Yes No

Edgar Filing: North Horizon, Inc. - Form 10-Q

Indicate by check mark whether the registrant is a large accelerated filer, a non-accelerated filer, or a smaller reporting company.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

(Do not check if a smaller reporting company.)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of June 30, 2009, Registrant had 13,251,250 shares of common stock, par value of \$.001 per share, issued and outstanding.

PART I

ITEM I - FINANCIAL STATEMENTS

The condensed financial statements included herein have been prepared by North Horizon, Inc. (the "Company", "Registrant", Awe@, Aus@, or Aour@), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although we believe that the disclosures are adequate to make the information presented not misleading.

In our opinion, all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the financial position of the Company as of June 30, 2009, and the results of our operations from January 1, 2009, through June 30, 2009, and for the three month period from April 1, 2009, to June 30, 2009. The results of our operations for such interim periods are not necessarily indicative of the results to be expected for the entire year.

NORTH HORIZON, INC.

(A Development Stage Company)
Notes to Consolidated Financial Statements
June 30, 2009 and December 31, 2008

NOTE 1 - CONDENSED FINANCIAL STATEMENTS

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at June 30, 2009, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2008 audited financial statements. The results of operations for the periods ended June 30, 2009 and 2008 are not necessarily indicative of the operating results for the full years.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 – SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NORTH HORIZON, INC.

(A Development Stage Company)
Notes to Consolidated Financial Statements
June 30, 2009 and December 31, 2008

NOTE 3 – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In May 2009, the FASB issued FAS 165, “Subsequent Events”. This pronouncement establishes standards for accounting for and disclosing subsequent events (events which occur after the balance sheet date but before financial statements are issued or are available to be issued). FAS 165 requires an entity to disclose the date subsequent events were evaluated and whether that evaluation took place on the date financial statements were issued or were available to be issued. It is effective for interim and annual periods ending after June 15, 2009. The adoption of FAS 165 did not have a material impact on the Company’s financial condition or results of operation.

In June 2009, the FASB issued FAS 166, “Accounting for Transfers of Financial Assets” an amendment of FAS 140. FAS 140 is intended to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial statements about a transfer of financial assets: the effects of a transfer on its financial position, financial performance, and cash flows; and a transferor’s continuing involvement, if any, in transferred financial assets. This statement must be applied as of the beginning of each reporting entity’s first annual reporting period that begins after November 15, 2009. The Company does not expect the adoption of FAS 166 to have an impact on the Company’s results of operations, financial condition or cash flows.

In June 2009, the FASB issued FAS 167, “Amendments to FASB Interpretation No. 46(R)”. FAS 167 is intended to (1) address the effects on certain provisions of FASB Interpretation No. 46 (revised December 2003), Consolidation of Variable Interest Entities, as a result of the elimination of the qualifying special-purpose entity concept in FAS 166, and (2) constituent concerns about the application of certain key provisions of Interpretation 46(R), including those in which the accounting and disclosures under the Interpretation do not always provided timely and useful information about an enterprise’s involvement in a variable interest entity. This statement must be applied as of the beginning of each reporting entity’s first annual reporting period that begins after November 15, 2009. The Company does not expect the adoption of FAS 167 to have an impact on the Company’s results of operations, financial condition or cash flows.

In June 2009, the FASB issued FAS 168, “The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles”. FAS 168 will become the source of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. On the effective date of this Statement, the Codification will supersede all then-existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the Codification will become nonauthoritative. This statement is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Company does not expect the adoption of FAS 168 to have an impact on the Company’s results of operations, financial condition or cash flows.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following information should be read with the financial statements and notes thereto appearing in this Form 10-Q.

Plan of Operations.

We have not engaged in any material operations during the period ended June 30, 2009. Over the past several years we have not engaged in any material operations other than matters pertaining to our corporate existence. We intend to continue to seek the acquisition of assets, property, or business that may be beneficial to us and our shareholders. We are considered to be a development stage company and we have no assets.

Our only foreseeable cash requirements during the next twelve month period will relate to maintaining our status as a corporate entity, complying with the periodic reporting requirements of the U.S. Securities and Exchange Commission, and evaluating and reviewing possible business ventures and opportunities. We do not anticipate raising additional capital in the next twelve months. If additional funds are required, it is anticipated that management will advance such funds as loans to us or we will issue shares for the funds advanced. Any loan will not be on terms less favorable than we could obtain from a commercial lender. We will not engage in any product development or research. We have no expectation of the purchase of any plant or significant equipment nor the hiring of any employees.

Results of Operations.

For the quarter and six month period ended June 30, 2009, we had limited operations. During the quarter ended June 30, 2009, we had no revenues and incurred expenses of \$1,765 with a net loss of \$(1,765) compared to no revenues and expenses of \$4,375 and a net loss of \$(4,375) for the same period a year earlier. During the six month period ended June 30, 2008, we had no revenues and incurred expenses of \$6,348 with a net loss of \$(6,348) compared to no revenues and expenses of \$13,059 with a net loss of \$(13,059) for the same period a year earlier. Expenses decreased because in the prior periods we incurred financial burdens in becoming a reporting company and having our shares traded on the OTCEBB.

Off-balance sheet arrangements.

We have no off-balance sheet arrangements.

Forward looking statements.

This Report makes certain forward-looking statements. Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934 refer to the term forward looking statements. Such statements may refer to such matters as anticipated financial performance, future revenues or earnings, business prospects, projected ventures, new products and services, anticipated market performance, and similar matters.

Such words as Amay, Awill, Aexpect, Acontinue, Aestimate, Aproject, and Aintend and similar terms and expressions are intended to identify forward-looking statements. These terms may relate to events, conditions, and financial trends that may affect our future plans of operations, business strategy, operating results, and financial position. We advise readers that actual results may differ substantially from such forward-looking statements. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those expressed in or implied by the statements, including but not limited to, the following: our ability to find a suitable business venture that will benefit us, our ability to investigate a potential business venture, and our ability to determine all information about a business venture.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS.

This item is not applicable to smaller reporting companies.

ITEM 4(T). CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures.

As of the end of the period covered by this quarterly report, management with the participation of our chief executive officer and principal accounting officer, did an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in the Exchange Act and Rules 13a-15(e) and 15d-15(e).

Disclosure control procedures are designed to ensure that such information is accumulated and communicated to management, including our chief executive officer and principal accounting officer, to allow decisions regarding required disclosure to be made in a timely manner.

At the end of the period covered by this quarterly report, we conducted an evaluation under the supervision and direct participation of our management, including our chief executive officer and principal accounting officer, of the effectiveness of the design and operation of our disclosure controls and procedures. In designing and evaluating disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. In evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment. Based on the evaluation described above, our management, including our principal executive officer and principal accounting officer, has concluded that, as of June 30, 2008, our disclosure controls and procedures were effective.

Changes in Internal Controls over Financial Reporting.

We had no significant changes in our internal controls during the period ended June 30, 2009. Management concluded that there has been no change in our internal control over financial reporting during the period ended June 30, 2009, that has materially affected or is reasonably likely to affect our internal control over financial reporting.

Part II.

Item 1. Legal Proceedings.

None.

Item 1A. Risk Factors.

This item is not applicable to smaller reporting companies.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

This item is not applicable.

Item 3. Defaults upon Senior Securities.

This item is not applicable.

Item 4. Submission of Matters to a Vote of Security Holders.

This item is not applicable.

Item 5. Other Information.

This item is not applicable.

Item 6. Exhibits.
