Independent Auditors' Report

To the board of directors and shareholders of James R. Knowles (Holdings) PLC

We have audited the accompanying consolidated balance sheet of James R. Knowles (Holdings) PLC (the "Company"), as of July 31, 2006 and the related consolidated notes, statement of total recognised gains and losses profit and loss account and cash flows for the year ended July 31, 2006. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assesing the accounting principles used and significant estimates made by our management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of James R. Knowles (Holdings) PLC and subsidiaries as of July 31, 2006 and the consolidated results of their operations and cash flows for the year ended July 31, 2006 in conformity with accounting principles generally accepted in the United Kingdom.

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Group's financial statements except as noted below.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules.

Going Concern

The Directors consider that the losses sustained during the year are one off in nature. Current trading has improved and profits are forecasted going forward. Opportunities for growth exist as a consequence of the aquisition by Hill which have strengthened the position. The Knowles Group is also under receipt of full financial support from the new parent company. For these reasons the Directors consider the going concern basis is appropriate for preparing the financial statements.

Basis of consolidation

The Directors consider that the losses sustained during the year are one off in nature. Current trading has improved and profits are forecasted going forward. Opportunities for growth exist as a consequence of the aquisition by Hill which have strengthened the position. The Knowles Group is also under receipt of full financial support from the new parent company. For these reasons the directors consider the going concern basis for producing the financial statements is appropriate.

The Group accounts include the accounts of the Company and all its subsidiary undertakings made up to 31 July 2006. Unless otherwise stated, the acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of in the year are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal.

Goodwill

Purchased goodwill (both positive and negative) arising on consolidation in respect of acquisitions before 1 August 1998, when FRS 10: *Goodwill and intangible assets* was adopted, was written off to reserves in the year of acquisition. When a subsequent disposal occurs, any related goodwill previously written off to reserves is written back through the profit and loss account as part of the profit or loss on disposal.

Purchased goodwill (representing the excess of the fair value of the consideration and associated costs given over the fair value of the separable net assets acquired) arising on consolidation in respect of acquisitions since 1 August 1998 is capitalised. Positive goodwill is amortised to nil by equal annual instalments over its estimated useful life which is 20 years.

On the subsequent disposal of a business acquired since 1 January 1998, the profit or loss on disposal is calculated after charging/(crediting) the unamortised amount of any related goodwill.

Investments

Investments are stated at cost less any impairment in value.

Tangible fixed assets and depreciation

Depreciation is provided by the Group to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Leasehold		Life of
buildings	-	lease
		10% -
Office		33% per
equipment	-	annum
		20% -
Computer		33% per
equipment	-	annum
		25%
Motor		reducing
vehicles	-	balance
Technical		20% per
publications	-	annum

No depreciation is provided on freehold land.

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

The assets and liabilities of overseas subsidiary undertakings are translated at the closing exchange rates. Profit and loss accounts of such undertakings are consolidated at the average rates of exchange during the year. Gains and losses arising on these translations are taken to reserves, net of exchange differences arising on related foreign currency borrowings.

Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Turnover

Turnover represents the amounts (excluding value added tax) recorded as turnover in respect of amounts recoverable on contracts and the amounts earned to date on other work to the extent that the Group has obtained the right to consideration.

Taxation

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS19: *Deferred taxation*.

Cash

Cash, for the purpose of the cash flow statement, comprises cash in hand and deposits repayable on demand, less overdrafts payable on demand.

3 Loss on ordinary activities before taxation (continued)

On 23 December 2005 the Group disposed of its 90% shareholding in Knowles Loss Adjusters Limited . The profit on disposal of this subsidiary has been calculated as follows:

Disposal proceeds	850
Expenses of disposal	(156)
Net proceeds	694
Net assets of subsidiary at disposal	(666)
Minority interest on disposal	67
Profit on disposal	95

The net inflow of cash in respect of the sale of Knowles Loss Adjusters Limited is as follows:-

Cash consideration	850
Cash transferred on disposal	(19)
Associated costs of sale	(156)
Net inflow of cash	675

There is no tax effect from the profit on disposal of operations due to the substantial shareholding exemption.

The net profit of Knowles Loss Adjusters Limited from 1 August 2005 to the date of disposal was £57,000.

On 31 October 2005 the Group decided to close its Paris branch of James R. Knowles (Europe) Limited. The related closure costs were £197,000.

Tax on profit on ordinary activities		388

(b) Factors affecting the tax charge for the current period

The effective rate of tax of 11% is lower than the standard UK rate of corporation tax of 30% principally due to the net effects of UK tax losses, unrelieved overseas tax losses and differences in foreign tax rates.

The differences are explained below.

	2006 £ 000
Loss on ordinary activities before tax	(3,607)
Loss on ordinary activities multiplied by the standard rate of	
corporation tax in the UK of 30%	(1,082)
Effects of:	
Expenses not deductible for tax purposes	363
Depreciation for period in excess of capital allowances	25
Unrelieved UK tax losses	718
Unrelieved overseas tax losses	273
Utilisation of tax losses brought forward	(66)
Other tax rates on overseas earnings	17
Adjustment to tax charge in respect of prior periods	347
Other tax adjustments	(22)

On the 3rd July 2006, the Group acquired Knowles Lawyers Limited giving rise to goodwill of £721,000. Following an impairment review the carrying value of this goodwill was considered by the directors to be nil and the whole amount has been written off to the Profit & Loss account during the year.

The decision to acquire Knowles Lawyers Limited was taken in December 2005 by the Board, in the presence of its nominated advisors and solilcitors. The transaction was not however completed until 3rd July 2006 as the Company was regulated by The Law Society. The deregulation and related client matters were subsequently completed and the acquisition finalised. On 21 July 2006, Hill SA (a wholly owned subsidiary of Hill International Inc) were announced to The London Stock Exchange as the preferred bidders for the sale of the Group. Following this announcement it was made very clear to the Board of Directors that on completion of the sale, the Group would divest of this subsidiary as it did not fit with the core services of the new Group. As a direct consequence of this decision, the goodwill arising on the acquisition of Knowles Lawyers Limited has been fully impaired at the year end.
