Promissory Note

On April 19, 2018, prior to the closing of the initial public offering (the **Offering**) by GrafTech International Ltd. (the **Company**) of 35,000,000 shares of its common stock owned by BCP IV GrafTech Holdings LP (**Brookfield**), the Company declared a dividend in the form of a promissory note, dated as of and issued on April 19, 2018 (the **Promissory Note**), to Brookfield, substantially in the form previously filed as Exhibit 4.3 to the Company's Registration Statement on Form S-1 (File No. 333-223791), as amended (the **Registration Statement**). The \$750 million Promissory Note is conditioned upon (i) the Senior Secured First Lien Net Leverage Ratio (as defined in the Credit Agreement, dated February 12, 2018, among GrafTech International Ltd., GrafTech Finance Inc., GrafTech Switzerland SA (**Swissco**) and GrafTech Luxembourg II S.À.R.L., as co-borrowers, the lenders and issuing banks party thereto and JPMorgan Chase Bank, N.A., as Administrative Agent and Collateral Agent, previously filed as Exhibit 10.1 to the Registration Statement (the **Credit Agreement**)), as calculated based on the Company's final financial results for the first quarter of 2018, being equal to or less than 1.75:1.00, (ii) no Default or Event of Default (each as defined in the Credit Agreement) having occurred and continuing or that would result from the \$750 million Promissory Note and (iii) the satisfaction of the conditions described in (i) and (ii) above occurring within 60 days from the dividend record date. If the condition in (i) is not met, the Promissory Note will be in such lesser amount as would result in the Senior Secured First Lien Net Leverage Ratio being equal to 1.75:1.00.

The Promissory Note will mature eight years from the date of issuance and will bear interest at a rate equal to the Adjusted LIBO Rate (as defined in the Promissory Note) plus an applicable margin equal to 4.50% per annum, with an additional 2.00% per annum starting from the third anniversary from the date of issuance. The Company is permitted to make voluntary prepayments at any time without premium or penalty. All obligations under the Promissory Note are unsecured and guaranteed by all of the Company's existing and future domestic wholly owned subsidiaries that guarantee, or are borrowers under, (i) a \$1,500 million senior secured term loan facility (the **Term Loan Facility**) and (ii) a \$250 million senior secured revolving credit facility (the **Revolving Credit Facility** and, together with the Term Loan Facility, the **Senior Secured Credit Facilities**), which are provided for under the Credit Agreement. No funds will be lent or otherwise contributed by Brookfield in connection with the Promissory Note. As a result, the Company will receive no consideration in connection with its issuance.

The Promissory Note is required to be repaid in amounts equal to 5% per annum of the original principal amount in equal quarterly installments over the life of the Promissory Note, with the remainder due at maturity. The Company is permitted to make voluntary prepayments at any time without premium or penalty. The Company is required to prepay the Promissory Note (without payment of a premium) based on its Excess Cash Flow (as defined in the Credit Agreement and the Promissory Note) for each fiscal year commencing with the Company's fiscal year ending December 31, 2019, payable at the option of Brookfield, after the required Excess Cash Flow prepayment of term loans under the Credit Agreement for such fiscal year. The amount of Excess Cash Flow prepayments for the Promissory Note for any fiscal year will be the lesser of (a) the amount of Excess Cash Flow not paid as a required prepayment of the term loans for such fiscal year and (b) the amount of Excess Cash Flow applied as a required prepayment of the term loans for such fiscal year (without taking into account any deductions to such amount required to prepay the Initial Term Loans (as defined in the Credit Agreement) as a result of voluntary prepayments and scheduled amortization repayments of the Initial Term Loans for such fiscal year). Any voluntary prepayments and scheduled amortization repayments of the Promissory Note will reduce the amount required to prepay the Promissory Note based on the Company's Excess Cash Flow.

The Promissory Note contains covenants that, among other things, limit the Company's ability and that of certain of the Company's subsidiaries to incur additional indebtedness, which will permit incurrence of indebtedness for borrowed money only for: (i) existing indebtedness under the Initial Term Loans; (ii) borrowings under the Revolving Credit Facility; (iii) refinancing of indebtedness existing under the Credit Agreement; and (iv) indebtedness incurred to refinance and repay the Promissory Note in full. The

Promissory Note also contains covenants that, among other things, limit the Company's ability and that of certain of the Company's subsidiaries to (a) pay dividends or make other distributions or repurchase or redeem the Company's capital stock; (b) prepay, redeem or repurchase certain debt; (c) make investments; (d) sell assets; (e) incur liens; (f) enter into transactions with affiliates; (g) enter into agreements restricting the Company's subsidiaries' ability to pay dividends; and (h) consolidate, merge or sell all or substantially all of the Company's assets. The Promissory Note does not contain any covenant to maintain a particular financial metric or ratio. The Promissory Note also contains events of default, including change of control provisions.

Registration Rights Agreement

On April 23, 2018, in connection with the closing of the Offering, the Registration Rights Agreement, dated as of April 23, 2018 (the "Registration Rights Agreement"), was entered into by and among the Company and Brookfield, substantially in the form previously filed as Exhibit 4.1 to the Company's Registration Statement. The Registration Rights Agreement provides Brookfield with certain demand registration rights, including shelf registration rights, in respect of any shares of the Company's common stock or any of the Company's debt securities held by it, subject to certain conditions and limitations. Brookfield is entitled to a limited number of demand registrations. In addition, in the event that the Company registers additional shares of common stock or debt securities for sale to the public following the completion of this Offering, the Company is required to give notice of such registration to Brookfield of the Company's intention to effect such a registration, and, subject to certain limitations, include any shares of common stock or debt securities requested to be included in such registration held by it. The Company will be required to bear the registration expenses, other than underwriting discounts and commissions, associated with any registration of shares of common stock or debt securities pursuant to the Registration Rights Agreement. The Registration Rights Agreement includes customary indemnification provisions in favor of Brookfield, its affiliates, directors and officers against certain losses and liabilities (including reasonable legal expenses) resulting from any untrue statement or omission of material fact in any registration statement or prospectus pursuant to which Brookfield sells shares of the Company's common stock or the Company's debt securities, unless such liability arose from Brookfield's misstatement or omission and Brookfield has agreed to indemnify the Company against losses caused by its misstatements or omissions, subject to certain limitations.

Stockholder Rights Agreement

On April 23, 2018, in connection with closing of the Offering, the Stockholder Rights Agreement, dated as of April 23, 2018 (the "Stockholder Rights Agreement"), was entered into by and among the Company and Brookfield, substantially in the form previously filed as Exhibit 4.2 to the Company's Registration Statement. Under the Stockholder Rights Agreement, for so long as Brookfield owns or controls at least 25% of the Company's outstanding common stock, Brookfield will have the right to nominate the higher of 37.5% of the members of the Board of Directors (the "Board") and three members of the Board. Brookfield will also have the right to select the Chairman of the Board. In the event Brookfield owns or controls less than 25% of the Company, the Designated Directors (as defined in the Stockholder Rights Agreement) designated by Brookfield will promptly tender their resignations. The Board (excluding the Designated Directors) will have the option, but not the obligation, to accept the Designated Directors' resignations. If the Board (excluding the Designated Directors) votes to accept these resignations, the Designated Directors will cease to be members of the Board. If the Board (excluding the Designated Directors) votes not to accept these resignations, the Designated Directors will continue to serve as members of the Board until the next annual meeting of the Company's stockholders, regardless of the time remaining in their respective terms of office. The Stockholder Rights Agreement provides that the initial board members designated by Brookfield shall be Denis A. Turcotte, Ron A. Bloom and Jeffrey C. Dutton.

Upon their appointment to the Board, as non-employee directors, each of Messrs. Acton, Dumas and Taccone became entitled to an annual retainer of \$125,000, payable in equal installments at the end of each quarter. All out-of-pocket business travel and accommodation expenses will be reimbursed. Mr. Dumas will also receive an additional retainer of \$15,000 for serving as Chairman of the Audit Committee. Messrs. Acton, Dumas and Taccone will be required, within five years of joining the Board, to acquire shares or share equivalents in the Company having a value equal to at least three times the then annual retainer (\$375,000 initially), in the aggregate. Prior to achieving this, Messrs. Acton, Dumas and Taccone will receive fifty percent of their annual retainer in deferred share units (DSUs), which will be fully vested upon grant. DSUs will count towards the minimum holding requirement. After achieving the threshold, there will not be any further requirement for them to receive their compensation in the form of additional DSUs; however, the share ownership threshold test will be calculated each year in December and in the event that any of them who previously met the threshold no longer does, that director will need to acquire more common shares or to elect to receive a portion of his annual retainer in DSUs for the following year in order to satisfy the minimum share ownership test by the following December.
