INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

Certain written and oral statements made by our Company and subsidiaries of our Company may constitute forward-looking statements as defined under the Private Securities Litigation Reform Act of 1995. This includes statements made in this prospectus, including the documents incorporated by reference into this prospectus, in press releases, and in certain other oral and written presentations. Generally, the words anticipates, believes, expects, plans, may, will, should, seeks, estimates, project, predict, potential, continue, intend identify forward-looking statements. All statements that address operating results, events or developments that we expect or anticipate will occur in the future, including statements related to sales, earnings per share results, and statements expressing general expectations about future operating results, are forward-looking statements and are based upon our current expectations and various assumptions. We believe there is a reasonable basis for our expectations and assumptions, but there can be no assurance that we will realize our expectations or that our assumptions will prove correct. Forward-looking statements are subject to risks that could cause them to differ materially from actual results. Accordingly, we caution readers not to place undue reliance on forward-looking statements. We believe that these risks include but are not limited to the risks described in this prospectus and under Part I, Item 1A., Risk Factors of our Annual Report on Form 10-K for the year ended

Table of Contents

February 28, 2015, and that are otherwise described from time to time in our SEC reports filed after the date of this prospectus. Such risks, uncertainties and other important factors include, among others:

- the retention and recruitment of key personnel;

- our ability to deliver products to our customers in a timely manner and according to their fulfillment standards;

- our relationships with key customers and licensors;

- the costs of complying with the business demands and requirements of large sophisticated customers;

- our dependence on the strength of retail economies and vulnerabilities to any prolonged economic downturn;

- expectations regarding our recent and future acquisitions, including our ability to realize anticipated cost savings, synergies and other benefits along with our ability to effectively integrate acquired businesses;

- foreign currency exchange rate fluctuations;

- disruptions in U.S., Eurozone, Venezuela, and other international credit markets;

- risks associated with weather conditions;

- our dependence on foreign sources of supply and foreign manufacturing, and associated operational risks including but not limited to long lead times, consistent local labor availability and capacity, and timely availability of sufficient shipping carrier capacity;

Edgar Filing: HELEN OF TROY LTD - Form S-3ASR

- risks to the Nutritional Supplements segment associated with the availability, purity and integrity of materials used in the manufacture of vitamins, minerals and supplements;
- the impact of changing costs of raw materials, labor and energy on cost of goods sold and certain operating expenses;
- the geographic concentration and peak season capacity of certain U.S. distribution facilities increases our exposure to significant shipping disruptions and added shipping and storage costs;
- difficulties encountered during the transition of certain businesses to our distribution facilities could interrupt our logistical systems and cause shipping disruptions;
- our projections of product demand, sales and net income are highly subjective in nature and future sales and net income could vary in a material amount from such projections;
- circumstances which may contribute to future impairment of goodwill, intangible or other long-lived assets;
- the risks associated with the use of trademarks licensed from and to third parties;
- our ability to develop and introduce a continuing stream of new products to meet changing consumer preferences;
- increased product liability and reputational risks associated with the formulation and distribution of vitamins, minerals and supplements;
- the risks associated with potential adverse publicity and negative public perception regarding the use of vitamins, minerals and supplements;
- trade barriers, exchange controls, expropriations, and other risks associated with foreign operations;

Table of Contents

- the increased complexity of compliance with a number of new government regulations as a result of adding vitamins, minerals and supplements to the Company's portfolio of products;
- the risks associated with tax audits and related disputes with taxing authorities;
- the risks of potential changes in laws, including tax laws, health insurance laws and new regulations related to conflict minerals along with the costs and complexities of compliance with such laws; and
- our ability to continue to avoid classification as a controlled foreign corporation.

Although we undertake no obligation to publicly update or revise any forward-looking statements as a result of new information, future events or otherwise, except as required by law, you are advised to consult any additional disclosures we make in our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K filed with the SEC. See [Where You Can Find More Information](#).

RISK FACTORS

An investment in our securities involves risks. Before you invest in our securities, you should carefully consider, among other things, the matters discussed under Part I, Item 1A., [Risk Factors](#) of our most recent Annual Report on Form 10-K and in other documents that we incorporate by reference into this prospectus.

If any of these risks were to materialize, our business, results of operations, cash flows and financial condition could be materially adversely affected. In that case, our ability to pay interest on, or the principal of, any debt securities, may be reduced, the trading price of our securities could decline and you could lose all or part of your investment. In addition, you should consider carefully the risks below together with all of the other information included in, or incorporated by reference into, this prospectus before deciding whether to invest in our securities.

The market price for our common shares may be volatile, and the value of your investment could materially decline.

Investors who hold our common shares may not be able to sell their shares at or above the price at which they purchased such shares. The share price of our common shares has fluctuated materially from time to time, and we cannot predict the price of our common shares at any given time. The risk factors described herein and in the documents incorporated by reference into this prospectus could cause the price of our common shares to fluctuate materially. In addition, the stock market in general, including the market for companies in our industry, has experienced price and volume fluctuations. These broad market and industry factors may materially harm the market price of our common shares, regardless of our operating performance. In addition, the price of our common shares may be affected by the valuations and recommendations of the analysts who

Edgar Filing: HELEN OF TROY LTD - Form S-3ASR

cover us, and if our results do not meet the analysts' forecasts and expectations, the price of our common shares could decline as a result of analysts lowering their valuations and recommendations or otherwise. In the past, following periods of volatility in the market and/or in the price of a company's capital stock, securities class-action litigation has often been instituted against other companies. Such litigation, if instituted against us, could result in substantial costs and diversion of management's attention and resources, which could have a material adverse effect on our business, financial condition, results of operations, cash flows, and/or common share price. We also may undertake additional offerings of common shares or of securities convertible into or exchangeable or exercisable for common shares. The resulting increase in the number of the common shares issued and outstanding and the possibility of sales of such common shares or such securities convertible into or exchangeable or exercisable for common shares after any such additional offerings may depress the future trading price of the common shares. In addition, if additional offerings occur, the voting power of our then existing shareholders may be diluted.

We do not expect to pay any dividends on our common shares in the foreseeable future.

We do not expect to declare or pay any cash or other dividends on our common shares in the foreseeable future, as we intend to use cash flow generated by operations for general business purposes. Our credit facility and the agreements governing our outstanding indebtedness limit our ability to pay cash dividends on our common shares, and we may also enter into credit agreements or other borrowing arrangements in the future that limit or restrict our ability to declare or pay cash dividends on our common shares.

USE OF PROCEEDS

The common shares to be offered and sold using this prospectus will be offered and sold by the selling shareholder named in this prospectus or in any supplement to this prospectus. We will not receive any proceeds from the sale of such common shares.

DESCRIPTION OF CAPITAL STOCK

For a description of our common shares, see the description contained in our Registration Statement on Form S-4, filed with the SEC on December 30, 1993, including any amendments or reports filed for the purpose of updating such description, which is incorporated herein by reference.

SELLING SHAREHOLDER

This prospectus covers the offering for resale of up to 160,536 of our common shares by the selling shareholder identified below. The selling shareholder acquired these common shares from us in a private placement pursuant to an exemption from registration in connection with separation compensation paid to the selling shareholder under his previous employment and separation agreements. The registration statement of which this prospectus forms a part has been filed pursuant to registration rights granted to the selling shareholder. The selling shareholder served as our Chairman of the Board, Chief Executive Officer and President until January 2014.

Under the terms of the registration rights held by the selling shareholder, we will pay all expenses of the registration of the common shares, including SEC filing fees, except that the selling shareholder will pay the fees and expenses of his own counsel and selling commissions, if any. Our expenses for the registration of the common shares are estimated to be approximately \$66,662.

No offer or sale may occur unless this prospectus has been declared effective by the SEC, and remains effective at the time such selling shareholder offers or sells such common shares. We may be required to update this prospectus to reflect material developments in our business, financial position and results of operations.

In the table below, the percentage of shares beneficially owned is based on 28,286,416 common shares outstanding at December 7, 2015, determined in accordance with Rule 13d-3 under the Exchange Act. Under such rule, beneficial ownership includes any shares over which the selling shareholder has sole or shared voting power or investment power and also any shares that the selling shareholder has the right to acquire within 60 days of such date through the exercise of any options or other rights.

(2) The amount set forth in this column is the number of common shares that may be offered by the selling shareholder using this prospectus. This amount does not include any other common shares that the selling shareholder may own beneficially or otherwise.

(3) Assumes all common shares being offered hereby are sold by the selling shareholder.

A selling shareholder who is a registered broker-dealer is an underwriter within the meaning of the Securities Act of 1933, as amended (the Securities Act). In addition, a selling shareholder who is an affiliate of a registered broker-dealer is an underwriter within the meaning of the Securities Act if such selling shareholder (a) did not acquire its common shares in the ordinary course of business or (b) had an agreement or understanding, directly or indirectly, with any person to distribute the common shares. To our knowledge, the selling shareholder is not a registered broker-dealer or an affiliate of a registered broker-dealer.

Table of Contents

The selling shareholder listed in the above table may have sold or transferred, in transactions exempt from the registration requirements of the Securities Act, some or all of the common shares since the date on which the information in the above table was provided to us. Information about the selling shareholder may change over time.

Because the selling shareholder may offer all or some of his common shares from time to time, we cannot estimate the number of our common shares that will be held by the selling shareholder upon the termination of any particular offering by such selling shareholder. See Plan of Distribution.

PLAN OF DISTRIBUTION

We are registering the common shares covered by this prospectus to permit the selling shareholder to conduct public secondary trading of such shares from time to time after the date of this prospectus. We will not receive any of the proceeds of the sale of the common shares offered by this prospectus. The aggregate proceeds to the selling shareholder from the sale of such common shares will be the purchase price of the common shares less any discounts and commissions. The selling shareholder reserves the right to accept and, together with its agents, to reject, any proposed purchases of common shares to be made directly or through agents.

The common shares offered by this prospectus may be sold from time to time to purchasers:

- directly by the selling shareholder and its successors, which includes their donees, pledgees or transferees or their successors-in-interest;
- through broker-dealers or agents, who may receive compensation in the form of commissions or agent's commissions from the selling shareholder or the purchasers of the common shares. These commissions may be in excess of those customary in the types of transactions involved; or
- through any other method permitted under applicable law.

The selling shareholder and any broker-dealers or agents who participate in the sale or distribution of the common shares may be deemed to be underwriters within the meaning of the Securities Act. Any selling shareholder that is a registered broker-dealer will be deemed to be an underwriter. As a result, any profits on the sale of the common shares by such selling shareholder and any commissions or agent's commissions received by it may be deemed to be underwriting commissions under the Securities Act. A selling shareholder who is deemed to be an underwriter within the meaning of Section 2(11) of the Securities Act will be subject to prospectus delivery requirements of the Securities Act. Underwriters are subject to certain statutory liabilities, including, but not limited to, Sections 11, 12 and 17 of the Securities Act.

Edgar Filing: HELEN OF TROY LTD - Form S-3ASR

The common shares may be sold in one or more transactions at:

- fixed prices;
- prevailing market prices at the time of sale;
- prices related to such prevailing market prices;
- varying prices determined at the time of sale; or
- negotiated prices.

These sales may be effected in one or more transactions:

- on any national securities exchange or quotation on which the common shares may be listed or quoted at the time of the sale;
- in the over-the-counter market;
- in transactions other than on such exchanges or services or in the over-the-counter market;
- through the writing of options (including the issuance by the selling shareholder of derivative securities), whether the options or such other derivative securities are listed on an options exchange or otherwise;
- through the settlement of short sales; or

Table of Contents

- through any combination of the foregoing.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

In connection with the sales of the common shares, the selling shareholder may enter into hedging transactions with broker-dealers or other financial institutions which in turn may:

- engage in short sales of the common shares in the course of hedging their positions;
- sell the common shares short and deliver the common shares to close out short positions;
- loan or pledge the common shares to broker-dealers or other financial institutions that in turn may sell the common shares;
- enter into option or other transactions with broker-dealers or other financial institutions that require the delivery to the broker-dealer or other financial institution of the common shares, which the broker-dealer or other financial institution may resell under the prospectus; or
- enter into transactions in which a broker-dealer makes purchases as a principal for resale for its own account or through other types of transactions.

To our knowledge, there are currently no plans, arrangements or understandings between the selling shareholder and any broker-dealer or agent regarding the sale of the common shares by the selling shareholder.

There can be no assurance that the selling shareholder will sell any or all of the common shares under this prospectus. Further, we cannot assure you that the selling shareholder will not transfer, devise or gift the common shares by other means not described in this prospectus. In addition, any common shares covered by this prospectus that qualifies for sale under Rule 144 or Rule 144A of the Securities Act may be sold under Rule 144 or Rule 144A rather than under this prospectus. The common shares covered by this prospectus may also be sold to non-U.S. persons outside the U.S. in accordance with Regulation S under the Securities Act rather than under this prospectus. The common shares may be sold in some states only through registered or licensed brokers or dealers. In addition, in some states the common shares may not be sold unless such shares have been registered or qualified for sale or an exemption from registration or qualification is available and complied with.

The selling shareholder and any other person participating in the sale of the common shares will be subject to the Securities Exchange Act of 1934, as amended (the Exchange Act). The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the common shares by the selling shareholder and any other such person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the common shares to engage in market-making activities with respect to the particular common shares being distributed. This may affect the marketability of the common shares and the ability of any person or entity to engage in market-making activities with respect to the common shares.

LEGAL MATTERS

The validity of the common shares will be passed upon for us by Conyers Dill & Pearman Limited, Bermuda counsel of Helen of Troy.

Item 15. *Indemnification of Directors and Officers.*

Section 98 of the Companies Act 1981 of Bermuda (as amended, the Act) provides generally that we, as a Bermuda company, may indemnify our directors, officers and auditors against any liability which by virtue of any rule of law would be imposed on them in relation to us, except in cases where such liability arises from fraud or dishonesty of which such officer, director or auditor may be guilty in relation to us. Section 98 further provides that we may indemnify our directors, officers and auditors against any liability incurred against them in defending any proceedings, whether civil or criminal, in which judgment is awarded in their favor or they are acquitted or granted relief by the Supreme Court of Bermuda in certain proceedings arising under Section 281 of the Act.

We have adopted provisions in our Memorandum of Association and Bye-Laws that provide that we will indemnify our officers and directors to the maximum extent permitted under the Act. We have also entered into indemnification agreements with each of our directors and officers to provide them with the maximum indemnification allowed under our Memorandum of Association, Bye-Laws and the Act.

The Act also permits us to purchase and maintain insurance for the benefit of our officers and directors covering certain liabilities. We maintain a policy of officers and directors liability insurance for the benefit of our officers and directors.

The preceding discussion of the our Memorandum of Association and Bye-Laws, the Act and the indemnity agreements is not intended to be exhaustive and is qualified in its entirety by the Memorandum of Association, Bye-Laws, the Act and the indemnity agreements.

Item 17. *Undertakings.*

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(a) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the Securities Act);

(b) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(c) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs 1(a), 1(b) and 1(c) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), that are incorporated by reference in the registration statement, or is contained in a form of prospectus

filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(a) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(b) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no

statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the registrant undertakes that in a primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, each undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(a) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(b) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant

in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
