridgehampton Bank has entered into with Stuart H. Lubow, a Defense of Tax Position Agreement and a settlement agreement that Bridge Bancorp and Bridgehampton Bank have entered into with each of Stuart H. Lubow, Donna Frasco, Conrad Gunther, Joseph Lavelle and Jay McConie;
- The CNB 2004 Incentive Stock Option Plan, CNB 2004 Stock Option Plan for Non-Employee Directors and the CNB 2007 Stock Option Plan shall terminate in connection with the merger, and, as a result of the merger, the holder of a stock option, whether or not vested, will receive an amount equal to the product of (i) the excess, if any, of the average value of a share of Bridge Bancorp common stock as reported on the Nasdaq for the five consecutive trading days ending on the fifth trading day preceding the date of the merger and (ii) the exchange ratio of 0.79, over the applicable per share exercise price of that option multiplied by the number of shares of CNB common stock that the holder could have purchased with the option if the holder had exercised the option immediately prior to the date of the merger, and at the holder's election payment, less applicable tax withholding, will be made in the form of cash, 40% cash and 60% Bridge Bancorp common stock or solely in the form of Bridge Bancorp common stock;
- Two individuals who are directors of CNB, as determined by Bridge Bancorp and Bridgehampton Bank, shall be appointed and elected to the Bridge Bancorp and Bridgehampton Bank boards of directors;
- Matthew Lindenbaum, a CNB director, and his affiliates own approximately 8% of the outstanding shares of common stock of Bridge Bancorp; and
- Rights of CNB officers and directors to continued indemnification coverage and continued coverage under directors' and officers' liability insurance policies.

CNB Shareholders Cannot Be Certain of the Market Value of the Merger Consideration They Will Receive, Because the Market Price of Bridge Bancorp Common Stock Will Fluctuate.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Upon completion of the merger, each share of CNB common stock will be converted into merger consideration consisting of 0.79 of a share of Bridge Bancorp common stock. The market value of the merger consideration may vary from the closing price of Bridge Bancorp common stock on the date it announced the merger, on the date that this document was mailed to CNB shareholders, on the date of the special meeting of the CNB shareholders and on the date it completes the merger and thereafter. Any change in the market price of Bridge Bancorp common stock prior to completion of the merger will affect the amount of and the market value of the merger consideration that CNB shareholders will receive upon completion of the merger. Accordingly, at the time of the special meeting, CNB shareholders will not know or be able to calculate with certainty the market value of the merger consideration they would receive upon completion of the merger. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in its respective businesses, operations and prospects, and regulatory considerations. Many of these factors are beyond Bridge Bancorp's control. You should obtain current market quotations for shares of Bridge Bancorp common stock and for shares of CNB common stock before you vote.

Table of Contents

CNB Shareholders Will Have a Reduced Ownership and Voting Interest After the Merger and Will Exercise Less Influence Over Management.

CNB's shareholders currently have the right to vote in the election of the CNB board of directors and on other matters affecting CNB. When the merger occurs, each CNB shareholder that receives shares of Bridge Bancorp common stock will become a shareholder of Bridge Bancorp with a percentage ownership of the combined organization that is much smaller than the shareholder's percentage ownership of CNB. Because of this, CNB's shareholders will have less influence on the management and policies of Bridge Bancorp than they now have on the management and policies of CNB.

Failure to Complete the Merger Could Negatively Impact the Stock Prices and Future Businesses and Financial Results of Bridge Bancorp and CNB.

If the merger is not completed, the ongoing businesses of Bridge Bancorp and CNB may be adversely affected and Bridge Bancorp and CNB will be subject to several risks, including the following:

- Bridge Bancorp and CNB will be required to pay certain costs relating to the merger, whether or not the merger is completed, such as legal, accounting, financial advisory and printing fees;
- under the merger agreement, CNB is subject to certain restrictions on the conduct of its business prior to completing the merger, which may adversely affect its operating results; and
- matters relating to the merger may require substantial commitments of time and resources by Bridge Bancorp and CNB management, which could otherwise have been devoted to other opportunities that may have been beneficial to Bridge Bancorp and CNB as independent companies, as the case may be.

In addition, if the merger is not completed, Bridge Bancorp and/or CNB may experience negative reactions from the financial markets and from their respective customers and employees. Bridge Bancorp and/or CNB also could be subject to litigation related to any failure to complete the merger or to enforcement proceedings to perform their respective obligations under the merger agreement. If the merger is not completed, Bridge Bancorp and CNB cannot assure their shareholders that the risks described above will not materialize and will not materially affect the business, financial results and stock prices of Bridge Bancorp or CNB.

The Opinions of the Financial Advisors of Bridge Bancorp and CNB Will Not Reflect Changes in Circumstances Between Signing the Merger Agreement and the Merger.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

CNB's financial advisor Raymond James, rendered an opinion dated December 14, 2014, to the CNB board of directors, that, as of such date, and based upon and subject to the factors and assumptions set forth in its written opinion including, without limitation, that the exchange ratio of 0.79 of a share of Bridge Bancorp common stock to be received in respect of each share of CNB common stock pursuant to the merger agreement was fair from a financial point of view to the holders of CNB common stock. Similarly, Bridge Bancorp's financial advisors, Sandler O'Neill and RBC, rendered opinions dated December 12, 2014 and December 12, 2014, respectively, to the Bridge Bancorp board of directors, that, as of the date of such opinion, and based upon and subject to the factors and assumptions set forth in its written opinion including, without limitation, that the exchange ratio of 0.79 of a share of Bridge Bancorp common stock to be received in respect of each share of CNB common stock pursuant to the merger agreement was fair from a financial point of view to Bridge Bancorp. Raymond James, Sandler O'Neill and RBC assumed no responsibility for updating, revising or reaffirming their respective opinions based on circumstances, developments or events occurring after the date thereof.

Changes in the operations and prospects of Bridge Bancorp or CNB, general market and economic conditions and other factors on which the opinions of Raymond James, Sandler O'Neill and RBC were based, may significantly alter the value of Bridge Bancorp or CNB or the prices of shares of Bridge Bancorp common stock or CNB common stock by the time the merger is completed. The opinions of Raymond James, Sandler O'Neill and RBC do not speak as of the time the merger will be completed or as of any date other than the date of such opinions. The CNB board of directors' recommendation that holders of CNB common stock vote FOR adoption of the merger agreement, and the Bridge Bancorp board of directors' recommendation that holders of Bridge Bancorp common stock vote FOR the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger, however, are as of the date of this document.

Table of Contents

The Merger Agreement Limits CNB's Ability to Pursue Alternatives to the Merger.

The merger agreement contains no shop provisions that, subject to limited exceptions, limit CNB's ability to discuss, facilitate or commit to competing third-party proposals to acquire all or a significant part of CNB. In addition, CNB has agreed to pay Bridge Bancorp a termination fee in the amount of \$5.0 million in the event that CNB or Bridge terminates the merger agreement for certain reasons. These provisions might discourage a potential competing acquirer that might have an interest in acquiring all or a significant part of CNB from considering or proposing that acquisition even if it were prepared to pay consideration with a higher per share market price than that proposed in the merger, or might result in a potential competing acquirer's proposing to pay a lower per share price to acquire CNB than it might otherwise have proposed to pay. CNB can consider and participate in discussions and negotiations with respect to an alternative proposal so long as the CNB board of directors determines in good faith (after consultation with legal counsel) that such alternative proposal is, or is reasonably likely to lead to a proposal which is superior to the merger with Bridgehampton Bank.

The Shares of Bridge Bancorp Common Stock to be Received by CNB Shareholders as a Result of the Merger Will Have Different Rights From the Shares of CNB Common Stock.

Upon completion of the merger, CNB shareholders will become Bridge Bancorp shareholders and their rights as shareholders will be governed by the certificate of incorporation and bylaws of Bridge Bancorp. The rights associated with CNB common stock are different from the rights associated with Bridge Bancorp common stock. Please see Comparison of Shareholders' Rights on page 144 for a discussion of the different rights associated with Bridge Bancorp common stock.

Goodwill Incurred in the Merger May Negatively Affect Bridge Bancorp's Financial Condition.

To the extent that the purchase price exceeds the fair value of the net assets, including identifiable intangibles of CNB, that amount will be reported as goodwill. In accordance with current accounting guidance, goodwill will not be amortized but will be evaluated for impairment annually. A failure to realize expected benefits of the merger could adversely impact the carrying value of the goodwill recognized in the merger, and in turn negatively affect Bridge Bancorp's financial condition.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements:

- governmental approvals of the merger may not be obtained, or adverse regulatory conditions may be imposed in connection with governmental approvals of the merger;

- the risks associated with continued diversification of assets and adverse changes to credit quality;
- competition from other financial services companies in Bridge Bancorp's markets; and
- the risk that an economic slowdown could adversely affect credit quality and loan originations.

Additional factors that could cause actual results to differ materially from those expressed in the forward-looking statements are discussed in Bridge Bancorp's reports filed with the Securities and Exchange Commission.

All subsequent written and oral forward-looking statements concerning the proposed transaction or other matters attributable to either Bridge Bancorp or CNB or any person acting on behalf of Bridge Bancorp or CNB are expressly qualified in their entirety by the cautionary statements above. Furthermore, brokers, banks or other nominees who hold shares of Bridge Bancorp common stock on behalf of their customers will not vote your shares of Bridge Bancorp common stock or give a proxy to Bridge Bancorp to vote those shares with respect to any of the proposals other than the proposal to ratify the appointment of Crowe Horwath LLP without specific instructions from you, as brokers, banks and other nominees do not have discretionary voting power on these matters.

Table of Contents

Proxy Card, Revocation of Proxy

You should vote by completing and returning the proxy card accompanying this joint proxy statement/prospectus to ensure that your vote is counted at the annual meeting of shareholders, regardless of whether you plan to attend. You can revoke your proxy at any time before the vote is taken at the annual meeting by:

- submitting written notice of revocation to Howard H. Nolan, Corporate Secretary of Bridge Bancorp;
- submitting a properly executed proxy bearing a later date before the annual meeting of shareholders; or
- voting in person at the annual meeting of shareholders. However, simply attending the annual meeting without voting will not revoke an earlier proxy.

If your shares are held in street name, you should follow the instructions of your broker regarding revocation of proxies.

All shares represented by valid proxies and unrevoked proxies will be voted in accordance with the instructions on the proxy card. If you sign your proxy card, but make no specification on the card as to how you want your shares voted, your proxy card will be voted FOR approval of the foregoing proposals and FOR each of the director nominees. If any other matter properly comes before the annual meeting, the board of directors of Bridge Bancorp intends that shares represented by properly submitted proxies will be voted, or not voted, by and at the discretion of the persons named as proxies on the proxy card.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by Bridge Bancorp. In addition to soliciting proxies by mail, Laurel Hill Advisory Group, LLC, a proxy solicitation firm, will assist Bridge Bancorp in soliciting proxies for the annual meeting. Bridge Bancorp will pay \$6,000, plus expenses, for these services. Bridge Bancorp will, upon request, reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of common stock. In addition to solicitations by mail, Bridge Bancorp's directors, officers and regular employees may solicit proxies personally or by telephone without additional compensation.

Record Date

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

The close of business on March 20, 2015 has been fixed as the record date for determining the Bridge Bancorp shareholders entitled to receive notice of and to vote at the annual meeting of shareholders. At that time, 11,704,184 shares of Bridge Bancorp common stock were outstanding and were held by approximately 951 holders of record.

Voting Rights, Quorum Requirements and Vote Required

Business will be conducted at the annual meeting only if a majority of the outstanding shares of Bridge Bancorp common stock entitled to vote is represented in person or by proxy at the annual meeting. If you return valid proxy instructions or attend the annual meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker or other nominee holding shares of Bridge Bancorp common stock for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Proposal No. 1: Approval of the Bridge Bancorp merger proposal. As to the vote to approve the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. Approval of the Bridge Bancorp merger proposal requires the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will have no effect on the vote on this proposal. **If the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger is not approved by Bridge Bancorp shareholders, the merger cannot be completed.**

Table of Contents

Proposal No. 2: Approval of the Bridge Bancorp Adjournment proposal. As to the vote to approve the adjournment or postponement of the annual meeting, if necessary or appropriate, including adjournments or postponements to permit further solicitation of proxies in favor of the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. Approval of the Bridge Bancorp Adjournment proposal requires the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will have no effect on the vote on this proposal.

Proposal No. 3: Approval of Bridge Bancorp certificate amendment proposal. As to the vote to approve the amendment of the Bridge Bancorp certificate of incorporation to increase the number of shares of common stock, par value \$0.01 per share, that Bridge Bancorp is authorized to issue from 20 million to 40 million, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. Approval of the Bridge Bancorp certificate amendment requires the affirmative vote of a majority of the outstanding shares entitled to vote on the proposal. Failure to return a properly executed proxy card, or to vote in person, will have the same effect as a vote against the Bridge Bancorp certificate amendment proposal. Broker non-votes and abstentions from voting will have the same effect as voting against the Bridge Bancorp certificate amendment proposal.

Proposal No. 4: Election of directors. As to the election of directors, the proxy card being provided by the board of directors enables a shareholder to vote for the election of the two nominees proposed by the board of directors, or to withhold authority to vote for the nominees being proposed. Directors are elected by a plurality of votes cast, without regard to either broker non-votes, or proxies as to which authority to vote for the nominees being proposed is withheld.

Proposal No. 5: Non-binding advisory vote regarding executive compensation. In voting on the nonbinding proposal to approve Bridge Bancorp's executive compensation as disclosed in this joint proxy statement/prospectus, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. Approval of this proposal requires the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will have no effect on the vote on this proposal. While this vote is required by law, it will neither be binding on Bridge Bancorp or the board of directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, Bridge Bancorp or the board of directors.

Proposal No. 6: Ratification of Crowe Horwath LLP. In voting to ratify the appointment of Crowe Horwath LLP as Bridge Bancorp's independent registered public accounting firm, you may vote in favor of the proposal, vote against the proposal, or abstain from voting. Approval of this proposal requires the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will have no effect on the vote on this proposal.

The Bridge Bancorp board of directors knows of no additional matters that will be presented for consideration at the annual meeting.

Advance Notice of Business or Nominations to be Brought Before an Annual Meeting

In accordance with the foregoing, advance notice for certain business or nominations to the Board of Directors to be brought before next year's Annual Meeting of Shareholders must be given to the Company by January 1, 2016.

BRIDGE BANCORP PROPOSALS

PROPOSAL I BRIDGE BANCORP MERGER PROPOSAL

Bridge Bancorp is asking its shareholders to approve the issuance of shares of Bridge Bancorp common stock to Community National Bank shareholders at the completion of the merger of CNB with and into Bridgehampton Bank pursuant to the merger agreement merger and the transactions contemplated thereby. Holders of Bridge Bancorp common stock should read this joint proxy statement/prospectus carefully and in its entirety, including the appendices, for more detailed information concerning the merger agreement and the merger. A copy of the merger agreement is attached to this joint proxy statement/prospectus as Appendix A.

After careful consideration, the Bridge Bancorp directors, by a unanimous vote of all directors, approved the merger agreement and the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger. See "The Merger and the Merger Agreement Recommendation of the Bridge Bancorp Board of Directors and Reasons for the Merger" included elsewhere in this joint proxy statement/prospectus for a more detailed discussion of the Bridge Bancorp board of director's recommendation.

The Bridge Bancorp board of directors recommends a vote FOR the Bridge Bancorp merger proposal.

PROPOSAL II BRIDGE BANCORP ADJOURNMENT PROPOSAL

The Bridge Bancorp annual meeting may be adjourned to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the Bridge Bancorp annual meeting to adopt the Bridge Bancorp merger proposal.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

If, at the Bridge Bancorp annual meeting, the number of shares of Bridge Bancorp common stock present or represented and voting in favor of the Bridge Bancorp merger proposal is insufficient to adopt the Bridge Bancorp merger proposal, Bridge Bancorp intends to move to adjourn the Bridge Bancorp annual meeting in order to enable the Bridge Bancorp board to solicit additional proxies for approval of the merger. In that event, Bridge Bancorp will ask its shareholders to vote upon the Bridge Bancorp adjournment proposal, but not the Bridge Bancorp merger proposal.

In this proposal, Bridge Bancorp is asking its shareholders to authorize the holder of any proxy solicited by the Bridge Bancorp board on a discretionary basis to vote in favor of adjourning the Bridge Bancorp special meeting to another time and place for the purpose of soliciting additional proxies, including the solicitation of proxies from Bridge Bancorp shareholders who have previously voted.

The Bridge Bancorp board recommends a vote FOR the Bridge Bancorp adjournment proposal.

PROPOSAL III - APPROVAL OF AN AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors recommends approval of an amendment to Article 4 of Bridge Bancorp's Certificate of Incorporation to increase the number of authorized shares of Common Stock from twenty million (20,000,000) shares to forty million (40,000,000) shares. If approved by the shareholders, Article 4 of Bridge Bancorp's Certificate of Incorporation would be amended to read as follows:

4. (A) The aggregate number of shares which the Corporation shall have authority to issue is 42,000,000 shares, 40,000,000 of which shall be common shares, having a par value of One Cent (\$0.01) per share, and 2,000,000 of which shall be preferred shares, having a par value of One Cent (\$0.01) per share (Preferred Shares).

(B) The Board of Directors is authorized, subject to any limitations prescribed by law, to provide for the issuance of the shares of Preferred Shares in series, and by filing a certificate of amendment pursuant to the applicable law of the State of New York (such certificate being hereinafter referred to as a Preferred Share Designation), to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, preferences, and rights of the shares of each such series and any qualifications, limitations or restrictions thereof. The number of authorized shares of Preferred Shares may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the Common Stock, without a vote of the holders of the Preferred Stock, or of any series thereof, unless a vote of any such holders is required pursuant to the terms of any Preferred Stock Designation.:

The Board of Directors believes that the proposed increase in authorized shares of Common Stock is in the best interest of Bridge Bancorp and its shareholders. As of March 20, 2015, Bridge Bancorp had 11,704,184 shares of Common Stock issued and outstanding, 601,520 shares of Common Stock reserved for issuance under shareholder approved equity plans and 1,095,867 shares of Common Stock reserved for issuance pursuant to the Dividend Reinvestment and Stock Purchase Plan. Moreover, 5.6 million shares are expected to be issued in connection with the acquisition Community National Bank (subject to shareholder approval of such issuance). The additional authorized shares would be available for issuance from time to time at the discretion of the Board of Directors, without further shareholder action except as may be required for a particular transaction by law, or other agreements and restrictions. The shares would be issuable for any proper corporate purpose, including stock splits and dividends, capital-raising transactions, including the ongoing dividend reinvestment and stock purchase plan and future acquisitions. The Board of Directors believes that these additional authorized shares will provide Bridge Bancorp with needed flexibility to issue shares in the future without the potential expense and delay incident to obtaining shareholder approval for a particular issuance. We do not have specific plans or intentions with respect to capital raising initiatives or acquisition transactions, or any other use of the authorized but unissued Common Stock.

If additional shares of Common Stock are issued by Bridge Bancorp, it may potentially have an anti-takeover effect by making it more difficult to obtain shareholder approval of various actions, such as a merger or removal of management. The increase in authorized shares of Common Stock has not been proposed in connection with any anti-takeover related purpose and the Board of Directors and management have no knowledge of any current efforts by anyone to obtain control of Bridge Bancorp. Additionally, the issuance of additional shares of Common Stock may, among other things, have a dilutive effect on earnings per share and on the equity and voting power of existing shareholders.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock of Bridge Bancorp entitled to vote is necessary to approve the proposed amendment. Abstentions and broker non-votes will have the same effect as shares voted against the Proposal.

The Bridge Bancorp board recommends a vote FOR the approval of the amendment to the certificate of incorporation to increase the number of authorized shares of common stock.

PROPOSAL IV - ELECTION OF DIRECTORS

Bridge Bancorp's Board of Directors currently consists of ten (10) members. The Board is divided into three classes as nearly equal in number as possible (Class A, B, and C). Each year one class of Directors is elected to serve for a three-year term and until their respective successors shall have been elected and qualified.

Table of Contents

The Board of Directors has nominated Dennis A. Suskind and Albert E. McCoy, Jr. for election as Class A Directors. It is intended that the proxies solicited on behalf of the Board of Directors will be voted at the Annual Meeting for the election of each of these nominees (other than proxies in which the vote is withheld as to the nominees). If a nominee is unable to serve, the shares represented by all such proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why a nominee would be unable to serve, if elected. There are no arrangements or understandings between a nominee and any other person pursuant to which such nominee was selected.

The Bridge Bancorp board recommends a vote FOR the Bridge Bancorp election of directors proposal.

The following table sets forth certain information, as of March 20, 2015, regarding the Board of Directors and each named executive officer (NEO) identified in the summary compensation table included elsewhere in this Proxy Statement.

DIRECTOR NOMINATIONS

The Board of Directors has established a Corporate Governance and Nominating Committee for the selection of Directors to be elected by the shareholders. Nominations of Directors to the Board are recommended by the Committee and determined by the full Board of Directors. The Board believes that it is appropriate to have the input of all Directors with respect to the candidates to be considered for election to the Board by the shareholders. In this regard, the Board believes that each individual director has a unique insight into the operations of Bridge Bancorp and the Bridgehampton Bank, the communities in which we operate, and the needs of Bridge Bancorp with respect to Board membership.

The Board has determined that, except as to Messrs. O Connor and Nolan, each member of the Board is an independent director within the meaning of the corporate governance listing standards of the Nasdaq Stock Market. Messrs. O Connor and Nolan are not considered independent because they are employees of Bridge Bancorp. In reaching independence determinations of other Directors, the Board considered loans outstanding that were made on the same terms as available to others and as to the independence of Mr. Tobin, noted that the continuing compensation he receives from Bridge Bancorp for his prior employment as an executive officer, which employment ceased on March 2, 2010, is non-discretionary and not contingent on continuing service.

Table of Contents

Bridge Bancorp currently has a Corporate Governance and Nominating Committee Charter which outlines the nomination process. The Charter is available on Bridge Bancorp's website, www.bridgenb.com. The Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to Bridge Bancorp's business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of gaining new perspectives. If any member of the Board does not wish to continue in service, or if the Committee decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Committee would solicit suggestions for director candidates from all Board members. The Board would seek to identify a candidate who at a minimum satisfies the following criteria:

- Has the highest personal and professional ethics and integrity and whose values are compatible with Bridge Bancorp's;
- Has had experiences and achievements that have given him or her the ability to exercise and develop good business judgment;
- Is willing to devote the necessary time to the work of the Board and its Committees, which includes being available for Board and Committee meetings;
- Is familiar with the communities in which Bridge Bancorp operates and/or is actively engaged in community activities;
- Is involved in other activities or interests that do not create a conflict with their responsibilities to Bridge Bancorp and its shareholders; and
- Has the capacity and desire to represent the balanced, best interests of the shareholders of Bridge Bancorp as a group, and not primarily a special interest group or constituency.

While the Corporate Governance and Nominating Committee does not have a formal policy with respect to diversity on the Board of Directors, consideration is given to nominating persons with different perspectives and experience to enhance the deliberation and decision-making processes of the Board of Directors.

PROCEDURES FOR THE NOMINATION OF DIRECTORS BY SHAREHOLDERS

BOARD LEADERSHIP AND RISK OVERSIGHT

Board Leadership Structure

The Board historically has been chaired by an independent director, rather than the chief executive officer. The current chairperson is Ms. Marcia Hefter. The Board of Directors believes that the non-executive chair structure helps to distinguish the role of the chairperson, in managing the board, which in turn serves in an oversight capacity, from the responsibilities of the chief executive officer in managing the operations of Bridge Bancorp.

The Role of the Board in Risk Oversight

The entire Board of Directors is engaged in risk management oversight. The Audit Committee assists the Board of Directors in its oversight of Bridge Bancorp's corporate-wide risk management and in identifying, measuring, monitoring, and managing risks, and as to the Audit Committee in particular, material financial risks. In addition, the Bridgehampton Bank's Enterprise Risk Management Committee (ERMC) includes two independent directors who serve in an advisory role. The Board of Directors receives regular reports from these independent directors, as well as from the Audit Committee, as to the actions taken by management to adequately address those risks.

THE AUDIT COMMITTEE

The Audit Committee consists of Directors Santoro (Chairperson), Massoud, and Suskind. Each member of the Audit Committee is considered independent as defined in the NASDAQ® corporate governance listing standards and under SEC Rule 10A-3. The duties and responsibilities of the Audit Committee include, among other things:

- Retaining, overseeing and evaluating the Independent Registered Public Accounting Firm to audit the annual consolidated financial statements of Bridge Bancorp;

- Overseeing Bridge Bancorp's financial reporting processes in consultation with the Independent Registered Public Accounting Firm and the internal audit function;

- Reviewing the annual audited consolidated financial statements, quarterly financial statements and the Independent Registered Public Accounting Firm's report with management and the Independent Registered Public Accounting Firm and recommending inclusion of the annual audited consolidated financial statements in Bridge Bancorp's annual report on Form 10-K;

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- Maintaining direct lines of communication with the Board of Directors, management, internal audit staff and the Independent Registered Public Accounting Firm;
- Overseeing the internal audit function and reviewing management's administration of the system of internal accounting controls;
- Approving all engagements for audit and non-audit services by the Independent Registered Public Accounting Firm; and
- Reviewing the adequacy of the Audit Committee charter.

The Audit Committee met nine times during 2014. The Audit Committee reports to the Board on its activities and findings. The Board of Directors has determined that Rudolph Santoro and Dennis Suskind are Audit Committee Financial Experts as that term is used in the rules and regulations of the SEC.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the charter of the Audit Committee is available on Bridge Bancorp's website, www.bridgenb.com.

Management is responsible for the preparation of Bridge Bancorp's consolidated financial statements and their assessment of the design and effectiveness of Bridge Bancorp's internal control over financial reporting. The Independent Registered Public Accounting Firm is responsible for performing an independent audit of Bridge Bancorp's consolidated financial statements and opining on the effectiveness of Bridge Bancorp's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board

Table of Contents

(United States) (PCAOB) and issuing their reports thereon. As provided in its charter, the Audit Committee s responsibilities include monitoring and overseeing these processes.

In discharging its responsibilities, the Audit Committee has:

- Reviewed and discussed with management, and the Independent Registered Public Accounting Firm, Bridge Bancorp s audited consolidated financial statements for the year ended December 31, 2014;
- Reviewed and discussed with the Independent Registered Public Accounting Firm all matters required to be discussed under *Auditing Standard No. 16, Communications with Audit Committees*, as adopted by the PCAOB; and
- Received the written disclosures and the letter from the Independent Registered Public Accounting Firm required by applicable requirements of the PCAOB regarding the Independent Registered Public Accounting Firm s communications with the audit committee concerning independence, and has discussed with the Independent Registered Public Accounting Firm its independence from Bridge Bancorp.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Bridge Bancorp s Annual Report on Form 10-K for the year ended December 31, 2014 and filed with the SEC. In addition, the Audit Committee selected Crowe Horwath LLP to be Bridge Bancorp s Independent Registered Public Accounting Firm for the year ending December 31, 2015, subject to the ratification of this appointment by the shareholders.

This report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Bridge Bancorp specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

THE COMPENSATION COMMITTEE

The Compensation Committee met five times in fiscal year 2014. The Compensation Committee consists of Directors Arturi (Chairperson), Hefter, McCoy Jr., and Nielsen. Each member is considered independent as defined in the NASDAQ® corporate governance listing standards. The Board has adopted a charter for the Compensation Committee, which is available on Bridge Bancorp's website, www.bridgenb.com.

The Compensation Committee's responsibilities include, among other duties, the responsibility to:

- Establish, review, and modify from time to time as appropriate the overall compensation philosophy of Bridge Bancorp;

- Review, evaluate and recommend Company objectives relevant to the CEO's compensation; evaluate CEO performance relative to established goals; and review, evaluate and recommend to the full Board of Directors, the CEO's compensation;

- Review, evaluate and recommend goals relevant to the compensation of Bridge Bancorp's other executive management personnel; and review such officers' performance in light of these goals and determine (or recommend to the full Board of Directors for determination) such officers' cash and equity compensation based on this evaluation;

- Review, evaluate and recommend, in consultation with the corporate governance committee, the compensation to be paid to directors of Bridge Bancorp and of affiliates of Bridge Bancorp for their service on the Board;

- Administer Bridge Bancorp's stock benefit plans; and

Table of Contents

- Review and oversee incentive compensation arrangements of the Bridgehampton Bank to ensure they are balanced relative to incentives and risk objectives.

Compensation recommendations for the President and Chief Executive Officer (CEO), Chief Administrative and Financial Officer (CAO), Chief Lending Officer (CLO), Chief Retail Banking Officer (CRO) and Treasurer, collectively known as NEOs, are made by the Compensation Committee to the Board of Directors. Decisions regarding non-equity compensation for the other officers are made under the authority of Bridge Bancorp s CEO. The Committee has engaged McLagan, an AON Hewitt company, an outside and independent national compensation consulting firm, to assist in the annual review of its incentive compensation arrangements for the NEOs and all other employee groups of the Bridgehampton Bank. McLagan has not provided any other services for Bridge Bancorp.

At the request of the Committee, Compensation Committee meetings are regularly attended by the CEO and CAO. At each meeting, the Compensation Committee meets in executive session, which excludes executive management. The Compensation Committee s Chairperson reports the Committee s recommendations on executive compensation to the Board. Independent advisors and Bridge Bancorp s finance department support the Compensation Committee in its duties and, along with the CEO and CAO, may be delegated authority to fulfill certain administrative duties regarding the compensation programs.

In addition, the Committee engaged McLagan to assist in the review of potential risks stemming from Bridge Bancorp s compensation programs. McLagan conducted a comprehensive review and evaluation of incentive plans covering all employees of Bridge Bancorp. The review included an evaluation of the design features of each plan, the governance and oversight aspects of each plan, the mix of cash and equity incentives opportunities, the use of performance metrics, the performance periods and time horizon of each plan, the various termination provisions associated with the plans, and other dimensions of the plans deemed relevant for the risk review process. McLagan reviewed the results of its assessment with the Committee and with management. Based on the results of the independent assessment by McLagan and the assessment of risks by the Committee, the Board has determined that Bridge Bancorp s compensation policies, practices and programs do not promote excessive risk taking or pose risks that are reasonably likely to have a material adverse effect on Bridge Bancorp, Inc.

The Compensation Committee considered the independence of McLagan, in light of SEC rules and NASDAQ listing standards. The Committee requested and received a report from McLagan addressing the independence of McLagan and its consultants, including the following factors: (1) other services provided to us by McLagan; (2) fees paid by us as a percentage of Aon s total revenue; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the consultants and a member of the Committee; (5) any company stock owned by the consultants; and (6) any business or personal relationships between our executive officers and the consultants. The Committee discussed these considerations and concluded that the work performed by McLagan and its consultants involved in the engagements did not raise any conflict of interest and that McLagan has served as an independent compensation consultant.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Directors Arturi (Chairperson), Hefter, McCoy and Nielsen. None of these directors was during 2014, or is formerly, an officer of Bridge Bancorp. During the year ended December 31, 2014, Bridge Bancorp had no interlocking relationships in which any executive officer of Bridge Bancorp is a member of the board of directors or compensation committee of another entity, one of whose executive officers is a member of Bridge Bancorp s Board of Directors or Compensation Committee.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary goals of the Compensation Committee (Committee) for 2014 were consistent with its established philosophy of providing compensation arrangements for executive officers that are designed to attract and retain executives who can perform and manage Bridge Bancorp in the shareholders' best interest. These compensation arrangements are designed to be aligned with the performance of Bridge Bancorp both on a short-term and long-term basis and are based on individual contributions and Bridge Bancorp's performance.

Company Performance

Our Company, although certainly impacted by the economic downturn over the past number of years, has experienced significant growth in assets and earnings while maintaining very favorable credit quality. In 2014, the management team continued to grow our Company and take advantage of opportunities available in this turbulent banking environment. Considering the environment, the Committee views the performance in 2014 as a continuation of performance at a very high level as shown below:

- **Performance:** Returns on average assets and equity for 2014 were 0.64% and 7.76%, respectively, and Bridge Bancorp's net income was \$13.8 million, 5.1% higher than the \$13.1 million reported in 2013. The 2014 results include \$5.5 million in costs associated with the acquisition of FNBNY Bancorp Inc. and its wholly owned subsidiary, the First National Bank of New York (Collectively "FNBNY") in February 2014, the pending acquisition of Community National Bank (CNB) and branch restructuring costs.
- **Credit Quality:** Bridge Bancorp continues to maintain outstanding credit quality with nonperforming assets of \$1.2 million or 0.05% of total assets at December 31, 2014, significantly better than peers.
- **Capital Management and Dividend Payments:** Bridge Bancorp has attracted and retained access to the capital markets, raising over \$100 million in capital since January 2009, including \$37.5 million in a public offering in October 2013. The capital was raised to support the growth associated with the acquisition of FNBNY that closed on February 14, 2014, the acquisition of CNB announced in December 2014, as well as future growth. In 2014, Bridge Bancorp paid four quarterly dividends to shareholders totaling \$0.92 per share. This continues Bridge Bancorp's long term trend of uninterrupted dividends.
- **Growth Strategy:** Bridge Bancorp has continued its disciplined growth strategy delivering strong growth in both loans and deposits organically and via acquisition. During 2014, Bridge Bancorp experienced loan growth of \$325.1 million, or 32%, with 26% representing organic growth. Deposits increased \$294.7 million, or 19%, as Bridge Bancorp opened three new branches in Suffolk County, New York: Bayshore, Port Jefferson and Smithtown. As noted above, Bridge Bancorp acquired FNBNY in February 2014. FNBNY had total acquired assets on a fair value basis of \$211.9 million, with loans of \$89.7 million, investment securities of \$103.2 million and deposits of \$169.9 million with three full-service branches, including Bridge Bancorp's first two branches in Nassau County located in Merrick and Massapequa, and one in western Suffolk County located in Melville. Table of Contents

- Payments Under the Short Term Incentive Plan: The primary performance vehicle for the Bridgehampton Bank is the Short Term Incentive Program (STIP). The STIP is based 40% upon peer relative measures, 40% on absolute measures and 20% on board discretion. The peer relative measures require the Bridgehampton Bank to achieve the 25th percentile for a threshold, or minimum payout, to occur. The target is the median or 50th percentile of peer performance and maximum is at the 75th percentile. For 2014, the Board determined STIP was awarded at 79% achievement which is between target and maximum performance compare to 70% achievement in 2013. The Plan awards are paid 50% in cash and 50% in restricted stock. Please see Short Term Incentive Program under the section 2014 Executive Compensation Components on page 56 for more details.
- New Design of Long Term Incentive Plan: During 2014, the Board revised the design of the Long Term Incentive Plan (LTI Plan) to include performance based awards. The LTI Plan includes 60% performance vested awards based on 3-year relative Total Shareholder Return (TSR) to the proxy peer group and 40% time vested awards. The awards are in the form of restricted stock units and cliff vest after five years and require an additional two year holding period before the RSUs are delivered in shares of common stock.

Chief Executive Officer Compensation:

- Base Salary The Board increased Mr. O Connor s 2014 base salary to \$440,000 from \$400,000 in both 2013 and 2012, in order to align his compensation with CEOs in the peer group and based on the performance of Bridge Bancorp.
- STIP Award - The Board awarded Mr. O Connor STIP an incentive award of 59.3% of base salary, which represents 79% of the overall maximum payout opportunity. The STIP Award of \$260,700 is paid 50% in cash and 50% in restricted stock that was granted in February 2015 and vests over five years.
- LTI Plan As noted above, the Board approved the re-design of the LTI Plan effective with the grant of equity in 2015 for 2014 performance. Under the new LTI Plan, the awards are granted in the form of restricted stock units (RSUs) with 60% performance vested based upon the achievement of target performance (50th percentile of peer banks) measured on the 3 Year Total Shareholder Return, and 40% time vested. Both vest on February 15, 2020 and require an additional two year holding period before the RSUs are delivered in shares of common stock.

The Summary Compensation Table for 2014, includes the cash portion of the STIP award earned in 2014 (\$130,350) based on 2014 performance, and restricted stock awards of \$308,520 granted on January 28, 2014 based on 2013 performance. The January 2014 restricted stock awards include (i) 4,127 shares valued at \$105,000 as of the date of grant that vest over 5 years, related to the 2013 STIP award based on 70% of opportunity, which is between target and maximum performance for 2013 and; (ii) 8,000 shares valued at \$203,520 as of the date of grant that vest over 7 years, awarded to Mr. O Connor under the discretionary Long Term Stock Incentive Program based on 2013 performance.

Other Named Executive Officer Compensation:

- Base Salaries As noted above, the Board increased base salaries for the other executives during 2014.
- STIP Award The Board awarded the 2014 STIP to each of the officers listed below at the same 79% achievement as for Mr. O Connor. In a similar fashion, all STIP Awards are paid 50% in cash and 50% in restricted stock that vest over five years.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- LTI Plan - The other executives also participated in the new LTI Plan described above with grants of equity in 2015 for 2014 performance.

The Summary Compensation Table includes the cash portion of the STIP award earned in 2014, based on 2014 performance and paid in 2015, and restricted stock awards granted on January 28, 2014 based on 2013 performance as presented below:

Shareholder Vote

At our 2014 annual meeting, 88% of our shareholders approved our say-on-pay resolution to approve the executive compensation disclosed in last year's proxy statement. Bridge Bancorp considered the shareholder advisory vote from the most recent annual meeting to be a positive endorsement of its current pay practices and believes the vote result is evidence that its compensation policies and decisions have been in the best interests of shareholders. As a result, the Compensation Committee retained its overall approach to executive compensation with the exception of the re-design of the Long Term Incentive Plan (LTI Plan) to include performance based awards. See *Key Compensation Decisions Executive Summary* for additional details on the LTI Plan. Bridge Bancorp will continue to monitor the level of support for each say-on-pay proposal in the future and will consider this alongside other factors as it makes future executive compensation decisions.

Overview of the Compensation Plan

The Committee has responsibility for establishing, implementing and continually monitoring adherence with Bridge Bancorp's compensation philosophy. The goal of the Committee is for the total compensation awarded to, earned by, and paid to our named executive officers and covered employees to be fair, reasonable and competitive and to comply with the regulatory guidance on Sound Incentive Compensation Policies (SICP). Our Named Executive Officers (referred to as NEOs) are Kevin M. O Connor, President and Chief Executive Officer, Howard H. Nolan, Senior Executive Vice President, Chief Administrative and Chief Financial Officer, Kevin L. Santacroce, Executive Vice President and Chief Lending Officer, James J. Manseau, Executive Vice President and Chief Retail Banking Officer, and John M. McCaffery, Executive Vice President and Treasurer. Covered employees included senior executives as well as other employees who, either individually or as part of a group, have the ability to expose Bridge Bancorp or Bank to material amounts of risk.

Compensation Philosophy and Objectives

The compensation philosophy, established by the Committee, provides broad guidance on executive compensation and, more specifically, the compensation of the NEOs and other covered employees. The incentive compensation plans are designed to be consistent with safety and soundness standards and the regulatory guidance on SICP. The Plans include consideration of the following key principles:

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- (1) Incentive compensation arrangements should provide employees with incentives that appropriately balance risk and financial results in a manner that does not encourage employees to expose Bridge Bancorp or Bank to imprudent risk;
- (2) These arrangements should be compatible with effective controls and risk management; and
- (3) These arrangements should be supported by strong corporate governance, including active and effective oversight by Bridge Bancorp's Board of Directors.

Bridge Bancorp's policies and procedures related to incentive plans have been reviewed by an independent compensation consultant, McLagan, to determine Bridge Bancorp's and Bank's compliance with the SICP. For

Table of Contents

NEOs, compensation comparisons are based on a peer group of banks, taking into consideration asset size, geographic location, and performance as well as internally developed goals. However, reasonable exceptions to this compensation philosophy are considered as appropriate by the Compensation Committee.

Specifically, the compensation philosophy includes:

- Aligning shareholder value with compensation;
- Providing a direct and transparent link between our performance and pay for the NEOs;
- Aligning the interests of Bridge Bancorp's senior executive officers with that of the shareholders through performance based incentive plans;
- Making wise use of Bridge Bancorp's equity resources to ensure compatibility between management and shareholder interests; and
- Awarding total compensation that is both reasonable and effective in attracting, motivating, and retaining key executives.

The compensation objectives of Bridge Bancorp, Inc. and The Bridgehampton National Bank, subject to experience and achieving plan performance, are to:

- Pay base salaries to Bridge Bancorp's senior executives at a level consistent with Bridge Bancorp's performance related to Bridge Bancorp's selected peer group (the market);
- Provide total cash compensation (salary and cash incentive compensation) to Bridge Bancorp's senior executives at a level consistent with performance related to market;
- Provide total direct compensation (the sum of salary, cash incentives and equity incentives) at a level consistent with performance related to market, based on planned and cumulative performance;
- Align senior management's interest with that of shareholders through increasing equity compensation relative to total incentive compensation; and
- Comply with the SICP.

In addition, Bridge Bancorp's compensation philosophy is to provide retirement benefits that are competitive with market practice. The Compensation Committee of the Board annually reviews the administration of the compensation plans.

We have considered the most recent shareholder say-on-pay advisory vote in determining compensation policies and decisions. In light of strong stockholder support, the Committee concluded that no material revisions were necessary to our executive officer compensation program.

Risk Assessment Process to Determine Covered Employees

Our management has reviewed all job positions to determine which positions have the ability to expose us to material risks. In determining whether an employee, or group of employees, may expose us to material risk, management considered the full range of inherent risks arising from or generated by, the employees' activities, including Credit/Asset Quality, Asset Liability/Interest Rate Risk, Liquidity, Operational/Transactional, Compliance/Legal, Reputation and Strategic risks. Risks are considered to be material if they are material to Bridge Bancorp or Bank, or a business line or operating unit of the Bridgehampton Bank that is itself material to Bridge Bancorp or Bank.

Principle 1: Balanced Risk Taking Incentives

Once determined, all covered employees' incentive plans were evaluated to determine if the plans appropriately balance risk and financial results in a manner that does not encourage imprudent risks.

Principle 2: Compatibility with Effective Controls and Risk Management

The Bank's risk management processes and internal controls reinforce and support the development and maintenance of balanced incentive compensation arrangements. These processes and controls include

Table of Contents

documentation to permit an audit of the effectiveness of the Bridgehampton Bank's process for establishing, modifying and monitoring incentive compensation arrangements.

Principle 3: Strong Corporate Governance

Our incentive compensation plans are supported by strong corporate governance, including active and effective oversight by the Compensation Committee and Board. In addition, the Compensation Committee reviews all incentive plans and has hired an independent compensation consultant, McLagan, to assess the incentive compensation arrangements for compliance with SICP. The Committee receives information and analysis from McLagan and management to allow the Committee and Board to assess whether the overall design and performance of the incentive compensation arrangements are consistent with Bridge Bancorp's and Bank's safety and soundness.

Role of Executive Officers in Compensation Decisions

The CEO provides recommendations to the Committee and Board on the other NEOs compensation. The Committee recommends and the Board approves all compensation decisions for the CEO as well as the other NEOs and approves recommendations regarding equity awards to certain officers of Bridge Bancorp. The NEOs annually review the performance and recommend compensation for senior management of Bridge Bancorp who are not NEOs.

Setting Executive Compensation

Based on the foregoing philosophy and objectives, the Committee has structured Bridge Bancorp's annual and long-term incentive-based cash and equity compensation to motivate executives to achieve the business goals set by Bridge Bancorp and reward the executives for achieving such goals. In furtherance of this, McLagan's annual review provides the Committee with relevant market data and alternatives to consider when making compensation decisions for the NEOs and on the recommendations being made by Bridge Bancorp's management for other key executives. In making compensation decisions, the Committee compares each element of total compensation against a peer group of publicly-traded financial institutions that are comparable in asset size and performance (collectively, the Compensation Peer Group). When selecting the peer group, peer bank performance is taken into consideration. The key performance measures used in selecting Bridge Bancorp's peer group are:

- Asset Size
- Geographic Location
- Core Return on Average Equity (ROAE)
- Non-Performing Assets as a Percentage of Total Assets

- Loan Portfolio Focused on Commercial Lending

Table of Contents

The Compensation Peer Group is periodically reviewed and updated by the Committee. Not all companies in the Compensation Peer Group reported data for each of our executive positions. The twenty two companies comprising the Compensation Peer Group for fiscal year 2014 for the Named Executive Officers follows:

Market compensation comparisons were based primarily on information from the Compensation Peer Group, which was supplemented with information from McLagan's proprietary financial institution database. Market data was aged by an annualized factor of 3.0% to adjust for the historical nature of the data. In addition, data from McLagan's database was adjusted utilizing data from the Economic Research Institute to reflect the cost of wages in Bridge Bancorp's local market.

Each NEO's current compensation was compared to the median of the applicable Compensation Peer Group and the regionally adjusted compensation data from McLagan's database. Overall base pay and the targeted level of total direct compensation for 2014 was competitive with the market median (9% below for base salary and 11% above for total direct compensation). A significant percentage of total compensation is allocated to incentives as a result of the philosophy mentioned above. The Committee's recommendations on granting options and restricted stock awards are based on the evaluation of Bridge Bancorp's performance in connection with year-end results, the individual's accomplishments and the position held by the individual. The NEOs are parties to employment and/or change in control agreements which are described elsewhere in this Proxy statement.

2014 Executive Compensation Components

For fiscal year ended December 31, 2014, the principal components of compensation for NEOs were:

- Base salary
- Short term incentive program
- Long term equity incentive compensation
- Retirement and other benefits
- Perquisites and other personal benefits

Base Salary

Bridge Bancorp provides NEOs and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for NEOs are determined for each executive based on his or her position and responsibility by using market data. Base salary ranges are designed so that salary opportunities for a given position will generally reflect +/- 15% of the market 50th percentile. The annual salary of the NEOs is reviewed annually by the Compensation Committee and Board of Directors.

Base salaries for the NEOs for 2014 and 2013 follows:

	2014		2013	% Change
Kevin M. O Connor	\$ 440,000	\$	400,000	10.0%
Howard H. Nolan	\$ 280,000	\$	255,000	9.8%
Kevin Santacroce	\$ 260,000	\$	235,000	10.6%
James Manseau	\$ 260,000	\$	235,000	10.6%
John M. McCaffery	\$ 250,000			

Table of Contents

The increases in 2014 base salaries addressed the general shortfall to market and to bring the NEOs into alignment with the base salaries of the proxy peers. Mr. McCaffery became a NEO in 2014.

Short Term Incentive Program

Each NEO has an incentive opportunity defined by a target incentive and range that is based on their role and competitive market practice. Incentive targets/ranges are expressed as a percentage of base salary and determined based on competitive market practice for similar roles in similar organizations. The Board established the financial performance targets to be used in establishing awards under the STIP for fiscal 2014, as well as the percentage of base salary that can be earned by each category of officer based on the achievement of targets. The Plan is structured as follows:

	Weighing %
<u>Goals Relative to Peers</u>	
Core ROAE	30%
Core Operating Expense to Average Assets	10%
Total Relative Goals	40%
<u>Board Defined Absolute Goals</u>	
Core EPS	20%
NPA to Assets	10%
Net Chargeoffs to Avg Loans	10%
Total Absolute Goals	40%
Board Discretion	20%
Total	100%

The relative peer goals are measured using the trailing twelve months of performance as of September 30. The absolute goals are established by the Board and based on the year ended December 31, 2014. The remaining 20% is determined at the discretion of the Board. Bridge Bancorp also maintains a STIP for non-NEOs based on absolute goals approved by the Committee and Board. The NEOs have agreed that their performance achievement will not exceed the performance achievement of the non-NEOs STIP. The Core goals above exclude the costs associated with the acquisitions of FNB NY and CNB, branch restructuring costs and net losses on the sale of securities. We set our threshold, target and maximum performance levels as follows for the Core ROAE and Core Operating Expense to Average Assets relative peer measures:

- Threshold Performance: 25th percentile
- Target Performance: 50th percentile
- Maximum Performance: 75th percentile

In order to earn a minimum payout, Bridge Bancorp's performance achievement must equal or exceed the threshold level. If none of the performance criteria are achieved, no short term incentive is earned under the plan. However, the Compensation Committee may at its discretion, recommend to the Board awards it considers reasonable. For 2014, Bridge Bancorp's performance achievement was as follows:

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Quantitative Measures	80%						68%
Board Discretion	20%						11%
Total Achievement	100%						79%

*Relative measures are based on the Twelve Months Ended 9/30/14

Bridge Bancorp's achievement for the relative peer measures reflects Core ROAE at the 65th percentile and Operating Expense to Average Assets at the 77th percentile. In determining the discretionary % to be awarded, the Committee and Board considered Bridge Bancorp's % achievement for the quantitative measures as well as the quantitative performance of the non-NEOs' STIP. As the non-NEOs' STIP quantitative performance was 61%, the Board adjusted the discretionary component awarded to the NEOs from 18% to 11%, resulting in total achievement of 79% of the maximum incentive opportunity, consistent with the non-NEOs' STIP performance achievement, and awarded the following payout % of base salary for each NEO:

NEO	Payout Opportunity as a % of Base Salary			Actual Payout % of Base Salary
	Threshold %	Target %	Maximum %	
Kevin M. O'Connor	25%	50%	75%	59.3%
Howard H. Nolan	18.5%	37%	55%	43.5%
Kevin L. Santacrose	17%	34%	50%	39.5%
James J. Manseau	17%	34%	50%	39.5%
John M. McCaffery	17%	34%	50%	39.5%

As described fully in the proxy filed in 2014, the 2013 Plan had six performance goals; four relative measures vs the compensation peer group: return on average equity, operating expense to average assets, nonperforming assets as a percentage of total assets, and net charge-offs; and two absolute measures determined by the Board: earnings per share growth and management of capital. Bridge Bancorp achieved 70% of the maximum incentive opportunity in 2013 and these results determined the \$ value of the equity awards granted in 2014.

In order to further ensure that Bridge Bancorp's compensation programs do not encourage undue and unnecessary risks and promote a long-term outlook among the NEOs, the Committee and Board determined that the amount earned under the Short Term Incentive Plan for 2014 will be paid to the NEOs, partially (50%) in cash and partially (50%) in restricted stock awards. Each restricted stock award vests over five years, with one third vesting in each of years 3, 4 and 5. Dividends are paid on unvested restricted stock awards.

The incentive compensation earned by NEOs for the years ended December 31, 2014 and 2013, respectively, reflecting the impact of performance achievements is as follows:

The 2013 restricted stock awards noted in the table above are included in the 2014 Summary Compensation Table under the heading *Stock Awards* .

Long Term Stock Incentive Program

The 2012 Stock-Based Incentive Plan (2012 SBIP), which was approved by Bridge Bancorp s stockholders at the 2012 Annual Meeting of Stockholders, gives the Board the latitude to provide incentives and rewards to employees and Directors who are largely responsible for the success and growth of Bridge Bancorp, Inc. and its affiliates, and to assist all such entities in attracting and retaining experienced and qualified Directors, executives and other key employees.

Stock options may be either incentive stock options, which bestow certain tax benefits on the optionee, or non-qualified stock options, not qualifying for such benefits. All options have an exercise price that is not less than the market value of Bridge Bancorp s Common Stock on the date of the grant. Historically, stock based awards under Bridge Bancorp s plans have either been stock options or shares of restricted stock (which are shares of Common Stock that are forfeitable and are subject to restrictions on transfer prior to the vesting date).

The vesting of restricted stock depends upon the executives continuing to render services to Bridge Bancorp. Restricted stock awards carry dividend and voting rights from the date of grant. Restricted shares are forfeited if the award holder departs Bridge Bancorp before vesting. Options have no value unless Bridge Bancorp s stock price rises over time, and the value of restricted shares over time also is directly proportionate to the market value of Bridge Bancorp s stock. The Committee s recommendations on granting options and restricted stock awards are based on the evaluation of Bridge Bancorp s performance in connection with year end results, the individual s accomplishments, the position held by the individual and the individual s overall compensation compared to Bridge Bancorp s compensation peer group. The Summary Compensation Table includes 21,000 shares of restricted stock granted to the certain NEOs based on 2013 performance (8,000 shares to Mr. O Connor and 3,500 shares each to Messrs. Nolan, Santacroce and Manseau and 2,500 shares to Mr. McCaffery) on January 28, 2014 as part of the long term stock incentive program. These shares vest over seven years in three equal installments with the first installment vesting on February 15, 2019 and succeeding installments on each anniversary thereafter through February 15, 2021. Dividends are paid on unvested restricted stock awards.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

As discussed previously, in 2014 the Compensation Committee and Board re-designed the LTI Plan for the NEOs to include performance based awards. Sixty percent of the awards are performance vested, and 40% are time vested. The performance based awards are in the form of restricted stock units (RSUs) and are subject to adjustment up or down based upon Bridge Bancorp's 3 year TSR relative to peer banks. The awards cliff vest in five years and require an additional two year holding period before the RSUs are delivered in shares of common stock. Dividends on unvested RSUs accrue to the executive in the form of additional RSUs and are subjective to forfeiture prior to vesting.

Retirement and Other Benefits

The Bank maintains a 401(k) plan (the 401(k) Plan) for the benefit of its employees. During 2014, the Bridgehampton Bank matched 100% of the employee's contributions up to 1% of pay plus 50% of the employee's contributions that exceed 1% but are less than 6% of pay (a maximum company match of 3.5% of pay). All employees, including the NEOs, can defer a minimum of 1% and a maximum of 100% of their annual income as

Table of Contents

long as the deferred compensation does not exceed Internal Revenue Service (IRS) limits. In addition, employees of Tier 2 and Tier 3 (Tiers described below) may receive a discretionary profit sharing benefit.

The Bank maintains a non-contributory, tax-qualified defined benefit pension plan (the Pension Plan) for eligible employees. All employees hired before October 1, 2012 that are at least age 21 and have completed at least one year of service are eligible to participate in the Pension Plan. The Pension Plan provides for a benefit for each participant according to the Tier the employee belongs to outlined below. Compensation used to determine benefits are all wages, tips, and other compensation as reported on form W-2, such as any amounts which are treated as salary reduction contributions under a 401(k) plan, a cafeteria plan or a qualified flexible benefits plan. The Normal Benefit Form is a Single Life Pension with 60 payments guaranteed. There are a number of optional forms of benefit available to the participants, all of which are adjusted actuarially. Participants are eligible for early retirement upon attaining age 55. As required by law, the Pension Plan is covered by the insurance program of the Pension Benefit Guaranty Corporation.

Tier 1 NEOs and Certain Employees Who Met Specified Age and Service Requirements

- These employee's benefits under the Pension Plan are 1.50% of the participant's average annual compensation multiplied by creditable service (up to 35 years); plus 1.00% of the participant's average annual compensation multiplied by creditable service (in excess of 35 years); minus 0.49% of the participant's average annual compensation in excess of Covered Compensation multiplied by creditable service (up to 35 years). The employee's average annual compensation is determined using the highest average compensation during five consecutive years of employment or all years of employment, if less than five.

Tier 2 All Other Employees Hired before October 1, 2012

- These employee's benefits under the Pension Plan are their accrued benefits determined using the Tier 1 formula above, but frozen for increases in service and compensation as of December 31, 2012. In addition, these employees receive benefits under the Pension Plan using a cash balance formula for all plan years beginning after December 31, 2012. The Pay credits under the cash balance formula are 3.75% of annual compensation for employees with less than 15 years of service and 5% of annual compensation for employees with more than 15 years of service. The interest credits are determined by multiplying the employee's hypothetical account balance as of the beginning of a plan year by the actual dollar-weighted rate of return on plan investments during that plan year.

Tier 3 All Employees Hired on or after October 1, 2012

- These employees are excluded from the Pension Plan.

The Bank has a Supplemental Executive Retirement Plan (the SERP), under which additional retirement benefits are accrued for the CEO and CAO. Under the defined benefit component of the SERP, the amount of supplemental retirement benefits is based upon a benefit at normal retirement which approximates the differences between (i) the total retirement benefit the participant would have received under the Pension

Plan without taking into account limitations on compensation and annual benefits; and (ii) the retirement benefit the participant is actually entitled to under the Pension Plan at normal retirement. Under the defined contribution component of the SERP, the amount of the supplemental retirement benefit is the difference between (i) the total matching contribution that would have been contributed by the Bridgehampton Bank to the executive's account under the 401(k) Plan based on the executive's compensation, without taking into account limitations on compensation and annual benefits; and (ii) the maximum amount that could have been contributed to the executive's account under the 401(k) Plan with respect to such compensation.

Perquisites and Other Personal Benefits

Bridge Bancorp provides NEOs with perquisites and other personal benefits that Bridge Bancorp and the Committee believe are reasonable and consistent with its overall compensation program to better enable Bridge Bancorp to attract and retain employees for key positions. Tax Implications

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits deductions of compensation paid to NEOs (other than the CFO) to \$1 million per year unless the compensation is performance-based. Stock option grants are intended to qualify as performance-based compensation. Although the Committee does not have a formal policy with respect to the payment of compensation in excess of the deductibility limits, compensation paid to the NEOs historically has fallen within the tax code limitations for deductibility.

Clawback Policy

In February 2009, the Committee adopted a clawback policy, to recover certain incentive payments paid to Bridge Bancorp's NEOs if (1) the payments or awards were based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, and (2) the amount of the incentive compensation, as calculated under the restated financial results, is less than the amount actually paid or awarded under the original financial results.

Stock Ownership Guidelines

The Board of Directors believes that it is in the best interest of Bridge Bancorp and its shareholders to align the financial interests of Company executives and directors with those of shareholders. In March 2011, Stock Ownership Guidelines were implemented for NEOs and Directors of Bridge Bancorp that require the following minimum investment in Company common stock:

Directors:	\$100,000
NEOs:	One times (1.0x) annual base salary

Stock holdings are expected to be achieved within three (3) years of the implementation of the ownership guidelines or the starting date of the individual, whichever is later. Stock ownership for NEOs and Directors will be reviewed annually as part of the annual executive performance evaluation process and as part of the Board review. These guidelines will allow for extenuating circumstances and discretion in the evaluation process. The Compensation Committee shall be responsible for the periodic review of the policy. Any changes to the policy will require the approval of the Board of Directors. The Committee monitors executives' ownership annually. At this time, all Directors and NEOs have achieved their target stock ownership guidelines.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of Bridge Bancorp has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Payments under both the defined contribution and defined benefit pension plan component of the SERP begin six months after the participant separates from service with the Bridgehampton Bank. In the event of a change in control of the Bridgehampton Bank, the SERP will be terminated and amounts will be paid to participants in a single lump sum payment on the date of the change in control.

The vested balances under the defined benefit pension plan component of the SERP are included in the Pension Benefits table (above). The following table shows, as of December 31, 2014, Bank contributions and earnings, and the aggregate vested account balances of Messrs. O Connor and Nolan under the defined contribution component of the SERP. Aggregate earnings in this table have not been reported in the Summary Compensation Table, respectively, as they are not preferential or above market as defined in SEC regulations.

DIRECTOR COMPENSATION

Cash Compensation Paid to Board Members

All of the members of the Board of Directors of Bridge Bancorp also serve on the Board of the Bridgehampton Bank. For 2014, each outside (non-employee) Director received an annual fee of \$17,500 from the Bridgehampton Bank. The Chairperson of the Board of Directors receives an additional annual fee of \$5,000. The Vice Chairperson of the Board of Directors, the Chairperson of the Audit Committee, and the Chairperson of the Compensation Committee receive an additional annual fee of \$2,500. All Directors are compensated \$500 for each Board meeting. Outside Directors who are members of Board Committees are compensated \$500 per meeting attended. Effective July 1, 2014, the annual retainer for each director was increased by \$12,000 payable in cash at \$1,000 per month.

Equity Awards Program

In addition, each non-employee director received a \$5,000 annual retainer in the form of restricted stock units.

Deferred Compensation Plan

The Directors Deferred Compensation Plan, effective April 1, 2009, is a nonqualified deferred compensation plan, which allows a Director to defer his or her annual retainer earned from May 1 to April 30 (the Plan Year) and to have such amounts invested in restricted stock units. The value of a restricted stock unit will be determined based on the fair market value of a share of Common Stock, with fair market value determined based on the trailing 10-day average. Directors who elect to defer will be deemed to defer their annual retainer as of the first day of each Plan Year, or May 1. With respect to each Plan Year's deferral, a Director will vest pro-rata during such Plan Year and will become fully vested after twelve months of service, except a Director will be fully vested upon disability, death or retirement. All deferrals will be credited to a Director's account as restricted stock units and distributions from the Plan will be made in shares of Common Stock. The restricted stock units do not have any voting rights. There are no preferential earnings on amounts deferred. Dividends will be paid on restricted stock units, in the same amount as dividends paid on the Common Stock, and will accrue as additional restricted stock units. At the time a Director elects to make a deferral election, he or she will also elect the time that the amounts credited to his or her account will be distributed and whether such amounts will be

paid in a lump sum or installments. Such payment shall be made at the time elected by the Director, which shall be the earlier of the Director's cessation of service, a change in control of Bridge Bancorp or a specified date.

PROPOSAL V ADVISORY NON-BINDING VOTE TO APPROVE EXECUTIVE COMPENSATION

The Board believes that the Company's compensation programs and policies are centered on a pay for performance culture and are strongly aligned with the long-term interests of shareholders.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

We are asking shareholders to vote in an advisory, non-binding manner to approve the compensation paid to our Named Executive Officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K (including the Compensation Discussion and Analysis, compensation tables and accompanying narrative discussion). Item 402 of Regulation S-K is the SEC regulation that sets forth the disclosure companies must include in their proxy statement as to executive compensation. At the 2011 Annual Meeting of Shareholders, the Board of Directors recommended, and the shareholders approved, a non-binding vote in favor of holding an annual advisory vote on executive compensation. As a result, the Board of Directors determined that the Company will hold an annual advisory vote to approve executive compensation.

This proposal, commonly known as a *Say on Pay* proposal, gives you as a shareholder the opportunity to vote on our executive pay program. The Board of Directors is requesting shareholders to cast a non-binding advisory vote on the following resolution:

Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Because this vote is advisory, it will not be binding upon the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Bridge Bancorp board recommends a vote *FOR* this proposal.

Table of Contents**PROPOSAL VI - RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Crowe Horwath LLP (Crowe Horwath) was the Independent Registered Public Accounting Firm of the Company for the year ended December 31, 2014, and has been selected to serve as the Company's Independent Registered Public Accounting Firm for 2015. Representatives of Crowe Horwath are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions from shareholders.

Shareholder ratification of the selection of Crowe Horwath is not required by the Company's bylaws or otherwise. However, the Board is submitting the selection of the Independent Registered Public Accounting Firm to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of Crowe Horwath, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different Independent Registered Public Accounting Firm at any time during the year if it determines that such change is in the best interests of the Company and its shareholders.

The Bridge Bancorp board recommends a vote FOR this proposal.

Fees Paid To Crowe Horwath LLP

The following table presents fees for professional audit services rendered by Crowe Horwath for the audit of our annual financial statements and other professional services provided for the years ended December 31, 2014 and 2013.

- (1) Audit fees for 2014 and 2013 consist of professional services rendered for the annual audit of our financial statements and audit of internal controls over financial reporting, along with the review of financial statements included in our quarterly reports.
- (2) Audit-related fees for 2014 consist of consent procedures associated with the registration statement filed with the SEC on Form S-3 and Form S-4. Audit-related fees for 2013 consist of fees paid to Crowe Horwath LLP for procedures relating to our registration statements associated with our acquisition of FNB NY.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- (3) Crowe Horwath did not provide any services to the Company relating to tax compliance, tax advice and tax planning during the fiscal years ended December 31, 2014 and 2013.
- (4) Crowe Horwath did not provide any other services to the Company during the fiscal years ended December 31, 2014 and 2013.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee has adopted policies and procedures for the pre-approval of the above fees. All requests for services to be provided by Crowe Horwath are submitted to the director of internal audit, who subsequently requests pre-approval from the Audit Committee Chairperson. A schedule of approved services is then reviewed and approved by the entire Audit Committee at the next Audit Committee meeting.

In order to ratify the selection of Crowe Horwath as the Company's Independent Registered Public Accounting Firm for the 2015 fiscal year, the proposal must receive the affirmative vote of at least a majority of the votes cast at the Annual Meeting, either in person or by proxy.

The holders of a majority of the shares of CNB common stock outstanding and entitled to vote at the special meeting, present in person or represented by proxy, will constitute a quorum at the special meeting. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present and have the effect of votes cast against the merger agreement.

Recommendation of the Board of Directors

CNB PROPOSALS

Proposal No. 1 CNB Merger Proposal

CNB is asking its shareholders to approve the merger agreement and the transactions contemplated thereby. Holders of CNB common stock should read this joint proxy statement/prospectus carefully and in its entirety, including the appendices, for more detailed information concerning the merger agreement and the merger. A copy of the merger agreement is attached to this joint proxy statement/prospectus as Appendix A.

After careful consideration, the CNB board of directors, by a unanimous vote of all directors, approved the merger agreement and declared the merger agreement and the transactions contemplated thereby, including the merger, to be advisable and in the best interests of CNB and the shareholders of CNB. See *The Merger and the Merger Agreement Recommendation of the CNB Board of Directors and Reasons for the Merger* included elsewhere in this joint proxy statement/prospectus for a more detailed discussion of the CNB board of director's recommendation.

The CNB board recommends a vote FOR the CNB merger proposal.

Proposal No. 2 CNB Adjournment Proposal

The CNB special meeting may be adjourned to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the CNB special meeting to adopt the CNB merger proposal.

If, at the CNB special meeting, the number of shares of CNB common stock present or represented and voting in favor of the CNB merger proposal is insufficient to adopt the CNB merger proposal, CNB intends to move to adjourn the CNB special meeting in order to enable the CNB board to solicit additional proxies for approval of the merger. In that event, CNB will ask its shareholders to vote upon the CNB adjournment proposal, but not the CNB merger proposal.

In this proposal, CNB is asking its shareholders to authorize the holder of any proxy solicited by the CNB board on a discretionary basis to vote in favor of adjourning the CNB special meeting to another time and place for the purpose of soliciting additional proxies, including the solicitation of proxies from CNB shareholders who have previously voted.

The CNB board recommends a vote FOR the CNB adjournment proposal.

INFORMATION ABOUT COMMUNITY NATIONAL BANK

Founded in 2005, CNB is a national bank regulated by the Office of the Comptroller of the Currency. CNB engages in general commercial banking business from its main office in Great Neck, New York, eight branch offices located in Nassau and western Suffolk counties on Long Island, one branch office in Manhattan, New York City and one branch office in Queens, New York City. CNB provides its customers with a variety of banking services such as transactional deposit accounts, time deposit accounts, consumer and business loans and merchant bank card services.

CNB primarily conducts its business in and around the New York City – Long Island metropolitan area, including northern New Jersey. This area contains a mix of commercial and residential loan opportunities. As a locally-owned and community-oriented bank, CNB focuses on developing extensive loan and deposit relationships with owner-operated businesses, professionals and individuals. CNB is able to develop these relationships by employing experienced local professionals to originate loans and deposits, call on customers, and manage its eleven convenient locations. CNB provides its customers with state of the art technology, such as its desk top banker product, to provide convenience and efficiency to their businesses. CNB believes that business owners, professionals and individuals want to know and interact with their banker and prefer that decisions made on their respective loan requests be made locally by officers that know their business and the surrounding communities. CNB provides this service while maintaining strong asset quality through prudent underwriting standards. CNB's board of directors and senior management encourage its officers, directors and employees to be actively involved in civic and public organizations and activities in the community. In addition to providing support to local charities and civic organizations, community participation assists CNB in meeting its obligations under the Community Reinvestment Act and provides CNB with increased name recognition among community and civic leaders.

Subject to lending policies and limitations established from time to time by CNB's board of directors and to prevailing economic conditions, CNB provides the community with residential loans for one to four unit dwellings, housing rehabilitation loans, home improvement loans, small business loans, commercial and commercial real estate loans and consumer loans.

CNB's earnings depend primarily on its net interest income, the difference between the income earned on its loans and investments and the interest paid on its deposits and other liabilities. Among the factors affecting net interest income are the type, volume and quality of CNB's assets, the type and volume of CNB's deposits and the relative sensitivity of CNB's interest-earning assets and interest-bearing liabilities to changes in market interest rates.

In addition, CNB's income is affected by the fees it receives from other banking services, by gains and losses in its SBA lending and investment portfolio, by required provisions for loan losses and by the level of its operating expenses. All aspects of CNB's operations are affected by general market, economic and competitive conditions.

Effective as of January 1, 2015, CNB, as well as other national banks and State-chartered banks, became subject to new regulatory capital standards commonly known as Basel III. Among other things, Basel III establishes a new common equity Tier 1 minimum capital requirement (4.5% of risk-weighted assets in order to be considered adequately capitalized) and increases the minimum Tier 1 capital to risk-based assets requirement (from 4% to 6% of risk-weighted assets in order to be considered adequately capitalized). Banks will also be required to have a total capital ratio of 8% (unchanged from current rules) and a Tier 1 leverage ratio of 4% (unchanged from current rules) in order to be considered adequately capitalized. Basel III also requires a bank to have a capital conservation buffer consisting of 2.5% of common equity Tier 1 capital to risk-weighted assets in addition to the amount necessary to meet its minimum risk-based capital requirements to be considered adequately capitalized. The capital conservation buffer requirement will be phased in beginning in January 1, 2016 at 0.625% of common equity

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Tier 1 capital to risk-weighted assets and would increase by that amount each year until fully implemented in January 2019 at 2.5% of common equity Tier 1 capital to risk-weighted assets.

As of December 31, 2014, CNB had approximately 118 full-time equivalent employees.

Management's Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

Who CNB Is and How It Generates Income

The information in this report reflects the financial condition and results of operations of CNB. CNB's results of operations are primarily dependent on its net interest income, which is mainly the difference between interest income on loans and investments and interest expense on deposits and borrowings. CNB also generates non-interest income, such as fee income on deposit accounts and net gains on sales of securities and loans and servicing income. The level of its non-interest expenses, such as salaries and benefits, occupancy and equipment costs, other general and administrative expenses and income tax expense, further affects CNB's net income. Certain reclassifications have been made to prior year amounts and the related discussion and analysis to conform to the current year presentation. These reclassifications did not have an impact on net income or total stockholders' equity.

Year and Quarterly Highlights

- Net income was \$0.9 million and \$0.13 per diluted share for the fourth quarter of 2014 compared to \$0.9 million and \$0.14 per diluted share for the fourth quarter of 2013. Net income for 2014 was \$4.3 million and \$0.63 per diluted share, compared to \$3.0 million and \$0.44 per diluted share in 2013.
- Returns on average assets and equity for 2014 were 0.49% and 5.73%, respectively.
- Net interest income increased to \$30.7 million for 2014 compared to \$26.5 million in 2013.
- Net interest margin was 3.62% for 2014 and 3.74% for 2013.
- Total assets were \$950.7 million at December 31, 2014, an increase of \$132.1 million or 16.1% from last year.
- Total loans held for investment were \$761 million at December 31, 2014, an increase of 15.0% from December 31, 2013.

CRITICAL ACCOUNTING POLICIES

Note 1 of CNB's Notes to The Financial Statements for the year ended December 31, 2014 contains a summary of our significant accounting policies. Various elements of CNB's accounting policies, by their nature, are inherently subject to estimation techniques, valuation assumptions and other subjective assessments. CNB's policy with respect to the methodologies used to determine the allowance for loan losses is its most critical accounting policy. This policy is important to the presentation of CNB's financial condition and results of operations, and it involves a higher degree of complexity and requires management to make difficult and subjective judgments, which often require assumptions or estimates

about highly uncertain matters. The use of different judgments, assumptions and estimates could result in material differences in CNB's results of operations or financial condition.

The following is a description of CNB's critical accounting policy and an explanation of the methods and assumptions underlying its application.

ALLOWANCE FOR LOAN LOSSES

The allowance for loan losses is available to cover probable losses incurred in the loans held-for-investment portfolio. Loans held-for-investment, or portions thereof, deemed uncollectible are charged to the allowance for loan losses, while recoveries, if any, of amounts previously charged-off are added to the allowance. Amounts are charged-off after giving consideration to such factors as the customer's financial condition, underlying collateral values and guarantees, and general economic conditions. The evaluation process for determining the adequacy of the allowance for loan losses and the periodic provisioning for estimated losses is undertaken on a quarterly basis, but may increase in frequency should conditions arise that would require CNB's prompt attention. Conditions giving rise to such action are acquisitions or dispositions of large quantities of loans, dispositions of non-performing and marginally performing loans by bulk sale or any development which may indicate an adverse trend. Recognition is also given to the changing risk profile resulting from customer performance, results of ongoing credit-quality monitoring processes and the cyclical nature of economic and business conditions.

The loan portfolio is categorized according to collateral type, loan purpose or borrower type (i.e., commercial, consumer). The categories used include multifamily mortgages, residential one-to-four family mortgages, commercial mortgages, commercial and industrial, consumer, and construction and land.

Table of Contents

Multifamily residential properties and commercial mortgages generally are larger than one-to-four family residential loans and involve a greater degree of risk. Payments on these loans depend to a large degree on the results of operations and management of the properties or underlying businesses, and may be affected to a greater extent by adverse conditions in the real estate market or the economy in general. Accordingly, the nature of commercial real estate loans makes them more difficult for management to monitor and evaluate.

Commercial and industrial lending generally involves greater risk than mortgage lending and involves risks that are different from those associated with residential and commercial real estate lending. Real estate lending is generally considered to be collateral based, with loan amounts based on predetermined loan to collateral values and liquidation of the underlying real estate collateral is viewed as the primary source of repayment in the event of borrower default. Although commercial and industrial loans may be collateralized by equipment or other business assets, the liquidation of collateral in the event of a borrower default is often an insufficient source of repayment because equipment and other business assets may be obsolete or of limited use, among other things. Accordingly, the repayment of a commercial and industrial loan depends primarily on the creditworthiness of the borrower (and any guarantors), while liquidation of collateral is a secondary and often insufficient source of repayment.

Residential one-to-four family mortgages and home equity lines of credit have as collateral a borrower's primary residence, second home or investment property. The risk of loss on these loans would be due to collateral deficiencies due to market deterioration or location and condition of the property. The foreclosure process of a primary residence is usually the final course of action on these types of loans. Given CNB's underwriting criteria and the volume and balance of the loans as compared to collateral, the risk in this portfolio segment is less than that of the other segments.

Consumer loans generally have shorter terms and higher interest rates than one-to-four family mortgage loans. In addition, consumer loans expand the products and services CNB offers to better meet the financial services needs of its customers. Consumer loans generally involve greater credit risk than residential mortgage loans because of the difference in the underlying collateral. Repossessed collateral for a defaulted consumer loan may not provide an adequate source of repayment of the outstanding loan balance because of the greater likelihood of damage to, loss of, or depreciation in the underlying collateral. The remaining deficiency often does not warrant further substantial collection efforts against the borrower beyond obtaining a deficiency judgment. In addition, consumer loan collections depend on the borrower's personal financial stability. Furthermore, the application of various federal and state laws, including federal and state bankruptcy and insolvency laws, may limit the amount that can be recovered on such loans.

Construction and land loans are primarily collateralized by the acquired land and the constructed premises. These loans require continuous attention and monitoring of the construction progress. The repayment of these loans is contingent upon the borrower's ability to complete and sell the constructed property or generate enough rental income to service the permanent debt. As a result, the risk with these loans is that they are contingent upon future events whose probability at the time of origination is uncertain. Therefore, these loans receive a higher risk rating than all other loan types.

The methodology employed for assessing the adequacy of the allowance consists of the following criteria:

- Establishment of reserve amounts for specifically identified criticized loans, including those designated as requiring special attention by CNB's internal loan review program, or CNB's regulatory examinations (specific-allowance method).

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- An allocation to the remaining loans giving effect to historical losses experienced in each loan category, cyclical trends and current economic conditions which may impact inherent losses (loss experience factor method).

The initial allocation or specific-allowance method commences with loan officers and underwriters grading the quality of their loans on a risk classification scale ranging from 1 to 8. Loans identified as below investment grade are referred to CNB's independent Loan Review Consultant (LRC) for further analysis and identification of those factors that may ultimately affect the full recovery or collectability of principal and/or interest. These loans are subject to continuous review and monitoring while they remain in a criticized category. Additionally, LRC is responsible for performing periodic reviews of the loan portfolio independent from the identification process employed by loan officers and underwriters. Loans that fall into criticized categories are further evaluated for

Table of Contents

impairment. The portion of the allowance allocated to impaired loans is based on the most appropriate of the following measures: discounted cash flows from the loan using the loan's effective interest rate, the fair value of the collateral for collateral dependent loans, or the observable market price of the impaired loan.

The remaining allocation applies a category specific loss experience factor to loans which have not been specifically reviewed for impairment, including smaller balance homogeneous loans that have been identified as residential and consumer. These category specific factors give recognition to CNB's historical loss experience as well as economic factors. These economic factors include consideration of the following: levels of and trends in delinquencies and impaired loans; levels of and trends in charge-offs and recoveries; trends in volume and terms of loans; effects of any changes in risk selection and underwriting standards; other changes in lending policies, procedures, and practices; experience, ability, and depth of lending management and other relevant staff; national and local economic trends and conditions; industry conditions; and effects of changes in credit concentrations.

These factors are reviewed on a quarterly basis with senior lenders to ensure that the factors applied to each loan category are reflective of trends or changes in the current business environment which may affect these categories.

Upon completion of both allocation processes, the specific and loss experience factor method allocations are combined, producing the allocation of the allowance for loan losses by loan category. Other factors used to evaluate the adequacy of the allowance for loan losses include the amount and trend of criticized loans, results of regulatory examinations, peer group comparisons and economic data associated with the relevant markets, specifically the local real estate market. Because many loans depend upon the sufficiency of collateral, any adverse trend in the relevant real estate markets could have a significant adverse effect on the quality of CNB's loan portfolio.

For additional information regarding our allowance for loan losses, see Note 1 to the Financial Statements.

NET INCOME

Net income for 2014 totaled \$4.3 million or \$0.63 per diluted share while net income for 2013 totaled \$3.0 million or \$0.44 per diluted share, as compared to net income of \$2.9 million, or \$0.43 per diluted share for the year ended December 31, 2012. Net income in 2014 increased \$1.4 million or 45.9% compared to 2013 and net income for 2013 increased \$0.1 million or 3.5% as compared to 2012. Significant trends for 2014 include: (i) a \$4.2 million or 15.9% increase in net interest income; (ii) a \$1.3 million decrease in the provision for loan losses; (iii) a \$0.2 million or 5.3% increase in total non-interest income due to higher service charges on deposits; and (iv) a \$3.1 million or 14.4% increase in total non-interest expenses including \$0.6 million of merger related costs associated with Bridgehampton Bank's acquisition of CNB. The effective income tax rate was 41.1% for 2014 compared to 37.1% for 2013.

NET INTEREST INCOME

Net interest income, the primary contributor to earnings, represents the difference between income on interest earning assets and expenses on interest bearing liabilities. Net interest income depends upon the volume of interest earning assets and interest bearing liabilities and the interest

rates earned or paid on them.

The following table sets forth certain information relating to CNB's average balance sheets and its statements of income for the years indicated and reflect the average yield on assets and average cost of liabilities for the years indicated. Such yields and costs are derived by dividing income or expense by the average balance of assets or liabilities, respectively, for the years shown. Average balances are derived from daily average balances and include nonaccrual loans. The yields and costs include fees, which are considered adjustments to yields. Interest on nonaccrual loans has been included only to the extent reflected in the statements of income. For purposes of this table, the average balances for investments in debt and equity securities exclude unrealized appreciation/depreciation due to the application of FASB ASC 320, *Investments - Debt and Equity Securities*.

RATE/VOLUME ANALYSIS

Net interest income can be analyzed in terms of the impact of changes in rates and volumes. The following table illustrates the extent to which changes in interest rates and in the volume of average interest earning assets and interest bearing liabilities have affected CNB's interest income and interest expense during the periods indicated. Information is provided in each category with respect to (i) changes attributable to changes in volume (changes in volume multiplied by prior rate); (ii) changes attributable to changes in rates (changes in rates multiplied by prior volume); and (iii) the net changes. For purposes of this table, changes that are not due solely to volume or rate changes have been allocated to these categories based on the respective percentage changes in average volume and rate. Due to the numerous simultaneous volume and rate changes during the periods analyzed, it is not possible to precisely allocate changes between volume and rates. In addition, average earning assets include nonaccrual loans.

The net interest margin declined to 3.62% in 2014 compared to 3.74% for the year ended December 31, 2013. The decrease in 2014 was primarily the result of lower yields on new loan originations. Total average interest earning assets in 2014 increased \$139.1 million or 19.7% over 2013 levels, yielding 4.14% and the overall funding cost was 0.54%, including demand deposits. The yield on interest earning assets decreased approximately 14 basis points while the cost of interest bearing liabilities decreased slightly by approximately 3 basis points during 2014 compared to 2013. The increase in average total interest bearing deposits of \$103.8 million and the increase in average demand deposits of \$32.8 million funded a majority of the loan growth during 2014. Average net loans grew \$137.7 million or 23.9% to \$713.5 million at December 31, 2014 when compared to December 31, 2013.

The net interest margin improved to 3.74% in 2013 compared to 3.62% for the year ended December 31, 2012. The improvement in the margin was due to a 29 basis point decline in total interest bearing liabilities during 2013 as longer term certificate of deposit and Federal Home Loan Bank advances matured into similar terms at lower yields. In addition, average demand deposits increased \$48.8 million or 39% to \$173.9 million at December 31, 2013 when compared to the same period in 2012. The yield on interest earning assets decreased 9 basis points as new loans were originated at lower rates.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Net interest income was \$30.7 million in 2014 compared to \$26.5 million in 2013 and \$21.0 million in 2012. The increase in net interest income of \$4.2 million or 15.9% as compared to 2013, and the increase in net interest income of \$5.5 million or 26.3% in 2013 as compared to 2012, primarily resulted from increased volume of average total interest earning assets and a decrease in the cost of average total interest bearing liabilities being greater than the effect of the increase in volume of average total interest bearing liabilities and the decrease in yield on average total interest earning assets.

Average total interest earning assets grew by \$139.1 million or 19.7% to \$846.4 million in 2014 compared to \$707.3 million in 2013. During this period, the yield on average total interest earning assets decreased to 4.14% from 4.28%. Average total interest earning assets grew by \$127.8 million or 22.1% to \$707.3 million in 2013 compared to \$579.5 million in 2012. During this period, the yield on average total interest earning assets decreased to 4.28% from 4.37%.

Table of Contents

For the year ended December 31, 2014, average loans grew by \$137.7 million or 23.9% to \$713.5 million as compared to \$575.8 million in 2013 and increased \$131.2 million or 29.5% compared to \$444.6 million in 2012. Real estate mortgage loans and commercial loans primarily contributed to the growth. CNB remains committed to growing loans with prudent underwriting, sensible pricing and limited credit and extension risk.

For the year ended December 31, 2014, average securities increased by \$0.8 million or 0.7% to \$111.3 million as compared to \$110.5 million in 2013 and decreased \$0.3 million or 0.2% as compared to \$110.8 million in 2012. The securities portfolio is comprised of U.S Agency mortgage back securities and collateralized mortgage obligations and restricted stock in the Federal Home Loan Bank of New York (FHLB) and Federal Reserve Bank of New York (FRB). The average securities portfolio as a percentage of average assets has declined from 17.98% in 2012 to 12.58% in 2014. CNB has maintained a level securities portfolio over the past several years due to the historical low interest rate environment, increased pricing pressure and potential impact of unrealized losses on stockholders equity when interest rates raise in the future.

For the year ended December 31, 2014, average money market investments increased by \$0.7 million or 3.2% to \$21.6 million as compared to \$20.9 million in 2013 and decreased \$3.1 million or 12.9% as compared to \$24.0 million in 2012. The money market portfolio is mostly comprised of excess reserve balances held at the Federal Reserve Bank of New York (FRB). These money market funds earned interest between 0.20% and 0.25%. These excess funds were used for short-term liquidity purposes and to fund near term loan originations.

Average total interest bearing liabilities were \$596.3 million in 2014 compared to \$495.0 million in 2013 and \$417.7 million in 2012. CNB s deposits grew in 2014 as a result of one new branch opening in 2013 and one in 2012, new commercial business relationships in new and existing markets and continued expansion of CNB s municipal banking group. During 2014, CNB was able to reduce interest rates on deposit products through prudent management of deposit pricing. The reduction in deposit rates resulted in a decrease in the cost of interest bearing liabilities to 0.73% for 2014 compared to 0.76% for 2013 and 1.05% for 2012. Since CNB s interest bearing liabilities generally re-price or mature more quickly than its interest earning assets, an increase in short term interest rates initially results in a decrease in net interest income. Additionally, the large percentages of deposits in money market accounts re-price at short term market rates, making the balance sheet more liability sensitive.

For the year ended December 31, 2014, average total deposits increased by \$103.8 million or 23.0% to \$556.2 million as compared to average total deposits of \$452.4 million for the year ended December 31, 2013. Components of this increase include an increase in average demand deposits for 2014 of \$32.8 million or 18.8% to \$206.7 million as compared to \$173.9 million in average demand deposits for 2013 and increased by \$48.8 million or 39.0% compared to \$125.1 million in average demand deposits for 2012. The average balances in savings, NOW and money market accounts increased \$66.6 million or 24.7% to \$336.1 million for the year ended December 31, 2014 compared to \$269.5 million for the same period last year and increased \$67.0 million or 33.1% over the 2012 amount of \$202.5 million. Average balances in certificates of deposit increased \$37.2 million or 20.3% to \$220.1 million for 2014 as compared to 2013 and decreased \$2.4 million or 1.3% in 2013 as compared to 2012. Average federal funds purchased and collateralized borrowings, which are mostly comprised of FHLB advances, decreased \$2.5 million or 5.9% to \$40.1 million for the year ended December 31, 2014 as compared to average balances for 2013 and increased \$12.7 million or 42.4% to \$42.6 million for the year ended December 31, 2013 as compared to average balances for the same period in 2012.

Total interest income increased to \$35.0 million in 2014 from \$30.2 million in 2013 and \$25.3 million in 2012, an increase of 15.8% during 2014 from 2013 and a 19.3% increase during 2013 from 2012. The ratio of interest earning assets to interest bearing liabilities decreased to 141.9% in 2014 as compared to 142.9% in 2013 and increased from 138.7% in 2012. Interest income on loans increased \$4.6 million in 2014 over 2013 and \$4.9 million in 2013 over 2012 primarily due to growth in the loan portfolio. The yield on average loans was 4.55% for 2014, 4.85% for 2013 and 5.16% for 2012.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Interest income on securities increased \$0.2 million or 9.2% in 2014 to \$2.5 million from \$2.3 million in 2013 and was flat at \$2.3 million when comparing 2013 to 2012. Interest income on securities included net amortization of premiums on securities of \$0.8 million in 2014 compared to net amortization of premiums on securities of \$0.7 million in 2013 and net amortization of premiums on securities of \$1.1 million in 2012. The average yield on total securities increased to 2.24% in 2014 from 2.07% in 2013 and 2.11% in 2012.

Total interest expense increased \$0.5 million to \$4.3 million for the year ended December 31, 2014 as compared to \$3.8 million for the year ended December 31, 2013. The increase in interest expense from 2013 is due

Table of Contents

to higher average volume offset by slight declines in average rate from prudent management of deposit pricing. Total interest expense decreased \$0.6 million to \$3.8 million for the year ended December 31, 2013 as compared to \$4.4 million for the year ended December 31, 2012. The decrease in interest expense from 2012 was due to the maturity of longer-term high cost certificates of deposits and FHLB advances. CNB was able to finance the maturing products into similar products with significantly lower market rates. The cost of average interest bearing liabilities was 0.73% in 2014, 0.76% in 2013, and 1.05% in 2012.

Provision for Loan Losses

CNB's loan portfolio consists primarily of real estate loans secured by commercial and residential properties located in its principal lending area of Long Island, New York City and to a lesser extent Northern New Jersey. The interest rates charged by CNB on loans are affected primarily by the demand for such loans, the supply of money available for lending purposes, the rates offered by its competitors, CNB's relationship with the customer, and the related credit risks of the transaction. These factors are affected by general and economic conditions including, but not limited to, monetary policies of the federal government, including the Federal Reserve Board, legislative policies and governmental budgetary matters.

Loans of approximately \$12.3 million or 1.6% of total loans at December 31, 2014 were categorized as classified loans compared to \$14.9 million or 2.2% at December 31, 2013 and \$2.3 million or 0.71% at December 31, 2012. Classified loans include loans with credit quality indicators with the internally assigned grades of special mention, substandard and doubtful. These loans are categorized as classified loans as management has information that indicates the borrower may not be able to comply with the present repayment terms. These loans are subject to increased management attention and their classification is reviewed at least quarterly. The increasing trend in the 2014 and 2013 levels of classified loans reflects growth in the loan portfolio.

At December 31, 2014, approximately \$11.2 million of these classified loans were commercial and industrial loans and approximately \$1.0 million were commercial real estate (CRE) loans, which were well secured with real estate as collateral. The two CRE loans were in non-accrual status. Of the \$11.2 million of commercial and industrial loans, \$4.7 million was current and \$5.4 million were non-accrual. The \$4.7 million represents one loan, which is classified as a TDR. This loan has been current on all payments since the loan was modified. The remaining \$5.5 million represents loans to two different borrowers. Small Business Administration (SBA) loans represented \$1.1 million, of which \$0.5 million is current and \$0.6 million in non-accrual status. CNB believes that any outstanding loan balance over the estimated fair value of the collateral has been specifically reserved for at December 31, 2014.

At December 31, 2013, approximately \$12.3 million of classified loans were commercial and industrial loans, with all loans current. CRE loans comprised \$2.6 million with \$1.9 million current and \$0.7 million in non-accrual status. Approximately \$1.4 million of classified loans represented SBA loans, with \$1.0 million current and \$0.4 million in non-accrual status.

CRE loans, including multi-family loans, represented \$356.5 million or 46.9% of the total loan portfolio at December 31, 2014 compared to \$292.3 million or 44.2% at December 31, 2013 and \$176.3 million or 34.4% at December 31, 2012. CNB's underwriting standards for CRE loans require an evaluation of the cash flow of the property, the overall cash flow of the borrower and related guarantors as well as the value of the real estate securing the loan. In addition, CNB's underwriting standards for CRE loans are consistent with regulatory requirements with original loan to value ratios generally less than or equal to 75%. CNB considers charge-off history, delinquency trends, cash flow analysis, and the impact of the local economy on commercial real estate values when evaluating the appropriate level of the allowance for loan losses. Real estate values in CNB's geographic markets increased significantly from 2000 through 2007. Commencing in 2008, following the financial crisis and significant downturn in the economy, real estate values began to decline. This decline continued into 2009 and stabilized in 2010. The estimated decline in

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

residential and commercial real estate values during this period ranged from 15-20% from the 2007 levels, depending on the nature and location of the real estate. Real estate values began to improve in 2012 and 2013 and continued into 2014.

As of December 31, 2014 and December 31, 2013, CNB had impaired loans as defined by FASB ASC No. 310, Receivables of \$12.3 million and \$7.4 million, respectively. For a loan to be considered impaired, management determines after review whether it is probable that CNB will not be able to collect all amounts due according to the contractual terms of the loan agreement. Management applies its normal loan review procedures in making these judgments. Impaired loans include individually classified nonaccrual loans and troubled debt restructured (TDR) loans. For impaired loans, CNB evaluates the impairment of the loan in accordance with

Table of Contents

FASB ASC 310-10-35-22. Impairment is determined based on the present value of expected future cash flows discounted at the loan's effective interest rate. For loans that are collateral dependent, the fair value of the collateral is used to determine the fair value of the loan. The fair value of the collateral is determined based upon recent appraised values. The fair value of the collateral or present value of expected cash flows is compared to the carrying value to determine if any write-down or specific loan loss allowance allocation is required. These methods of fair value measurement for impaired loans are considered level 3 within the fair value hierarchy described in FASB ASC 820-10-50-5.

Nonaccrual loans increased \$5.8 million to \$7.0 million or 0.92% of total loans at December 31, 2014 from \$1.2 million or 0.18% of total loans at December 31, 2013. CNB had approximately \$5.3 million and \$6.5 million in loans classified as TDRs at December 31, 2014 and 2013, respectively. These loans were all current and exclusive from the nonaccrual loan amount for both 2014 and 2013.

Net charge-offs were \$1.1 million for the year ended December 31, 2014 compared to \$1.3 million for the year ended December 31, 2013 and \$0.3 million for the year ended December 31, 2012. The ratio of allowance for loan losses to nonaccrual loans was 157%, 805% and 456%, at December 31, 2014, 2013, and 2012, respectively.

Based on CNB's continuing review of the overall loan portfolio, the current asset quality of the portfolio, the growth in the loan portfolio and the net charge-offs, a provision for loan losses of \$2.7 million was recorded in 2014 as compared to \$4.0 million in 2013 and \$2.2 million in 2012. The allowance for loan losses increased to \$11.0 million at December 31, 2014 as compared to \$9.4 million at December 31, 2013 and \$6.6 million at December 31, 2012. As a percentage of total loans, the allowance was 1.45%, 1.42% and 1.29% at December 31, 2014, 2013 and 2012, respectively. Management continues to carefully monitor the loan portfolio as well as real estate trends in Long Island and New York City.

Non-Interest Income

Total non-interest income increased by \$0.2 million or 5.3% in 2014 to \$3.9 million and increased by \$0.1 million or 3.3% in 2013 to \$3.7 million as compared to \$3.5 million in 2012. The increase in total non-interest income in 2014 compared to 2013 was primarily the result of \$0.3 million increase in service charges on deposits, partially offset by a decrease of \$0.1 million in gains from the sale of loans. The increase in total non-interest income in 2013 compared to 2012 was due to a significant increase in service charges on deposits also partially offset by a \$0.2 million decline in gains from the sale of loans.

Service charges on deposit accounts for the year ended December 31, 2014 totaled \$1.4 million, an increase of \$0.3 million or 24% as compared to 2013. For the year ended December 31, 2013, service charges on deposit accounts totaled \$1.1 million, an increase of \$0.5 million or 82% as compared to 2012. The significant increases in both years was due to growth in business deposits and higher rates charged by CNB for its services.

Loan fee and servicing income totaled \$0.6 million for the year ended December 31, 2014, a slight increase when compared to 2013. For the year ended December 31, 2013, loan fee and servicing income totaled \$0.5 million, an increase of \$0.1 million 32% when compared to 2012. The increase for both years was mostly attributable to higher servicing volume from the SBA loan portfolio.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Bank Owned Life Insurance (BOLI) and annuity income was flat at \$0.6 million for the years ended December 31, 2014 and 2013, respectively. For the year ended December 21, 2013, BOLI and annuity income totaled \$0.6 million, a decrease of \$0.1 or 16% as compared to 2012. The decline in income for both years was due to the historically low interest rate environment.

Gains on the sale of loans were \$1.2 million, \$1.3 million and \$1.5 million for the years ended December 31, 2014, 2013 and 2012, respectively. A significant portion of the gains were derived from the sale of SBA loans and, to a much lesser extent, fixed rate residential loans sold to the Federal National Mortgage Association (FNMA). The decrease in gains from year to year was due to lower origination volume.

Net securities gains recognized in 2014 and 2013 were not significant. For the year ended December 31, 2012, net securities gains were \$0.3 million. The sales of securities were due to repositioning of the available for sale investment portfolio.

Non-Interest Expense

Total non-interest expense increased \$3.1 million or 14.4% to \$24.5 million in 2014 compared to \$21.4 million over the same period in 2013 and increased \$3.5 million or 19.6% in 2013 from \$17.9 million in 2012. The primary components of these increases were higher salaries and employee benefits, occupancy and equipment, professional services, technology and communications, FDIC and OCC assessments, and other operating expenses. Additionally, during 2014, merger related costs of \$0.6 million were incurred, which related to the merger agreement signed on December 14, 2014 whereby Bridgehampton Bank agreed to purchase CNB.

Salaries and benefits increased \$1.9 million or 17.5% to \$12.6 million in 2014 as compared to \$10.7 million in 2013 and increased \$1.5 million or 16.8% from \$9.2 million as of December 31, 2012. The increases in salary and benefits reflect additional positions to support CNB's expanding infrastructure, new branches and a larger loan portfolio, and the related employee benefit costs.

Occupancy and equipment increased \$0.6 million or 11.3% to \$6.0 million in 2014 compared to \$5.4 million in 2013 and increased \$0.9 million or 19.0% from \$4.5 million in 2012. The higher occupancy and equipment expense for each of the years presented in 2014, 2013 and 2012 relate to CNB's increased branch network, expanding corporate infrastructure, additional maintenance expenses on existing branches and higher property taxes.

Other operating expenses increased \$0.7 million or 14.3% to \$5.9 million in 2014 compared to \$5.1 million in 2013 and increased \$1.1 million or 27.8% from 4.0 million in 2012. The higher other operating expenses during 2014 were associated with \$0.6 million in merger related expenses, \$0.1 million in OCC and FDIC assessments and \$0.1 million increase in data and item processing expenses, partially offset by lower professional fees. In 2013, increased operating expenses were due to additional attorney collections costs, data and item processing, consulting costs and FDIC and OCC assessments.

Income Tax Expense

Income tax expense for December 31, 2014 was \$3.0 million representing an increase of \$1.3 million from 2013. Income tax expense for 2013 was \$1.7 million representing an increase of \$0.2 million from 2012. The increase in 2014 was due to higher income before income taxes of \$2.6 million or 55.9% to \$7.3 million from \$4.7 million in 2013. The effective tax rate was 41.1% for the year ended December 31, 2014 compared to 37.1% for the year ended December 31, 2013. The increase was related to a lower percentage of interest income from tax exempt BOLI, certain non-deductible merger related expenses and a change in state income tax laws that resulted in a lower value on CNB's deferred tax assets. The effective tax rate for the year ended December 31, 2012 was 35.1%.

FINANCIAL CONDITION

CNB's assets totaled \$950.7 million at December 31, 2014, an increase of \$132.1 million or 16.1% from the previous year-end with growth funded by deposits and capital. This increase reflects strong organic growth in new and existing markets.

Cash and cash equivalents increased \$49.3 million or 453.1% to \$60.2 million compared to December 31, 2013 levels as excess funds were received from municipalities at year-end. Securities available for sale decreased \$16.6 million or 16.5% to \$84.3 million compared to December 31, 2013 levels. CNB reduced the securities available for sale portfolio through normal principal amortization to lower interest rate risk. Securities held to maturity increased \$2.2 million or 36% to \$8.2 million at December 31, 2014 compared to December 31, 2013. Securities that are restricted, which are those required to be held by law and are comprised of FHLB and FRB stock, decreased \$0.8 million from the prior year due to lower FHLB advances. There were no loans held for sale in 2014 and 2013. Loans held for investment increased \$99.1 million or 14.99% to \$760.5 million as compared to 2013. The ability to grow the loan portfolio, while minimizing interest rate risk sensitivity and maintaining credit quality, remains a strong focus of management.

Total deposits grew \$141.7 million to \$828.8 million at December 31, 2014 compared to \$687.1 million at December 31, 2013. The deposit growth included new and existing commercial and municipal relationships. Demand deposits increased \$53.5 million to \$230.6 million as of December 31, 2014 compared to \$177.1 million at December 31, 2013. Savings, NOW and money market deposits increased \$47.5 million to \$364.3 million at December, 2014 from \$316.8 million at December 31, 2013. Certificates of deposit increased \$40.8 million to \$233.9 million at December 31, 2014 from \$193.1 million at December 31, 2013.

Table of Contents

Federal funds purchased and Federal Home Loan Bank overnight borrowings at December 31, 2014 decreased \$29.0 million or 100.0% compared to December 31, 2013. Federal Home Loan Bank term advances increased \$10.0 million or 38.5% to \$35.9 million for December 31, 2014 compared to \$25.9 million in 2013. The increase in longer-term advances was part of CNB's strategy to help reduce its exposure to a higher interest rates. Accrued expenses and other liabilities increased \$0.9 million to \$5.8 million as of December 31, 2014 from \$4.9 million as of December 31, 2013.

Stockholders' equity was \$80.1 million at December 31, 2014, an increase of \$8.4 million or 11.8% from December 31, 2013, reflecting primarily net income of \$4.3 million, a decrease in the unrealized loss in securities of \$2.0 million, and \$2.2 million in capital raised through the exercise of stock options and stock option plans.

Loans

During 2014, CNB continued to experience growth trends in commercial and residential real estate lending. The concentration of loans in our primary market areas may increase risk. Unlike larger banks that are more geographically diversified, CNB's loan portfolio consists primarily of real estate loans secured by commercial and residential real estate properties and commercial loans to businesses located in CNB's principal lending area of Long Island, New York City and Northern New Jersey. The local economic conditions in this region may have a significant impact on the volume of loan originations and the quality of CNB's loans, the ability of borrowers to repay these loans, and the value of collateral securing these loans. A considerable decline in the general economic conditions caused by inflation, recession, unemployment or other factors beyond CNB's control would impact these local economic conditions and could negatively affect the financial results of CNB's operations. Additionally, while CNB has a significant amount of commercial and residential real estate loans, of which some are owner-occupied, decreases in tenant occupancy may also have a negative effect on the ability of borrowers to make timely repayments of their loans, which would have an adverse impact on CNB's earnings.

The interest rates charged by CNB on loans are affected primarily by the demand for such loans, the supply of money available for lending purposes, the rates offered by its competitors, CNB's relationship with the customer, and the related credit risks of the transaction. These factors are affected by general and economic conditions including, but not limited to, monetary policies of the federal government, including the Federal Reserve Board, legislative policies and governmental budgetary matters.

CNB targets its business lending and marketing initiatives towards promotion of loans that primarily meet the needs of small to medium-sized businesses. These small to medium-sized businesses generally have fewer financial resources in terms of capital or borrowing capacity than larger entities. If general economic conditions negatively impact these businesses, the results of operations and financial condition may be adversely affected.

With respect to the underwriting of loans, there are certain risks, including the risk of non-payment that is associated with each type of loan that CNB markets. Approximately 76.3% of CNB's loan portfolio at December 31, 2014 is secured by real estate. Approximately 41.9% of CNB's loan portfolio is comprised of commercial real estate loans. Multifamily loans represent 4.9% of CNB's loan portfolio. Residential real estate mortgage loans represent 29.0% of CNB's loan portfolio. Construction loans comprise approximately 1.2% of CNB's loan portfolio. Risks associated with a concentration in real estate loans include potential losses from fluctuating values of land and improved properties. Home equity loans represent loans originated in CNB's geographic markets with original loan to value ratios generally of 75% or less. Home equity loans comprised less than 1% of the overall loan portfolio. CNB's residential mortgage portfolio includes approximately \$65 million in interest only mortgages. The underwriting standards for interest only mortgages are consistent with the remainder of the loan portfolio and do not include any features that result in negative amortization. The largest loan concentrations by industry are loans granted to lessors of commercial

property, both owner occupied and non-owner occupied. CNB uses conservative underwriting criteria to better insulate itself from a downturn in real estate values and economic conditions on eastern Long Island that could have a significant impact on the value of collateral securing the loans as well as the ability of customers to repay loans.

The remainder of the loan portfolio is comprised of commercial and industrial loans, which represent approximately 22.5% of CNB's loan portfolio. The primary risks associated with commercial loans are the cash flow of the business, the experience and quality of the borrowers management, the business climate, and the impact of economic factors. The primary risks associated with consumer loans relate to the borrower, such as the risk of a borrower's unemployment as a result of deteriorating economic conditions or the amount and nature of a borrower's other existing indebtedness, and the value of the collateral securing the loan if CNB must take possession of the

Table of Contents

collateral. Consumer loans also have risks associated with concentrations of specific types of consumer loans within the portfolio. Consumer loan comprised less than 1% of the total loan portfolio.

Total loans grew \$98.9 million or 14.9%, during 2014 and \$149.8 million or 29.3% during 2013. Average net loans grew \$137.7 million or 23.9% during 2014 over 2013 and \$131.2 million or 29.5% during 2013 when compared to 2012. Real estate mortgage loans were the largest contributor of the growth for both 2014 and 2013 and increased \$92.9 million or 19.1% and \$152.1 million or 45.3%, respectively. Commercial real estate mortgage loans grew \$58.4 million or 22.4% during 2014 and residential mortgage loans grew \$29.8 million or 15.6% during 2014. The multi-family mortgage loans grew \$5.7 million or 17.8% during 2014. Commercial and industrial loans increased \$3.5 million or 2.1% in 2014 from 2013. Construction loans increased \$3.2 million or 55.6% in 2014. Fixed rate loans represented 15%, 17% and 19% of total loans at December 31, 2014, 2013, and 2012, respectively.

The following table sets forth the major classifications of loans:

Securities available for sale decreased \$16.6 million or 16.5% to \$84.3 million at December 31, 2014 from \$100.9 million at December 31, 2013. Securities held as available for sale may be sold in response to, or in anticipation of, changes in interest rates and resulting prepayment risk, or other factors. Securities held to maturity increased \$2.2 million or 36% to \$8.2 million at December 31, 2014 from \$6.0 million at December 31, 2013. The available for sale and held to maturity portfolios are comprised of 100% U.S. government sponsored entity (U.S. GSE) securities. To position the balance sheet for the future and better manage capital, liquidity and interest rate risk, CNB did not reinvest a significant portion of the monthly cash flows back into the available for sale securities portfolio. The decline in market rates were the primary reasons for the net decrease in unrealized losses in securities available for sale which increased other comprehensive income.

The following table sets forth the fair value, amortized cost, maturities and approximated weighted average yield at December 31, 2014. Expected maturities will differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

Deposits

Total deposits increased \$141.8 million or 20.6% in 2014 as compared to 2013. The growth in deposits is attributable to an increase in business account balances, the opening of a new branch location in Hewlett, New York at the end of 2013, and new relationships with municipalities. Demand deposits increased \$53.5 million or 30.2% and Savings, NOW and money market deposits increased \$47.5 million or 15.0% primarily related to core deposits growth of business money market accounts and municipal deposits. Certificates of deposit increased \$40.8 million or 21.1% to \$233.9 million at December 31, 2014 from December 31, 2013.

LIQUIDITY

The objective of liquidity management is to ensure the sufficiency of funds available to respond to the needs of depositors and borrowers, and to take advantage of unanticipated opportunities for CNB's growth or earnings enhancement. Liquidity management addresses the ability of CNB to meet financial obligations that arise in the normal course of business. Liquidity is primarily needed to meet customer borrowing commitments, deposit withdrawals either on demand or contractual maturity, to repay borrowings as they mature, to fund current and planned expenditures and to make new loans and investments as opportunities arise.

CNB's most liquid assets are cash and cash equivalents, securities available for sale and securities held to maturity due within one year. The levels of these assets are dependent upon CNB's operating, financing, lending and investing activities during any given period. Other sources of liquidity include loan and investment securities principal repayments and maturities, lines of credit with other financial institutions including the Federal Home Loan Bank and Federal Reserve Bank, growth in core deposits and sources of wholesale funding such as brokered certificates of deposit. While scheduled loan amortization, maturing securities and short term investments are a relatively predictable source of funds, deposit flows and loan and mortgage-backed securities prepayments are greatly influenced by general interest rates, economic conditions and competition. CNB adjusts its liquidity levels as appropriate to meet funding needs such as seasonal deposit outflows, loans, and asset and liability management objectives. Historically, CNB has relied on its deposit base, drawn through its full-service branches that serve its market area and local municipal deposits, as its principal source of funding. CNB seeks to retain existing deposits and loans and maintain customer relationships by offering quality service and competitive interest rates to its customers, while managing the overall cost of funds needed to finance its strategies.

During 2014, 2013 and 2012, CNB grew its core deposits as well as its level of public funds. CNB's Asset/Liability and Funds Management Policy allows for wholesale borrowings of up to 30% of total assets. As of December 31, 2013, CNB had secured lines of credit with M&T Bank (M&T), FHLB of New York (FHLB) and the Federal Reserve Bank of New York (FRB). The M&T line of credit is secured by CNB's securities portfolio. At December 31, 2014, CNB's M&T secured line of credit was approximately \$92.5 million, of which \$87.5 million was used to secure municipal deposits and \$5.0 million was available. The FHLB line of credit is secured by residential mortgages owned by CNB. As of December 31, 2014, CNB had a \$161.7 million line of credit with the FHLB, of which \$35.9 million was utilized and \$125.8 million remained outstanding. CNB's third secured line of credit is with the FRB. CNB had a secured line of credit of \$127.4 million with the FRB at December 31, 2014. There were no outstanding advances on the FRB line of credit. CNB also had aggregate unsecured lines of credit of \$35.0 million with unaffiliated correspondent banks to provide short term credit for liquidity requirements. In addition, CNB has an approved broker relationship for the purpose of issuing brokered certificates of deposit.

Management continually monitors the liquidity position and believes that sufficient liquidity exists to meet all of CNB's operating requirements. Based on the objectives determined by the Asset and Liability Committee, CNB's liquidity levels may be affected by the use of short-term and wholesale borrowings, and the amount of public funds in the deposit mix. The Asset and Liability Committee is comprised of members of CNB's senior management and Board of Directors. Excess short-term liquidity is invested in overnight federal funds sold or in an interest earning account at the Federal Reserve.

COMMITMENTS, CONTINGENT LIABILITIES, AND OFF-BALANCE SHEET ARRANGEMENTS

Some financial instruments, such as loan commitments, credit lines, letters of credit, and overdraft protection, are issued to meet customer financing needs. These are agreements to provide credit or to support the credit of others, as long as conditions established in the contract are met, and usually have expiration dates. Commitments may expire without being used. Off-balance-sheet risk to credit loss exists up to the face amount of these instruments, although material losses are not anticipated. The same credit policies are used to make such commitments as are used for loans, often including obtaining collateral at exercise of the commitment. At December 31, 2014, CNB had \$43.0 million in outstanding loan commitments and \$96.2 million in outstanding commitments for various lines of credit including unused overdraft lines. CNB also has \$4.9 million of standby letters of credit as of December 31, 2014. See Note 11 of the Notes to the Financial Statements for additional information on loan commitments and standby letters of credit.

CAPITAL RESOURCES

Stockholders' equity increased to \$80.1 million at December 31, 2014 from \$71.6 million at December 31, 2013 as a result of (i) undistributed net income; (ii) the issuance of shares of common stock through the exercise of stock options and the stock based compensation plan; and (iii) the change in net unrealized loss in securities available for sale, net of deferred taxes. The ratio of average stockholders' equity to average total assets increased to 5.73% at year-end 2014 from 4.09% at year-end 2013.

CNB's capital strength is solid, as reflected in the excess of its regulatory capital ratios over the risk-based capital adequacy ratio levels required for classification as a well capitalized institution by the FDIC (see Note 10 of the Notes to the Financial Statements).

CNB has the ability to issue additional common stock should the need arise.

CNB had returns on average equity of 5.73%, 4.09%, and 4.09% and returns on average assets of 0.49%, 0.40%, and 0.46%, for the years ended December 31, 2014, 2013, and 2012, respectively.

IMPACT OF INFLATION AND CHANGING PRICES

The Financial Statements and notes thereto presented herein have been prepared in accordance with U.S. generally accepted accounting principles, which require the measurement of financial position and operating results in terms of historical dollars without considering changes in the relative purchasing power of money over time due to inflation. The primary effect of inflation on CNB's operations is reflected in increased operating costs. Unlike most industrial companies, virtually all of the assets and liabilities of a financial institution are monetary in nature. As a result, changes in interest rates have a more significant effect on the performance of a financial institution than do the effects of changes in the general rate of inflation and changes in prices. Changes in interest rates could adversely affect CNB's results of operations and financial condition. Interest rates do not necessarily move in the same direction, or in the same magnitude, as the prices of goods and services. Interest rates are highly sensitive to many factors, which are beyond CNB's control, including the influence of domestic and foreign economic conditions and the monetary and fiscal policies of the United States government and federal agencies, particularly the Federal Reserve Bank.

IMPACT OF PROSPECTIVE ACCOUNTING STANDARDS

For discussion regarding the impact of new accounting standards, refer to Note 1 of the Notes to the Financial Statements.

Quantitative and Qualitative Disclosures about Market Risk

Management considers interest rate risk to be CNB's most significant market risk. Market risk is the risk of loss from adverse changes in market prices and rates. Interest rate risk is the exposure to adverse changes in CNB's net income as a result of changes in interest rates.

CNB's primary earnings source is net interest income, which is affected by changes in the level of interest rates, the relationship between rates, the impact of interest rate fluctuations on asset prepayments, the level and composition of deposits and liabilities, and the credit quality of earning assets. CNB's objectives in its asset and liability management are to maintain a strong, stable net interest margin, to utilize its capital effectively without taking undue risks, to maintain adequate liquidity, and to reduce vulnerability of its operations to changes in interest rates.

CNB's Asset and Liability Committee evaluates periodically, but at least four times a year, the impact of changes in market interest rates on assets and liabilities, net interest margin, capital and liquidity. Risk assessments are governed by policies and limits established by senior management, which are reviewed and approved by the full Board of Directors at least annually. The economic environment continually presents uncertainties as to future interest rate trends. The Asset and Liability Committee regularly utilizes a model that projects net interest income based on increasing or decreasing interest rates, in order to be better able to respond to changes in interest rates.

Changes in interest rates affect the value of CNB's interest earning assets and, in particular, its securities portfolio. Generally, the value of securities fluctuates inversely with changes in interest rates. Increases in interest rates could result in decreases in the market value of interest earning assets, which could adversely affect CNB's stockholders' equity and its results of operations if sold. CNB is also subject to reinvestment risk associated with changes in interest rates. Changes in market interest rates also could affect the type (fixed-rate or adjustable-rate) and amount of loans originated by CNB and the average life of loans and securities, which can impact the yields earned on CNB's loans and

securities. In periods of decreasing interest rates, the average life of loans and securities held by CNB may be shortened to the extent increased prepayment activity occurs during such periods which, in turn, may result in the investment of funds from such prepayments in lower yielding assets. Under these circumstances, CNB is subject to reinvestment risk to the extent that it is unable to reinvest the cash received from such prepayments at rates that are comparable to the rates on existing loans and securities. Additionally, increases in interest rates may result in decreasing loan prepayments with respect to fixed rate loans (and therefore an increase in the average life of such loans), may result in a decrease in loan demand, and make it more difficult for borrowers to repay adjustable rate loans.

CNB utilizes the results of a detailed and dynamic simulation model to quantify the estimated exposure to net interest income to sustained interest rate changes. Management routinely monitors simulated net interest income sensitivity over a rolling two-year horizon. The simulation model captures the seasonality of CNB's deposit flows

Table of Contents

and the impact of changing interest rates on the interest income received and the interest expense paid on all assets and liabilities reflected on CNB's balance sheet. This sensitivity analysis is compared to the asset and liability policy limits that specify a maximum tolerance level for net interest income exposure over a one-year horizon given a 100 and 200 basis point upward shift in interest rates and a 100 basis point downward shift in interest rates. A parallel and pro-rata shift in rates over a twelve-month period is assumed.

The following reflects CNB's net interest income sensitivity analysis at December 31, 2014:

Change in Interest Rates (Dollars in thousands)	2014 Potential Change in Net Interest Income	
	\$ Change	% Change
+200	29,302	4.1%
Static	30,668	0.0%
-100	30,472	0.3%

The preceding sensitivity analysis does not represent CNB's forecast and should not be relied upon as being indicative of expected operating results. These hypothetical estimates are based upon numerous assumptions including, but not limited to, the nature and timing of interest rate levels and yield curve shapes, prepayments on loans and securities, deposit decay rates, pricing decisions on loans and deposits, and reinvestment and replacement of asset and liability cash flows. While assumptions are developed based upon perceived current economic and local market conditions, CNB cannot make any assurances as to the predictive nature of these assumptions including how customer preferences or competitor influences may change.

Also, as market conditions vary from those assumed in the sensitivity analysis, actual results will also differ due to prepayment and refinancing levels likely deviating from those assumed, the varying impact of interest rate change caps or floors on adjustable rate assets, the potential effect of changing debt service levels on customers with adjustable rate loans, depositor early withdrawals, prepayment penalties and product preference changes and other internal and external variables. Furthermore, the sensitivity analysis does not reflect actions that management might take in responding to, or anticipating changes in interest rates and market conditions. Management considers interest rate risk to be the most significant market risk for CNB. Market risk is the risk of loss from adverse changes in market prices and rates. Interest rate risk is the exposure to adverse changes in the net income of CNB as a result of changes in interest rates.

THE MERGER AND THE MERGER AGREEMENT

The description of the merger and the merger agreement contained in this proxy statement/prospectus describes the material terms of the merger agreement; however, it does not purport to be complete. It is qualified in its entirety by reference to the merger agreement. Bridge Bancorp has attached a copy of the merger agreement as Appendix A.

Pursuant to the merger agreement, CNB will merge into Bridgehampton Bank, with Bridgehampton Bank as the surviving entity. Outstanding shares of CNB common stock will be converted into the right to receive shares of Bridge Bancorp common stock. Cash will be paid in lieu of any fractional share of CNB common stock. See Merger Consideration; Surrender of Stock Certificates below. As a result of the merger, the separate corporate existence of CNB will cease and Bridgehampton Bank will succeed to all the rights and be responsible for all the obligations of CNB.

The Parties

Bridge Bancorp, Inc.

The Bridgehampton National Bank

Bridge Bancorp is a bank holding company engaged in commercial banking and financial services through its wholly owned subsidiary, Bridgehampton Bank. Established in 1910, and headquartered in Bridgehampton, New York, Bridgehampton Bank, with assets of approximately \$2.29 billion, total deposits of approximately \$1.83 billion and stockholders' equity of approximately \$175 million as of December 31, 2014, has a primary market area of Suffolk and Southern Nassau Counties, Long Island, operates 29 retail branch locations and two loan production offices; one in Manhattan, and one in Riverhead, New York. Title insurance services are offered through Bridgehampton Bank's wholly owned subsidiary, Bridge Abstract. Bridge Investment Services, a division of Bridgehampton Bank, offers financial planning and investment consultation.

The principal executive office of Bridge Bancorp is located at 2200 Montauk Highway, Bridgehampton, New York 11932 and the telephone number is (631) 537-1000.

Community National Bank

Founded in 2005, CNB is a national bank regulated by the Office of the Comptroller of the Currency. CNB engages in general commercial banking business from its main office in Great Neck, New York, eight branch offices located in Nassau and western Suffolk counties on Long Island, one branch office in Manhattan, New York City, and one branch office in Queens, New York City. CNB provides its customers with a variety of banking services such as transactional deposit accounts, time deposit accounts, consumer and business loans and merchant bank card services. million, respectively. CNB's principal executive office is located at 200 Middle Neck Road, Great Neck, New York 11021 and the telephone number is (516) 498-9111.

Merger Consideration; Surrender of Stock Certificates

Under the terms of the merger agreement, each outstanding share of CNB common stock will convert into the right to receive 0.79 of a share of Bridge Bancorp common stock, subject to the adjustment mechanism described below. No fractional shares of Bridge Bancorp will be issued in connection with the merger. Instead, Bridge Bancorp will make a cash payment to each CNB shareholder who would otherwise receive a fractional share. Based upon the closing price of Bridge Bancorp on [], each 0.79 of a share of Bridge Bancorp would have a value of \$[].

It is also possible that the merger consideration may be adjusted prior to the effective date of the merger as a result of changes in the price of Bridge Bancorp common stock. The merger agreement provides that (i) if the number obtained by dividing the average closing price of Bridge Bancorp common stock during the ten consecutive full trading days immediately preceding the first date on which all bank regulatory approvals (and waivers, if applicable) necessary for consummation of the merger have been received (disregarding any waiting period) by \$26.00 (the Bridge Ratio) is less than 0.825 and (ii) Bridge Bancorp's common stock has under-performed the Nasdaq Stock Bank Index by more than 17.5% during the twenty day period after all bank regulatory approvals necessary for consummation of the merger are received (the Determination Date) compared to a measurement

Table of Contents

period prior to the announcement of the merger agreement, then CNB may elect to terminate the merger agreement unless Bridge Bancorp elects to increase the merger consideration.

See Termination; Amendment; Waiver. If CNB elects to exercise its termination right as described above, it must give written notice thereof to Bridge Bancorp. During the five-day period commencing with its receipt of such notice, Bridge Bancorp shall have the option to increase the consideration to be received by the holders of CNB common stock by adjusting the exchange ratio to equal the lesser of: (i) the quotient, the numerator of which is equal to the product of the \$26.00, 0.825 and 0.79, and the denominator of which is equal to the average of the daily closing prices for shares of Bridge Bancorp common stock for the ten consecutive full trading days immediately preceding the Determination Date, and (ii) the number obtained by dividing the product of the Index Ratio (a number obtained by dividing the average closing prices of the Nasdaq Stock Bank Index over the twenty day trading period immediately preceding the Determination Date, and the average closing price of the Index on December 11, 2014, less 0.175) and 0.79, by the Bridge Ratio. If Bridge Bancorp elects, it shall give, within such five-day period, written notice to CNB of such election to revise the exchange ratio, whereupon no termination shall be deemed to have occurred and the merger agreement shall remain in full force and effect in accordance with its terms (except as the exchange ratio shall have been so modified). Because the formula is dependent on the future prices of Bridge Bancorp's common stock and the Nasdaq Stock Bank Index, it is not possible presently to determine what the adjusted merger consideration would be at this time, but, in general, more shares of Bridge Bancorp common stock would be issued, to take into account the extent to which the decline of the average price of Bridge Bancorp's common stock exceeded the decline in the average price of the common stock of the Index.

Bridge Bancorp will deposit with the exchange agent the certificates representing Bridge Bancorp's common stock to be issued to CNB shareholders in exchange for CNB common stock. Within five business days after the completion of the merger, the exchange agent will mail to CNB shareholders a letter of transmittal, together with instructions for the exchange of their CNB stock certificates for the merger consideration. Upon surrendering his or her certificate(s) representing shares of CNB's common stock, together with the signed letter of transmittal, the CNB shareholder shall be entitled to receive, as applicable (i) certificate(s) representing a number of whole shares of Bridge Bancorp common stock, if any, determined in accordance with the exchange ratio and (ii) a check representing the amount of cash in lieu of fractional shares, if any. Until you surrender your CNB stock certificates for exchange after completion of the merger, you will not be paid dividends or other distributions declared after the merger with respect to any Bridge Bancorp common stock into which your shares have been converted. No interest will be paid or accrued to CNB shareholders on the cash paid in lieu of fractional shares or unpaid dividends and distributions, if any. After the completion of the merger, there will be no further transfers of CNB common stock. CNB stock certificates presented for transfer will be canceled and exchanged for the merger consideration.

If your stock certificates have been lost, stolen or destroyed, you will have to prove your ownership of these certificates and that they were lost, stolen or destroyed before you submit an election form and before you receive any consideration for your shares.

If any certificate representing shares of Bridge Bancorp's common stock is to be issued in a name other than that in which the certificate for shares surrendered in exchange is registered, or cash is to be paid to a person other than the registered holder, it will be a condition of issuance or payment that the certificate so surrendered be properly endorsed or otherwise be in proper form for transfer and that the person requesting the exchange either (i) pay to the exchange agent in advance any transfer or other taxes required by reason of the issuance or payment to a person other than the registered holder of the certificate surrendered, or (ii) establish to the satisfaction of the exchange agent that the tax has been paid or is not payable.

Any portion of the purchase price made available to the exchange agent that remains unclaimed by CNB shareholders for twelve months after the effective time of the merger will be returned to Bridge Bancorp's transfer agent. Any CNB shareholder who has not exchanged shares of CNB's common stock for the purchase price in accordance with the merger agreement before that time may look only to Bridge Bancorp for payment of the purchase price for these shares and any unpaid dividends or distributions after that time. Nonetheless, Bridge Bancorp, CNB, the

exchange agent or any other person will not be liable to any CNB shareholder for any amount properly delivered to a public official under applicable abandoned property, escheat or similar laws.

Background of the Merger

As part of their ongoing consideration and evaluation of its long-term prospects and strategies, CNB's board of directors regularly reviewed and assessed CNB's business development and strategic opportunities. The

Table of Contents

board considered various strategic options potentially available to the bank, with the goal of enhancing value for CNB's shareholders. Strategic discussions have focused on, among other things, the competitive environment and regulatory burden facing CNB and the growth prospects for CNB as a stand-alone bank, as well as the possibilities of a strategic combination.

From time to time, CNB, through its Chairman, President & Chief Executive Officer, Stuart Lubow, engaged in general discussions with representatives of other financial institutions regarding the possibility of an affiliation. During the past several years the board of directors also met with representatives of Raymond James to discuss metrics and developments in the merger and acquisition market for financial institutions. These discussions usually included a review of the financial growth of commercial banks and merger and acquisition prospects for CNB. With the improvements in the merger and acquisition market for commercial banks in late 2013 and with the growth of CNB to over \$800 million in asset size by the end of 2013, the discussions picked up momentum in 2014.

On February 6, 2014, representatives of Raymond James met with the board and presented the names of more than twenty potential acquirers of which eight were listed as likely potential acquirers. Following a discussion with the directors, representatives of Raymond James approached these companies and without disclosing the name of the bank, asked some of the likely acquirers if they would be interested in making acquisitions in general, and specifically in New York, including Long Island. None of the likely acquirers that were approached showed a high degree of interest.

During the spring of 2014, Mr. Lubow met with Kevin O. Connor, the Chief Executive Officer of Bridge Bancorp on several occasions. Bridge Bancorp was one of the likely potential acquirers listed by Raymond James. Bridge Bancorp expressed an interest in a merger with CNB. On June 14, 2014, Bridge Bancorp and CNB entered into a mutual confidentiality agreement and started to exchange certain limited information. In July 2014 Bridge Bancorp approached CNB with a proposal for a merger with an exchange ratio of .72 shares of Bridge Bancorp for each share of CNB, which, based on Bridge Bancorp's then stock price of \$24.25, implied a price of \$17.50 for each share of CNB. Mr. Lubow discussed the matter with Mr. Matthew Lindenbaum, who is the largest holder of stock in CNB and a member of the board of directors of CNB. Mr. Lindenbaum is an experienced bank investor who, together with his brother, Bennett Lindenbaum, manages a \$2 billion hedge fund, primarily invested in financial institutions. Mr. Lubow and Mr. Lindenbaum discussed the matter with a representative of Raymond James.

On July 24, 2014, at a regularly scheduled CNB board of directors meeting, the board and representatives of Raymond James discussed the future of the bank and various strategic alternatives, including the possible combination with Bridge Bancorp. The Board reviewed a presentation from Raymond James with possible exchange ratios of .72, .77 and .84. The board focused on the exchange ratio of .84 since that ratio would be sufficient to bring the implied price of CNB shares above \$20 per share based upon the 30 day trading average of Bridge Bancorp.

Representatives of Bridge Bancorp and CNB discussed the potential business combination between the two parties during the first two weeks in August, but were unable to come to an agreement and the discussions ceased.

Mr. Lubow and representatives of Raymond James continued to meet and set up meetings with other potential acquirers.

On the afternoon of November 4, 2014, a representative of RBC called a representative of Raymond James and informed him that with the recent increase in the price of Bridge Bancorp stock and the third quarter results of CNB, Bridge Bancorp was prepared to offer an exchange

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

ratio of .77. After discussions among Mr. Lubow, Mr. Lindenbaum and a representative of Raymond James, it was determined to respond to Bridge Bancorp with a proposed exchange ratio of .81. During the ensuing week after further discussions between the investment bankers, Bridge Bancorp increased its exchange ratio to .79 shares of Bridge Bancorp for each share of CNB.

The board of CNB, together with representatives of Raymond James, met in a special session on the evening of November 11, 2014 to hear about the renewed offer from Bridge Bancorp and to discuss the merits of remaining independent. Representatives of Raymond James made a presentation to the board. The presentation again included a list of other likely acquirers and the prospects for CNB remaining independent. The presentation also showed the impact if Bridge Bancorp increased the exchange ratio to .79 or .81. Mr. Lubow noted that there were many issues to discuss and decide upon relative to any merger transaction. A lengthy discussion ensued

Table of Contents

focusing on the ability of CNB to remain independent and continue its balance sheet and EPS growth and concerning the exchange ratio. At the end of the discussion the board voted to authorize Mr. Lubow and representatives of Raymond James to continue the discussions with Bridge Bancorp.

On November 14, 2014 representatives of Bridge Bancorp sent representatives of CNB an indication of interest and a due diligence list. The indication of interest offered an exchange ratio of .79, offered one seat on the Bridge Bancorp board of directors and expressed a willingness to discuss a second seat. The indication of interest required a 30 day exclusivity period for Bridge Bancorp to conduct due diligence during which CNB was not to have discussions with other potential acquirers. Discussions continued between Bridge Bancorp and CNB. On November 18, 2014 Bridge Bancorp and CNB executed a confidentiality agreement.

On November 20, 2014 the board, at its regularly scheduled board meeting, set aside a block of time to discuss the Bridge Bancorp indication of interest. The board invited representatives of Raymond James and CNB's outside legal counsel, Day Pitney LLP, to the meeting. Representatives of Raymond James participated by conference call. Legal counsel, who attended the meeting in person, presented the board a summary of their fiduciary duties and responsibilities in the context of a business combination transaction. A representative of Raymond James reviewed the history of communications since the beginning of the year with other potentially interested parties, noting that he had informally contacted some of them and that only a few expressed that they would be interested in immediately pursuing an acquisition at that time. He noted that those that expressed a possible interest may not be willing or able to make an offer as beneficial to CNB shareholders as that of Bridge Bancorp. In that discussion the representative of Day Pitney noted that Mr. Lindenbaum, through his fund, Basswood Capital Partners, was a significant holder of Bridge Bancorp shares, owning 820,144 shares worth approximately \$19.4 million as of September 30, 2014 based on public filings by Basswood. At the suggestion of counsel, the board resolved to allow Mr. Lindenbaum to participate in merger discussions with the rest of the board, but that Mr. Lindenbaum would be dismissed at some point in the discussion and would be not be permitted to vote on the proposal or be present during such vote. The board discussed the proposed transaction with Bridge Bancorp extensively without Mr. Lindenbaum in the room. Following this lengthy discussion, the board voted not to execute the exclusivity agreement but to continue the discussions with Bridge Bancorp. Mr. Lubow stated that during the pendency of the negotiations with Bridge Bancorp, he would continue to have meetings with other potentially interested parties.

On November 21, Luse Gorman, P.C. counsel to Bridge Bancorp sent a draft of a definitive merger agreement and a draft due diligence list to Day Pitney. The draft called for all CNB employee and director options to be converted to Bridge Bancorp options, provided for a break-up fee of \$5.8 million payable under certain circumstances. The draft did not specify how many board seats CNB would receive. The draft further contained numerous provisions regarding the treatment of CNB employees and the treatment of the executive officers who had change in control agreements with CNB. The draft merger agreement also contained a walk-away provision which allowed CNB to terminate the merger agreement if Bridge Bancorp's shares declined by 20% more than the shares of an index of local banks. On that same date, representatives of Raymond James sent a reverse due diligence list to Bridge Bancorp.

During the period from November 21, 2014 to December 4, 2014 the parties performed due diligence on each other. CNB set up and populated a virtual data room for Bridge Bancorp to review materials. On November 26, 2014, management of Bridge Bancorp met at the offices of CNB to review certain CNB loan files and other information requested by Bridge Bancorp. The due diligence continued through Sunday, November 30.

During this period, the parties also negotiated the merger agreement including the provisions regarding the treatment of CNB stock options, the threshold for the walkaway trigger and issues regarding the treatment of CNB employees. On November 29, 2014, Day Pitney sent a revised version of the merger agreement to Luse Gorman. The Day Pitney revisions, among other things, called for four CNB directors to join the Bridge Bancorp board, reduced the termination fee to \$4.4 million, and called for the walkaway to be triggered if Bridge Bancorp stock dropped by more than 15% than the Nasdaq Stock Bank Index.

On December 1, 2014, Luse Gorman sent Day Pitney a revised draft merger agreement. Although there remained several open issues, Bridge Bancorp agreed to reduce the termination fee to \$5.1 million, made technical changes to the walkaway right and made other legal changes.

Table of Contents

During CNB's regular board meeting on December 4, 2014 Day Pitney provided the board with a summary of the terms of the merger agreement. The board discussed the terms of the merger agreement in detail and asked questions of legal counsel. At some point in the meeting, Mr. Lindenbaum was asked to leave the discussion. Due to ongoing negotiations related to Mr. Lubow's change in control agreement, Mr. Lubow was also asked to leave the room. The Board discussed the terms of the merger and Mr. Lindenbaum's position as a shareholder of both CNB and Bridge Bancorp. With respect to issues on the management contracts, the board authorizing hiring counsel for all five officers with contracts, including Mr. Lubow, to negotiate changes with counsel for Bridge Bancorp. Mr. Lubow and Mr. Lindenbaum rejoined the meeting. As the discussion continued, Mr. Lubow and Mr. Lindenbaum reported on a meeting they had with the President and CEO of Bridge Bancorp, Mr. O'Conner, in which, among other things, they were led to believe that the Bridge Bancorp board was opposed to more than two directors being added.

During the following week, each side conducted further due diligence. Bridge Bancorp made a number of changes to the draft merger agreement during the week in response to changes requested by CNB representatives. In a revised version sent on December 7, 2014 Bridge Bancorp reduced the termination fee to \$5.0 million. An agreement was also reached as to the treatment of CNB stock options. Bridge Bancorp agreed to provide officers and other employees who had options outstanding at the closing with the right to be paid the in the money value of such options in cash, in Bridge Bancorp stock, or 40% in cash and 60% in Bridge Bancorp stock. Bridge Bancorp also required that director options outstanding at the closing be cashed out for Bridge Bancorp stock based upon the options' in the money value. Bridge Bancorp agreed that the walk-away right would be triggered if Bridge Bancorp stock dropped by 17.5% more than the Nasdaq Bank Stock Index.

At a special meeting of the CNB board held on December 12, 2014, legal counsel again presented to the CNB board of directors a summary of their fiduciary duties and responsibilities in the context of a business combination transaction. Prior to the meeting, legal counsel provided to management for posting to directors the current version of the merger agreement and a revised summary of the terms of the merger agreement. Legal counsel and representatives of Raymond James reviewed the changes in the merger agreement. The board again heard that Bridge Bancorp was offering no more than two director seats on the Bridge Bancorp board. The board discussed the number of directors from CNB that should join the Bridge Bancorp board. Mr. Lindenbaum described his meeting with the Chairwoman of the Bridge Bancorp board, suggesting that the Bridge Bancorp board was opposed to more than two directors. Nonetheless, the board asked its advisors to go back with the request for two directors. The board heard briefly about the status of the officer contracts.

A brief telephone update was held for the board on December 13, 2014. The board heard from Mr. Lubow and legal counsel and representatives of Raymond James on Bridge Bancorp's continued rejection of the request for the three board seats.

On the afternoon of December 14, 2014, CNB's board of directors held a special meeting to consider the proposed definitive merger agreement and ancillary documents. Representatives of Raymond James and Day Pitney also attended the meeting. Legal counsel reviewed with the board of directors the proposed definitive merger agreement and related documents, copies of which were delivered to each director before the meeting. At this meeting, Raymond James reviewed the financial aspects of the proposed merger. Representatives of Raymond James stated they were prepared to render an opinion to the CNB board of directors to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Raymond James as set forth in such opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of CNB common stock. Matthew Lindenbaum and representatives of Raymond James were asked to leave the room. The directors, other than Mr. Lindenbaum, together with management and legal counsel, discussed the merger, its possible benefits and the possible advantage of the CNB remaining independent. The directors present at the meeting, other than Mr. Lindenbaum, discussed the merger and then voted unanimously to approve the merger agreement. Mr. Lindenbaum and representatives of Raymond James were invited back into the meeting. Following further discussion, CNB's board of directors, with Mr. Lindenbaum voting, unanimously approved the merger agreement and authorized and directed management to execute and deliver the merger agreement.

Recommendation of the CNB Board of Directors and Reasons for the Merger

In reaching its decision to adopt the merger agreement, and approve the merger and the other transactions contemplated by the merger agreement, and to recommend that its shareholders adopt the merger agreement, the

CNB board evaluated the merger in consultation with CNB's management, as well as CNB's independent financial and legal advisors, and considered a number of factors, including the following material factors:

- the CNB board's familiarity with and review of CNB's business, financial condition, results of operations and prospects, including, but not limited to, its business plan and its potential for growth, development, productivity and profitability;
- the current and prospective environment in which CNB operates, including national and local economic conditions, the competitive environment for financial institutions generally, the increased regulatory burden on financial institutions generally and the trend toward consolidation in the financial services industry;
- the CNB board's belief that CNB needs to grow to be in a position to deliver a competitive return to its shareholders;
- the CNB board's review, with the assistance of CNB's management and legal and financial advisors, of strategic alternatives to the merger, including the possibility of remaining independent;
- the CNB board's review, based in part on the due diligence performed by CNB in connection with the transaction, of Bridge Bancorp's business, financial condition, results of operations and management; the recent performance of Bridge Bancorp's common stock on both a historical and prospective basis; the strategic fit between the parties; the potential synergies expected from the merger; the geographic fit between CNB's and Bridge Bancorp's service areas; and the business risks associated with the merger;
- the expectation that the merger will provide holders of CNB common stock the opportunity to receive a significant premium over the historical trading prices for their shares and that the exchange of Bridge Bancorp shares for CNB shares will be tax-free for federal income tax purposes;
- the expected pro forma financial impact of the transaction, taking into account anticipated cost savings and other factors, on both CNB shareholders and Bridge Bancorp shareholders;
- the CNB board's expectation that the combined company will have a strong capital position upon completion of the transaction;
- the structure of the transaction as a stock-for-stock merger following which CNB's existing shareholders will continue to participate in the future success of the combined company and reap the benefits of any synergies achieved or any future transactions that might be pursued by the combined company;
- the fact that the exchange ratio is fixed, which the CNB board believed was consistent with market practice for transactions of this type and with the strategic purpose of the transaction;
- the fact that CNB may terminate the merger agreement in the event that the trading price of Bridge Bancorp's common stock drops by more than 17.5% both on an absolute basis and in relation to an index of bank stocks;
- the lack of prospects for a superior offer for a strategic combination;
- the CNB board's review with its legal and financial advisors of the financial and other terms of the merger agreement, including the fixed exchange ratio, tax treatment and termination fee provisions;
- the opinion, dated December 14, 2014, of Raymond James to the CNB board as to the fairness, from a financial point of view and as of the date of the opinion, to the holders of CNB common stock of the exchange ratio in the merger, as more fully described below under Fairness Opinion of CNB's Financial Advisor on page 104;

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- the similarity between CNB's and Bridge Bancorp's management philosophies, approaches and commitments to the communities, customers and shareholders they each serve and their respective employees;
- the effects of the merger on CNB's employees, including the prospects for continued employment and the severance and other benefits agreed to be provided by Bridge Bancorp;
- the impact of the merger on depositors, customers and communities served by CNB and the expectation that the combined entity will continue to provide quality service to the communities and customers currently served by CNB; and
- Bridge Bancorp's agreement, upon the closing of the merger, to appoint two individuals who are directors of CNB as directors of Bridge Bancorp and Bridgehampton Bank, which is expected to provide a degree of continuity and involvement by CNB's board following the merger and enhance the likelihood that the strategic benefits that CNB expects to achieve as a result of the merger will be realized.

The CNB board also considered potential risks relating to the merger, including the following:

Table of Contents

- the regulatory and other approvals required in connection with the merger and the expectation that such regulatory approvals will be received in a timely manner and without the imposition of unacceptable conditions;
- the potential for diversion of management and employee attention, and for employee attrition, during the period prior to the completion of the merger and the potential effect on CNB's business and relations with customers, service providers and other stakeholders, whether or not the merger is completed;
- the merger agreement provisions generally requiring CNB to conduct its business in the ordinary course and the other restrictions on the conduct of CNB's business prior to completion of the merger, which may delay or prevent CNB from undertaking business opportunities that may arise pending completion of the merger;
- with stock consideration based on a fixed exchange ratio, the risk that the consideration to be paid to CNB shareholders could be adversely affected by a decrease in the trading price of Bridge Bancorp common stock during the pendency of the merger;
- expected benefits and synergies sought in the merger, including cost savings and Bridge Bancorp's ability to successfully market its financial products to CNB's customers, may not be realized or may not be realized within the expected time period;
- the challenges of integrating the businesses, operations and employees of CNB and Bridge Bancorp;
- certain provisions of the merger agreement prohibit CNB from soliciting, and limit its ability to respond to, proposals for alternative transactions;
- CNB's obligation to pay Bridge Bancorp a termination fee of \$5 million in certain circumstances, as described in the section entitled "Termination; Amendment; Waiver" on page 139, may deter others from proposing an alternative transaction that may be more advantageous to CNB's shareholders;
- that CNB's directors and executive officers may have interests in the merger that are different from or in addition to those of its shareholders generally, as described in the section entitled "Interests of CNB's Directors and Officers in the Merger that are Different From Yours" on page 132; and
- the other risks described in the section entitled "Risk Factors" beginning on page 31 and the risks of investing in Bridge Bancorp common stock identified in the Risk Factors sections of Bridge Bancorp's periodic reports filed with the SEC and incorporated by reference herein.

The discussion of the information and factors considered by the CNB board is not exhaustive, but includes the material factors considered by the CNB board. In view of the wide variety of factors considered by the CNB board in connection with its evaluation of the merger and the complexity of these matters, the CNB board did not attempt to quantify, rank, or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Furthermore, in considering the factors described above, individual members of the CNB board may have given different weights to different factors. The CNB board evaluated the factors described above and reached the unanimous decision that the merger was in the best interests of CNB and its shareholders. The CNB board realized there can be no assurance about future results, including results expected or considered in the factors listed above. However, the CNB board concluded the potential positive factors outweighed the potential risks of completing the merger. It should be noted that this explanation of the CNB board's reasoning and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading "Forward-Looking Statements" beginning on page 35.

On the basis of these considerations, the CNB Board of Directors unanimously adopted and approved the merger agreement and the transactions contemplated by the merger agreement.

The CNB Board of Directors unanimously recommends that CNB shareholders vote FOR the approval of the merger proposal and other merger-related proposals.

Fairness Opinion of CNB's Financial Advisor

CNB informally retained Raymond James in November 2014 as financial advisor and on December 10, 2014 the parties entered into an engagement letter. Pursuant to that engagement, the CNB board of directors requested that Raymond James evaluate the fairness, from a financial point of view, to the Unaffiliated Shareholders of the exchange ratio to be received by such holders pursuant to the merger agreement.

Table of Contents

At the December 14, 2014 meeting of the CNB board of directors, representatives of Raymond James rendered its oral opinion, which was confirmed by delivery of a written opinion to the CNB board of directors dated December 14, 2014, as to the fairness, as of such date, from a financial point of view, to the Unaffiliated Shareholders of the exchange ratio provided for in the merger pursuant to the merger agreement, based upon and subject to the qualifications, assumptions and other matters considered in connection with the preparation of its opinion.

The full text of the written opinion of Raymond James is attached as Appendix B to this joint proxy statement prospectus. The summary of the opinion of Raymond James set forth in this document is qualified in its entirety by reference to the full text of such written opinion.

Raymond James provided its opinion for the information of the CNB board of directors (in its capacity as such) in connection with its consideration of the proposed merger and its opinion only addresses whether the exchange ratio provided for in the merger pursuant to the merger agreement was fair, from a financial point of view, to the Unaffiliated Shareholders. The opinion of Raymond James does not address any other term, aspect or implication of the merger agreement, the merger or any other agreement, arrangement or understanding entered into in connection therewith or otherwise. The Raymond James opinion does not constitute a recommendation to the CNB board of directors, any shareholder of CNB or any other party regarding how the CNB board of directors, such shareholder or any other party should vote or otherwise act on any matter related to the proposed merger. In addition, pursuant to the terms of its engagement letter with CNB, the Raymond James opinion should not be construed as creating any fiduciary duty on the part of Raymond James to any such party, regardless of any prior or ongoing advice or relationships.

In connection with its review of the proposed merger and the preparation of its opinion, Raymond James, among other things:

- reviewed a draft, dated December 12, 2014, of the merger agreement;

- reviewed the audited financial statements for each of CNB and Bridge Bancorp for the years ended December 31, 2011, 2012 and 2013 and the unaudited financial statements for the quarter ended September 30, 2014 for each of CNB and Bridge Bancorp;

- reviewed certain other publicly available information regarding each of CNB and Bridge Bancorp;

- reviewed and discussed with members of the senior management of CNB and Bridge Bancorp and certain of their representatives and advisors certain information regarding the historical and current financial and operating performance of CNB and Bridge Bancorp as provided by CNB and Bridge Bancorp respectively, certain financial forecasts regarding the future financial results and condition of CNB prepared by CNB's senior management, which we refer to as the CNB financial forecasts, and certain financial forecasts regarding the future financial results and condition of Bridge Bancorp prepared by Bridge Bancorp's senior management, which we refer to as the Bridge Bancorp financial forecasts ;

- reviewed comparative financial and operating data on the banking industry, CNB, Bridge Bancorp and selected public companies we deemed to be relevant; and

- performed such other analyses and reviewed such other information relating to CNB, Bridge Bancorp and the merger as Raymond James deemed relevant.

With CNB's consent, Raymond James assumed and relied upon the accuracy and completeness of all information supplied or otherwise made available to it by or on behalf of CNB, Bridge Bancorp or any other party, as well as publicly available information, and Raymond James did not undertake any duty or responsibility to, nor did Raymond James, independently verify any of such information. In addition, Raymond James did not receive or review any individual credit files, nor did Raymond James make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or off-balance-sheet assets and liabilities) of CNB or Bridge Bancorp or any of their respective subsidiaries, and Raymond James was not furnished with any such evaluations or appraisals. Raymond James is not an expert in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowances for losses with respect thereto and, accordingly, Raymond James assumed that such

Table of Contents

allowances for losses were in the aggregate adequate to cover such losses. With respect to the CNB financial forecasts, Raymond James was advised by CNB and assumed that the CNB financial forecasts were reasonably prepared in good faith and reflected the best currently available estimates, judgments and assumptions of the management of CNB as to the future financial performance of CNB. With respect to the Bridge Bancorp financial forecasts, Raymond James was advised by Bridge Bancorp and Raymond James assumed that the Bridge Bancorp financial forecasts were reasonably prepared in good faith and reflected the best currently available estimates, judgments and assumptions of the management of Bridge Bancorp as to the future financial performance of Bridge Bancorp. Raymond James was authorized by CNB to rely upon such forecasts and other information and data, including without limitation the CNB financial forecasts and the Bridge Bancorp financial forecasts, and Raymond James expressed no view as to any such forecasts or other information or data, or the bases or assumptions on which they were prepared. Raymond James assumed that each party to the merger agreement would advise it promptly if any information previously provided to it became inaccurate or was required to be updated during the period of its review. Raymond James assumed that the final form of the merger agreement, when executed by the parties to the merger agreement, would conform to the draft reviewed by Raymond James in all respects material to its analyses, and that the merger would be consummated in accordance with the terms of the merger agreement without waiver, modification or amendment of any terms or conditions thereto and that, in the course of obtaining any necessary legal, regulatory or third party consents or approvals for the merger, no delay, limitations, restrictions or conditions would be imposed that would have an adverse effect on CNB, Bridge Bancorp or the contemplated benefits of the merger.

The opinion of Raymond James was based upon market, economic, financial and other circumstances and conditions existing and known to Raymond James as of the date of its opinion. Although subsequent developments could affect its opinion, Raymond James has no obligation to update, revise or reaffirm its opinion. Raymond James expressed no opinion as to the underlying business decision of the CNB board of directors to effectuate the merger, the structure, legal, tax accounting or regulatory aspects or consequences of the merger or the availability or advisability of any alternatives to the merger. Raymond James relied upon, without independent verification, the assessment by the respective managements of CNB and Bridge Bancorp and their legal, tax, accounting and regulatory advisors with respect to all legal, tax, accounting and regulatory matters, including without limitation, that the merger would qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. Raymond James did not express any opinion as to the value of CNB common stock or Bridge Bancorp common stock following the announcement of the proposed merger, the value of Bridge Bancorp common stock following the consummation of the merger, or the prices at which shares of CNB common stock or Bridge Bancorp common stock may be purchased or sold at any time, which in each case, may vary depending on numerous factors, including factors outside of the control of CNB and Bridge Bancorp. With CNB's consent, Raymond James assumed that the shares of Bridge Bancorp common stock to be issued in the merger would be freely tradable on the NASDAQ Global Select Market.

Raymond James' opinion is limited to the fairness, from a financial point of view, to the Unaffiliated Shareholders, of the exchange ratio provided for in the merger pursuant to the merger agreement including, without limitation, the fairness (financial or otherwise) of the amount or nature of, or any other aspect relating to, any compensation to be received by any officers, directors or employees of any parties to the merger, or class of such persons, relative to the exchange ratio or otherwise.

- ConnectOne Bancorp, Inc.

- First of Long Island Corp.

- Peapack-Gladstone Financial

- Suffolk Bancorp

- BCB Bancorp Inc.

- Unity Bancorp Inc.

The estimates published by Wall Street research analysts were not prepared in connection with the merger or at the request of Raymond James and may or may not prove to be accurate. Raymond James reviewed the mean, median, minimum and maximum relative valuation multiples of the selected public companies. The results of the selected public companies analysis are summarized below:

Furthermore, Raymond James applied the mean, median, minimum and maximum relative valuation multiples for each of the metrics to the actual and projected financial results of both CNB and Bridge Bancorp. The mean and median of the implied equity prices per share indicated by this analysis were then used to impute a range of exchange ratios for each of the metrics listed below. The results of this are summarized below:

standalone basis. Raymond James used tangible common equity in excess of a target ratio of 8.0% for free cash flow.

The discounted cash flow analysis was based on the CNB financial forecasts and the Bridge Bancorp financial forecasts. Multiples, ranging from 14.0x to 16.0x of calendar year 2019 net income and 120.0% to 140.0% of 2019 fiscal year end tangible book value were applied in order to derive ranges of terminal values for both CNB and Bridge Bancorp in 2019.

The projected free cash flows and terminal values were discounted using rates ranging from 14.4% to 16.4%. The resulting range of present equity values was divided by the number of diluted shares outstanding for each institution in order to arrive at a range of present values per CNB and Bridge Bancorp share. Raymond James reviewed the implied exchange ratios derived in the discounted cash flow analysis and compared them to the exchange ratio. The results of the discounted cash flow analysis are summarized below:

	Implied Equity Value		Implied Exchange Ratio	
	Bridge Bancorp	CNB	Low / High	High / Low
TBV Terminal Multiple Low	\$ 11.94	\$ 7.42	0.5125x	0.8254x

Net Income Terminal Multiple Low	21.01	7.48	0.2929x	0.4618x
Net Income Terminal Multiple High	25.55	9.70		
Exchange Ratio			0.7900x

The results of this analysis are summarized below:

Additional Considerations. The preparation of a fairness opinion is a complex process and is not susceptible to a partial analysis or summary description. Raymond James believes that its analyses must be considered as a whole and that selecting portions of its analyses, without considering the analyses taken as a whole, would create an incomplete view of the process underlying its opinion. In addition, Raymond James considered the results of all such analyses and did not assign relative weights to any of the analyses, but rather made qualitative judgments as to significance and relevance of each analysis and factor, so the ranges of valuations resulting from any particular analysis described above should

not be taken to be the view of Raymond James as to the actual value of CNB.

In performing its analyses, Raymond James made numerous assumptions with respect to industry performance, general business, economic and regulatory conditions and other matters, many of which are beyond the control of CNB. The analyses performed by Raymond James are not necessarily indicative of actual values, trading values or actual future results which might be achieved, all of which may be significantly more or less favorable than suggested by such analyses. Such analyses were provided to the CNB board of directors (in its capacity as such) and were prepared solely as part of the analysis of Raymond James of the fairness, from a financial point of view, to the holders of CNB common stock of the exchange ratio provided for in the merger pursuant to the merger agreement. The analyses do not purport to be appraisals or to reflect the prices at which companies may

Table of Contents

actually be sold, and such estimates are inherently subject to uncertainty. The opinion of Raymond James was one of many factors taken into account by the CNB board in making its determination to approve the merger. Neither Raymond James' opinion nor the analyses described above should be viewed as determinative of the CNB board of directors' or CNB management's views with respect to CNB or the merger. Raymond James provided financial advice to CNB board of directors with respect to the proposed transaction. Raymond James did not, however, recommend any specific amount of consideration to the CNB board of directors or that any specific exchange ratio constituted the only appropriate consideration for the merger.

The Raymond James opinion was necessarily based upon market, economic, financial and other circumstances and conditions existing and disclosed to it on December 14, 2014, and any material change in such circumstances and conditions may affect the opinion of Raymond James, but Raymond James has no obligation to update, revise or reaffirm the opinion at any later date.

Raymond James and its affiliates have in the past provided and are currently providing investment banking and other financial services to Bridge Bancorp for which Raymond James or its affiliates have received, or would expect to receive, compensation, including, during the past two years, having provided advisory services to Bridge Bancorp with respect to portfolios of fixed income securities held or managed by Bridge Bancorp. Raymond James and its affiliates may provide investment banking, financial advisory and other financial services to CNB, Bridge Bancorp or certain of their respective affiliates in the future, for which Raymond James and such affiliates may receive compensation.

Raymond James will receive a transaction fee currently estimated to be approximately \$1.4 million for its services as financial advisor to CNB in connection with the merger, of which \$150,000 became payable upon delivery of its opinion and the balance of which is contingent upon the closing of the merger. CNB also agreed to reimburse Raymond James for certain of its expenses incurred in connection with its services, including the fees and expenses of its counsel, and will indemnify Raymond James and certain related parties against certain liabilities arising out of its engagement.

Raymond James is actively engaged in the investment banking business and regularly undertakes the valuation of investment securities in connection with public offerings, private placements, business combinations and similar transactions. In the ordinary course of business, Raymond James may trade in the securities of CNB and Bridge Bancorp for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

Recommendation of the Bridge Bancorp Board of Directors and Reasons for the Merger

In reaching its decision to approve the merger agreement and the merger, and to recommend shareholder approval of the issuance of shares in connection with the merger and merger agreement, the Bridge Bancorp board of directors consulted with Bridge Bancorp management, as well as its independent financial and legal advisors, and considered a number of factors, including the following:

- each of Bridge Bancorp's, CNB's and the combined company's business, operations, financial condition, asset quality, earnings and prospects. In reviewing these factors, the Bridge Bancorp board of directors considered its view that CNB's financial condition and asset quality are sound, that CNB's business and operations complement those of Bridge Bancorp and that the merger would result in a combined company with a highly attractive loan portfolio and deposit mix. The board of directors further considered that CNB's earnings and prospects, and the synergies potentially available in the proposed transaction, create the opportunity for the combined company to have superior future

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

earnings and prospects compared to Bridge Bancorp's earnings and prospects on a stand-alone basis;

- the anticipated pro forma impact of the merger on the combined company, including the expected impact on financial metrics including earnings and tangible equity per share and on regulatory capital levels;
- the proposed combination would continue Bridge Bancorp's geographic expansion into the highly attractive markets of Nassau County, Queens County and Manhattan and the expanded possibilities, including organic growth and future acquisitions, that would be available to the combined company, given its larger size, asset base, capital and footprint;

- the current and prospective environment in which Bridge Bancorp and CNB operate, including national and local economic conditions, the interest rate environment, increasing operating costs resulting from regulatory initiatives and compliance mandates, the competitive environment for financial institutions generally, and the likely effect of these factors on Bridge Bancorp both with and without the proposed transaction;
- its review and discussions with Bridge Bancorp's management and advisors concerning the due diligence examination of the business of CNB; and
- the separate written opinions of each of RBC and Sandler O'Neill, Bridge Bancorp's financial advisors, to the effect that and subject to and based on the various assumptions, considerations, qualifications and limitations set forth in the opinion, the exchange ratio was fair, from a financial point of view, to Bridge Bancorp;

The foregoing discussion of the information and factors considered by the Bridge Bancorp board of directors is not intended to be exhaustive, but includes the material factors considered by the Bridge Bancorp board of directors. In reaching its decision to approve the merger agreement and the merger, the Bridge Bancorp board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The Bridge Bancorp board of directors considered all these factors as a whole, including discussions with, and questioning of, Bridge Bancorp's management and Bridge Bancorp's independent financial and legal advisors, and overall considered the factors to be favorable to, and to support, its determination.

The Bridge Bancorp Board unanimously recommends that the Bridge Bancorp shareholders vote FOR the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger as set forth in the merger agreement.

Fairness Opinion of RBC as Bridge Bancorp's Financial Advisor

On December 12, 2014, RBC Capital Markets, LLC (RBC) rendered its written opinion to the board of directors of Bridge Bancorp that, as of that date and subject to the assumptions, qualifications, limitations and other matters set forth therein, the exchange ratio was fair, from a financial point of view, to Bridge Bancorp. The full text of RBC's written opinion dated December 12, 2014 is attached to this joint proxy statement/prospectus as Appendix C and constitutes part of this joint proxy statement/prospectus. RBC's opinion was approved by RBC's Fairness Opinion Committee. This summary of RBC's opinion is qualified in its entirety by reference to the full text of the opinion. Bridge Bancorp urges holders of Bridge Bancorp common stock to read RBC's opinion carefully in its entirety for a description of the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by RBC.

RBC's opinion was provided for the information and assistance of the board of directors of Bridge Bancorp in connection with its consideration of the merger. RBC's opinion did not address the merits of Bridge Bancorp's underlying decision to engage in the merger or the relative merits of the merger compared to any alternative business strategy or transaction in which Bridge Bancorp might engage. RBC's opinion and the analyses performed by RBC in connection with its opinion, as reviewed by the board of directors of Bridge Bancorp, were only two of many factors taken into consideration by the board of directors in connection with its evaluation of the merger. RBC's opinion does not constitute a recommendation to any holder of Bridge Bancorp common stock as to how such holder should vote with respect to the adoption of the merger agreement or any other proposal to be voted upon by them in connection with the merger.

RBC's opinion addressed solely the fairness of the exchange ratio, from a financial point of view, to Bridge Bancorp, and did not in any way address other terms or arrangements of the merger or the merger agreement, including, without limitation, the financial or other terms of any other agreement contemplated by, or entered into in connection with, the merger agreement, nor did it address, and RBC expressed no opinion with respect to, the solvency of Bridge Bancorp. Overview of Analyses; Other Considerations

No single company or transaction used in the above analyses as a comparison was identical to Bridge Bancorp, CNB or the merger, and an evaluation of the results of those analyses is not entirely mathematical. Rather, the analyses involved complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, businesses or transactions analyzed.

The preparation of a fairness opinion is a complex process that involves the application of subjective business judgment in determining the most appropriate and relevant methods of financial analysis and the application of those methods to particular circumstances. Several analytical

methodologies were used by RBC, and no one method of analysis should be regarded as critical to the overall conclusion reached. Each analytical technique has inherent strengths and weaknesses, and the nature of the available information may further affect the value of particular techniques. The overall conclusions of RBC were based on all the analyses and factors presented herein taken as a whole and also on application of RBC's own experience and judgment. Such conclusions may involve significant elements of subjective judgment and qualitative analysis. RBC therefore believes that its analyses must be considered as a whole and that selecting portions of the analyses and of the factors considered, without considering all factors and analyses, could create an incomplete or misleading view of the processes underlying its opinion.

Sandler O Neill's fairness opinion was approved by Sandler O Neill's Fairness Opinion Committee. **The full text of Sandler O Neill's opinion is attached as Appendix D to this proxy statement/prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion.**

Sandler O Neill's opinion speaks only as of the date of the opinion and was necessarily based on financial, economic, market and other conditions as they existed on, and the information made available to Sandler O Neill as of, that date. Events occurring or information available after that date could materially affect its opinion. Sandler O Neill has not undertaken to update, revise, reaffirm or withdraw its opinion or otherwise comment upon events occurring after the date of its opinion. The opinion was directed to the Bridge Board and is directed only to the fairness of the merger consideration to Bridge from a financial point of view. It does not address the underlying business decision of Bridge Bancorp to engage in the merger or any other aspect of the merger and is not a recommendation to any holder of Bridge Bancorp's common stock as to how such shareholder should vote at the special meeting with respect to the merger.

In connection with rendering its opinion, Sandler O Neill reviewed and considered, among other things:

- a draft of the merger agreement dated December 12, 2014

In performing its reviews and analyses and in rendering its opinion, Sandler O'Neill relied upon the accuracy and completeness of all of the financial and other information that was available to them from public sources, that was provided to them by Bridge Bancorp and CNB or their respective representatives or that was otherwise reviewed by them and they assumed such accuracy and completeness for purposes of rendering its opinion. Sandler O'Neill further relied on the assurances of senior management of each of Bridge Bancorp and CNB that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any material respect. Sandler O'Neill was not asked to, and did not, undertake an independent verification of any of such information and did not assume any responsibility or liability for the accuracy or completeness thereof. Sandler O'Neill did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Bridge Bancorp or CNB or any of their respective subsidiaries. Sandler O'Neill did not review any individual credit files of Bridge Bancorp or CNB or make an independent evaluation of the adequacy of the allowance for loan losses of Bridge Bancorp or CNB, and assumed, with Bridge Bancorp's consent, that the respective allowances for loan losses for both Bridge Bancorp and CNB were adequate to cover any such losses.

In preparing its analyses, Sandler O'Neill used publicly available earnings projections and a long-term growth rate for Bridge Bancorp as provided by senior management of Bridge Bancorp and internal projections for CNB as provided by senior management of CNB and an estimated long-term growth rate as adjusted based on the guidance of senior management of Bridge Bancorp. Sandler O'Neill also received and used in its analyses certain projections of transaction costs, purchase accounting adjustments, expected cost savings and other synergies which were prepared by and/or reviewed with the senior management of Bridge Bancorp. With respect to those projections, estimates and judgments, the respective managements of Bridge Bancorp and CNB confirmed to Sandler O'Neill that those projections, estimates and judgments reflected the best currently available estimates and judgments of those respective managements of the future financial performance of Bridge Bancorp and CNB,

respectively, and Sandler O'Neill assumed that such performance would be achieved. Sandler O'Neill expressed no opinion as to such estimates or the assumptions on which they are based. Sandler O'Neill has also assumed that there has been no material change in Bridge Bancorp's and CNB's assets, financial condition, results of operations, business or prospects since the date of the most recent financial statements made available to us.

Sandler O'Neill assumed in all respects material to its analysis that Bridge Bancorp and CNB will remain as going concerns for all periods relevant to its analyses, that the parties to the merger agreement will comply with all material terms of the merger agreement, that all of the representations and warranties contained in the merger agreement are true and correct, that each party to the merger agreement will perform all of the covenants required to be performed by such party under the agreement and that the conditions precedent in the merger agreement will not be waived, that no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Bridge Bancorp, CNB or the merger, and that the merger will be consummated in accordance with the terms of the Agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements. Sandler O'Neill expresses no opinion as to any of the legal, accounting and tax matters relating to the merger and any other transactions contemplated in connection therewith.

In rendering its opinion, Sandler O'Neill performed a variety of financial analyses. The summary below is not a complete description of all the analyses underlying Sandler O'Neill's opinion or the presentation made by Sandler O'Neill to the Bridge Board, but is a summary of all material analyses performed and presented by Sandler O'Neill. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses.** The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Also, no company included in Sandler O'Neill's comparative analyses described below is identical to Bridge Bancorp or CNB and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of Bridge Bancorp and CNB and the companies to which they are being compared. In arriving at its opinion, Sandler O'Neill did not attribute any particular weight to any analysis or factor that it considered. Rather, it made qualitative judgments as to the significance and relevance of each analysis and factor. Sandler O'Neill did not form an opinion as to whether any individual analysis or factor (positive or negative) considered in isolation supported or failed to support its opinion; rather, Sandler O'Neill made its determination as to the fairness of the merger consideration on the basis of its experience and professional judgment after considering the results of all its analyses taken as a whole.

In performing its analyses, Sandler O'Neill also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of Bridge Bancorp, CNB and Sandler O'Neill. The analyses performed by Sandler O'Neill are not necessarily indicative of actual values or future results, both of which may be significantly more or less favorable than suggested by such analyses. Sandler O'Neill prepared its analyses solely for purposes of rendering its opinion and provided such analyses to Bridge Bancorp's Board at its December 12, 2014, meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler O'Neill's analyses do not necessarily reflect the value of Bridge Bancorp's common stock or the prices at which Bridge Bancorp's or CNB's common stock may be sold at any time. The analyses of Sandler O'Neill and its opinion were among a number of factors taken into consideration by the Bridge Board in making its determination to approve the merger agreement and the analyses described below should not be viewed as determinative of the decision of the Bridge Board or management with respect to the fairness of the merger.

Summary of Proposal. Sandler O'Neill reviewed the financial terms of the proposed transaction. As described in the merger agreement, CNB shareholders will receive in exchange for each share of CNB stock 0.7900 shares of Bridge Bancorp's common stock. Using Bridge Bancorp's December 11, 2014 closing price of \$25.65, and based upon 6,673,181 common shares currently outstanding plus 900,728 options currently

Net Present Value Analysis. Sandler O Neill also performed an analysis that estimated the net present value per share of CNB common stock assuming CNB performed in accordance with management's budget and management guidance. The analysis also assumed that CNB's regular cash dividend remained at \$0.00 per share annually through fiscal year 2018. To approximate the terminal value of CNB common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples ranging from 10.0x to 20.0x and multiples of tangible book value ranging from 75% to 200%. The terminal values were then discounted to present values using different discount rates ranging from 10.0% to 16.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of CNB's common stock. As illustrated in the following tables, the analysis indicates an imputed range of values per share of CNB common stock of \$8.13 to \$20.38 when applying multiples of earnings to the applicable amounts indicated in the CNB projections and \$6.67 to \$22.27 when applying multiples of tangible book value to the applicable amounts indicated in the CNB projections.

Sandler O Neill also considered and discussed with the Bridge Board how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O Neill performed a similar analysis assuming CNB's net income varied from 25% above projections to 25% below projections. Using a 20-year normalized treasury yield of 4.00%, an equity risk premium of 5.00% and a size premium of 3.87%, Sandler O Neill calculated a 12.87% discount rate for CNB. This analysis resulted in the following range of per share values for CNB common stock, using the same price to earnings multiples of 10.0x to 20.0x.

Sandler O Neill also performed an analysis that estimated the net present value per share of CNB common stock assuming that CNB performed in accordance with management's budget and management guidance and assuming the estimated annual cost savings related to the transaction were included. Again, the analysis also assumed that CNB's regular cash dividend remained at \$0.00 per share annually through fiscal 2018. To approximate the terminal value of CNB common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples ranging from 10.0x to 20.0x and multiples of tangible book value ranging from 75% to 200%. The terminal values were then discounted to present values using different discount rates ranging from 10.0% to 16.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of CNB's common stock. As illustrated in the following tables, the analysis indicates an imputed range of values per share of CNB common stock of \$13.44 to \$33.69 when applying multiples of earnings to the applicable amounts indicated in the CNB projections and \$7.99 to \$26.71 when applying multiples of tangible book value to the applicable amounts indicated in the CNB projections.

Sandler O Neill also considered and discussed with the Bridge Board how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O Neill performed a similar analysis assuming CNB's net income varied from 25% above projections to 25% below projections. Using a 20-year normalized treasury yield of 4.00%, an equity risk premium of 5.00% and a size premium of 3.87%, Sandler O Neill calculated a 12.87% discount rate for CNB. This analysis resulted in the following range of per share values for CNB common stock, using the same price to earnings multiples of 10.0x to 20.0x.

Sandler O Neill also performed an analysis that estimated the net present value per share of Bridge Bancorp common stock assuming that Bridge Bancorp performed in accordance with management's guidance. To approximate the terminal value of Bridge Bancorp common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples ranging from 10.0x to 20.0x and multiples of tangible book value ranging from 100% to 225%. The terminal values were then discounted to present values using different discount rates ranging from 10.0% to 16.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of Bridge Bancorp's common stock. As illustrated in the following tables, the analysis indicates an imputed range of values per share of Bridge Bancorp common stock of \$16.05 to \$36.53 when applying earnings multiples to the applicable amounts indicated in the Bridge Bancorp projections and \$13.06 to \$32.27 when applying multiples of tangible book value to the applicable amounts indicated in the Bridge Bancorp projections.

Sandler O Neill noted that the net present value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

Pro Forma Merger Analysis. Sandler O Neill analyzed certain potential pro forma effects of the merger, based on the following: (i) the merger closes in the second calendar quarter of 2015; (ii) 100% of the outstanding

Table of Contents

shares of CNB common stock are converted into Bridge Bancorp's common stock at the exchange ratio of 0.7900. Sandler O'Neill also incorporated the following assumptions as provided by Bridge Bancorp: (a) purchase accounting adjustments include a gross loan mark of \$11 million; (b) a core deposit intangible of \$9 million, representing 1.50% of CNB's core deposits; amortized sum-of-the-years digits over 10 years; (c) cost savings of approximately 35% or \$8.5 million based on CNB's core noninterest expense base of \$24 million; and (d) after-tax restructuring charge of \$12 million. The analysis indicated that the merger would be accretive to Bridge Bancorp's earnings per share in 2015 (based on 6 months of earnings and excluding non-recurring deal related expenses) and dilutive to tangible book value per share for approximately three years based on crossover method.

In connection with this analyses, Sandler O'Neill considered and discussed with the Bridge Board how the analysis would be affected by changes in the underlying assumptions, including the impact of final purchase accounting adjustments determined at the closing of the transaction, and noted that the actual results achieved by the combined company may vary from projected results and the variations may be material.

Sandler O'Neill's Relationship. Sandler O'Neill rendered a fairness opinion to the Bridge Board in connection with the merger and received a \$200,000 fee in connection with the delivery of its fairness opinion. Bridge Bancorp has also agreed to reimburse Sandler O'Neill for its reasonable out-of-pocket expenses incurred in connection with its engagement and to indemnify Sandler O'Neill and its affiliates and their respective partners, directors, officers, employees and agents against certain expenses and liabilities, including liabilities under applicable federal or state law.

Employee Matters

The merger agreement provides that Bridge will review all CNB employee benefit plans to determine whether to maintain, terminate or continue such plans. In the event any CNB employee benefit plan is changed or terminated by Bridge Bancorp, Bridge Bancorp has agreed to provide compensation and benefits to continuing employees that are, in the aggregate, substantially similar to the compensation and benefits provided to similarly situated Bridgehampton Bank (or applicable Bridge Bancorp subsidiary) employees.

All CNB employees who become participants in any of the Bridge Bancorp compensation or benefit plans will be given credit for service at CNB for eligibility to participate in and the satisfaction of vesting requirements (but not for benefit accrual purposes) under Bridge Bancorp's compensation and benefit plans.

Any employee of CNB who is not offered employment with Bridge Bancorp as of the closing of the merger or is involuntarily terminated by Bridge Bancorp (other than for cause) within six months following the effective time of the merger, will receive a severance payment equal to two weeks of base pay for each full year of service at CNB, with a maximum of 26 weeks and a minimum of four weeks base pay; provided that such individual executes a release agreement.

Subject to the Settlement Agreement described below, Bridge Bancorp has agreed to honor all obligations under all employment, consulting and change in control agreements applicable to employees of CNB and its subsidiaries, but is not obligated under the merger agreement to maintain the employment of any particular individual after the merger is consummated. See **Interests of CNB's Directors and Executive Officers In the Merger That Are Different From Yours** below for a discussion of the employment agreements and other compensation arrangements applicable to directors and executive officers of CNB that will be honored by Bridge Bancorp.

Dissenters' Rights

Shareholders of CNB have dissenters' rights of appraisal, as described herein, which are governed by the National Bank Act, 12 U.S.C. §215a. If the merger is approved by the required votes of Bridge Bancorp and CNB shareholders and is consummated, any record holder of CNB common stock may require the Bridgehampton Bank to pay the fair or appraised value of his or her common stock, determined as of the effective date of the merger (the Effective Date), by complying with 12 U.S.C. § 215a.

A shareholder who votes against the merger, or gives notice in writing to CNB at or prior to the CNB special meeting of shareholders, identifying himself or herself and stating that he or she dissents from the merger agreement, will be entitled to receive in cash the value of the CNB common stock held by him or her, if and when the merger is consummated, upon written request made to Bridgehampton Bank at any time before thirty days after the consummation of the merger, accompanied by the surrender of his or her stock certificates.

The value of such shares will be determined, as of the effective date of the merger, by a committee of three persons, one to be selected by a majority vote of the dissenting shareholders entitled to receive the value of their shares, one by the directors of Bridgehampton Bank, and the third by the two so chosen. The valuation agreed upon by any two of these three appraisers will govern; but if the value fixed by the appraisers is not satisfactory to any dissenting shareholder who has requested payment as provided herein, such shareholder may within five days after being notified of the appraised value of his or her shares appeal to the OCC, which will cause a reappraisal to be made. The OCC's reappraisal will be final and binding as to the value of the shares. If, within ninety days from the Effective Date, for any reason one or more of the appraisers is not selected as herein provided, or the appraisers fail to determine the value of such shares, the OCC will, upon written request of any interested party, cause an appraisal to be made which will be final and binding on all parties. The expenses of the OCC in making the reappraisal, or the appraisal as the case may be, will be paid by Bridgehampton Bank.

The foregoing summary does not purport to be a complete statement of the provisions of the federal law relating to rights of dissenting shareholders, and is qualified in its entirety by reference to such law, a copy of which is attached hereto as Appendix E. Failure by a shareholder to follow the steps required by the federal law for perfecting rights as a dissenting shareholder may result in a loss of such rights. Shareholders notices of intent to demand appraisal of all payment for their shares should be sent to: Howard Nolan, Senior Executive Vice President and Chief Financial Officer, The Bridgehampton National Bank, 2200 Montauk Highway, Bridgehampton, New York 11932.

If CNB should abandon its plans to consummate the merger, the right of a dissenting shareholder to be paid the fair value of his shares shall cease. In the event that the holders of more than 10% of CNB's common stock perfect their rights to appraisal, Bridgehampton Bank may determine not to consummate the merger. See Conditions to the Merger.

Interests of CNB's Directors and Officers in the Merger that are Different From Yours

In considering the recommendation of CNB's board of directors that you vote to approve the merger agreement, you should be aware that some of CNB's officers and directors have employment and other compensation agreements or economic interests that are different from, or in addition to, those of CNB shareholders generally. The independent members of CNB's Board of Directors were aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement, and in recommending to the shareholders that the merger agreement be approved.

Share Ownership. On the record date for the CNB special meeting, CNB's directors and officers beneficially owned, in the aggregate, [] shares of CNB's common stock (not including shares that may be acquired upon the exercise of stock options), representing approximately []% of the outstanding shares of CNB common stock.

As described below, certain of CNB's officers and directors have interests in the merger that are in addition to, or different from, the interests of CNB's shareholders generally. These interests include the ownership interest by Matthew Lindenbaum, a CNB director, and his affiliates of approximately 8% of the outstanding shares of common stock of Bridge Bancorp as well as payments being made pursuant to binding contractual arrangements in existence before the date of the merger agreement. These interests and agreements provide for cash severance payments in an aggregate amount of up to approximately \$2.6 million. Interests of the officers and directors include the following:

Termination of Change in Control Agreements. The Change in Control Agreements previously entered into with CNB and each of Stuart H. Lubow, President and Chief Executive Officer, Donna Frasco, Senior Vice President and Chief Retail Officer, Conrad Gunther, Executive Vice President and Chief Lending Officer, Joseph Lavelle, Senior Vice President and Chief Operations Officer and Jay McConie, Executive Vice President and Chief Financial Officer, and which will be terminated in accordance with each executive's settlement agreement, provide for a lump sum cash payment in the event of an involuntary termination without cause or a voluntary termination with good reason during the term of the agreement. The amount of the lump sum cash payment is equal to three times the executive's highest annual salary and bonus, and the executive will be entitled to purchase his automobile for \$1.00 if the car is owned by CNB, or if leased, CNB will pay the executive a sum equal to the remaining amounts owed under the lease. In addition, the executive is entitled to continued medical and hospital insurance, disability insurance and life insurance for the remainder of the term. Since each executive has agreed to terminate their Change in Control Agreement, no payments or benefits will be made under the agreements.

Termination of Executive Survivor Income Agreements. The Executive Survivor Income Agreements previously entered into with CNB and each of Stuart H. Lubow, Donna Frasco, Conrad Gunther, Joseph Lavelle and Jay McConie, and which will be terminated in accordance with each executive's settlement agreement, provide that upon an executive's death while he is an employee of CNB, the executive's beneficiary will be paid a death benefit equal to \$1.0 million, except for Mr. Lubow who was provided with \$1.5 million; provided, however, that this amount shall be reduced by 20% if the executive dies after reaching age 65 but before reaching age 80, reduced by 25% if the executive dies after reaching age 80 but before reaching age 85, and will be reduced to zero if the executive dies after reaching 85. Upon a change in control, the death benefit shall become fully vested. Since each executive has agreed to terminate their Executive Survivor Income Agreement, no payments or benefits will be made under the agreements.

Settlement Agreements. In accordance with the terms of the merger agreement, Bridge Bancorp, Bridgehampton Bank and CNB have entered into a Settlement, Retention and Release Agreement with Stuart H. Lubow and a Settlement, Retention, Consulting and Release Agreement with each of Donna Frasco, Conrad Gunther, Joseph Lavelle and Jay McConie. In accordance with the terms of each agreement, which was entered into on the same day the merger agreement was executed, each executive's change in control agreement and executive survivor income agreement will be terminated, effective immediately prior to the merger date, and in lieu of any payments or benefits under such agreement, Stuart H. Lubow, Donna Frasco, Conrad Gunther, Joseph Lavelle and Jay McConie, respectively, will be entitled to a lump sum cash payment equal to \$544,891, \$554,670, \$691,187, \$270,000 and \$519,700 less applicable withholding taxes, respectively, and continued medical, hospital, disability and life insurance for three years or in lieu of such coverage Stuart H. Lubow, Donna Frasco, Conrad Gunther, Joseph Lavelle and Jay McConie, respectively, may elect at least 20 days prior to the merger date to receive a cash payment equal to \$87,234, \$49,543, \$89,016, \$119,930 and \$119,930. In addition, each executive fully releases Bridge Bancorp and CNB from any and all claims, and Ms. Frasco and Messrs. Gunther, Lavelle and McConie, respectively, will receive a stay bonus of \$82,400, \$108,400, \$79,600, \$125,600, respectively, less applicable tax withholding taxes, provided the individual remains employed with CNB through the closing date of the merger, and \$41,200, \$54,200, \$39,800, \$62,800, respectively, per month in exchange for consulting services for three months following the closing date of the merger.

Supplemental Executive Retirement Plan. Stuart H. Lubow is the sole participant in CNB's Supplemental Executive Retirement Plan. In accordance with the terms of the merger agreement and Mr. Lubow's settlement agreement, Bridge Bancorp will honor the terms of the Supplemental Executive Retirement Plan, which provides for a monthly retirement payment equal to the amount which is payable under an annuity contract assuming CNB made a one-time premium payment of \$1.4 million under the annuity contract and elected lifetime income withdrawals. The benefit amount is limited to the amounts paid by the annuity contract, and the monthly payments will commence on the first day of the second month following the later of the date of the executive's termination of employment or the date the executive attains age 65, and will continue for the executive's lifetime. The amounts to be paid under the plan will become fully vested upon the executive's termination after a change in control, which is expected to occur on the date of the merger. The annual amount payable under the plan is estimated to be approximately \$155,479. The annuity contract will be placed in a Rabbi trust with an independent bank.

Defense of Tax Position Agreements. Bridge Bancorp and Bridgehampton Bank have entered into a Defense of Tax Position Agreement with Ms. Frasco and Messrs. Lubow, Gunther, Lavelle and McConie. Each agreement, which was entered into on the same day the merger agreement was executed, provides the executive with tax indemnification payments if any payments or benefits provided to the executive trigger liability under Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended.

Non-Competition and Consulting Agreement with Stuart H. Lubow. On the same day the merger agreement was executed, Bridgehampton Bank entered into a Non-Competition and Consulting Agreement with Mr. Stuart H. Lubow pursuant to which Mr. Lubow will perform consulting services for a period of six months following the merger. In addition, Mr. Lubow will agree not to compete with Bridge Bancorp and Bridgehampton Bank for a period of eighteen months for the benefit of any business that competes with Bridgehampton Bank or Bridge Bancorp and has headquarters, offices or a physical presence in any of the following jurisdictions in New York State: Suffolk County, Nassau County or the boroughs of the Bronx, Brooklyn, Manhattan, Queens and Staten Island, except with respect to the boroughs of the Bronx, Manhattan and Staten Island the non-compete term shall be six months. Mr. Lubow has also agreed not to solicit customers of Bridgehampton Bank or offer employment to any employee of Bridgehampton Bank that would cause such person(s) to terminate employment and accept employment with or provide services to any business for twenty-four months following the closing date of the merger, except Mr. Lubow may take any such action with respect to an employee that has been terminated by Bridgehampton Bank. In exchange for the consulting services, Bridge Bancorp and Bridgehampton Bank have agreed to pay Mr. Lubow \$54,167 per month for six months, and in exchange for Mr. Lubow's agreement to not compete with Bridge Bancorp and Bridgehampton Bank, Bridge Bancorp and Bridgehampton Bank have agreed to pay Mr. Lubow \$2,188,464 by lump sum on the date of the merger.

Outstanding Stock Options. Under the terms of the merger agreement, outstanding CNB stock options, whether or not vested, will be terminated with a payment to the holder of the option of an amount equal to the product of the excess, if any, of (i) the average value of a share of Bridge Bancorp common stock as reported on the Nasdaq for the five consecutive trading days ending on the fifth trading day preceding the date of the merger and (ii) the exchange ratio of 0.79, over the applicable per share exercise price of that option multiplied by the number of shares of CNB common stock that the holder could have purchased with the option if the holder had exercised the option immediately prior to the date of the merger. At the holder's election, payment will be made in the form of cash, 40% cash and 60% Bridge Bancorp common stock or solely in the form of Bridge Bancorp common stock, less applicable tax withholding. Outstanding CNB stock options may be exercised during the pendency of the merger. Assuming the value of the merger consideration is \$18.61, Ms. Frasco and Messrs. Lubow, Gunther, Lavelle and McConie who hold 88,200, 201,689, 93,150, 16,250 and 80,836 stock options, respectively, will receive \$613,611, \$1,280,547, \$666,481, \$111,288 and \$587,334, respectively, upon termination of the stock options in the form of cash, cash and Bridge Bancorp common stock or solely Bridge Bancorp common stock subject to each individual's election.

Regulatory Requirements. Notwithstanding the foregoing, all payments and benefits under the CNB plans and arrangements are subject to any required regulatory approval or satisfaction of a condition in any regulatory approval, as applicable.

The following table sets forth the estimated potential severance benefits to CNB's executive officers on termination of employment in connection with a change in control. This table does not include the value of benefits that the executive officers are vested in without regard to the occurrence of a change in control:

(1) Assumes that the date of change in control is February 28, 2015. The cash severance reflects the amount payable under each individual's settlement agreement and is considered a single trigger benefit since it is payable upon the occurrence of a change in control of CNB.

(2) Consists of unvested options to acquire 21,540, 77,282, 22,290, 1,700 and 22,227 shares, respectively, of CNB common stock for Ms. Frasco and Messrs. Lubow, Gunther, Lavelle and McConie, respectively. For these purposes, we assumed the value of the CNB common stock is the average closing market price of CNB common stock over the first five business days following the first public announcement of the merger, which is \$19.80. The amount shown represents the difference between \$19.80 and the exercise

price of the stock options. In addition, we assumed that the stock option awards will be cashed out at closing; however, each executive may exercise their stock options before the date of the merger.

(3) This amount represents the estimated present value of the lifetime benefits payable to Mr. Lubow under his supplemental executive retirement plan as a result of a change in control of CNB and assuming his employment terminates on the date of the merger, which is expected to occur.

(4) This amount reflects projected employer premiums of continued medical, hospital, disability and life insurance for three years, and each executive may elect at least 20 days prior to the merger date to receive this benefit in cash.

(5) Consists of: (i) for Ms. Frasco and Messrs. Gunther, Lavelle and McConie, respectively, a stay bonus of \$82,400, 108,400, 79,600 and 125,600 payable by lump sum on the closing date of the merger, less applicable tax withholding, provided that the executive remains employed through the closing date of the merger, (ii) for Ms. Frasco and Messrs. Lubow, Gunther, Lavelle and McConie, respectively, a payment of \$123,600, 325,000, 162,600, 119,400 and 188,400 payable over three months following the merger date in exchange for consulting services; and (iii) for Mr. Lubow only, a lump sum payment of \$2,188,464 payable on the closing date the merger in exchange for Mr. Lubow's agreement to not compete with Bridge Bancorp and Bridgehampton Bank.

Two New Directors. In accordance with the merger agreement, two individuals who are directors of CNB, as determined by Bridge Bancorp and Bridgehampton Bank, will be appointed and elected to the Bridge Bancorp and Bridgehampton Bank boards of directors. The fees paid to these directors will be the same as the fees paid to similarly situated board members of Bridge Bancorp and Bridgehampton Bank.

Indemnification. Pursuant to the merger agreement, for a period of six years after the effective time, Bridge Bancorp has agreed to indemnify, defend and hold harmless each present and former officer, director or employee of CNB against all losses, claims, damages, costs, expenses (including attorney's fees), liabilities, judgments and amounts that are paid in settlement (with the approval of Bridge Bancorp, which approval shall not be unreasonably withheld) of or in connection with any claim, action, suit, proceeding or investigation, based in whole or in part on, or arising in whole or in part out of, the fact that such person is or was a director, officer or employee of CNB if such claim pertains to any matter of fact arising, existing or occurring at or before the closing date (including, without limitation, the merger and other transactions contemplated thereby), regardless of whether such claim is asserted or claimed before or after the effective time.

Directors and Officers Insurance. Bridge Bancorp has further agreed, for a period of six years after the effective time, to cause the persons serving as officers and directors of CNB immediately prior to the effective date to continue to be covered by CNB's current directors' and officers' liability insurance policy (provided that Bridge Bancorp may substitute policies therefor of at least the same coverage and amounts containing terms and conditions which are substantially no less advantageous than such policy) with respect to acts or omissions occurring at or prior to the effective date which were committed by such officers and directors in their capacity as such. Bridge Bancorp is not required to spend more than 300% of the annual cost currently incurred by CNB for its insurance coverage.

Effective Date of Merger

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

The parties expect that the merger will be effective during the second quarter of 2015, or as soon as possible after the receipt of all regulatory and shareholder approvals and after the expiration of all regulatory waiting periods. The merger will be completed legally by the filing of the certificate of merger with the OCC. If the merger is not consummated by November 30, 2015, the merger agreement may be terminated by either CNB or Bridge Bancorp, unless the failure to consummate the merger by this date is due to the breach by the party seeking to terminate the merger agreement of any of its obligations under the merger agreement. See Conditions to the Merger below.

Conduct of Business Pending the Merger

The merger agreement contains various restrictions on the operations of CNB before the effective time of the merger. In general, the merger agreement obligates CNB to conduct its business in the usual, regular and ordinary course of business and use reasonable efforts to preserve its business organization and assets and maintain its rights and franchises. In addition, CNB has agreed that, except as expressly contemplated by the merger

agreement or specified in a schedule to the merger agreement, without the prior written consent of Bridge Bancorp, it will not, among other things:

- change or waive any provision of its Articles of Incorporation or Bylaws, or appoint a new director to the board of directors;

- change the number of authorized or issued shares of its capital stock, issue any shares of CNB common stock, or split, combine or reclassify any shares of capital stock, or declare, set aside or pay any dividend or other distribution in respect of capital stock, or redeem or otherwise acquire any shares of capital stock;

- enter into, amend in any material respect or terminate any contract or agreement, except in the ordinary course of business;

- make application for the opening or closing of any, or open or close any, branch or automated banking facility;

- grant or agree to pay any bonus, severance or termination to, or enter into, renew or amend any employment agreement, severance agreement and/or supplemental executive agreement with, or increase in any manner the compensation or fringe benefits of, any of its directors, officers or employees, except in the ordinary course of business consistent with past practice to non-officer employees;

- enter into or, except as may be required by law, materially modify any pension, retirement, stock option, stock purchase, stock appreciation right, stock grant, savings, profit sharing, deferred compensation, supplemental retirement, consulting, bonus, group insurance or other employee benefit, incentive or welfare contract, plan or arrangement, or any trust agreement related thereto, in respect of any of its directors, officers or employees; or make any contributions to any defined contribution plan not in the ordinary course of business consistent with past practice;

- change any method, practice or principle of accounting, except as may be required from time to time by generally accepted accounting principles (without regard to any optional early adoption date) or any bank regulator responsible for regulating CNB;

- purchase or sell any equity securities, or purchase any securities other than securities with a weighted average life of not more than three years as of the date of purchase;

- make any new loan or other credit facility commitment (including without limitation, lines of credit and letters of credit), or modify any existing loan, in an amount in excess of \$4,500,000 for a commercial real estate loan, \$1,500,000 for a commercial business loan, or \$1,500,000 for a residential loan, or make any new loans or loan commitments to any director or executive officer, without the prior approval of

Bridge Bancorp;

- make any capital expenditures in excess of \$50,000 individually or \$100,000 in the aggregate, other than pursuant to binding commitments existing on the date of the merger agreement and expenditures necessary to maintain existing assets in good repair;
- purchase or otherwise acquire, or sell or otherwise dispose of, any assets or incur any liabilities other than in the ordinary course of business consistent with past practices and policies; or
- pay, discharge, settle or compromise any claim, action, litigation, arbitration or proceeding, other than any such payment, discharge, settlement or compromise in the ordinary course of business consistent with past practice that involves solely money damages in the amount not in excess of \$50,000 individually or \$10,000 in the aggregate, and that does not create negative precedent for other pending or potential claims, actions, litigation, arbitration or proceedings.

In addition to these covenants, the merger agreement contains various other customary covenants, including, among other things, access to information, each party's efforts to cause its representations and warranties to be true and correct on the closing date, and each party's agreement to use its reasonable best efforts to cause the merger to qualify as a tax-free reorganization.

Table of Contents

Representations and Warranties

The merger agreement contains a number of customary representations and warranties by Bridgehampton Bank and CNB regarding aspects of their respective businesses, financial condition, structure and other facts pertinent to the merger that are customary for a transaction of this kind. They include, among other things:

- the organization, existence, and corporate power and authority, and capitalization of each of the companies;
- the absence of conflicts with and violations of law and various documents, contracts and agreements;
- the absence of any development materially adverse to the companies;
- the absence of material adverse litigation;
- the accuracy of reports and financial statements filed with the Securities and Exchange Commission or banking regulators;
- the accuracy and completeness of the statements of fact made in filings with governmental entities in connection with the merger agreement;
- the existence, performance and legal effect of certain contracts (CNB only);
- the filing of tax returns, payment of taxes and other tax matters by either party;
- labor and employee benefit matters; and
- compliance with applicable environmental laws by both parties.

All representations, warranties and covenants of the parties, other than those covenants and agreements which by their terms apply in whole or part after the consummation of the merger, terminate upon the consummation of the merger.

Conditions to the Merger

Completion of the merger depends on a number of conditions being satisfied or waived, including the following:

- the receipt of all regulatory approvals and other necessary approvals of governmental entities (other than those the failure of which to obtain would not cause a material adverse effect (as defined in the merger agreement)), including the OCC's approval of the merger and the expiration of all applicable statutory waiting periods;

- approval of the merger agreement by the affirmative vote of two-thirds of the total CNB shares entitled to be voted on the proposal;

- approval of the issuance of shares of Bridge Bancorp common stock to CNB shareholders at the completion of the merger, by the affirmative vote of a majority of the votes cast by Bridge Bancorp shareholders;

- there must be no statute, rule, regulation, order, injunction or decree in existence which enjoins or prohibits the completion of the merger;

- Bridge Bancorp's registration statement, of which this joint proxy statement/prospectus is a part, shall have become effective and no stop order suspending its effectiveness shall have been issued and no proceedings for that purpose shall have been initiated or threatened by the Securities and Exchange Commission;

- the shares of Bridge Bancorp common stock to be issued to CNB shareholders in the merger must have been approved for listing on the Nasdaq;

Table of Contents

- with respect to each of CNB and Bridge Bancorp, the representations and warranties of the other party to the merger agreement must be true and correct in all material respects as of the date of the merger agreement and as of the date of the closing (except to the extent such representations and warranties speak as of an earlier date). If a representation or warranty was qualified as to materiality, it must be true or correct after giving effect to the materiality standard. In addition, each party must have performed in all material respects all obligations and complied in all material respects with all agreements or covenants to be performed or complied with by it at or prior to the effective time of the merger;
- both Bridge Bancorp and CNB must have received a legal opinion from their respective counsels that the merger will qualify as a tax-free reorganization under United States federal income tax laws; and
- Bridge Bancorp may terminate the merger agreement if holders of more than 10% of CNB's common stock exercise their right to dissent from approving the merger and instead demand the fair value of their shares, or if any of the regulatory approvals necessary to consummate the merger shall include any term, condition or restriction upon Bridge Bancorp or Bridgehampton Bank that imposes a Burdensome Condition, as defined in the merger agreement.

The parties may waive conditions to their obligations unless they are legally prohibited from doing so. Shareholder approval and regulatory approvals may not be legally waived.

Although Bridge Bancorp anticipates the closing will occur during the second quarter of 2015, because the satisfaction of certain of these conditions is beyond our control, Bridge Bancorp cannot be certain when, or if, the conditions to the merger will be satisfied or waived or whether the merger will be completed.

Regulatory Approvals Required for the Merger

General. CNB and Bridge Bancorp have agreed to use best efforts to obtain all permits, consents, approvals and authorizations of all third parties and governmental entities that are necessary to consummate the merger. That includes the approval of the OCC. Bridge Bancorp and CNB have filed an application with the OCC. The merger cannot be completed without such approval. Bridge Bancorp cannot assure that it will obtain the required regulatory approval, when it will be received, or whether there will be conditions in the approvals or any litigation challenging the approvals. Bridge Bancorp also cannot assure that the United States Department of Justice or any state attorney general will not attempt to challenge the merger on antitrust grounds, or what the outcome will be if such a challenge is made.

Bridge Bancorp is not aware of any material governmental approvals or actions that are required prior to the merger other than those described below. Bridge Bancorp presently contemplates that it will seek any additional governmental approvals or actions that may be required in addition to those requests for approval currently pending; however, Bridge Bancorp cannot assure that it will obtain any such additional approvals or actions.

Office of the Comptroller of the Currency. The merger is subject to approval by the OCC. On January 21, 2015, Bridgehampton Bank filed the required application with the OCC.

The OCC may not approve any business combination that would result in a monopoly or be in furtherance of any conspiracy attempt to monopolize the business of banking in the United States. It will also not approve any transaction whose effect may be substantially to lessen competition or tend to create a monopoly or in any other manner restrain trade, unless it finds that the anti-competitive effects of the transaction are clearly outweighed by the probable effects of the transaction in meeting the convenience and needs of the community. In addition, the OCC considers the financial and managerial resources of the banks involved, their future prospects and the convenience and needs of the communities to be served. Under the Community Reinvestment Act, the OCC must take into account the record of performance of each company in meeting the credit needs of its entire communities, including low and moderate income neighborhoods, served by each company. Each of Bridgehampton Bank and CNB has a satisfactory CRA rating. Finally, the OCC considers the effectiveness of the parties in combating money laundering activities and any risk to stability of the U.S. banking or financial systems.

Federal law requires publication of notice of, and the opportunity for public comment on, the applications submitted by Bridgehampton Bank for approval of the merger. The comment period expired on February 21, 2015. The OCC is authorized to hold a public hearing in connection with the application if it determines that such a hearing would be appropriate. Any such hearing or comments provided by third parties could prolong the period

Table of Contents

during which the application is subject to review. In addition, under federal law, a period of 30 days must expire following approval by the OCC within which period the Department of Justice may file objections to the merger under the federal antitrust laws. This waiting period may be reduced to 15 days if the Department of Justice has not provided any adverse comments relating to the competitive factors of the transaction. If the Department of Justice were to commence an antitrust action, that action would stay the effectiveness of OCC approval of the merger unless a court specifically orders otherwise. In reviewing the merger, the Department of Justice could analyze the merger's effect on competition differently than the OCC, and it is possible that the Department of Justice could reach a different conclusion than the OCC regarding the merger's competitive effects.

No Solicitation

Until the merger is completed or the merger agreement is terminated, CNB has agreed that it, and its officers, employees, directors and representatives, will not:

- initiate, solicit, induce or knowingly encourage any inquiries, offers or proposals to acquire CNB;

- participate in any discussions or negotiations regarding any proposal to acquire CNB, or furnish, or otherwise afford access, to any person any information or data with respect to CNB or otherwise relating to an acquisition proposal;

- release any person from, waive any provisions of, or fail to enforce any confidentiality agreement or standstill agreement to which CNB is a party; or

- enter into any agreement, agreement in principle, or letter of intent with respect to any proposal to acquire CNB, or approve or resolve to approve an acquisition proposal.

At any time prior to CNB's special meeting of shareholders, CNB may, however, furnish information regarding CNB to, or enter into and engage in discussion with, any person or entity in response to a bona fide unsolicited written proposal by the person or entity relating to an acquisition proposal if:

- CNB's board of directors determines in good faith, after consultation with and having considered the advice of its outside legal counsel and its independent financial advisor, that such proposal may be or could be superior to the merger with Bridgehampton Bank from a financial point of view for CNB's shareholders (a superior proposal);

- CNB notifies Bridge Bancorp within at least two business days prior to such determination; and

- CNB receives a confidentiality agreement from a third party with terms no less favorable to CNB than those contained in the existing confidentiality agreement between CNB and Bridge Bancorp.

At any time prior to CNB's special meeting of shareholders, CNB may approve or recommend to CNB's shareholders a superior proposal and withdraw its recommendation of Bridge Bancorp's proposal after having given Bridge Bancorp two business days' notice of the superior proposal and the opportunity to adjust modify or amend the terms of the Bridge Bancorp proposal in response to the superior proposal.

Termination; Amendment; Waiver

The merger agreement may be terminated prior to the closing, before or after approval of the merger by CNB's shareholders, as follows:

- by mutual written agreement of Bridge Bancorp, Bridgehampton Bank and CNB;
- by the board of directors of either Bridge Bancorp or CNB if the merger has not occurred on or before November 30, 2015, and such failure to close is not due to the terminating party's material breach of any representation, warranty, covenant or other agreement contained in the merger agreement;
- by Bridge Bancorp or CNB if CNB's shareholders do not approve the merger agreement and merger, or if Bridge Bancorp's shareholders do not approve the issuance of shares of Bridge Bancorp common stock as the merger consideration;

Table of Contents

- by the board of directors of a non-breaching party if the other party (1) breaches any covenants or agreements contained in the merger agreement or (2) breaches any representations or warranties contained in the merger agreement, in each case if such breach by its nature cannot be cured by November 30, 2015 or has not been cured within 30 days after written notice from the terminating party of the breach, and which breach would cause the failure of conditions to the terminating party's obligation to close (provided that the terminating party is not then in material breach of the merger agreement);
- by either party if any required regulatory approvals for consummation of the merger are not obtained;
- by the board of directors of Bridge Bancorp or Bridgehampton Bank if any regulatory approval includes a burdensome condition;
- by Bridge Bancorp if CNB shall have received a superior proposal and the CNB board of directors enters into an acquisition agreement with respect to a superior proposal and terminates the merger agreement or fails to recommend that the shareholders of CNB approve the merger agreement or withdraws, modifies or changes such recommendation in a manner which is adverse to Bridge Bancorp; or
- by CNB in order to accept a superior proposal, which has been received and considered by CNB in compliance with the applicable terms of the merger agreement.

If CNB elects to terminate the merger agreement because CNB has determined to accept a superior proposal or if Bridge Bancorp elects to terminate the merger agreement because CNB accepted a superior proposal and fails to recommend that the shareholders of CNB approve the merger agreement or withdraws, modifies or changes its recommendation in a manner adverse to Bridge Bancorp, CNB shall pay to Bridge Bancorp a fee of \$5.0 million. This fee would also be payable to Bridge Bancorp if CNB enters into a merger agreement with a third party within twelve months of the termination of the merger agreement by Bridge Bancorp, if the termination was due to a willful breach of a representation, warranty, covenant or agreement by CNB, or the failure of the shareholders of CNB to approve the merger agreement after the public disclosure or public awareness that CNB received a third party acquisition proposal.

Additionally, CNB may terminate the merger agreement if, at any time during the five-day period commencing on the first date on which all bank regulatory approvals (and waivers, if applicable) necessary for consummation of the merger have been received (disregarding any waiting period) (the Determination Date), such termination to be effective if both of the following conditions are satisfied:

- the number obtained by dividing the average of the daily closing prices of Bridge Bancorp common stock for the ten consecutive trading days immediately preceding the Determination Date, by \$26.00 (the Bridge Ratio) is less than 0.825; and
- the Bridge Ratio is less than the quotient obtained by dividing the average closing price of the entities comprising the Nasdaq Stock Bank Index for the twenty consecutive trading days immediately preceding the Determination Date by the average closing price of the Nasdaq Stock Bank Index on December 11, 2014, minus 0.175 (the Index Ratio).

If CNB elects to exercise its termination right as described above, it must give written notice thereof to Bridge Bancorp. During the five-day period commencing with its receipt of such notice, Bridge Bancorp shall have, at its sole discretion, the option to increase the consideration to be received by CNB common stock shareholders by adjusting the exchange ratio to equal the lesser of: (i) the number obtained by dividing the product of \$26.00, 0.825 and 0.79, by the average closing prices of Bridge Bancorp common stock for the ten consecutive trading immediately preceding the Determination Date, and (ii) the number obtained by dividing the product of the Index Ratio and 0.79, by the Bridge Ratio. If Bridge Bancorp elects, it shall give, within such five-day period, written notice to CNB of such election to revise the exchange ratio, whereupon no termination shall be deemed to have occurred and the merger agreement shall remain in full force and effect in accordance with its terms (except as the exchange ratio shall have been so modified). Because the formula is dependent on the future price of Bridge Bancorp's common stock and that of the Nasdaq Stock Bank Index, it is not possible presently to determine what the adjusted merger consideration would be at this time, but, in general, more shares of Bridge Bancorp common stock would be issued, to take into account the extent to which the decline in the average price of Bridge Bancorp's common stock exceeded the decline in the average price of the common stock of the index group.

Table of Contents

Subject to applicable law, at any time prior to the closing and effective time of the merger, whether before or after the approval of the merger agreement by the CNB shareholders, the merger agreement may be amended by the parties. However, after such approval by the CNB shareholders, no amendment may be made without their approval if it reduces the amount, value or changes the form of consideration to be delivered to CNB shareholders.

The parties may waive any of their conditions to closing, unless they may not be waived under law.

Fees and Expenses

Bridge Bancorp and CNB will each pay its own costs and expenses in connection with the merger agreement and the transactions contemplated thereby, except as described above. However, the costs and expenses of printing and mailing this joint proxy statement/prospectus and all filing and other fees paid to the SEC in connection with the merger will be equally borne by Bridge Bancorp and CNB.

Material United States Federal Income Tax Consequences of the Merger

General. Bridge Bancorp has received the opinion of Luse Gorman, PC, and CNB has received the opinion of Day Pitney LLP as to the material anticipated United States federal income tax consequences generally applicable to a U.S. Holder (as defined below) of CNB common stock with respect to the exchange of CNB common stock for Bridge Bancorp common stock pursuant to the merger. The opinions assume that U.S. Holders hold their CNB common stock as capital assets within the meaning of Section 1221 of the Internal Revenue Code. The opinions are based on the Internal Revenue Code, administrative pronouncements, judicial decisions and Treasury Regulations, each as in effect as of the date of this document. All of the foregoing are subject to change at any time, possibly with retroactive effect, and all are subject to differing interpretation. No advance ruling has been sought or obtained from the Internal Revenue Service regarding the United States federal income tax consequences of the merger. As a result, no assurance can be given that the Internal Revenue Service would not assert, or that a court would not sustain, a position contrary to any of the tax consequences set forth below.

The opinions do not address any tax consequences arising under United States federal tax laws other than United States federal income tax laws, nor does it address the laws of any state, local, foreign or other taxing jurisdiction. In addition, the opinions do not address all aspects of United States federal income taxation that may apply to U.S. Holders of CNB common stock in light of their particular circumstances or U.S. Holders that are subject to special rules under the Internal Revenue Code, such as holders of CNB common stock that are not U.S. Holders, holders that are partnerships or other pass-through entities (and persons holding their CNB common stock through a partnership or other pass-through entity), persons who acquired shares of CNB common stock as a result of the exercise of employee stock options or otherwise as compensation or through a tax-qualified retirement plan, persons subject to the alternative minimum tax, tax-exempt organizations, financial institutions, broker-dealers, traders in securities that have elected to apply a mark to market method of accounting, insurance companies, persons having a functional currency other than the U.S. dollar and persons holding their CNB common stock as part of a straddle, hedging, constructive sale or conversion transaction.

For purposes of these opinions, a U.S. Holder is a beneficial owner of CNB common stock that is for United States federal income tax purposes:

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

- a United States citizen or resident alien;
- a corporation, or other entity taxable as a corporation for United States federal income tax purposes, created or organized under the laws of the United States or any state therein or the District of Columbia;
- a trust if (1) it is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust, or (2) it was in existence on August 20, 1996 and has a valid election in effect under applicable Treasury Regulations to be treated as a United States person; and
- an estate, the income of which is subject to United States federal income taxation regardless of its source.

Table of Contents

If a partnership (including an entity treated as a partnership for United States federal income tax purposes) holds CNB common stock, the tax treatment of a partner in the partnership will generally depend on the status of such partner and the activities of the partnership.

Opinions. Bridge Bancorp and CNB have structured the merger to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. The obligation of Bridge Bancorp to consummate the merger is conditioned upon the receipt of an opinion from Luse Gorman, PC, counsel to Bridge Bancorp, to the effect that the merger will for federal income tax purposes qualify as a reorganization based upon customary representations made by Bridge Bancorp and CNB. The obligation of CNB to consummate the merger is conditioned upon the receipt of an opinion from Day Pitney LLP, counsel to CNB, to the effect that the merger will for federal income tax purposes qualify as a reorganization based upon customary representations made by Bridge Bancorp and CNB. Bridge Bancorp and CNB have not requested and do not intend to request any ruling from the Internal Revenue Service. Accordingly, Bridge Bancorp urges each CNB shareholder to consult their own tax advisors as to the specific tax consequences resulting from the merger, including tax return reporting requirements, the applicability and effect of federal, state, local and other applicable tax laws and the effect of any proposed changes in the tax laws. In the opinion of Luse Gorman, PC and Day Pitney LLP the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, and the material United States federal income tax consequences of the merger to a U.S. Holder are as follows:

- no gain or loss will be recognized by Bridge Bancorp, its subsidiaries or CNB by reason of the merger;
- you will not recognize gain or loss if you exchange your CNB common stock solely for Bridge Bancorp common stock, except to the extent of any cash received in lieu of a fractional share of Bridge Bancorp common stock;
- your aggregate tax basis in the Bridge Bancorp common stock that you receive in the merger (including any fractional share interest you are deemed to receive and exchange for cash), will equal your aggregate tax basis in the CNB common stock you surrendered, less any basis attributable to fractional share interests in CNB common stock for which cash is received; and
- your holding period for the Bridge Bancorp common stock that you receive in the merger will include your holding period for the shares of CNB common stock that you surrender in the merger.
- A shareholder of CNB who receives cash instead of a fractional share of Bridge Bancorp common stock will be treated as having received the fractional share pursuant to the merger and then as having exchanged the fractional share for cash in a redemption of Bridge Bancorp common stock. As a result, a CNB shareholder will generally recognize gain or loss equal to the difference between the amount of cash received and the basis in his or her fractional share interest as set forth above. This gain or loss will generally be capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, the holding period for such shares is greater than one year.

CNB urges CNB shareholders to consult their own tax advisors as to the specific tax consequences to them resulting from the merger, including tax return reporting requirements, the applicability and effect of federal, state, local, and other applicable tax laws and the effect of any proposed changes in the tax laws.

Backup Withholding and Information Reporting. Payments of cash to a holder of CNB common stock instead of a fractional share of Bridge Bancorp common stock may, under certain circumstances, be subject to information reporting and backup withholding at a rate of 28% of the cash payable to the holder, unless the holder provides proof of an applicable exemption or furnishes its taxpayer identification number, and otherwise complies with all applicable requirements of the backup withholding rules. Any amounts withheld from payments to a holder under the backup withholding rules are not additional tax and will be allowed as a refund or credit against the holder's U.S. federal income tax liability, provided the required information is furnished to the Internal Revenue Service.

Accounting Treatment

In accordance with U.S. generally accepted accounting principles, the merger will be accounted for using the purchase method. The result of this is that the recorded assets and liabilities of Bridge Bancorp will be carried

Table of Contents

forward at their recorded amounts, the historical operating results will be unchanged for the prior periods being reported on and that the assets and liabilities of CNB will be adjusted to fair value at the date of the merger. In addition, all identified intangibles will be recorded at fair value and included as part of the net assets acquired. To the extent that the purchase price, consisting of the shares of Bridge Bancorp common stock to be issued to former CNB shareholders and option holders at fair value, exceeds the fair value of the net assets including identifiable intangibles of CNB at the merger date, that amount will be reported as goodwill. In accordance with ASC 350, Intangibles - Goodwill and Other, goodwill will not be amortized but will be evaluated for impairment annually. Identified intangibles will be amortized over their estimated lives. Further, the purchase accounting method results in the operating results of CNB being included in the consolidated income of Bridge Bancorp beginning from the date of consummation of the merger.

COMPARISON OF SHAREHOLDERS RIGHTS

General

Bridge Bancorp is incorporated under the laws of the State of New York and CNB is a national bank, chartered and regulated by the OCC. As a result of the merger, CNB shareholders will become shareholders of Bridge Bancorp. Thus, following the merger, the rights of CNB shareholders who become Bridge Bancorp shareholders in the merger will be governed by the laws of the State of New York and will also then be governed by the Bridge Bancorp certificate of incorporation and the Bridge Bancorp bylaws. The Bridge Bancorp certificate of incorporation and bylaws will be unaltered by the merger.

Comparison of Shareholders Rights

Set forth on the following page is a summary comparison of material differences between the rights of a Bridge Bancorp shareholder under the Bridge Bancorp certificate of incorporation, Bridge Bancorp bylaws, and New York corporate law (right column) and the rights of a shareholder under the CNB articles of association, CNB bylaws and OCC laws and regulations. DESCRIPTION OF CAPITAL STOCK OF BRIDGE BANCORP, INC.

Bridge Bancorp is authorized to issue 22 million shares of capital stock, 20 million of which are shares of common stock, par value of \$0.01 per share, and 2 million of which are shares of preferred stock, par value of \$0.01 per share. At this year's annual meeting of shareholders, we are requesting shareholder approval to increase the number of shares of common stock, par value \$0.01 per share, that we are authorized to issue from 20 million to 40 million. As of March 20, 2015, Bridge Bancorp had 11,704,184 shares of common stock outstanding, and no shares of preferred stock outstanding.

Description of Common Stock

Each share of common stock has the same relative rights as, and is identical in all respects to, each other share of common stock.

Dividends

The holders of Bridge Bancorp common stock are entitled to receive and share equally in such dividends, if any, declared by the board of directors out of funds legally available therefor. Under the New York Business Corporation Law, Bridge Bancorp may pay dividends on its outstanding shares except when Bridge Bancorp is insolvent or would be made insolvent by the dividend. In addition, Bridge Bancorp may pay dividends either out of surplus, so that its net assets remaining after such payment shall at least equal the amount of stated capital, or, if there is no such surplus, out of its net profits for the fiscal year in which the dividend is declared, or the preceding fiscal year. If Bridge Bancorp issues preferred stock, the holders thereof may have a priority over the holders of Bridge Bancorp common stock with respect to dividends.

Voting Rights

The holders of Bridge Bancorp's common stock are generally entitled to one vote per share. Holders of Bridge Bancorp common stock are not entitled to cumulate their votes in the election of directors.

Liquidation

In the event of Bridge Bancorp's liquidation, dissolution or winding up, the holders of its common stock would be entitled to receive, after payment or provision for payment of all its debts and liabilities and the holders of any preferred stock, all of its assets available for distribution.

No Preemptive or Redemption Rights

Holders of Bridge Bancorp's common stock are not entitled to preemptive rights with respect to any shares that may be issued. The common stock is not subject to redemption.

Description of Preferred Stock

Bridge Bancorp's certificate of incorporation permits the board of directors to authorize the issuance of up to 2 million shares of preferred stock, par value \$0.01, in one or more series, without shareholder action. The board of directors can fix the number of shares to be included in each such series, and the designation, powers, preferences, and rights of the shares of each such series and any qualifications, limitations or restrictions thereof. Therefore, without shareholder approval, Bridge Bancorp's board of directors can authorize the issuance of preferred stock with voting, dividend, liquidation and conversion and other rights that could dilute the voting power of the common stock and may assist management in impeding any unfriendly takeover or attempted change in control. None of Bridge Bancorp's preferred stock is currently outstanding.

CERTAIN PROVISIONS OF BRIDGE BANCORP, INC.

CERTIFICATE OF INCORPORATION AND BYLAWS

The following discussion is a general summary of the material provisions of Bridge Bancorp's certificate of incorporation and bylaws and certain other regulatory provisions that may be deemed to have an anti-takeover effect. The following description of certain of these provisions is necessarily general and, with respect to provisions contained in Bridge Bancorp's certificate of incorporation and bylaws, reference should be made in each case to the document in question. See "References to Additional Information" as to how to review a copy of these documents.

Provisions in Bridge Bancorp's Certificate of Incorporation, Bylaws and Federal Law Affecting Bridge Bancorp's Shareholders

Bridge Bancorp's certificate of incorporation and bylaws contain a number of provisions relating to corporate governance and rights of shareholders that might discourage future takeover attempts. As a result, shareholders who might desire to participate in such transactions may not have an opportunity to do so. In addition, these provisions will also render the removal of the Bridge Bancorp board of directors or management more difficult. Such provisions include, among others, the requirement of a supermajority vote of shareholders to approve certain business combinations and other corporate actions, special procedural rules for certain business combinations, a classified board of directors, restrictions on the calling of special meetings of shareholders that do not provide for the calling of special meetings by the shareholders, and a provision in its certificate of incorporation allowing the board of directors to oppose a tender or other offer for the Bridge Bancorp securities, including through the issuance of authorized but unissued securities or treasury stock or granting stock options, based on a wide range of considerations. The foregoing is qualified in its entirety by reference to Bridge Bancorp's certificate of incorporation and bylaws, both of which are on file with the SEC.

The Bank Holding Company Act generally would prohibit any company that is not engaged in financial activities and activities that are permissible for a bank holding company or a financial holding company from acquiring control of Bridge Bancorp. Control is generally defined as ownership of 25% or more of the voting stock or other exercise of a controlling influence. In addition, any existing bank holding company would need the prior approval of the Federal Reserve before acquiring 5% or more of Bridge Bancorp's voting stock. The Change in Bank Control Act of 1978, as amended, prohibits a person or group of persons from acquiring control of a bank holding company unless the Federal Reserve has been notified and has not objected to the transaction. Under a rebuttable presumption established by the Federal Reserve, the acquisition of 10% or more of a class of voting stock of a bank holding company with a class of securities registered under Section 12 of the Exchange Act, such as Bridge Bancorp, could constitute acquisition of control of the bank holding company.

Directors. The board of directors is divided into three classes. The members of each class will be elected for a term of three years and only one class of directors will be elected annually. Thus, it would take at least two annual elections to replace a majority of Bridge Bancorp's board of directors. Further, the bylaws impose notice and information requirements in connection with the nomination by shareholders of candidates for election to the board of directors or the proposal by shareholders of business to be acted upon at an annual meeting of shareholders.

Restrictions on Call of Special Meetings. The certificate of incorporation and bylaws provide that special meetings of shareholders can be called only by the board of directors. Shareholders are not authorized to call a special meeting of shareholders.

Authorized but Unissued Shares. Bridge Bancorp has authorized but unissued shares of common and preferred stock. See Description of Capital Stock of Bridge Bancorp, Inc. The certificate of incorporation authorizes 2,000,000 shares of serial preferred stock. Bridge Bancorp is authorized to issue preferred stock from time to time in one or more series subject to applicable provisions of law, and the board of directors is authorized to fix the designations, and relative preferences, limitations, voting rights, if any, including without limitation, offering rights of such shares (which could be multiple or as a separate class). In the event of a proposed merger, tender offer or other attempt to gain control of Bridge Bancorp that the board of directors does not approve, it might be possible for the board of directors to authorize the issuance of a series of preferred stock with rights and preferences that would impede the completion of the transaction. An effect of the possible issuance of preferred stock, therefore may be to deter a future attempt to gain control of Bridge Bancorp. The board of directors has no present plan or understanding to issue any preferred stock.

Table of Contents

Amendments to Certificate of Incorporation and Bylaws. Amendments to the certificate of incorporation must be approved by at least 75% of the outstanding voting stock is generally required to amend the following provisions:

- (i) The granting of preemptive rights to the holders of any class of capital stock;
- (ii) The ability of the board of directors to oppose a tender or other offer for the securities of Bridge Bancorp under certain circumstances;
- (iii) The ability of the board of directors to require a super-majority vote to limit purchase or otherwise acquire Bridge Bancorp; and
- (iv) The limitation on the liability of directors.

The bylaws may be amended by the affirmative vote of a majority of the directors of Bridge Bancorp.

Change of Control Regulations

Under the Change in Bank Control Act, no person may acquire control of a national bank unless the OCC has been given 60 days prior written notice and has not issued a notice disapproving the proposed acquisition. Similarly, no person may acquire control of the parent bank holding company of a national bank unless the Federal Reserve has been given 60 days prior written notice and has not issued a notice disapproving of the proposal acquisition.

Control, as defined under federal law, means ownership, control of or holding with power to vote 25% or more of any class of voting stock. Acquisition of more than 10% of any class, subject to rebuttal, of a bank's or bank holding company's voting securities is presumed to constitute control if the securities are registered under the Securities Exchange Act of 1934 or no other person will hold a greater percentage of that class of voting securities after the acquisition.

An acquisition of control may be disapproved if the regulators find, among other things, that:

1. the acquisition would result in a monopoly or substantially lessen competition;
2. the financial condition of the acquiring person or the financial prospects of the institution is such as might jeopardize the financial stability of the institution or prejudice the interests of depositors;

3. the competence, experience or integrity of the acquiring person indicates that it would not be in the interest of the depositors or the public to permit the acquisition of control by such person; or

4. the proposed acquisition would result in an adverse effect on the Deposit Insurance Fund. If a company or existing bank holding seeks to acquire control of a national bank or bank holding company, filings must be made under the Bank Holding Company Act and the Federal Reserve Board must issue its approval of the transaction prior to its consummation. The standards reviewed by the Federal Reserve Board in such a case are similar to those referenced above.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business: Community National Bank (the Bank) commenced business on April 7, 2005. The Bank provides financial services through eleven branch locations throughout Nassau, Suffolk, Queens and Manhattan Counties. Its primary deposit products are checking, savings, and term certificate accounts, and its primary lending products are residential and commercial mortgages, commercial and industrial loans and lines of credit, Small Business Administration (SBA) loans, and installment loans. Most loans are secured by specific items of collateral including business assets, consumer assets, and commercial and residential real estate. Commercial loans are expected to be repaid from cash flow from the operations of businesses. There are no significant concentrations of loans to any one industry or customer. However, the customers' ability to repay their loans is dependent on the real estate and general economic conditions in the area.

Use of Estimates: To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions based on available information. These estimates and assumptions affect the amounts reported in the financial statements and the disclosures provided, and actual results could differ. The allowance for loan losses and the fair value of financial instruments are particularly subject to change.

Subsequent Events: The Bank has evaluated subsequent events for recognition and disclosure through March 16, 2015, which is the date the financial statements were available to be issued.

Cash Flows: Cash and cash equivalents include cash, deposits with other financial institutions under 90 days, and federal funds sold. Net cash flows are reported for customer loan and deposit transactions and interest bearing deposits in other financial institutions.

Securities: Securities that the Bank has the positive intent and ability to hold to maturity are classified as held-to-maturity and carried at amortized cost. Securities that may be sold in response to, or in anticipation of changes in interest rates and resulting prepayment risk, or other factors, and marketable equity securities, are classified as available-for-sale and carried at fair value. The unrealized gains and losses on these securities are reported separately in the statement of comprehensive income and as a component of shareholders' equity.

Interest income on securities, including amortization of premiums and accretion of discounts, is recognized using the level yield method over the lives of the individual securities. Realized gains and losses on sales of securities are computed using the specific identification method. The cost basis of individual held-to-maturity and available-for-sale securities is reduced through write-downs to reflect other-than-temporary impairments in value.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Management evaluates securities for other-than-temporary impairment (OTTI) on a quarterly basis, and more frequently when economic or market conditions warrant such an evaluation.

For securities in an unrealized loss position, management considers the extent and duration of the unrealized loss, and the financial condition and near-term prospects of the issuer. Management also assesses whether it intends to sell, or it is more likely than not that it will be required to sell, a security in an unrealized loss position before recovery of its amortized cost basis. If either of the criteria regarding intent or requirement to sell is met, the entire difference between amortized cost and fair value is recognized as impairment through earnings. For debt securities that do not meet the aforementioned criteria, the amount of impairment is split into two components as follows: 1) OTTI related to credit loss, which must be recognized in the income statement and 2) OTTI related to other factors, which is recognized in other comprehensive income. The credit loss is defined as the difference between the present value of the cash flows expected to be collected and the amortized cost basis.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Securities: The Bank is a member of the Federal Reserve Bank (FRB) and the Federal Home Loan Bank (FHLB) systems. Members are required to own a certain amount of stock based on the level of borrowings, capital, and other factors, and may invest in additional amounts. These restricted securities are carried at cost and periodically evaluated for impairment based on ultimate recovery of par value. Both cash and stock dividends are reported as income.

Loans Held for Sale: Mortgage loans originated and intended for sale in the secondary market are carried at the lower of aggregate cost or market, as determined by outstanding commitments from investors. Net unrealized losses, if any, are recorded as a valuation allowance and charged to earnings. Gains and losses on sales of mortgage loans are based on the difference between the selling price and the carrying value of the related loans sold.

The Bank also sells the guaranteed portion of SBA loans to the secondary market. SBA loans intended for sale are carried at the lower of aggregate cost or market and accounted for similar to mortgage loans held for sale. Gains on sales of SBA loans are based on the difference between the selling price and the fair value allocated to the guaranteed portion of the related loans sold.

Transfers of Financial Assets: Transfers of financial assets are accounted for as sales, when control over the assets has been relinquished. Control over transferred assets is deemed to be surrendered when the assets have been isolated from the Bank, the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and the Bank does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

Loans Held for Investment: Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoff are reported at the principal balance outstanding, net of unearned interest, deferred loan fees and costs, and an allowance for loan loss. Interest income is accrued on the unpaid principal balance. Loan origination fees, net of certain direct origination costs, are deferred and recognized in interest income using the level-yield method.

Non-Accrual and Restructured Loans: Loans are generally placed on non-accrual status when payments become 90 days past due, unless they are well secured and in the process of collection. Loans may also be placed on non-accrual status if management has doubt as to the collectability of interest and principal prior to a loan becoming 90 days past due. Interest and fees previously accrued, but not collected, are generally reversed and charged against interest income at the time a loan is placed on non-accrual status. Interest payments received on non-accrual loans are recorded as reductions of principal if, in management's judgment, principal repayment is in doubt. Loans may be reinstated to an accrual or performing status if the loan is current with all payments, future payments of principal and interest are reasonably assured, and the loan has a demonstrated period of performance.

Loans are classified as restructured when management grants, for economic or legal reasons related to the borrower's financial condition, concessions to the borrower that the Bank would not otherwise consider. Generally, this occurs when the cash flows of the borrower are insufficient to service the loan under its original terms.

Allowance for Loan Losses: The allowance for loan losses is available to cover probable losses incurred in the loans held-for-investment portfolio. Loans held-for-investment, or portions thereof, deemed uncollectible are charged to the allowance for loan losses, while recoveries, if any, of amounts previously charged-off are added to the allowance. Amounts are charged-off after giving consideration to such factors as the customer's financial condition, underlying collateral values and guarantees, and general economic conditions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The evaluation process for determining the adequacy of the allowance for loan losses and the periodic provisioning for estimated losses is undertaken on a quarterly basis, but may increase in frequency should conditions arise that would require our prompt attention. Conditions giving rise to such action are acquisitions or dispositions of large quantities of loans, dispositions of non-performing and marginally performing loans by bulk sale or any development which may indicate an adverse trend. Recognition is also given to the changing risk profile resulting from customer performance, results of ongoing credit-quality monitoring processes and the cyclical nature of economic and business conditions.

The loan portfolio is categorized according to collateral type, loan purpose or borrower type (i.e., commercial, consumer). The categories used include multifamily mortgages, residential one-to-four family mortgages, commercial mortgages, commercial and industrial, consumer, and construction and land.

Multifamily residential properties and commercial mortgages generally are larger than one-to-four family residential loans and involve a greater degree of risk. Payments on these loans depend to a large degree on the results of operations and management of the properties or underlying businesses, and may be affected to a greater extent by adverse conditions in the real estate market or the economy in general. Accordingly, the nature of commercial real estate loans makes them more difficult for management to monitor and evaluate.

Commercial and industrial lending generally involves greater risk than mortgage lending and involves risks that are different from those associated with residential and commercial real estate lending. Real estate lending is generally considered to be collateral based, with loan amounts based on predetermined loan to collateral values and liquidation of the underlying real estate collateral is viewed as the primary source of repayment in the event of borrower default. Although commercial and industrial loans may be collateralized by equipment or other business assets, the liquidation of collateral in the event of a borrower default is often an insufficient source of repayment because equipment and other business assets may be obsolete or of limited use, among other things. Accordingly, the repayment of a commercial and industrial loan depends primarily on the creditworthiness of the borrower (and any guarantors), while liquidation of collateral is a secondary and often insufficient source of repayment.

Residential one-to-four family mortgages and home equity lines of credit have as collateral a borrower's primary residence, second home or investment property. The risk of loss on these loans would be due to collateral deficiencies due to market deterioration or location and condition of the property. The foreclosure process of a primary residence is usually the final course of action on these types of loans. Given our underwriting criteria and the volume and balance of the loans as compared to collateral, the risk in this portfolio segment is less than that of the other segments.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Consumer loans generally have shorter terms and higher interest rates than one-to-four family mortgage loans. In addition, consumer loans expand the products and services we offer to better meet the financial services needs of our customers. Consumer loans generally involve greater credit risk than residential mortgage loans because of the difference in the underlying collateral. Repossessed collateral for a defaulted consumer loan may not provide an adequate source of repayment of the outstanding loan balance because of the greater likelihood of damage to, loss of, or depreciation in the underlying collateral. The remaining deficiency often does not warrant further substantial collection efforts against the borrower beyond obtaining a deficiency judgment. In addition, consumer loan collections depend on the borrower's personal financial stability. Furthermore, the application of various federal and state laws, including federal and state bankruptcy and insolvency laws, may limit the amount that can be recovered on such loans.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Construction loans are primarily collateralized by the acquired land and the constructed premises. These loans require continuous attention and monitoring of the construction progress. The repayment of these loans is contingent upon the borrower's ability to complete and sell the constructed property or generate enough rental income to service the permanent debt. As a result the risk with these loans is that they are contingent upon future events whose probability at the time of origination is uncertain. Therefore these loans receive a higher risk rating than all other loan types.

The methodology employed for assessing the adequacy of the allowance consists of the following criteria:

- Establishment of reserve amounts for specifically identified criticized loans, including those designated as requiring special attention by the Bank's internal loan review program, or bank regulatory examinations (specific-allowance method).
- An allocation to the remaining loans giving effect to historical losses experienced in each loan category, cyclical trends and current economic conditions which may impact inherent losses (loss experience factor method).

The initial allocation or specific-allowance method commences with loan officers and underwriters grading the quality of their loans on a risk classification scale ranging from 1 to 8. Loans identified as below investment grade are referred to the Bank's independent Loan Review Consultant (LRC) for further analysis and identification of those factors that may ultimately affect the full recovery or collectability of principal and/or interest. These loans are subject to continuous review and monitoring while they remain in a criticized category. Additionally, LRC is responsible for performing periodic reviews of the loan portfolio independent from the identification process employed by loan officers and underwriters. Loans that fall into criticized categories are further evaluated for impairment. The portion of the allowance allocated to impaired loans is based on the most appropriate of the following measures: discounted cash flows from the loan using the loan's effective interest rate, the fair value of the collateral for collateral dependent loans, or the observable market price of the impaired loan.

The remaining allocation applies a category specific loss experience factor to loans which have not been specifically reviewed for impairment, including smaller balance homogeneous loans that have been identified as residential and consumer. These category specific factors give recognition to the Bank's historical loss experience as well as economic factors. These economic factors include consideration of the following: levels of and trends in delinquencies and impaired loans; levels of and trends in charge-offs and recoveries; trends in volume and terms of loans; effects of any changes in risk selection and underwriting standards; other changes in lending policies, procedures, and practices; experience, ability, and depth of lending management and other relevant staff; national and local economic trends and conditions; industry conditions; and effects of changes in credit concentrations.

These factors are reviewed on a quarterly basis with senior lenders to ensure that the factors applied to each loan category are reflective of trends or changes in the current business environment which may affect these categories.

Upon completion of both allocation processes, the specific and loss experience factor method allocations are combined, producing the allocation of the allowance for loan losses by loan category. Other factors used to evaluate the adequacy of the allowance for loan losses include the amount and trend of criticized loans, results of regulatory examinations, peer group comparisons and economic data associated with the relevant markets, specifically the local real estate market. Because many loans depend upon the sufficiency of collateral, any adverse trend in the relevant real estate markets could have a significant adverse effect on the quality of the Bank's loan portfolio.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Servicing Rights: When loans are sold with servicing retained, servicing rights are initially recorded at fair value with the income statement effect recorded in gains on sales of loans. Fair value is based on market prices for comparable servicing contracts, when available or alternatively, is based on a valuation model that calculates the present value of estimated future net servicing income. All classes of servicing assets are subsequently measured using the amortization method which requires servicing rights to be amortized into non-interest income in proportion to, and over the period of, the estimated future net servicing income of the underlying loans. Servicing assets, which are reported in other assets on the balance sheet, totaled \$839,000 and \$875,000 at December 31, 2014 and 2013, respectively.

Servicing rights are evaluated for impairment based upon the fair value of the rights as compared to carrying amount. Impairment is determined by stratifying rights into groupings based on predominant risk characteristics, such as interest rate, loan type and investor type. Impairment is recognized through a valuation allowance for an individual grouping, to the extent that fair value is less than the carrying amount. The Bank's servicing rights are not impaired as of December 31, 2014 and 2013.

Servicing fee income, which is reported on the income statement as loan fee and servicing income, is recorded for fees earned for servicing loans. The fees are based on a contractual percentage of the outstanding principal; or a fixed amount per loan and are recorded as income when earned. The amortization of mortgage servicing rights is netted against loan servicing fee income. Servicing fees totaled \$418,000, \$405,000 and \$311,000 for the years ended December 31, 2014, 2013 and 2012, respectively.

Premises and Equipment: Premises and equipment, including leasehold improvements, are stated at cost, net of accumulated depreciation and amortization. Equipment, which includes furniture and fixtures, are depreciated over the assets' estimated useful lives using the straight-line method (five to ten years). Leasehold improvements are amortized, using the straight line method, over the estimated useful life of the related asset or the lease term, whichever is shorter. Maintenance, repairs and minor improvements are charged to non-interest expense in the period incurred.

Bank-Owned Life Insurance (BOLI): The Bank has purchased life insurance policies on certain key employees. BOLI is recorded at the amount that can be realized under the insurance contract at the balance sheet date, which is the cash surrender value adjusted for other charges or other amounts due that are probable at settlement.

Loan Commitments and Related Financial Instruments: Financial instruments include off-balance sheet credit instruments, such as commitments to make loans and commercial letters of credit, issued to meet customer financing needs. The face amount for these items represents the exposure to loss, before considering customer collateral or ability to repay. Such financial instruments are recorded when they are funded. Instruments, such as standby letters of credit, that are considered financial guarantees are recorded at fair value.

Earnings Per Share: Basic earnings per share is net income divided by the weighted average number of common shares outstanding during the period. Diluted earnings per common share includes the dilutive effect of additional potential common shares issuable under stock options. The Bank had 707,978 stock options outstanding of which 119,650 were dilutive and included in the calculation of diluted earnings per share for 2014. The Bank had 765,278 stock options outstanding of which 101,096 were dilutive and included in the calculation of diluted earnings per share for 2013. The Bank had 701,028 stock options outstanding of which 16,300 were dilutive and included in the calculation of diluted earnings per share for 2012.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes: Income tax expense is the total of the current year income tax due or refundable and the change in deferred tax assets and liabilities. Deferred tax assets and liabilities are the expected future tax amounts for the temporary differences between carrying amounts and tax bases of assets and liabilities, computed using enacted tax rates. A valuation allowance, if needed, reduces deferred tax assets to the amount expected to be realized.

A tax position is recognized as a benefit only if it is more likely than not that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the more likely than not test, no tax benefit is recorded.

The Bank recognizes interest and/or penalties related to income tax matters in income tax expense.

Stock Based Compensation: Compensation cost is recognized for stock option awards issued to employees, based on the fair value of these awards at the date of grant. A Black-Scholes model is utilized to estimate the fair value of stock options.

Compensation cost is recognized over the required service period, generally defined as the vesting period. For awards with graded vesting, compensation cost is recognized on a straight-line basis over the requisite service period for the entire award.

Other Real Estate Owned (OREO): Included in other assets is OREO which consists of properties acquired through foreclosure or by acceptance of a deed in lieu of foreclosure. These assets are initially recorded at the fair value of the property, less any estimated costs of disposal. Loan losses arising from the acquisition of such assets are charged to the allowance for loan losses and subsequent valuation write-downs are charged to non-interest expense and a valuation allowance is established. Operating costs associated with the properties are charged to expense as incurred. Gains and losses on the sale of OREO are included in income when title has passed to the Bank. The Bank did not have any other real estate owned at December 31, 2014 and 2013, respectively.

Retirement Plans: A savings plan is maintained under section 401(k) of the Internal Revenue Code and covers substantially all current employees. Newly hired employees can elect to participate in the savings plan after completing six months of service. Under the provisions of the savings plan, employee contributions are partially matched by the Bank with cash contributions. Participants can invest their account balances into several investment alternatives.

A supplemental executive retirement plan is maintained for the benefit of the Chief Executive Officer. The liability is expensed over the service period through expected retirement.

Comprehensive Income (Loss): Comprehensive income (loss) consists of net income (loss) and other comprehensive income (loss). Other comprehensive income (loss) includes unrealized gains and losses on securities available for sale which are also recognized as separate components of equity.

Loss Contingencies: Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there now are such matters that will have a material effect on the financial statements.

Fair Value of Financial Instruments: Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in note 12. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, credit risk, prepayments, and other factors, especially in the absence of broad markets for particular items. Changes in assumptions or in market conditions could significantly affect these estimates.

Reclassifications: Certain items in the prior year financial statements were reclassified to conform to the current presentation.

NOTE 2 SECURITIES (Continued)

At December 31, 2014, the mortgage-backed securities and CMOs held by the Bank were issued by U.S. government-sponsored entities and agencies, primarily Fannie Mae and Freddie Mac, institutions which the government has affirmed its commitment to support. Because the decline in fair value is attributable to changes in interest rates and illiquidity, and not credit quality, and because the Bank does not have the intent to sell these mortgage-backed securities and it is likely that it will not be required to sell the securities before their anticipated recovery, the Bank does not consider these securities to be other-than-temporarily impaired at December 31, 2014.

When purchasing investment securities, the Bank's overall interest-rate risk profile is considered as well as the adequacy of expected returns relative to risks assumed, including prepayments. Management occasionally sells investment securities as a result of changes in interest rates and spreads, actual or anticipated prepayments, or credit risk associated with a particular security.

NOTE 3 - LOANS (Continued)

The Bank categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Bank analyzes commercial, multifamily, commercial and industrial, and construction type loans individually by classifying the loans as to credit risk. This analysis is performed on an annual basis. The Bank uses the following definitions for risk ratings:

Special Mention: The loan has potential weaknesses that deserve Management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the asset or in the Bank's credit position at some future date.

Substandard: The loan is inadequately protected by the current sound worth and paying capacity of the obligor or the collateral pledged, if any. Loans classified must have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the Bank will sustain some loss if the deficiencies are not corrected.

Doubtful: The loan has all the weaknesses inherent in one classified substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing factors, conditions, and values, highly questionable and improbable.

Loans not meeting the criteria above that are analyzed individually as part of the above described process are considered to be pass rated loans. Loans listed as not rated are homogeneous residential and consumer type loans which are evaluated based on payment performance as previously disclosed in the aging of past due loans.

Based on the most recent analysis performed, the risk category of loans by class of loans is as follows (in thousands):

Troubled Debt Restructurings

As of December 31, 2014 and 2013, the Bank has a recorded investment in troubled debt restructurings of \$5.3 million and \$6.5 million, respectively. The Bank has allocated \$1.3 million and \$0.1 million in reserves for these loans at December 31, 2014 and 2013. The Bank had no commitments to lend additional amounts to loans that were classified as troubled debt restructurings.

A restructuring constitutes a troubled debt restructuring when the restructuring includes a concession by the Bank and the borrower is experiencing financial difficulty. In order to determine whether a borrower is experiencing financial difficulty, an evaluation is performed of the probability that the borrower will be in payment default on any of its debt in the foreseeable future without the modification. The Bank performs the evaluation under its internal underwriting policy.

The following table presents loans by class modified as troubled debt restructurings that occurred during the year ending December 31, 2014, 2013 and 2012 (dollars in thousands):

	Number of Loans	Pre-Modification Outstanding Recorded Investment	Post-Modification Outstanding Recorded Investment
<u>2014</u>			
Troubled debt restructurings:

Commercial and industrial	6	\$ 6,247	\$ 6,247
<u>2012</u>			
Troubled debt restructurings:

There are no troubled debt restructurings for which there was a payment default during 2014, 2013 and 2012 that were modified during the twelve-month period prior to default. A loan is considered to be in payment default once it is 90 days contractually past due under the modified terms. Modifications involving an extension of the maturity date were for periods ranging from twelve months to thirty-six months.

NOTE 9 - STOCK OPTIONS

Options to buy stock are granted to directors, officers and employees under the Bank's Stock Option Plan, which provides for issue of up to 900,000 options. Option awards are generally granted with an exercise price equal to the market price of the Bank's common stock at the date of grant; those option awards have vesting periods ranging from three to five years and have ten-year contractual terms. All stock option grants would fully vest upon a change in control.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

The fair value of each option award is estimated on the date of grant using a closed form option valuation (Black-Scholes) model that uses the assumptions noted in the table below. Expected volatilities are based on historical volatilities of the Bank's common stock. The Bank uses historical data to estimate option exercise and post-vesting termination behavior. (Employee and management options are tracked separately.) The expected term of options granted is based on historical data and represents the period of time that options granted are expected to be outstanding, which takes into account that the options are not transferable. The risk-free interest rate for the expected term of the option is based on the U.S. Treasury yield curve in effect at the time of the grant.

The fair value of options granted was determined using the following weighted-average assumptions as of grant date.

	2014	2013	2012
Risk-free interest rate	1.53%	0.89%	1.81%
Expected term	5 years	5 years	7 years

As of December 31, 2014, there was approximately \$638,000 of total unrealized compensation cost related to non-vested stock options granted under the Plan. The cost is expected to be recognized over a weighted-average term of 3.36 years.

The aggregate intrinsic value is the difference between the exercise price of underlying awards and the quoted price of our common stock for those awards that have an exercise price currently below the closing price. As of December 31, 2014, we had options outstanding to purchase an aggregate intrinsic value of approximately \$6.0 million.

NOTE 10 - REGULATORY CAPITAL MATTERS

The Bank is subject to regulatory capital requirements administered by federal banking agencies. Capital adequacy guidelines and, additionally for banks, prompt corrective action regulations involve quantitative measures of assets, liabilities, and certain off-balance-sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators. Failure to meet capital requirements can initiate regulatory action. Management believes as of December 31, 2014, the Bank meets all capital adequacy requirements to which it is subject.

Prompt corrective action regulations provide five classifications: well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized, and critically undercapitalized, although these terms are not used to represent overall financial condition. If adequately capitalized, regulatory approval is required to accept brokered deposits. If undercapitalized, capital distributions are limited, as is asset growth and expansion, and capital restoration plans are required.

At December 31, 2014 and 2013, the most recent regulatory notifications categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. There are no conditions or events since that notification that management believes have changed the institution's category. These capital levels are in excess of well capitalized levels generally applicable to banks under current regulations.

The following table sets forth the Bank's actual capital amounts and ratios under current regulations (dollars in thousands):

	Actual		Minimum Capital Requirements		Minimum to be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio
December 31, 2014

Total capital (to risk-weighted assets)	\$ 81,938	13.16%	\$ 49,808	8.00%	\$ 62,260	10.00%
Tier I capital (to risk-weighted assets)	74,135	11.91	24,904	4.00	37,356	6.00
Tier I capital (to average assets)	74,135	9.12	32,525	4.00	40,656	5.00

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

Generally, capital distributions are limited to the current year-to-date undistributed net income and prior two years' undistributed net income, as long as the institution remains well capitalized after the proposed distribution. The Bank does not anticipate the payment of dividends at this time.

NOTE 11 - LOAN AND OTHER COMMITMENTSLoan Commitments

Some financial instruments, such as loan commitments, credit lines, letters of credit, and overdraft protection, are issued to meet customer financing needs. These are agreements to provide credit or to support the credit of others, as long as conditions established in the contract are met, and usually have expiration dates. Commitments may expire without being used. Off-balance-sheet risk to credit loss exists up to the face amount of these instruments, although material losses are not anticipated. The same credit policies are used to make commitments for loans, including obtaining collateral at exercise of the commitment.

The contractual amounts of financial instruments with off-balance-sheet risk at December 31, 2014 and 2013, were as follows (in thousands):

	2014		2013	
	Fixed Rate	Variable Rate	Fixed Rate	Variable Rate
Commitments to make loans	\$	\$ 42,986	\$	\$ 64,959
Unused lines of credit		96,204		81,771
Standby letters of credit	4,876		5,176	

Commitments to make loans are generally made for periods of 60 days or less.

Lease Commitments

The Bank leases eleven branch properties under non-cancelable operating leases. The eleven branch properties are located in Great Neck, Garden City, Woodbury, Oceanside, New Hyde Park, Huntington, Rockville Centre, Bayside, Melville, Hewlett and Manhattan. The Bank did not enter into any leases during 2014.

At December 31, 2014, the minimum annual rental commitments, exclusive of taxes, other charges and before consideration of renewal options, which are present in each lease, are as follows (in thousands):

2015	\$	2,694
2017		2,651
2019		2,636

Rent expense was \$2.9 million, \$2.9 million and \$2.2 for the years ended December 31, 2014, 2013 and 2012, respectively.

NOTE 12 - FAIR VALUE

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair values of securities available for sale are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs) or matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs).

The fair value of impaired loans is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of multiple approaches including sales and the income approach. Adjustments are continually made in the appraisal process by appraisers to adjust for differences between comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of inputs for determining fair value. Non-real estate collateral may be valued using an appraisal, net book value per the borrower's financial statements, or aging reports, adjusted or discounted based on management's historical knowledge, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the client and client's business, resulting in a Level 3 fair value classification. Impaired loans are evaluated on a quarterly basis for additional impairment and adjusted accordingly.

NOTE 12 - FAIR VALUE (Continued)

The methods and assumptions used to estimate fair value are described as follows:

The carrying amounts for cash and cash equivalents are reasonable estimates of fair value. The fair value of securities is estimated as previously described. It was not practicable to determine the fair value of restricted stock due to the illiquidity of the underlying shares. Fair values are estimated for portfolios of loans with similar financial characteristics. The fair value of performing loans is calculated by discounting the estimated cash flows through expected maturity or re-pricing using the current rates at which similar loans would be made to borrowers with similar credit risks. For non-performing loans, the fair value of loans with specific allocations is estimated as previously described. The carrying amounts for demand deposits, savings, NOW, money market accounts and borrowings with an interest sensitive period of 90 days or less are reasonable estimates of their fair values. Fair values for time deposits and borrowings are estimated by discounting the future cash flows using the rates currently offered for deposits and borrowings of similar remaining maturities. The fair value of commitments to extend credit and letters of credit is based on fees currently charged to enter into similar agreements with comparable credit risks and the current creditworthiness of the counterparties. Commitments to extend credit issued by the Bank are generally short-term in nature and, if drawn upon, are issued under current market terms and conditions for credits with comparable risks. At December 31, 2014 and 2013, there was no significant unrealized appreciation or depreciation on these financial instruments.

possible termination by CNB of third-party service provider arrangements effective at the Effective Time or at a date thereafter, non-renewal of personal property leases and software licenses used by CNB in connection with its systems operations, retention of outside consultants and additional employees to assist with the conversion, and outsourcing, as appropriate, of proprietary or self-provided system services, it being understood that CNB shall not be obligated to take any such action prior to the Effective Time and, unless CNB otherwise agrees, no conversion shall take place prior to the Effective Time.

6.2.3. CNB shall provide Bridge Bank, within 15 business days of the end of each calendar month, a written list of all CNB delinquent loans and classified assets. On a monthly basis, CNB shall provide Bridge Bank with a schedule of (i) all loan approvals, which schedule shall indicate the loan amount, loan type and other material features of the loan, and (ii) loan grading changes.

6.2.4. CNB shall promptly inform Bridge Bancorp upon receiving notice of any legal, administrative, arbitration or other proceedings, demands, notices, audits or investigations (by any federal, state or local commission, agency or board) relating to the alleged liability of CNB under any labor or employment law.

6.3. *Access to Properties and Records.*

Subject to Section 12.1 hereof, CNB shall permit Bridge Bank reasonable access during normal business hours upon reasonable notice to its properties, and shall disclose and make available to Bridge Bank during normal business hours all of its books, papers and records relating to the assets, properties, operations, obligations and liabilities, including, but not limited to, all books of account (including the general ledger), tax records, minute books of directors (other than minutes that discuss any of the transactions contemplated by this Agreement or any other subject matter CNB reasonably determines should be treated as confidential) and shareholders' meetings, organizational documents, Bylaws, material contracts and agreements, filings with any regulatory authority, litigation files, plans affecting employees, and any other business activities or prospects in which Bridge Bank may have a reasonable interest; provided, however, that CNB shall not be required to take any action that would provide access to or to disclose information where such access or disclosure would violate or prejudice the rights or business interests or confidences of any customer or other person or would result in the waiver by it of the privilege protecting communications between it and any of its counsel or as not permitted by law or regulation. CNB shall provide and shall request its auditors to provide Bridge Bancorp with such historical financial information regarding it (and related audit reports and consents) as Bridge Bancorp may reasonably request for securities disclosure purposes. Bridge Bancorp and Bridge Bank shall use commercially reasonable efforts to minimize any interference with CNB's regular business operations during any such access to CNB's property, books and records.

6.4. *Financial and Other Statements.*

6.4.1. Promptly upon receipt thereof, CNB will furnish to Bridge Bancorp copies of each annual, interim or special audit of the books of CNB made by its independent auditors

and copies of all internal control reports submitted to CNB by such auditors in connection with each annual, interim or special audit of the books of CNB made by such auditors.

6.4.2. As soon as reasonably available, but in no event later than the date such documents are filed with the Bank Regulators, CNB will deliver to Bridge Bancorp the CNB Regulatory Reports. CNB will furnish to Bridge Bancorp copies of all documents, statements and reports as it shall send to its shareholders, the FDIC, the FRB or any other regulatory authority, except as legally prohibited thereby. Within 15 days after the end of each month, CNB will deliver to Bridge Bancorp a monthly financial package that shall include a consolidated balance sheet and a consolidated statement of income, without related notes, for such month prepared in accordance with current financial reporting practices.

6.4.3. CNB will advise Bridge Bancorp promptly of the receipt of any examination report of any Bank Regulator with respect to the condition or activities of CNB.

6.4.4. With reasonable promptness, CNB will furnish to Bridge Bancorp such additional financial data that CNB possesses and as Bridge Bancorp may reasonably request, including without limitation, detailed monthly financial statements and loan reports.

6.5. *Maintenance of Insurance.*

CNB shall maintain insurance in such amounts as are reasonable to cover such risks as are customary in relation to the character and location of their properties and the nature of their business.

6.6. *Disclosure Supplements.*

From time to time prior to the Effective Time, CNB will promptly supplement or amend the **CNB Disclosure Schedules** delivered in connection herewith with respect to any matter hereafter arising which, if existing, occurring or known at the date of this Agreement, would have been required to be set forth or described in such **CNB Disclosure Schedules** or which is necessary to correct any information in such **CNB Disclosure Schedules** which has been rendered materially inaccurate thereby; provided, however, that any failure to give notice in accordance with the foregoing shall not be deemed to constitute a violation of this Section 6.6 or the failure of any condition set forth in Article IX to be satisfied, or otherwise constitute a breach of this Agreement by CNB, unless the underlying breach would independently result in a failure to satisfy of the conditions set forth in Article IX. No supplement or amendment to such **CNB Disclosure Schedules** shall have any effect for the purpose of determining satisfaction of the conditions set forth in Article IX.

6.7. *Consents and Approvals of Third Parties.*

CNB shall use its best efforts to obtain as soon as practicable all consents and approvals necessary or desirable for the consummation of the transactions contemplated by this Agreement.

Table of Contents

6.8. *Best Efforts.*

Subject to the terms and conditions herein provided, CNB agrees to use its best efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement.

6.9. *Failure to Fulfill Conditions.*

In the event that CNB determines that a condition to its obligation to complete the Merger cannot be fulfilled and that it will not waive that condition, it will promptly notify Bridge Bancorp.

6.10. *No Solicitation.*

(a) CNB shall not, and shall cause its officers, directors, employees, investment bankers, financial advisors, attorneys, accountants, consultants, affiliates and other agents (collectively, the **Representatives**) not to, directly or indirectly, (i) initiate, solicit, induce or knowingly encourage, or take any action to facilitate the making of, any inquiry, offer or proposal which constitutes, or could reasonably be expected to lead to, an Acquisition Proposal; (ii) participate in any discussions or negotiations regarding any Acquisition Proposal or furnish, or otherwise afford access, to any Person (other than Bridge Bancorp) any information or data with respect to CNB or otherwise relating to an Acquisition Proposal; (iii) release any Person from, waive any provisions of, or fail to enforce any confidentiality agreement or standstill agreement to which CNB is a party; or (iv) enter into any agreement, agreement in principle or letter of intent with respect to any Acquisition Proposal or approve or resolve to approve any Acquisition Proposal or any agreement, agreement in principle or letter of intent relating to an Acquisition Proposal. Any violation of the foregoing restrictions by CNB or any Representative, whether or not such Representative is so authorized and whether or not such Representative is purporting to act on behalf of CNB or otherwise, shall be deemed to be a breach of this Agreement by CNB. CNB and its Subsidiaries shall, and shall cause each of CNB Representatives to, immediately cease and cause to be terminated any and all existing discussions, negotiations, and communications with any Persons with respect to any existing or potential Acquisition Proposal.

For purposes of this Agreement, **Acquisition Proposal** shall mean any inquiry, offer or proposal (other than an inquiry, offer or proposal from Bridge Bancorp), whether or not in writing, contemplating, relating to, or that could reasonably be expected to lead to, an Acquisition Transaction. For purposes of this Agreement, **Acquisition Transaction** shall mean (A) any transaction or series of transactions involving any merger, consolidation, recapitalization, share exchange, liquidation, dissolution or similar transaction involving CNB; (B) any transaction pursuant to which any third party or group acquires or would acquire (whether through sale, lease or other disposition), directly or indirectly, any assets of CNB representing, in the aggregate, 25% or more of the assets of CNB and its Subsidiaries on a consolidated basis; (C) any issuance, sale or other disposition of (including by way of merger, consolidation, share exchange or any similar transaction) securities (or options, rights or warrants to purchase or securities convertible into, such securities) representing 25% or more of the votes attached to the outstanding securities of CNB; (D) any tender offer or exchange offer that, if

consummated, would result in any third party or group beneficially owning 25% or more of any class of equity securities of CNB; or (E) any transaction which is similar in form, substance or purpose to any of the foregoing transactions, or any combination of the foregoing.

(b) Notwithstanding Section 6.10(a), CNB may take any of the actions described in clause (ii) of Section 6.10(a) if, but only if, (i) prior to the CNB Shareholders Meeting, CNB has received a bona fide unsolicited written Acquisition Proposal, that did not result from a breach of this Section 6.10; (ii) the CNB Board determines in good faith, after consultation with and having considered the advice of its outside legal counsel and, with respect to financial matters, its independent financial advisor, that such Acquisition Proposal constitutes or is reasonably likely to lead to a Superior Proposal; (iii) CNB has provided Bridge Bancorp with at least two Business Days prior notice of such determination; and (iv) prior to furnishing or affording access to any information or data with respect to CNB or otherwise relating to an Acquisition Proposal, CNB receives from such Person a confidentiality agreement with terms no less favorable to CNB than those contained in the Confidentiality Agreement. CNB shall promptly provide to Bridge Bancorp any non-public information regarding CNB or its Subsidiaries provided to any other Person that was not previously provided to Bridge Bancorp, such additional information to be provided no later than the date of provision of such information to such other party.

For purposes of this Agreement, **Superior Proposal** shall mean any bona fide written proposal (on its most recently amended or modified terms, if amended or modified) made by a third party to enter into an Acquisition Transaction on terms that the CNB Board determines in its good faith judgment, after consultation with and having considered the advice of outside legal counsel and a financial advisor (i) would, if consummated, result in the acquisition of all, but not less than all, of the issued and outstanding shares of CNB Common Stock or all, or substantially all, of the assets of CNB; (ii) would result in a transaction that (A) involves consideration to the holders of the shares of CNB Common Stock that is more favorable, from a financial point of view, than the consideration to be paid to CNB's shareholders pursuant to this Agreement, considering, among other things, the nature of the consideration being offered and any material regulatory approvals or other risks associated with the timing of the proposed transaction beyond or in addition to those specifically contemplated hereby, and (B) is, in light of the other terms of such proposal, more favorable to CNB's shareholders than the Merger and the transactions contemplated by this Agreement; and (iii) is reasonably likely to be completed on the terms proposed, in each case taking into account all legal, financial, regulatory and other aspects of the proposal.

(c) CNB shall promptly (and in any event within 24 hours) notify Bridge Bancorp in writing if any proposals or offers (or modified offers or proposals) are received by, any information is requested from, or any negotiations or discussions are sought to be initiated or continued with CNB or any CNB Representatives, in each case in connection with any Acquisition Proposal, and such notice shall indicate the name of the Person initiating such discussions or negotiations or making such proposal, offer or information request and the material terms and conditions of any proposals or offers.

(d) Subject to Section 6.10(e), neither the CNB Board nor any committee thereof shall (i) withdraw, qualify or modify, or propose to withdraw, qualify or modify, in a manner adverse to Bridge Bancorp in connection with the transactions contemplated by this Agreement (including the Merger), the CNB Recommendation (as defined in Section 8.1), or make any statement, filing or release, in connection with the CNB Shareholders Meeting or otherwise, inconsistent with the CNB Recommendation (it being understood that taking a neutral position or no position with respect to an Acquisition Proposal shall be considered an adverse modification of the CNB Recommendation); (ii) approve or recommend, or publicly propose to approve or recommend, any Acquisition Proposal; or (iii) enter into any letter of intent, agreement in principle, acquisition agreement or other agreement (A) related to any Acquisition Transaction (other than a confidentiality agreement entered into in accordance with the provisions of Section 6.10(b)) or (B) requiring CNB to abandon, terminate or fail to consummate the Merger or any other transaction contemplated by this Agreement.

(e) Notwithstanding Section 6.10(d), prior to the date of the CNB Shareholders Meeting, the CNB Board may approve or recommend to the shareholders of CNB a Superior Proposal and withdraw, qualify or modify the CNB Recommendation in connection therewith (a **CNB Subsequent Determination**) after the second Business Day following Bridge Bancorp's receipt of a notice (the **Notice of Superior Proposal**) from CNB advising Bridge Bancorp that the CNB Board has decided that a bona fide unsolicited written Acquisition Proposal that it received (that did not result from a breach of this Section 6.10) constitutes a Superior Proposal (it being understood that CNB shall be required to deliver a new Notice of Superior Proposal in respect of any revised Superior Proposal from such third party or its affiliates that CNB proposes to accept and the subsequent notice period shall also be two Business Days) if, but only if at the end of such two Business Day period, after taking into account any such adjusted, modified or amended terms as may have been committed to in writing by Bridge Bancorp since its receipt of such Notice of Superior Proposal (provided, however, that Bridge Bancorp shall not have any obligation to propose any adjustments, modifications or amendments to the terms and conditions of this Agreement), CNB Board has again in good faith made the determination that such Acquisition Proposal constitutes a Superior Proposal.

6.11. *Board of Directors and Committee Meetings*

Following the receipt of all Regulatory Approvals (without regard to any waiting periods associated therewith), CNB shall permit two representatives of Bridge Bank to attend any meeting of their Board of Directors, executive committee, loan (or credit) committee and asset liability committee as observers, provided that CNB shall not be required to permit these representative to remain present during any confidential discussion of this Agreement and the transactions contemplated hereby or any Acquisition Proposal or during any other matter that the CNB Board of Directors has been advised of by counsel that such attendance by these representatives may violate or be inconsistent with a confidentiality obligation or fiduciary duty or any legal, regulatory or Nasdaq requirement.

COVENANTS OF BRIDGE BANCORP

7.1. *Conduct of Business.*

During the period from the date of this Agreement to the Effective Time, except with the written consent of CNB, which consent will not be unreasonably withheld or delayed, Bridge Bancorp will, and it will cause each Bridge Bancorp Subsidiary to, use reasonable efforts to preserve intact its business organization and assets and maintain its rights and franchises, and voluntarily take no action that would or would be reasonably likely to: (i) adversely affect the ability of the parties to obtain the Regulatory Approvals or other approvals of Governmental Entities required for the transaction contemplated hereby, or materially increase the period of time necessary to obtain such approvals; (ii) adversely affect its ability to perform its covenants and agreements under this Agreement; (iii) result in the representations and warranties contained in Article V of this Agreement not being true and correct on the date of this Agreement or at any future date on or prior to the Closing Date or in any of the conditions set forth in Article IX hereof not being satisfied; (iv) take any action or knowingly fail to take any action where such action or failure to act could reasonably be expected to prevent the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code; (v) issue or grant any Right or agreement of any character relating to its authorized or issued capital stock or any securities convertible into shares of such stock other than any grant or award of any options, restricted stock, restricted stock units, warrants or similar instruments; or (vii) agree to do any of the foregoing.

7.2. *Regulatory Filings Relating to Merger.*

In furtherance and not in limitation of Sections 8.2 and 8.3 hereof, Bridge Bancorp will furnish to CNB copies of all documents, statements and reports that it or Bridge Bank files with any other Bank Regulator or the SEC with respect to the Merger and provide CNB with a reasonable opportunity to comment thereon prior to submitting such materials to the Bank Regulator or the SEC.

7.3. *Maintenance of Insurance*

Bridge Bancorp shall maintain, and cause each Bridge Bancorp Subsidiary to maintain, insurance in such amounts as are reasonable to cover such risks as are customary in relation to the character and location of their properties and the nature of their business.

7.4. *Disclosure Supplements.*

From time to time prior to the Effective Time, Bridge Bancorp will promptly supplement or amend the **Bridge Bancorp Disclosure Schedule** delivered in connection herewith with respect to any material matter hereafter arising which, if existing, occurring or known at the date of this Agreement, would have been required to be set forth or described in such **Bridge Bancorp Disclosure Schedule** or which is necessary to correct any information in such **Bridge Bancorp Disclosure Schedule** which has been rendered inaccurate thereby; provided, however, that any failure

to give notice in accordance with the foregoing shall not be deemed to constitute a violation of this Section 7.4 or the failure of any condition set forth in Article IX to be satisfied,

or otherwise constitute a breach of this Agreement by Bridge Bancorp, unless the underlying breach would independently result in a failure to satisfy of the conditions set forth in Article IX. No supplement or amendment to such **Bridge Bancorp Disclosure Schedule** shall have any effect for the purpose of determining satisfaction of the conditions set forth in Article IX.

7.5. *Consents and Approvals of Third Parties.*

Bridge Bancorp shall use its best efforts to obtain as soon as practicable all consents and approvals, necessary or desirable for the consummation of the transactions contemplated, and in the manner contemplated, by this Agreement.

7.6. *Best Efforts.*

Subject to the terms and conditions herein provided, Bridge Bancorp agrees to use its best efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement.

7.7. *Failure to Fulfill Conditions.*

In the event that Bridge Bancorp determines that a condition to its obligation to complete the Merger cannot be fulfilled and that it will not waive that condition, it will promptly notify CNB.

7.8. *Employee Benefits.*

7.8.1. Bridge Bancorp will review all CNB Compensation and Benefit Plans to determine, in its sole and absolute discretion, whether to maintain, terminate or continue such plans. In the event employee compensation and/or benefits as currently provided by CNB are changed or terminated by Bridge Bancorp, in whole or in part, Bridge Bancorp shall provide Continuing Employees (as defined below) with compensation and benefits that are, in the aggregate, substantially similar to the compensation and benefits provided to similarly situated employees of Bridge Bancorp or applicable Bridge Bancorp Subsidiary (as of the date any such compensation or benefit is provided). Employees of CNB who become participants in a Bridge Bancorp Compensation and Benefit Plan shall, for purposes of determining eligibility for and for any applicable vesting periods of such employee benefits (and not for benefit accrual purposes) be given credit for meeting eligibility and vesting requirements in such plans for service as an employee of CNB prior to the Effective Time. This Agreement shall not be construed to limit the ability of Bridge Bancorp or Bridge Bank to terminate the employment of any employee or to review employee benefits programs from time to time and to make such changes (including terminating any program) as they deem appropriate.

7.8.2. Notwithstanding anything in this Agreement to the contrary, each of Messrs. Lubow, Gunther, Lavelle, McConie and Ms. Frasco shall sign the agreements included in **Bridge Bancorp Disclosure Schedule 7.8.2**, agreeing to the payments and benefits that will be made to them in and acknowledging the satisfaction of all amounts and benefits due under their change in control agreements . The supplemental executive retirement plan entered into

between CNB and Stuart Lubow shall not be affected by such agreement, and Mr. Lubow will receive the benefits under this plan pursuant to its terms.

7.8.3. Except to the extent of commitments herein or other contractual commitments, if any, specifically made or assumed by Bridge Bancorp hereunder or by operation of law, Bridge Bancorp shall have no obligation arising from and after the Effective Time to continue in its employ or in any specific job or to provide to any specified level of compensation or any incentive payments, benefits or perquisites to any individual who is an employee of CNB as of the Effective Time. Bridge Bancorp agrees that each CNB employee who (i) is not offered employment with Bridge Bancorp or Bridge Bank as of the Effective Time or (ii) is involuntarily terminated by Bridge Bancorp or Bridge Bank (other than for cause) within six months of the Effective Time and who is not covered by a separate employment agreement, change in control agreement, severance, consulting, or similar agreement shall receive a severance payment equal to (A) two weeks of base pay (at the rate in effect on the termination date) for each full year of service at CNB, with a maximum of 26 weeks and a minimum of four weeks of base pay, plus (B) amounts payable to such employee for accrued vacation and personal days; provided, that such individual executes a release agreement in a form approved by Bridge Bancorp. For purposes of calculating the number of years of service, fractional years of service shall be rounded up or down to the nearest full year.

7.8.4. In the event of any termination or consolidation of any CNB health plan with any Bridge Bank health plan, Bridge Bank shall make available to employees of CNB who continue employment with Bridge Bancorp or Bridge Bank (**Continuing Employees**) and their dependents employer-provided health coverage on the same basis as it provides such coverage to similarly situated Bridge Bank employees. Unless a Continuing Employee affirmatively terminates coverage under a CNB health plan prior to the time that such Continuing Employee becomes eligible to participate in a Bridge Bank health plan, no coverage of any of the Continuing Employees or their dependents shall terminate under any of the CNB health plans prior to the time such Continuing Employees and their dependents become eligible to participate in the health plans, programs and benefits common to all similarly situated employees of Bridge Bank and their dependents. In the event of a termination or consolidation of any CNB health plan, terminated CNB employees and qualified beneficiaries will have the right to continued coverage under group health plans of Bridge Bank in accordance with COBRA, consistent with the provisions below. All CNB employees who cease participating in a CNB health plan and become participants in a comparable Bridge Bank health plan shall receive credit for any co-payment and deductibles paid under CNB health plan for purposes of satisfying any applicable deductible or out-of-pocket requirements under the Bridge Bank health plan, upon substantiation, in a form satisfactory to Bridge Bank that such co-payment and/or deductible has been satisfied.

7.8.5. If requested by Bridge Bancorp in writing prior to the Effective Time and after the CNB Shareholders Meeting, and subject to the occurrence of the Effective Time, CNB shall cause to be adopted prior to the Effective Time resolutions of the Board of Directors of CNB and any necessary amendments to terminate any and all 401(k) Plans immediately prior to the Effective Time or cease all contributions to any and all 401(k) Plan maintained or sponsored by CNB (collectively, the **401(k) Plan**), and to prohibit the entry of new participants to the 401(k) Plan as of the day preceding the Effective Time. In the sole discretion of Bridge Bancorp, the 401(k) Plan may be merged into the Bridge Bancorp 401(k) Plan or terminated immediately

prior to the Effective Time. The form and substance of such resolutions and any necessary amendments shall be subject to the review and approval of Bridge Bancorp, which shall not be unreasonably withheld. CNB shall deliver to Bridge Bancorp an executed copy of such resolutions and any necessary amendments as soon as practicable following their adoption by the Board of Directors of CNB and shall fully comply with such resolutions and any necessary amendments. If, in accordance with this Section 7.8.5, Bridge Bancorp requests in writing that CNB freeze entry of new participants into the 401(k) Plan, CNB shall take such actions as Bridge Bancorp may reasonably require in furtherance of the assumption of the 401(k) Plan by Bridge Bancorp, including, but not limited to, adopting such amendments to the 401(k) Plan as may be necessary to effect such assumption. In the event the 401(k) Plan is terminated, Bridge Bancorp shall, or shall cause its Affiliates to, use reasonable best efforts to cause the Bridge Bancorp 401(k) Plan to accept a direct rollover of such Continuing Employee's account balances (and to use reasonable best efforts to include the rollover of promissory notes evidencing all outstanding loans) under the 401(k) Plan, provided that such rollover is elected in accordance with applicable law and is permitted by the terms and conditions of the Bridge Bancorp 401(k) Plan.

7.8.6. If requested by Bridge Bancorp, CNB shall take all such actions as Bridge Bancorp may request in order to fully and timely comply with any and all requirements of both the federal Worker Adjustment and Retraining Notification Act of 1988 and any state specific WARN Act statutes (collectively, the **WARN Act**), including providing notices to CNB's employees.

7.9. *Directors and Officers Indemnification and Insurance.*

7.9.1. For a period of six years after the Effective Time, Bridge Bancorp shall indemnify, defend and hold harmless each person who is now, or who has been at any time before the date hereof or who becomes before the Effective Time, an officer, director or employee of CNB (the **Indemnified Parties**) against all losses, claims, damages, costs, expenses (including attorney's fees), liabilities or judgments or amounts that are paid in settlement (which settlement shall require the prior written consent of Bridge Bancorp, which consent shall not be unreasonably withheld) of or in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, or administrative (each a **Claim**), in which an Indemnified Party is, or is threatened to be made, a party or witness in whole or in part or arising in whole or in part out of the fact that such person is or was a director, officer or employee of CNB if such Claim pertains to any matter of fact arising, existing or occurring at or before the Effective Time (including, without limitation, the Merger and the other transactions contemplated hereby), regardless of whether such Claim is asserted or claimed before, or after, the Effective Time, to the fullest extent as would have been permitted by CNB under the regulations of the OCC, including as applicable the DCGL, and under CNB's Articles of Association and Bylaws. Bridge Bancorp shall pay expenses in advance of the final disposition of any such action or proceeding to each Indemnified Party to the fullest extent as would have been permitted by CNB under the National Bank Act and the regulations of the OCC, including as applicable the DCGL, and under CNB's Articles of Association and Bylaws, upon receipt of an undertaking to repay such advance payments if such officer, director or employee shall be adjudicated or determined to be not entitled to indemnification. Any Indemnified Party wishing to claim indemnification under this Section 7.9.1 upon learning of any Claim, shall notify Bridge

Bancorp (but the failure so to notify Bridge Bancorp shall not relieve it from any liability which it may have under this Section 7.9.1, except to the extent such failure materially prejudices Bridge Bancorp) and shall deliver to Bridge Bancorp the undertaking referred to in the previous sentence.

7.9.2. In the event that either Bridge Bancorp or any of its successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving bank or entity of such consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any person, then, and in each such case, proper provision shall be made so that the successors and assigns of Bridge Bancorp shall assume the obligations set forth in this Section 7.9.

7.9.3. Either Bridge Bank or Bridge Bancorp shall maintain, in effect for six years following the Effective Time, the current directors and officers liability insurance policies covering the officers and directors of CNB (provided, that Bridge Bancorp or Bridge Bank may substitute therefor policies of at least the same coverage containing terms and conditions which are not materially less favorable) with respect to matters occurring at or prior to the Effective Time; provided, however, that in no event shall Bridge Bancorp or Bridge Bank be required to expend in the aggregate pursuant to this Section 7.9.3 more than 300% of the annual cost currently expended by CNB with respect to such insurance (the **Maximum Amount**); provided, further, that if the amount of the annual premium necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, Bridge Bancorp or Bridge Bank shall maintain the most advantageous policies of directors and officers insurance obtainable for a premium equal to the Maximum Amount. In connection with the foregoing, CNB agrees in order for Bridge Bancorp or Bridge Bank to fulfill its agreement to provide directors and officers liability insurance policies for six years to provide such insurer or substitute insurer with such reasonable and customary representations as such insurer may request with respect to the reporting of any prior claims.

7.9.4. The obligations of Bridge Bank and Bridge Bancorp provided under this Section 7.9 are intended to be enforceable against Bridge Bank and Bridge Bancorp directly by the Indemnified Parties and shall be binding on all respective successors and permitted assigns of Bridge Bancorp and Bridge Bank.

7.10. *Board of Directors*

Bridge Bancorp and Bridge Bank shall take such corporate actions as necessary so that effective immediately after the Closing Date, two individuals who are directors of CNB and who are designated by Bridge Bancorp and Bridge Bank, in consultation with CNB, shall be appointed and elected to the Bridge Bancorp and Bridge Bank Boards of Directors.

7.11. *Stock Listing.*

Bridge Bancorp agrees to list on the Nasdaq (or such other national securities exchange on which the shares of the Bridge Bancorp Common Stock shall be listed as of the date of consummation of the Merger), subject to official notice of issuance, the shares of Bridge Bancorp Common Stock to be issued in the Merger.

7.12. *Current Information*

During the period from the date of this Agreement to the Closing Date, Bridge Bancorp will cause one or more of its representatives to confer with representatives of CNB and report the general status of its financial condition, operations and business and matters relating to the completion of the transactions contemplated hereby, at such times as CNB may reasonably request. Bridge Bancorp will promptly notify CNB, to the extent permitted by applicable law, of any governmental complaints, investigations or hearings (or communications indicating that the same may be contemplated), which might adversely affect the ability of the parties to obtain the Regulatory Approvals or materially increase the period of time necessary to obtain such approvals; or the institution of material litigation involving Bridge Bancorp and any Bridge Bancorp Subsidiary. Bridge Bancorp shall be reasonably responsive to requests by CNB for access to such information and personnel regarding Bridge Bancorp and Bridge Bank as may be reasonably necessary for CNB to confirm that the representations and warranties of Bridge Bancorp and Bridge Bank contained herein are true and correct and that the covenants of Bridge Bancorp and Bridge Bank contained herein have been performed in all material respects; provided, however, that neither Bridge Bancorp nor Bridge Bank shall be required to take any action that would provide access to or to disclose information where such access or disclosure, in Bridge Bancorp's or Bridge Bank's reasonable judgment, would interfere with the normal conduct of Bridge Bancorp's or Bridge Bank's business or would violate or prejudice the rights or business interests or confidences of any customer or other person or would result in the waiver by it of the privilege protecting communications between it and any of its counsel.

7.13. *Stock Reserve.*

Bridge Bancorp agrees at all times from the date of this Agreement until the Merger Consideration has been paid in full to reserve a sufficient number of shares of its common stock to fulfill its obligations under this Agreement.

11.1.1. At any time by the mutual written agreement of Bridge Bancorp, Bridge Bank and CNB;

11.1.2. By the Board of Directors of either Bridge Bancorp and Bridge Bank, on the one hand, or CNB on the other hand (provided, that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein) if there shall have been a material breach of any of the representations or warranties set forth in this Agreement on the part of the other party, which breach by its nature cannot be cured prior to the Termination Date or shall not have been cured within 30 days after written notice of such breach by the terminating party to the other party provided, however, that neither party shall have the right to terminate this Agreement pursuant to this Section 11.1.2 unless the breach of representation or warranty, together with all other such breaches, would entitle the terminating party not to consummate the transactions contemplated hereby under Section 9.2.1 (in the case of

a breach of a representation or warranty by CNB) or Section 9.3.1 (in the case of a breach of a representation or warranty by Bridge Bancorp or Bridge Bank);

11.1.3. By the Board of Directors of either Bridge Bancorp and Bridge Bank, on the one hand, or CNB on the other hand (provided, that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein) if there shall have been a material failure to perform or comply with any of the covenants or agreements set forth in this Agreement on the part of the other party, which failure by its nature cannot be cured prior to the Termination Date or shall not have been cured within 30 days after written notice of such failure by the terminating party to the other party provided, however, that neither party shall have the right to terminate this Agreement pursuant to this Section 11.1.3 unless the breach of covenant or agreement, together with all other such breaches, would entitle the terminating party not to consummate the transactions contemplated hereby under Section 9.2.2 (in the case of a breach of covenant by CNB) or Section 9.3.2 (in the case of a breach of covenant by Bridge Bancorp or Bridge Bank);

11.1.4. 11.1.5. By the Board of Directors of either Bridge Bancorp and Bridge Bank, on the one hand, or CNB on the other hand, if (i) the shareholders of CNB shall have voted at the CNB Shareholders Meeting on the transactions contemplated by this Agreement and such vote shall not have been sufficient to approve such transactions, or (ii) the shareholders of Bridge Bancorp shall have voted at the Bridge Bancorp Shareholders Meeting on the issuance of shares of Bridge Bancorp Common Stock as Merger Consideration pursuant to this Agreement and the Merger, and such vote shall not have been sufficient to approve such issuance or the Merger;

11.1.10. By CNB, if the CNB Board of Directors determines by a vote of the majority of the members of the entire CNB Board, at any time during the five-day period commencing with the Determination Date, if both of the following conditions are satisfied:

(i) The number obtained by dividing the Average Closing Price by the Starting Price (as defined below) (the Bridge Bancorp Ratio) shall be less than 0.825; and

(ii) The Bridge Bancorp Ratio shall be less than (y) the number obtained by dividing the Final Index Price by the Index Price on the Starting Date (each as defined below) and subtracting 0.175 from the quotient in this clause (ii) (y) (such number in this clause (ii) (y) being referred to herein as the Index Ratio); subject, however, to the following three sentences. If the CNB elects to exercise its termination right pursuant to this Section 11.1.10, it shall give written notice to Bridge Bancorp (provided that such notice of election to terminate may be withdrawn at any time within the aforementioned five-day period). During a five-day period commencing with its receipt of such notice, Bridge Bancorp shall have the option to increase the consideration to be received by the holders of CNB Common Stock hereunder, by adjusting the Exchange Ratio (calculated to the nearest one one-thousandth) to equal the lesser of (x) a number (rounded to the nearest one one-thousandth) obtained by dividing (A) the product of the Starting Price, 0.825 and the Exchange Ratio by (B) the Average Closing Price and (z) a number (rounded to the nearest one one-thousandth) obtained by dividing (A) the product of the Index Ratio and the Exchange Ratio (as then in effect) by (B) the Bridge Bancorp Ratio. If Bridge Bancorp so elects within such five-day period, it shall give prompt written notice to CNB of such election and the revised Exchange Ratio, whereupon no termination shall have occurred pursuant to this Section 11.1.10 and this Agreement shall remain in effect in accordance with its terms (except as the Exchange Ratio shall have been so modified.)

For purposes of this Section 11.1.10, the following terms shall have the meanings indicated.

11.2. *Effect of Termination.*

11.2.1. In the event of termination of this Agreement pursuant to any provision of Section 11.1, this Agreement shall forthwith become void and have no further force, except that (i) the provisions of Sections 11.2, 12.1, 12.2, 12.4, 12.5, 12.6, 12.9, 12.10, and any other Section which, by its terms, relates to post-termination rights or obligations, shall survive such termination of this Agreement and remain in full force and effect.

This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto. Any agreement on the part of a party hereto to any extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such party, but such waiver or failure to insist on strict compliance with such obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure.

Our Opinion is based upon market, economic, financial and other circumstances and conditions existing and known to us as of the date hereof. Although subsequent developments may affect this Opinion, we do not have any obligation to update, revise or reaffirm this Opinion.

We express no opinion as to the underlying business decision of the Board of Directors of the Company to effectuate the Merger, the structure or legal, tax, accounting or regulatory aspects or consequences of the Merger or the availability or advisability of any alternatives to the Merger. We have relied upon, without independent verification, the assessment by the respective managements of the Company and Bridge and their legal, tax, accounting and regulatory advisors with respect to all legal, tax, accounting and regulatory matters, including without limitation that the Merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. We do not express any opinion as to the value of Company Common Stock or Bridge Common Stock following the announcement of the proposed Merger, the value of Bridge Common Stock following the consummation of the Merger, or the prices at which shares of Company Common Stock or Bridge Common Stock may be purchased or sold at any time, which in each case, may vary depending on numerous factors, including factors outside of the control of the Company and Bridge. You have requested our opinion as to the fairness, from a financial point of view, to Bridge Bancorp, Inc., a New York corporation (Bridge Bancorp), of the Exchange Ratio (as defined below) provided for under the terms of the proposed Agreement and Plan of Merger (the Agreement) by and between Bridge Bancorp, The Bridgehampton National Bank, a wholly owned subsidiary of Bridge Bancorp (Bridge Bank) and Community National Bank, a national banking association (Community National). Capitalized terms used herein shall have the meanings used in the Agreement unless otherwise defined herein.

The Agreement provides, among other things, that Community National will merge with and into Bridge Bank (the Merger) and, at the Effective Time, each share of common stock, par value \$5.00 per share, of Community National (Community National Common Stock) issued and outstanding immediately prior to the Effective Time (other than shares held by Community National or Bridge Bank, which will be cancelled for no consideration, and Dissenters Shares) will be converted into the right to receive 0.79 shares (the Exchange Ratio) of common stock, par value \$0.01 per share, of Bridge Bancorp (Bridge Bancorp Common Stock). The terms and conditions of the Merger are more fully set forth in the Agreement.

RBC Capital Markets, LLC (RBCCM), as part of its investment banking services, is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, corporate restructurings, underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for corporate and other purposes.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

We are acting as a financial advisor to Bridge Bancorp in connection with the Merger and we will receive a fee for our services upon delivery of this opinion (the **Delivery Fee**), which is not contingent upon the successful completion of the Merger. In addition, for our services as financial advisor to Bridge Bancorp in connection with the Merger, if the Merger is successfully completed we will receive an additional fee (the **Success Fee**), against which the Delivery Fee will be credited. In addition, if, in connection with the Merger not being completed, Bridge Bancorp receives a termination fee, we will be entitled to a portion of such fee, when received by Bridge Bancorp. Bridge Bancorp has also agreed to indemnify us for certain liabilities that may arise out of our engagement.

In the ordinary course of business, RBCCM may act as a market maker and broker in the publicly traded securities of Bridge Bancorp and/or Community National and receive customary compensation, and may also actively trade securities of Bridge Bancorp and/or Community National for our own account and the accounts of our customers, and, accordingly, RBCCM and its affiliates, may hold a long or short position in such securities.

RBCCM has provided investment banking and financial advisory services to Bridge Bancorp in the past, for which it received customary fees, including, in the past two years, having acted as financial advisor for its acquisition of FNB NY Bancorp, Inc. completed in February 2014, and book-running manager on its offering of Bridge Bancorp Common Stock completed in October 2013. In light of RBCCM's prior services to Bridge Bancorp and its financial advisory and financing roles for Bridge Bancorp in connection with the Merger, RBCCM

anticipates that it may be selected by Bridge Bancorp to provide investment banking and financial advisory and/or financing services that may be required by Bridge Bancorp in the future, regardless of whether the Merger is successfully completed.

For the purposes of rendering our opinion, we have undertaken such review and inquiries as we deemed necessary or appropriate under the circumstances, including the following: (i) we reviewed the financial terms of the draft Agreement dated December 5, 2014 (the "Latest Draft Agreement"); (ii) we reviewed and analyzed certain publicly available financial and other data with respect to Bridge Bancorp and Community National and certain other relevant historical operating data relating to Bridge Bancorp and Community National made available to us from published sources and from the internal records of Bridge Bancorp; (iii) we reviewed and analyzed financial projections and forecasts of Community National prepared by Bridge Bancorp's management, as well as certain publicly available consensus research estimates of financial projections and forecasts of Bridge Bancorp as a standalone entity, as directed by Bridge Bancorp's management, as well as reviewed and analyzed certain assumptions relating to the future financial performance of Bridge Bancorp as a standalone entity extrapolated from such publicly available projections and forecasts provided by Bridge Bancorp's management, as well as information with respect to certain synergies expected to be realized from the Merger provided by Bridge Bancorp's management (collectively, "Forecasts"); (iv) we conducted discussions with members of the senior management of Bridge Bancorp and Community National, respectively, with respect to the business prospects and financial outlook of Bridge Bancorp and Community National as standalone entities as well as the strategic rationale and potential benefits of the Merger; (v) we reviewed Wall Street research estimates regarding the potential future performance of Bridge Bancorp and Community National as standalone entities; (vi) we reviewed the reported prices and trading activity for Bridge Bancorp Common Stock and Community National Common Stock; and (vii) we performed other studies and analyses as we deemed appropriate.

In arriving at our opinion, we performed the following analyses in addition to the review, inquiries, and analyses referred to in the preceding paragraph: (i) we performed a valuation analysis of each of Bridge Bancorp and Community National as a standalone entity, using research price target, comparable company and discounted cash flow analyses with respect to each of Bridge Bancorp and Community National as well as precedent transaction analysis with respect to Community National; and (ii) we performed a pro forma combination analysis, determining the potential impact of the Merger on the projected 2015-2016 earnings per share, as well as other selected historical and projected metrics, of Bridge Bancorp.

Several analytical methodologies have been employed and no one method of analysis should be regarded as critical to the overall conclusion we have reached. Each analytical technique has inherent strengths and weaknesses, and the nature of the available information may further affect the value of particular techniques. The overall conclusions we have reached are based on all the analysis and factors presented, taken as a whole, and also on application of our own experience and judgment. Such conclusions may involve significant elements of subjective judgment and qualitative analysis. We therefore give no opinion as to the value or merit standing alone of any one or more parts of such analysis.

In rendering our opinion, we have assumed and relied upon, with your consent, the accuracy and completeness of all the information that was publicly available to us and all of the financial, legal, tax, operating and other information provided to or discussed with us by Bridge Bancorp or Community National (including, without limitation, the financial statements and related notes thereto of each of Bridge Bancorp and Community National, respectively), and have not assumed responsibility for independently verifying and have not independently verified such information. We have assumed, with your consent, that all Forecasts provided to us by Bridge Bancorp (including Forecasts provided to us by Bridge Bancorp with respect to certain cost synergies expected to be realized from the Merger), were reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of management of Bridge Bancorp as to the future financial performance of Bridge Bancorp or Community National (as the case may be), respectively, as standalone entities (or, in the case of the projected synergies, as a combined company). We express no opinion as to such Forecasts or the assumptions upon which they were based.

In rendering our opinion, we have not assumed any responsibility to perform, and have not performed, an independent evaluation or appraisal of any of the assets or liabilities of Bridge Bancorp or Community National, and we have not been furnished with any such valuations or

appraisals. We have not assumed any obligation to conduct,

and have not conducted, any physical inspection of the property or facilities of Bridge Bancorp or Community National. We are not experts in the evaluation of allowances for loan and lease losses and have not independently verified such allowances or reviewed or examined any individual loan or credit files. We assumed, with your consent, that the aggregate allowances for loan and lease losses set forth in the financial statements of Bridge Bancorp and Community National are adequate to cover such losses. We have not investigated, and make no assumption regarding, any litigation or other claims affecting Bridge Bancorp or Community National.

We have assumed with your consent, in all respects material to our analysis that all conditions to the consummation of the Merger will be satisfied without waiver thereof. We have further assumed with your consent that the executed version of the Agreement will not differ, in any respect material to our opinion, from the Latest Draft Agreement.

Our opinion speaks only as of the date hereof, is based on the conditions as they exist and information which we have been supplied as of the date hereof, and is without regard to any market, economic, financial, legal, or other circumstances or event of any kind or nature which may exist or occur after such date. The opinion expressed herein is provided for the information and assistance of the Board of Directors of Bridge Bancorp in connection with the Merger. We express no opinion and make no recommendation to any holder of Bridge Bancorp Common Stock as to how such holder should vote with respect to the approval of the issuance of shares of Bridge Bancorp Common Stock pursuant to the Agreement and the Merger or any other proposal to be voted upon by them in connection with the Merger. All advice and opinions (written and oral) rendered by RBCCM are intended for the use and benefit of the Board of Directors of Bridge Bancorp. Such advice or opinions may not be reproduced, summarized, excerpted from or referred to in any public document or given to any other person without the prior written consent of RBCCM. If required by applicable law, such opinion may be included in any disclosure document filed by Bridge Bancorp with the Securities and Exchange Commission with respect to the Merger; *provided however*, that such opinion must be reproduced in full and that any description of or reference to RBCCM be in a form reasonably acceptable to RBCCM and its counsel. RBCCM shall have no responsibility for the form or content of any such disclosure document, other than the opinion itself.

Our opinion does not address the merits of the underlying decision by Bridge Bancorp to engage in the Merger or the relative merits of the Merger compared to any alternative business strategy or transaction in which Bridge Bancorp might engage.

Our opinion addresses solely the fairness of the Exchange Ratio, from a financial point of view, to Bridge Bancorp. Our opinion does not in any way address other terms or arrangements of the Merger or the Agreement, including, without limitation, the financial or other terms of any other agreement contemplated by, or to be entered into in connection with, the Agreement, nor does it address, and we express no opinion with respect to, the solvency of Bridge Bancorp. Further, in rendering our opinion we express no opinion about the fairness of the amount or nature of the compensation (if any) to any of Bridge Bancorp's officers, directors or employees, or class of such persons, relative to the compensation to be paid by Bridge Bancorp in the Merger.

Our opinion has been approved by RBCCM's Fairness Opinion Committee.

Board of Directors

Bridge Bancorp, Inc.

2200 Montauk Highway

Bridgehampton, New York 11932

Ladies and Gentlemen:

Bridge Bancorp, Inc. (Bridge), The Bridgehampton National Bank (Bridge Bank) and Community National Bank (Community) intend to enter into an Agreement and Plan of Merger (the Agreement), pursuant to which Community will merge with and into Bridge Bank (the Merger). Under the terms of the Agreement, upon consummation of the Merger, each share of Community common stock issued and outstanding immediately prior to the Merger, other than certain shares specified in the Agreement, will be converted into the right to receive 0.79 (the Exchange Ratio) of a share of Bridge common stock (the Merger Consideration). The terms of the merger are more fully described in the Agreement. Capitalized terms used herein without definition shall have the meanings given to such terms in the Agreement. You have requested our opinion as to the fairness, from a financial point of view, of the Merger Consideration to Bridge.

Sandler O'Neill & Partners, L.P., as part of its investment banking business, is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. In connection with this opinion, we have reviewed, among other things: (i) a draft of the Agreement dated December 12, 2014; (ii) certain publicly available financial statements and other historical financial information of Bridge that we deemed relevant; (iii) certain publicly available financial statements and other historical financial information of Community that we deemed relevant; (iv) publicly available median earnings estimates for Bridge for the years ending December 31, 2014, December 31, 2015 and December 31, 2016 and an estimated long term rate for the years thereafter as provided by senior management of Bridge; (v) internal financial projections for Community for the years ending December 31, 2014 through December 31, 2017 as provided by Community and an estimated long-term growth for the years thereafter based on guidance from the senior management of Bridge; (vi) the pro forma financial impact of the Merger on Bridge based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies as determined by the senior management of Bridge; (vii) a comparison of certain financial information for Bridge and Community with similar institutions for which publicly available information is available; (viii) the financial terms of certain recent business combinations in the commercial banking industry, to the extent publicly available; (ix) the current market environment generally and the banking environment in particular; and (x) such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant. We

also discussed with certain members of senior management of Bridge the business, financial condition, results of operations and prospects of Bridge and held similar discussions with certain members of senior management of Community regarding the business, financial condition, results of operations and prospects of Community.

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to us from public sources, that was provided to us by Bridge and Community or their respective representatives or that was otherwise reviewed by us and have assumed such accuracy and completeness for purposes of rendering this opinion. We have further relied on the assurances of the respective managements of Bridge and Community that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading. We have not been asked to and have not undertaken an independent verification of any of such information and we do not assume any responsibility or liability for the accuracy or completeness thereof. We did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Bridge and Community or any of their respective subsidiaries. We render no opinion or evaluation on the collectability of any assets or the future performance of any loans of Bridge and Community. We did not make an independent evaluation of the adequacy of the allowance for loan losses of Bridge and Community, or the combined entity after the Merger and we have not reviewed any individual credit files relating to Bridge and Community. We have assumed, with your consent, that the respective allowances for loan losses for both Bridge and Community are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O'Neill used publicly earnings projections and long-term growth rate for Bridge as provided with senior management of Bridge and internal projections for Community as provided by senior management of Community and an estimated long-term growth rate as adjusted based on the guidance of senior management of Bridge. Sandler O'Neill also received and used in its analyses certain projections of transaction costs, purchase accounting adjustments, expected cost savings and other synergies which were prepared by and/or reviewed with the senior management of Bridge. With respect to those projections, estimates and judgments, the respective managements of Bridge and Community confirmed to us that those projections, estimates and judgments reflected the best currently available estimates and judgments of those respective managements of the future financial performance of Bridge and Community, respectively, and we assumed that such performance would be achieved. We express no opinion as to such estimates or the assumptions on which they are based. We have also assumed that there has been no material change in Bridge and Community's assets, financial condition, results of operations, business or prospects since the date of the most recent financial statements made available to us.

We have also assumed, with your consent, that (i) the draft of the Agreement we reviewed did not change in any material respect prior to the time it is executed by Bridge and Community; (ii) each of

Table of Contents

the parties to the Agreement will comply in all material respects with all material terms of the Agreement and all related agreements, that all of the representations and warranties contained in such agreements are true and correct in all material respects, that each of the parties to such agreements will perform in all material respects all of the covenants required to be performed by such party under the agreements and that the conditions precedent in such agreements are not waived; (iii) in the course of obtaining the necessary regulatory or third party approvals, consents and releases with respect to the Merger, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Bridge, Community or the Merger; (iv) the Merger and any related transaction will be consummated in accordance with the terms of the Agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements and (v) the Merger will qualify as a tax-free reorganization for federal income tax purposes. Finally, we express no opinion as to the legal, accounting and tax advice Bridge has received from its advisors relating to the Merger and the other transactions contemplated by the Agreement.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this opinion or otherwise comment upon events occurring after the date hereof. We will receive a fee for rendering this opinion. Bridge has also agreed to indemnify us against certain liabilities arising out of our engagement. In the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to Bridge and Community and their affiliates.

Our opinion is directed to the Board of Directors of Bridge in connection with its consideration of the Merger and does not constitute a recommendation to any shareholder of either Bridge or Community as to how any such shareholder should vote at any meeting of shareholders called to consider and vote upon the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Merger Consideration to Bridge and does not address the underlying business decision of Bridge to engage in the Merger, the relative merits of the Merger as compared to any other alternative business strategies that might exist for Bridge or the effect of any other transaction in which Bridge might engage. This opinion shall not be reproduced or used for any other purposes, without Sandler O'Neill's prior written consent. This Opinion has been approved by Sandler O'Neill's fairness opinion committee.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair to Bridge from a financial point of view.

Very truly yours,

/s/ Sandler O'Neill & Partners, L.P.

APPENDIX E

DISSENTERS RIGHTS STATUTE

§ 215a. Mergers of national banks or State banks into national banks

...

(b) **Dissenting shareholders.** If a merger shall be voted for at the called meetings by the necessary majorities of the shareholders of each association or State bank participating in the plan of merger, and thereafter the merger shall be approved by the Comptroller, any shareholder of any association or State bank to be merged into the receiving association who has voted against such merger at the meeting of the association or bank of which he is a stockholder, or has given notice in writing at or prior to such meeting to the presiding officer that he dissents from the plan of merger, shall be entitled to receive the value of the shares so held by him when such merger shall be approved by the Comptroller upon written request made to the receiving association at any time before thirty days after the date of consummation of the merger, accompanied by the surrender of his stock certificates.

(c) **Valuation of shares.** The value of the shares of any dissenting shareholder shall be ascertained, as of the effective date of the merger, by an appraisal made by a committee of three persons, composed of (1) one selected by the vote of the holders of the majority of the stock, the owners of which are entitled to payment in cash; (2) one selected by the directors of the receiving association; and (3) one selected by the two so selected. The valuation agreed upon by any two of the three appraisers shall govern. If the value so fixed shall not be satisfactory to any dissenting shareholder who has requested payment, that shareholder may, within five days after being notified of the appraised value of his shares, appeal to the Comptroller, who shall cause a reappraisal to be made which shall be final and binding as to the value of the shares of the appellant.

(d) **Application to shareholders of merging associations: Appraisal by Comptroller; expenses of receiving association; sale and resale of shares; State appraisal and merger law.** If, within ninety days from the date of consummation of the merger, for any reason one or more of the appraisers is not selected as herein provided, or the appraisers fail to determine the value of such shares, the Comptroller shall upon written request of any interested party cause an appraisal to be made which shall be final and binding on all parties. The expenses of the Comptroller in making the reappraisal or the appraisal, as the case may be, shall be paid by the receiving association. The value of the shares ascertained shall be promptly paid to the dissenting shareholders by the receiving association. The shares of stock of the receiving association which would have been delivered to such dissenting shareholders had they not requested payment shall be sold by the receiving association at an advertised public auction, and the receiving association shall have the right to purchase any of such shares at such public auction, if it is the highest bidder therefor, for the purpose of reselling such shares within thirty days thereafter to such person or persons and at such price not less than par as its board of directors by resolution may determine. If the shares are sold at public auction at a price greater than the amount paid to the dissenting shareholders, the excess in such sale price shall be paid to such dissenting shareholders. The appraisal of such shares of stock in any State bank shall be determined in the manner prescribed by the law of the State in such cases, rather than as provided in this section, if such provision is made in the State law; and no such merger shall be in contravention of the law of the State under which such bank is incorporated. The provisions of this subsection shall apply only to shareholders of (and stock owned by them in) a bank or association being merged into the receiving association.

(a) By the Board of Directors acting by a quorum of directors who are not parties to such action or proceeding, upon a finding that there has been no judgment or other final adjudication adverse to the director or officer which establishes that his acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that he personally gained in fact a financial profit or other advantage to which he was not legally entitled; or

(b) If a quorum under clause (a) is not obtainable, (i) by the Board upon the opinion in writing of independent legal counsel that indemnification is proper in the circumstances because there has been no such judgement or other final adjudication adverse to the director or officer, or (ii) by the shareholders upon a finding that there has been no such judgment or other final adjudication adverse to the director or officer.

Section 503 - Right of Claimant to Bring Suit

If a claim of indemnification is not paid in full by the Corporation within ninety days after a written claim has been received by the Corporation, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall also be entitled to recover the expenses of prosecuting such claim.

Section 504 - Non-Exclusivity of Rights

The rights conferred on any person under this Article shall not be exclusive of any other right which may exist under any statute, provision of the Certificate of Incorporation, Bylaw, agreement, vote of shareholders or disinterested directors or otherwise.

Section 505 - Insurance

Subject to the laws of New York, the Corporation may maintain insurance, as its expense, to protect itself and any director, officer, employee or agent of the Corporation against any expense, liability or loss of the general nature contemplated by this Article, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the laws of New York.

Section 506 - Severability

It is the intent of the Corporation to indemnify its officers and directors to the fullest extent authorized by the laws of New York as they now exist or may hereafter be amended. If any portion of this Article shall for any reason be held invalid or unenforceable by judicial decision or legislative amendment, the valid and enforceable provisions of this Article will continue to be given effect and shall be construed so as to provide the broadest indemnification permitted by law.

Item 22. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or most recent post-effective amendment thereof) which individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be a bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c)(1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(2) The registrant undertakes that every prospectus: (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for the purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Edgar Filing: BRIDGE BANCORP INC - Form S-4/A

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(e) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means.
