EXPLANATION OF CHANGES

For the year ended December 31, 2003, the registrant had revenues of \$2,996,344 and net loss of \$4,258,007. For the year ended December 31, 2004, the registrant currently estimates that it had revenues of approximately \$2,490,000 and a net loss of approximately \$2,970,000. Results for the 2004 fiscal year

Edgar Filing: STRONGHOLD TECHNOLOGIES INC - Form NT 10-K

remain subject to further adjustment and actual results may differ significantly from the foregoing estimates.

The main reasons for this decrease in revenue can be attributed to:

- o the steps we made to address our limited funding that included reductions of our sales, marketing and client consultant staffs,
- o a strategic decision to allocate resources to establish our first sales efforts through third party distributors; and
- o a loss of momentum in the late part of the second quarter and the early part of the third quarter resulting from concerns regarding closure of our pending funding that was needed to maintain operations.

The decrease in net loss can be attributed to a significant reduction in staffing in addition to reduced sales, general and administrative expenses.

The largest portion of the reduction in expense is primarily attributable to efficiencies gained through the reduction of staff from 41 in December 31, 2003 to 21 in the year ended December 31, 2004. Other significant expense reductions within selling, general and administrative expenses included legal, printing and reproduction, travel, marketing, recruiting and consultants.
