Item 1.01 Entry into a Material Definitive Agreement.

The information set forth under Item 2.03 of this Current Report on Form 8-K is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On June 29, 2006, Ferro Corporation ("Ferro") and two of its subsidiaries (Ferro Electronic Materials Inc. and Ferro Finance Corporation (the "Conduit")) amended Ferro's \$100 million asset securitization program by entering into (a) an amendment to its Purchase and Contribution Agreement dated June 30, 2000, as amended (the "New PCA"), and (b) an Amended and Restated Receivables Purchase Agreement with CAFCO, LLC, Citicorp North America, Inc., and Citibank, N.A. (the "New RPA").

The primary effects of these amendments are (a) to extend the outside termination date of Ferro's asset securitization program from June 5, 2007 to June 2, 2009 (subject to the satisfaction of certain specified conditions) and (b) to cure the existing default under the current asset securitization program, which resulted from the recent downgrades of Ferro's public debt ratings.

Specifically, these amendments were entered into in order to:

- (1) Confirm that Citibank, N.A. will purchase receivables from the Conduit pursuant to the asset securitization program in the event that the current purchaser, CAFCO, LLC, no longer desires to purchase such receivables during the period to and including June 5, 2007, and that Citibank, N.A. (and possibly one or more additional banks) will purchase receivables from the Conduit pursuant to the asset securitization program following June 5, 2007 to and including June 2, 2009 (subject to the satisfaction of certain specified conditions) in the event that CAFCO, LLC no longer desires to purchase such receivables;
- (2) Modify certain events of default to more closely match those set forth in Ferro's new Credit Agreement dated as of June 6, 2006;
- (3) Delete the existing default and resulting termination right caused when Moody's Investors Service, Inc. ("Moody's") downgraded Ferro's public debt rating to B1, then withdrew its rating, and when Standard and Poor's Rating Services, a division of McGraw-Hill Companies, Inc. ("S&P"), downgraded Ferro's public debt rating to B+; and
- (4) Modify pricing based on Ferro's public debt ratings.

The foregoing summary is qualified in its entirety by reference to the text of the New PCA and the New RPA which are filed as Exhibits 10.1 and 10.2 and are incorporated herein by reference.

Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.

By letter dated June 29, 2006, J.P. Morgan Trust Company, trustee for certain of the Company's notes and debentures, accelerated the payment of the Company's 7.375% Debentures due November 1, 2015, principal amount of \$25 million (the "Debentures"). The Company reported the event of default triggering the acceleration, the delayed filing of financial statements, in its Form 10-K filed on March 31, 2006 and its 8-K filed April 10, 2006. On July 3, 2006, the Company repaid the Debentures in full at a cost of \$25,322,656.25 (principal plus all accrued and unpaid interest). As anticipated, the Company has drawn on the term loans in its credit facility to meet the accelerated payment requirements.

Item 9.01 Financial Statements and Exhibits.

Exhibit 10.1: Amendment to Purchase and Contribution Agreement dated as of June 29, 2006, among Ferro Corporation, Ferro Electronic Materials Inc. and Ferro Finance Corporation

Exhibit 10.2: Amended and Restated Receivables Purchase Agreement dated as of June 29, 2006, among Ferro Corporation, Ferro Electronic Materials Inc., Citicorp North America, Inc., CAFCO, LLC and Citibank, N.A.
