Item 8.01

On February 22, 2006, Gran Tierra Energy Inc. (the "Company") filed a Current Report on Form 8-K disclosing that the Company had made an offer to acquire participation interests in a total of eight properties in Argentina from Compañía General de Combustibles S.A. ("CGC"). On October 24, 2006, the Company filed a Current Report on Form 8-K disclosing that the Company had received court approval in Argentina to acquire the properties from CGC.

On November 2, 2006, the Company closed on the purchase of interests in four of those properties for a total purchase price of \$2.1 million. The assets purchased include a 93.18% participation interest in the Valle Morado Block, a 100% interest in the Santa Victoria Block and the remaining 50% interests in the Nacatimbay and Ipaguazu Blocks (in which the Company currently holds 50% interests). These properties add to the Company's current land base and exploration/development portfolio in the Noroeste Basin in northern Argentina.

The Company was obligated to purchase the above interests in the properties described above upon receiving evidence of court approval. The Company is considering its options to acquire the interests in the remaining four properties, which interests remain subject to rights of first refusal among joint venture partners and other third party consents.
