LETTER FROM THE CHAIRMAN

Dear Shareholder,

The U.S. economy overcame a number of obstacles and continued to expand during the six-month reporting period. Rising interest rates, record high oil prices and geopolitical issues threatened to send the economy into a soft patch. However, when all was said and done, first quarter 2005 gross domestic product (GDP) growth was 3.8%, mirroring the solid gain that occurred during the fourth quarter of 2004.

R. JAY GERKEN, CFA
*Chairman, President and
Chief Executive Officer*

Given the overall strength of the economy, the Federal Reserve Board (Fed) continued to raise interest rates over the period in an attempt to ward off inflation. Following five rate hikes from June 2004 through December 2004, the Fed again increased its target for the federal funds rateⁱⁱⁱ in 0.25% increments four additional times during the reporting period. All told, the Fed's nine rate hikes brought the target for the federal funds rate from 1.00% to 3.25%.

During the six months covered by this report, the U.S. stock market was relatively flat, with the S&P 500 Index^{iv} returning -0.81%. Stocks were weak early in the reporting period, as the issues discussed above caused investors to remain on the sidelines. Equities then rallied in the second quarter of 2005, as the economy appeared to be on solid footing and inflation was largely under control. Looking at the reporting period as a whole, mid-cap stocks generated superior returns, with the Russell Midcap,^v Russell 1000,^{vi} and Russell 2000^{vii} Indexes returning 3.92%, 0.11%, and -1.25%, respectively. From a market style perspective, value-oriented stocks outperformed their growth counterparts.

Performance Review

For the six months ended June 30, 2005, the Real Estate Income Fund returned 3.45%, based on its New York Stock Exchange (NYSE) market price and 6.31% based on its net asset value (NAV^{viii}) per share. In comparison, the Lipper Sector Equity Closed-End Funds Category Average^{ix} increased 4.95% over the same time frame. Please note that Lipper performance returns are based on each fund's NAV per share.

During this six-month period, the Fund made distributions to shareholders totaling \$0.6540 per share (which may have included a return of capital). The performance table shows the Fund's 30-day SEC yield as well as its six-month total return based on its NAV and market price as of June 30, 2005. **Past performance is no guarantee of future results. The Fund's yields will vary.**

**FUND PERFORMANCE
AS OF JUNE 30, 2005
(unaudited)**

Price Per Share	30-Day SEC Yield	Six-Month Total Return
\$21.55 (NAV)	7.03%	6.31%
\$18.40 (Market Price)	8.25%	3.45%

All figures represent past performance and are not a guarantee of future results. The Fund's yields will vary.

Management has agreed to waive a portion of the management fee. The waiver will be eliminated on August 1, 2009. Absent this waiver, the total returns would have been lower and the 30-Day SEC yields would have been 6.62% and 7.77%, respectively.

Total returns are based on changes in NAV or market price, respectively. Total returns assume the reinvestment of all distributions, if any, in additional shares. The SEC yield is a return figure often quoted by bond and other fixed-income mutual funds. This quotation is based on the most recent 30-day (or one-month) period covered by the Fund's filings with the SEC. The yield figure reflects the income dividends and interest earned during the period after deduction of the Fund's expenses for the period. These yields are as of June 30, 2005 and are subject to change.

Special Shareholder Notice

On June 24, 2005, Citigroup Inc. (Citigroup) announced that it has signed a definitive agreement under which Citigroup will sell substantially all of its worldwide asset management business to Legg Mason, Inc. (Legg Mason).

As part of this transaction, Citi Fund Management Inc (the Manager), currently an indirect wholly owned subsidiary of Citigroup, would become an indirect wholly owned subsidiary of Legg Mason. The Manager is the investment manager to the Fund.

The transaction is subject to certain regulatory approvals, as well as other customary conditions to closing. Subject to such approvals and the satisfaction of the other conditions, Citigroup expects the transaction to be completed later this year.

Under the Investment Company Act of 1940, consummation of the transaction will result in the automatic termination of the investment management contract between the Fund and the Manager. Therefore, the Fund's Board of Directors will be asked to approve a new investment management contract between the Fund and the Manager. If approved by the Board, the new investment management contract will be presented to the shareholders of the Fund for their approval.

Subsequently, on August 1, 2005, the Board approved the new investment management contract between the Fund and the Manager.

Information About Your Fund

As you may be aware, several issues in the mutual fund industry have recently come under the scrutiny of federal and state regulators. The Fund's Manager and some of its affiliates have received requests for information from various government regulators regarding market timing, late trading, fees, and other mutual fund issues in connection with various investigations. The regulators appear to be examining, among other things, the Fund's response to market timing and shareholder exchange activity, including compliance with prospectus disclosure related to these subjects. The Fund has been informed that the Manager and its affiliates are responding to those information requests, but are not in a position to predict the outcome of these requests and investigations.

Important information concerning the Fund and its Manager with regard to recent regulatory developments is contained in the Additional Information note in the Notes to the Financial Statements included in this report.

1. Organization and Significant Accounting Policies

The Real Estate Income Fund Inc. (the Fund) was incorporated in Maryland and is registered as a non-diversified, closed-end management investment company under the Investment Company Act of 1940 (1940 Act), as amended.

The following are significant accounting policies consistently followed by the Fund. These policies are in conformity with U.S. generally accepted accounting principles (GAAP). Estimates and assumptions are required to be made regarding assets, liabilities and changes in net assets resulting from operations when financial statements are prepared. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ.

(a) Investment Valuation. Equity securities for which market quotations are available are valued at the last sale price or official closing price on the primary market or exchange on which they trade. Debt securities are valued at the mean between the bid and asked prices provided by an independent pricing service that are based on transactions in debt obligations, quotations from bond dealers, market transactions in comparable securities and various relationships between securities. When prices are not readily available, or are determined not to reflect fair value, such as when the value of a security has been significantly affected by events after the close of the exchange or market on which the security is principally traded, but before the Fund calculates its net asset value, the Fund may value these investments at fair value as determined in accordance with the procedures approved by the Fund's Board of Directors. Short-term obligations with maturities of 60 days or less are valued at amortized cost, which approximates market value.

(b) Repurchase Agreements. When entering into repurchase agreements, it is the Fund's policy that its custodian or a third party custodian takes possession of the underlying collateral securities, the market value of which at least equals the principal amount of the repurchase transaction, including accrued interest. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market to ensure the adequacy of the collateral. If the seller defaults and the market value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited.

(c) Concentration Risk. The Fund invests in securities related to the real estate industry and is subject to the risks of real estate markets, including fluctuating property values, changes in interest rates and other mortgage related risks.

Notes to Financial Statements (unaudited) (continued)

(d) Swap Contracts. Swaps involve the exchange by the Fund with another party of the respective amounts payable with respect to a notional principal amount related to one or more indices. The Fund may enter into these transactions to preserve a return or spread on a particular investment or portion of its assets, as a duration management technique or to protect against any increase in the price of securities the Fund anticipates purchasing at a later date. Swaps are marked to market daily based upon quotations from market makers and the change, if any, is recorded as an unrealized gain or loss in the Statements of Operations. Net payments of interest are recorded as realized gains.

Swaps have risks associated with them, including possible default by the counterparty to the transaction, illiquidity and, where swaps are used as hedges, the risk that the use of a swap could result in losses greater than if the swap had not been employed.

(e) Security Transactions and Investment Income. Security transactions are accounted for on a trade date basis. Interest income, adjusted for amortization of premium and accretion of discount, is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Foreign dividend income is recorded on the ex-dividend date or as soon as practical after the Fund determines the existence of a dividend declaration after exercising reasonable due diligence. The cost of investments sold is determined by use of the specific identification method.

(f) Net Asset Value. The net asset value (NAV) of the Fund's Common Stock is determined no less frequently than the close of business on the Fund's last business day of each week (generally Friday) and on the last business day of the month. It is determined by dividing the value of the net assets available to Common Stock by the total number of shares of Common Stock outstanding. For the purpose of determining the NAV per share of the Common Stock, the value of the Fund's net assets shall be deemed to equal the value of the Fund's assets less (1) the Fund's liabilities, and (2) the aggregate liquidation value (i.e., \$25,000 per outstanding share) of the Taxable Auction Rate Cumulative Preferred Stock (TARPS).

(g) Foreign Currency Translation. Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts based upon prevailing exchange rates on the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts based upon prevailing exchange rates on the respective dates of such transactions.

Notes to Financial Statements (unaudited) (continued)

The Fund does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss on investments.

Net realized foreign exchange gains or losses arise from sales of foreign currencies, including gains and losses on forward foreign currency contracts, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the amounts of dividends, interest and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities, at the date of valuation, resulting from changes in exchange rates.

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of U.S. dollar denominated transactions as a result of, among other factors, the possibility of lower levels of governmental supervision and regulation of foreign securities markets and the possibility of political or economic instability.

(h) Distributions to Shareholders. Dividends and distributions to shareholders are recorded monthly by the Fund on the ex-dividend date for the shareholders of common stock. The holders of the Taxable Auction Rate Preferred Stock shall be entitled to receive dividends in accordance with an auction that will normally be held weekly and out of funds legally available to shareholders. The Fund's policy is to pass through to its shareholders substantially all Real Estate Investment Trust (REIT) distributions and other income it receives, less operating expenses. The character of REIT distributions received from portfolio securities held by the Fund is generally comprised of investment income, long-term capital gains, and return of capital. The Fund reclassifies amounts within the Statement of Operations primarily based on information provided by REITs after the Fund's fiscal year end. In those instances where such information is not available, the Fund estimates the amounts based on amounts reported by the REITs in the prior year. After all remaining REITs report the actual character of distributions paid during the year, the Fund adjusts estimates previously recorded to actual. For the prior fiscal year the character of distributions paid to shareholders disclosed within the Statements of Changes in Net Assets is based on these reclassifications.

Pursuant to its Managed Distribution Policy, the Fund intends to make regular monthly distributions to shareholders at a fixed rate per common share, which rate may be adjusted from time to time by the Fund's Board of Directors. Under the Fund's Managed Distribution Policy, if, for any monthly distribution,

Notes to Financial Statements (unaudited) (continued)

net investment income and net realized capital gain is less than the amount of the distribution, the difference will be distributed from the Fund's assets (and constitute a return of capital). The Board of Directors may terminate the Managed Distribution Policy at any time, including when certain events would make part of the return of capital taxable to shareholders. Any such termination could have an adverse effect on the market price of the Fund's shares.

(i) Federal and Other Taxes. It is the Fund's policy to comply with the federal income and excise tax requirements of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, the Fund intends to distribute substantially all of its taxable income and net realized gains on investments, if any, to shareholders each year. Therefore, no federal income tax provision is required in the Fund's financial statements. Under the applicable foreign tax laws, a withholding tax may be imposed on interest, dividends and capital gains at various rates.

(j) Reclassification. GAAP requires that certain components of net assets be adjusted to reflect permanent differences between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share.

2. Management Agreement and Other Transactions with Affiliates

Citi Fund Management Inc. (CFM), an indirect wholly-owned subsidiary of Citigroup Inc. (Citigroup), acts as investment manager to the Fund. The Fund pays CFM a management fee calculated at the annual rate of 0.90% of the Fund's average daily Managed Assets (which includes assets attributable to TARPS). This fee is calculated daily and paid monthly.

In addition, CFM has contractually agreed to waive a portion of its management fee in the amount of 0.32% of the Fund's Managed Assets through July 31, 2007, 0.20% of Managed Assets for the 12-month period ending July 31, 2008, and 0.10% of Managed Assets for the 12-month period ending July 31, 2009. The waiver will be eliminated on August 1, 2009. For the six months ended June 30, 2005, CFM voluntarily waived a portion of its management fee amounting to \$457,642.

CFM has entered into a sub-investment advisory agreement with AEW Management and Advisors, L.P. (AEW). AEW is primarily responsible for overseeing the day-to-day investment operations of the Fund. CFM pays AEW a fee at an annual rate equal to: (a) for the first 5 years of the Fund's operation, 0.40% of the first \$100 million of the Fund's Managed Assets (which includes assets attributable to TARPS), 0.35% of the next \$100 million of the Fund's Managed Assets and 0.30% of the Fund's Managed Assets in excess of \$200 million; and (b) starting 5 years after the commencement of the Fund's operations, 50% of the management fee paid by the Fund to CFM, net of any waivers.

Notes to Financial Statements (unaudited) (continued)

During the six months ended June 30, 2005, Citigroup Global Markets Inc., another indirect wholly-owned subsidiary of Citigroup, and its affiliates received brokerage commissions in the amount of \$1,060 from the Fund.

All officers but one and one Director of the Fund are employees of Citigroup or its affiliates and do not receive compensation from the Fund.

3. Investments

During the six months ended June 30, 2005, the aggregate cost of purchases and proceeds from sales of investments (excluding short-term investments) were as follows:

Purchases	\$ 15,500,405
Sales	12,533,924

At June 30, 2005, the aggregate gross unrealized appreciation and depreciation of investments for federal income tax purposes were substantially as follows:

Gross unrealized appreciation	\$ 81,669,290
Gross unrealized depreciation	(88,893)
Net unrealized appreciation	\$ 81,580,397

At June 30, 2005, the Fund was invested in the following interest rate swap contracts with the intent to reduce or eliminate the risk that an increase in short-term interest rates could have an adverse effect on the Fund's net earnings as a result of leverage.

Swap Counterparty:	Merrill Lynch Capital Services, Inc.

Payments Made by Fund:	Fixed Rate, 4.1170%
Payments Received by Fund:	Floating Rate (One-Month LIBOR)
Termination Date:	11/25/09
Unrealized Depreciation as of June 30, 2005:	<u>\$(113,122)</u>

At June 30, 2005, the Fund had total net unrealized appreciation of \$52,452 from swap contracts.

4. Taxable Auction Rate Cumulative Preferred Stock

As of June 30, 2005, the Fund had 2,600 outstanding shares of TARPS. The TARPS dividends are cumulative at a rate determined at an auction and the dividend period is typically seven days. The dividend rates ranged from 2.30% to 3.31% for the six months ended June 30, 2005. At June 30, 2005, the dividend rate was 3.28%.

The Fund is required to maintain certain asset coverages with respect to the TARPS. If the Fund fails to maintain these coverages and does not cure any such failure within the required time period, the Fund is required to redeem a requisite number of the TARPS at a redemption price equal to \$25,000 per share plus accumulated and unpaid dividends in order to meet the applicable requirement. The TARPS have a liquidation preference of \$25,000 per share plus accumulated and unpaid dividends. Additionally, failure to meet the foregoing asset coverage requirements would restrict the Fund's ability to pay dividends to common shareholders.

CGM currently acts as the broker/dealer in connection with the auction of TARPS. After each auction, the auction agent will pay to the participating broker/dealer, from monies the Fund provides, a participation fee at the annual rate of 0.25% of the purchase price of the TARPS that the broker/dealer places at the auction. For the six months ended June 30, 2005, the Fund incurred auction participation fees of \$80,673 for CGM's services as a participating broker/dealer.

5. Additional Information

On May 31, 2005, the U.S. Securities and Exchange Commission (SEC) issued an order in connection with the settlement of an administrative proceeding against Smith Barney Fund Management LLC (SBFM) and Citigroup Global Markets Inc. (CGMI) relating to the appointment of an affiliated transfer agent for the Smith Barney family of mutual funds (the Funds).

Notes to Financial Statements (unaudited) (continued)

The SEC order finds that SBFM and CGMI willfully violated Section 206(1) of the Investment Advisers Act of 1940 (Advisers Act). Specifically, the order finds that SBFM and CGMI knowingly or recklessly failed to disclose to the boards of the Funds in 1999 when proposing a new transfer agent arrangement with an affiliated transfer agent that: First Data Investors Services Group (First Data), the Funds then-existing transfer agent, had offered to continue as transfer agent and do the same work for substantially less money than before; and that Citigroup Asset Management (CAM), the Citigroup business unit that includes the fund s investment manager and other investment advisory companies, had entered into a side letter with First Data under which CAM agreed to recommend the appointment of First Data as sub-transfer agent to the affiliated transfer agent in exchange, among other things, for a guarantee by First Data of specified amounts of asset management and investment banking fees to CAM and CGMI. The order also finds that SBFM and CGMI willfully violated Section 206(2) of the Advisers Act by virtue of the omissions discussed above and other misrepresentations and omissions in the materials provided to the Funds boards, including the failure to make clear that the affiliated transfer agent would earn a high profit for performing limited functions while First Data continued to perform almost all of the transfer agent functions, and the suggestion that the proposed arrangement was in the Funds best interests and that no viable alternatives existed. SBFM and CGMI do not admit or deny any wrongdoing or liability. The settlement does not establish wrongdoing or liability for purposes of any other proceeding.

The SEC censured SBFM and CGMI and ordered them to cease and desist from violations of Sections 206(1) and 206(2) of the Advisers Act. The order requires Citigroup to pay \$208.1 million, including \$109 million in disgorgement of profits, \$19.1 million in interest, and a civil money penalty of \$80 million. Approximately \$24.4 million has already been paid to the Funds, primarily through fee waivers. The remaining \$183.7 million, including the penalty, has been paid to the U.S. Treasury and will be distributed pursuant to a plan to be prepared by Citigroup and submitted within 90 days of the entry of the order for approval by the SEC. The order also requires that transfer agency fees received from the Funds since December 1, 2004 less certain expenses be placed in escrow and provides that a portion of such fees may be subsequently distributed in accordance with the terms of the order.

The order requires SBFM to recommend a new transfer agent contract to the Fund boards within 180 days of the entry of the order; if a Citigroup affiliate submits a proposal to serve as transfer agent or sub-transfer agent, an independent monitor must be engaged at the expense of SBFM and CGMI to oversee a competitive bidding process. Under the order, Citigroup also must comply with an amended version of a vendor policy that Citigroup instituted in August 2004.

Notes to Financial Statements (unaudited) (continued)

That policy, as amended, among other things, requires that when requested by a Fund board, CAM will retain at its own expense an independent consulting expert to advise and assist the board on the selection of certain service providers affiliated with Citigroup.

At this time, there is no certainty as to how the proceeds of the settlement will be distributed, to whom such distributions will be made, the methodology by which such distributions will be allocated, and when such distributions will be made. Although there can be no assurance, Citigroup does not believe that this matter will have a material adverse effect on the Funds.

6. Other Matters

On June 24, 2005, Citigroup announced that it has signed a definitive agreement under which Citigroup will sell substantially all of its worldwide asset management business to Legg Mason, Inc. (*Legg Mason*).

As part of this transaction, Citi Fund Management Inc. (*CFM*) (the *Manager*), currently an affiliate of Citigroup, would become an indirect wholly owned subsidiary of Legg Mason. The Manager is the investment manager to the Fund.

The transaction is subject to certain regulatory approvals, as well as other customary conditions to closing. Subject to such approvals and the satisfaction of the other conditions, Citigroup expects the transaction to be completed later this year.

Under the 1940 Act, consummation of the transaction will result in the automatic termination of the investment management contract between the Fund and the Manager. Therefore, the Fund's Board of Directors will be asked to approve a new investment management contract between the Fund and the Manager. If approved by the Board, the new investment management contract will be presented to the shareholders of the Fund for their approval.

Subsequently, on August 1, 2005, the Board approved the new investment management contract between the Fund and the Manager.

7. Subsequent Event

On July 18, 2005, the Fund issued 1,200 additional Taxable Auction Rate Cumulative Preferred Shares (*Shares*). The net proceeds of the sale of the Shares, before expenses was \$29,700,000, reflecting the public offering price of \$25,000 per share, less the payment of a 1% underwriting fee by the Fund.

The dividend rate on the Preferred Shares for the period from and including the date of the issue to but excluding July 26, 2005 was 3.15% per year. For each subsequent period, the dividend rate will be determined at an auction that will

Notes to Financial Statements (unaudited) (continued)

usually be held weekly. The Fund will pay annual expenses in an amount equal to 0.25% of the purchase price of the Shares in connection with the auction process.

Also, the Fund invested in the following additional interest rate swap.

SWAP Counterparty:	Merrill Lynch Capital Services, Inc.
Effective Date:	July 22, 2005
Notional Amount:	\$30,000,000
Payments Made by Fund:	Fixed Rate, 4.44%
Payments Received by Fund:	Floating Rate (One Month LIBOR)

Dividend Reinvestment Plan (unaudited)

Under the Fund's Dividend Reinvestment Plan (Plan), a shareholder whose shares of Common Stock are registered in his own name will have all distributions from the Fund reinvested automatically by American Stock Transfer & Trust Company (AST), as agent under the Plan, unless the shareholder elects to receive cash. Distributions with respect to shares registered in the name of a broker-dealer or other nominee (that is, in street name) will be reinvested by the broker or nominee in additional shares under the Plan, unless the service is not provided by the broker or nominee or the shareholder elects to receive distributions in cash. Investors who own Common Stock registered in street name should consult their broker-dealers for details regarding reinvestment. All distributions to Fund shareholders who do not participate in the Plan will be paid by check mailed directly to the record holder by or under the direction of AST as dividend-paying agent.

If the Fund declares a dividend or capital gains distribution payable either in Common Shares or in cash, shareholders who are not Plan participants will receive cash, and Plan participants will receive the equivalent amount in Common Shares. When the market price of the Common Shares is equal to or exceeds 98% of the net asset value per share of the Common Shares on the Determination Date (as defined below), Plan participants will be issued Common Shares valued at a price equal to the greater of (a) 98% of the net asset value per share at the close of trading on the Determination Date or (b) 95% of the market price per share of the common stock on the Determination Date. The Determination Date is the dividend or capital gains distribution record date or, if that date is not a New York Stock Exchange (NYSE) trading day, the immediately preceding trading day.

If 98% of the net asset value per share of the Common Shares exceeds the market price of the Common Shares on determination date, the Plan Agent will receive the dividend or distribution in cash and will buy Common Shares in the open market, on the Exchange or elsewhere, for your account as soon as practicable commencing on the trading day following the determination date and terminating no later than the earlier of (a) 30 days after the dividend or distribution payment date, or (b) the record date for the next succeeding dividend or distribution to be made to the Common Shareholders, except when necessary to comply with applicable provisions of the federal securities laws. If during this period: (i) the market price rises so that it equals or exceeds 98% of the net asset value per share of the Common Shares at the close of trading on the Exchange on the Determination date before the Plan Agent has completed the open market purchases or (ii) if the Plan Agent is unable to invest the full amount eligible to be reinvested in open market purchases, the Plan agent will cease purchasing Common Shares in the open market and the Fund shall issue the remaining Common Shares at a price per share equal to the greater of (a) 98% of the net asset value per share at the close of trading on the Exchange on the Determination date or (b) 95% of the then current market price per share. You may withdraw from the Plan by notifying the Plan Agent in writing at P.O. Box 922, Wall Street Station, New York, New York 10269-0560, by logging

Dividend Reinvestment Plan (unaudited) (continued)

onto your account and following the directions at www.Investpower.com or by calling the Plan Agent at 1-877-366-6441. Such withdrawal will be effective immediately if notice is received by the Plan Agent not less than ten business days prior to any dividend or distribution record date; otherwise such withdrawal will be effective as soon as practicable after the Plan Agent's investment of the most recently declared dividend or distribution on the Common Shares.

AST will maintain all shareholder accounts in the Plan and will furnish written confirmations of all transactions in each account, including information needed by a shareholder for personal and tax records. The automatic reinvestment of dividends and capital gains distributions will not relieve Plan participants of any income tax that may be payable on the dividends or capital gains distributions. Common Shares in the account of each Plan participant will be held by AST on behalf of the Plan participant, and each shareholder's proxy will include those shares purchased pursuant to the Plan.

Plan participants are subject to no charge for reinvesting dividends and capital gains distributions. AST's fees for handling the reinvestment of dividends and capital gains distributions will be paid by the Fund. No brokerage charges apply with respect to Common Shares issued directly by the Fund as a result of dividends or capital gains distributions payable either in Common Shares or in cash. Each Plan participant will, however, bear a proportionate share of brokerage commissions incurred with respect to open market purchases made in connection with the reinvestment of dividends or capital gains distributions.

Experience under the Plan may indicate that changes to it are desirable. The Fund reserves the right to amend or terminate the Plan as applied to any dividend or capital gains distribution paid subsequent to written notice of the change sent to participants at least 30 days before the record date for the dividend or capital gains distribution. The Plan also may be amended or terminated by AST, with the Fund's prior written consent, on at least 30 days' written notice to Plan participants. Upon any termination, you will be sent a certificate or certificates for the full Common Shares held for you under the Plan and cash for any fractional Common Shares. You may elect to notify the Plan Agent in advance of such termination to have the Plan Agent sell part or all of your shares on your behalf. The Plan Agent is authorized to deduct brokerage commissions actually incurred for this transaction from the proceeds. All correspondence concerning the Plan should be directed by mail to American Stock Transfer & Trust Company, 59 Maiden Lane, New York, New York 10038, by logging onto your account and following the directions at www.Investpower.com or by telephone at 1-877-366-6441.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that from time to time the Fund may purchase shares of its common stock in the open market.
