CORNERSTONE PROGRESSIVE RETURN FUND, INC.
 NOTES TO SCHEDULES OF INVESTMENTS
 March 31, 2010 (UNAUDITED)

Federal Income Tax Cost: At March 31, 2010 the identified cost for federal income tax purposes, as well as the gross unrealized appreciation from investments for those securities having an excess of value over cost, gross unrealized depreciation from investments for those securities having an excess of cost over value and the net unrealized appreciation from investments were \$50,852,237, \$7,301,502, \$(1,229,890) and \$6,071,612 respectively.

As required by the Fair Value Measurement and Disclosures Topic of the FASB Accounting Standards Codification, the Fund has performed an analysis of all assets and liabilities measured at fair value to determine the significance and character of all inputs to their fair value determination.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into the following three broad categories.

- Level 1 – quoted unadjusted prices for identical instruments in active markets to which the Fund has access at the date of measurement.
- Level 2 – quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or instances where prices vary substantially over time or among brokered market makers.
- Level 3 – model derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect the Fund's own assumptions that market participants would use to price the asset or liability based on the best available information.

The following is a summary of the inputs used as of March 31, 2010 in valuing the Fund's investments carried at value:

Valuation Inputs	INVESTMENTS IN SECURITIES	OTHER FINANCIAL INSTRUMENTS*
Level 1 - Quoted Prices	\$ 56,137,048	\$ -
Level 2 - Other Significant Observable Inputs	786,801	-
Level 3 – Significant Unobservable Inputs	-	-
Total	\$ 56,923,849	\$ -

* Other financial instruments include futures, forwards and swap contracts.

During the period the Fund did not have any significant transfers in and out of Level 1 or Level 2.

The Fund did not have any assets or liabilities that were measured at fair value on a recurring basis using significant unobservable inputs (Level 3) at March 31, 2010.

New Accounting Pronouncement: In January 2010, the FASB Accounting Standards Board issued Accounting Standards Update (“ASU”) No. 2010-06 “Improving Disclosures about Fair Value Measurements”. ASU 2010-06 amends FASB Accounting Standards Codification Topic, Fair Value Measurements and Disclosures, to require additional disclosures regarding fair value measure—ments. Certain disclosures required by ASU No. 2010-06 are effective for interim and annual reporting periods beginning after December 15, 2009 and have been reflected herein while other required disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Management is currently evaluating the impact ASU No. 2010-06 will have on its financial statement disclosures.

The Fund is exposed to financial market risks, including the valuations of its investment portfolio. For the period ended March 31, 2010, the Fund did not engage in derivative instruments and other hedging activities.

Securities valuation policies and other investment related disclosures are hereby incorporated by reference to the Fund's annual report previously filed with the Securities and Exchange Commission on the Form N-CSR on March 5, 2010 with a file number 811-22066.

Other information regarding the Fund is available in the Fund's most recent annual report filed with the Securities and Exchange Commission on the Form N-CSR on March 5, 2010, file number 811-22066.
